1. Using the statement or legend, "Made in Mineral Wells, Texas", or any statement or legend of similar import or meaning, on its leaflets, billheads, sales invoices, display cards, or other advertising material, in connection with the sale or the offering for sale of any mineral crystals not produced exclusively from mineral water obtained in its natural state from the earth within the City of Mineral Wells, Texas, or from the vicinity thereof;

2. Using the statement or legend, "Made from Texas Mineral Water", or any other statement or legend of similar import or meaning, on its leaflets, billheads, sales invoices, display cards, or other advertising material in connection with the sale or the offering for sale of any mineral crystals not produced exclusively from mineral water obtained in its natural state from the earth within the State of Texas;

3. Using the words "Mineral Wells", or any simulation thereof, in its corporate or trade name, or in any manner to designate, describe, or refer to its business in connection with the sale or the offering for sale of any mineral crystals not produced exclusively from mineral water obtained in its natural state from the earth within the City of Mineral Wells, Texas, or from the vicinity thereof;

4. Using the word "Certified", or any other word or words of similar import or meaning, on its advertising material, or otherwise, to represent or to imply that respondent's product has been endorsed or attested as to quality or fitness by some governmental, scientific, or other recognized agency empowered and qualified to certify to such facts, when such an endorsement or attestation has not been obtained.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 270—GENERAL RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940

AMENDMENT TO RULE DEFINING TERM "TOTAL ASSETS" FOR PURPOSES OF SECTIONS 5 AND 12 OF THE ACT

Acting pursuant to the Investment Company Act of 1940, particularly sections 2 (a) (39) and 38 (a) thereof, the Securities and Exchange Commission hereby amends § 270.5b-1 [Rule N-5B-1] to read as follows:

§ 270.5b-1 *Definition of "total assets."* The term "total assets," when used in computing values for the purposes of Sections 5 and 12 of the Act [Sec. 5, 54 Stat. 800; 15 U.S.C. 80a-5: Sec. 12, 54 Stat. 808; 15 U.S.C. 80a-12], shall mean the gross assets of the company with respect to which the computation is made, taken as of the end of the fiscal quarter of the company last preceding the date of computation. This rule shall not apply to any company which has adopted either of the alternative methods of valuation permitted by § 270.2a-1 [Rule N-2A-1]. (Secs. 2, 38, 54 Stat. 790, 841; 15 U.S.C. 80a-2, 80a-38)

Effective November 21, 1941.

TITLE 18—CONSERVATION OF POWER

CHAPTER I—FEDERAL POWER COMMISSION

[Order No. 84]

PART 210—STATEMENTS AND REPORTS (SCHEDULES)

PRESCRIBING THE FILING OF POWER SYSTEM STATEMENTS FOR ELECTRIC UTILITIES, LICENSEES AND OTHERS, FPC FORM NO. 64

NOVEMBER 4, 1941.

The Commission, pursuant to Sections 4 (a), 301 (a), 304 (a), 309, and 311 of the Federal Power Act, and other provisions of said Act thereunto authorizing it, orders that;

§ 210.51 *FPC Form No. 64 (1941).* (a) The accompanying FPC Form No. 64 for Power System Statement (Class I and II systems),[1] including the instructions and schedules therein contained, be and the same hereby is approved;

(b) Each corporation, person, agency, authority, or other legal entity or instrumentality, whether public or private, which operates facilities for the generation, or transmission, or distribution of electric energy, and which is in the classification of a Class I or a Class II system (as the same are defined in the accompanying Form FPC No. 64) shall prepare and file with the Commission on or before the date indicated by said form, such statement or statements and in such form as is required by said instructions and schedules, setting forth the answers to the questions therein stated and furnishing the information therein called for. (Secs. 4 (a), 301 (a), 304 (a), 309, 311, 49 Stat. 812, 854, 855, 858, 859; 15 U.S.C., Sup., 79d (a), 16 U.S.C., Sup., 825 (a), 825c (a), 825h, 825k)

This order and the form herein prescribed shall become effective on November 18, 1941; and the Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

PRESCRIBING THE FILING OF POWER SYSTEM STATEMENTS FOR ELECTRIC UTILITIES, LICENSEES AND OTHERS, FPC FORM NO. 64-A

NOVEMBER 4, 1941.

The Commission, pursuant to sections 4 (a), 301 (a), 304 (a), 309, and 311 of the Federal Power Act, and other provisions of said Act thereunto authorizing it, *orders* that:

§ 210.52 *FPC Form No. 64-A.* (a) The accompanying FPC Form No. 64-A, Power System Statement (Class III and Class IV systems),[1] including the instructions and schedules therein contained, be and the same hereby is approved;

(b) Each corporation, person, agency, authority or other legal entity or instrumentality, whether public or private, which operates facilities for the generation or transmission, or distribution of electric energy, and which is in the classification of a Class III or Class IV system (as the same are defined in the accompanying Form FPC No. 64-A) shall prepare and file with the Commission on or before the date indicated by said form, such statement or statements and in such form as is required by said instructions and schedules, setting forth the answers to the questions therein stated and furnishing the information therein called for: *Provided*, That said form shall not be required to be prepared and filed for Classs III systems having "net energy for system" during the year less than 5,000,000 kilowatt-hours (as the same is defined in the accompanying form), or for Class IV systems having energy received plus net generation during the year less than 5,000,000 kilowatt-hours except as specifically directed. (Secs. 4 (a), 301 (a), 304 (a), 309, 311, 49 Stat. 812, 854, 855, 858, 859; 15 U.S.C., Sup. 79d (a), 16 U.S.C., Sup., 825 (a), 825c (a), 825h, 825k

This order and the form herein prescribed shall become effective on November 18, 1941; and the Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

TITLE 21—FOOD AND DRUGS

CHAPTER I—FOOD AND DRUG ADMINISTRATION

[Docket No. FDC-24]

PART 2—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

AMENDMENT TO GENERAL REGULATIONS

By virtue of the authority vested in the Federal Security Administrator by provisions of the Federal Food, Drug, and Cosmetic Act [Sec. 701 (a), 52 Stat. 1055, 21 U.S.C., Sup. V, 371 (a)], the Reorganization Act of 1939 (53 Stat. 561 ff.; 5 U.S.C., Sup. V, 133 ff.), and Reorganization Plans No. I (53 Stat. 1423, 4 F.R. 2727) and No. IV (54 Stat., 5 F.R. 2421); the following general regulations under the Federal Food, Drug, and Cosmetic Act [Sec. 403 (j), 52 Stat. 1048, 21 U.S.C. Sup. V, 343 (j)] are hereby promulgated:

§ 2.10a *General.* (a) The term "special dietary uses", as applied to food for man, means particular (as distinguished from general) uses of food, as follows:

(1) Uses for supplying particular dietary needs which exist by reason of a physical, physiological, pathological or other condition, including but not limited to the conditions of disease, convalescence, pregnancy, lactation, allergic hypersensitivity to food, underweight, and overweight;

(2) Uses for supplying particular dietary needs which exist by reason of age, including but not limited to the ages of infancy and childhood;

(3) Uses for supplementing or fortifying the ordinary or usual diet with any vitamin, mineral, or other dietary property. Any such particular use of a food is a special dietary use, regardless of whether such food also purports to be or is represented for general use.

(b) No provision of any regulation under section 403 (j) of the Act shall be construed as exempting any food from any other provision of the Act or regulations thereunder, including sections 403 (a) and (g) and, when applicable, the provisions of Chapter V. (Sec. 403 (j), 52 Stat. 1048; 21 U.S.C., Sup., 343 (j))

PART 125—LABEL STATEMENTS CONCERNING DIETARY PROPERTIES OF FOOD PURPORTING TO BE OR REPRESENTED FOR SPECIAL DIETARY USES

FINDINGS OF FACT AND REGULATIONS

By virtue of the authority vested in the Federal Security Administrator by provisions of the Federal Food, Drug, and Cosmetic Act [Sec. 403 (j), 52 Stat. 1048, 21 U.S.C., Sup. V, 343 (j); Sec. 701 (e), 52 Stat. 1055, 21 U.S.C., Sup. V, 371 (e)], the Reorganization Act of 1939 (53 Stat. 561 ff.; 5 U.S.C., Sup. V, 133 ff.), and Reorganization Plans No. I (53 Stat. 1423, 4 F.R. 2727) and No. IV (54 Stat., 5 F.R. 2421); and upon the basis of evidence of record at the above entitled hearing duly held pursuant to notice thereof issued by the Administrator on August 31, 1940 (5 F.R. 3565), the following order is hereby promulgated:

Findings of Fact

1. The value of a food for any special dietary use is determined by its dietary properties, such as the presence or absence of a substance or the quantity or altered character of a constituent.

2. Information necessary in order to inform the purchaser of the value of a food for a special dietary use includes a statement of the dietary properties upon which its value for such use is based.

3. Among other dietary properties of food, certain vitamins and minerals are known to be essential to the normal functioning of the human organism; the quantity of any vitamin or mineral required is customarily expressed in terms of the quantity required each day and is referred to as the daily requirement.

4. Deficiency in the intake of any essential vitamin, mineral, or other dietary property produces pathological conditions known as a deficiency disease, whereas, intake of a certain minimum quantity of such substance prevents the onset of such conditions.

5. The value of a food for special dietary use may depend on its suitability for the treatment of a deficiency disease.

6. The quantity of a vitamin, mineral, or other dietary property necessary to prevent a deficiency disease is usually less than the quantity necessary for the effective treatment of that disease.

7. The quantity and the duration of administration of such a property for the correction of such disease may differ under different conditions.

8. Purchasers in general are unaware of the quantities of dietary constituents or the duration of their consumption

necessary for the effective treatment of deficiency diseases.

9. Information required by the purchaser to evaluate a food for the correction of deficiency diseases includes adequate directions for use.

10. The value of a food for special dietary use may depend on its content of one or more of the vitamins A (or precursors thereof), B_1, C, D, riboflavin, nicotinic acid or nicotinic acid amide, and some other vitamins.

11. The terms "vitamin B_1" and "thiamine," the terms "vitamin C" and "ascorbic acid", and the terms "riboflavin", "vitamin B_2" and "vitamin C", are synonymous.

12. Deficiency in the intake of vitamin A produces the pathological conditions known as nutritional night blindness and as xerophthalmia.

13. Vitamin A exists as such in certain animal tissues and is produced by the animal organism from precursors of vitamin A, which include the vegetable pigments alpha carotene, beta carotene, gamma carotene, and cryptoxanthin.

14. The vitamin A activity of food is determined by biological assay; an equal weight of vitamin A and of each of its known precursors, when reacted upon by the animal organism, do not all have the same degree of activity; none of such precursors has as high a degree of activity as vitamin A.

15. It is necessary, in order fully to inform the purchaser of the value of the precursors of vitamin A for special dietary use, that their activity be measured and stated as vitamin A, but that any such precursor sold as such be designated by its common or usual name and not as vitamin A.

16. Deficiency in the intake of vitamin B_1 produces the pathological condition known as beriberi.

17. Deficency in the intake of vitamin C produces the pathological condition known as scurvy.

18. Deficiency in the intake of vitamin D produces the pathological conditions known as rickets and osteoporosis.

19. Deficiency in the intake of riboflavin produces the pathological condition known as aribofiavinosis.

20. The value of a food for special dietary use may depend on its content of one or more of the mineral elements calcium, phosphorus, iron, iodine, and possibly other mineral elements.

21. Deficiency in the intake of calcium or phosphorus produces the pathological conditions known as rickets and osteoporosis.

22. Deficiency in the intake of iron results in the pathological condition known as nutritional anemia.

23. Deficiency in the intake of iodine results in the pathological condition known as simple goiter.

24. The minimum daily requirements for such vitamins and minerals in the human diet are the quantities necessary for the prevention of such deficiency diseases.

25. The requirements of different persons for most of the essential vitamins bear a relationship to body weight which in turn bears a relationship to age groups. Thus, for nutritional purposes, with respect to these and many other dietary factors, persons are commonly classed as infants (persons under one year of age), children (persons one or more but less than 12 years of age), and adults (persons 12 or more years of age); children may be further classified as the groups less than six, and six or more years of age, when nutritional requirements bear an unusually close relationship to body weight.

26. The nutritional requirements for vitamins A, B_1, C, and riboflavin are so correlated with age, but the requirements for vitamin D and minerals are not.

27. Purchasers generally do not know the quantity of vitamins and minerals needed to supply their minimum daily requirements.

28. Information necessary for the purchaser to evaluate a food for special dietary use based on its vitamin or mineral property for which the minimum daily requirement has been established is a statement of the proportion of the minimum daily requirement for such vitamin or mineral supplied by a specified quantity of such food.

29. To be reasonably useful to the purchaser, the quantity so specified must be the quantity of the food customarily or usually consumed during a period of one day, or a quantity reasonably suitable for or practicable of consumption during a period of one day.

30. The quantity of vitamin A in a food is expressed as the biologically measured activity of vitamin A and its precursors in terms of United States Pharmacopoeia units (commonly referred to as U.S.P. units).

31. The quantity of vitamin B_1 in a food is expressed by weight in terms of the metric system or by United States Pharmacopoeia units (commonly referred to as U. S. P. units).

32. The quantity of vitamin C in a food is expressed by weight in terms of the metric system or by United States Pharmacopoeia units (commonly referred to as U. S. P. units).

33. The quantity of vitamin D in a food is expressed in terms of United States Pharmacopoeia units (commonly referred to as U. S. P. units).

34. The quantity of riboflavin in a food is expressed by weight in terms of the metric system.

35. The quantities of calcium, phosphorus, iron, and iodine in foods are commonly expressed by weight in terms of the metric system.

36. Because of variations in body weight and other factors, the minimum daily requirements of individuals for vitamins vary, even among persons in the same age groups; but in the cases of vitamins A, B_1, C, D, and riboflavin the variation within any age group is of such narrow range that a minimum daily requirement for any such vitamin can be prescribed for different age groups, and the ingestion of the quantity so prescribed will prevent any clinically significant manifestation of the deficiency disease characteristic of deficiency of such vitamin.

37. The minimum daily requirement for vitamin A is as follows:

For infants, 1,500 U. S. P. units.

For children more than 1 but less than 12 years of age, 3,000 U. S. P. units.

For any person 12 or more years of age, 4,000 U. S. P. units.

38. The minimum daily requirement for vitamin B_1 is as follows:

For infants, 0.25 mg. (83 U. S. P. units).

For children more than 1 but less than 6 years, 0.5 mg. (167 U. S. P. units).

For children 6 or more but less than 12 years old, 0.75 mg. (250 U. S. P. units).

For a person 12 or more years old, 1 mg. (333 U. S. P. units).

39. The minimum daily requirement for vitamin C is as follows:

For infants, 10 mg. (200 U. S. P. units).

For children more than 1 but less than 12 years old, 20 mg. (400 U. S. P. units).

For a person 12 or more years old, 30 mg. (600 U. S. P. units).

40. The minimum daily requirement for vitamin D is 400 units for any person, irrespective of age, except as hereinafter noted in respect of vitamin D contained in cows' milk and evaporated milk.

41. The minimum daily requirement for riboflavin is as follows:

For an infant, 0.5 mg.

For a person 12 or more years old, 2.0 mg.

42. The minimum daily requirement for riboflavin for children one year or more but less than 12 years of age has not been established.

43. A given quantity of vitamin D consumed in cows' milk or evaporated milk is more efficacious in the prevention of rickets than the same quantity of vitamin D consumed in other carriers, but the minimum daily requirement of vitamin D when consumed in cows' milk or evaporated milk has not been established.

44. Cows' milk containing 135 units of vitamin D per quart, and evaporated milk containing 7.5 U. S. P. units of vitamin D per avoirdupois ounce, usually will prevent clinical rickets when fed to normal infants in customary quantities.

45. Cows' milk and evaporated milk with increased vitamin D content are customarily marketed at two levels of vitamin D content, 400 U. S. P. units and 135 U. S. P. units per quart in the case of milk, and 22.2 U. S. P. units and 7.5 U. S. P. units per avoirdupois ounce in the case of evaporated milk.

46. In the absence of established fact as to the minimum daily requirement for vitamin D carried in cows' milk and evaporated milk, information essential to the purchaser concerning the value of such milk and evaporated milk for special dietary use based on its vitamin D content includes at least a statement of the number of U. S. P. units of vitamin D in a specified quantity of such milk or evaporated milk.

47. The prevalence of rickets among infants and children is such that information essential to purchasers concerning the value of cows' milk for special dietary use based on a vitamin D content increased to less than 135 U. S. P. units per quart, includes at least the statement that additional vitamin D should be supplied from other sources.

48. Because of variations in body weight, in the quantity of food ingested, and in other factors, it is impracticable to establish minimum daily requirements applicable to the needs of infants generally for calcium, phosphorus, iron, and iodine.

49. Because of variations in the body weight and other factors, individuals other than infants have varying minimum daily requirements for minerals. In the cases of calcium, phosphorus, iron, and iodine, the variation is of such narrow range that a minimum daily requirement for any such mineral can be prescribed, and the ingestion of the quantity so prescribed will prevent any clinically significant manifestation of the deficiency disease characteristic of a deficiency of such mineral, except as specified in Finding 50 with respect to pregnant and lactating women.

50. During pregnancy and lactation the requirements of women for calcium, phosphorus, and iron are increased.

51. The minimum daily requirement for calcium and for phosphorus is 750 milligrams for any person more than one year of age, except any pregnant or lactating woman for whom 1.5 grams is the minimum daily requirement.

52. The minimum daily requirement for iron is 7.5 milligrams for a child more than one but less than six years of age, 10 milligrams for a person six or more years of age, except any pregnant or lactating woman for whom 15 milligrams is the minimum daily requirement.

53. The minimum daily requirement for iodine is 0.1 milligram for any person more than one year of age.

54. In order fully to inform purchasers of the value of a food purporting to be or represented for special dietary use by pregnant or lactating women based in whole or in part on its mineral property in respect of calcium, phosphorus, or iron, a statement of the proportion of the minimum daily requirement furnished thereby must include the proportion for such women.

55. Simple goiter is endemic to certain geographical areas in the United States, because of the inadequacy of the iodine content of the water and other foods in those areas.

56. Federal and state public health authorities seek to encourage and increase the consumption of iodine in those areas.

57. As a means of supplying adequate quantities of iodine to the diet in those areas, such authorities have induced the manufacturers of salt, inasmuch as salt is common to all adequate diets, to produce iodized salt by the addition to salt of 0.023 percent by weight of potassium iodide, equivalent to 0.0176 percent iodine.

58. The distribution of iodized salt has resulted in a great decrease in the incidence of simple goiter in those areas.

59. Under the program so agreed upon between health authorities and salt manufacturers, the quantity of iodine in the usual daily intake of iodized salt is approximately 10 times the minimum daily requirement for iodine of persons other than infants.

60. The statement on the label of iodized salt that the usual daily intake thereof contains 10 times the minimum daily requirement for iodine would be reasonably calculated to result in a decrease in the consumption of iodized salt, even in those areas where goiter is endemic, and thus cause an increase in the incidence of simple goiter.

61. It is the established practice of manufacturers of iodized salt to declare on the label the percent by weight of potassium iodide in the iodized salt.

62. Purchasers of iodized salt are adequately informed of its value in the prevention of simple goiter by the declaration on the label of the percent by weight of potassium iodide present therein.

63. In the consumption of vitamins and minerals it is desirable to have a safety factor above the minimum daily requirements, and fractional proportions of requirements above the minimum daily requirements for vitamins and minerals may be regarded as such a safety factor.

64. Such fractions may be disregarded in label statements without depriving the purchaser of essential information.

65. The dietary requirements of age groups other than adults are usually estimated by reference to adult intakes as a standard.

66. A statement of the proportion of the minimum daily requirements of adults for vitamins and minerals suffices to furnish full information as to such requirements for persons generally; but, where the food is for the use of a specific age group or groups, full information as to its value for such use includes a statement of the proportion of the minimum daily requirement for such vitamin or mineral for such age group or groups.

67. A food may have special dietary use by reason of its content of some vitamins other than A, B_1, C, D, or riboflavin, or some minerals other than calcium, phosphorus, iron, or iodine. The minimum daily requirements and, in some cases, the need in human nutrition for such other substances have not been established by the opinion of experts qualified by scientific training and experience to determine such facts; but in the cases of some such other substances there is substantial, though inconclusive, support in the opinions of such experts of a determination of one or both of such facts.

68. When the need for such a substance has not been so established, information necessary fully to inform the purchaser of the value for special dietary use of a food containing it includes a statement that the need for such substance has not been established.

69. When the need for a vitamin or mineral has been so established, it is frequently still unknown what is the minimum daily requirement therefor.

70. When the minimum daily requirement for such a substance has not been established, whether or not evidence of human need therefor is conclusive, purchasers must rely on the best available scientific information or professional advice; and in order to evaluate such food in terms of such information or advice, it is necessary that the purchaser be informed of the quantity of the vitamin or mineral present in a specified quantity of such food suitable for daily consumption.

71. The quantity of such a vitamin or mineral necessary to prevent a disease resulting from a dietary deficiency of such substance, is usualy unrelated to the quantity necessary for use in treating the disease; when such a vitamin or mineral purports to be or is represented for use in treating such a disease, in addition to adequate directions for use, a statement of the quantity of the substance present in a specified quantity of the food is information necessary for the purchaser to evaluate the food for such use in terms of the best available scientific information or professional advice.

72. The value of a food for special dietary use may depend on its suitability as a food for infants.

73. The diet of infants is more restricted than that of normal persons of other age groups and the suitability of a food for infant use depends on its ingredients or character.

74. Information necessary fully to inform the purchaser of the value of a food for such use includes the common or usual name of each ingredient thereof.

75. Infants are more susceptible to allergies resulting from plant or animal substances than persons of other age groups.

76. Information concerning the source of a food of plant or animal origin for use by infants is necessary properly to evaluate its suitability for use by particular infants.

77. The value of an infant food may depend upon its simulation of, or suitability as a complete or partial substitute for, human milk.

78. Normal human milk contains adequate quantities of all the factors essential to infant nutrition, except that its content of vitamin C, vitamin D, and iron is insufficient in many cases to prevent scurvy, rickets, and nutritional anemia, respectively.

79. The value of a food as a complete or partial substitute for human milk in infant feeding depends on its content of such factors as moisture, protein, fat,

carbohydrates, crude fiber, calcium, phosphorous, iron, and vitamins A, B_1, C, and D, and the calories supplied by such food.

80. Information necessary to evaluate a food as a complete or partial substitute for human milk in infant feeding includes a statement of the percent by weight of moisture, protein, fat, available carbohydrates, crude fiber, calcium, phosphorous, and iron, a statement of the number of available calories, and a statement of the number of units of vitamin A, vitamin B_1, vitamin C, and vitamin D supplied by the food.

81. The most common dietary deficiency diseases in infants are scurvy, rickets, and nutritional anemia, caused respectively by deficiencies of vitamin C, vitamin D, and iron in human milk or in preparations used as substitutes for human milk, including, among others, cows' milk and evaporated milk in which the quantities of such substances have not been increased.

82. Many purchasers are unaware of the deficiencies in these respects of such substitutes.

83. Such substitutes are customarily diluted and mixed with a soluble carbohydrate for infant feeding. In the proportions usually recommended by pediatricians each 100 calories of the mixed substitute must contain 30 U. S. P. units of vitamin C, 50 U. S. P. units of vitamin D, and 0.75 milligram of iron to supply the minimum daily requirements of infants for such substances.

84. Where a food for use as a complete or partial substitute for human milk in infant feeding contains less than such quantities of vitamin C, vitamin D, or iron, information necessary for the purchaser to determine the value of the food includes a statement that such factors must be supplemented from other sources.

85. The value of cows' milk and evaporated milk used as a complete or partial substitute for human milk in infant feeding is sufficiently well known that, aside from their deficiency in vitamin C, iron, and vitamin D when the quantity of vitamin D has not been adequately increased, a statement relative to their constituents is not necessary to inform the purchaser of their value for such use.

86. 135 U. S. P. units of vitamin D per quart of cows' milk and 7.5 U. S. P. units per avoirdupois ounce of evaporated milk, the equivalent of 135 units per quart of milk when the evaporated milk is reconstituted by the addition of water, being usually sufficient, when fed in customary quantities, for the prevention of clinical rickets in normal infants due to its greater efficacy in milk, a statement that vitamin D must be supplied from other sources is not necessary when the milk or evaporated milk contains such quantities of vitamin D.

87. The value of a food for special dietary use may depend on its suitability for use in the control of body weight through regulating the intake of protein, fat, carbohydrates, or calories.

88. The quantity and relative proportions of protein, fat, and carbohydrates, and the number of calories consumed, are important factors in the regulation of body weight.

89. The value of a food for special dietary use may depend on its suitability for use in dietary management with respect to disease through regulating the intake of protein, fat, carbohydrates, or calories; such management is an important factor in the treatment of many diseases.

90. Some carbohydrate substances are not digested or assimilated by the human organism and supply no food energy. Only the carbohydrates which may be digested and assimilated are available to the metabolic processes of the organism.

91. Carbohydrates which are nonavailable to the metabolic processes have a theoretical caloric value but supply no calories to the human organism.

92. Information necessary for the purchaser to evaluate a food for use in the control of body weight, or in dietary management with respect to disease, includes a statement on the label of the percent by weight of protein, fat, and available carbohydrates in such food and a statement on the label of the number of available calories supplied by a specified quantity of the food.

93. The value of a food for special dietary use may depend on the presence therein of a constituent which is not utilized in normal metabolism and which consequently has no nutritive value.

94. Its use may be for the reduction of caloric intake, as in the case of mineral oil; for the promotion of laxation, as in the case of fibrous plant matter; or for the satisfaction of taste desires without increasing food value, as in the case of saccharin.

95. Information necessary to inform the purchaser of the value of a food for special dietary use by reason of its content of such a constituent includes a statement of the percent by weight of the constituent in the food, preceded or followed by the word "nonnutritive", except as hereinafter noted in Finding 98 with respect to saccharin.

96. If such constituent is fibrous plant matter it is commonly determined as and expressed as crude fiber.

97. Saccharin, alone or in combination in a saccharin salt, is a nonnutritive, synthetic sweetening substance sometimes used to satisfy the psychological desire for sweets in the diets of persons who must restrict their intake of carbohydrates. It has no other use as a food and is not utilized in normal metabolism.

98. Information necessary to inform the purchaser of the value of a food for special dietary use by reason of its saccharin content is a statement that it contains a specified percent by weight of saccharin, a nonnutritive, artificial sweetener which should be used only by persons who must restrict their intake of ordinary sweets.

99. The value of a food for special dietary use may depend on its hypoallergenic property; that is, the absence of, or greatly reduced quantity of, a substance which causes allergic reaction.

100. Allergic effects are abnormal, toxic tissue disturbances and may be produced by any food constituent.

101. Decrease of an allergenic constituent may be accomplished by treatment or processing of the constituent.

102. When a food or ingredient is a plant or animal substance the allergenic property thereof is usually based on a specific factor, most frequently a protein, derivable only from the plant or animal which is its source.

103. Persons subject to gastrointestinal allergic effects can avoid them only by elimination of the allergenic substances from their diets or by such a reduction thereof that the quantity is insufficient to produce the toxic disturbances, and in some cases by hyposensitization measures.

104. Information necessary to inform the purchaser of the value of a food for hypoallergenic use includes the following: The common or usual name and the quantity or proportion of each ingredient, in case it is fabricated from two or more ingredients; a qualification of the name of the food, in case it consists of a single ingredient, or of the name of each ingredient, in case it is fabricated from two or more ingredients, to reveal the specific plant or animal which is the source of such food or such ingredient, if such food or such ingredient consists in whole or in part of plant or animal matter and such name does not clearly reveal the specific plant or animal which is such source; a statement indicating the nature and effect of any treatment or processing, if the changed allergenic property results from such treatment or processing.

On the basis of the foregoing detailed findings of fact it is found and determined that the label of a food which purports to be or is represented for special dietary uses by man should bear the information concerning the vitamin, mineral, and other dietary properties of such food prescribed in the regulations hereinafter set forth, and that such information concerning such properties of such food is necessary in order fully to inform purchasers as to its value for such uses.

It is therefore, ordered, That the following regulations be and they hereby are promulgated:

Regulations

Sec.
125.01 Definitions and interpretations of terms.
125.02 General label statements.
125.03 Label statements relating to vitamins.
125.04 Label statements relating to minerals.
125.05 Label statements relating to infant food.

Sec.
125.06 Label statements relating to certain food used in control of body weight or in dietary management with respect to diseases.
125.07 Label statements relating to nonnutritive constituents.
125.08 Label statements relating to hypoallergenic food.

§ 125.01 *Definitions and interpretations of terms.* (a) The defintions and interpretations of terms contained in section 201 of the Act shall be applicable also to such terms when used in these regulations.

(b) Any requirement of the regulations in this part with respect to the quantity of vitamin A means the biologically measured activity of vitamin A and its precursors; but if any such precursor is sold as such or is added to a food the label shall designate such precursor by its common or usual name and not as vitamin A.

(c) Specification in the regulations in this part of a quantity of any vitamin, mineral, or other dietary property as a minimum daily requirement shall not be construed as a determination that such quantity is sufficient for the treatment of any disease resulting from a deficiency in such vitamin, mineral, or other property.

(d) For the purposes of the regulations in this part, the terms "infant", "child", and "adult" mean persons not more than 12 months old, more than 12 months but less than 12 years old, and 12 years or more old, respectively.*

* §§ 125.01 to 125.08, inclusive, issued under the authority contained in secs. 403 (j), 701 (e), 52 Stat. 1048, 1055, 53 Stat. 561; 21 U.S.C., Sup. 343 (j), 371 (e), 5 U.S.C., Sup., 133–133t, and Reorganization plans I, IV, 53 Stat. 1423, 54 Stat. 1234; 4 F.R. 2727, 5 F.R. 2421.

§ 125.02 *General label statements.* (a) If a food (including food to which any one or more of §§ 125.03 to 125.08, inclusive, of the regulations in this part is applicable) purports to be or is represented for any special dietary use by man, its label shall bear a statement of the dietary porperties upon which such use is based in whole or in part. Such statement shall show the presence or absence of any substance, any alteration of the quantity or character of any constituent, and any other dietary property of such food upon which such use is so based.

(b) If a food (including food to which any one or more of §§ 125.03 to 125.08, inclusive, of the regulations in this part is applicable) purports to be or is represented for special dietary use by reason of its use for treating any disease resulting from a dietary deficiency in man, its label shall bear, in addition to the information required under paragraph (a) hereof, adequate directions for such use.*

§ 125.03 *Label statements relating to vitamins.* (a) (1) If a food purports to be or is represented for special dietary use by man by reason of its vitamin property in respect of—

Vitamin A or its precursors,
Vitamin B_1 (thiamine),
Vitamin C (ascorbic acid),
Vitamin D, or
Riboflavin (vitamin B_2, vitamin G),

the label (except as hereinafter provided with respect to cows' milk and evaporated milk, and unless the exemption under subparagraph (4) of this paragraph applies) shall bear a statement of the proportion of the minimum daily requirement for such vitamin supplied by such food when consumed in a specified quantity during a period of one day. If such purported or represented special dietary use is for persons within two or more age groups for which minimum daily requirements are set forth in paragraph (b), such statement shall include such proportion for each such group; but if such use is for persons irrespective of age groups, such statement may be limited to the proportion of the minimum daily requirement set forth in paragraph (b) for an adult. The quantity specified as above required shall be the quantity customarily or usually consumed during a period of one day, or a quantity reasonably suitable for and practicable of consumption within such period. When such proportion is a whole number and a fraction it may be expressed as the whole number and the fraction may be disregarded. The foregoing requirements of this paragraph shall not apply to cows' milk and evaporated milk which purport to be or are represented for special dietary use by reason of their content of vitamin D; but in the case of cows' milk in which the vitamin D content has been increased by any means, and in the case of evaporated milk with increased vitamin D content as prescribed in the definition and standard of identity for evaporated milk (§ 18.520), the label shall bear a statement of the number of U. S. P. units in a specified quantity of such milk or evaporated milk. In the case of cows' milk in which the vitamin D content is increased to less than 135 U. S. P. units to each quart, the label shall also bear a statement that additional vitamin D should be supplied from other sources.

(2) If a food purports to be or is represented for special dietary use by man by reason of its vitamin property in respect of any vitamin not listed in subparagraph (1) of this paragraph, the label shall bear a statement of the quantity of such vitamin in a specified quantity of such food. The quantity of food specified as required herein shall be the quantity customarily or usually consumed during a period of one day, or a quantity reasonably suitable for and practicable of consumption within such period. If the need in human nutrition for such vitamin has not been established, the label shall also bear the statement "The need for _____ in human nutrition has not been established," the blank to be filled in with the name of such vitamin.

(3) If a food purports to be or is represented for special dietary use by man by reason of its vitamin property, and any such use is for treating any disease resulting from a dietary deficiency of any vitamin, the label shall bear a statement of the quantity of such vitamin in a specified quantity of such food. If the represented special dietary use of such food is solely for treating any such disease, such food shall be exempt from the labeling requirements of subparagraphs (1) and (2) of this paragraph when otherwise applicable.

(4) Compliance with the provisions of subparagraphs (2) and (3) of this paragraph shall not be construed as relieving any food which purports to be or is represented for special dietary use by reason of its vitamin property from the application of sections 403 (a) and 201 (n) of the Act, as in the case where the need for such vitamin in human nutrition is not substantially supported by the opinion of experts qualified by scientific training and experience to determine such needs.

(b) For the purposes of the regulations in this section the following are minimum daily requirements:

(1) For vitamin A, 1,500 U. S. P. units for an infant, 3,000 U. S. P. units for a child, 4,000 U. S. P. units for an adult.

(2) For vitamin B_1 (thiamine), 0.25 milligram (83 U. S. P. units) for an infant, 0.5 milligram (167 U. S. P. units) for a child less than six years old, 0.75 milligram (250 U. S. P. units) for a child six or more years old, 1 milligram (333 U. S. P. units) for an adult.

(3) For vitamin C (ascorbic acid), 10 milligrams (200 U. S. P. units) for an infant, 20 milligrams (400 U. S. P. units) for a child, 30 milligrams (600 U. S. P. units) for an adult.

(4) For vitamin D, 400 U. S. P. units for an infant, child, or adult.

(5) For riboflavin (vitamin B_2, vitamin G), 0.5 milligram for an infant, 2.0 milligrams for an adult.*

§ 125.04 *Label statements relating to minerals.* (a) (1) If a food purports to be or is represented for special dietary use by man by reason of its mineral property in respect of—

Calcium,
Phosphorus,
Iron, or
Iodine,

the label (except as hereinafter provided with respect to iodized salt, and unless the exemption under subparagraph (4) of this paragraph applies) shall bear a statement of the proportion of the minimum daily requirement for such element supplied by such food when consumed in a specified quantity during a period of one day. If such purported or represented special dietary use is for persons within two or more age groups or other groups having special dietary requirements, for which minimum daily requirements are set forth in paragraph (b), such statement shall include such proportion for each such group; but if such use is for persons irrespective of such groups, such statement may be lim-

ited to the proportion of the minimum daily requirement set forth in paragraph (b) for an adult other than a pregnant or lactating woman. The quantity specified as above required shall be the quantity customarily or usually consumed during a period of one day, or a quantity reasonably suitable for and practicable of consumption within such period. When such proportion is a whole number and a fraction it may be expressed as the whole number and the fraction may be disregarded. The foregoing requirements of this paragraph shall not apply to iodized salt which purports to be or is represented for special dietary use by reason of its iodine content, if the label bears a statement of the quantity or proportion of iodine, or salt thereof, in the iodized salt and the quantity of iodine present therein is not more than 0.02 percent by weight.

(2) If a food purports to be or is represented for special dietary use by man by reason of its mineral property in respect of any element not listed in subparagraph (1) of this paragraph, the label shall bear a statement of the quantity of such element in a specified quantity of such food. The quantity of food specified as required herein shall be the quantity customarily or usually consumed during a period of one day, or a quantity reasonably suitable for and practicable of consumption within such period. If the need in human nutrition for such element has not been established, the label shall also bear the statement "The need for _____ in human nutrition has not been established," the blank to be filled in with the name of such element.

(3) If a food purports to be or is represented for special dietary use by man by reason of its mineral property, and any such use is for treating any disease resulting from a dietary deficiency of any element, the label shall bear a statement of the quantity of such element in a specified quantity of such food. If the represented special dietary use of such food is solely for treating any such disease, such food shall be exempt from the labeling requirements of subparagraphs (1) and (2) of this paragraph when otherwise applicable.

(4) Compliance with the provisions of subparagraphs (2) and (3) of this paragraph shall not be construed as relieving any food which purports to be or is represented for special dietary use by reason of its mineral property from the application of §§ 403 (a) and 201 (n) of the Act, as in the case where the need for such element in human nutrition is not substantially supported by the opinion of experts qualified by scientific training and experience to determine such needs.

(b) For the purposes of the regulations in this section, the following are minimum daily requirements:

(1) For calcium (Ca), 750 milligrams for a child or an adult, except a pregnant or lactating woman in which case the minimum daily requirement is 1.5 grams.

(2) For phosphorus (P), 750 milligrams for a child or an adult, except a pregnant or lactating woman in which case the minimum daily requirement is 1.5 grams.

(3) For iron (Fe), 7.5 milligrams for a child less than six years old, 10 milligrams for a child six or more years old or for an adult, except a pregnant or lactating woman in which case the minimum daily requirement is 15 milligrams.

(4) For iodine (I), 0.1 milligram for a child or an adult.*

§125.05 *Label statements relating to infant food.* If a food which purports to be or is represented for special dietary use is a food for infants, the label shall bear, in case such food is fabricated from two or more ingredients, the common or usual name of each such ingredient including spice, flavoring, and coloring; if such food, or any ingredient thereof in case it is fabricated from two or more ingredients, consists in whole or in part of plant or animal matter and the name of such food or ingredient does not clearly reveal the specific plant or animal which is its source, such name shall be so qualified as to reveal clearly the specific plant or animal which is such source. If such use of the food is by reason of its simulation of human milk or its suitability as a complete or partial substitute for human milk, the label shall also bear

(a) a statement of the percent by weight of moisture, protein, fat, available carbohydrate, crude fiber, calcium (Ca), phosphorus (P), and iron (Fe) contained in such food;

(b) a statement of the number of available calories and of U. S. P. units of vitamin A, vitamin B_1 (thiamine), vitamin C (ascorbic acid), and vitamin D supplied by a specified quantity of such food; and

(c) If less than 30 U. S. P. units of vitamin C (ascorbic acid), less than 50 U. S. P. units of vitamin D, or less than 0.75 milligram of iron (Fe), is supplied by the quantity of such food which, as customarily or usually prepared for consumption, supplies 100 available calories, a statement that additional quantities of such vitamin or iron, as the case may be, should be supplied from other sources.

The provisions of paragraphs (a) and (b) of this section shall not apply to cows' milk and evaporated milk. The provisions of paragraph (c) of this section with respect to vitamin D shall not apply to cows' milk or evaporated milk in which the vitamin D is increased by any means to not less than 135 U. S. P. units to each quart in the case of cows' milk and not less than 7.5 U. S. P. units to each avoirdupois ounce in the case of evaporated milk.*

§ 125.06 *Label statements relating to certain food used in control of body weight or in dietary management with respect to disease.* If a food purports to be or is represented for special dietary use by man by reason of its use as a means of regulating the intake of protein, fat, carbohydrate, or calories, for the purpose of controlling body weight, or for the purpose of dietary management with respect to disease, the label shall bear a statement of—

(a) the percent by weight of protein; fat, and available carbohydrates in such food; and

(b) the number of available calories supplied by a specified quantity of such food.*

§ 125.07 *Label statements relating to nonnutritive constituents.* If a food purports to be or is represented for special dietary use by man by reason of the presence of any constituent which is not utilized in normal metabolism, the label shall bear a statement of the percent by weight of such constituent, and, in juxtaposition with the name of such constituent, the word "nonnutritive". If such constituent is fibrous plant matter, it shall be considered to be crude fiber and its percent expressed as such. But if such constituent is saccharin or a saccharin salt, the label shall bear, in lieu of such statement and word, the statement "Contains ____ saccharin (or saccharin salt, as the case may be), a nonnutritive, artificial sweetener which should be used only by persons who must restrict their intake of ordinary sweets", the blank to be filled in with the percent by weight of saccharin or saccharin salt in such food. The provisions of this section shall not be construed as authorizing the use of saccharin or its salts in any food other than one for use by persons who must restrict their intake of carbohydrates, or as relieving any food from compliance with any requirement of sections 402 (b) or (d), 403 (g), or other provisions of the Act.*

§ 125.08 *Label statements relating to hypoallergenic food.* If a food purports to be or is represented for special dietary use by man by reason of the decrease or absence of any allergenic property, the label shall bear

(a) the common or usual name and the quantity or proportion of each ingredient including spices, flavoring, and coloring, in case the food is fabricated from two or more ingredients;

(b) a qualification of the name of the food, or of the name of each ingredient thereof in case the food is fabricated from two or more ingredients, to reveal clearly the specific plant or animal which is the source of such food or of such ingredient, if such food or such ingredient consists in whole or in part of plant or animal matter and such name does not clearly reveal the specific plant or animal which is such source; and

(c) a statement indicating the nature and effect of any treatment or processing of the food or any ingredient thereof, if the changed allergenic property results from such treatment or processing.*

These regulations shall be effective from and after the 180th day from this day.

WATSON B. MILLER,
Acting Administrator.

58.21 Definitions.
58.22 Permits to depart required.
58.23 Aliens exempted from obtaining permits to depart.
58.24 Refusal of permission to depart.
58.25 Classes of aliens not entitled to depart.
58.26 Departure from the Panama Canal Zone.
58.27 Departure from the Philippine Islands.
58.28 Authority to make additional regulations.
58.29 Departure not permitted in special cases.
58.30 Departure permitted in special cases.
58.31 Applications for permits to depart.
58.32 Effective date.

§ 58.21 *Definitions.* For the purposes of these regulations:

(a) The term "United States" includes the States, the District of Columbia, Alaska, the Panama Canal Zone, the Philippine Islands, Hawaii, Puerto Rico, the Virgin Islands, Guam, American Samoa, and all territory and waters, continental or insular, subject to the jurisdiction of the United States.

(b) The term "continental United States" includes the territory of the several States, the District of Columbia, and Alaska.

(c) The term "depart from the United States" includes any departure by land, water, or air, from any place included in the United States to any place outside of the United States, or from one port or terminus of the United States to another port or terminus of the United States, including any trip or journey on or over the Great Lakes or their connecting waters, any rivers or other waters coinciding with or covering the boundary of the United States, tidal waters beyond the shoreline of the United States, the said shoreline being hereby defined as the line of seacoast and the shores of all waters of the United States and its territorial possessions connected with the high seas: *Provided, however,* That no trip or journey upon a public ferry, passenger vessel sailing coastwise on fixed schedules, excursion vessel, or aircraft, having both termini in the continental United States or in any one of the other parts of the United States specified in paragraph (a) of this section and not touching foreign territory or waters, shall be deemed a departure from the United States.

(d) The term "seaman" includes every alien signed on the ship's articles and employed in any capacity on board any vessel arriving in or departing from the United States, as well as sea-going fishermen and all owners, masters, officers, members of crews, and other alien persons employed on vessels which for purposes of business or pleasure cruise on tidal waters beyond the shoreline or on the Great Lakes.

(e) The term "airman" includes any alien pilot, navigator, aviator, or other alien person operating or employed on any aircraft.

(f) The term "departure-control officer" means any employee of the Immigration and Naturalization Service assigned to supervise the departure of aliens from the United States, or any person assigned by the chief executive officers of the Panama Canal Zone, Guam, or American Samoa to such duties in those territories, or any person designated by the United States High Commissioner to the Philippine Islands after consultation with the military and naval authorities of the United States, and the Government of the Commonwealth of the Philippines.

(g) The term "permit-issuing authority" means the Secretary of State, the chief executive officer of Alaska, of Hawaii, of Puerto Rico, of the Virgin Islands, of the Panama Canal Zone, of Guam, or of American Samoa, or the United States High Commissioner to the Philippine Islands acting in consultation with the military and naval authorities of the United States in the Philippine Islands and with the Government of the Commonwealth of the Philippines.

(h) The term "permit to depart" means a copy of the application for a permit to depart as described hereinafter in these regulations, duly executed by the alien, approved and appropriately endorsed by the Secretary of State.

(i) The term "port of departure" means a port in continental United States, the Virgin Islands, Puerto Rico, or Hawaii designated as a port of entry by the Attorney General or by the Commissioner of Immigration and Naturalization, or a port in Guam, American Samoa or the Panama Canal Zone designated by the chief executive officer thereof, or any port in the Philippine Islands designated by the permit-issuing authority therein.*

*§§ 58.21 to 58.32, inclusive, issued pursuant to the authority contained in Proc. 2523, November 14, 1941, 6 F.R. 5821, under the act approved May 22, 1918, as amended by the act approved June 21, 1941 (40 Stat. 559; Public Law 114, 77th Cong., 55 Stat. 252).

§ 58.22 *Permits to depart required.* No alien shall hereafter depart from the United States except at a port of departure and unless there has been issued in accordance with these regulations a valid permit to depart or he is exempted under these regulations from obtaining a permit to depart.*

§ 58.23 *Aliens exempted from obtaining permits to depart.* The following classes of aliens shall not be required to obtain permits to depart:

(a) Accredited diplomatic, consular, and other officers of foreign governments recognized by the United States who have been accorded recognition as such by the Secretary of State, such recognition not having been withdrawn, and the members of the family of such officers, as well as their attendants, servants, and employees who have been notified to and recognized by the Secretary of State: *Provided,* That any such person shall obtain an exit visa from the Chief or Acting Chief of the Visa Division of the Department of State, or from another officer authorized by him. An exit visa shall be subject to verification in the discretion of a departure-control officer at the port of departure, if he has reason to question the authenticity of such exit visa;

(b) Canadian citizens or British subjects lawfully domiciled in Canada or in the United States departing across the border between the United States and Canada;

(c) Aliens in possession of border-crossing identification cards, departing across the border between the United States and Canada;

(d) Mexican citizens lawfully domiciled in Mexico or in the United States, departing across the border between the United States and Mexico;

(e) Aliens who have entered the United States with limited entry certificates and who are departing within the limits of the period for which they were admitted;

(f) Alien seamen: *Provided,* That, in addition to complying with all other laws and regulations, they submit a passport, or document in the nature of a passport, establishing their identity and nationality (unless such document is waived by the Secretary of State), and also, where departure is from a port in continental United States, the Virgin Islands, Puerto Rico, or Hawaii, an alien registration-receipt card: *Provided further,* That they meet such other requirements as may be prescribed by the Commissioner of Immigration and Naturalization, or the appropriate permit-issuing authorities in the Panama Canal Zone, Guam, American Samoa, or the Commonwealth of the Philippines;

(g) Aliens who have received communications from an American consular officer in foreign contiguous territory to the effect that the documents submitted by them to the consular officer are sufficiently in order to warrant the alien's personal appearance at the consular office in connection with an application for an immigration visa;

(h) Aliens who present valid re-entry permits issued with the concurrence of the Secretary of State as to destination;

(i) Aliens ordered deported from the United States or aliens under deportation proceedings who are given permission to depart at their own expense in lieu of deportation to a specified destination and are departing to such destination;

(j) Immigrant aliens lawfully admitted into the United States who pass in direct transit, without stop-over, through foreign contiguous territory from one part of the United States to another by means of a transportation line which runs through the territory or waters of both countries;

(k) An alien arriving at a seaport in Canada, passing in direct transit by continuous journey through the United States to a destination in Canada by means of a transportation line which runs through the territory of both countries;

(l) Aliens who presented valid transit certificates in entering the continental United States after the effective date of these regulations: *Provided*, That any such alien is passing through the continental United States in continuous transit, remaining in the continental United States no longer than necessary for such continuous transit, and submits to the immigrant inspector at the port of arrival three copies of his itinerary to the port of departure, one copy of which shall be transmitted immediately to the port of departure for verification of the transit journey and one copy to the Secretary of State: *And provided further*, That there has been no deviation or delay in the transit journey without the consent of the Secretary of State or the Attorney General;

(m) Aliens of the following classes, departing from the United States after having been admitted under waiver of documents, as members of such classes:

(1) Aliens proceeding in continuous travel from Patterson, British Columbia, to Laurier, British Columbia;

(2) Non-immigrant aliens residing in remote sections of Canada who entered Alaska temporarily as visitors or as transients and who were unable without undue inconvenience to obtain passports and visas;

(3) Aliens lawfully residing in remote sections of Alaska who desire to enter Canada for a temporary period;

(4) Officers and employees of the International Boundary Commissions who are citizens of Canada or Mexico and who entered the United States temporarily from Canada or Mexico in connection with their official duties;

(5) Immigration and customs officers of the Canadian and Mexican Governments who entered the United States temporarily in the performance of their official duties;

(6) Employees of the Mexican Postal Service assigned to border areas who entered the United States temporarily in the performance of their official duties;

(7) Fire-fighting groups who entered the United States temporarily for fire-fighting activities;

(8) Members of the Plant Protection Division of the Canadian Department of Agriculture who entered the United States temporarily in connection with their official duties;

(9) Canadian law-enforcement officers who entered the United States temporarily in connection with their official duties;

(10) Residents of Canada or Mexico who entered the United States temporarily in urgent cases such as those involving serious illness or death, where no opportunity existed to obtain a passport or visa;

(11) Citizens of Mexico resident in the continental United States departing from the United States to Mexico in urgent cases such as those involving serious illness or death where no opportunity existed to obtain a border-crossing identification card;

(12) Naval personnel of foreign government-owned vessels of war;

(13) British subjects domiciled in the British Virgin Islands and French citizens domiciled in the French island of St. Bartholomew who were admitted into the Virgin Islands for business or pleasure for a period of less than 30 days on any one visit;

(14) Aliens residing in the Virgin Islands who have occasion to proceed temporarily to the British Virgin Islands or to the French Island of St. Bartholomew;

(15) Officials of the national Government of Canada or Mexico who enter the United States temporarily for business or pleasure;

(16) Aliens who are members of the armed forces of the United States and who are travelling under orders.*

§ 58.24 *Refusal of permission to depart.* No permit to depart, exit visa, border-crossing identification card, reentry permit, preexamination border-crossing identification card, authorization for voluntary departure in lieu of deportation, or other document facilitating departure shall be issued to an alien if the issuing authority has any reason to believe that the departure will be prejudicial to the interests of the United States.*

§ 58.25 *Classes of aliens not entitled to depart.* The departure of an alien who is within one or more of the following categories shall be deemed to be prejudicial to the interests of the United States, for the purposes of these regulations:

(a) Any alien who, without authorization of this Government, is in possession of secret information concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(b) Any alien who, is without authorization by this Government, is carrying any secret message to a foreign government, or to any officer or employee thereof, either directly or indirectly, concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(c) Any alien departing from the United States for the purpose of engaging in, or who is likely to engage in, activities designed or likely to obstruct, impede, retard, delay, or counteract the effectiveness of the national defense of the United States or the measures adopted by the United States in the public interest or for the defense of any other country;

(d) Any alien departing from the United States for the purpose of engaging in, or who is likely to engage in, activities which would obstruct, impede, retard, delay, or counteract the effectiveness of any plans made or steps taken by any country of the Western Hemisphere in the interest of the common defense of the countries of such hemisphere;

(e) Any alien departing from the United States for any country for the purpose of organizing in, or directing from, such country, any rebellion, insurrection, or violent uprising in, or against, the United States, or of waging war against the United States, or of destroying sources of supplies or material vital to the national defense of the United States or to the effectiveness of the measures adopted by the United States for the defense of any other country;

(f) Any alien who is a fugitive from justice on account of an offense punishable in the United States;

(g) Any alien whose presence is needed as a witness in, or as a party to, any criminal case pending in a Federal court or which is under investigation;

(h) Any alien who is registered or enrolled, or who is subject to registration or enrolment, for military service in the United States and who shall not have obtained the consent of the Secretary of War or of his local draft board to depart from the United States.*

§ 58.26 *Departure from the Panama Canal Zone.* In addition to all applicable restrictions upon departures from the United States hereinbefore set forth and which may be required by the permit-issuing authority, all aliens before departure from the Panama Canal Zone shall comply with such additional regulations concerning the place and method of departure and method and route of travel through the Zone to the place of departure as may be required by the permit-issuing authority in the Canal Zone.*

§ 58.27 *Departure from the Philippine Islands.* In addition to all applicable restrictions upon departure from the United States hereinbefore set forth and which may be required by the permit-issuing authority, all aliens before departure from the Philippine Islands shall comply with such reasonable additional rules and regulations, not inconsistent herewith, as may be promulgated by the United States High Commissioner to the Philippine Islands, acting in consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines, concerning the place and method of departure and mode and route of travel through the Philippine Islands to the place of departure required by the permit-issuing authority in the Philippine Islands.*

§ 58.28 *Authority to make additional regulations.* The permit-issuing authorities in the Panama Canal Zone and the Philippine Islands are hereby authorized to make such additional rules and regulations, including limitations and exceptions of a procedural character, governing departure from the Panama Canal Zone and the Philippine Islands as they may deem necessary in the public interest.*

§ 58.29 *Departure not permitted in special cases.* (a) Any departure-control officer or other authorized official in any individual case may require any alien, or person he believes to be an alien, departing or attempting to depart even if such person has a permit to depart, to submit for official inspection all documents, articles, or other things which are being removed from the United States upon, or in connection with, such person's departure.

(b) Any departure-control officer or other authorized official shall temporarily prevent the departure of any person of the class mentioned in the preceding paragraph if such person refuses to submit to such official inspection, or if the officer or official believes the departure of such person would under these regulations be prejudicial to the interests of the United States, or if directed by the Secretary of State or the Attorney General to prevent such departure. In every such case the officer or other official preventing departure shall temporarily take possession of any travel document presented by the alien. Such action shall be reported immediately by the departure-control officer to the head of his Department with a full statement of the facts. An individual so temporarily prohibited from departing shall not be permitted to depart and shall not be entitled to the benefits of any exemptions or limitations hereinbefore provided unless the Secretary of State is satisfied that the departure of such person would not be prejudicial to the interests of the United States.*

§ 58.30 *Departure permitted in special cases.* (a) Notwithstanding the provisions of these regulations the Secretary of State may, in any individual case, authorize the issuance of a permit to depart to any alien or may allow any alien to depart without a permit if he deems such action to be in the interests of the United States.

(b) A departure-control officer may grant any airman emergency permission to depart, but in all such cases a copy of the airman's application shall be forwarded immediately to the appropriate permit-issuing authority or to the Secretary of State. Such emergency permission shall not be granted unless the departure-control officer is satisfied that such departure would not endanger the public safety or be prejudicial to the interests of the United States.*

§ 58.31 *Applications for permits to depart.* Except in cases for which special procedure has hereinbefore been provided and cases in which permits to depart are not required by these regulations, any alien desiring to depart from the United States shall apply to the Secretary of State, or to such officer as may be designated, for a permit to depart from the United States as follows:

(a) Blank application forms for permits to depart may be obtained from the Visa Division, Department of State, Washington, D. C., or from an office of the Immigration and Naturalization Service, or from a permit-issuing authority in the outlying possessions of the United States. Applications should be mailed at least 30 days before the date of intended departure in order that any delay in departure may be avoided.

(b) Applications for permits to depart from the continental United States, *excepting Alaska*, shall be made to the Secretary of State, Washington, D. C. All other applications for permits to depart shall be made to the appropriate permit-issuing authority specified in these regulations. Applications for permits to depart shall be made upon Form AD–1 prescribed by the permit-issuing authority and executed strictly in accordance with the instructions issued therewith, including the furnishing of photographs.

(c) A married woman accompanying her husband, or a child or children under 14 years of age accompanying either parent or both parents, may be included in the permit granted to the husband or parent, and in such case the wife or child will not be required to make a separate application. Group photographs may be used in such cases.

(d) Any attempt by an applicant to depart from the United States before action has been taken on his application, or after a permit has been denied, may subject the applicant to the penalties provided in the act of May 22, 1918, as amended by the act of June 21, 1941.

(e) If the application for permission to depart is approved the applicant will be notified, and one copy of the application, appropriately endorsed, which shall thereupon become the permit to depart, will be forwarded to the appropriate departure-control officer at the port or place from which the applicant has stated in his application that he intends to depart. Upon the applicant's personal appearance before such departure-control officer, indicated in the notification to the applicant, and upon the identification of such applicant by the departure-control officer, to whom the applicant shall surrender notification received, the departure-control officer may permit such applicant to depart from the United States and shall verify such departure. The departure-control officer shall thereupon place a notation or certification on the permit concerning the alien's departure and forward such permit, together with the notification surrendered by the alien, to the Secretary of State, Washington, D. C. Under no circumstances should an alien to whom a departure permit has been granted be permitted to take such permit out of the United States or to have such permit in his possession while in the United States.

(f) A permit to depart shall be revocable at any time before departure of the alien in whose case such permit shall have been granted. The Secretary of State reserves the power to revoke a permit which has been issued by any permit-issuing authority.

(g) No permit to depart from the United States shall be construed as a permit to enter any place in the United States.*

§ 58.32 *Effective date.* These regulations shall become effective on December 1, 1941.*

[SEAL] CORDELL HULL,
Secretary of State.

§ 58.41 *Definitions.* For the purposes of these regulations:

(a) The term "United States" includes the States, the District of Columbia, Alaska, the Panama Canal Zone, the Philippine Islands, Hawaii, Puerto Rico, the Virgin Islands, Guam, American Samoa, and all territory and waters, continental or insular, subject to the jurisdiction of the United States.

(b) The term "continental United States" includes the territory of the several States, the District of Columbia, and Alaska.

(c) The term "permit to enter" means an immigration visa, a re-entry permit, a passport visa, a transit certificate, a limited-entry certificate, a border-cross-

ing identification card, a crew-list visa, or any other document which may be required under authority of law for entry into the United States.

(d) The term "permit-issuing authority" means a diplomatic, consular, or other officer of the United States authorized to issue immigration visas, passport visas, crew-list visas, transit certificates, limited-entry certificates, or non-resident border-crossing identification cards, or an officer of the Immigration and Naturalization Service authorized to issue re-entry permits, or border-crossing identification cards.

(e) The term "entry into the United States" includes any entry by land, water, or air, from any place outside of the United States into any place included within the United States, or from any outlying possession of the United States into the mainland, or from the mainland into any outlying possession, or from one outlying possession into another.

(f) The term "seaman" includes every alien signed on the ship's articles and employed in any capacity on board any vessel arriving in the United States from any place outside of the United States.

(g) The term "airman" includes any alien pilot, navigator, aviator, or other alien person operating or employed on any aircraft.

(h) The term "port of entry" means a port in the continental United States, the Virgin Islands, Puerto Rico, or Hawaii designated as a port of entry by the Attorney General or the Commissioner of Immigration and Naturalization, or such ports in the Panama Canal Zone, Guam, and American Samoa as may be designated by the Governors thereof, or a port in the Philippine Islands designated by the United States High Commissioner to the Philippine Islands, after consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines.*

*§§ 58.41 to 58.58, inclusive, issued pursuant to the authority contained in Proc. 2523, November 14, 1941, 6 F.R. 5821, under the act approved May 22, 1918, as amended by the act approved June 21, 1941 (40 Stat. 559; Public Law 114, 77th Cong., 55 Stat. 252), and by virtue of the authority contained in the Immigration Act approved May 26, 1924 (43 Stat. 153), as amended, section 30 of the Alien Registration Act, 1940 (54 Stat. 673), and Executive Order 8766 of June 3, 1941.

§ 58.42 *Permits to enter required.* No alien shall hereafter enter the United States (a) except at a port of entry designated as such by the Commissioner of Immigration and Naturalization or other authorized official and (b) unless he is in possession of a valid unexpired permit to enter or is exempted under these regulations from presenting a permit to enter.*

§ 58.43 *Permits to enter not a guarantee of admission.* No alien who is inadmissible into the United States under the provisions of the immigration laws and regulations, or other laws and regulations, including these regulations, shall be admitted into the United States even if he is in possession of an unexpired permit to enter.*

§ 58.44 *Immigrants not required to obtain permits to enter.* Pursuant to the provisions of section 30 of the Alien Registration Act, 1940 (54 Stat. 673; 8 U.S.C. 451), Executive Order 8766 of June 3, 1941, and the proclamation of the President hereinbefore mentioned, the following classes of immigrants are not required to obtain permits to enter and the requirements of immigration visas, which constitute permits to enter in respect of immigrants, and passports, are waived in the following emergency cases:

(a) An alien immigrant child born subsequent to the issuance of the immigration visa of an accompanying parent, the visa not having expired;

(b) An alien immigrant child born during the temporary visit abroad of an alien mother who has previously been legally admitted into the United States for permanent residence, provided the child is accompanying a parent admissible to the United States, and application is made for admission into the United States within a period of two years after the date of birth;

(c) An immigrant alien lawfully admitted into the United States who passes in direct transit, without stop-over, through foreign contiguous territory from one part of the United States to another by means of a transportation line which runs through the territory or waters of both countries;

(d) An alien immigrant who has previously been legally admitted into the United States for permanent residence and who is proceeding by vessel or airplane from the mainland to an insular possession or from an insular possession to the mainland or from one mainland port to another, without stop-over, although touching at a foreign port;

(e) An alien immigrant who has previously been legally admitted into the United States for permanent residence reentering from a journey beginning in an American port without transshipment from the original vessel to another vessel;

(f) An alien immigrant lawfully admitted into the United States and returning from a visit not exceeding 30 days to contiguous territory where, because of urgency such as one involving serious illness or death, no opportunity existed to obtain a reentry permit or a resident alien's border-crossing identification card prior to departure from the United States;

(g) Aliens, occupationally seamen, previously lawfully admitted for permanent residence, who have not relinquished their domicile in the United States and who are returning to the United States in accordance with the terms of the articles of outward voyage, or in accordance with and following the terms of their discharge before an American consular officer;

(h) Alien members of the armed forces of the United States, provided they are in uniform or bear documentation identifying them as members of the armed forces;

(i) Individual cases considered by the Department of Justice to be within the provisions of section 13 (b) of the Immigration Act of 1924 may be submitted to the Secretary of State for consideration of a waiver of documents in each case.*

§ 58.45 *Non-immigrants not required to obtain permits to enter.* Pursuant to the provisions of section 30 of the Alien Registration Act, 1940 (54 Stat. 673; 8 U.S.C. 451), Executive Order 8766 of June 3, 1941, and the proclamation of the President hereinbefore mentioned, the following classes of non-immigrants are not required to obtain permits to enter and the requirements of non-immigrant visas, border-crossing identification cards, transit certificates, and limited-entry certificates, which constitute permits to enter in respect of non-immigrants, are waived in the following classes of emergency cases:

(a) Canadian railway-mail clerks entering in connection with their official duties, provided they carry documents identifying them as such;

(b) Aliens residing in remote sections of Canada and entering Alaska temporarily as visitors or as transients, who are unable without undue inconvenience to obtain passports and visas;

(c) Members of the staff of the International Fisheries Commission and the International Pacific Salmon Fisheries Commission entering the United States temporarily in connection with the performance of their official duties, provided they carry documents bearing photographs and identifying them as members of the staff of the Commissions;

(d) Officers and employees of the International Boundary Commissions who are citizens of Canada or Mexico entering the United States temporarily from Canada or Mexico in connection with their official duties;

(e) Immigration and customs officers of the Canadian and Mexican Governments entering the United States temporarily in the performance of their official duties;

(f) Employees of the Mexican Postal Service assigned to border areas entering the United States temporarily in the performance of their official duties, who have credentials establishing their identity and their official duties in the region of the border;

(g) Fire-fighting groups entering the United States temporarily for fire-fighting activities;

(h) Members of the Plant Protection Division of the Canadian Department of Agriculture entering the United States temporarily in connection with their official duties;

(i) Canadian law-enforcement officers entering the United States temporarily in connection with their official duties and possessing identification as such;

(j) Residents of Canada or Mexico entering the United States temporarily in urgent cases, such as those involving serious illness or death, where no opportunity exists to obtain a passport or a visa, a border-crossing identification card, or a limited-entry certificate;

(k) Canadian citizens entering for a temporary stay of less than thirty days at Point Roberts, Washington;

(l) Naval personnel of foreign government-owned vessels of war;

(m) British subjects domiciled in the British Virgin Islands and French citizens domiciled in the French Island of St. Bartholomew, seeking admission into the Virgin Islands for business or pleasure for a period of less than thirty days on any one visit;

(n) Aliens residing in the Virgin Islands who have occasion to proceed temporarily to the British Virgin Islands or to the French Island of St. Bartholomew;

(o) Responsible officials of the national governments of Canada or Mexico, who proceed unexpectedly to the border and who seek to enter the United States temporarily for business or pleasure;

(p) Special cases of unforeseen emergency in which the Secretary of State is satisfied that the aliens concerned are entering temporarily and have had no reasonable opportunity to procure appropriate documents;

(q) A national of a contiguous country passing in direct transit, without stop-over, from the country of residence through the United States back to the country of residence, by means of a transportation line which runs through the territory or waters of both countries;

(r) An alien arriving at a seaport in Canada passing in direct transit by continuous journey through the United States to a destination in Canada, by means of a transportation line which runs through the territory of both countries;

(s) Persons proceeding in continuous travel from Patterson, British Columbia to Laurier, British Columbia;

(t) A non-immigrant alien child born subsequent to the issuance of the passport visa of an accompanying parent, the visa not having expired;

(u) Residents of the Fiji Islands and remote Pacific islands who, after arrival at ports of entry in Hawaii or on the Pacific Coast are found by the Immigration authorities to be classifiable as *bona fide* non-immigrant temporary visitors under section 3 (2) of the Immigration Act of 1924 or as transients under section 3 (3) of the act;

(v) Canadian seamen sent forward to join vessels in ports of the United States, provided they present seamen's identification cards;

(w) Seamen whose occupational status as such is found to be *bona fide*, seeking admission as passengers solely in pursuit of their calling as seamen, if arriving in the United States under the following circumstances:

(1) Seamen who were members of the crew of an American vessel which has been sold and delivered abroad, when the contract of employment provides for the return of the crew or when the laws of the United States provide for their return to an American port;

(2) Shipwrecked or cast-away seamen rescued by, or transferred at sea to, a vessel bound for an American port;

(3) Seamen who are American consular passengers or who are repatriated without expense to the United States Government following, and in accordance with the terms of, their discharge in a foreign port before an American consular officer;

(x) Seamen, entering temporarily as such, who are members of the crew of a vessel arriving from a port at which there is no American consul and the master of the vessel was unable to obtain a crew-list visa from a nearby consular officer without undue delay of the vessel's departure;

(y) Members of the crew of a vessel operating on a regular service between a port in Florida and Habana, Cuba, entering temporarily as seamen, are exempt from the crew-list visa requirement, except that a new crew-list visa must be presented (1) to cover the first trip each month of each such vessel and (2) to cover an additional seaman who is signed on as a member of the crew during the month;

(z) Members of the crews of vessels sailing between ports of the United States and Canada or Newfoundland which do not touch at ports of other countries, who are entering the United States temporarily as seamen, are exempt from the crew-list visa requirement;

(aa) An alien lawfully admitted to the United States as a non-immigrant who is proceeding by vessel or airplane from the mainland to an insular possession or territory or from an insular possession or territory to the mainland or from one mainland port to another, without stop-over, although touching at a foreign port;

(bb) Persons presenting certificates of identity issued by American consular officers under the provisions of section 503 of the Nationality Act of 1940 and the regulations isued thereunder (see 22 CFR 19.18–19.29).*

§ 58.46 *Refusal of permission to enter.* (a) No permit to enter shall be issued to any alien if the issuing authority has reason to believe that the entry of the alien would be prejudicial to the interests of the United States.

(b) The permit-issuing authority shall report the refusal of a permit to the head of his department. If a permit is refused by an officer of the Immigration and Naturalization Service of the Department of Justice on the ground that he has reason to believe that the entry of the alien would be prejudicial to the interests of the United States, the Attorney General may, after consultation with the Secretary of State, authorize issuance of the permit if he is satisfied that entry of the alien would not be prejudicial to the interests of the United States. If a permit is refused by any other officer of the United States authorized to issue documents constituting permits to enter under these regulations, the Secretary of State, or an official designated by him, may authorize the issuance of a permit to enter if he is satisfied that the entry of the alien will not be prejudicial to the interests of the United States. The report of a refusal of a permit to enter made to the head of a department other than the Secretary of State shall be communicated to the Secretary of State.*

§ 58.47 *Classes of aliens whose entry is deemed to be prejudicial to the public interest.* The entry of an alien who is within one of the following categories shall be deemed to be prejudicial to the interests of the United States for the purpose of these regulations:

(a) Any alien who belongs to one of the classes specified in the act of October 16, 1918 (40 Stat. 1012) as amended;

(b) Any alien who is a member of, affiliated with, or may be active in the United States in connection with or on behalf of a political organization associated with or carrying out the policies of any foreign government opposed to the measures adopted by the Government of the United States in the public interest or in the interest of national defense or in the interest of the common defense of the countries of the Western Hemisphere;

(c) Any alien in possession of, or seeking to procure, unauthorized secret information concerning the plans, preparations, equipment, or establishments for the national defense of the United States;

(d) Any alien engaged in activities designed to obstruct, impede, retard, delay, or counteract the effectiveness of the measures adopted by the Government of the United States for the defense of the United States or for the defense of any other country;

(e) Any alien engaged in activities designed to obstruct, impede, retard, delay, or counteract the effectiveness of any plans made or steps taken by any country of the Western Hemisphere in the interest of the common defense of the countries of such Hemisphere;

(f) Any alien engaged in organizing or directing any rebellion, insurrection, or violent uprising against the United States;

(g) Any alien engaged in a plot or plan to destroy materials or sources thereof vital to the defense of the United States;

(h) Any alien whose admission would endanger the public safety, as provided in any Executive order issued in pursuance of the act of Congress approved June 20, 1941 (Public Law 113, 77th Cong.);

(i) Any alien who is not within one or more of the foregoing classes, but in whose case circumstances of a similar character may be found to exist, which render the alien's admission prejudicial to the interests of the United States, which it was the purpose of the act of June 21, 1941 to safeguard.*

§ 58.48 *Aliens leaving close relatives in certain foreign countries.* The fact that a spouse, or a relative of the first degree of consanguinity, with whom the applicant has maintained close family ties, remains abroad in any country, or in territory under the control of any country, the government of which is opposed to the measures of the Government of the United States with regard to the wars now being waged in the Eastern Hemisphere, may be considered with other evidence in determining whether an alien's permit to enter should be denied upon the ground that the alien is within one or more of the categories set forth in § 58.47.*

§ 58.49 *Permission to enter the Panama Canal Zone, Guam, American Samoa, and the Philippine Islands.* In addition to all applicable restrictions set forth in these regulations, an alien seeking to enter the Panama Canal Zone, Guam, and American Samoa shall follow such procedure as may be prescribed by the Governors thereof, and an alien seeking to enter the Philippine Islands shall follow such procedure as may be prescribed by the United States High Commissioner to the Philippine Islands after consultation with the military and naval authorities of the United States and the Government of the Commonwealth of the Philippines. The said officials are hereby authorized to make such additional regulations as may be required, in their judgment, to carry out the restrictions contained in these regulations.*

§ 58.50 *Entry not permitted in special cases.* (a) Any alien, even though in possession of a permit to enter, or exempted under these regulations from obtaining a permit to enter, may be excluded temporarily if at the time he applies for admission at a port of entry it appears that he is or may be within one of the categories set forth in § 58.47. The official excluding the alien shall immediately report the facts to the head of his department, who will communicate such report to the Secretary of State. Any alien so temporarily excluded by an official of the Department of Justice shall not be admitted and shall be excluded and deported unless the Attorney General, after consultation with the Secretary of State, is satisfied that the admission of the alien would not be prejudicial to the interests of the United States. Any alien so temporarily excluded by any other official shall not be admitted and shall be excluded and deported unless the Secretary of State is satisfied that the admission of the alien would not be prejudicial to the interests of the United States.

(b) In the case of an alien temporarily excluded by an official of the Department of Justice on the ground that he is or may be within one or more of the categories set forth in § 58.47, no hearing by a board of special inquiry shall be held until after the case is reported to the Attorney General and such a hearing is directed by the Attorney General or his representative. In any special case the alien may be denied a hearing before a board of special inquiry and an appeal to the Board of Immigration Appeals if the Attorney General determines that he is within one of the categories set forth in § 58.47 on the basis of information of a confidential nature the disclosure of which would be prejudicial to the public interest.*

§ 58.51 *Procedure for issuance of permits to enter.* Applications for documents which are permits to enter under these regulations shall be made as provided by the rules and regulations applicable to the issuance of such documents and in accordance with the additional requirements for admission to the United States provided in these regulations. With the exceptions hereinafter specified, no permit to enter shall be issued until after the permit-issuing authority shall have received from the Secretary of State an advisory opinion or instruction recommending the issuance of a permit.*

§ 58.52 *Additional requirements for officials of foreign governments.* In addition to all other requirements, any official, employee, or agent of a foreign government proceeding to the United States temporarily as a tourist or on personal business or for pleasure, or proceeding through the United States to a foreign destination, must disclose in connection with his application for a permit to enter his official governmental position, status, or connection and must not engage while in the United States in any official activity on behalf of his government without first having been recognized by the Secretary of State, and he is hereby prohibited from engaging in any such activity in the United States unless and until he obtains a change of status from that of a visitor to that of an official on official business. Failure to disclose his official position, status, or connection in making application for a permit to enter, or engaging in any official business in the United States prior to such change of status, shall be punishable as a breach of these regulations.*

§ 58.53 *Additional requirements for aliens in transit.* In addition to all other requirements, an alien seeking admission in transit through the United States to a foreign destination by virtue of a transit certificate must submit to the Immigrant Inspector or to an officer acting in such capacity at the port of arrival three copies of his itinerary to the port of departure, one copy of which shall be transmitted immediately to the port of departure for verification of the transit journey and departure, and one copy to the Secretary of State. No deviation or delay in the transit journey will be permitted without the consent of the Secretary of State or the Attorney General.*

§ 58.54 *Additional requirements for alien seamen.* In addition to all other requirements, no non-resident alien seaman employed on any vessel arriving in the United States from any place outside thereof shall be granted shore leave or be permitted to go ashore in the United States except with the approval of the master and in the discretion of the immigration officials at the port of arrival acting under authority of the Attorney General. The period of shore leave granted a seaman shall not exceed that during which the vessel on which he arrived will remain in a port of the United States, unless the Attorney General, in his discretion, concurs in the granting of a longer period of shore leave.*

§ 58.55 *Exceptions from requirements of advisory opinions.* (a) Final action may be taken on applications for permits to enter without prior submission of applications to the Secretary of State, as provided in § 58.51 hereof, in the following classes of cases:

(1) Applicants for re-entry permits or the renewal thereof.

(2) Applicants for border-crossing identification cards who have been previously lawfully admitted into the United States for permanent residence.

(3) Applicants for non-resident border-crossing identification cards who are citizens and residents of Mexico, born therein or born abroad of a native Mexican father, and Canadian citizens or British subjects domiciled in Canada or Newfoundland.

(4) Applicants for any kind of permit to enter, who are native born citizens of the independent countries of the Western Hemisphere, citizens of Canada or Newfoundland, British subjects born or domiciled in any Western Hemisphere territory: *Provided*, Such persons are sufficiently known by or to the permit-issuing authoity to warrant a conclusion that the admission of the applicants would not be prejudicial to the interests of the United States (the wives and minor children of such persons, who have the same nationality status, may be included in this category regardless of the place of birth of such wives and children).

(5) Applicants for non-quota section 4 (a) immigration visas in whose behalf a relative petition (form 633) shall have been approved by the Department of Justice.

(6) Applicants for non-quota section 4 (b) immigration visas in Western Hemisphere countries.

(7) Applicants for transit certificates, who are proceeding to Canada or British territory in the Western Hemisphere and who have received advance permission to enter Canada or such British territory.

(8) Applicants for replace immigration visas who, because of their inability to procure passage or transportation to the United States, were unable to use their original immigration visas issued after July 1, 1941.

(9) Applicants for any kind of permit to enter, who are under 18 years of age, who have previously been lawfully admitted into the United States for either temporary or permanent residence, and who are applying in Western Hemisphere countries for permits to enter.

(10) *Bona fide* alien seamen included in crew-lists submitted for visas.

(11) Female applicants who were formerly American citizens and who have lost their citizenship by marriage to aliens.

(12) Native-born citizens of Iceland domiciled therein and natives of Greenland of Danish nationality domiciled in Greenland.

(13) Members of British military or naval forces who are recommended by their responsible superior officer.

(14) Officials of governments of the countries of the Western Hemisphere and British Government officials, the members of their families, and their attendants, servants and employees, accompanying them.

(15) The lawful wife and alien minor children of an alien Chinese merchant who have complied with the pre-investigation procedure prescribed by the applicable regulations of the Immigration and Naturalization Service governing admission of Chinese.

(16) Cases concerning which the Secretary of State shall have issued special instructions to the permit-issuing authority.

(b) Notwithstanding the aforesaid exceptions a permit-issuing authority may refer any application to the Secretary of State for an opinion or decision, if he deems it to be doubtful whether the applicant comes within one of the excepted classes or if he considers that there is a question whether the entry of an alien who comes within one of such classes would be likely to prejudice the interests of the United States. Officers of the Immigration and Naturalization Service will refer such cases to the Attorney General.*

§ 58.56 *Sponsorship of applicants.* (a) An applicant for a permit, not excepted under § 58.55 from the requirement of an advisory opinion, must be sponsored by citizens of the United States or by alien residents of the United States lawfully admitted for permanent residence. Supporting statements of sponsorship under oath in accordance with the requirements of form BC, prescribed pursuant to these regulations, shall be furnished to the Secretary of State. Husbands, wives, and their children under 18 years of age travelling together may be included in one form BC. Two letters of reference from reputable and responsible persons, preferably American citizens, who know the person or persons executing the form, must be attached thereto.

(b) Form BC shall consist of:

Part B. Biographical data. A statement executed under oath and containing biographical data concerning each applicant for a permit to enter.

Part C. Affidavit of support and sponsorship. If the applicant is not self-supporting, statements of two persons executed under oath and containing information concerning the affiants' identity and financial condition and their undertaking to support the applicant, shall be furnished in accordance with the requirements of part C of form BC. If the applicant is self-supporting, statements of two persons executed under oath shall be furnished in the space provided for an alternative statement in accordance with form BC.

(c) *Form K. Authorization to act as intermediary.* In the discretion of the Secretary of State a person who desires to act as attorney or other intermediary on behalf of a sponsor may be required to present form K, executed by the sponsor authorizing him to do so.*

§ 58.57 *Procedure in formulating advisory opinions.* (a) Form BC, when properly executed and received in the Department of State, shall be considered by an inter-departmental committee, together with all the documents attached thereto and all other information which may be available concerning the applicant for a permit to enter, his sponsors, and their references. The inter-departmental committee shall be composed of one representative of each of the State, War, and Navy Departments, and of the Federal Bureau of Investigation and the Immigration and Naturalization Service of the Department of Justice. Each member of the inter-departmental committee shall be permitted to express his opinion concerning the eligibility of the applicant to receive a permit to enter. Such opinions shall be recorded and shall be considered confidential. A majority opinion shall constitute the opinion of the committee.

(b) If the committee's opinion is that a permit to enter may be granted, and if such opinion is acceptable to the Secretary of State, it may be transmitted to the permit-issuing authority, thereby becoming the advisory opinion of the Department of State.

(c) If the committee's opinion is not acceptable to the Secretary of State, or if the opinion is that a permit to enter should not be issued, or if any member of the committee so requests, the opinion of the committee shall be referred to a committee of review, together with the complete record in the case. The committee of review shall be composed of one representative of each of the agencies named in paragraph (a) of this section. The committee of review shall consider the record forwarded from the inter-departmental committee and may allot a limited time for the appearance of an alien's sponsors or other interested persons, who may submit statements. The committee may make rules and regulations governing the appearance before it of sponsors, attorneys, agents, or other intermediaries. Statements made by persons appearing before the committee of review shall be under oath. After being duly sworn a sponsor shall answer any material interrogatories which may be addressed to him by the members of the committee. Confidential information in the possession of the committee shall not be disclosed to the sponsor or to his attorney, agent, or other intermediary.

(d) If the opinion of the committee of review is that a permit to enter may be granted, and if such opinion is acceptable to the Secretary of State, it may be transmitted to the permit-issuing authority, thereby becoming the advisory opinion of the Department of State.

(e) If the opinion of the committee of review is not acceptable to the Secretary of State, or if the opinion is that a permit to enter should not be issued, or if any member of the committee so requests, the opinion of the committee shall be referred to a board of appeals, together with the complete record in the case. The board shall be composed of two members appointed by the President. The board shall preserve the confidential character of any information in the record. Cases shall be considered and decided by the board of appeals solely upon the basis of the written record as made up in the committees. If the opinion of the board of appeals is not acceptable to the Secretary of State, or if the members of the board are unable to agree on any particular case, the Secretary of State may substitute his own opinion, which shall be final and shall be transmitted to the permit-issuing authority as the advisory opinion of the Department of State.

(f) Each member of the inter-departmental committee, committee of review, or board of appeals, shall, while the case of an applicant for a permit to enter is under consideration by his committee or board, express his opinion of the applicant's eligibility for entry solely with reference to one of the categories set forth in § 58.47 of these regulations, and in the case of an adverse opinion the particular category involved shall be specified and recorded. The record thereof shall be confidential, and only the recommendation of the committee or board, without the reasons therefor, shall be disclosed.

(g) The board of appeals may not reconsider any case until after the lapse of a period of six months from the date of the previous opinion of the board in the case concerned. The board shall have the power to remand any case to the committee of review or to the inter-departmental committee for investigation and reconsideration, without expressing an opinion concerning the case.

(h) If a permit-issuing authority who shall have received an advisory opinion from the Department of State is in possession of information which indicates that the entry of the alien concerned would be prejudicial to the interests of the United States as provided in § 58.47 hereof, action shall be suspended on the case and a full report shall be submitted to the Secretary of State. The permit-issuing authority shall thereafter be guided by any further advisory opinion received from the Secretary of State regarding the question whether the entry of the particular applicant for a permit to enter would be prejudicial to the interests of the United States under these regulations.*

§ 58.58 *Effective date.* These regulations shall become effective on December 1, 1941.*

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1003—TITANIUM PIGMENTS

General Preference Order M-44, to Conserve the Supply and Direct the Distribution of Titanium Pigments

National Defense requirements having created extraordinary and unforeseen demands for protective and technical coatings containing titanium pigments, and civilian demand for titanium pigments having been rapidly increasing in recent years so that existing productive plants have been operating at capacity, and

The total output of the titanium pigments industry being at present insufficient to meet the total of defense needs and existing civilian demand, due to the lack of sufficient production of titanium dioxide for use as pigment, and

Due to the said excess of demand over supply, it being necessary and appropriate in the public interest and to promote national defense to allocate titanium dioxide for use as pigment in the manner and to the extent in this Order provided:

Now therefore, it is hereby ordered, That:

§ 1003.1 *General preference order M-44.* (a) *Applicability of priorities regulation No. 1.* All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941, shall be deemed a part of this Order, except in so far as they are inconsistent herewith.

(b) *Additional definitions.* For the purposes of this Order:

(1) "Delivery" means, in addition to its regular meaning, a setting aside or earmarking.

(2) "Manufacturer" means a manufacturer using titanium pigment as one of his raw materials. Such term shall include a jobber previously handling titanium pigment for resale to manufacturers as defined in the first sentence hereof: *Provided, however,* That such jobbers shall be subject to the restrictions of paragraphs (e) and (g) hereof applicable to producers.

(3) "Month" means calendar month.

(4) "Producer" means any person producing titanium pigments.

(5) "Mandatory purchase order" means any order, the acceptance of which is compelled by any general regulation issued by the Director of Priorities, but does not include those placed under paragraph (e) (4) hereof.

(6) "Reserved quota percentage" means the percentage of each producer's production of titanium dioxide required by this Order to be set aside for the filling of mandatory purchase orders for titanium pigments and for specific allocation, as such percentage shall from time to time be prescribed by the Director of Priorities. Until further prescription such percentage shall be 20%.

(7) "Reserved titanium dioxide" means titanium dioxide set aside pursuant to this Order.

(8) "Titanium pigment" means any pigment containing commercial titanium dioxide either alone or admixed with or precipitated on inerts, extenders or opaque pigments.

(9) "Monthly average poundage" means the monthly average number of pounds of titanium dioxide content of pigments received by the manufacturer from all sources combined during the twelve months ended October 31, 1941, exclusive of mandatory purchase orders.

(10) "Basic monthly poundage" means the number of pounds of titanium dioxide content of pigments obtained by multiplying the monthly average poundage by a percentage equal to 100 minus the reserved quota percentage.

(11) "Proportionate basic monthly poundage" means the poundage of titanium dioxide content of pigments obtained by applying to the basic monthly poundage the proportion which a particular order to one producer for delivery in a specific month bears to the total of such manufacturer's orders placed with all sources of supply for delivery in the said month.

(c) *Assignment of preference ratings.* Every mandatory purchase order not otherwise rated is hereby assigned a rating of A-10.

(d) *Directions with respect to defense orders.* (1) On and after the effective date hereof, each producer shall set aside each day an amount of titanium dioxide for manufacture into pigment to fill mandatory purchase orders and for specific allocation equal to the reserved quota percentage of such producer's total daily production of titanium dioxide. Such titanium dioxide shall, so far as is practicable, be reserved in the types usually required for mandatory purchase orders.

(2) Each producer shall accept and fill mandatory purchase orders for titanium pigment or titanium dioxide received by him from his reserved titanium dioxide in the order of their respective preference ratings, until such producer has accepted mandatory purchase orders requiring delivery in any one month of pigments of titanium dioxide content equal to the then existing reserved quota percentage of such producer's estimated monthly production of titanium dioxide. Thereafter such producer shall report such facts by telegraph to the Protective and Technical Coatings Section, Office of Production Management. The said Section by telegraph will furnish such producer with the names and addresses of all other producers who have not so exhausted their supplies of reserved titanium dioxide for the said month, and will subsequently notify such producer by telegraph of the name and address of each other producer also exhausting his supplies of reserved titanium dioxide. Each succeeding mandatory purchase order received by such producer, regardless of the preference rating applicable thereto, may be returned promptly to the person tendering the same, together with copies of the telegrams received from the Office of Production Management, showing the names and addresses of all other producers who have not exhausted their supplies of reserved titanium dioxide; subject, however, to such manufacturer's right to elect to receive the amount of titanium pigment covered by such order out of the residual supply which he would be eligible to receive, under paragraph (e) (3) hereof.

(3) Whenever, in any month, producers of titanium pigments are notified that all producers have exhausted their supplies of reserved titanium dioxide as to any particular type of pigment, each producer shall thereafter fill all mandatory purchase orders received by him and requiring delivery in that month in accordance with the regulations applicable thereto, reducing deliveries upon his nonmandatory purchase orders pro rata.

(4) All reserved titanium dioxide set aside in any one month which has not been disposed of upon mandatory purchase orders or by specific allocation prior to the end of the month succeeding such month shall thereupon be immediately available for sale to any purchaser without restriction, subject only to § 944.14 of Priorities Regulation No. 1.

(e) *Directions with respect to residual supply.* (1) In the event that, after providing for his reserved titanium dioxide, any producer's residual supply shall be insufficient to fill all non-mandatory purchase orders accepted by him for delivery in such month, such producer shall prorate the residual monthly supply of titanium dioxide for manufacture into pigment among non-mandatory purchase orders accompanied by the certificate prescribed by subparagraph (2) (whether contract or spot customers) in proportion to the proportionate basic monthly poundages of the manufacturers placing such orders and shall deliver, subject, however, to § 944.14 of Priorities Regulation No. 1, such pro rata shares to or upon the order of such manufacturers.

(2) Except when such delivery has been specifically authorized and directed by the Director of Priorities, no producer shall sell or deliver any titanium pigment to or for the account of any manufacturer, nor shall any manufacturer purchase or accept delivery of any such pigment, unless such producer has first received from such manufacturer a certificate covering such manufacturer's monthly requirements for the month in which delivery is to be made. Such certificate shall be in the form or forms to be prescribed by the Director of Priorities, accompanied by such duplicates or copies thereof as the Director of Priorities may prescribe. Such certificate shall, among others things, set forth such manufacturer's proportionate basic monthly poundage with respect to such producer, together with such manufacturer's method of calculating it and shall set forth the amount of titanium pigments ordered for delivery in such month from all sources combined. No manufacturer shall order any additional amounts for delivery in such month without amending all certificates filed by him with respect to that month. The producer shall be entitled to rely upon any facts stated in any such certificate in the absence of actual knowledge to the contrary or of reason to doubt the accuracy of any of the facts stated therein.

(3) Any manufacturer who has a mandatory purchase order returned by a producer because such producer has exhausted his supply of reserved titanium dioxide and who has placed a civilian order with such producer which has been accepted in whole or in part in accordance with the provisions of this Order, shall be entitled to elect to receive the amount of titanium pigment covered by such mandatory purchase order out of the titanium pigment due him under his said civilian contract for use in filling such mandatory purchase order, in preference and priority over all non-mandatory purchase orders accepted by such producer.

(4) No producer shall refuse to accept any order from a manufacturer, who is a former customer of such producer and who meets such producer's regularly established credit terms, for delivery in such month of an amount of titanium dioxide in pigment form equal to or less than the said manufacturer's basic monthly poundage purchased from such producer.

(f) *Specific allocations.* Specific allocations of reserved titanium dioxide may be made by the Director of Priorities from time to time to manufacturers caused undue hardship by the operation of this Order, or to manufacturers who are not able to certify a basic monthly poundage by reason of lack in whole or in part of a prior purchase record, and who establish that the use of titanium dioxide or titanium pigments by them is necessary and appropriate in the public interest. Such manufacturers may, in the discretion of the Director of Priorities, be assigned a basic monthly poundage for a limited period or periods of time in lieu of a specific allocation. Applications for allocations of reserved titanium dioxide, or for the assignment of a basic monthly poundage, under this paragraph shall be made in the manner and upon the form or forms prescribed by the Director of Priorities.

(g) *Reports.* Every producer shall, within fifteen (15) days after the end of each month, report to the Office of Production Management the amount of titanium dioxide produced by him, the amount of mandatory purchase orders filled by him in such month, the amounts of titanium dioxide in pigment form delivered on specific allocation, the amount of reserved titanium dioxide remaining on hand, and a summary tabulation of all certificates filed with such producer covering such month by manufacturers pursuant to paragraph (e) (2). Such report shall be accompanied by one complete set of the said certificates, arranged alphabetically by manufacturers.

(h) *Additional sanctions.* Any manufacturer or producer who knowingly participates in an unauthorized delivery of titanium pigment, or who otherwise violates the provisions of this Order, or who makes a material misstatement in a certificate or in any other statement or report required hereunder, may, in addition to the other penalties provided therefor, be prohibited by the Director of Priorities from obtaining further deliveries of material subject to any General Preference, Allocation or Limitation Order.

(i) *Effective date.* This Order shall take effect at the opening of business, December 1, 1941. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress Third Session)

[Docket No. B-61]

IN THE MATTER OF C. LEROY HOLBEIN, DOING BUSINESS AS HOLBEIN COAL CO., DEFENDANT

AMENDMENT TO NOTICE OF AND ORDER FOR HEARING

A complaint dated September 26, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 29, 1941, a Notice of and Order for Hearing on said complaint having been entered herein on October 28, 1941,[1] and an amended complaint dated October 31, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 having been duly filed on November 4, 1941, by the Bituminous Coal Producers Board for District No. 4, a District Board, complainant, with the Bituminous Coal Division alleging wilful violations by the defendant of the Bituminous Coal Code or rules and regulations thereunder:

It is hereby ordered, That said Notice of and Order for Hearing dated October 28, 1941, be and the same is hereby amended by adding thereto at the end thereof after the paragraph numbered 2

[1] 6 F.R. 5539.

an additional paragraph numbered 3 reading as follows:

3. That said defendant wilfully violated the provisions of the Code and the Effective Minimum Prices, (a) by selling during the months of February and March, 1941, to the Ohio Power Company for railroad shipment to its plant at Philo, Ohio in Market Area 14 approximately 7,395.60 net tons of mine run coal crushed to 2" produced at its mine, Mine Index No. 66, located in Perry County, Ohio at the price of $1.40 per net ton f. o. b. the mine; and (b) by selling on March 1, 1941 to the Lima Locomotive Works, Inc., for rail shipment to its plant at Lima, Ohio in Market Area 15, approximately 70.8 net tons of mine run coal crushed to 2" produced at its said mine at the price of $1.75 per net ton f. o. b. the mine, whereas the Effective Minimum Prices for such coal was at said time and now is $1.55 per net ton f. o. b. the mine when shipped into Market Area 14 and $1.90 per net ton f. o. b. the mine when shipped into Market Area 15. The said sales, therefore, were in violation of section 4 II (e) of the Act and Part II (e) of the Code.

It is further ordered, That except as hereinabove specifically amended, said Notice Of and Order for Hearing dated October 28, 1941, shall in all other respects remain in full force and effect.

Dated: November 18, 1941.

FEDERAL TRADE COMMISSION.

[Docket No. 4636]

IN THE MATTER OF BISSELL CARPET SWEEPER COMPANY

COMPLAINT

The Federal Trade Commission, having reason to believe that Bissell Carpet Sweeper Company, a corporation, has violated and is violating the provisions of section 2 (a) of the Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, as amended (U.S.C. title 15, section 13), hereby issues its complaint, charging as follows:

PARAGRAPH 1. The respondent, Bissell Carpet Sweeper Company, is a corporation organized, existing and doing business under and by virtue of the laws of the State of Michigan, with principal office and place of business located at Grand Rapids, Michigan.

PAR. 2. Respondent is engaged in the business of manufacturing and selling certain hand operated mechanical devices commonly known as carpet sweepers. In the course and conduct of its said business respondent transports said carpet sweepers or causes them to be transported, and sells the same to be transported, from its factory at Grand Rapids, in the State of Michigan, to purchasers thereof located in other States of the United States; and respondent is, and at all times herein mentioned has been, engaged in trade and commerce in said merchandise between Michigan and most of the other States of the United States. Said carpet sweepers are sold by respondent for use, consumption or resale within the United States.

PAR. 3. During 1940 respondent manufactured and sold some fifteen or sixteen different models of carpet sweepers (exclusive of toy sweepers), its list prices therefor ranging from $23.00 to $60.00 a dozen. A copy of respondent's price list, effective September, 1940, is annexed hereto and made a part hereof, marked "Exhibit A". Sales are made on terms f. o. b. respondent's factory at Grand Rapids, Michigan. Pursuant to such sales the sweepers sold are shipped by respondent, or delivered to the carrier by it for shipment, to its customers in all parts of the United States. Respondent sells its said sweepers directly to several thousand retail resellers located in cities and towns throughout the United States. Respondent also sells said sweepers to several hundred wholesalers or jobbers, located chiefly in the larger cities of the United States, who resell said sweepers to retailers in their respective trading areas.

PAR. 4. In the course and conduct of its said business, respondent enters into contracts with the various retailers to whom it sells its carpet sweepers, said contracts setting forth the terms of sale of such sweepers, effective for a period of twelve months from date of first shipment thereunder. Copies of the blank forms used for such contracts with Eastern retailers in 1939 and 1940 are annexed hereto and made a part hereof, marked "Exhibit B," and "Exhibit B,". Prices charged retailers vary, the price depending upon the quantity of sweepers purchased by the retailer during the twelve month period, according to the following schedule of discounts:

List price less 3% on total purchases of 3 dozen to 5 dozen.
List price less 6% on total purchases of 5 dozen to 10 dozen.
List price less 12% on total purchases of 10 dozen to 25 dozen.
List price less 13% on total purchases of 25 dozen to 50 dozen.
List price less 14% on total purchases of 50 dozen to 100 dozen.
List price less 15% on total purchases of 100 dozen or more.

These discounts are applied upon all grades of sweepers (other than toy sweepers), and in all sales territories throughout the United States, subject to a 2% cash discount available to all customers and certain freight allowances on individual shipments made uniformly to all customers in a given territory. Said discounts are extended to some retailers at billing, to other retailers by remittance or credit at the end of the twelve month period, and to others partly at billing and partly at the end of the twelve-month period. Regular retailer customers whose purchases amount to ten dozen or more sweepers per year are usually allowed the quantity discount at billing, the amount of the discount being based upon the quantity of sweepers purchased by the customer during the preceding year or years. Retailers whose average annual purchases of respondent's sweepers are less than ten dozen per year frequently are allowed no quantity discount at billing, this being true in most cases as to customers purchasing less than five dozen sweepers per year.

PAR. 5. In many cities and towns throughout the United States, retailers purchasing carpet sweepers from respondent at list price, and retailers purchasing the same at list price less a discount of 6% or less, as described in paragraph 4 hereof, are engaged in competition in the resale of said carpet sweepers with other retailers purchasing sweepers of the same model, grade and quality from respondent at list price less discounts ranging from 12% to 15%.

PAR. 6. Respondent sells its carpet sweepers to certain other retail resellers, classified by it as "hotel and janitor supply houses", located chiefly in the larger cities. Sales to customers so classified are made at list price less a discount of 12% deducted at billing, regardless of quantity purchased, and an additional discount of 1%, 2% or 3% allowed at the end of each twelve month period if the customer's purchases during the period reach 25 dozen, 50 dozen or 100 dozen. Said customers are engaged in competition, actual or potential, in the resale of said sweepers at retail with other customers of respondent who purchase said sweepers at list price less discounts at 6% or less, or at no discount, as described in paragraph 4 hereof.

PAR. 7. Respondent sells its carpet sweepers to its jobber or wholesaler customers at list price less a discount of 20%, regardless of quantity purchased. It is respondent's practice, in the course and conduct of its business as aforesaid, to enter into annual agreements with said jobbers, a copy of the blank form of agreements used by respondent in contracting with Eastern jobbers being annexed hereto and made a part hereof, marked "Exhibit C". By said agreement the jobber agrees not to sell sweepers bearing respondent's name or trade mark at less than respondent's list prices. Similar agreements are entered into by respondent with all of its jobber customers in some forty-four States of the United States where such resale price maintenance agreements are not prohibited by statute. By means of such agreements respondent fixes and prescribes its list prices as the minimum wholesale prices at which sweepers manufactured by it may be sold to retailers by jobbers and others in the states where such agreements are in effect. A large number of retailers dealing in respondent's sweepers, in the various trading areas where respondent's jobber customers are located and do business, are compelled to purchase their supply of such sweepers from jobbers, and are not permitted by respondent to purchase sweepers from it direct. Respondent has notified its jobber customers from time to time that it will refuse to sell to any jobber who resells sweepers purchased from respondent at less than respondent's list prices. A copy of such a letter sent by respondent to jobbers in 1938 is annexed hereto and made a part hereof, marked "Exhibit D".

PAR. 8. By the practices and policies described in Paragraph 7 hereof, respondent has been and is discriminating in price between retailers who purchase respondent's sweepers directly from respondent at list prices less the discounts described in Paragraph 4 hereof, and other retailers dealing in said sweepers who purchase the same from jobbers or other sources in the forty-four states above mentioned. Respondent's sweepers which it sells to jobbers are the same models, and as to each model, are of the same grade and quality as the sweepers which it sells direct to retailers, except that in some instances a new model may be sold to retailers before it is offered for sale to jobbers. Retailers purchasing said sweepers from respondent at discounts ranging from 3% to 15% off list price are engaged in competition in the resale thereof in many cities and towns with retailers who are compelled to and do obtain their supply of said sweepers from jobbers at respondent's list prices.

PAR. 9. The effect of respondent's discrimination in price between purchasers of carpet sweepers manufactured and sold by it, as described in Paragraphs Four, Six, Seven and Eight hereof, has been and may be to injure, destroy and prevent competition with respondent's retailer customers who are granted the benefit of such discrimination.

Wherefore, the premises considered, the Federal Trade Commission on this 14th day of November, A. D. 1941, issues this its complaint against said respondent.

NOTICE

Notice is hereby given you, Bissel Carpet sweeper Company, respondent herein, that the 19th day of December, A. D., 1941, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission

in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If the respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission, may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 14th day of November, A. D. 1941.

By the Commission.

Re: Prices for 1938. Resale Price Protection Under "Fair Trade" Laws

GENTLEMEN: We believe you will welcome this announcement that minimum retail prices of Bissell Sweepers have already been or are now being definitely established in your State and others by contracts containing an agreement that Bissell Sweepers shall not be sold at less than the prices shown in our printed price lists.

These contracts are made under the provisions of the Federal Tydings-Miller Law, and the various State "Fair Trade" Laws, most of which stipulate that non-signers of such contracts are as fully obligated to maintain the correct prices as are those who have specifically signed the contracts, provided suitable notice has been given, which is the purpose of this letter.

This wholesome policy will be supported by refusing to sell to those who fail to observe such established prices and otherwise as these laws provide. We are glad to be able to give this better protection to that 99% or more of Bissell Dealers who have always approved and observed our published prices.

Copies of our present retail price list are enclosed for your records and sales floor.

There will be no change in Bissell prices for at least the first six months of 1938. It is our usual custom to announce prices for not more than six months in advance.

Very truly yours,

[Docket No. 4637]

CRANBERRY CANNERS, INC., A CORPORATION

COMPLAINT

The Federal Trade Commission having reason to believe that the party respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (d) of section 2 of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. title 15, Section 13), hereby issues its complaint stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent Cranberry Canners, Inc., is a corporation organized and existing under the laws of the State of Delaware, with its principal office and place of business located at South Hanson, Massachusetts.

PAR. 2. Respondent is now and has been since June 19, 1936 engaged in the business of packing, offering for sale, selling and distributing cranberry juice and cranberry juice cocktail. Respondents sell and distribute said products in commerce between and among the various states of the United States, and as a result of said sales cause said products to be shipped and transported from the place of origin of the shipment to the purchasers thereof who are located in the various states of the United States other than the state of origin of the shipment. There is and has been, at all times mentioned, a continuous current of trade and commerce in the said products across state lines between respondent's principal place of business and the purchasers of said products. Said products are sold and distributed principally to wholesale and jobbing outlets of groceries and food supplies.

PAR. 3. In the course and conduct of said business, as described herein, respondent, since June 19, 1936, has been and is now contracting to pay and paying to some of its customers, as part of the consideration in sales to such customers, an advertising allowance which is computed variously at 2½% of purchase price of respondent's product, at $240 and $300 per year, and at 12¢ per retail outlet served by a jobber, for the benefit of such customers without making such payments available on proportionally equal terms to other of its customers competing with such favored customers in the distribution of respondent's product.

Typical of the practices herein complained of is the following:

In the trading area represented by the City of Philadelphia, Pennsylvania, are located in excess of fifty jobbers, wholesalers and dealers in groceries and food products who deal in respondent's product. Many of these dealers purchase respondent's product under a brand name represented by their privately owned label. Located in the City of Philadelphia, Pennsylvania are the Quaker City Wholesale Grocery Co., which received from respondent the sum of $228.00, equivalent to 3.8¢ per case purchased, for the year 1940 as payment for advertising services in connection with the sale and offering for sale of respondent's cranberry sauce under the private brand name "Penn Treaty"; the firm of Alfred Lowry & Brother, which received from respondent for the year 1940 the sum of $195.70, equivalent to 4.9¢ per case purchased, as payment for advertising services in connection with the sale and offering for sale, of respondent's cranberry sauce, under the private brand name "Tarton"; William B. Mackey doing business under the firm name of H. Kellogg & Sons, who received from respondent for the year 1940 the sum of $240.00, equivalent to 6¢ per case purchased, as payment for advertising services in connection with the sale and offering for sale, of respondent's cranberry sauce under the private brand name "Kellogg"; and William Montgomery Company, which received from respondent for the year 1940 the sum of $300.00, equivalent to 6¢ per case purchased, as payment for advertising services, in connection with the sale and offering for sale of respondent's cranberry sauce under the private brand "Montco."

In the city of Philadelphia are located the following jobbers, wholesalers and dealers, customers of respondent, engaged in selling respondent's product, cranberry sauce, under privately owned brand names: Ely E. Davis, trading as Githens Rexsamer & Company, who purchases said product under the brand name "Herald Brand"; Perloff Brothers, who purchase said products under the brand name "Perlo"; L. H. Parke Company, which purchases said product under the brand name "Parke Brand"; and Richmond Grocery Company, which purchases said product under the brand name "Richmond Brand." These firms purchased large quantities of respondent's product during the year 1940 and did not receive any payment for advertising allowance, and such payment for advertising was not made available to them during the year 1940, nor during any year or season since June 19, 1936 in the course of their dealings with respondent.

PAR. 4. The payment and contracts for payment to four of its competing Philadelphia customers of sums of money in consideration for advertising services furnished in connection with the sale and offering for sale, of its product, without making such payments available on proportionally equal terms to such customers; and the granting to some of its customers of sums of money upon certain terms in consideration for advertising services furnished in connection with the sale and offering for sale of its product, while at the same time not making available such payments upon any terms whatsoever to other of its customers competitively engaged with those customers who are granted such payments, is in violation of the provisions of subsection (d) of Section 2, of the Act described in the preamble hereof.

Wherefore the premises considered, the Federal Trade Commission on this 14th day of November, A. D. 1941, issues its complaint against said respondent.

NOTICE

Notice is hereby given you, Cranberry Canners, Inc., a corporation, respondent herein, that the 19th day of December, A. D. 1941, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with

the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows):

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true, and if in the judgment of the Commission such facts admitted constitute a violation of law or laws as charged in the complaint, to make and serve findings as to the facts and an order to cease and desist from such violations. Upon application in writing made contemporaneously with the filing of such answer, the respondent, in the discretion of the Commission, may be heard on brief, in oral argument, or both, solely on the question as to whether the facts so admitted constitute the violation or violations of law charged in the complaint.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 14th day of November, A. D. 1941.

By the Commission.

IN THE MATTER OF KENTUCKY UTILITIES COMPANY, KENTUCKY POWER & LIGHT COMPANY, THE MIDDLE WEST CORPORATION, AND UNITED PUBLIC SERVICE CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

Applications and declarations having been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Kentucky Utilities Company, Kentucky Power & Light Company, The Middle West Corporation and United Public Service Corporation; and

Such applications and declarations concerning the following:

Kentucky Utilities Company, a public utility subsidiary of The Middle West Corporation, a registered holding company, proposes to purchase from United Public Service Corporation, a registered holding company subsidiary of The Middle West Corporation, a promissory note of Kentucky Power & Light Company, a public utility subsidiary of United Public Service Corporation, said note being payable to United Public Service Corporation in the principal amount of $1,200,000 due April 1, 1942. Kentucky Utilities Company also proposes to purchase from United Public Service Corporation 16,000 shares of common stock of the par value of $50 per share of Kentucky Power & Light Company held by United Public Service Corporation. Kentucky Utilities Company proposes to pay for such acquisitions the sum of $1,100,000, plus accrued interest on said note to the date of delivery and payment.

Upon consummation of such acquisitions Kentucky Utilities Company will hold all the outstanding securities of Kentucky Power & Light Company except its First Mortgage 5½% Gold Bonds, Series A and Series B, outstanding in the principal amount of $1,207,400, and Kentucky Utilities Company proposes to acquire all the property and assets of Kentucky Power & Light Company subject to the liabilities of such company, including said outstanding bonds, in exchange for the securities of Kentucky Power & Light Company to be held by Kentucky Utilities Company.

Kentucky Utilities Company proposes to sell to The Middle West Corporation 31,429 shares of its common stock without par value at their stated value of $35 per share, or $1,100,015 in the aggregate, the proceeds thereof to be used by Kentucky Utilities Company in consummating the acquisition of the securities of Kentucky Power & Light Company from United Public Service Corporation.

Kentucky Utilities Company proposes to sell at private sale $1,000,000 principal amount of its First Mortgage Bonds, Series of 1970, 4% due January 1, 1970, the proceeds of such sale to be used together with general funds of Kentucky Utilities Company to the extent necessary to effect the retirement of the outstanding bonds of Kentucky Power & Light Company by the payment at their maturity on April 1, 1942 of such bonds of Series A outstanding in the principal amount of $755,500 and the redemption on March 1, 1942 at 101¼ of such bonds of Series B outstanding in the principal amount of $451,900.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said declarations and applications, and that said declarations shall not become effective or said applications be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth:

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the Rules of the Commission thereunder be held on December 8, 1941 at 10 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why the declarations as filed shall become effective;

It is further ordered, That James G. Ewell, or any other officer or officers of the Commission designated by it for that purpose, shall preside in the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice;

It is further ordered, That, without limiting the scope of issues presented by said applications and declarations as filed or as amended, particular attention will be directed at said hearing to the following matters and questions:

1. Whether it is necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the privisions of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders thereunder, to impose any conditions regarding the consideration to be received for such sale, the maintenance of competitive conditions, fees and commissions, accounts, disclosure of interest, and similar matters with respect to the sale by United Public Service Corporation to Kentucky Utilities Company of the securities of Kentucky Power & Light Company.

2. The facts and circumstances concerning the ownership of the notes and common stock of Kentucky Power & Light Company by United Public Service Corporation.

3. Whether the accounting entries to be made in connection with any or all of such proposed transactions comply with the requirements of the Public Utility Holding Company Act of 1935 and all rules and regulations promulgated thereunder.

4. Whether the fees proposed to be paid for any or all services to be performed in connection with any of such transactions are or are not reasonable.

5. Whether the terms and conditions of any or all of the proposed transactions are detrimental to the public interest or the interest of investors or consumers.

6. Whether terms and conditions are necessary to be imposed to insure compliance with the requirements of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders promulgated thereunder.

7. Whether all actions proposed to be taken comply with the requirements of such Act and rules, regulations or orders promulgated thereunder.

Notice of such hearing is hereby given to such declarants or applicants and to any other person whose participation in such proceeding may be in the public interest and for the protection of investors and consumers, and it is particularly given to the stockholders of United Public Service Corporation.

It is further ordered, That such notice shall be given further by general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935. Further notice shall be given to all persons by publication in the FEDERAL REGISTER, not later than fifteen days prior to the date hereinbefore fixed for the hearing, of a copy of this Notice of and Order for Hearing.

It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect to the Commission on or before the fourth day of December, 1941.

By the Commission.

IN THE MATTER OF CENTRAL ILLINOIS PUBLIC SERVICE COMPANY

ORDER POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of November, A. D. 1941.

The Commission having on October 16, 1941, issued its Notice of and Order for Hearing in the above entitled matter pursuant to the provisions of sections 11 (b) (2) and 15 (f) of the Public Utility Holding Company Act of 1935, directing that a hearing be held on November 24, 1941, at 10 A. M. in the offices of the Commission with reference to the allegations of the said Notice of and Order for Hearing; and

Central Illinois Public Service Company having requested that the date for the hearing as above be postponed because, by reason of prior engagements of counsel for the respondent, additional time will be required for preparation for the said hearing; and

It appearing to the Commission that the request made to the Commission by the respondent is not unreasonable and may appropriately be granted;

It is ordered, That the date set for the hearing in the above matter by the said Order of October 16, 1941, be and the same hereby is postponed to Wednesday, December 10, 1941, at 10 o'clock in the forenoon at the same time and before the same officer of the Commission specified in the Commission's Order of October 16, 1941.

By the Commission.

IN THE MATTER OF CENTRAL MAINE POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its

office in the City of Washington, D. C., on the 21st day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested party may, not later than December 6, 1941, at 1:15 P. M., E. S. T., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application may become effective as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application which is on file in the office of said Commission for a statement of the transactions therein proposed which are summarized below:

Central Maine Power Company, a subsidiary of Northern New England Company and of New England Public Service Company, registered holding companies, proposes to issue and sell $1,000,000 principal amount of First and General Mortgage Bonds, Series L 3½% due 1970, to Aetna Life Insurance Company and to New England Mutual Life Insurance Company at the price of 111 percent of the principal amount thereof plus accrued interest from October 1, 1941. The company has agreed to pay $2,500 to Coffin & Burr, Incorporated, for services rendered or to be rendered in effecting the sale of these bonds.

The application recites that the issue and sale of these bonds will be expressly authorized by the Public Utilities Commission of Maine and that the funds to be derived from such sale are necessary due to commitments for construction.

The application recites that the company considers section 6 (b) of said Act as being applicable to such transaction and also requests exemption from the provisions of Rule U-50, pursuant to paragraph (4) or (5) thereof.

By the Commission.

IN THE MATTER OF CRESCENT PUBLIC SERVICE COMPANY, AND EMPIRE SOUTHERN SERVICE COMPANY

ORDER GRANTING APPLICATION PURSUANT TO SECTION 10 AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 19th day of November, A. D. 1941.

The above-named persons having filed an application and declarations pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 10, 12(c) and 12 (f) thereof and Rules U-42 and U-43 thereunder with respect to a transaction wherein Crescent Public Service Company proposes to acquire $87,500 principal amount of its Collateral Trust 6% Income Bonds, Series B, due October 1, 1954, and 2,055 shares of its Common Stock, $1 par value, from Empire Southern Service Company, its wholly-owned subsidiary company; and

Said application and declarations having been filed on October 7, 1941, and certain amendments thereto having been filed, the last of said amendments having been filed on November 15, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23, promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declarations within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above-named persons having requested that the said application, as amended, be granted, and that said declarations, as amended, become effective as promptly as possible; and

The Commission finding with respect to said application, as amended, under section 10 of the Act, that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) and that the transaction involved has the tendency required by section 10 (c) (2), and finding with respect to said declarations, as amended, pursuant to Rules U-42 and U-43 that the requirements of sections 12 (c) and 12 (f), respectively, of said Act are satisfied, and being satisfied that the effective date of such declarations, as amended, and the date of granting such application, as amended, should be advanced:

It is hereby ordered, Pursuant to Rule U-23 of said Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid application, as amended, be and hereby is granted, and that the aforesaid declaration, as amended, be and hereby are permitted to become effective forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

ORDER GRANTING APPLICATION NO. 4 RELATING TO TRANSACTIONS INCIDENTAL TO DISSOLUTION OF UNITED AMERICAN COMPANY

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

The United Light and Power Company, The United Light and Railways Company, United American Company (all registered holding companies) and United Power Manufacturing Company, a subsidiary of The United Light and Railways Company, having jointly and severally filed herein Application No. 4 pursuant to the Public Utility Holding Company Act of 1935, particularly sections 11 (b), 9 (a), 10 and 12 (c), (d) and (f) thereof and Rules U-42, U-43, U-44 and U-46 thereunder, regarding the following proposed transactions:

1. United American Company proposes to transfer all of its assets which consist chiefly of 558,864 shares of common stock, par value $25.00 per share, of American Light & Traction Company and $1,552,000 principal amount of 6% debentures of United Power Manufacturing Company, to The United Light and Railways Company.

2. The United Light and Railways Company proposes to surrender to United American Company for cancellation all of the latter's outstanding stock consisting of 100 shares; and all of the indebtedness of the United American Company to The United Light and Railways Company which is in the form of an open account for cash advanced in the amount of $26,872,970 plus accrued interest which at September 30, 1941 amounted to $557,165.46.

3. Thereafter United American Company will be dissolved in accordance with the laws of the State of Delaware under which it was organized.

4. United Power Manufacturing Company proposes to transfer to the United Light and Railways Company 77,596 shares of 6% preferred stock of American Light & Traction Company in exchange for the surrender by The United Light and Railways Company to United Power Manufacturing Company for cancellation of $1,552,000 principal amount 6% debentures of United Power Manufacturing Company which debentures will be acquired by The United Light and Railways Company upon the liquidation of United American Company, as above described.

Said application having been filed on October 29, 1941 and notice of said filing having been duly given as required by the Act and applicable rules of the Commission, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The applicants having requested that an order be entered granting said application on the fifteenth day after the filing thereof; and

United Power Manufacturing Company having requested that it be made a party to these proceedings to the extent necessary to entitle it to join in this application and to secure authority of the Commission in these proceedings to consummate the aforedescribed transactions in which it has an interest; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application pursuant to sections 12 (c), (d) and (f) of the Act and Rules U-42, U-43, U-44 and U-46 thereunder, and the applicants having consented in writing to the reservation of jurisdiction hereinafter provided for; and

The Commission finding with respect to said application under section 10 of said Act, that no adverse findings are necessary under section 10 (b) and section 10 (c) (1) of said Act and that the transactions involved have the tendency required by section 10 (c) (2) of said Act; and

The Commission finding that the transactions described in paragraphs numbered 1 to 4 inclusive herein are necessary to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, 49 Stat. 820, (U.S.C., Sup. V, Title 15, 879k (b)) and to comply with the applicable provisions of our order of March 20, 1941. (Holding Company Act Release No. 2636)

It is hereby ordered, Pursuant to the applicable provisions of said Act and the applicable rules thereunder, subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be and the same is hereby granted.

Our approval of the application is, however, expressly subject to a reservation of jurisdiction by this Commission with respect to the final accounting entries to be placed upon the books of The United Light and Railways Company to record the receipt of the American Light & Traction Company securities and the amount at which such securities shall be recorded on the books of The United Light and Railways Company.

It is further ordered, That United Power Manufacturing Company be made a party to this proceeding for the purpose necessary to effectuate the aforedescribed transactions in which it has an interest.

By the Commission, Judge Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

IN THE MATTER OF FEDERAL LIGHT & TRACTION COMPANY, RAWLINS ELECTRIC COMPANY, SHERIDAN COUNTY ELECTRIC COMPANY, AND THE TRINIDAD ELECTRIC TRANSMISSION, RAILWAY & GAS COMPANY

SUPPLEMENTAL ORDER WITH RESPECT TO CHANGES IN INDENTURES PROVISIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 19th day of November, A. D. 1941.

The Commission having, by order entered November 6, 1941, permitted, among other things, declarations pursuant to Section 7 of the Public Utility Holding Company Act of 1935 to become effective regarding the issue and sale by Rawlins Electric Company and Sheridan County Electric Company of 3½% First Mortgage Bonds due 1966 to John Hancock Mutual Life Insurance Company, and, by virtue of Rule U-24, having reserved jurisdiction to pass upon any modifications of the terms and conditions of any document previously submitted to the Commission with reference thereto; and

Rawlins Electric Company and Sheridan County Electric Company having on November 18, 1941, requested that the Commission enter an order permitting the making of certain modifications of the indentures securing said bonds which they state are required by the chattel mortgage laws of the State of Wyoming; and

It appearing to the Commission that the modifications of the indentures as proposed are not such as to require any change in the Commission's order of November 6, 1941;

It is ordered, That the jurisdiction reserved by the Commission is hereby released with respect to the proposed modifications.

By the Commission.

EXECUTIVE ORDER

DIRECTING THE FEDERAL WORKS ADMINISTRATOR TO TAKE POSSESSION OF AND OPERATE A CERTAIN PROJECT OF THE GRAND RIVER DAM AUTHORITY

WHEREAS Grand River Dam Authority of Vinita, Oklahoma, is the holder of a license (Project No. 1494) under the Federal Power Act (41 Stat. 1063) and is constructing, maintaining and operating a project (as defined in said Act) under such license in the State of Oklahoma; and

WHEREAS, in my opinion, the safety of the United States demands that the United States enter upon and take possession of such project for the purposes and time, and upon the conditions hereinafter stated; and

WHEREAS I have, simultaneously with this order, issued an order addressed to Grand River Dam Authority, reading as follows:

TO: GRAND RIVER DAM AUTHORITY,
VINITA, OKLAHOMA

Pursuant to section 16 of the Federal Power Act, I hereby order and direct that the project now being constructed, maintained, and operated by you in the State of Oklahoma under a license (Project No. 1494) held by you under the Federal Power Act, be surrendered to, and entered upon, taken possession of, managed, and operated by the Federal Works Administrator, acting for and on behalf of the United States, through such person or persons as he may designate, for the reasons, the purposes, and the time, and upon the conditions set forth in the Executive Order issued by me simultaneously with this order, a copy of which Executive Order is attached as a part of this order.

NOW, THEREFORE, by virtue of the power vested in me by the Constitution and the statutes of the United States, and particularly by section 16 of the Federal Power Act, it is hereby ordered as follows:

1. The Federal Works Administrator, acting for and on behalf of the United States, through such person or persons as he may designate, is hereby authorized and directed immediately to enter upon, and take possession of, manage, and operate, the project above mentioned for the purpose of generating and supplying power for the manufacture of explosives or munitions of war or otherwise necessary to the safety and defense of the United States, and for other purposes involving the safety of the United States.

2. The Federal Works Administrator shall retain possession, management, and control of said project until such time as it shall appear to the President that further retention of the project by the United States is unnecessary for the accomplishment of the above-stated purposes, and, thereupon, shall restore possession and control of the project to the party or parties then entitled thereto.

3. The Federal Works Administrator shall pay just and fair compensation for the use of the property of the Authority as may be fixed by the Federal Power Commission upon the basis of a reasonable profit in time of peace, and shall also pay the cost of restoring the property to as good condition as existed at the time of the taking over thereof, less the reasonable value of any improvements that may be made by the United States and which are valuable and serviceable to the licensee.

4. The Federal Works Administrator may employ, without compliance with the requirements of the Civil Service Rules, such personnel as may be necessary to carry out the provisions of this order, and may exercise any existing contractual or other rights of the Authority, and take such other steps as may be necessary to carry out the provisions of this order.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Special Regulation, Civil Air Regulations]

PART 40—AIR CARRIER OPERATING CERTIFICATION

PART 61—SCHEDULED AIR CARRIER RULES

TEMPORARY ROUTE AUTHORIZATION DURING RCAF MANEUVERS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of November 1941.

It appearing that: (a) The Royal Canadian Air Force proposes extensive maneuvers to be held within a large area covering the southern portion of Ontario, Canada, beginning approximately November 10, 1941, for an undetermined period of time, which will jeopardize the safety of American air carrier aircraft operating within that area;

(b) The air carrier which is authorized to operate over this area may safely conduct scheduled operations along a suitable temporary alternate route;

(c) Parts 40 and 61 of the Civil Air Regulations prohibit air carriers from operating over such temporary alternate route unless route test flights have been made, and the pilots and aircraft dispatchers used have demonstrated route competency;

The board finds that: Its action is in the public interest and in the interest of safety of air transportation;

Now therefore, The Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601, and 604 of said Act, makes and promulgates the following Special Regulation:

Notwithstanding the provisions of Parts 40 and 61 of the Civil Air Regulations which deal with airway route requirements, pilot and aircraft dispatcher route competency, and the amending of air carrier operating certificates and competency letters, the schedule air carrier, which has been issued an air carrier operating certificate authorizing operations over the area in which the Royal Canadian Air Force is conducting maneuvers in the southern portion of Ontario, Canada, may conduct from November 21, 1941, to February 1, 1942, inclusive, scheduled day and night contact and instrument operations over such temporary route, with such facilities and personnel, in accordance with such procedures and practices established by the Administrator for this operation as the Administrator may deem sufficient to protect the safety of air transportation.

By the Civil Aeronautics Board.

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 4270]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF FEDERAL SALES COMPANY

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of candy or any any other merchandise, (1) selling, etc., candy or any other merchandise so packed and assembled that sales thereof to the public are to be, or may be, made by means of a game of chance, gift enterprise or lottery scheme; (2) supplying, etc., others with assortments of candy, for ultimate sale to the public, composed of individually wrapped pieces of candy of uniform size and shape but of different colors, such colors being effectively concealed, together with articles of merchandise which are to be, or may be given as prizes to purchasers procuring pieces of said candy of a particular color; (3) supplying, etc., others with any device which is to be, or may be, used in the sale or distribution of respondent's candy or other merchandise to the public by means of a game of chance, gift enterprise or lottery scheme; and (4) selling, etc., any merchandise by means of a game of chance, gift enterprise or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Federal Sales Company, Docket 4270, November 14, 1941]

In the Matter of John Shapiro, Individually and Trading as Federal Sales Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 14th day of November, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission (no answer having been filed by respondent), testimony and other evidence taken before Andrew B. Duvall, trial examiner of the Commission theretofore duly designated by it, in support of the allegations of the complaint (no testimony or other evidence being offered in opposition thereto), report of the trial examiner upon the evidence, and brief in support of the complaint (no brief having been filed by respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, John Shapiro, individually and trading as Federal Sales Company, or trading under any other name, his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of candy or any other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Selling or distributing candy or any other merchandise so packed and assembled that sales of such candy or other merchandise to the public are to be made or may be made by means of a game of chance, gift enterprise or lottery scheme;

(2) Supplying to or placing in the hands of others for ultimate sale to the public, assortments of candy composed of individually wrapped pieces of candy of uniform size and shape but of different colors, such colors being effectively concealed, together with articles of merchandise which are to be or may be given as prizes to purchasers procuring pieces of said candy of a particular color;

(3) Supplying to or placing in the hands of others any device which is to be used or may be used in the sale or distribution of respondent's candy or other merchandise to the public by means of a game of chance, gift enterprise or lottery scheme;

(4) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 250—GENERAL RULES AND REGULATIONS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935 [1]

AMENDMENT TO CERTAIN RULES UNDER THE ACT RELATING TO EXEMPTIONS, REPORTS BY INDIVIDUALS REPRESENTING HOLDING COMPANIES OR SUBSIDIARIES BEFORE FEDERAL AGENCIES, AND THE FORM OF NOTICE OF FILING OF CERTAIN DECLARATIONS OR APPLICATIONS

Acting pursuant to the Public Utility Holding Company Act of 1935, particularly section 20 (a) thereof (Sec. 20, 49 Stat. 833; 15 U.S.C. 79t), and finding that such action is necessary and appropriate in the public interest and for the protection of investors and consumers and necessary to carry out the provisions of the Act, the Securities and Exchange Commission hereby takes the following action:

I. Sec. 250.6 [Rule U-6] under said Act is amended to read as follows:

[1] 6 F.R. 2015.

§ 250.6 *Termination of exemptions.* If it appears to the Commission (on the basis of statements claiming exemption or otherwise) that a substantial question of law or fact exists as to whether any holding company claiming exemption under §§ 250.2, 250.3, 250.4, 250.5, or 250.10 [Rules U-2, U-3, U-4, U-5, or U-10], or any other rule now or hereafter in force pursuant to section 3 (a) of that Act (Sec. 3, 49 Stat. 810; 15 U.S.C. 79c) exempting any class of holding companies from the registration requirements of the Act, is within the exemption afforded by any such rule, or if it appears that any question exists as to whether the exemption of any such company may be detrimental to the public interest or the interest of investors or consumers, the Commission may notify such holding company to that effect by registered mail. Thirty days after such notification, such exemption shall terminate, without prejudice to the right of such holding company to file an application for an order granting such an exemption pursuant to any applicable section of the Act, and without prejudice to any temporary exemption provided for by the Act if such application is filed in good faith.

II. That portion of paragraph (a) of § 250.10 [Rule U-10] which precedes the numbered subparagraphs thereof is amended to read as follows:

§ 250.10 *Effect of certain exemptions*—(a) *Parent holding companies exempt where subsidiaries have obtained, or applied for, certain exemptions.* Subject to the provisions of § 250.6 [Rule U-6], any holding company shall be exempt from any obligation, duty, or liability imposed on it as a holding company solely by reason of such company having as a subsidiary any company which, insofar as it is either a public utility or a holding company, is:

* * * * *

III. Paragraph (d) of § 250.22 [Rule U-22] under said Act is amended to read as follows:

§ 250.22 *Applications and declarations.*

* * * * *

(d) *Formal specifications.* All applications, declarations, certificates and statements, and any amendments thereto, shall be filed in triplicate. One copy shall be signed but the other two copies may have facsimile or typed signatures. Such applications and declarations, and any amendments thereto, should be on paper approximately 8½ by 13 inches in size, except that tables, charts and other documents may be larger if folded to approximately that size. Such document should have a 1½ inch binding margin at the left, and if the application or declaration, or any amendments thereto, is bound, it should be bound on the left side. All typewritten or printed matter (including deficits in financial statements) should be set forth in black so as to permit photocopying.

IV. Paragraph (b) of § 250.24 [Rule U-24] under said Act is amended to read as follows:

§ 250.24 *Terms and conditions applicable to declarations and order granting applications.*

* * * * *

(b) *Conditions and restrictions proposed in an application or declaration.* Every order granting an application or making effective a declaration shall, unless otherwise therein expressly stated, impose upon the applicant or declarant the obligation to comply with any restriction or condition which the application or declaration proposes shall be imposed by the Commission in connection therewith.

V. Sub-division (2) of § 250.70 (c) [Rule U-70 (c)] is amended to read as follows:

(2) "Director" means any director of a corporation or any individual who performs similar functions in connection with a corporation, partnership, trust, voting trust or other company.

VI. Paragraphs (a) and (b) of § 250.71 [Rule U-71] are amended to read as follows:

§ 250.71 *Statements to be filed pursuant to section 12 (i) of the Act*—(a) *Ten-day statement.* Any person who engages in any activity within the scope of section 12 (i) of the Act (Sec. 12, 49 Stat. 823; 15 U. S. C. 791), shall file with the Commission within 10 days after the date of such activity a statement on Form U-12 (I)-A, except as to activity within the scope of any advance statement on Form U-12 (I)-B, which is duly filed in accordance with paragraph (b).

(b) *Advance statement.* An advance statement, covering anticipated activity for the remainder of the calendar year, may be filed on Form U-12 (I)-B by any person (whether or not the compensation of such person has been fixed in advance) who is a salaried officer or employee or an attorney, accountant or other expert regularly retained by any company or by companies in the same holding company system, or any person specially retained in connection with a particular proceeding or enterprise which is expected to involve a series of appearances or activities, if such employment or retainer does not contemplate any expenses other than ordinary personal, traveling or sustenance expenses, stationery, postage, telephone and telegraphic service, stenographic and clerical assistance, expenditures for the printing of briefs or other documents to be submitted to any agencies specified in section 12 (i) of the Act (Sec. 12, 49 Stat. 823; 15 U.S.C. 791), and similar items.

VII. The Commission hereby adopts a revised form of "Notice Regarding Filing Subject to § 250.23 [Rule U-23]" as set forth below, viz.,

TITLE 19—CUSTOMS DUTIES

CHAPTER I—BUREAU OF CUSTOMS

[T. D. 50515]

PART 24—DUTIES OF INSPECTORS

CUSTOMS REGULATIONS AMENDED—WEIGHING [1]

Article 1366, as Amended, and Article 1367, Customs Regulations of 1937, on Weighing of Merchandise, Amended

The Customs Regulations of 1937 are amended as follows:

Article 1366, as amended by (1941) T.D. 50317 [1] [§ 24.7], is further amended by changing the caption to read "Bulk merchandise—Acceptance of commercial weights.—", and by further amending paragraph (e) [§ 24.7 (e)] to read as follows:

§ 24.7 *Bulk merchandise; acceptance of commercial weights.*

* * * * *

[1] This document affects 19 CFR 24.7 and 24.8.
[1] 6 F.R. 645.

(e) The waybill weights of cargoes unladen directly from the importing vessel into cars and of shipments imported in railroad cars may be accepted as the official weights of the merchandise when the waybill shows that the commodity has been actually weighed by the carrier, or that the weights were accepted by the carrier under a shipper's load and count and weight agreement basis, and the collector is satisfied that the revenue is adequately protected. In the case of merchandise, such as copper, which is bought and sold on sworn weight certificates of the refiners, the weights shown on the sworn certificates may be accepted as the official weights. Care shall be taken to ascertain whether or not the weights as shown on the waybill include tare. Importations of merchandise as to which the weights shown on waybills or weight certificates are accepted for official purposes shall be weighed, counted, or weighed and counted occasionally on a test basis in order to verify the correctness of the weights and quantities given on the waybills or weight certificates. In any case in which there is a material variance between the waybill weight and the invoice weight or between the test weight and the weight shown on the waybill or sworn weight certificate, actual weight shall be determined and a special investigation shall be made to ascertain the reason for the variance. When the weights shown on the waybill or sworn weight certificate are accepted, the weighing officer shall note that fact in his dock book and on his report of weight. (R.S. 161, sec. 624, 46 Stat. 759; 5 U.S.C. 22, 19 U.S.C. 1624.)

Article 1367 (a) [§ 24.8(a)] is amended by inserting before the first sentence the words "Except as otherwise permitted by article 1366 (e) [§ 24.7 (e)], the following procedure shall be followed in the case of uniform packages or articles:". (R.S. 161, sec. 624, 46 Stat. 759; 5 U.S.C. 22, 19 U.S.C. 1624)

[SEAL] W. R. JOHNSON,
Commissioner of Customs.

Approved: November 19, 1941.

CHAPTER I—FOOD AND DRUG ADMINISTRATION

[Docket No. FDC-24]

PART 125—LABEL STATEMENTS CONCERNING DIETARY PROPERTIES OF FOOD PURPORTING TO BE OR REPRESENTED FOR SPECIAL DIETARY USES

Correction

Paragraph 11 of the *Findings of Fact*, appearing on page 5922 of the issue for Saturday, November 22, 1941, should read as follows:

11. The terms "vitamin B_1" and "thiamine," the terms "vitamin C" and "ascorbic acid", and the terms "riboflavin", "vitamin B_2" and "vitamin G", are synonymous.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Dockets Nos. A-612 and A-684]

PARTS 324 AND 326—MINIMUM PRICE SCHEDULE, DISTRICT NOS. 4 AND 6

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF RUSH RUN COAL COMPANY, A CODE MEMBER IN DISTRICT 4, FOR THE ESTABLISHMENT OF A PRICE OF $1.50 PER TON F. O. B. MINE FOR TRUCK SHIPMENT OF ITS COAL IN SIZE GROUP 10 TO THE BEECH BOTTOM POWER COMPANY, IN MARKET AREA 9, AND IN THE MATTER OF DISTRICT BOARD 6, REQUESTING THE DELINEATION OF A CONSUMING ZONE WITHIN MARKET AREA 9, AND FURTHER REQUESTING REVISION OF EFFECTIVE MINIMUM PRICES ESTABLISHED FOR CERTAIN PRODUCERS IN DISTRICT 6 FOR COALS SHIPPED TO POINTS WITHIN SAID CONSUMING ZONE

Original petitions having been filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by the Rush Run Coal Company, a code member in District 4 (Docket No. A-612), and by District Board 6 (Docket No. A-684), requesting certain relief with reference to shipments of coal to the plant of the Beech Bottom Power Company at Power, West Virginia;

Petitions of intervention having been filed herein by District Boards 4 and 6;

A hearing having been held in this matter on March 11, 1941, pursuant to an Order of the Director dated February 28, 1941, before a duly designated examiner of the Bituminous Coal Division at a hearing room thereof in Washington, D. C., at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

Temporary relief pending a final disposition of the original petitions having been granted by Order of the Director dated April 7, 1941, 6 F.R. 1850;

The preparation and filing of a report by the Examiner having been waived and the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That § 324.24 (*General prices in cents per net ton for shipment into all market areas*) and § 324.21 (*Price instructions and exceptions*—(a) *Price instructions*) in the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments be, and it hereby is, amended as follows:

(1) § 324.24 *General prices in cents per net ton for shipment into all market*

areas. The effective minimum prices for coals in Size Groups 7 and 8, of mines located in Belmont and Jefferson Counties, may be reduced 25 cents per ton for shipment to the Beech Bottom Power Company at Power, West Virginia.

(2) § 324.24 *General prices in cents per net ton for shipment into all market areas.* Any coals crushed, pulverized or reduced in size, by any method, at mines located in Belmont and Jefferson Counties resulting in a size not exceeding 2" may be sold to the Beech Bottom Power Company at $1.90 per ton f. o. b. the mine: *Provided, however,* That all orders, acknowledgments and invoices shall contain complete description of all sizes before being crushed, pulverized, or otherwise reduced and description of size and sizes resulting from such reduction.

(3) § 324.21 *Price instructions and exceptions*—(a) *Price instructions.* Price Instruction No. 6 is hereby amended by adding the following paragraph:

Provided, however, That code members in Belmont and Jefferson Counties which transport coal or sell coal for transportation by truck, whether owned or controlled by them, independent, or otherwise, for delivery to the Beech Bottom Power Company at Power, West Virginia, *may,* if the actual transportation costs exceed 25¢ per net ton for delivery to such consumer, reduce the effective minimum price f. o. b. the mine established for their coals by an amount not greater than the excess of such cost over said 25¢, but no such reduction shall exceed 25¢ per ton; and they *shall,* if the actual transportation costs are less than 25¢ per net ton for delivery to this consumer, add to the effective minimum price f. o. b. the mine established for these coals an amount not less than the difference between said 25¢ and their actual costs.

It is further ordered, That § 326.23 (*General prices; for shipment into all market areas*) and § 326.21 (*Price instructions and exceptions*—(a) *Price instructions*) in the Schedule of Effective Minimum Prices for District No. 6 for Truck Shipments be, and it hereby is, amended as follows:

(1) § 326.23 *General prices; for shipment into all market areas.* The effective minimum prices for coals in Size Groups 7 and 8 may be reduced 25¢ per ton for shipment to the Beech Bottom Power Company at Power, West Virginia.

(2) § 326.23 *General prices; for shipment into all market areas.* Any coals crushed, pulverized or reduced in size, by any method at the mines, resulting in a size not exceeding 2" may be sold to the Beech Bottom Power Company at $1.90 per ton f. o. b. the mine: *Provided, however,* That all orders, acknowledgements and invoices shall contain complete description of all sizes before being crushed, pulverized, or otherwise reduced, and description of size or sizes resulting from such reduction.

(3) § 326.21 *Price instructions and exceptions*—(a) *Price instructions.* Price Instruction No. 6 of said schedule should be amended by adding the following paragraph:

Provided, however, That code members which transport coal or sell coal for transportation by truck, whether owned or controlled by them, independent, or otherwise, for delivery to the Beech Bottom Power Company at Power, West Virginia, *may,* if the actual transportation costs exceed 25¢ per net ton for delivery to such consumer, reduce the effective minimum price f. o. b. the mine established for their coals by an amount not greater than the excess of such cost over said 25¢, but no such reduction shall exceed 25¢ per ton; and they *shall* if the actual transportation costs are less than 25¢ per net ton for delivery to this consumer, add to the effective minimum price f. o. b. the mine established for these coals an amount not less than the difference between said 25¢ and their actual costs.

It is further ordered, That the prayers of the original petitions and the petitions of intervention are granted to the extent set forth above and that in all other respects are hereby denied.

Dated: November 19, 1941.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER CORRECTING ORDER CONCERNING FINAL RELIEF IN THE MATTERS OF THE PETITIONS OF DISTRICT BOARD 8 FOR CHANGE IN CLASSIFICATION OF SIZE GROUPS 1 THROUGH 9, AND 11 THROUGH 21 COALS PRODUCED BY NEW LONG RIDGE COAL COMPANY, INC., AND SIZE GROUPS 11 THROUGH 14, AND 15 THROUGH 17 COALS PRODUCED BY EXCELSIOR MINING COMPANY; OF WHIPPLE COALS, INC., FOR CHANGE IN CLASSIFICATION IN SIZE GROUPS 1 THROUGH 9, AND 15 THROUGH 21; AND OF DISTRICT BOARD 8 FOR A PERMANENT ORDER CHANGING THE CLASSIFICATION OF SIZE GROUPS 18 TO 21 COALS PRODUCED BY WEBB COAL MINING COMPANY, A CODE MEMBER OF DISTRICT 8, FOR ALL SHIPMENTS EXCEPT TRUCK TO ALL MARKET AREAS

An Order Concerning Final Relief having been issued in the above-entitled matters on September 29, 1941, 6 F. R. 5005; and

It apearing that in the schedule set forth in said order, § 328.11 (*alphabetical list of code members*), the New Long Ridge Coal Company has been referred to as operating Mine Index No. 198, whereas the correct Mine Index number for this company's mine is No. 298;

Now, therefore, it is ordered, That that portion of the Order Concerning Final Relief in this matter referring to the New Long Ridge Coal Company as Mine Index No. 198, be and it hereby is corrected to read "Mine Index No. 298."

Dated: November 19, 1941.

[Docket No. A-1148]

PART 342—MINIMUM PRICE SCHEDULE, DISTRICT NO. 22

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 22 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS, IN SIZE GROUPS 1, 2, 3 AND 5, PRODUCED IN SUBDISTRICTS 1 AND 2 OF DISTRICT NO. 22 FOR SHIPMENT INTO MARKET AREA 243, ALASKA

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 has been duly filed with this Division by the above-named party requesting reductions in the effective minimum prices for coals in Size Groups 1, 2, 3 and 5 produced in Subdistricts 1 and 2 in District No. 22 for shipment into Market Area 243, Alaska.

The petition requests the establishment of the same minimum prices for the coals of Subdistricts 1 and 2 of District No. 22 for shipment into Market Area 243, Alaska, as have heretofore been established for those coals for shipment into Market Area 247, Seattle, Washington. Petitioner notes that the effective minimum prices applicable to the competing coals of District Nos. 19 and 20 are lower for shipment to Market Area 243, Alaska, than for shipment to Market Area 247, Seattle; and alleges that the coals of Subdistricts 1 and 2 of District No. 22 will be deprived of a reasonable opportunity to compete unless the requested temporary relief is granted and that bids covering shipments to Market Area 243 will soon be closed, so that the need for the temporary prices requested is immediate and urgent.

It appears that District Board No. 22, original petitioner in this matter, communicated with District Board Nos. 17, 19, 20 and 23 and requested such boards to advise the Division whether they had any objections to the granting of the relief prayed for in the original petition. District Boards 17, 19 and 23 have advised the Division that there will be no objection from such Boards to the granting of the relief requested by petitioner. District Board No. 20 has not indicated any position, by a petition of intervention or otherwise.

No petitions of intervention have been filed with the Division in the above-entitled matter.

In view of these foregoing circumstances, it appears to the Director that a reasonable showing of necessity has been made for the granting of temporary relief, and that other interested parties will not be unduly prejudiced by the granting thereof, pending the final disposition of this proceeding, in the manner hereinafter set forth.

Now, therefore, it is ordered, That pending final disposition of the above-entitled matter, temporary relief be and the same hereby is, granted as follows: Commencing forthwith § 342.5 (*General prices; minimum prices for shipment via rail transportation*) in the Schedule of Effective Minimum Prices for District No. 22 for All Shipments is supplemented to include the following minimum prices for the coals of Subdistricts 1 and 2 of District No. 22 when for shipment into Market Area 243, Alaska:

Market area	Size groups			
	1	2	3	5
243	330	305	330	305

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 21, 1941.

Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[Order No. 22]

HENRY CAMP PROJECT, ILLINOIS, ESTABLISHMENT

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Henry Camp project to be work of national importance. Said camp, located at Henry, Marshall County, Illinois, will be the base of operations for soil conservation work in the State of Illinois, and registrants under the Selective Training and Service Act, who have been classified by their local boards as conscientious objectors to both combatant and non-combatant military service and have been placed in Class IV-E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to said Henry Camp will consist of the establishment of a program tending to develop sound land use practices which will prevent the spread of erosion, and shall be under the technical direction of the Soil Conservation Service of the United States Department of Agriculture insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in the camp in accordance with the provisions of the Selective Service Act and Regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

LEWIS B. HERSHEY,
Director.

[No. 33]

ORDER PRESCRIBING FORMS

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder and more particularly the provisions of paragraph 163 and Appendix A [1] to Volume One of the Selective Service Regulations, I hereby prescribe the following changes in DSS forms:

1. Revision of DSS Form 264,[2] effective fifteen (15) days after the filing hereof with the Division of the Federal Register. Upon receipt of the revised DSS Form 264 all copies of the original DSS Form 264 will be destroyed and its use discontinued.

2. Addition of a new form designated as DSS Form 265,[2] effective fifteen (15) days after the filing hereof with the Division of the Federal Register.

3. Addition of a new form designated as DSS Form 266,[2] effective fifteen (15) days after the filing hereof with the Division of the Federal Register.

4. Addition of a new form designated as DSS Form 267,[2] effective fifteen (15) days after the filing hereof with the Division of the Federal Register.

The foregoing revision and additions shall, effective fifteen (15) days after the filing hereof with the Division of the Federal Register, become a part of Appendix A to Volume One, Selective Service Regulations.

[Limitation Order L-25]

PART 1018—TIN FOIL AND LEAD FOIL

Limiting the Use of Tin Foil and Lead Foil

Whereas the manufacture of lead foil and tin foil requires utilization of large quantities of lead and tin; and

Whereas national defense requirements have created shortages in these materials for defense, private account and export; action has already been taken to conserve the supply and direct the distribution of lead and tin to insure deliveries for defense requirements; and

Whereas present supplies of these materials will be insufficient for defense and essential civilian requirements;

Now, therefore, it is hereby ordered, That:

§ 1018.1 *General Limitation Order L-25.* (a) *Restrictions on use of tin foil and lead foil.* On and after March 15, 1942, no person shall use tin foil, lead foil, or any composition foil containing tin or lead in the manufacture of any decorative article or material, or in the packaging of any of the following products:

Tobacco and tobacco products, including cigars and cigarettes.
Chewing gum.
Beverages of all types.
Confections.
Ribbons for typewriters and other business machines.
Friction tape.
Photographic films.

(b) *Restrictions on manufacture and delivery*—(1) *Limitation prior to January 15, 1942.* During the period from the effective date of this order to January 15, 1942, no person shall manufacture a quantity of tin foil, lead foil or other composition foil containing tin or lead for the uses prohibited in paragraph (a) above greater than one-third (⅓) of the quantity of tin foil, lead foil and composition foils containing tin and lead, manufactured by such person for such uses during the first three months of 1941.

(2) *Prohibitions effective January 15, 1942.* On and after January 15, 1942, no person shall manufacture, sell or deliver any tin foil, lead foil or composition foil containing tin or lead which he knows or has reason to believe will be used in the manufacture of any decorative article or material or in the packaging of any of the products specified in paragraph (a) above, and no person shall accept delivery thereof for such prohibited uses.

(c) *Violations.*- Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of tin foil, lead foil, or composition foil containing tin or lead or of any material subject to allocation, or he may be subjected to any other or further action which the Director may deem appropriate.

(d) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(e) *Effective dates.* This order shall take effect immediately upon its issuance, and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, as amended September 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F. CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

[Price Schedule No. 4, as amended]

PART 1304—IRON AND STEEL SCRAP

IRON AND STEEL SCRAP, PRICE SCHEDULE [1]

Sections 1304.1 to 1304.19, inclusive, are hereby amended so that Price Schedule No. 4 shall read as follows:

§ 1304.1 *Maximum prices on sales of iron and steel scrap other than railroad scrap.* On and after April 3, 1941, regardless of the terms of any commitment theretofore entered into, no person shall sell, offer to sell, deliver, or transfer at a price, iron and steel scrap other than railroad scrap to the consumer of such scrap, at prices higher than the prices set forth in Appendix A, incorporated herein as § 1304.16, and no consumer shall buy, offer to buy, or accept delivery of, iron and steel scrap other than railroad scrap at prices higher than the prices set forth in Appendix A, *except* as provided in §§ 1304.5 and 1304.6 hereof. Lower prices may, however, be charged, demanded, paid or offered.*

*§§ 1304.1 to 1304.18, inclusive, issued pursuant to the authority contained in Executive Orders No. 8734, 8875, 6 F.R. 1917, 4483.

§ 1304.2 *Maximum prices on sales of iron and steel railroad scrap.* On and after April 3, 1941, regardless of the terms of any commitment theretofore entered into, no person shall sell, offer to sell, deliver, or transfer at a price, iron and steel railroad scrap to the consumer of such scrap, at prices higher than the prices set forth in Appendix B, incorporated herein as § 1304.17, and no consumer shall buy, offer to buy, or accept delivery of, iron and steel railroad scrap at prices higher than the prices established in Appendix B, except as provided in §§ 1204.5 and 1304.6 hereof. Lower prices may, however, be charged, demanded, paid or offered.*

§ 1304.3 *Maximum prices on sales of iron and steel scrap for export.* On or after April 3, 1941, regardless of the terms of any commitment theretofore entered into, no person shall sell or offer to sell for export, or deliver for export, iron and steel scrap, to any person at prices higher than the prices set forth in Appendix C, incorporated herein as § 1304.18 and no consumer or agent or other person shall buy or offer to buy for export, or accept delivery of for export, iron and steel scrap at higher prices than the prices set forth in Appendix C, *except* as provided in §§ 1304.5 and 1304.6 hereof. Lower prices may, however, be charged, demanded, paid or offered.*

§ 1304.4 *Method of securing information governing maximum prices on sales of iron and steel railroad scrap.* On and after April 3, 1941, a sale of any grade of iron and steel railroad scrap for which no maximum price is published in Appendix B shall be made only after opportunity has been given any buyer of such scrap to learn the maximum price, if any, applicable to such sale by addressing an inquiry to the office of Price Administration, Washington, D. C. In order to provide such opportunity, no sale of any such grade of iron or steel railroad scrap, concerning which a maximum price is applicable hereunder, shall be made, except as provided under § 1304.5 below, until after the railroad maker thereof or other person has filed with the Office of Price Administration the information required to determine with Appendix B the maximum price thereby established for such grade, and until the Office of Price Administration has thereupon released a maximum price therefor.*

§ 1304.5 *Extension to May 10, 1941 for uncompleted contracts.* (a) In the event that any person has, prior to April 3, 1941, acquired possession of, and ownership in, iron and steel scrap at a price in excess of the maximum price established in this Price Schedule for the purpose of carrying out a contract for the sale of such scrap entered into prior to such date, such sale may be made and completed at the price contracted for, even though such price is in excess of the maximum price established herein, provided that deliveries are completed on or before May 10, 1941.

(b) Any person who, prior to April 3, 1941, entered into a contract at prices higher than the maximum prices established under this Price Schedule for the sale of iron and steel scrap:

(1) Originating from a demolition operation commenced prior to April 3, 1941; or

(2) Acquired prior to April 3, 1941, and accumulated at a point of shipment, for export or otherwise, and impossible, due to lack of transportation facilities, to deliver to the purchaser of such scrap,

may make and complete such sale at the prices contracted for provided that deliveries of such scrap are completed on or before May 10, 1941, or on a later date fixed by the Office of Price Administration upon application, supported by affidavit establishing a reasonable ground for extension beyond May 10, 1941.*

§ 1304.6 *Commissions.* In the event that a consumer of iron and steel scrap shall employ an agent or broker to purchase iron and steel scrap for its use, such consumer may pay such agent or broker for such scrap a sum not exceeding the maximum prices established under this Schedule plus a commission of not more than 50¢ per gross ton. Such commission shall be payable only if (a) the agent or broker guarantees the quality and delivery of an agreed tonnage of the scrap; (b) the commission is shown as a separate charge in billing; (c) the scrap is invoiced at a price not higher than the maximum applicable herein; and (d) no dealer or broker splits or divides the commission allowed him by a consumer with the seller or sellers of the scrap, with another broker or a subbroker, or with the consumer. A dealer who has never acted as a broker prior to June 18, 1941, shall in no case be allowed a brokerage commission.*

§ 1304.7 *Shipment; limitation on use of certain kinds of iron and steel scrap.* (a) The shipment of iron and steel scrap shall, insofar as practicable, be routed through the channels customarily utilized by the maker, dealer, broker or consumer in order to minimize the necessity for cross-hauling and to prevent dislocation of the machinery of collection and preparation for consumption.

(b) Consumers, brokers and dealers, shall, to the greatest possible extent, refrain from the purchase, and steel mills (open hearths) from the use of the kinds and grades of iron and steel railroad scrap not essential to their production; i. e., rerolling rails scrap must be diverted to rerolling mills and not cut for melting purposes.

(c) A railroad maker of iron and steel scrap shall not sell such scrap off the line of his railroad, irrespective of price, until he has supplied consumers located on the line of the railroad as they have been in the past customarily supplied with the iron and steel scrap originating on the railroad.*

§ 1304.8 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase or sale of iron and steel scrap, or of any other materials, or by way of any service or other charge, including transportation charges, or discount, premium or other privilege, or by any tying agreement or trade understanding, or otherwise.*

§ 1304.9 *Record-keeping requirements.* Every dealer in, and every maker, smelter, processor, broker, or consumer of, and every other person purchasing or selling iron and steel scrap shall, until such time as further information is deemed necessary or appropriate hereunder, keep for inspection by the Office of Price Administration and preserve for a period of not less than one year, complete and accurate records of:

(a) All purchases and sales of iron and steel scrap, recording therein the person from or to whom each such purchase or sale was made, the date thereof, the price paid, or received, and the quantity in pounds and quality by grades in iron and steel scrap, or both, involved; and

(b) As of the close of each month, the amount in pounds of iron and steel scrap, (1) on hand and (2) on order.*

§ 1304.10 *Reports.* Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1304.11 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule, and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of iron and steel scrap, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1304.12 *Supplemental schedule and reporting requirements.* In order to insure compliance with this Schedule supplements further stating its scope and, if necessary, requiring further reports to the Government, will be issued from time to time when found appropriate.*

§ 1304.13 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by persons complying with this Schedule and all other Schedules issued by the Office of Price Administration.*

§ 1304.14 *Definitions.* When used in this Schedule:

(a) The term "person" includes an individual, corporation, association, partnership, or other business entity;

[1] 6 F.R. 4818.

[1] Revised to November 24, 1941.

(b) The term "iron and steel scrap other than railroad scrap" means the kinds and grades of imported and domestic iron and steel scrap referred to in Appendix A;

(c) The term "iron and steel railroad scrap" means iron and steel scrap having a railroad origin and includes the kinds and grades of imported and domestic iron and steel scrap referred to in, and determined under, Appendix B;

(d) The term "railroad" includes steam and electric railroads, and street, suburban, and interurban electric railways and local trolleys;

(e) The term "iron and steel scrap" means all kinds and grades of imported and domestic iron and steel scrap including iron and steel railroad scrap;

(f) The term "consumer" means a purchaser, for its own consumption, of iron or steel scrap, i. e. smelter, foundry, steel mill, etc.*

§ 1304.15 *Effective date.* This Schedule shall become effective April 3, 1941, except as otherwise specifically provided herein.*

Issued this 24th day of November 1941.

LEON HENDERSON,
Administrator.

[1] A Basing Point includes its switching district.

[2] The grades specified are, except Dealers' No. 1 and No. 2 Bundles and Uncut Structural and Plate Scrap, as named and defined in the simplified practice recommendations R-58-36 of the Department of Commerce which shall be the governing specifications for iron and steel scrap hereunder. Dealers' No. 1 Bundles shall consist of new, clean black sheet scrap, hydraulically compressed in a dealer's yard. Dealers' No. 2 Bundles shall consist of old fender and body scrap, and shall in no case command a premium.

[3] These grades represent the major classifications of iron and steel scrap. The maximum prices of superior or inferior grades shall continue to bear the same comparable relationship to those major grade classifications as heretofore existed between the prices of such superior or inferior grades and the prices of the major grades.

[4] The Cincinnati Basing Point includes the switching district of Newport, Kentucky.

[5] The St. Louis Basing Point includes the switching districts of Granite City, East St. Louis, and Madison, Illinois.

[6] The San Francisco Basing Point includes the switching districts of South San Francisco, Niles and Oakland, California.

[7] This grade is ⅜-inch and heavier, cut 12 inches and under.

[8] This grade also may include clean agricultural cast.

[9] This grade is under ⅜-inch to ¼-inch, cut 12 inches and under.

[10] This grade is under ¼-inch to No. 12 gage, cut 12 inches and under.

(b) *Maximum price at shipping point.* "A shipping point" is the point from which the scrap is to be shipped to a consumer.

The maximum price at which a grade of scrap may be sold F. O. B. its point of shipment is the Shipping Point Price of such scrap.

"A shipping point price" is computed as follows:

(1) *For shipping points located within a basing point.* The price established above for the Basing Point in which the Shipping Point is located, is determined. There are then deducted from this price the actual costs involved in transporting scrap from the Shipping Point to the consumer's plant within the Basing Point which is nearest, in terms of transportation costs, to the Shipping Point; *except* that the Shipping Point Price within the Cincinnati Basing Point, for all grades other than No. 1 Cupola, Heavy Breakable Cast, Stove Plate, Machinery Cast, Cupola Size, No. 1 Machinery Cast, drop-broken, 150 lbs. & under, and Clean Auto Cast, shall in no case exceed the Basing Point Price of the specified grade, minus 80 cents.

(2) *For shipping points located outside a basing point.* The price established above for the Basing Point nearest, in terms of transportation charges, to the Shipping Point is determined. There is then deducted from this price the lowest *established* charge for transporting scrap from the Shipping Point to such Basing Point. The figure thus obtained is the Shipping Point Price, *with the following exceptions:*

(i) The Shipping Point Price at any Shipping Point in New England, of those grades of scrap for which no prices are listed at the Basing Points established for New England in paragraph (a), hereof, shall be the Johnstown Basing Point Price as set forth in paragraph (a), hereof, minus the all-rail transportation costs from the New England Shipping Point to Johnstown. However, the Shipping Point Price at any Shipping Point in New England of those grades of scrap for which prices *are listed at the Basing Points* in New England established in paragraph (a), shall be computed from those New England Basing Point Prices.

(ii) Shipping Point Prices for any Shipping Point in New York City, Brooklyn, New York, and New Jersey, which, by reason of barge rates, are nearest in terms of transportation charges to the Buffalo Basing Point, shall not be computed from the Buffalo Basing Point, but shall be computed from the Bethlehem, Pennsylvania, Basing Point.

(iii) Scrap shipped from Tampa, Florida; Pensacola, Florida; Gulfport, Miss.; Mobile, Alabama; New Orleans, Louisiana; Lake Charles, Louisiana; Port Arthur, Texas; Beaumont, Texas; Galveston, Texas; Texas City, Texas; Houston, Texas; Corpus Christi, Texas; shall have a maximum Shipping Point Price as great as, but not exceeding, $14 per gross ton f. o. b. cars for No. 1 Heavy Melting Steel. For other grades at these points the price differentials established in paragraph (a) hereof for Birmingham, Alabama, shall apply.

(iv) In the State of Florida and in all states west of the Mississippi River, excepting Washington, whenever the Shipping Point Price of No. 2 Heavy Melting Steel Scrap, as computed above (with St. Louis price differentials for the other grades), falls below $12.00 per gross ton at any Shipping Point, the maximum Shipping Point Price thereof at such point shall be $12.00, and the maximum Shipping Point Prices for other grades of scrap at such point shall be computed by applying the price differentials established in paragraph (a) for St. Louis, Missouri.

(c) *Maximum prices delivered to a consumer wherever located.* The maximum price at which any grade of scrap may be delivered to the plant of a consumer wherever located is the Shipping Point Price as determined in paragraph (b) plus actual transportation charges from the Shipping Point to the consumer's plant. Where shipment is by water, *actual* handling charges at the dock of not more than 75 cents per gross ton may be included as a part of transportation charges, but must be shown as separate charges on all invoices. *In no case, however, shall this maximum price exceed by more than one dollar the prices set forth in paragraph (a)* for the Basing Point *nearest*, in terms of established transportation charges, to the consumer's plant, except as provided in paragraph (f).

(d) *Billet and bloom crops originating in Pittsburgh, Pa.* Where the grade of scrap classified as billet and bloom crops originates in the Pittsburgh Basing Point, it may be sold, delivered to a consumer, located within or without the Pittsburgh Basing Point, at the price established in paragraph (a), for Pittsburgh, Pa., plus not more than $2.50 in actual transportation charges from the point of origin to the consumer's plant. In no case shall the consumer pay a sum in excess of the price established under paragraph (a), for the Pittsburgh Basing Point plus the lowest established charge for transporting the scrap from the point of origin to the consumer's plant.

(e) *Unprepared scrap.* The maximum prices established hereinabove are maximum prices for prepared scrap.

For unprepared scrap, irrespective of source, maximum prices shall be $2.50 less than the maximum prices for the corresponding grade or grades of prepared scrap.

(f) *Remote scrap* — (1) *Definitions.* When used in this paragraph:

(i) "Remote Scrap" means all the kinds and grades of iron and steel scrap referred to in Appendix A and having a Shipping Point and a point of origin within the States of Montana, Idaho, Wyoming, Nevada, Arizona, New Mexico, Texas, Oklahoma, Florida, or, to the extent indicated in subparagraph (ii) below, Oregon.

(ii) In the State of Oregon "remote scrap" means only the following grades: No. 1 Heavy Melting Steel, No. 1 Hydraulic Compressed Black Sheet Scrap, No. 2 Heavy Melting Steel, Dealers' No. 1 Bundles, Dealers' No. 2 Bundles, Mixed Borings and Turnings, Machine Shop Turnings, Shoveling Turnings, No. 1 Busheling, No. 2 Busheling, Cast Iron Borings, and Uncut Structural & Plate Scrap.

(iii) The Shipping Point of Remote Scrap is the point from which Remote Scrap is to be shipped, whether to consumer, dealer, broker or other person or persons.

(2) *Maximum shipping point price of remote scrap.* The maximum Shipping Point Price of Remote Scrap shall be $12.00 for No. 2 Heavy Melting Steel Scrap and, for other grades of scrap, the maximum Shipping Point Price shall be computed by applying to the price of $12.00 for No. 2 Heavy Melting Steel Scrap the price differentials established in paragraph (a) hereof for St. Louis.

(3) *Maximum delivered price of remote scrap.* The maximum price of Remote Scrap delivered to a consumer *wherever located* shall be the Shipping Point Price plus actual transportation charges from the Shipping Point to the consumer's plant as provided in paragraph (c), *except that*, whenever necessary to absorb transportation charges, the maximum delivered price may exceed the maximum delivered price set forth in paragraph (c) by a maximum of $4.00. Thus the maximum delivered price for Remote Scrap shall be $5.00 above the prices set forth in paragraph (a), for the Basing Point nearest, in terms of established transportation charges, to the consumer's plant. The consumer, however, may not exceed the maximum delivered price provided in paragraph (c) unless he conforms to the reporting requirements of subparagraph (i).

(i) No sales or purchases of Remote Scrap may be completed under the provisions of this paragraph unless the consumer of such scrap shall file, with the Office of Price Administration, Washington, D. C., (a) within 10 days following the purchase thereof, a fully detailed statement under oath setting forth the name and address of the seller, the point of shipment of the scrap, the grade, quantity and price at Shipping Point, delivery price, the name of the carrier, and the transportation charges from the Shipping Point to the consumer's plant, *and* (b) immediately upon delivery of such scrap, certified copies of all bills of lading covering the shipment of such scrap from the remote area to the consumer's plant. Only reports of purchases and bills of lading involving delivery of not less than one car of scrap need be filed.

(ii) Where Remote Scrap cannot be delivered to the consumer within the maximum delivered prices of Remote Scrap established in subparagraph (3), a consumer may apply to the Office of Price Administration, Washington, D. C., for permission to absorb the additional transportation charges necessary to secure such scrap. Applications by consumers must be fully detailed, including an affidavit seting forth the point of shipment of the scrap, the grade, quantity and price at Shipping Point, proposed delivery prices, the name of the carrier, and the transportation charges from the Shipping Point to the consumer's plant. The application should be accompanied by an affidavit from the consumer setting forth its need for, and its willingness to accept, such scrap at the price quoted.

Only applications for purchases which would involve actual delivery of not less than one car of scrap per month from one Shipping Point to one consumer destination will be considered.

The approval of the Office of Price Administration shall be obtained before consumers may absorb the additional transportation charge necessary to secure such scrap.

(4) *Termination of remote scrap provisions.* The provisions of subparagraph (iv) of paragraph (b) and this paragraph (f) shall become inoperative and terminated on and after December 31, 1941. Deliveries under contracts entered into pursuant to these provisions shall be completed on or before December 31, 1941.

(g) *Maximum delivered price of machine shop turnings or related grades of turnings under an allocation order.* Whenever the Director of Priorities of the Office of Production Management shall issue an allocation order for a specified tonnage of Machine Shop Turnings or related grades of turnings, as defined in paragraph (a) and footnote 3 to paragraph (a) hereof, to be delivered to electric furnace producers of ferro alloys, such producers may pay therefor a maximum delivered price which is the sum of: (1) the Shipping Point price, as computed in paragraph (b) hereof; and (2) actual transportation charges from the Shipping Point to the plants of such producers: *Provided, however*, That where the delivered price of the turnings exceeds by more than $1.00 the price at the Basing Point nearest the plant of such producer, no sales or purchases thereof may be completed hereunder unless such producer shall file, with the Office of Price Administration, Washington, D. C., (i) within 10 days following the purchase thereof, a fully detailed statement under oath setting forth the name and address of the seller, the point of shipment of the scrap, the grade, quantity and price at Shipping Point, delivery price, and the transportation charges from the Shipping Point to the consumer's plant, and (ii) immediately upon delivery of such scrap, certified copies of all bills of lading covering the shipment of such scrap from the Shipping Point to the consumer's plant.

[1] Where the railroad originator of the scrap operates in two or more of the Basing Points named above, the highest of the maximum prices established above for such Basing Points shall be the maximum price of the scrap delivered to a consumer's plant at any point on the railroad's line.

[2] The term "rails for rerolling" includes any rails which are sold to be used for rerolling, irrespective of whether or not such rails are usable for re-laying.

(ii) *Grades not listed.* (*a*) The price at which a consumer located on the line of the railroad from which the scrap originated may purchase any grade of scrap not listed above shall not exceed the average price per gross ton at which such railroad sold such grade delivered to the plant of a consumer, whether located on or off the line of the railroad, during the period commencing September 1, 1940, and ending January 31, 1941, or, in case no sale was made during the period, the price at which the grade was last sold by the railroad prior thereto, *and, in either event*, adjusted to allow for the average grade differentials of the railroad in a manner indicated in subparagraph (*b*) below.

(*b*) For purposes of subparagraph (*a*) above, the maximum prices for any grade not listed in paragraph (1), (i), shall be adjusted to allow for the average grade differentials of the railroad by:

First, computing the amount of the base grade differential for the railroad which shall be the difference between the average price per gross ton at which the railroad from which the scrap originated sold No. 1 Railroad Grade Heavy Melting Steel Scrap delivered to the plant of the consumer, whether located on or off the line of the railroad, during the period commencing September 1, 1940, and ending January 31, 1941, and the railroad's maximum price established for such grade under paragraph (1), (i); and

Second, by applying this base grade differential to the price to be adjusted by either (i) subtracting the amount of such differential from such prices in case the railroad's average price of No. 1 Railroad Grade Heavy Melting Steel Scrap exceeds the railroad's maximum price established for such grade under paragraph (a), (1), *or* (ii) adding the same in case the railroad's average price is less than such maximum.

(2) *Delivered to a consumer's plant located off the line of the railroad from which the scrap originated.* The maximum price is either of the following, whichever is greater:

(i) The maximum price established in paragraph (1) above, for scrap delivered to a consumer on the line of the railroad from which the scrap originated, or, if the consumer can establish that he has been served by the same source of scrap in the past, this maximum price plus transportation charges (including off-the-line switching charges), from the railroads line to the consumer's plant, of not more than two dollars per gross ton for Rails for Rerolling, Scrap Axles and other scrap for rerolling, and of not more than one dollar per gross ton for all other grades of scrap; or

(ii) The prices set forth in paragraph (1), (i), above, for the Basing Point nearest the consumer's plant.

(b) *Scrap originating from railroads not operating in any of the basing points named above.* Except in the case of Rails for Rerolling, the maximum price of any grade of such scrap delivered to consumers located on and off the line of the railroad shall not exceed:

(1) *For the grades listed above,* either of the following, whichever is less:

(i) The average price per gross ton at which the railroad originator of the scrap sold any such grade to consumers located on and off the line of the railroad during the period commencing September 1, 1940 and ending January 31, 1941: or

(ii) The price at the Basing Point nearest, in terms of transportation costs, to the consumers plant; and

(2) *For the grades not listed above,* either of the following, whichever is less:

(i) The average price per gross ton at which the railroad originator of the scrap sold any such grade to consumers located on and off the line of the railroad during the period commencing September 1, 1940 and ending January 31, 1941; or

(ii) The average price per gross ton as determined in Subparagraph (i) hereof, minus the amount by which the average price of No. 1 Railroad Grade Heavy Melting Steel scrap, as determined in (i), exceeds the price of No. 1 Railroad Grade Heavy Melting Steel scrap at the Basing Point nearest, in terms of transportation costs, to the consumer's plant.

In the case of Rails for Rerolling, the maximum price of such scrap f. o. b. the lines of the railroad originator thereof shall be the average price per gross ton at which the railroad originator sold such grade f. o. b. *its line* during the period commencing September 1, 1940, and ending January 31, 1941. The maximum price of Rerolling Rails shall be the f. o. b. lines price thus established plus the lowest actual charge for transporting the rails from the railroad's lines to the specific rerolling mill consumer of the rails.[1]

This exception for Rails for Rerolling applies only in the case of railroads not operating in a Basing Point named in paragraph (a), (1), (i) hereof.

(c) *Scrap which cannot be identified as to origin.* The maximum price per gross ton at which a consumer may purchase, delivered at his plant, any grade of railroad scrap which cannot be identified as to origin, shall not exceed the maximum price established under Appendix A of this Schedule for the grade in which such scrap may be classified.

(d) *General provisions*—(1) *Unprepared scrap.*[2] (i) Identifiable as to Grade. The maximum prices for unprepared scrap identifiable as to grade shall be $2.50 less than the maximum prices for the corresponding grade or grades of prepared scrap.

(ii) Unidentifiable as to Grade. Unprepared scrap which cannot be identified as to grade (for example, a box car, a locomotive, or the like) is not subject to the maximum prices established herein until such scrap has been prepared for consumption.

(2) *Scrap prepared by a person other than a railroad.* Where scrap originates from a railroad but is broken down and prepared by a person other than the railroad and the railroad origin of such scrap is known, the maximum price at which a consumer may purchase such scrap shall be the price established above for purchases of scrap prepared by the railroad.

(e) *Maximum prices for scrap rails and rails for rerolling originating from mines, logging roads, etc.* "A shipping point" is the point from which the scrap is to be shipped to a consumer.

"The shipping point price" is the price f. o. b. the Shipping Point.

The maximum Shipping Point Price of Scrap Rails and Rails for Rerolling originating from mines, logging roads, and similar sources shall be the price set forth in paragraph (a) above for Scrap Rails and Rails for Rerolling at the Basing Point nearest, in terms of transportation charges, to the Shipping Point, minus the lowest established charge for transporting such rails from the Shipping Point to such Basing Point, except that the maximum Shipping Point Price need in no case be less than $13.50 per gross ton for Scrap Rails and $15.00 per gross ton for Rails for Rerolling. The maximum delivered price of such rails shall be the Shipping Point Price thus established, plus the lowest actual charge for transporting the rails from the Shipping Point to the consumer.*

§ 1304.18 *Appendix C—Maximum prices for iron and steel scrap for export from the United States.*

(Per Gross Ton, F. A. S. and F. O. B. Point of Export)

(a) *Other than railroad scrap.* The maximum export price of any grade of iron and steel scrap other than railroad scrap shall be the maximum Shipping Point Price derived under paragraph (b) of Appendix A, plus the actual charge for transporting the scrap from the Shipping Point to the place of export. For scrap exported by ship this maximum export price shall be F. A. S. the place of export and *actual* costs incident to shipment for export may be added if shown as a separate charge on the invoice. For scrap exported by means other than by ship, this maximum export price shall be F. O. B. the place of export. Commission of the domestic broker may be added as provided in § 1304.6 of this Schedule and must be shown as a separate charge on the invoice.

[1] In paragraph (b) of § 1304.7 of this Schedule the following statement appears: "* * * rerolling rails scrap must be diverted to rerolling mills and not cut for melting purposes."

[2] The maximum prices established hereinabove are maximum prices for prepared scrap.

[2] In § 1304.7 (b) of this Schedule the following statement appears: "* * * Rerolling rails scrap must be diverted to rerolling mills and not cut for melting purposes."

(b) *Scrap originating from railroads.* The maximum export price of any grade of iron and steel scrap of railroad origin shall be the maximum price established and determined under Appendix B for a consumer located on the line of the railroad originator of the scrap plus actual transportation charges from the line to the place of export. For scrap originating from a railroad not operating at a Basing Point, no transportation charges shall be added to the maximum prices of such scrap as determined under Appendix B. For scrap exported by ship these maximum export prices shall be F. A. S. the place of export and actual costs incident to shipment for export may be added if shown as a separate charge on the invoice. For scrap exported by means other than by ship, this maximum export price shall be F. O. B. the place of export. Commission of the domestic broker may be added as provided in § 1304.6 of this Schedule and must be shown as a separate charge on the invoice.*

[Price Schedule No. 43]

PART 1306—IRON AND STEEL

PRICE SCHEDULE FOR USED STEEL BARRELS OR DRUMS

Used steel barrels or drums play a vital role in the distribution of petroleum and its derivatives, chemicals, and foods. To prevent excessive and unwarranted price increases in the petroleum, chemical, and food industries the establishment of ceiling prices for used steel barrels is absolutely essential. The present spiraling of such prices, unless controlled effectively, is certain to have an adverse effect on the national defense and the public welfare completely out of proportion to the intrinsic value of the used barrels or drums.

It has been determined, consequently, after complete investigation and after numerous conferences with representatives of the industry, to establish maximum prices for used steel barrels or drums as a necessary protection of the public welfare and the national defense.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1306.201 *Maximum prices for used steel barrels or drums.* On and after December 1, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, except as provided in § 1306.204 hereof, no person shall sell, offer to sell, deliver or transfer, used steel barrels or drums, and no person shall buy, offer to buy, or accept delivery of used steel barrels or drums, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1306.210.*

*§§ 1306.201 to 1306.210, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1306.202 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1306.203 *Evasion.* The price limitation set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of a used steel barrel or drum, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1306.204 *Permission to carry out contracts entered into prior to December 1, 1941.* Any person who, prior to December 1, 1941, has entered into a contract of sale or other firm commitment calling for the delivery or transfer after that date, of one or more used steel barrels or drums, at prices higher than the maximum prices established by this Schedule, may make application to the Office of Price Administration on Form 143:1, provided for that purpose, for permission to carry out such contract or commitment at the contract price. Such permission will be granted only when necessary to protect the applicant against loss in the disposition of inventory (a) acquired prior to December 1, 1941, at prices higher than the established maximum prices and held by the applicant on that date, and (b) acquired by the applicant pursuant to permission granted by the Office of Price Administration to such applicant and his vendor under this Section. Such application shall be filed with the Office of Price Administration on or before December 15, 1941. No permission will be granted to make delivery of used steel barrels or drums on or after January 15, 1942, at prices higher than the established maximum prices.*

§ 1306.205 *Records and reports.* Every person making purchases or sales of used steel barrels or drums after December 1, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each kind or grade purchased or sold, and (b) the quantity of used steel barrels or drums (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1306.206 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule, and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of used steel barrels or drums, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1306.207 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1306.208 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Reconditioned steel barrel or drum" means a used steel barrel or drum which has been washed and painted, dedented, chained, welded, or subjected to any other reconditioning process by which a raw barrel or drum is made fit for re-use;

(c) "Raw used steel barrel or drum" means a barrel or drum which has been emptied but which has not been subjected to any reconditioning process;

(d) "User" means the person who uses the barrel or drum as a container for the shipment or storage of his products.

§ 1306.209 *Effective date of the schedule.* This Schedule shall become effective December 1, 1941.*

§ 1306.210 *Appendix A—Maximum prices for used steel barrels or drums*—(a) *Maximum price for reconditioned steel barrels or drums, size 50 to 55 gallons, 18 gauge.* The maximum price for reconditioned steel barrels or drums, size 50 to 55 gallons, 18 gauge, except reconditioned barrels or drums which have been lacquer-relined and baked, shall be $2.25 per barrel or drum, delivered to a

purchaser situated within a radius of 50 miles from the plant where the barrel or drum was reconditioned: *Provided*, That for each 75 miles or fraction thereof, in excess of 50 miles from the plant where the barrel or drum was reconditioned, all actual charges for transportation or the sum of ten cents per barrel or drum, whichever is lower, may be added: *Provided further*, That where a barrel or drum is reconditioned and delivered in the States of California, Washington, and Oregon, the sum of fifty cents may be added to the above maximum charges.

(b) *Maximum price for lacquer-relined and baked drums, size 50 to 55 gallons, 18 gauge.* The maximum price for reconditioned steel barrels or drums, size 50 to 55 gallons, 18 gauge, which have been lacquer-relined and baked, shall be the maximum prices set forth in paragraph (a) above, to which may be added the sum of twenty-five cents per barrel or drum.

(c) *Maximum price for raw used drums, size 50 to 55 gallons, 18 gauge.* Except as provided in paragraph (d) below, the maximum price for raw used steel barrels or drums, size 50 to 55 gallons, 18 gauge, shall be $1.60 per barrel or drum delivered to the plant of the user or reconditioner: *Provided*, That in the States of California, Washington, and Oregon, the sum of forty cents per barrel or drum may be added.

(d) *Maximum price for raw used drums in case of direct purchases by user.* The maximum prices for raw used steel barrels or drums, size 50 to 55 gallons, 18 gauge, purchased by a user directly from the person who empties the barrels or drums, shall be $1 25 per barrel or drum f. o. b. point where barrel or drum is emptied: *Provided*, That in the States of California, Washington, and Oregon, the sum of 40 cents per barrel or drum may be added.

(e) *Maximum price for other reconditioned drums.* The maximum delivered price for reconditioned steel barrels or drums, other than those covered by paragraphs (a) and (b) above, shall be 80% of the delivered price, excluding extras, quoted by the Rheem Manufacturing Company, a corporation, or by the Wheeling Corrugating Company, a corporation, when delivered in carload lots, of new, black, hot-rolled steel barrels or drums of the same type and size: *Provided*, That for each 75 miles or fraction thereof in excess of 50 miles from the plant where the barrel or drum was reconditioned, all actual charges for transportation or the sum of ten cents per barrel or drum, whichever is lower, may be added.

(f) *Maximum price for other raw used drums.* The maximum delivered price for raw used steel barrels or drums, other than those covered by paragraphs (c) and (d) above, delivered to the plant of the user or reconditioner, shall be 65 cents less than the maximum price provided in paragraph (e) above for a reconditioned barrel or drum of the same size and type.*

Issued this 24th day of November 1941.

LEON HENDERSON,
Administrator.

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 42—PARAFFIN WAX

As a direct consequence of expanded economic activity induced by the national defense program, the demand for paraffin wax has increased greatly in the past few months. Paraffin wax is used as a coating on paper cartons for dairy products and in the manufacture of waxed and water-proofed papers, electrical insulation compositions, candles and many other important products. It is also used for such defense purposes as a coating on cartridges and a water-proofing agent for explosives.

Increased demand and speculative tendencies have caused the price of crude scale paraffin wax to rise above the price of refined paraffin wax of comparable melting points. The price of crude scale paraffin wax (122/124 A. M. P.) has increased in recent months from 2.8¢ to 6.25¢ per pound. During the year 1940, the price of such paraffin wax averaged 3.86¢ per pound.

After conferences with members of the paraffin wax industry and representatives of other government agencies, the Office of Price Administration has found that there are no justifiable reasons for prices of crude scale paraffin wax (122/124 A. M. P.) and refined paraffin wax (123/125 A. M. P.) in excess of 4.25¢ per pound and 5.20¢ per pound, respectively. Increases in such prices at this time would, therefore, be inflationary in character.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.451 *Maximum prices for paraffin wax.* On and after December 1, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer paraffin wax in quantities of 1,000 pounds or more, and no person shall buy, offer to buy or accept delivery of paraffin wax in quantities of 1,000 pounds or more at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.460.*

*§§ 1335.451 to 1335.460, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1335.452 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.453 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of paraffin wax, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or by alteration of grades of paraffin wax, or otherwise.*

§ 1335.454 *Records and reports.* Every person making purchases or sales of paraffin wax in quantities of 1,000 pounds or more after December 1, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the specifications and quantity, including the kind and size of the containers, of the paraffin wax purchased or sold.*

§ 1335.455 *Affirmations of compliance.* On or before January 10, 1942, and on or before the 10th day of each month thereafter, every person who, during the preceding calendar month has sold paraffin wax in quantities of 1,000 pounds or more whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 142:1, containing a sworn statement that during such month all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 142:1 can be procured from the Office of Price Administration, or, provided that no change is made in the style and content of the Form and that it is reproduced on 8 x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1335.456 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule, and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of paraffin wax, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1335.457 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That, no application under this section will be considered by the Office of Price Administration unless filed by persons complying with this Schedule.*

§ 1335.458 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association or other business entity;

(b) "Paraffin wax" means crude scale and refined paraffin wax of the grades listed in Appendix A hereof.*

§ 1335.459 *Effective date of the schedule.* This Schedule shall become effective December 1, 1941.*

§ 1335.460 *Appendix A — Maximum prices for paraffin wax*—(a) *More than 10,000 pounds in slack barrels and slabs loose.* The following maximum prices are established for paraffin wax of the grades listed below in quantities of 10,000 pounds or more:

149/151 A. M. P.	.1050

The above prices for paraffin wax are f. o. b. seller's shipping point[1] with freight equalized at the rate for a shipment of identical quantity over standard routes from the following basing points:

Whiting, Indiana.
New York, New York.
Philadelphia, Pa.
Texas Gulf Ports.
New Orleans, La.
Baton Rouge, La.

The maximum price which a purchaser may pay for any of the various grades of paraffin wax on this Schedule delivered to him from a seller's shipping point shall not exceed the maximum price set forth above for the particular grade plus transportation charges as follows: either the transportation rate from that basing point to destination which produces the lowest transportation charge or the transportation rate from the actual shipping point to destination, whichever transportation rate is less.

(b) *Tank cars.* The maximum prices for paraffin wax sold in tank cars shall be the maximum prices established in paragraph (a) minus $0.0005 per pound.

(c) *Less than 10,000 pounds.* For paraffin wax sold in quantities of 1,000 pounds or more, but less than 10,000 pounds, the maximum prices shall be the maximum prices set forth in sub-paragraphs (1), (2) and (3), of paragraph (a) above, plus $0.015 per pound, delivered in the United States.

(d) *Paraffin wax sold in bags.* The maximum prices for paraffin wax sold in bags shall be the maximum prices established in paragraphs (a) or (c) above, whichever the case may be, plus $0.004 per pound.

(e) *Paraffin wax sold in other containers.* The maximum prices for paraffin wax sold in containers other than those specified above shall be the maximum prices established in paragraphs (a) or (c) above, whichever the case may be, plus a reasonable charge for containers.*

Issued this 21st day of November 1941.

LEON HENDERSON,
Administrator.

CHAPTER II—FOREST SERVICE

PART 261—TRESPASS

ORDER FOR THE REMOVAL OF TRESPASSING HORSES, MULES, AND BURROS IN THE SITGREAVES NATIONAL FOREST — CHEVALON RANGER DISTRICT AND HEBER COMMUNITY, PEARCE SEEP, AND PEARCE WASH ALLOTMENTS OF HEBER RANGER DISTRICT

Whereas a number of horses, mules, and burros are trespassing and grazing on land in the Chevalon Ranger District and in the western part of the Heber Ranger District, Sitgreaves National Forest, in the State of Arizona; and

Whereas these horses, mules, and burros are consuming forage needed for domestic livestock, are causing extra expense to established permittees, and are injuring national forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the Act of June 4, 1897 (30 Stat. 35, 16 U.S.C. 551), and the Act of February 1, 1905 (33 Stat. 628, 16 U.S.C. 472), the following order for the occupancy, use, protection, and administration of land in the Chevalon Ranger District and in the Heber Ranger District, excepting the Heber Community, Pearce Seep, and Pearce Wash Allotments, Sitgreaves National Forest, is issued:

§ 261.50 *Temporary closure from livestock grazing.* (a) The Chevalon Ranger District and the Heber Ranger District, excepting the Heber Community, Pearce Seep, and Pearce Wash Allotments, Sitgreaves National Forest, are hereby closed for the period beginning December 1, 1941, and ending February 28, 1942, to the grazing of horses, mules, and burros, except those horses, mules, and burros that are lawfully grazing on or crossing land in such allotments pursuant to the regulations of the Secretary of Agriculture, or that are used in connection with operations authorized by such regulations, or that are used as riding, pack, or draft animals by persons traveling over such land.

(b) Officers of the United States Forest Service are hereby authorized to dispose of, in the most humane manner, all horses, mules, and burros found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such horses, mules, and burros shall be given by posting notices in public places or advertising in a newspaper of general circulation in the locality in which the Sitgreaves National Forest is located. (30 Stat. 35, 33 Stat. 628; 16 U.S.C. 551, 472)

Done at Washington, D. C., this 21st day of November 1941. Witness my hand and the seal of the Department of Agriculture.

WAR DEPARTMENT.

[Contract No. W-740-ORD-2131]

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: GENERAL RAILWAY SIGNAL COMPANY, ROCHESTER, NEW YORK

Contract for: Shell, * * *, (Machining Only) and Machine Tools.

Amount: $6,375,000.00.

Place: Rochester Ordnance District, 1238 Mercantile Building, Rochester, New York.

The Items to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to Procurement Authority (740) Ord 22,189 P11-02 A(1005).105-02, the available balance of which is sufficient to cover cost of same.

This contract,[1] entered into this 25th day of September 1941.

ARTICLE 1. *Scope of this contract.* The Contractor shall furnish and deliver Item 1. * * * Shell * * * (Machining Only). Item 2. Machine Tools * * * for the consideration stated of six million, three hundred seventy-five thousand dollars and no cents ($6,375,000.00) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

ART. 2. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

ART 5. *Delays—Damages.* If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

[1] Approved by the Chief of Ordnance October 28, 1941.

ART. 8. *Payments.* The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Payments will be made on partial deliveries accepted by the Government when requested by the contractor whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

ART. 16. *Quantities.* The Government reserves the right to increase the quantity on this contract by as much as * * *% and at the unit price specified in Article 1, such option to be exercised within * * * days from date of this contract.

ART. 23. *Termination for convenience of the government.* Should conditions arise which, in the opinion of the head of the Department, make it necessary or advisable in the interest of the Government that work be discontinued under this contract, the Government may, by a notice in writing from the Contracting Officer to the contractor of its intention to terminate under this Article, terminate this contract in whole or in part.

ART. 30. *Facilities.* (a) In order to manufacture and deliver the supplies provided in Article 1, Item 1 of this contract the Contractor will require an addition to existing facilities, the new facilities listed in Exhibit A attached hereto and made a part hereof. The cost of these facilities has been included in the contract price under Article 1, Item 2. Hence, the Contractor shall purchase, construct or acquire these facilities for and at no additional cost to the Government. Title to these facilities shall vest in the Government upon inspection and approval by or for the Contracting Officer.

(b) As further consideration for the furnishing of supplies under this contract, the Government hereby leases to the Contractor the facilities referred to in paragraph 1 of this article, the term of this lease to commence upon the vesting of title to any of these facilities in the Government, and to continue during the period that the Contractor shall require their use for work under this contract.

(c) The Contractor shall procure and carry, at its own expense fire insurance on all property in its possession, or in the possession of any person other than the Government, title to which has vested or is about to vest in the Government.

(f) The Government shall have the right to terminate this lease by written notice at any time for violation of any of the provisions of the contract.

ART. 32. *Use of Government owned machine tools and aids to manufacture.* In the manufacture of the articles of munitions listed under Article 1 hereof, the use of machine tools, punches, dies, gages, jigs, fixtures, patterns, and other aids to manufacture required by the Government, is hereby approved and agreed upon, and the price of this contract is predicated upon such use.

ART. 36. *Price adjustments.* (a) The unit contract prices stated in Article 1, Item 1, are subject to adjustments for changes in direct labor costs.

General. (c) It is expressly agreed that quotas for labor will not be altered on account of delays in the completion of the supplies hereunder.

This contract entered into under authority of the Act of Congress approved July 2, 1940 (Public No. 703—76th Congress), as continued in effect by the Act of Congress approved June 30, 1941 (Public No. 139—77th Congress).

FRANK W. BULLOCK,
Lt. Col., Signal Corps,
Assistant to the Director of Purchases and Contracts.

This contract,[1] entered into this 27th day of August 1941.

TITLE I—*Selecting and Equipping Plant*

ARTICLE I–A. *Statement of work.* The Contractor shall, in the shortest reasonable time, select and lease an appropriate building or buildings, procure and install equipment (including plans, designs, labor, materials, tools, machinery and facilities necessary for such installation there); shall furnish supplies not furnished by the Government and services; train the necessary personnel to operate the plant; and do all things necessary for the accomplishment of the above purposes in connection with equipping said plant (hereinafter referred to as "the Plant") which will be equipped for the manufacture of U. S. Army Fibre Containers. The purchase of this machinery shall be subject to the approval in advance of the Contracting Officer. The lease of said building or buildings shall be submitted to the Contracting Officer for approval prior to execution thereof.

ART. I–B. *Estimates.* It is estimated that the total cost of the work under this Title I of this contract will be approximately $300,618.00 exclusive of the Contractor's fee.

ART. I–C. *Consideration.* In consideration for the Contractor's undertaking under this Title I, the Contractor shall receive the following:

(a) Reimbursement for expenditures as provided in Title IV;

(b) A fixed fee in the amount of $12,024.72 which shall constitute complete compensation for the contractor's services, including profit.

TITLE II—*Lease*

ARTICLE II–A. *Subject matter.* As additional consideration for the Contractor's undertaking of the work under this contract, the Government hereby leases to the Contractor all machinery (including special equipment therefor) and miscellaneous factory equipment (all of which are hereinafter referred to, collectively, as "Manufacturing Facilities"), mentioned in Title I of this contract and listed in Appendix A.

The Contractor shall maintain and keep in repair all of the Manufacturing Facilities referred to in this Article.

ART. II–B. *Term.* The term of this lease shall begin on the date of acceptance by the Government of the facilities purchased under Title I, which date shall be certified by the Contracting Officer and shall terminate contemporaneously with the termination of this contract or any extension thereof.

TITLE III—*Operation*

ARTICLE III–A. *Statement of work.* The Contractor shall operate the plant for and on account of the Government and shall do all things necessary for its complete management, operation, servicing and maintenance, including the purchase of supplies, the hiring and training of personnel, the repair or replacement of equipment and facilities.

ART. III–B. *Estimates.* It is estimated that the total cost of the work described and authorized to date under Article III–A of this Title will be $879,604.65, exclusive of the Contractor's fee.

ART. III–C. *Consideration.* In consideration for the Contractor's undertaking under this Title III, the Contractor shall receive the following:

(a) Reimbursement for expenditures as provided in Title IV.

(b) A fixed fee in the amount of $27,184.19 as complete compensation, except for possible profit to be derived in accordance with paragraph 3 of this Article, for performance of the work described in Article III–A of this Title.

TITLE IV—*Cost of the Work and Payment Therefor*

ARTICLE IV–B. *Payments:*

Reimbursement for cost. 1. *a.* The Government will currently reimburse the Contractor for expenditures made in accordance with Article IV–A of this Title IV, upon certification and delivery to and verification by the Contracting Officer of the original signed pay rolls for labor, the original receipted invoices for materials, equipment, etc., or other documentary accounting papers satisfactory to the Contracting Officer. Reimbursement will be made as promptly as possible, generally weekly, but may be made at more frequent intervals if the conditions so warrant. All payments made under this paragraph of section 1 shall be subject to the provisions of Article IV–C.

Payment of the fixed-fees. 2. *a.* The fixed-fee provided for in Article I–C of Title I shall be paid in partial payments, less ten percent (10%) of each such partial payment as it accrues.

b. The fixed-fee provided for in Article III–C of Title III shall be paid monthly as it accrues, dependent upon the quantities and types of fiber containers produced and accepted, as follows:

* * *	----------$*	* * per 1,000
* * *	----------$*	* * per 1,000
* * *	----------$*	* * per 1,000
* * *	----------$*	* * per 1,000

Final payment. 4. Upon completion of the work under Title I and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Title IV hereof, and of the fees.

ART. IV–C. *Advances.* At any time, and from time to time, after the execution of this contract the Government, at the request of the Contractor, and subject to the approval of the Chief of Ordnance as to the necessity therefor, shall advance to the Contractor without payment of interest thereon by the Contractor, a sum or sums not in excess of thirty percent (30%) of the estimated cost of the work under this contract.

TITLE V—*Termination*

ARTICLE V–A. *Termination by Government.* The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Contractor.

TITLE VI—*General*

ARTICLE VI–C. *Changes.* The Contracting Officer may at any time after consultation with the Contractor, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

ART. VI–D. *Title.* The title to all work, completed or in the course of construction, preparation or manufacture shall be in the Government. Likewise, upon delivery at the site of the work, at an approved storage site or other place approved by the Contracting Officer and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed under Title IV hereof shall vest in the Government.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1154]

PETITION OF DISTRICT BOARD NO. 10 FOR A CHANGE IN THE PRICE EXCEPTION APPLICABLE TO THE COALS OF MINE INDEX NO. 125 FOR RAILROAD LOCOMOTIVE FUEL AND FOR A CHANGE IN PRICE EXCEPTION NO. 23 FOR RAILROAD LOCOMOTIVE FUEL IN THE SCHEDULE OF EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 10, FOR ALL SHIPMENTS EXCEPT TRUCK

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY RELIEF

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 6, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 31, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 10 for a change in the price exception applicable to the coals of Mine Index No. 125 for railroad locomotive fuel use from Price Exception 1-H now applicable to such coals to Price Exception 1-J; and for a change in Price Exception 23 for railroad locomotive fuel in the Schedule of Effective Minimum Prices for District No. 10, For All Shipments Except Truck, so that producers may absorb the actual switching charge but not to exceed 18 cents per ton on railroad locomotive fuel for the Illinois Terminal Railroad instead of the 16 cents per ton absorption now permitted by that rule.

It is further ordered, That, a reasonable showing of necessity having been made, pending final disposition of the above matter, temporary relief be and the same hereby is granted as follows: Commencing forthwith Price Exception 1-J in the Schedule of Effective Minimum Prices for District No. 10 For All Shipments Except Truck applies to the coals of Mine Index No. 125 for railroad locomotive fuel use instead of Price Exception 1-H heretofore applicable to these coals; and Price Exception 23 for railroad locomotive fuel in the aforesaid Schedule is temporarily amended to read as follows: "The producer may absorb the actual switching charge but not to exceed 18 cents per ton on railroad locomotive fuel for the Illinois Terminal Railroad."

Notice is hereby given that applications to stay, modify or terminate the temporary relief granted in this Order may be filed in accordance with the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Act.

Nothing herein shall be deemed to constitute an opinion concerning the final disposition of the original petition.

Dated: November 19, 1941.

[Docket No. B-2]

IN THE MATTER OF BURNS FUEL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 1285, RESPONDENT

ORDER AMENDING NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") having issued a Notice of and Order for Hearing dated October 9, 1941, in the above-entitled matter to determine whether or not the Burns Fuel Company, Registered Distributor, Registration No. 1285, has violated any provisions of the Bituminous Coal Act (the "Act"), the Code, the Marketing Rules and Regulations (the "Marketing Rules"), Rules and Regulations for the Registration of Distributors, (the "Distributors' Rules"), and the Distributor's Agreement (the "Agreement"), executed August 17, 1940, or any orders or regulations of the Division, and whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

Now, therefore, it is ordered, That the Notice of and Order for Hearing dated October 9, 1941 in the above-entitled matter be and it is hereby amended by striking therefrom paragraphs numbered 2, 3, 4, 5, 6 and 7 and inserting in lieu thereof paragraphs numbered 2, 3, 4, 5, 6, 7, 8, 9 and 10 as follows:

2. That Mike Burns was, and still is, at all the times referred to herein, operating under the firm name and style of Burns Fuel Company and acting in the capacity of a distributor, as defined in the Distributors' Rules.

3. The respondent during the month of November 1940, sold to the Victor Chemical Company, Mt. Pleasant, Tennessee, 2 cars of 3" x 1¼" nut, which the respondent invoiced as 2" x 1¼" nut, at a price of $1.60 per net ton f. o. b. said mine, whereas the applicable effective minimum price therefor was $1.70 per net ton f. o. b. said mine. Said coal was produced by the Luton Mining Company at its Luton Mine, Mine Index No. 77, District No. 9.

4. The selling of the coal described in paragraph 3 hereof constituted a violation of sections 4 II (e) and 4 II (h) of the Act, the Distributors' Rules, and paragraph (b) of the Agreement.

5. The false statement in invoicing said coal, as referred to in paragraph 3 hereof, constituted a violation of Rule 2 of section XII of the Marketing Rules and paragraph (e) of the Agreement.

6. Mike Burns was, and is the sole owner, and operates under the firm name and style of Burns Coal Company of Nashville, Tennessee, as a retailer, and in the application for registration as a distributor of coal under the firm name and style of Burns Fuel Company, which was filed with the Division as referred to in paragraph 1 hereof, failed to state as required on pages 5 and 6 of such application and § 304.11 (c) (6) of the Distributors' Rules that the respondent was affiliated with said retailer. The failure to state this affiliation constituted a violation of paragraph (f) of the Agreement.

7. The respondent during the period October 18, 1940 to March 14, 1941, both dates inclusive, purchased approximately 36 cars of coal of various sizes produced by the Flat Creek Coal Company, Flat Creek Mine, Mine Index No. 30, District No. 9; Providence Coal Mining Company, Providence Mine No. 3, Mine Index No. 65, District No. 9; Bardo Coal Mining Company, Bardo Mine, Mine Index No. 30, District No. 8; Moore Coal Company, Moore Mine, Mine Index No. 344, District No. 8; and Algoma Block Coal Company, Algoma Mine, Mine Index No. 7, District No. 8; which coal the respondent resold to said Burns Coal Company, and accepted and retained discounts from the effective minimum prices of said coal.

8. The transactions referred to in paragraph 7 hereof were entered into between the respondent and the Burns Coal Company primarily for the purpose of enriching the respondent and when, except for the incidence of section 4 II (h) of the Act, the consumer would have purchased directly from a code member, and were, therefore, in violation of paragraph (g) of the Agreement.

9. (a) The acceptance of a distributor's discount by the respondent on the coal purchased as referred to in paragraph 7 hereof, under circumstances whereby this coal was retailed by said Burns Coal Company, was in violation of § 304.19 (a) of the Distributors' Rules; or (b) the acceptance of a distributor's discount by the respondent on the coal purchased as referred to in paragraph 7 hereof and resold to a retailer, Burns Coal Company, which owns or financially or otherwise controls said respondent, was in violation of § 304.19 (c) of the Distributors' Rules.

10. The transactions referred to in paragraph 7 hereof concern sales to or through a broker, jobber, commission account, or sales agency, which is in fact or in effect an agency or an instrumentality of a retailer, whereby they or any of them secure either directly or indirectly a discount, dividend, allowance or rebates or a price other than that determined in the manner prescribed by the Act, and were, therefore, in violation of section 4 II (1) 12 of the Act, and Rule 12 of section XIII of the Marketing Rules.

It is further ordered, That the Notice of and Order for Hearing dated October 9, 1941, as amended, be renewed in all other respects.

Dated: November 19, 1941.

Director.

IN THE MATTER OF LITER COAL COMPANY, DEFENDANT

CEASE AND DESIST ORDER

District Board 12 having filed a complaint with the Bituminous Coal Division on July 12, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging wilful violation by Liter Coal Company, a code member in District 12, of the Bituminous Coal Code and the rules and regulations thereunder as follows:

That the defendant on various dates since October 1, 1940, sold a considerable number of tons of screenings, produced by the defendant at its mine (Mine Index No. 27) located in Marion County, Iowa, in District 12, at prices 25 cents below the effective minimum prices for such coals;

The defendant having filed an answer;

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter having been held on September 15, 1941, before a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The parties to this proceeding having waived the preparation and filing of a report by the Examiner and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusion of Law and having rendered an Opinion in this matter, which are filed herewith;[1]

Now, therefore, it is ordered, That the defendant, Liter Coal Company, its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal produced by the defendant at prices less than the applicable effective minimum prices established therefor, contrary to the Bitmuinous Coal Act of 1937, or any rules and regulations promulgated thereunder, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That if the defendant fails to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement hereof.

[Docket No. A–607]

PETITION OF JOHN TAYLOR FOR A CHANGE IN MINIMUM PRICES FOR THE COALS OF THE JOHN AND EARL SCOTT MINE (MINE INDEX NO. 1262) OF JOHN TAYLOR, A PRODUCER IN DISTRICT 8, FOR TRUCK SHIPMENT

ORDER TO SHOW CAUSE WHY PETITION SHOULD NOT BE DISMISSED

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed on February 25, 1941, with this Division by the above-named party requesting a change in minimum prices for the coals produced at the John and Earl Scott Mine (Mine Index No. 1262) of John Taylor, a producer in District 8, for truck shipment.

Subsequently a request for a change in the minimum prices heretofore established for the coals of this mine was included in a petition filed by District Board No. 8 and designated by the Division as Docket No. A–991. The original petitioner in the above-entitled docket was advised by letter of October 29, 1941, of the inclusion in Docket No. A–991 of a request for a change in the prices heretofore established for the coals of his mine and was asked whether he wished to withdraw his original petition in the above-entitled docket.

No answer to this inquiry or any other communication has been received from the petitioner since the filing of the original petition herein. Apparently petitioner in the foregoing matter has no further interest in this proceeding.

Now, therefore, it is ordered, That the petitioner be required to show cause why the foregoing proceeding should not be dismissed at a hearing before Joseph A. Huston or any other officer of the Division duly designated to preside at such hearing on January 6, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held. The dismissal of any proceedings pursuant to this Order, however, shall be without prejudice to the right of the aforesaid petitioner to file a petition with the Division in regard to the same matter pursuant to the Rules and Regulations of the Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 19, 1941.

[Docket No. 1654–FD]

IN THE MATTER OF F. E. JACKSON (F. E. JACKSON SAND & COAL COMPANY), REGISTERED DISTRIBUTOR, REGISTRATION NO. 4728, RESPONDENT

ORDER SUSPENDING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division pursuant to the provisions of the Bituminous Coal Act of 1937 and the Rules and Regulations for the Registration of Distributors, to determine whether F. E. Jackson (F. E. Jackson Sand & Coal Company), a registered distributor, Registration No. 4728, 411 S. W. 9th Street, Des Moines, Iowa, the respondent, has violated the Act, the Rules and Regulations for the Registration of Distributors, the Marketing Rules and Regulations, and the Agreement by Registered Distributor executed by the respondent on October 5, 1940, by accepting and retaining distributor's discounts from the effective minimum prices on coals purchased in less than carload lot quantities, handled physically by the respondent, and resold at retail in less than cargo or carload lot quantities, and by accepting discounts in excess of the maximum allowable discounts from the effective minimum prices;

Pursuant to Notice of and Order for Hearing, a hearing in this matter having been held before a duly designated Examiner of the Division at a hearing room thereof in Des Moines, Iowa, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross examine witnesses, and otherwise be heard and the respondent having appeared thereat;

The preparation and filing of a report by the Examiner having been waived, the matter thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the registration of F. E. Jackson (F. E. Jackson Sand & Coal Company), as a registered distributor (Registration No. 4728) be and it hereby is suspended for a period of ninety (90) days beginning with the date of this Order.

It is further ordered, That the effect of such suspension shall not be evaded directly or indirectly by the use of any device such as a sales agency agreement or any other device, and that such suspension shall not excuse the respondent from the duties and functions imposed upon him by the Bituminous Coal Act of 1937 and the Rules, Regulations, and Orders thereunder.

It is further ordered, That as a condition to reinstatement in accordance with § 304.15 of the Distributors' Rules, the respondent shall submit, at least five days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the period of his suspension said respondent has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discount which distributors are entitled to recive by virtue of registration.

It is further ordered, That the respondent return to the producers all improperly collected discounts and that a statement by the respondent that such refunds have been made shall be included in the affidavit filed by the respondent pursuant to § 304.15 of the Distributors' Rules.

Dated, November 21, 1941.

IN THE MATTER OF ARCHIE J. HENDRICKSON (RUNNELS COAL CO.) DEFENDANT

ORDER APPROVING AND ADOPTING EXAMINER'S REPORT AND REVOKING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Divison, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, complainant, alleging wilful violation by Archie J. Hendrickson (Runnells Coal Company), a code member in District 12, the defendant, of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant with full knowledge of the requirements contained in the Effective Price Schedule for District No. 12 for Truck Shipments and with intent to violate the same and in violation thereof, sold for truck shipments, between October 1, 1940, and July 2, 1941, several truck loads of screenings or small egg coal produced at the defendant's mine (Mine Index No. 332) in District 12, shipping via truck to the Des Moines Electric Light Company, or to Thomas Smith for delivery to the Light Company at its plant in Des Moines, Iowa, at prices lower than the effective minimum f. o. b. mine price for such coal;

Pursuant to an Order of the Director and after notice to all interested persons, a hearing having been held in this matter on September 15, 1941, before W. A. Shipman, a duly designated Examiner of the Division at a hearing room thereof;

All interested persons having been afforded an opportunity to be present at the hearing, to adduce evidence, cross-examine witnesses and otherwise be heard;

The Examiner having made and entered his Proposed Findings of Fact, Conclusions of Law and Recommendations in the above proceeding dated October 14, 1941, recommending that the code membership of the defendant be revoked and cancelled;

An opportunity having been afforded to the defendant to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the Director;

It is, therefore, ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendations of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the Director;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Archie J. Hendrickson (Runnells Coal Co.), be and the same is hereby revoked and cancelled;

It is further ordered, That, prior to any reinstatement of the defendant, Archie J. Hendrickson (Runnells Coal Co.), to code membership in the Code, he shall pay to the United States a tax in the amount of $35.10, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

PETITION OF MARIANNA SMOKELESS COAL COMPANY TO MODIFY THE WESTERN BOUNDARY OF DISTRICT 7 TO INCLUDE MINE INDEX NO. 588 THEREIN

ORDER GRANTING RELIEF

A petition having been filed pursuant to section 4 I (a) of the Bituminous Coal Act of 1937 with the Bituminous Coal Division by the Marianna Smokeless Coal Company, a Code member of District 7, seeking a change in the boundaries between Districts 7 and 8 so that petitioner's #1 Mine (Mine Index No. 588, as of District 8) will be included within District 7;

A petition of intervention having been filed by District Board 7 in support of the relief requested in the original petition;

A hearing having been held in this matter, pursuant to an Order of the Director and after notice to all interested persons before a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C., and all interested persons having been afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard;

The parties to this proceeding having waived the preparation and filing of a report by the Examiner, and the record thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the boundaries and limits of Districts 7 and 8, as defined in the "Schedule of Districts" annexed to the Act, in so far as including Wyoming County, West Virginia, be and the same are hereby amended to read as follows:

District 7: Wyoming County, that portion served by the Gilbert branch of the Virginian Railway lying east of and including the town of Marianna, and that portion served by the main line and the Glen Rogers branch of the Virginian Railway.

District 8: Wyoming County, that portion served by the Gilbert branch of the Virginian Railway lying west of the town of Marianna, West Virginia.

It is further ordered, That Mine Index No. 588 and Freight Origin Group 230, presently applicable to the #1 Mine as of District 8, be and they are hereby cancelled; and, as located in District 7, the #1 Mine of the Marianna Smokeless Coal Company be and the same is hereby given Mine Index No. 266 and placed in Freight Origin Group 14, with the shipping point at Marianna, West Virginia, on the Virginian Railway.

IN THE MATTER OF STEVE SVONAVEC, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATION OF THE EXAMINER, AND CEASE AND DESIST ORDER

A complaint pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on April 26, 1941, by the Bituminous Coal Producers' Board for District No. 1, alleging that Steve Svonavec, a code member in District No. 1, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder and praying that the Division either cancel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

[1] Not filed with the original document.

A hearing having been held before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof, in Clearfield, Pennsylvania, on August 16, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated October 15, 1941, in which it was recommended that an order be entered directing the defendant to cease and desist from violating the Act, the Code, the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, and the Marketing Rules and Regulations;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having determined after consideration of the record that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That the defendant, Steve Svonavec, his representatives, agents, servants, employees, and attorneys, and all persons acting and claiming to act in his behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum price therefor, and from violating the Bituminous Coal Act, the Bituminous Coal Code, the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That the Division may, upon the failure of the defendant herein to comply with this order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement thereof or take any other appropriate action.

IN THE MATTER OF NEW DEAL COAL COMPANY, (JAMES LENNIE, JR.), DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on April 24, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, alleging that the New Deal Coal Company, the defendant, a code member in District 12, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder by selling, during the period between October 1, 1940, and April 1, 1941, a substantial tonnage of screenings produced at its mine (Mine Index No. 528), located near Albia, Iowa, at a minimum price f. o. b. the mine of $1.00 per ton, whereas the effective minimum price for such coals is $1.60 per ton f. o. b. the mine, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violation of the Code and rules and regulations thereunder;

A hearing in this matter having been held on September 6, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Oskaloosa, Iowa;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter, dated October 13, 1941, in which it was recommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions to the Examiner's Report and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having determined after a consideration of the record that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is, therefore, ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to Section 5 (b) of the Act, the code membership of the defendant, New Deal Coal Company (James Lennie, Jr.), operating Mine Index No. 528, located in Marion County, Iowa, be and it is hereby revoked and cancelled;

And it is further ordered, That prior to any reinstatement of the defendant, New Deal Coal Company, or any of the partners thereof, James Lennie, Jr. or Hensel Wagaman, to membership in the Code, the defendant or any of the partners therein shall pay to the United States a tax in the amount of $304.08, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

IN THE MATTER OF JOHNS COAL COMPANY, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATION OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 12 pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging that Johns Coal Company, a partnership composed of John Pokone, Charles Sertterh, and George Sertterh, a code member in District 12, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder by selling from October 1, 1940, to May 10, 1941, 350 or more tons of coal of several sizes produced at its mine (Mine Index No. 351) at prices less than the effective minimum prices established for such coal f. o. b. the mine as shown by the Schedule of Effective Minimum Prices for District No. 12 For Truck Shipments, and praying that the Division either cancel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violation of the Code and rules and regulations thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof, in Oskaloosa, Iowa, on September 5, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated October 13, 1941, in which it was recommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

The undersigned having determined after consideration of the record that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Johns Coal Company, a partnership, operating Mine Index No. 351 in Wapello County, Iowa, be and it is hereby revoked and cancelled;

It is further ordered, That prior to any reinstatement of the defendant, Johns Coal Company, or any of its partners, John Pokone, Charles Sertterh, and George Sertterh, to membership in the Code, the defendant or any of its partners shall pay to the United States a tax in the amount of $347.04 as provided in section 5 (c) of the Bituminous Coal Act of 1937.[1]

IN THE MATTER OF BOYLES COAL COMPANY, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER AND CEASE AND DESIST ORDER

A complaint pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on April 18, 1941, by the Bituminous Coal Producers' Board for District No. 12, alleging that Boyles Coal Company,[1] defendant, a code member in District No. 12, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder and praying that the Division either cancel and revoke defendant's code membership or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof, in Oskaloosa, Iowa, on September 6, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated October 18, 1941, in which it was recommended that an order be entered directing the defendant to cease and desist from violating the Act, the Code, the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments, and the Marketing Rules and Regulations;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That the defendant, Dominick Cora, doing business as the Boyles Coal Company, his representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum price therefor, and from violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 12 for Truck Shipments, and the Marketing Rules and Regulations.

It is further ordered, That the Division may, upon the failure of the defendant herein to comply with this order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for enforcement thereof or take any other appropriate action.

PETITION OF BEAR CANON COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 17, FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR PETITIONER'S COALS IN SIZE GROUPS 2, 3, 5, 7, 9, 17, AND 19, FOR SHIPMENT INTO MARKET AREAS 215, 217–223, 244–246

MEMORANDUM OPINION AND ORDER DENYING PETITION FOR RECONSIDERATION

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by Bear Canon Coal Company, a code member in District 17, operating the Bear Canon No. 6 Mine (Mine Index No. 9). The petitioner sought modification of effective minimum prices of the coals of the Bear Canon No. 6 Mine, permission to absorb certain freight transportation charges, and reclassification of the petitioner's mine from Subdistrict 7 to Subdistrict 8.

After due notice to all interested persons and pursuant to orders of the Director, a hearing in this matter was held before a duly designated Examiner of the Division. Thereafter, on August 2, 1941, Examiner C. Rollin Larrabee submitted his Proposed Findings of Fact and Conclusions of Law herein, recommending that an order be entered denying the petitioner's prayer for relief, reserving, however, for disposition in Docket No. A–174, the question of reclassification of the Bear Canon No. 6 Mine to Subdistrict 8.

The petitioner filed Exceptions to the Examiner's Report on September 10, 1941.

On October 7, 1941, after a consideration of all the evidence and the record herein, the Director issued his Memorandum Opinion and Order Approving and Adopting the Proposed Findings of Fact and Conclusions of Law of the Examiner and Denying Relief, reserving, however, the question of reclassification of the Bear Canon No. 6 Mine to Subdistrict 8 for disposition in Docket No. A–174.

On November 1, 1941 the petitioner filed a petition for reconsideration, praying that the Order of the Director dated October 7, 1941, be set aside and revoked and that upon review and consideration of the entire proceeding, the Director grant the prayers of the petitioner for relief as requested.

The petition requests reconsideration on the grounds, *inter alia,* that the Examiner and the Director failed to make Findings of Fact within the purview of "section III"[1] of the Act and that the evidence considered and mentioned in the Findings of Fact is not the substantial evidence or the controlling evidence in the record.

The petitioner further states that the Examiner and the Director erred in relying upon a tonnage tabulation submitted by the petitioner on July 19, 1941, "because the petitioner does not rely heavily upon that tabulation nor was it offered at the hearing but was submitted upon request being made at the hearing. * * *" It is true that this tabulation was submitted after the hearing in accordance with request of counsel made at the hearing, but, since the petitioner agreed to furnish the information and subsequently did submit it, the petitioner can hardly disavow the figures contained therein. However, this tabulation was mentioned by the Examiner only as corroborative testimony of the petitioner's own witness, Plested, the general manager, secretary, and treasurer of the petitioner, while the Director analyzed and discussed this tabulation only in the course of considering the petitioner's Exceptions, several of which specifically relied upon said tabulation for support.

The undersigned has again reviewed the entire record in this proceeding and has concluded that no good purpose will be served by further discussion of the evidence. From all the evidence it does not appear that the relief sought by the petitioner is necessary in order to preserve, as nearly as may be, existing fair competitive opportunities within the meaning of the Act. It does appear that the relief requested, if granted, would endanger the existing fair competitive

[1] At the hearing the complaint was amended to show the defendant as "Dominick Cora, doing business as Boyles Coal Company."

[1] Section 3 of the Act relates solely to the tax imposed upon the sale or other disposal of bituminous coal.

opportunities of other producers in District 17 and competing districts.

I find that the Proposed Findings of Fact and Conclusions of Law based thereon, submitted by the Examiner on August 2, 1941, and approved and adopted as the Findings of Fact and Conclusions of Law of the Director on October 7, 1941, are fully supported by substantial evidence and comply with the requirements of the Act.

Now, therefore, it is ordered, That the petition of the Bear Canon Coal Company for reconsideration of the Memorandum Opinion and Order of the Director entered herein on October 7, 1941, be and it hereby is denied.

Dated: November 19, 1941.

AMENDMENT OF PROJECT DESIGNATION

NOVEMBER 10, 1941.

The allocation specified below was made by Executive Order under the Emergency Relief Appropriation Act of 1935. It is now desired to change such allocation designation in accordance with the provisions of the amendment dated August 15, 1941 to General Order No. 84, the loan made to the Wilson County Electric Membership Corporation having been assumed by the Town of Wilson. However, inasmuch as Executive orders cannot be amended by Administrative Order, such allocation should for the purposes of our records be deemed to be changed as specified below:

Project designation and date of Executive order	*New project designation*
North Carolina 3 Wilson, October 1, 1935	North Carolina, 60 Wilson Public (North Carolina 3 Wilson).

The entire amount of $160,324.43 advanced to the Wilson County Electric Membership Corporation has been assumed by the Town of Wilson.

ORDER TERMINATING THE ORDER REGULATING THE HANDLING OF MILK IN THE DISTRICT OF COLUMBIA MARKETING AREA (ORDER NO. 11)

Pursuant to the powers conferred by Public Act No. 10, 73d Congress, approved May 12, 1933, as amended, and the applicable general regulations issued thereunder, the Secretary of Agriculture issued, on September 17, 1936,[1] effective September 21, 1936, an order regulating the handling of milk in the District of Columbia marketing area (Order No. 11), which order was subsequently amended on November 17, 1936, effective December 1, 1936. The operation of said order was subsequently suspended on February 5, 1937, effective on February 8, 1937.

It is hereby found and determined that Order No. 11 no longer tends to effectuate the declared policy of the act.

It is, therefore, ordered that the order regulating the handling of milk in the District of Columbia marketing area (Order No. 11) be hereby terminated, effective at 12:01 a. m., e. s. t., November 21, 1941.

Issued at Washington, D. C., on this 21st day of November 1941. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

[Administrative Order No. 131]

APPOINTMENT OF INDUSTRY COMMITTEE NO. 37 FOR THE CIGAR INDUSTRY

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, Philip B. Fleming, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the cigar industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the Public

Thomas L. Norton, Chairman, Buffalo, New York.

Amy Hewes, South Hadley, Massachusetts.

Leland J. Gordon, Granville, Ohio.

Lawrence Hernandez, Tampa, Florida.

James M. Herring, Philadelphia, Pennsylvania.

For the Employees

John Tisa, Camden, New Jersey.

Elizabeth Tarbutton, Lima, Ohio.

R. E. Van Horn, Washington, D. C.

A. P. Bower, Reading, Pennsylvania.

Manuel Gonzales, Tampa, Florida.

For the Employers

Milton H. Ranck, Lancaster, Pennsylvania.

Alvaro M. Garcia, Tampa, Florida.

Harry Wurman, Philadelphia, Pennsylvania.

L. G. Walton, Dover, Pennsylvania.

Hoyte D. Woodbury, Tampa, Florida.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "cigar industry" means the manufacture of cigars, from *any* types of tobacco; and the preparation or marketing (including wholesaling) of *cigar* types of leaf tobacco (as defined by the Bureau of Agricultural Economics of the United States Department of Agriculture) and the scrap tobacco therefrom for use in the manufacture of cigars and other tobacco products.

(a) The term "cigar" wherever used in this definition comprehends all types of cigars, including cheroots, stogies, and little cigars.

(b) The manufacture of cigars from *non-cigar* types of leaf tobacco and the scrap tobacco therefrom includes the preliminary processing of such tobacco which is performed in the manufacturing plant as an integral part of the manufacturing operation.

(c) The term "preparation" as used herein includes all operations involved in making *cigar* leaf tobacco and scrap tobacco therefrom suitable for use in the manufacture of cigars, whether performed by employees of warehousemen, manufacturers, leaf dealers, or others. It includes, but not by way of limitation, the operations of grading, sorting, packing, sweating, fermenting, stemming, and conditioning. It does not include, however, such preliminary processing of *cigar* types of tobacco or scrap tobacco therefrom as is performed in a manufacturing plant as an integral part of the manufacturing operations attending the production of tobacco products other than cigars, nor does it include operations performed by a farmer or on a farm as an incident to or in conjunction with farming operations.

3. The definition of the cigar industry covers all occupations in the industry which are necessary to the production of cigars or to the preparation or marketing of cigar types of tobacco and scrap tobacco therefrom, including clerical, maintenance, and selling occupations: *Provided, however,* That this definition does not include employees of an independent wholesaler or manufacturer who are engaged in marketing and distributing the manufactured products of the industry which have been purchased by said wholesaler or manufacturer for resale and who perform no functions other than those relating to marketing and distributing. Where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet in Room 3229, United States Department of Labor Building, Washington, D. C. on December 9, 1941 at 10 A. M. The Committee, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of Section 13 (a) and employees coming under the provisions of Section 14.

Signed at Washington, D. C., this 21 day of November 1941.

PHILIP B. FLEMING,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6136]

IN RE APPLICATION OF FREQUENCY BROADCASTING CORPORATION (NEW)

AMENDED NOTICE OF HEARING

Application dated October 4, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, Borough of Brooklyn, New York, N. Y.; operating assignment specified: frequency, 620 kc.; power, 500 w.; hours of operation, daytime.

Upon further examination of the above described application the Commission has *amended* the issues on which the hearing will be based, as shown below, and has consolidated the matter with the applications of Yankee Broadcasting Company, Inc., Docket No. 6189; and Newark Broadcasting Corporation, Docket No. 6190.

1. To determine whether the applicant, its officers, directors, and stockholders are qualified in all respects to construct and operate the proposed station.

2. To determine the type and character of the proposed program service.

3. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Stations WAGE (operating as at present or as proposed in application B3-P-3323), WICC, WIP, and WPRO.

4. To determine the areas and populations which would be deprived of primary service from Stations WICC, WIP, and WPRO as a result of the operation of the proposed station, and what other broadcast service is available to these areas and populations.

5. To determine the areas and populations which would gain primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

6. To determine whether the proposed radiating system complies with the Standards of Good Engineering Practice, particularly as to the length of the radials.

7. To determine whether the authorization requested herein is the best available assignment.

8. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934 as amended.

9. To determine whether the proposed station would provide primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of New York and Northeastern New Jersey, as contemplated by the Standards of Good Engineering Practice.

10. To determine whether the granting of this application and the applications of Yankee Broadcasting Company, Inc., Docket No. 6189, and Newark Broadcasting Corporation, Docket No. 6190, or any of them would serve public interest, convenience, or necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Frequency Broadcasting Corporation, 1250 Atlantic Avenue, Borough of Brooklyn, New York, N. Y.

Dated at Washington, D. C., November 18, 1941.

By the Commission.

[Docket No. 6189]

IN RE APPLICATION OF YANKEE BROADCASTING COMPANY, INC. (NEW)

NOTICE OF HEARING

Application dated February 6, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, New York, New York. Operating assignment specified: Frequency, 620 kc.; power, 1 kw. (DA-night & day); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with the applications of Frequency Broadcasting Corporation, Docket No. 6136; and Newark Broadcasting Corporation, Docket No. 6190, for the following reasons:

1. To determine whether the applicant, its officers, directors, and stockholders are qualified in all respects to construct and operate the proposed station.

2. To determine the type and character of the proposed program service.

3. To determine the extent of any interference which would result from simultaneous operation of the station proposed herein, and Stations WIP, WAGE (operating as at present or as proposed in application B3-P-3323), WICC and WPRO.

4. To determine the areas and populations which would be deprived of primary service from Stations WIP, WAGE (operating as at present or as proposed in application B3-P-3323, WICC and WPRO as a result of the operation of the proposed station, and what other broadcast service is available to these areas and populations.

5. To determine (1) whether the operation of the proposed station at the selected transmitter site would cause any distortion in the directional patterns of Stations WBNX and WINS, and (2) whether the proposed directional pattern could be achieved, particularly in view of the distances between these stations and the aforesaid transmitter site.

6. To determine whether the proposed directional antenna array would afford adequate protection to the service of Station WAGE (operating as at present or as proposed in application B3-P-3323) particularly in view of the distances between said station and the proposed station.

7. To determine the areas and populations which would gain primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

8. To determine whether the authorization requested herein is the best available assignment.

9. To determine whether the granting of this application would be consistent with the Standards of Good Engineering Practice, particularly in view of the expected nighttime interference limitation to the service of the proposed station.

10. To determine whether the proposed station would provide primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of New York-Northeastern New Jersey, as contemplated by the Standards of Good Engineering Practice.

11. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

12. To determine whether the granting of this application and the applications of Newark Broadcasting Corporation, Docket No. 6190, and Frequency Broadcasting Corporation, Docket No. 6136, or any of them, would serve public interest, convenience, or necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of §1.382 (b) of the Commission's Rules of Practice and Procedure. IN RE APPLICATION OF NEWS SYNDICATE CO., INC. (NEW)

NOTICE OF HEARING

Application dated January 24, 1941, for construction permit; class of service, high frequency broadcast; class of station, high frequency broadcast; location, New York, N. Y.; operating assignment specified: Frequency, 47,900 kcs.; coverage, 8,500 square miles; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with the applications of WBNX Broadcasting Company, Inc., Docket No. 6013; FM Radio Broadcasting Company, Inc., Docket No. 6176; Knickerbocker Broadcasting Co., Inc., Docket No. 6177; Debs Memorial Radio Fund, Inc., Docket No. 6178; Greater New York Broadcasting Corp., Docket No. 6179; Wodaam Corporation, Docket No. 6180; and Mercer Broadcasting Company, Docket No. 6181, for the following reasons:

1. To determine the applicant's qualifications to construct and operate a high frequency broadcast station.

2. To determine the type and character of the proposed service, both program and technical.

3. To determine whether the granting of this application and the applications of FM Radio Broadcasting Company, Inc., Docket No. 6176; Knickerbocker Broadcasting Company, Inc., Docket No. 6177; Debs Memorial Radio Fund, Inc., Docket No. 6178; Greater New York Broadcasting Corporation, Docket No. 6179; Wodaam Corporation, Docket No. 6180; WBNX Broadcasting Company, Inc., Docket No. 6013; and Mercer Broadcasting Company, Docket No. 6181 (for the frequencies therein specified), or any of them, would serve public interest, convenience and necessity.

4. To determine whether the granting of the aforementioned applications and the application of Frequency Broadcasting Corporation, Docket No. 6182 or any of them, would serve public interest, convenience and necessity through the operation of the proposed stations on any of the following frequencies: 47,900, 48,300 and 48,700 kilocycles.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 4-21 and 37-7]

IN THE MATTER OF NEW ENGLAND POWER SERVICE COMPANY, NEW ENGLAND POWER ASSOCIATION, BELLOWS FALLS HYDRO-ELECTRIC CORPORATION, AND GREEN MOUNTAIN POWER CORPORATION

ORDER CONTINUING PREVIOUS AUTHORIZATION IN EFFECT

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 21st day of November, A. D. 1941.

The Commission having by its order of the 31st day of July 1936 permitted a declaration to become effective with respect to New England Power Service Company as a subsidiary service company in the New England Power Association holding-company system, pursuant to Section 13 of the Public Utility Holding Company Act of 1935; and

The Public Service Commission of the State of Vermont having on the 29th day of July 1940 requested this Commission to investigate the service contract in force between New England Power Service Company and Bellows Falls Hydro-Electric Corporation and between New England Power Service Company and Green Mountain Power Corporation, for the purpose of determining the necessity of the services rendered and the equitableness of the charges for such services; and

Pursuant to said request of the Public Service Commission of the State of Vermont, this Commission having on the 6th day of August 1940 initiated proceedings pursuant to Sections 13 and 18 of said Act, in connection with which proceedings public hearings were held; and

The Public Utilities Division of the Commission having thereafter filed its report with respect to said proceedings, the Commission having on the 22nd day of May 1941 issued its order to show cause why its order of July 31, 1936 should not be rescinded, New England Power Service Company having filed its answer and supplement thereto, and New England Power Service Company having filed an amended declaration setting forth a reorganization of its methods of doing business, and further public hearings having been held thereon; and

The Commission having considered the record herein, and having found that the authorization heretofore granted New England Power Service Company should be continued in effect as to the reorganized company, and having made and filed its Findings and Opinion herein:

It is ordered, That the authorization heretofore granted New England Power Service Company on the 31st day of July 1936 be and same hereby is continued in effect as to the reorganized company.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 21st day of November, A. D. 1941.

Appearances: Gerard F. Treanor, for the Registration Division of the Commission; Robert W. Cornell, for the registrant; Henry E. Tracy, for the Boston Stock Exchange.

The Mayflower-Old Colony Copper Company, a corporation organized under the laws of the State of Michigan, has its capital stock, $25 par value, listed and registered on the Boston Stock Exchange, a national securities exchange. These shares were effectively registered under the Securities Exchange Act of 1934 on July 13, 1935.[1]

On September 4, 1941, the Commission instituted this proceeding, pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, to determine whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding 12 months, or to withdraw, the registration and listing of registrant's capital stock. The order instituting the proceeding set forth as the issues to be determined at the hearing:

(1) Whether the registrant has failed to comply with section 13 (a) of the Act and the Commission's rules thereunder in failing to file its annual report for the fiscal year ended December 31, 1940; and

(2) If so, whether it is necessary or appropriate for the protection of investors to suspend, or to withdraw, the registration of its capital stock.

---

[1] The volume of trading in the stock from January 1, 1938, through September 17, 1941, was as follows: 1938, 3,000 shares; 1939, 820 shares; 1940, 600 shares; 1941 (through September 17), 100 shares.

After appropriate notice to the registrant, the Boston Stock Exchange, and the public, a hearing was held before a trial examiner in Boston, Massachusetts. The trial examiner filed an advisory report in which he found that, in contravention of section 13 (a) of the Act and the Commission's rules thereunder, the registrant failed to file its annual report for the fiscal year ended December 31, 1940.[3] No exceptions to the trial examiner's report have been filed, and no objection to the withdrawal of listing and registration has been made either by the registrant or the Boston Stock Exchange. Upon an independent review of the record, we adopt the aforementioned finding of the trial examiner as being in accord with the record.

We find that the registrant has failed to comply with the statute and the rules thereunder in the respects noted above, and that it is necessary and appropriate for the protection of investors that the listing be withdrawn. C. ---- (1941), Securities Exchange Act Release No. 3049; *Gnome Gold Mining Company*, 10 S. E. C. ---- (1941), Securities Exchange Act Release No. 3066.

Accordingly, *It is ordered*, That the listing and registration of the capital stock, $25 par value, of the Mayflower-Old Colony Copper Company on the Boston Stock Exchange, a national securities exchange, be and it hereby is withdrawn.

By the Commission (Chairman Eicher, Commissioners Healy, Pike, and Burke), Commissioner Purcell being absent and not participating.

IN THE MATTER OF DENIS J. DRISCOLL AND WILLARD L. THORP, AS TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, RESPONDENTS

ORDER POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 22nd day of November, A. D. 1941.

The Commission having, on September 4, 1941, issued its Notice of and Order for Hearing, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, in the above-entitled matter; said order having required that respondents file their answer herein on or before October 17, 1941, and having set the date for the hearing herein on October 28, 1941; and said order having further provided that any person proposing to intervene in said proceedings file his request or application therefor on or before October 17, 1941;

The Commission having, by orders entered October 17, 1941 and November 3, 1941, extended the times within which respondents shall file their answer and within which requests or applications for intervention shall be made, and having postponed the date of the hearing; and

Respondents having filed their answer in the above-entitled matter, and Stanley Clarke, as Trustee of Associated Gas and Electric Company, having filed an application to intervene in these proceedings and the Commission having ordered that the application to intervene be granted and that Stanley Clarke, as Trustee of Associated Gas and Electric Company, be admitted as a party in said proceedings and be heard as to all matters affecting his interest; and

Respondents and said Stanley Clarke, as Trustee of Associated Gas and Electric Company, having joined in an application for the postponement of the date of the hearing herein until December 2, 1941; and the Commission being of the opinion that said request may be appropriately granted;

It is ordered, That the date of the hearing in this matter be and is hereby postponed to December 2, 1941, at 10 o'clock, a. m., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on said day by the hearing-room clerk in room 1102, before the officer or the Commission previously designated herein; and

It is further ordered, That the Secretary of this Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondents and to said Stanley Clarke, as Trustee of Associated Gas and Electric Company, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

IN THE MATTER OF THE KANSAS POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than December 10, 1941 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The Kansas Power Company, a subsidiary of John E. Dwyer, Trustee of Inland Power & Light Corporation, a registered holding company, proposes to reduce, effective October 20, 1941, from 3½% to 2¾%, the interest rate on $360,195.46 of unsecured notes of the Company due serially January 20, 1942-July 20, 1945, owing to the Continental Illinois National Bank and Trust Company of Chicago and the City National Bank and Trust Company of Chicago. The reduction in interest rate has been agreed to by the banks in consideration of the payment by the Company of $77,608.42 principal amount of unsecured notes maturing January 20, 1946, and July 20, 1946, which maturities were paid by the Company on or about October 9, 1941.

IN THE MATTER OF NORTH COUNTRY SECURITIES CORPORATION 328-34 WOOLWORTH BUILDING, WATERTOWN, NEW YORK

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 24th day of November, A. D. 1941.

Appearances: Eugene M. Kline, of the New York Regional Office, for the Trading and Exchange Division of the Commission.

The respondent, North Country Securities Corporation, is registered with this Commission as an over-the-counter broker and dealer pursuant to Section 15 of the Securities Exchange Act of 1934. This proceeding was instituted under section 15 (b) of that Act to determine whether the registrant is permanently enjoined by order of the Supreme Court of the State of New York from engaging in certain acts and practices involving the purchase and sale of securities; and, if so, whether it is in the public interest to suspend or revoke its registration as an over-the-counter broker and dealer. Pursuant to an order of the Commission dated October 1, 1941, and notice duly served upon the registrant, the hearing in this matter was held before a trial examiner in New York City on October 21, 1941. The registrant failed to appear at the hearing.

The record shows, and we find, that by a decree entered on July 2, 1941, the Supreme Court of the State of New York in and for the County of Onondaga permanently enjoined the registrant from engaging in the securities business in the State of New York and appointed a permanent receiver to take over its property and assets. It further appears that this decree was entered with the consent of the registrant upon a complaint charging that registrant had "engaged in practices relating to the purchase and sale of securities which are fraudulent and * * * operated as a fraud upon their customers and the public generally," and had in other ways violated the laws of the State of New York. Upon the basis of the record before us, we find that it is in the public interest to revoke the registration of North Country Securities Corporation.

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of North Country Securities Corporation be, and it hereby is, revoked.

By the Commission (Chairman Eicher, Commissioners Healy, Pike, Purcell, and Burke).

[SEAL] FRANCIS P. BRASSOR,
Secretary.

[F. R. Doc. 41-8777; Filed, November 24, 1941; 11:48 a. m.]

[3] Under Rule X-13A-1 the registrant is required to file its annual reports not more than 120 days after the close of its fiscal year. At the request of the registrant, the Commission granted an extension of time to May 15, 1941, within which registrant might file its annual report for the fiscal year ended December 31, 1940; a further extension of 15 days was granted by the Commission upon the renewed request of the registrant. However, the extensions of time requested by the registrant have expired, and no annual report for the fiscal year ended December 31, 1940, has been filed.

In a letter to the Commission the registrant stated that its directors had voted to request the Commission to withdraw its registration on the Boston Stock Exchange, "as the company has not the necessary funds to pay for an audit, and file a report, as required by the Acts cited above."

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[ACP-1941-Insular-2]

PART 702—1941 AGRICULTURAL CONSERVATION PROGRAM INSULAR REGION[1]

SUPPLEMENT NO. 2

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended, the 1941 Agricultural Conservation Program-Insular Region is hereby amended as follows:

1. Section 702.201 (a) (1) (i) is hereby amended to read as follows:

§ 702.201 *Soil-building practices*—(a) *Allowance in connection with soil-building practices.*

* * * * * *

(1) (i) $4.00 per acre, not in excess of 10 acres, and $1.00 per acre, in excess of 10 acres, of cropland in the farm in excess of the sum of the largest acreage devoted to sugarcane at any one time in 1941 and the rice or tobacco acreage allotment established for the farm; and

* * * * *

2. The second proviso of § 702.204 (b) is hereby amended to read as follows:

§ 702.204 *Division of payments and deductions.*

* * * * * *

(b) *Payments and deductions in connection with rice and tobacco acreage allotments.* * * * *Provided further,* That, if because of crop failure the harvested acreage of tobacco is less than the planted acreage of the crop and the State office finds, in accordance with instructions issued by the Agricultural Adjustment Administration, that use of the harvested acreage as a basis for the division of the net payment or net deduction would result in a materially different division from that which would result from the use of the planted acreage, the net payment or net deduction shall be divided among the landlords, tenants, and sharecroppers in the proportion that the State office determines that these persons would have shared in the proceeds of the tobacco crop if the entire acreage planted to the crop in the 1941-42 tobacco season had been harvested.

3. A second paragraph is hereby added to § 702.208 (a), reading as follows:

§ 702.208 *General provisions relating to payments*—(a) *Payments restricted to effectuation of purposes of program.* * * *

Payments other than payments in connection with soil-building practices will be made only with respect to farms which are being operated in 1941.

* * * * * *

Done at Washington, D. C., this 25th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 8—ALIENS AND NATIONALITY

CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE

PART 175—CONTROL OF PERSONS ENTERING AND LEAVING THE UNITED STATES PURSUANT TO THE ACT OF MAY 22, 1918, AS AMENDED

Correction

A corrected line of type was substituted for the wrong line, resulting in a misprint in paragraph (b) of § 175.29 on page 5913 of the issue of Saturday, November 22, 1941. Paragraph (b) should read as follows:

(b) Any departure-control officer or other authorized official shall temporarily prevent the departure of any person of the class mentioned in the preceding paragraph if such person refuses to submit to such official inspection, or if the officer or official believes the departure of such person would under these regulations be prejudicial to the interests of the United States, or if directed by the Secretary of State or the Attorney General to prevent such departure. In every such case the officer or other official preventing departure shall temporarily take possession of any travel document presented by the alien. Such action shall be reported immediately by the departure-control officer to the head of his Department with a full statement of the facts. An individual so temporarily prohibited from departing shall not be permitted to depart and shall not be entitled to the benefits of any exemptions or limitations hereinbefore provided unless the Secretary of State is satisfied that the departure of such person would not be prejudicial to the interests of the United States.*

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF TITUS BLATTER & COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.66 (h) *Misbranding or mislabeling—Qualities or properties.* Using, in connection with offer, etc., of respondent's textile fabric products, the word "sunfast" or any other word or words of similar import and meaning to designate and describe or refer to fabrics which change or lose color or otherwise deviate from their original color when exposed to the light of the sun; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Titus Blatter & Company, Docket 4306, November 18, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the substitute answer of respondent, in which answer respondent admits all of the material allegations of fact set forth in said complaint and states that it waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Titus Blatter & Company, a corporation, its officers, directors, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of its textile fabric products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist:

Using the words "sunfast" or any other word or words of similar import and meaning to designate and describe or refer to fabrics which change or lose color or otherwise deviate from their original color when exposed to the light of the sun.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF DEAN CABOT

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively to make material disclosure—Safety.* Disseminating, etc., in connection with offer, etc., of respondent's medicinal preparation known as "Caboteks," or any other substantially similar preparation, any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparation, which advertisements represent, directly or through inference, that said preparation constitutes a competent or effective treatment, cure, or remedy for delayed menstruation, or is a competent or effective treatment therefor, or that said preparation is safe for use; or which advertisements fail to reveal that the use of such preparation may cause gastro-intestinal disturbances and congestion and hemorrhage of the pelvic organs, and in a case of pregnancy may cause uterine infection and blood poisoning, and other dangerous effects; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Dean Cabot, Docket 4494, November 17, 1941]

In the Matter of Charles Campbell Buttenfield, Sr., an Individual Trading as Dean Cabot

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 17th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission on the complaint of the Commission and the answer of the respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent Charles Campbell Buttenfield, Sr., an individual trading as Dean Cabot, or trading under any other name, his rep-

resentatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of his medicinal preparation known as "Caboteks", or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or in any other name, do forthwith cease and desist from directly or indirectly:

(1) Disseminating, or causing to be disseminated, any advertisement (a) by means of the United States mail, or (b) by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference, that said preparation constitutes a competent or effective treatment, cure, or remedy for delayed menstruation, or is a competent or effective treatment therefor, or that said preparation is safe for use; or which advertisement fails to reveal that the use of such preparation may cause gastro-intestinal disturbances and congestion and hemorrhage of the pelvic organs, and in a case of pregnancy may cause uterine infection and blood poisoning, and other dangerous effects;

(2) Disseminating, or causing to be disseminated, any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph (1) hereof, or which advertisement fails to reveal the dangerous consequences which may result from the use of said preparation as required in said paragraph (1) hereof.

It is further ordered, That the respondent shall, within ten days after service upon him of this order, file with the Commission an interim report in writing stating whether he intends to comply with this order, and, if so, the manner and form in which he intends to comply; and that within sixty days after service upon him of this order, respondent shall file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF JENKS PHYSICIANS' SUPPLIES, ETC.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleading—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondent's medicinal preparations and devices known as "Intrauterine Paste", "Dependon Vaginal Jelly", "Dependon Vaginal Creme", "Flexible Kone Diaphragm", and "Flexible Kone Pessary", or any other substantially similar medicinal preparations or devices, disseminating, etc., any advertisements by means of the United States mails or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparations or devices, which advertisements represent, directly or by implication, that any of said preparations or devices, whether used alone or in conjunction with any other of said preparations or devices, will prevent conception or prevent pregnancy; that any of said preparations or devices are safe, competent or effective preventatives against conception or pregnancy; that any of said preparations, whether used alone or in conjunction with any other of said preparations, is a competent or effective treatment for dysmenorrhea, endometritis, noxious discharges arising, in the cervix or uterus, or the restoration of normal menses when delayed; and so disseminating any advertisement of the devices designated as "Flexible Kone Diaphragms" and "Flexible Kone Pessaries", which fails to reveal that the device advertised cannot be worn without danger of injury to tissues, without interfering with proper drainage and without danger of infection; and so disseminating any advertisement of the preparation designated as "Dependon Intrauterine Paste" which fails to reveal that said preparation is a very caustic preparation which may destroy healthy tissues of the womb, and produce necrosis; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp., IV, sec. 45b) [Cease and desist order, Jenks Physicians' Supplies, etc., Docket 4378, November 18, 1941]

In the Matter of Mrs. Anne M. Jenks, Trading as Jenks Physicians' Supplies and Dependon Products

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of the respondent, in which answer the respondent admits all of the material allegations of fact set forth in said complaint and states that she waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Mrs. Anne M. Jenks, individually and trading as Jenks Physicians' Supplies and Dependon Products, or trading under any other name, her representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of her medicinal preparations and devices known as Intrauterine Paste, Dependon Vaginal Jelly, Dependon Vaginal Creme, Flexible Kone Diaphragm, and Flexible Kone Pessary, or any other medicinal preparation or device of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from, directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that any of said preparations or devices, whether used alone or in conjunction with any other of said preparations or devices, will prevent conception or prevent pregnancy; that any of said preparations or devices are safe, competent or effective preventatives against conception or pregnancy; that any of said preparations, whether used alone or in conjunction with any other of said preparations, is a competent or effective treatment for dysmenorrhea, endometritis, noxious discharges arising, in the cervix or uterus, or the restoration of normal menses when delayed; and from so disseminating any advertisement of the devices designated as "Flexible Kone Diaphragms" and "Flexible Kone Pessaries", which fails to reveal that the device advertised cannot be worn without danger of injury to tissues, without interfering with proper drainage and without danger of infection; and from so disseminating any advertisement of the preparation designated as "Dependon Intrauterine Paste" which fails to reveal that said preparation is a very caustic preparation which may destroy healthy tissues of the womb, and produce necrosis;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of said preparations or devices, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which fails to reveal, in any advertisement of the devices designated as "Flexible Kone Diaphragms" and "Flexible Kone Pessaries" and the preparation designated as "Dependon Intrauterine Paste", the dangerous consequences which may result from use of said device or devices and the said preparation, as required in paragraph 1 hereof.

It is further ordered, That the respondent shall, within ten (10) days after service upon her of this order, file with the Commission an interim report in writing, stating whether she intends to comply with this order, and if so, the manner and form in which she intends to comply; and that, within sixty (60) days after service upon her of this order, said respondent shall file with the Commission a report in writing, setting forth in detail the manner and form in which she has complied with this order.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Clara Stanton, Druggist To Women, Docket 4327, November 18, 1941]

In the Matter of Clara Stanton, an Individual, Trading as Clara Stanton, Druggist for Women

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence taken before William C. Reeves, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence, and briefs filed herein, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Clara Stanton, an individual, trading as Clara Stanton, Druggist to Women, or trading under any other name, her representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of her medicinal preparation known as "Anti-Fat Tablets," or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

(1) Disseminating, or causing to be disseminated, any advertisement by means of the United States mails or by any means in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference that respondent's preparation is a cure or remedy for obesity, or that it has any therapeutic value in the treatment of obesity, or that said preparation has any properties which are effective in reducing excess fat, or that its use is of value in preventing obesity; or which advertisement uses the name "Anti-Fat Tablets," or any other name of similar import or meaning, to designate or describe respondent's preparation;

(2) Disseminating, or causing to be disseminated, any advertisement by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce as "commerce" is defined in the Federal Trade Commission Act, of respondent's preparation, which advertisement contains any of the representations prohibited in paragraph (1) hereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon her of this order, file with the Commission a report in writing,

setting forth in detail the manner and form in which she has complied with this order.

IN THE MATTER OF THRIFT SALES CORPORATION, ET AL.

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of merchandise, (1) selling, etc., merchandise so packed and assembled that sales thereof to the general public are to be made and may be made by means of a game of chance, gift enterprise, or lottery scheme; (2) supplying, etc., others with push or pull cards or other lottery devices either with assortments of merchandise or separately, which said push or pull cards or other lottery devices are to be used or may be used in selling or distributing said merchandise to the public; and (3) selling, etc., any merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Supp. IV, sec. 45b) [Cease and desist order, Thrift Sales Corporation, et al., Docket No. 4489, November 18, 1941]

In the Matter of Thrift Sales Corporation, a Corporation Trading as Finance Service System and as Church Extension Bureau and Gustave Heiss, Individually and as an Officer of the Thrift Sales Corporation

At a regulation session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 18th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, and a stipulation as to the facts entered into by counsel for the respondents in behalf of the respondents and W. T. Kelley, Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondents findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents Thrift Sales Corporation, a corporation, its officers, directors, representatives, agents and employees, and Gustave Heiss, an individual and as an officer of the Thrift Sales Corporation, directly or through any corporate or other device in connection with the offering for sale, sale and distribution of merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from

(1) Selling or distributing merchandise so packed and assembled that sales of such merchandise to the general public are to be made and may be made by means of a game of chance, gift enterprise, or lottery scheme;

(2) Supplying to or placing in the hands of others push or pull cards or other lottery devices either with assortments of merchandise or separately, which said push or pull cards or other lottery devices are to be used or may be used in selling or distributing said merchandise to the public;

(3) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket Nos. A-1023 and A-1087]

PART 327—MINIMUM PRICE SCHEDULE. DISTRICT NO. 7

ORDER AMENDING PREVIOUS ORDERS IN THE MATTERS OF THE PETITIONS OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7 PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

District Board No. 7 has filed motions to amend its original petitions and the Orders of the Director dated September 3, 1941, 6 F.R. 4816, and October 16, 1941, 6 F.R. 5670, Granting Temporary Relief and Conditionally Providing for Final Relief, by deleting all reference in the above-entitled matters to the Lane & Lilly Mine, Mine Index No. 234.

From the said motions it appears that the Lane & Lilly Mine, now operated by Lane & Lilly, a Code member in District No. 7, was formerly operated by Cora Lee Coal Company (W. G. Cole) under the name of the Snuffer Mine, Mine Index No. 527, and that minimum prices were established for the coals of Mine Index No. 527 in Size Groups 3 to 6, inclusive, in Price Schedule No. 1 for District No. 7 for Truck Shipments.

Now, therefore, it is ordered, That all reference to the Lane & Lilly Mine, Mine Index No. 234, in Supplement T, § 327.34 (*General prices in cents per net ton for shipment into any market area*), and Supplement R, § 327.11 (*Low volatile coals: Alphabetical list of code members*), in the Orders of the Director dated September 3, 1941 and October 16, 1941, respectively, Granting Temporary Relief and Conditionally Providing for Final Relief, in the above-entitled matters be, and it hereby is, deleted.

Dated: November 22, 1941.

PART 962—STEEL

Amendment to Supplementary Order No. M-21-a

(a) Paragraph (c) of Supplementary Order M-21-a is hereby amended to read as follows:

§ 962.2 *Supplementary Order M-21-a.*

* * * * *

(c) (1) *Restrictions on melting, processing and deliveries of alloy iron or alloy steel containing 4% or more of chromium.* Except pursuant to a specific Preference Rating Certificate or Preference Rating Order carrying a preference rating of A-10 or higher and duly issued or extended to the Producer, or pursuant to specific written permission of the Director of Priorities,

(i) no Producer shall melt, or process beyond ingot, bloom, billet, sheet bar or slab, and

(ii) on and after December 1, 1941, no Producer shall deliver

any alloy iron or alloy steel containing 4% or more of chromium.

(2) *Directions as to deliveries.* The Director of Priorities may from time to time issue directions, directing or forbidding specific deliveries.

(3) *Directions as to alloying content.* The Director of Priorities may from time to time issue directions, specifying as to any alloying element the quantities and proportions which may be used in making alloy iron or alloy steel, and whether and in what proportions, any such element is to be the metal, a ferro-alloy, reclaimed metal, scrap, a chemical compound or any other material containing such element. Any person who shall violate any such direction, or any person who knowingly receives delivery of alloy iron or alloy steel in violation thereof, may be prohibited from making or receiving further deliveries of such material or subjected to such other action as the Director of Priorities may deem appropriate.

(b) This amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 978—UTILITIES—MAINTENANCE, REPAIR AND SUPPLIES

Amendment No. 2 to Preference Rating Order No. P-46

(a) Section 978.1, as heretofore amended, is hereby amended as follows:

(1) Paragraph (a) (6) (ii) is amended to read as follows:

§ 978.1 *Preference rating order P-46.*[2]

(a) * * *

(6) * * *

(ii) Additions to, or expansion of, such property or equipment, other than the connection of new consumers, and minor improvements needed for relief from serious overload and other minor capital additions: *Provided,* That such connection of new consumers, minor improvements and other minor capital additions shall not include any work order or job in which the cost of Material shall not exceed $1,500 in the case of underground connections, and $500 in the case of other capital additions, and provided further that no single job shall be subdivided into parts in order to come below these limits:

* * * * *

(2) Paragraph (f) is amended to read as follows:

(f) *Restrictions on deliveries, withdrawals and inventory.* (1) No Producer shall, during any Calendar Quarterly Period, accept deliveries (whether or not rated pursuant to this Order) of any items of Material to be used as Operating Supplies or for Maintenance or Repair or any other purpose the aggregate dollar volume of which shall exceed 25% of the aggregate dollar volume of the withdrawals of items of Material of the same class from stores or inventory during the calendar year 1940 unless such deliveries shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor.

(2) No Producer shall, at any time, accept deliveries (whether or not rated pursuant to this Order) of any item of Material to be used as Operating Supplies or for Maintenance or Repair or any other purpose until the Producer's inventory and stores of items of Material of the same class have been reduced to a practical working minimum, unless such delivery shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor. Such practical minimum shall in no case exceed the aggregate dollar volume of items of Material of the same class in inventory and stores on December 31, 1940, or, at the Producer's option, on the most recent date during the calendar year 1940 on which the Producer's inventory was taken.

(3) No Producer shall, during any Calendar Quarterly Period, make withdrawals from stores or inventory of any items of Materials to be used as Operating Supplies or for Maintenance or Repair or for any other purpose the aggregate dollar volume of which shall exceed the aggregate dollar volume of the withdrawals of such items of Material of the same class during the corresponding quarter of 1940, or, at the Producer's option, 25% of the aggregate dollar volume of the withdrawals of such items of Material of the same class during the calendar year 1940 unless such withdrawals shall be specifically authorized in advance by the Office of Production Management on the Producer's application therefor.

(4) Notwithstanding the provisions contained in paragraphs (f) (1), (2) and (3), a Producer may:

(i) In any Calendar Quarterly Period increase the aggregate dollar volume of deliveries accepted of Material for Operation, Maintenance and Repair of generation, production and pumping facilities, and withdrawals of Material for such use, over the aggregate dollar volume of deliveries or withdrawals of Material for such use during the corresponding calendar quarter of 1940 proportionately to the increase in system output in the preceding Calendar Quarterly Period over the system output in

the Calendar Quarter of 1940 corresponding to such preceding Calendar Quarterly Period; and

(ii) In any Calendar Quarterly Period accept deliveries which will increase the aggregate dollar volume of inventory of Material for the Operation, Maintenance and Repair of generation, production and pumping facilities over the aggregate dollar volume of inventory of Material for such use on December 31, 1940, or, at the Producer's option, on the most recent date on which the Producer's inventory was taken during the calendar year 1940, proportionately to the increase in system output during the preceding Calendar Quarterly Period over the system output in the Calendar Quarter of 1940 corresponding to such preceding Calendar Quarterly Period; and

(iii) In any Calendar Quarterly Period accept deliveries or make withdrawals from stores or inventory of consumers' meters and house-regulators in an amount not in excess of 25% of the number of such meters or house-regulators condemned and destroyed by the Producer in 1940, (or, at the Producer's option, not in excess of the number of such meters and house-regulators condemned and destroyed in the corresponding quarter of 1940) plus the number of meters and house-regulators necessary to serve the net increase in customers occurring in the current quarter. For the purposes of this subparagraph (iii) withdrawals of meters and house-regulators shall not include meters or house-regulators put in service to replace meters and house-regulators removed from service; and

(iv) In order to provide for unavoidable and emergency situations, accept in any Calendar Quarterly Period deliveries of Material in excess of the amounts specified in paragraphs (f) (1), (2), and (4) (i) and (ii), or make withdrawals from stores or inventory of Material in excess of the amounts specified in paragraphs (f) (3) and (4) (i), such excess, however, not to exceed 2% of the aggregate dollar volume of Material of the same class in inventory on December 31, 1940, or, at the Producer's option, on the most recent date during the calendar year 1940 on which the Producer's inventory was taken; and

(v) In any Calendar Quarterly Period accept deliveries or make withdrawals of Material to the extent necessary for the Maintenance or Repair of the Producer's property or equipment which is damaged by fire, flood, or other climatic conditions, provided that, if the restrictions in paragraphs (f) (1), (2) or (3), as modified by the provisions of paragraphs (f) (4) (i), (ii), and (iv), are exceeded because of such deliveries or withdrawals, a full report of such deliveries or withdrawals together with the reasons therefor shall be made immediately to the Office of Production Management, and provided that the Producer shall, to the extent that the aggregate dollar volume of such deliveries or withdrawals exceeds the aggregate dollar volume of deliveries or withdrawals authorized in paragraphs (f) (1) and (3), as modified by the provisions of paragraphs (f) (4) (i), (ii), and (iv), make adjustments for such excess in the two succeeding Calendar Quarterly Periods unless exemption from this proviso shall be specifically authorized by the Office of Production Management

(5) The provisions of this paragraph (f) shall not apply to fuel, water purification chemicals, wooden poles or wooden crossarms.

(b) This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

IN THE MATTER OF THE APPLICATION OF ST. GEORGE COAL CORPORATION FOR PERMISSION TO RECEIVE DISTRIBUTORS' DISCOUNTS ON COAL PURCHASED BY IT AND RESOLD TO MARINE FUELS, INC.

NOTICE OF AND ORDER FOR HEARING

The St. George Coal Corporation, a corporation organized under the laws of New York, having its principal place of business in New York, New York, and registered with the Division as a distributor, No. 7973, filed its petition in the above-entitled matter praying that it be given permission to accept and retain distribu-

tors' discounts on all coal, heretofore and hereafter, purchased by it and resold to Marine Fuels, Inc.

It is therefore ordered, That a hearing on such matter be held on January 7, 1942, at 10:00 in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before January 3, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: November 22, 1941.

[Docket No. D-3]

IN THE MATTER OF THE APPLICATION OF THE AKRON COAL COMPANY FOR PERMISSION TO RECEIVE SALES AGENT'S COMMISSION AND DISTRIBUTOR'S DISCOUNTS ON COAL SOLD TO J. P. LOOMIS COAL AND SUPPLY COMPANY

NOTICE OF AND ORDER FOR HEARING

The Akron Coal Company, a corporation organized under the laws of Ohio, having its principal place of business in Akron, Ohio, acting as sales agent for certain producers and registered with the Division as a distributor, No. 0085, filed its petition in the above-entitled matter praying that it be given permission to accept and retain sales agent's commission and distributor's discounts on all coal, heretofore and hereafter, sold to J. P. Loomis Coal and Supply Company.

It is therefore ordered, That a hearing on such matter be held on January 12, 1942, at 10:00 in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Bituminous Coal Division or designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioners and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before January 8, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

PETITION OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF TEMPORARY MINIMUM PRICES FOR 2,500 TONS OF SUB-STANDARD SIXTH VEIN COAL PRODUCED AT MINE INDEX 22, CLINTON MINE, AND WASHED AT CHINOOK MINE, AYRSHIRE PATOKA COLLIERIES CORPORATION, HERETOFORE UNCLASSIFIED AND UNPRICED

ORDER TERMINATING PROCEEDING

This proceeding was instituted upon an original petition filed by District Board 11, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment of temporary minimum prices for 2,500 tons of washed coal produced at the Clinton Mine (Mine Index No. 22) of the Ayrshire Patoka Collieries Corporation. Subsequent to the entry of an Order Granting Temporary Relief as requested, petitioner filed an affidavit stating that it had been notified by Ayrshire Patoka Collieries Corporation that the sale of coal under the Order Granting Temporary Relief had been completed, and petitioner has by letter indicated its desire to have this proceeding terminated.

It is, therefore, ordered, That the proceeding in the above matter be, and the same hereby is, terminated.

[Docket No. A-276]

PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 20 FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES FOR COALS PRODUCED IN DISTRICT NO. 20 FOR SHIPMENT INTO MARKET AREAS 200 AND 201

MEMORANDUM OPINION AND ORDER CONCERNING PETITION FOR RECONSIDERATION AND ORDER REOPENING HEARING

This proceeding was instituted upon a petition filed by District Board 20 with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting a revision in the Schedule of Effective Minimum Prices of District 20 for All Shipments so that the same minimum f. o. b. mine prices for coal shipped by rail from Subdistrict 1 (Castlegate-Hiawatha) to Market Areas 200 (North Dakota and a portion of South Dakota) and Market Area 201 (a portion of eastern South Dakota) be established as are applicable for similar shipments to Market Areas 202 and 203 (also a portion of South Dakota).

Temporary relief pending the final disposition of this matter was granted by Order of the Director dated December 16, 1940.

Pursuant to an Order of the Director, a hearing in this matter was held before Thurlow G. Lewis, a duly designated Examiner of the Division, at a hearing room thereof in Salt Lake City, Utah. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered on behalf of the petitioner and Consumers' Counsel Division. At the conclusion of the hearing all interested parties waived the preparation and filing of a report by the Examiner and the record was thereupon submitted to the Director who, on September 30, 1941, issued his Findings of Fact and on the basis of the Conclusions drawn therefrom, denied the requested relief.

In a petition filed on November 4, 1941, the District Board requests that the Findings of Fact, Conclusions of Law, and the Order denying the requested relief be reconsidered; that pending such reconsideration, the Order denying relief be stayed; and that upon reconsideration an Order be entered granting the requested relief. The petition was accompanied by a brief and by an affidavit of the Secretary of the District Board. The principal reasons assigned by the petitioner in support of its petition for reconsideration are that certain Findings of Fact and Conclusions of Law of the Director are not supported by evidence and that in making said findings and conclusions the Director failed to consider certain evidence of record.

After a reconsideration of this matter the Director is of the opinion that the Order entered herein on September 30, 1941, is adequately supported by the evidence and that the evidence of record does not justify the granting of the permanent relief requested in the original petition. However, in view of the intimation in petitioner's moving papers that it did not adequately present its case and that there are facts which they desire to place in the record and which it believes preponderate in favor of granting the relief, the Director has concluded to order the record in this matter reopened for the purpose of taking additional evidence relevant to the issues in this case. The district boards are cautioned, however, that they are expected in each case to present fully all the facts relevant to the issue. The Director does not plan to follow the practice of reopening hearings on the basis of a bare allegation that a board neglected to present a complete case at the initial hearing. Orderly administration requires that only one hearing be held in each proceeding.

In view of the arguments advanced by the petitioner and the statements contained in its affidavit to the effect that irreparable injury will result from the Order of the Director dated September 30, 1941, the Director concludes that said Order should be suspended pending a rehearing in this matter. It further appears that to suspend said Order until such time as a rehearing can be held and facts more clearly presented for the Director's consideration will not result in material injury to other producers.

It is, therefore, ordered, That the Order of the Director dated September 30, 1941, denying relief herein, be and it hereby is stayed pending further Order of the Director; and that the Order of December 16, 1940, granting temporary relief be and it hereby is reinstated until further Order of the Director.

It is further ordered, That the hearing in the above-entitled matter held on January 29, 1941, be and it hereby is reopened for the purpose of adducing additional evidence on the issues presented by the original petition.

It is further ordered, That the reopened hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 6, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person who has not heretofore filed a petition of intervention in this matter and who desires to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 1, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 20 for a modification of the effective minimum prices for coals produced in Subdistrict No. 1 of District No. 20, in All Size Groups and particularly Size Groups 2, 3, 5 and 7, for shipment into Market Areas 200 and 201.

IN THE MATTER OF SOUTHERN COAL COMPANY, DEFENDANT

ORDER GRANTING PERMISSION TO WITHDRAW COMPLAINT AND DISCONTINUING MATTER

The Bituminous Coal Producers Board for District No. 14, complainant herein, having requested permission to withdraw its complaint against the defendant, a registered distributor, dated May 24, 1941 and filed with the Division May 28, 1941, on the ground that the violations alleged in said complaint have been made part of the Notice of and Order for Hearing, dated October 28, 1941, in the Matter of Southern Coal Company, Inc., Registered Distributor, Registration No. 8561, Docket No. B-80; and

The Director deeming it advisable to grant said permission;

Now, therefore, it is ordered, That the complainant herein is hereby granted permission to withdraw its complaint herein without prejudice to the Notice of and Order for Hearing dated October 28, 1941, in the Matter of Southern Coal Company, Inc., Registered Distributor, Registration No. 8561, Docket No. B–80; and

It is further ordered, That the matter herein, Docket No. 1764–FD, be and the same is hereby discontinued.

Dated: November 22, 1941.

[Docket No. 1725–FD]

IN THE MATTER OF THE DOODLE BUG COAL COMPANY, DEFENDANT

ORDER REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint having been filed with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, alleging that the Doodle Bug Coal Company, the defendant, a code member in District 12, wilfully violated the Bituminous Coal Code or rules and regulations thereunder and the effective minimum prices, by selling for shipment by truck to George Pope, Hamilton, Iowa, during the period from January 1, 1941, to May 10, 1941, a substantial number of tons of screenings and mine run coals produced at the defendant's mine, Mine Index No. 627, in District 12, at the price of $1.00 per net ton f. o. b. the mine, or 60 cents below the effective minimum price applicable to said coals;

Pursuant to an Order of the Director dated July 21, 1941, and after due notice to interested persons, a hearing in this matter having been held on September 17, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which the defendant appeared;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the code membership of the defendant, Doodle Bug Coal Company, a partnership consisting of Malcolm Collins and Dale Collins, be, and it hereby is revoked and cancelled.

It is further ordered, That prior to any reinstatement of the defendant to membership in the Code, the defendant shall pay to the United States a tax in the amount of $101.28, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: November 22, 1941.

PETITION OF DISTRICT BOARD 4, PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED

ORDER ASSIGNING MINE INDEX NO. 312 FOR THE SICKAFOOSE MINE OF SICKAFOOSE BROS., A CODE MEMBER IN DISTRICT NO. 4

On October 19, 1940, the Director issued a Notice of and Order for Hearing and Granting Temporary Relief in the above-entitled matter. Among other matters, this order assigned Mine Index No. 2303 to the Sickafoose Mine of Sickafoose Bros. and also to the Miller Mine of Marshall A. Miller, code members in District No. 4. After further proceedings in the above-entitled matter, the Director, on April 19, 1941, issued an Order Approving and Adopting the Proposed Findings of Fact and Conclusions of Law of the Examiner, and Granting Permanent Relief.

It appears that another mine index number should be assigned to the said Sickafoose Mine in order to distinguish its mine index number from that of the said Miller Mine.

Now, therefore, it is ordered, That the assignment of Mine Index No. 2303 to the Sickafoose Mine of Sickafoose Bros., a code member in District No. 4, be revoked, and in lieu thereof, Mine Index No. 312 be assigned to the said mine; and

It is further ordered, That in all other respects the said Order of April 19, 1941, be and it hereby is, continued in full force and effect.

Dated: November 24, 1941.

INVESTIGATION TO DETERMINE WHETHER COALS IN THE STATE OF VIRGINIA ARE SUBJECT TO THE PROVISIONS OF THE BITUMINOUS COAL ACT OF 1937, AND FOR THE FURTHER PURPOSE OF HEARING APPLICATIONS FOR EXEMPTION, AS PROVIDED FOR IN ORDERS NOS. 28 AND 174 OF THE NATIONAL BITUMINOUS COAL COMMISSION; AND, IN THE MATTER OF THE APPLICATIONS FOR EXEMPTION, UNDER SUBSECTION (b), SECTION 17 OF THE BITUMINOUS COAL ACT OF 1937, FROM THE OPERATION AND EFFECT OF THE PROVISIONS OF SAID ACT, FILED BY THE ANTHRACITE COAL AND BRIQUETTING COMPANY, INC., THE FRANK THOMAS COAL CORPORATION, THE GREAT VALLEY ANTHRACITE COAL CORPORATION, THE SUPERIOR ANTHRACITE MINES, INC., THE HARD COAL MINES, INC., AND THE OTEY MINES OPERATED BY HOGE BROTHERS MINING AND MANUFACTURING COMPANY, INC.

ORDER CONCERNING COALS MINED IN THE STATE OF VIRGINIA

This proceeding having been instituted by the National Bituminous Coal Commission on January 4, 1938, by its Order No. 174, directing that a hearing be held for the purpose of determining whether coals in the State of Virginia are subject to the provisions of the Bituminous Coal Act of 1937 and for the purpose of hearing applications for exemption as provided for by said Order No. 174 and by Order No. 28 issued by the Commission on July 27, 1937, which provided that "any producer of coal may, upon application to the Commission and upon presentation of proper evidence in support of such application, if required by the Commission, secure a finding by the Commission as to whether or not any such coal is bituminous as defined in the Act, and if it is not bituminous, secure a certificate from the Commission showing such fact;"

Applications for exemption from the provisions of the Act having been filed by Otey Mines operated by Hoge Brothers Mining and Manufacturing Company, Inc., Blacksburg, Virginia; Anthracite Coal and Briquetting Company, Inc., Pulaski, Virginia; Frank Thomas Coal Corporation, Merrimac, Virginia; Great Valley Anthracite Coal Corporation, McCoy, Virginia; Superior Anthracite Mines, Inc., McCoy, Virginia; and Hard Coal Mines, Inc., Christiansburg, Virginia.

Pursuant to due notice to all interested persons, a hearing in this matter having been held from February 28 to March 2, 1938, before T. B. Cantrell, a duly designated Examiner of the Commission, at which appearances were entered by the Office of Consumers' Counsel, by Frank Thomas Coal Corporation, Superior Anthracite Mines, Inc., Hard Coal Mines, Inc., Great Valley Anthracite Coal Corporation, and Anthracite Coal and Briquetting Company, Inc., by District Board 14, and by the Anthracite Institute;

The Examiner on April 22, 1938 having filed his Report, Findings, Conclusions, and Recommendations;

The undersigned having considered the entire record and upon the basis thereof having made Findings of Fact and Conclusions of Law and having rendered an Opinion which are filed herewith; [1]

Now, therefore, it is ordered, That the coals in Pulaski and Montgomery Counties, Virginia, produced by the Anthracite Coal and Briquetting Company, Inc., from the "Langhorne Seam," and by the Frank Thomas Coal Corporation, by the Great Valley Anthracite Coal Corporation, by the Superior Anthracite Mines, Inc., by the Hard Coal Mines, Inc., and by the Otey Mines operated by Hoge Brothers Mining and Manufacturing Company, Inc., are hereby declared to be not bituminous within the meaning of section 17 (b) of the Bituminous Coal Act of 1937;

It is further ordered, That all coals mined in the State of Virginia except the coals referred to in the immediately preceding paragraph of this order are bituminous coals within the meaning of the Bituminous Coal Act of 1937 and are not exempt from the operation and effect of that Act.

Date: November 22, 1941.

DEPARTMENT OF LABOR.

Division of Public Contracts.

IN THE MATTER OF THE MODIFICATION OF THE PREVAILING MINIMUM WAGE DETERMINATION FOR THE COTTON GARMENT AND ALLIED INDUSTRIES

NOTICE OF OPPORTUNITY TO SHOW CAUSE

The Administrator of the Wage and Hour Division of this Department having by orders of September 12, 1941, and May 15, 1940, established a minimum wage rate pursuant to the authority vested in him by the Fair Labor Standards Act of 1938 of not less than 40 cents an hour to be paid by every employer to each of his employees who is engaged in commerce or in the production of goods for such commerce in the Single Pants, Shirts, and Allied Garments Industry, the Sportswear and Other Odd Outerwear division of the Apparel Industry, and the Women's Apparel Industry, as defined by the Administrator of the Wage and Hour Division; and

Evidence having been presented to the Department that substantially all manufacturers of the products of the Single Pants, Shirts and Allied Garments Industry, the Sportswear and Other Odd Outerwear division of the Apparel Industry, and the Women's Apparel Industry are engaged in commerce or in the production of goods for such commerce; and

Inasmuch as the Single Pants, Shirts and Allied Garments Industry, the Sportswear and Other Odd Outerwear division of the Apparel Industry, and the Women's Apparel Industry include within their coverage all articles falling within the coverage of the Secretary's decision In the Matter of the Prevailing Minimum Wage in the Cotton Garment and Allied Industries (2 F. R. 1333) made under the provisions of the Public Contracts Act (49 Stat. 2036) on July 28, 1937, and amended from time to time, with the exception of—

Barrack bags and bandoleers.
Ammunition and cartridge belts, made of textiles.
Canvas leggins.
Cot covers.
Fabric pouches and carriers for first aid equipment, such as kit cantle ring straps, kit inserts, kit laces, kit pouches, and kit suspenders.
Mattress covers.
Mosquito bars.
Wardrobe bags with draw-strings, made of textiles;

and

It therefore appearing that the aforementioned wage orders of the Administrator of the Wage and Hour Division of this Department have had the effect of establishing 40 cents an hour as the prevailing minimum wage in the manufacture of all articles covered by the Secretary's decision In the Matter of the Prevailing Minimum Wage in the Cotton Garment and Allied Industries with the exception of the commodities above listed; and

Inasmuch as the Secretary has heretofore found in her decisions of January 29, 1938, and February 8, 1941, In the Matter of an Extension of the Minimum Wage Determination for the Cotton Garment and Allied Industries, that the above-listed commodities are made by substantially the same manufacturing processes and by the same manufacturers and under a similar wage structure as are the other commodities subject to the decision of the Secretary above referred to; and

The Administrator of the Wage and Hour Division having this day issued proposed learner regulations for the Single Pants, Shirts and Allied Garments Industry, the Sportswear and Other Odd Outerwear division, among others, of the Apparel Industry and the Women's Apparel Industry; and

The Administrator of the Wage and Hour Division having heretofore issued regulations concerning the employment of handicapped workers in the performance of work subject to the provisions of the Fair Labor Standards Act (Title 29; Chap. V—Code of Fed. Reg. Part 524); and

It appearing that the best interests of management and labor will be served if the regulations of the Administrator of the Wage and Hour Division for the above-mentioned divisions of the Apparel Industry and for handicapped workers be made applicable in their entirety to contracts awarded under the Public Contracts Act and the Secretary's determination In the Matter of the Prevailing Minimum Wage in the Cotton Garment and Allied Industries as modified from time to time.

Notice is hereby given to all interested parties that they will be allowed until December 11, 1941, to show cause if any they have why the Secretary should not modify the decision In the Matter of the Prevailing Minimum Wage in the Cotton Garment and Allied Industries by finding that the prevailing minimum wage for persons now employed in the industry as heretofore defined has ceased to be 37.5 cents as heretofore found by the Secretary and is now 40 cents an hour or $16.00 per week of 40 hours and to show cause if any they have why the Secretary should not further modify the Cotton Garment and Allied Industries determination to provide that the proposed regulations for the employment of learners and handicapped workers in the Apparel Industry as defined by the Administrator of the Wage and Hour Division should not be adopted by the Secretary as applicable to contracts awarded subject to the Secretary's decision above referred to for the Cotton Garment and Allied Industries.

Nothing herein shall be construed to affect such obligations for the payment of minimum wages as an employer may have under the Fair Labor Standards Act of 1938 or any wage order thereunder, or under any other law, or agreement, more favorable to employees than the requirements of this determination.

All objections or protests should be addressed to the Administrator, Division of Public Contracts, U. S. Department of Labor, Washington, D. C. An original and four copies must be filed.

Dated: November 26, 1941.

IN THE MATTER OF A REQUEST FOR AN EXEMPTION FROM THE PROVISIONS OF SECTION 1 (a) OF THE WALSH-HEALEY PUBLIC CONTRACTS ACT TO PERMIT DEFENSE ASSOCIATIONS TO RECEIVE CONTRACTS SUBJECT TO THE ACT

NOTICE OF OPPORTUNITY TO SHOW CAUSE

The Secretaries of War and the Navy having advised the Department of Labor that, in an effort to utilize the full productive facilities of the United States in conformity with the objectives of Executive Order 8891, dated September 4, 1941, and particularly such facilities as are possessed by small manufacturing establishments, it is their desire to award contracts to corporations or other organizations capable of contracting, acting at the instance of groups of manufacturers who, having among themselves facilities which may be used to manufacture defense articles, and having agreed among themselves for the use of their facilities for such manufacture, have been certified by the Division of Contract Distribution, Office of Production Management, as Defense Production Associations appropriate in form and character to carry out the purposes of Executive Order No. 8891; and

The Secretaries of War and the Navy having found that the inclusion in the proposals of the representations and stipulations of section 1 (a) of the Act of June 30, 1936 (49 Stat. 2036), commonly called the Walsh-Healey Public Contracts Act and hereinafter called the Act, "that the contractor is the manufacturer of or a regular dealer in the materials, supplies, articles or equipment to be manufactured or used in the performance of the contract" will seriously impair the conduct of Government business by making it impossible for such corporations or rganizations to take Government contracts when they themselves have no facilities for manufacture, but propose to use the facilities of the group of associated manufacturers; and

The Secretaries of War and the Navy having filed application under the provisions of section 6 of the Act, and in accordance with article 601 of the Administrative Regulations No. 504, for an exemption to permit such corporations and organizations when properly certified by the Division of Contract Distribution, Office of Production Management, to take contracts subject to the Walsh-Healey Public Contracts Act, without representing or stipulating they are manufacturers or regular dealers; and

There being no reason to believe that such an exemption will affect adversely the interests of management or labor, the corporations or organizations being subject to all other provisions of the Act and the Regulations of the Department thereunder;

Notice is hereby given that unless good cause is shown to the contrary on or before December 2, 1941, the Secretary of Labor will on that date exempt from the requirement of section 1 (a) of the Act all contracts thereafter awarded to corporations or other organizations having no manufacturing facilities of their own, and contracting at the instance of manufacturers collectively certified by the Division of Contract Distribution, Office of Production Management, as Defense Production Associations appropriate in form and character to carry out the purposes of Executive Order No. 8891.

Briefs or telegrams for or against the granting of the proposed exemption must be filed with the Administrator, Division of Public Contracts, Department of Labor Building, Washington, D. C., on or before December 2, 1941.

Dated: November 26, 1941.

Wage and Hour Division.

IN THE MATTER OF REVISION OF THE REGULATIONS APPLYING TO THE EMPLOYMENT OF LEARNERS UNDER SECTION 14 OF THE FAIR LABOR STANDARDS ACT IN THE CLOTHING INDUSTRY (WOMEN'S APPAREL AND SINGLE PANTS, SHIRTS, AND ALLIED GARMENTS INDUSTRIES AND IN THE SPORTSWEAR AND OTHER ODD OUTERWEAR, RAINWEAR, AND ROBES DIVISIONS OF THE APPAREL INDUSTRY)

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Notice is hereby given of the following proposed regulations to apply to the employment of learners under section 14 of the Fair Labor Standards Act in the Clothing Industry (Women's Apparel and Single Pants, Shirts, and Allied Garments Industries and in the Sportswear and Other Odd Outerwear, Rainwear, and Robes Divisions of the Apparel Industry), and opportunity is given to all interested parties to file briefs with the Wage and Hour Division by December 11, 1941, to show cause why the following regulations should not be adopted by the Administrator of the Wage and Hour Division.

REGULATIONS APPLICABLE TO THE EMPLOYMENT OF LEARNERS IN THE CLOTHING INDUSTRY (WOMEN'S APPAREL AND SINGLE PANTS, SHIRTS, AND ALLIED GARMENTS INDUSTRIES AND IN THE SPORTSWEAR AND OTHER ODD OUTERWEAR, RAINWEAR, AND ROBES DIVISIONS OF THE APPAREL INDUSTRY)

§ 522.160 (a) These regulations relate to employment in the making of the following kinds of clothing:

(1) Women's apparel, defined as follows in Regulations, § 605.4:

The production of women's, misses', and juniors' dresses, washable service garments, blouses, and neckwear from woven or purchased knit fabric; women's, misses', children's and infants' underwear, nightwear, and negligees from woven fabric; corsets and other body supporting garments from any material; other garments similar to the foregoing; and infants' and children's outerwear.

(2) Single pants, shirts, and allied garments, defined as follows in Regulations, § 606.4:

The production of men's and boys': Single pants, washable service garments, work shirts, overalls, overall jackets, and coveralls from any material; dress and sport shirts from woven fabric or purchased knit fabric; and collars and sleeping wear from woven fabric.

(3) Sportswear and other odd outerwear, defined as follows in Regulations, § 561.4:

The manufacture of men's, women's, and children's sportswear and other odd outerwear, including windbreakers, lumberjackets, mackinaws and mackinaw coats, melton jackets, blanket-lined and similar coats, leatherette coats and jackets, hunting coats and vests, riding clothing, ski-suits and snow-suits (except children's ski-suits and snow-suits), and similar garments not elsewhere specified in wage orders relating to the apparel industry as defined, from any woven materials or from purchased knitted materials.

(4) Rainwear, defined as follows in Regulations, § 563.4:

The manufacture of water-proofed garments and raincoats from oiled cloth or other materials, whether vulcanized, rubberized, cravenetted, or otherwise processed.

(5) Robes, defined as follows in Regulations, § 572.4:

The manufacture of men's, women's, and children's bath, lounging, and beach robes and dressing gowns, from any woven materials or purchased knitted materials.

(b) In this industry, employment of learners at subminimum wage rates shall be restricted to the following occupations:

(1) machine operating except cutting;
(2) pressing;
(3) hand sewing and finishing involving hand sewing.

§ 522.161. Application for leave to employ learners in these occupations at a wage rate below the applicable basic minimum rate may be made to the regional director of the Wage and Hour Division for the region in which the applicant's plant is situated. Application shall be made by completing an official form of application. Each application shall relate to a single plant. The regional director shall forward the form when duly completed to the Wage and Hour Division in Washington with his comments and recommendation.

§ 522.162 Notice of application for leave to employ learners shall be given by the employer by posting a completed copy of the official form of notice in a conspicuous place in each department of the plant to which it relates, if such department is in operation, and keeping it so posted as long as application is pending.

§ 522.163 (a) Upon receiving the forwarded form of application, the Administrator or his authorized representative shall, after considering any objection filed, issue, subject to the following provisions, a certificate of leave to employ learners at a rate lower than the basic minimum rate, which learner certificate shall expire at the end of not less than six weeks nor more than one year, as seems expedient in view of employment conditions, of state wage laws, and of the applicant's previous observance of learner regulations and certificates. The issuance of a learner certificate (other than an expansion certificate) shall revoke any other certificate (except an expansion certificate) applying to the same occupation.

(b) The certificate shall be issued only if the facts set forth in the completed application form and other information known to the Administrator show that:

(1) Experienced workers are not available.

(2) Employment of learners at subminimum rates is not likely to depress wages or working conditions of experienced workers at the plant.

(3) The applicant has not wilfully or substantially violated learner regulations or learner certificates issued under section 14 of the Fair Labor Standards Act within the preceding twelve months.

(c) The certificate shall state how many learners may be employed at any time or what percentage of productive workers may be learners at any time, shall designate the occupations to which the subminimum rate is restricted, and shall incorporate the provisions of subparagraphs (2) and (3), below.

(1) The maximum number of learners (including relearners) permitted at any time shall be no more than (a) 10; or (b) 10 percent of the productive workers employed at that time in the plant, except as provided in subsection (d), below.

(2) The period of learning shall last 480 hours, except for relearners, for whom the period of learning shall be 240 hours. The period of learning of each learner covered by the certificate must begin but need not end before its expiration date.

(3) The minimum wage rate for learners shall be 25 cents an hour for the first 320 hours and 32½ cents an hour for the next 160 hours, except for relearners who shall receive 32½ cents an hour for the period of 240 hours. If experienced workers are paid at piece rates, these rates shall be applied to every learner (including relearner) and he shall be paid wages so reckoned if they exceed wages reckoned at the rate established for learners.

(d) A learner certificate in lieu of or in addition to the certificate heretofore authorized may be issued when the applicant expects to increase for other than seasonal or temporary requirements the number of workers in his employ in the occupation for which he applies for a learner certificate. When an employer so applies, the regional director shall forward the form of application, when duly completed, together with accompanying documents, to the Wage and Hour Division in Washington, with his comments and recommendation. Upon receiving the forwarded form of application, the Administrator or his authorized representative shall, after considering any objection filed, issue, subject to the following provisions, an expansion certificate authorizing the employment of additional learners required by the expected increase. The duration of an expansion certificate shall correspond to the period of expansion and shall in no case be longer than 38 weeks. The issuance of an expansion certificate shall revoke any other expansion certificate applying to the same occupation. It shall be issued only if the facts set forth in the completed application form and other information known to the Administrator fulfill the requirements of paragraph (b) and further show that:

(1) Employment of learners at subminimum rates is not likely to depress wages or working conditions of experienced workers or to create or continue unemployment for experienced workers in the industry. If the situation is one in which gradual employment expansion is not economically feasible (e. g., an extra shift or a large unit addition of machinery or building), this test shall be less rigorously applied than where the employer could expand slowly. If the opening or expansion of a plant will be accompanied by the closing or contraction of a plant, this test shall be applied with special rigor.

(2) Employment of learners at subminimum rates will not tend to thwart any of the economic policies and resource utilization plans of the Government.

(3) The number of workers employed at the plant in the occupations in which learners are requested is about to be substantially increased, as by opening a new plant (during the first eight months of operation), by installing additional mechanical equipment or other production facilities, by again putting into operation a plant or machinery which has been idle for an appreciable period, or by adding a shift.

Every expansion certificate shall state how many additional learners may be employed under it, shall designate the occupations to which the subminimum rates are restricted, and shall incorporate the provisions of § 522.163 (c) (2) and (3).

(e) Employment at subminimum rates shall be lawful only when the authorizing certificate or a copy thereof is posted in a conspicuous place in each department of the plant to which it relates.

§ 522.164 The Administrator or his authorized representative may at any time review the issuance or denial of any certificate to correct error in the original decision or to revise it to accord with actual employment conditions at the plant. He shall first notify the applicant and any labor union admitting to membership workers of the occupation covered. Upon prima facie showing of substantial error or substantially erroneous estimate of employment conditions at the plant, he shall review the issuance or denial of any certificate upon demand of the applicant or the union. He may proceed by formal hearing in any case, and shall so proceed upon demand of the applicant or the union. Whenever procedure is by hearing, due notice thereof shall be given in the FEDERAL REGISTER and the decision of the Administrator or his reviewing representative shall be based on the statements in the completed application form and on the testimony of witnesses and documentary evidence presented at the hearing. A decision which amends or revokes a certificate shall not be retroactive or effective until the applicant is informed thereof, and, as to learners hired before the applicant is so informed, shall not become effective until seven days thereafter.

§ 522.165 Certificates issued, whether originally or on review, shall be reported in the FEDERAL REGISTER. Certificates amended or revoked on review shall be reported in the FEDERAL REGISTER.

§ 522.166 (a) A learner certificate is void (1) if it is issued in reliance on false statements in the completed application form or on false evidence of the applicant or if there is at any time substantial falsification of records concerning learners to whom it relates, or (2) if notice of application was not given substantially pursuant to § 522.162.

(b) During any substantial period when the employer does not keep a learner certificate or a copy thereof posted in a conspicuous place in a department, it is inoperative as to that department. The certificate shall state that it authorizes employment of learners at subminimum rates only while so posted.

(c) During any period when experienced workers in the occupation are available, a learner certificate is inoperative to authorize hiring of learners in that occupation; if such learners are hired, they are entitled to the basic minimum wage. The certificate remains operative as to learners hired at any earlier or later time when experienced workers are not available. The certificate shall state that it authorizes the taking on of learners at subminimum rates only when experienced workers are not available.

(d) From the date of a wilful or substantial violation of the terms of a learner certificate or of learner regulations relating to it, the certificate is inoperative. All learners are thereafter entitled to the

basic minimum wage. The certificate shall state that it becomes void upon violation of its terms.

§ 522.167 Each person employed under a learner certificate shall be designated as a learner on the pay roll and the occupation in which he is employed shall be shown. Learners shall be listed together in a separate group on the pay roll for each department. Employment records of the employer shall contain a full statement of the worker's employment in the apparel industry (occupation, employer, and dates) during the preceding two years, whether or not in the particular occupation which he is learning.

§ 522.168 As used herein:

(a) A "learner" is a person who within the preceding two years has been employed in any branch of the apparel industry (including government establishments which impose production and employment standards comparable or superior to private industry) less than 480 hours in the three learner occupations (though not necessarily in a branch of the industry covered by these regulations), regardless of the wage he has received. Except in connection with wage rate and period of learning, the term "learner" includes "relearner." Where differentiated, a "relearner" is a person who within the preceding two years has been employed less than 240 hours in the occupation in which he is working, but who, because of work in the other two learner occupations, is no longer a learner. Persons who are neither learners nor relearners are "experienced."

(b) "Available" means able and willing to work for a substantial period at the particular plant at the wage usually paid at the plant to workers of ordinary skill and efficiency in the particular occupation.

(c) "Subminimum" means below the basic minimum.

(d) The "basic minimum" is the minimum permitted by Section 6 of the Fair Labor Standards Act or wage orders issued by the Administrator.

§ 522.169 The Administrator at any time may, upon request of any interested person or on his own motion, hold a hearing to consider amendment of these regulations, of which reasonable notice shall be given in the FEDERAL REGISTER. After the hearing the Administrator may amend these regulations, to take effect on the date after publication in the FEDERAL REGISTER that he fixes. All learner certificates shall be subject to amendment or revocation: (1) by the amendment of these regulations; or (2) by an order of the Administrator in conformity with a change in employment conditions, which applies equally to (a) all certificates or (b) all expansion certificates, in the industry, or in any branch of it, or in any learner occupation, or in any definite region, or in any combination of these classifications, such amendment or revocation to be effective on the date after publication in the FEDERAL REGISTER that he fixes, and after notification of the holder of the certificate.

§ 522.170 When a certificate is amended or revoked under § 522.164 or § 522.169, the Administrator or his authorized representative will issue to the holder of the certificate an amended certificate, having the same expiration date, or a notice of revocation which shall be promptly posted in a conspicuous place in each department of the plant to which it relates; but even if not so posted, it shall be effective.

§ 522.175 *Local.* These Regulations do not apply to Puerto Rico and the Virgin Islands.

§ 522.176 *Temporary.* These Regulations, §§ 522.160–522.175, upon publication in the FEDERAL REGISTER, replace §§ 522.160–522.178. Certificates now outstanding are not affected by these Regulations.

Signed at Washington, D. C., this 21st day of November 1941. Sections 522.160 to 522.175, inclusive, issued under the authority contained in section 8, 52 Stat. 1064, 29 U.S.C., Sup. IV, 208.

PHILIP B. FLEMING,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6094]

IN RE APPLICATION OF JOHN P. SCRIPPS (NEW)

NOTICE OF HEARING

Application dated October 17, 1939, for construction permit; class of service, broadcast; class of station, broadcast; location, Ventura, California. Operating assignment specified: Frequency, 1,460 kc.; power, 1 kw.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with the application of Golden Gate Broadcasting Corporation (KSAN), Docket No. 6200, for the following reasons: —

1. To determine the qualifications of the applicant to construct and operate the proposed station.

2. To determine the type and character of the proposed program service.

3. To determine the extent of any interference which would result from the simultaneous operation of the station proposed herein and Station XEWG, Ciudad Juarez, Chihuahua, Mexico.

4. To determine the areas and populations which would receive primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

5. To determine the availability of a transmitter site which would comply with the Standards of Good Engineering Practice in all respects.

6. To determine the extent of any interference which would result from the simultaneous operation of the station proposed herein and Station KSAN as proposed in application B5–P–3113 as well as the areas and populations affected thereby, and what other broadcast service is available to these areas and populations.

7. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934 as amended.

8. To determine whether in view of the facts adduced under the foregoing issues and the issues relating to the application of Golden Gate Broadcasting Corporation, Docket 6200, public interest, convenience and necessity will be served by the granting of this application and the application of Golden Gate Broadcasting Corporation or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

John P. Scripps, 306 Scripps Building, San Diego, California.

Dated at Washington, D. C., November 22, 1941.

IN RE APPLICATION OF GOLDEN GATE BROADCASTING CORP. (KSAN)

NOTICE OF HEARING

Application dated February 25, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, San Francisco, Calif.; operating assignment specified: Frequency, 1460 kc.; power, 1 kw.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing, to be consolidated with application of John P. Scripps (New), Docket No. 6094, for the following reasons:

1. To determine the extent of any interference which would result from the simultaneous operation of Station KSAN as proposed and Station XEWG, Ciudad Juarez, Chihuahua, Mexico.

2. To determine whether Station KSAN operating as proposed would provide interference-free primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of San Francisco, California as contemplated by the Standards of Good Engineering Practice.

3. To determine the extent of any interference which would result from the simultaneous operation of Station KSAN as proposed and a station proposed for Ventura, California by John P. Scripps in application B5–P–2583 as well as the areas and populations affected thereby, and what other broadcast service is available to these areas and populations.

4. To determine the areas and population which would gain primary service from the operation of Station KSAN as proposed.

5. To determine whether the authorization requested herein is the best available assignment.

6. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by the provisions of section 307 (b) of the Communications Act of 1934 as amended.

7. To determine whether in view of the facts adduced under the foregoing issues and the issues relating to the application of John P. Scripps, Docket No. 6094, public interest, convenience, and necessity will be served by the granting of this application and the application of John P. Scripps, or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

IN RE APPLICATION OF SOUTHWESTERN MICHIGAN BROADCASTING CORPORATION (NEW)

NOTICE OF HEARING

Application dated May 12, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Kalamazoo, Michigan; operating assignment specified: Frequency, 980 kc.; power, 1 kw. (DA for night only); hours of operation, unlimited. (Facilities of WHAL.)

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Stations KMBC and WSIX.

2. To determine areas and populations now receiving primary service from Stations KMBC and WSIX which may be expected to lose such service should this application be granted and what other broadcast service is available to these areas and populations.

3. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Stations CBV, Quebec, Canada, and CJRM, Regina, Saskatchewan, Canada.

4. To determine whether the proposed station would provide primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of Kalamazoo, Michigan, as contemplated by the Standards of Good Engineering Practice.

5. To determine whether the granting of this application would be consistent with the Standards of Good Engineering Practice, particularly in view of the expected nighttime interference limitation to the service of the proposed station.

6. To determine the areas and populations which would receive primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

7. To determine whether the authorization requested herein is the best available assignment.

8. To determine whether public interest, convenience and necessity would be served through the surrender and cancellation of an outstanding construction permit No. B2–P–936 (and subsequent modifications thereof) issued to Harold F. Gross and Edmund C. Shields (stockholders of or subscribers to all of the stock of this applicant), authorizing the establishment of a station at Saginaw, Michigan (using the frequency 980 kc, with 500 watts, daytime only) and by the granting of this application.

9. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

10. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience, and necessity may be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

IN RE APPLICATION OF INDEPENDENT MERCHANTS BROADCASTING CO. (WLOL)

NOTICE OF HEARING

Application dated August 26, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, Minneapolis, Minnesota; operating assignment specified: Frequency, 630 kc.; power, 1 kw. night; 5 kw. day (DA); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with application of WMIN Broadcasting Company (WMIN), Docket No. 6197, for the following reasons:

1. To determine extent of any interference which would result from the operation of Station WLOL as proposed and Station WOI.

2. To determine the areas and population which would be deprived of primary service from Station WOI as a result of the operation of Station WLOL as proposed, and what other broadcast service is available to these areas and populations.

3. To determine the extent of any interference which would result from the simultaneous operation of Station WLOL as proposed and Stations CFCO, Chat-

ham, Ontario and CJRC, Winnipeg, Manitoba.

4. To determine whether Station WLOL operating as proposed would provide interference-free primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of Minneapolis and St. Paul, Minnesota, as contemplated by the Standards of Good Engineering Practice.

5. To determine the areas and population which may be expected to gain and lose primary service from Station WLOL, operating as proposed, as well as the broadcast service available to these areas and populations.

6. To determine whether the authorization requested herein is the best available assignment.

7. To determine whether the granting of this application would be consistent with the Standards of Good Engineering Practice, particularly in view of the expected nighttime interference limitation to the service of Station WLOL as proposed.

8. To determine whether the granting of this application and the operation of Station WLOL on frequency 630 kc. as proposed would serve public interest, convenience, or necessity better than the operation of Station WMIN on the same frequency as proposed in application B4–P–3044.

9. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934 as amended.

10. To determine whether public interest, convenience, and necessity will be served by the granting of this application and the application of WMIN Broadcasting Company, Docket No. 6197, or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

IN RE APPLICATION OF PLAINS RADIO BROADCASTING CO. (KGNC)

NOTICE OF HEARING

Dated December 11, 1940; for construction permit; class of service, broadcast; class of station, broadcast; location, Amarillo, Texas: operating assignment specified: Frequency, 860 kc.; power, 5 kw. night; 10 kw. day (DA); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine whether the operation of Station KGNC would result in an interfering signal in excess of .025 mv/m (10% of the time) at any point along the United States-Canadian border (Appendix II, Table I, North American Regional Broadcasting Agreement).

2. To determine the extent of any interference which would result to the services of Stations XEMO, Tia Juana, Mexico, XEUN, Mexico City, Mexico and CMBL, Habana, Cuba, if Station KGNC operates as proposed (Appendix II, Table I, North American Regional Broadcasting Agreement).

3. To determine the areas and populations which may be expected to gain primary service from Station KGNC, operating as proposed, and what other broadcast service is available to these areas and populations.

4. To determine whether the granting of this application would be consistent with the Standards of Good Engineering Practice, particularly in view of the expected nighttime interference limitation to the service of Station KGNC as proposed.

5. To determine the areas and populations now receiving primary service from Station KFYO (licensed to this applicant) which would receive such service from Station KGNC as proposed.

6. To determine the character of the proposed program service and the extent to which such service is now being rendered by Station KFYO.

7. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

8. To determine whether in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. UNITED STATES CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS SATURDAY, NOVEMBER 15, 1941

Important: Although the apportioned classified Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

TITLE 7—AGRICULTURE

SUBTITLE A—OFFICE OF THE SECRETARY OF AGRICULTURE

PART 1—ADMINISTRATIVE REGULATIONS

Effective December 1, 1941, Part 1 hereby is amended by adding the following new section:

Official Records

§ 1.1530 *Custody; duties of hearing clerk.* (a) Under the supervision of the Solicitor, the Hearing Clerk (or, in his absence, the Acting Hearing Clerk) hereby is authorized and directed:

(1) In connection with all proceedings before the Secretary in which administrative action is required to be based upon evidence, to have custody of all papers, reports, records, orders, and other documents filed in such proceedings;

(2) To have custody of such other documents as the Secretary from time to time may prescribe;

(3) To execute certified copies of any documents filed in the office of the Hearing Clerk, and to affix to each such certified copy the seal of the Hearing Clerk; and

(4) To perform such duties in addition to and not inconsistent with the foregoing as the Secretary or the Solicitor may require.

(b) The seal of the Hearing Clerk shall be circular, and shall bear on the margin around the center the words, "U. S. Department of Agriculture, Office of the Solicitor", and in the center of said seal shall appear the words, "Seal of the Hearing Clerk". (R.S. 161; 5 U.S.C. 22)

Done at Washington, D. C., this 26th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendments 60-25 to 60-43, incl., C. A. R.]

PART 60—AIR TRAFFIC RULES

ADMINISTRATOR TO DESIGNATE CONTROL ZONES AND OTHER CONTROL AREAS, ETC.

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of November 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 and 601 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 20, 1942, Part 60 of the Civil Air Regulations is amended:

1. By amending § 60.103 to read as follows:

§ 60.103 *Control zone.* A control zone is the airspace above that area on the surface of the earth within 3 miles of the center of an airport designated by the Administrator as a control airport, and within one-half mile of a line extending from the center of such airport to the radio range station established for the purpose of directing air traffic to such airport.

NOTE: For a list of control airports, see *Air Navigation Radio Aids* published periodically by the Administrator.

2. By amending § 60.105 to read as follows:

§ 60.105 *Control zone of intersection.* A control zone of intersection is the airspace above that area on the surface of the earth within a radius of 25 miles of a radio range station designated by the Administrator as the center of such intersection.

NOTE: For a list of control zones of intersection, see *Air Navigation Radio Aids* published periodically by the Administrator.

3. By amending § 60.112 to read as follows:

§ 60.112 *Radio fix.* A radio fix is a geographical location designated by the Administrator on a civil airway above which the position of an aircraft in flight can be accurately determined by means of radio only, (such as a cone of silence marker, Z type marker, fan type marker, or intersection of radio range 'on course' signals).

NOTE: For a list of designated radio fixes, see *Air Navigation Radio Aids* published periodically by the Administrator.

4. By amending § 60.120 to read as follows:

§ 60.120 *Airway traffic control center.* An airway traffic control center is a station operated by the Administrator for the purpose of controlling air traffic on civil airways.

NOTE: For a list of airway traffic control centers, see *Air Navigation Radio Aids* published periodically by the Administrator.

5. By amending § 60.121 to read as follows:

§ 60.121 *Airway traffic control area.* An airway traffic control area is an area within the limits of an airway designated by the Administrator and over which an airway traffic control center exercises control of air traffic.

NOTE: For a list of airway traffic control areas, see *Air Navigation Radio Aids* published periodically by the Administrator.

6. By amending § 60.21 to read as follows:

§ 60.21 *Control airports.* The Administrator, in the interest of safety, and after finding it necessary for the proper control of air traffic, may designate as a control airport any airport in the United States.

7. By amending § 60.22 to read as follows:

§ 60.22 *Control zones of intersection.* The Administrator, in the interest of safety, and after finding it necessary for the proper control of air traffic, may designate any radio range station located within the limits of a civil airway as the center of a control zone of intersection.

8. By amending § 60.23 to read as follows:

§ 60.23 *Airway traffic control area.* The Administrator, in the interest of safety, may designate such portions of the civil airways as airway traffic control areas as may be necessary for the proper control of air traffic.

9. By eliminating § 60.24.

10. By amending § 60.53 to read as follows:

§ 60.53 *Flight plan.* Prior to take-off from any point within an airway traffic control area and prior to entering such an area, an approved flight plan as prescribed in § 60.134 is required. No flight plan shall be submitted until after the pilot has made a careful study of available current weather reports and forecasts and believes the flight can be made with safety.

NOTE: For a list of airway traffic control areas, see *Air Navigation Radio Aids* published periodically by the Administrator.

11. By changing the note to § 60.531 to read as follows:

NOTE: For a list of control zones of intersection, see *Air Navigation Radio Aids* published periodically by the Administrator.

12. By changing the word "Board" as used in § 60.571 to "Administrator" so that such section will read as follows:

§ 60.571 *Communications contacts.* The pilot shall maintain a continuous listening watch on the appropriate radio frequency and shall, by radio, contact and report as soon as possible to the appropriate communication station the time and altitude of passing each radio fix or other check point designated by the Administrator or specified in the flight plan together with unanticipated weather conditions being encountered and any other information pertinent to the aircraft movement and, further, if not within an airway traffic control area, shall, prior to entering a control zone of intersection, served by a radio voice communication station of the Administrator, establish communication with such station directly or through other communication channels, forwarding the expected time of arrival over the center of such zone, the altitude to be flown through such zone, and the course or courses proposed to be followed while within such zone.

13. By striking all of Appendix D, Appendix E, Appendix F, Appendix G, and Appendix H.

14. By changing the present title of Appendix I to read "Appendix D."

15. By amending the Table of Contents to Part 60 by striking "60.21 Control airport designation," "60.22 Control zones of intersection designation," "60.23 Radio fix designation," "60.24 Airway traffic control area designation," and by inserting in lieu thereof the following: "60.21 Control airports," "60.22 Control zones of intersection," "60.23 Airway traffic control area".

By the Civil Aeronautics Board.

PART 60—AIR TRAFFIC RULES

ELIMINATION OF DANGER AREA RESTRICTIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of November 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 601 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective December 1, 1941, Part 60 of the Civil Air Regulations is amended as follows:

1. By striking § 60.333.

2. By inserting a footnote to §60.348 to read as follows:

NOTE: Areas which the Administrator believes to be hazardous to aircraft, by reason of the activities carried on in such areas, may be indicated on the aeronautical charts as "Danger Areas" and published in Notices to Airmen. Such areas will include congested flight training areas, anti-aircraft firing and training areas, field artillery firing and training areas, coast artillery firing and training areas, barrage balloon training areas, aerial gunnery firing ranges, proving grounds and any other area in which activities are conducted which would constitute a serious hazard to aircraft in flight. Pilots are warned of the extreme danger to themselves, their passengers and their aircraft should they enter such an area without first ascertaining that the activities which make the area hazardous are not to be carried on at the time of the flight.

3. By striking § 60.3501.

By the Civil Aeronautics Board.

PART 61—SCHEDULED AIR CARRIER RULES

REVISING THE RULES GOVERNING THE DUTIES OF AIRCRAFT DISPATCHERS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of November 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 604 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective November 21, 1941, Part 61 of the Civil Air Regulations is amended as follows:

By striking "§ 61.71094" as it appears in § 61.555 and inserting in lieu thereof "§ 61.71091 (b)".

(1) *Person.* The term "person" shall be construed to mean and include an individual, a trust, estate, partnership, company, or corporation.

(2) *Partnership and partner.* The term "partnership" includes a syndicate, group, pool, joint venture, or other unincorporated organization, through or by means of which any business, financial operation, or venture is carried on, and which is not, within the meaning of this title, a trust or estate or a corporation; and the term "partner" includes a member in such a syndicate, group, pool, joint venture, or organization.

(3) *Corporation.* The term "corporation" includes associations, joint-stock companies, and insurance companies.

(4) *Domestic.* The term "domestic" when applied to a corporation or a partnership means created or organized in the United States or under the law of the United States or of any State or Territory.

(5) *Foreign.* The term "foreign" when applied to a corporation or partnership means a corporation or partnership which is not domestic.

(6) *Fiduciary.* The term "fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any person acting in any fiduciary capacity for any person.

* * * * *

(9) *United States.* The term "United States" when used in a geographical sense includes only the States, the Territories of Alaska and Hawaii, and the District of Columbia.

* * * * *

(11) *Secretary.* The term "Secretary" means the Secretary of the Treasury.

(12) *Commissioner.* The term "Commissioner" means the Commissioner of Internal Revenue.

(13) *Collector.* The term "collector" means collector of internal revenue.

(14) *Taxpayer.* The term "taxpayer" means any person subject to a tax imposed by this title.

* * * * *

(b) *Includes and including.* The terms "includes" and "including" when used in a definition contained in this title shall not be deemed to exclude other things otherwise within the meaning of the term defined.

* * * * *

§ 113.1 *Meaning of terms.* As used in these regulations, unless otherwise specified or indicated by the context—

(a) The terms defined in the applicable provisions of law have the meanings so assigned to them.

(b) The term "association" means an association taxable as a corporation for Federal income tax purposes.

(c) The term "agreement to sell" includes contracts to sell, either written or oral, and whether on the deferred or partial payment plan or otherwise, options, calls, offers, indemnities, and privileges.

(d) The term "exchange" includes each and every agency, office, room, or other place of assembly, whether under shelter or in the open, at which stock, bonds, rights, or warrants are publicly bought, sold, bid for, offered, or exchanged, between persons there assembled, on behalf of themselves or others.

(e) The term "clearing house" includes every corporation, and every association of individuals, partnerships, or corporations, wholly or partly engaged in the business of clearing, settling, or adjusting transactions in the purchase, sale, receipt, or delivery of stock, bonds, rights, or warrants, whether or not a part or department of an exchange or an independent body.

(f) The terms "stamp tax" and "stamp taxes" when used generally mean any one or all of the stamp taxes which constitute the subject of these regulations.

(g) The term "documentary stamps" means all documentary stamps issued for use in payment of the stamp taxes; the term "ordinary documentary stamps" means stamps issued for use in payment of stamp taxes with the exception of transactions for which stock transfer stamps are required; and the term "stock transfer stamps" means stamps issued for use in payment of the stamp tax on sales or transfers of stock made at exchanges.*

NOTE: For additional definitions, see §§ 113.21, 113.31, 113.51, 113.61, 113.81, and 113.101

LIABILITY FOR TAX

SEC. 1800. IMPOSITION OF TAX.

There shall be levied, collected, and paid, for and in respect of the several bonds, debentures, or certificates of stock and of indebtedness, and other documents, instruments, matters, and things mentioned and described in sections 1801 to 1807, inclusive, or for or in respect of the vellum, parchment, or paper upon which such instruments, matters, or things or any of them, are written or printed, the several taxes specified in such sections.

SEC. 1809. PAYMENT OF TAX.

(a) *By whom paid.* The tax imposed by this chapter shall be paid by any person who makes, signs, issues, sells, removes, consigns, or ships any of the documents, instruments, matters, and things mentioned and described in sections 1801 to 1807, inclusive, or for whose use or benefit the same are made, signed, issued, sold, removed, consigned, or shipped.

SEC. 3480. IMPOSITION OF TAX.

There shall be levied, collected, and paid, for and in respect of the several bonds and other documents, instruments, matters, and things mentioned and described in sections 3481 and 3482, or for or in respect of the vellum, parchment, or paper upon which such instruments, matters, or things, or any of them, are written or printed, the several taxes specified in such sections.

SEC. 3483. ADMINISTRATIVE PROVISIONS.

Sections 1808 and 1809 of subchapter A of chapter 11 and subchapters B, C, and E of such chapter shall, insofar as applicable and not inconsistent with this chapter, be applicable in respect of the taxes imposed by this chapter.

§ 113.2 *Liability for tax.* The tax is payable by any of the parties to a taxable transaction. The parties to the transaction may agree among themselves as to which shall pay the tax, but such agreement does not relieve the others from their liability in the event it is not carried out.

No provisions, by-laws, or rules, of any exchange, and no custom, shall exempt any person from payment of the tax imposed.*

Subpart C—Issues of Capital Stock and Similar Interests

SEC. 1802 (AS AMENDED BY SECTION 1 OF THE REVENUE ACT OF 1939; SECTION 209 OF THE REVENUE ACT OF 1940; AND SECTION 521 (a) (4) (SEE ALSO SECTION 521 (b)) OF THE REVENUE ACT OF 1941). CAPITAL STOCK (AND SIMILAR INTERESTS).

(a) *Original issue.* On each original issue, whether on organization or reorganization, of shares or certificates of stock, or of profits, or of interest in property or accumulations, by any corporation, or by any investment trust or similar organization (or by any person on behalf of such investment trust or similar organization) holding or dealing in any of the instruments mentioned or described in this subsection or section 1801 (whether or not such investment trust or similar organization constitutes a corporation within the meaning of this title), on each $100 of par or face value or fraction thereof of the certificates issued by such corporation or by such investment trust or similar organization (or of the shares where no certificates were issued), 11 cents: *Provided,* That where such shares or certificates are issued without par or face value, the tax shall be 11 cents per share (corporate share, or investment trust or other organization share, as the case may be), unless the actual value is in excess of $100 per share; in which case the tax shall be 11 cents on each $100 of actual value or fraction thereof of such certificates (or of the shares where no certificates were issued), or unless the actual value is less than $100 per share, in which case the tax shall be 3 cents on each $20 of actual value, or fraction thereof, of such certificates (or of the shares where no certificates were issued). The stamps representing the tax imposed by this subsection shall be attached to the stock books or corresponding records of the organization and not to the certificates issued.

§ 113.20 *Scope of tax.* Section 1802 (a) imposes a tax upon each original issue of certificates (or shares when issued without certificates) of stock, or of profits, or of interest in property or accumulations by (a) any corporation, or (b) any investment trust or similar organization (whether or not constituting a corporation within the meaning of the Internal Revenue Code) holding or dealing in any of the instruments mentioned or described in section 1801 (see Subpart E) or section 1802 (a), or (c) any person (such as a depositary) on behalf of such investment trust or similar organization. The tax applies to each original issue of the shares or certificates specified, irrespective of the purpose of the issue, the person to whom issued, or the time of delivery.*

§ 113.21 *Definitions.* As used hereinafter in this subpart, the term "stock" includes any of the shares or certificates mentioned in section 1802 (a) unless from the context it is clear that a different meaning is intended.

The phrase "whether on organization or reorganization" as used in section 1802 (a) means whether on organization or reorganization or not, and does not limit the application of the tax to stock issued on organization or reorganization.*

§ 113.22 *Issuance of stock.* Stock is deemed to be issued when it is subscribed for and the subscription is accepted.*

§ 113.23 *Rate and computation of tax*—(a) *General.* The rates of tax are as follows:

Par Value Stock

11 cents on each $100 or fraction thereof of the face value of each certificate.

No Par Value Stock

11 cents on each $100 or fraction thereof of the actual value of each certificate, where the actual value of each share is $100 or more.

3 cents on each $20 or fraction thereof of the actual value of each certificate, where the actual value of each share is less than $100.

A separate computation of tax must be made with respect to each certificate regardless of the number of certificates which may be issued in a single transaction.

(b) *Par value stock.* Where stock has a par value, the tax is measured by the total face value of the certificate and not by the amount paid for the stock. For example, the tax upon the issuance of a certificate for any number from 1 to 100 shares of stock having a par value of $1 a share is 11 cents, since in such case the total face value of the certificate does not exceed $100. The tax on the issuance of a certificate for any number from 11 to 20 shares of stock having a par value of $10 a share, or for any number from 5 to 8 shares of stock having a par value of $25 a share, is 22 cents, since in these cases the total face value of the certificate is more than $100 but does not exceed $200.

(c) *No par value stock.* Where stock has no par value, the rate of tax is determined by the actual value of each share and the amount of tax, computed at such rate, is measured by the actual value of the certificate. Thus, in all cases where the actual value of each share is $100 or more, the tax must be computed at the rate of 11 cents on each $100 or fraction thereof of the actual value of the certificate; and in all cases where the actual value of each share is less than $100, the tax must be computed at the rate of 3 cents on each $20 or fraction thereof of the actual value of the certificate. For example, upon the issuance of a certificate for 10 shares having an actual value of $101 a share, or a total actual value of $1,010, the tax, computed at the rate of 11 cents on each $100 or fraction thereof of the actual value of the certificate, amounts to $1.21. Upon the issuance of a certificate for 10 shares having an actual value of $99 a share, or a total actual value of $990, the tax, computed at the rate of 3 cents on each $20 or fraction thereof of the actual value of the certificate, amounts to $1.50.

The actual value of stock not having a par value shall be determined on the basis of the market value of the stock at the time of issuance. If there is no ascertainable market value of the stock at the time of issuance, the actual value must be determined on the basis of all the facts and circumstances of the particular case.

Stock which has been given a "fixed" or "stated" value, as distinguished from stock having a par value, is taxable as stock without par value.

(d) *Shares not represented by certificates.* Where the shares are not represented by certificates, the subscription is the basis of tax computation. In the case of shares having a par value, a separate computation of tax must be made with respect to the aggregate par value of the shares covered by each subscription. In the case of shares not having a par value, a separate computation of tax must likewise be made with respect to the aggregate actual value of the shares covered by each subscription at the rate determined by the actual value of each share.*

§ 113.24 *Issues subject to tax.* The following are examples of issues subject to the tax:

(a) Certificates or shares representing beneficial interests in an association. (See § 113.1 (b).)

(b) Stock issued for property, real or personal, or for the purpose of purchasing a business.

(c) Stock issued by joint-stock land banks.

(d) Stock issued as a dividend and fractional scrip certificates.

(e) Temporary or interim certificates.

(f) Stock issued upon exercise of a warrant entitling the holder to subscribe for unissued stock. (See § 113.36 (a).)

(g) Stock issued by a consolidated corporation in exchange for stock of the consolidating corporations.

(h) Stock issued in connection with a merger by the continuing corporation to the stockholders of the merging corporation; and, under certain circumstances, stock issued to the stockholders of the continuing corporation.

(i) Stock issued outside the United States by a domestic corporation.

(j) Business property investment bonds, or other instruments issued by a corporation wherein it is certified that the holder thereof is the owner of an interest in specified real property, the legal title to which has been previously conveyed to a trustee, and whereby the issuing corporation agrees to manage the property and distribute the proceeds in a certain manner.*

§ 113.25 *Issues not subject to tax.* In addition to the various issues specifically exempt under section 1808, as to which see Subpart J, the following are examples of issues not subject to the tax:

(a) The issue of stock by Federal land banks.

(b) The issue of "rights" to subscribe for unissued stock. (But see § 113.36.)

(c) The issue of certificates of stock in exchange for outstanding certificates representing the same stock as, for instance, to reflect a change in the name of the issuing corporation or to secure several certificates for one certificate or vice versa.

(d) The issue of voting-trust certificates.

(e) The issue of definitive certificates of stock in exchange for temporary or interim certificates upon the issuance of which the tax has been paid.

(f) The issue of stock in a recapitalization or reorganization where there is no dedication of additional capital, either by transfer of earned surplus or otherwise.*

§ 113.26 *Stamps to be affixed to stock book.* The requisite revenue stamps must be affixed to the stock book or corresponding record of the organization and not to the certificates issued. For this purpose, ordinary documentary stamps shall be used. For provisions relating to cancellation of stamps, see § 113.133.*

Subpart D—Sales and Transfers of Capital Stock and Similar Interests

[SEC. 1802 (AS AMENDED BY SECTIONS 1 AND 402 OF THE REVENUE ACT OF 1939; SECTION 209 OF THE REVENUE ACT OF 1940; AND SECTION 521 (a) (5) (SEE ALSO SECTION 521 (b)) OF THE REVENUE ACT OF 1941). CAPITAL STOCK (AND SIMILAR INTERESTS).]

(b) *Sales and transfers.* On all sales, or agreements to sell, or memoranda of sales or deliveries of, or transfers of legal title to any of the shares or certificates mentioned or described in subsection (a), or to rights to subscribe for or to receive such shares or certificates, whether made upon or shown by the books of the corporation or other organization, or by any assignment in blank, or by any delivery, or by any paper or agree-

[1] The Internal Revenue Code was amended by the Revenue Acts of 1939, 1940, and 1941. The Revenue Act of 1941 made permanent all of the stamp taxes covered by these regulations at rates equal to those set forth in the Revenue Act of 1940.

ment or memorandum or other evidence of transfer or sale (whether entitling the holder in any manner to the benefit of such share, certificate, interest, or rights, or not), on each $100 of par or face value or fraction thereof of the certificates of such corporation or other organization (or of the shares where no certificates were issued) 5 cents and where such shares or certificates are without par or face value, the tax shall be 5 cents on the transfer or sale or agreement to sell on each share (corporate share, or investment trust or other organization share as the case may be): *Provided*, That in case the selling price, if any, is $20 or more per share the above rate shall be 6 cents: *Provided further*, That it is not intended by this chapter to impose a tax upon an agreement evidencing a deposit of certificates as collateral security for money loaned thereon, which certificates are not actually sold, nor upon the delivery or transfer for such purpose of certificates so deposited nor upon the return of stock loaned: *Provided further*, That the tax shall not be imposed upon deliveries or transfers to a broker or his registered nominee for sale, nor upon deliveries or transfers by a broker or his registered nominee to a customer for whom and upon whose order the broker has purchased same, nor upon deliveries or transfers by a purchasing broker to his registered nominee if the shares or certificates so delivered or transferred are to be held by such nominee for the same purpose as if held by the broker, but such deliveries or transfers shall be accompanied by a certificate setting forth the facts: *Provided further*, That the tax shall not to be imposed upon deliveries or transfers from a fiduciary to a nominee of such fiduciary, or from one nominee of such fiduciary to another, if such shares or certificates continue to be held by such nominee for the same purpose for which they would be held if retained by such fiduciary, or from the nominee to such fiduciary, but such deliveries or transfers shall be accompanied by a certificate setting forth the facts: *Provided further*, That in case of sale where the evidence of transfer is shown only by the books of the corporation or other organization the stamp shall be placed upon such books; and where the change of ownership is by transfer of the certificate the stamp shall be placed upon the certificate; and in cases of an agreement to sell or where the transfer is by delivery of the certificate assigned in blank there shall be made and delivered by the seller to the buyer a bill or memorandum of such sale, to which the stamp shall be affixed; and every bill or memorandum of sale or agreement to sell before mentioned shall show the date thereof, the name of the seller, the amount of the sale, and the matter or thing to which it refers: *Provided further*, That as used in this section the term "registered nominee" shall mean any person registered with the collector in accordance with such rules and regulations as the Commissioner with the approval of the Secretary shall prescribe. The tax shall not be imposed upon deliveries or transfers of shares or certificates—

(1) From the owner to a custodian if under a written agreement between the parties the shares or certificates are to be held or disposed of by such custodian for, and subject at all times to the instructions of, the owner; or from such custodian to such owner;

(2) From such custodian to a registered nominee of such custodian, or from one such nominee to another such nominee, if in either case the shares or certificates continue to be held by such nominee for the same purpose for which they would be held if retained by such custodian; or from such nominee to such custodian.

No exemption shall be granted under this paragraph unless the deliveries or transfers are accompanied by a certificate setting forth such facts as the Commissioner, with the approval of the Secretary, may by regulation prescribe as necessary for the evidencing of the right to such exemption. No delivery or transfer to a nominee shall be exempt under this paragraph unless such nominee, in accordance with regulations prescribed by the Commissioner, with the approval of the Secretary, is registered with the Commissioner.

The tax imposed by this subsection shall not be imposed upon any delivery or transfer by an executor or administrator to a legatee, heir, or distributee of shares or certificates of stock if it is shown to the satisfaction of the Commissioner that the value of such shares or certificates is not greater than the amount of the tax that would otherwise be imposed on such delivery or transfer.

§ 113.30 *Scope of tax.* Section 1802 (b) imposes a tax on sales, or agreements to sell, or memoranda of sales, of stock; on deliveries of stock with intent to pass title; on transfers of legal title to stock; on transfers of rights to subscribe for stock; and on transfers of rights to receive stock. The tax applies to the specified dealings or transactions in stock, whether made before, after, or without the issuance of a certificate, whether made upon or shown by the books of the corporation or other organization, or by any assignment in blank, or by any delivery, or by any paper or agreement or memorandum or other evidence of transfer or sale, and without regard to whether the holder or transferee of the stock or specified right is entitled in any manner to the benefit thereof. The tax accrues at the time of making the sale or agreement to sell or memorandum of sale, or delivery of, or transfer of the legal title to, the stock or specified right, regardless of the time or manner of delivery of the certificate or agreement or memorandum of sale.*

§ 113.31 *Definitions.* As used hereinafter in this subpart, the term "stock" includes any of the shares or certificates mentioned in section 1802 (a) and rights to subscribe for or to receive such shares or certificates, and also includes voting trust certificates, temporary or interim certificates, and certificates representing beneficial interests in an association, unless from the context it is clear that a different meaning is intended.

As used in this subpart the term "sale" or "transfer" includes any of the transactions or dealings in stock which are subject to the tax imposed by section 1802 (b).*

§ 113.32 *Rates and computation of tax*—(a) *Stock having a par value.* Where, by sale or otherwise, par value stock of the same class issued by one corporation is transferred from a single transferor to a single transferee, the tax is computed on the basis of the aggregate par value of all the shares transferred.

Where there are two or more transferors or two or more transferees, or where in a single transaction transfer is made of the stock of two or more corporations or of two or more classes issued by a single corporation, a separate tax computation must be made with respect to each transferor and each transferee and with respect to the stock of each corporation and the stock of each class issued by a single corporation.

The above statements are illustrated by the following examples:

Example (1). A, owning 25 shares of common stock and 25 shares of preferred stock of the X Corporation, and 50 shares of the common stock of the Y Corporation, transfers all the stock by delivering the certificates to B. In this situation there are three taxable transfers, each requiring a separate computation of tax.

Example (2). A, owning 100 shares of stock in the X Corporation represented by one or more certificates, sells 50 shares each to B and C. To that end, A sends his certificates to the transfer agent with instructions to issue one or more certificates aggregating 50 shares to each purchaser. In this situation, there are two distinct transactions, namely, two sales of 50 shares of stock each, and the tax is computed upon the aggregate par value of the stock transferred to each purchaser.

Example (3). A and B, each owning 50 shares of stock in the X Corporation represented in each case by one or more certificates, make a gift of their stock to C. To that end, they send their certificates to the transfer agent with instructions to issue one or more certificates for the entire 100 shares to the donee. In this situation, there are likewise two distinct transactions, namely, two gifts of 50 shares of stock each, and a separate computation must be made with respect to each gift.

The rates of tax applicable to par value stock are as follows:

Six cents on each $100 or fraction thereof of the aggregate face value of the certificates or shares with respect to sales, agreements to sell, and memoranda of sales, where the selling price is $20 or more a share.

Five cents on each $100 or fraction thereof of the aggregate face value of the certificates or shares with respect to sales, agreements to sell, and memoranda of sales, where the selling price is less than $20 a share.

Five cents on each $100 or fraction thereof of the aggregate face value of the certificates or shares in all other taxable transactions.

Computation of tax is illustrated by the following examples:

Example (1). A sells to B 100 shares of stock of the X Corporation having a par value of $100 a share for $50 per share. The amount of tax payable is computed at the rate of 6 cents on each $100 of the face value of the certificate or certificates ($10,000) and is $6.

Example (2). The facts are the same as set forth in example (1) except that the stock is sold for $10 per share. The amount of tax payable is computed at the rate of 5 cents on each $100 of the face value of the certificate or certificates ($10,000) and is $5.

Example (3). A gives B 100 shares of stock of the X Corporation having a par value of $100 a share at a time when its actual value is $50 a share and later gives 100 shares of the same stock to C at a time when its actual value is $10 a share. In each instance the amount of tax is computed at the rate of 5 cents on each $100 of the face value of the certificate or certificates ($10,000) and is $5 for each gift.

(b) *Stock without par value.* Where, by sale or otherwise, stock without par value is transferred, the tax is computed strictly on the basis of the number of shares involved in each transfer. The selling price of the stock is material only where the change of ownership is by sale, and then only in determining the rate of tax.

Stock which has been given a "fixed" or "stated" value, as distinguished from stock having a par value, is taxable as stock without par value.

The rates of tax applicable to stock without par value are as follows:

Six cents per share with respect to sales, agreements to sell, and memoranda of sales, where the selling price is $20 or more a share.

Five cents per share with respect to sales, agreements to sell, and memoranda of sales, where the selling price is less than $20 a share.

Five cents per share in all other taxable transactions.

Computation of tax is illustrated by the following examples:

Example (1). A sells to B 100 shares of stock without par value of the Z Corporation for $25 per share. The amount of tax payable is computed at the rate of 6 cents per share on 100 shares and is $6.

Example (2). A sells to B 100 shares of stock without par value of the Z Corporation for $1 a share. The amount of tax payable is computed at the rate of 5 cents per share on 100 shares and is $5.

Example (3). A gives B 100 shares of stock without par value of the Z Corporation at a time when its actual value is $25 a share and later gives C 100 shares of the same stock at a time when its actual value is $1 per share. In each instance the amount of tax is computed at the rate of 5 cents per share on 100 shares and is $5 for each gift.

(c) *Rights to receive, and rights to subscribe for, stock.* In all cases, the tax on the transfer of a right to receive stock and on the transfer of a right to subscribe for stock is determined by the class of stock to which the right relates. Thus the tax is 5 cents on each share covered by the right where the stock has no par value, and 5 cents on each $100 or fraction thereof of the aggregate par value of the shares covered by the right where the stock has a par value. In computing the tax on transfers of rights to receive or rights to subscribe for stock, the selling price or the subscription price of the stock, as the case may be, is immaterial.

§ 113.33 *Sales and transfers subject to tax.* The following transactions in stock, as defined in § 113.31 (unless otherwise exempt), are subject to the tax: All sales, agreements to sell, and transfers with or without benefit to the transferee, whether effected by means of certificates or other instruments or by entries on the books of the issuing corporation or other entity or otherwise. The following are examples of taxable transactions:

(a) Transfer by gift.

(b) Transfer as a loan, including intra-office borrowing. (But see § 113.35 (b).)

(c) Transfer by an administrator or executor to a distributee or legatee. (But see § 113.35 (g).)

(d) Transfer to or by trustees. (But see § 113.34 (e) (3).)

(e) Transfer of interim and voting trust certificates.

(f) Transfer from persons holding legal title as tenants in common, as joint tenants, or as tenants by the entirety, to the same persons separately to effect a partition, or from one person to two or more persons, whether or not including the transferor, as tenants in common, as joint tenants, or as tenants by the entirety. (But see § 113.34 (e) (2).)

(g) Transfer from a partnership to a successor partnership; also from a partnership to the individual members thereof upon dissolution.

(h) Transfer to a corporation of its own stock. (But see § 113.34 (c).)

(i) Transfer upon a merger from the name of a merging corporation of stock owned by it to the name of the continuing corporation, since such a transfer arises by action of the parties and not wholly by operation of law. Similarly, upon a consolidation, a transfer from any of the consolidating corporations to the new or consolidated corporation. (But see § 113.34 (h) and (i).)

(j) Transfer upon order of the purchaser of stock to another person; transfer of the right to receive a stock dividend already declared; issuance of stock to a person other than the subscriber or one paying the consideration for the issuance; and all other transfers of rights to receive; also all transfers of rights to subscribe for stock.

(k) Transfer by a broker to a customer of stock issued as a dividend on stock purchased for the customer by the broker and held by the broker in his own name or in the name of his nominee.

(l) Transfer of stock on the books of a domestic corporation, regardless of where the sale is made or the stock certificate delivered.

(m) Sale or transfer within the territorial jurisdiction of the United States, of stock of a foreign corporation.*

§ 113.34 *Sales and transfers not subject to tax.* In addition to the various exemptions prescribed in section 1808 which apply to stamp taxes generally (as to which see Subpart J), and to the specific exemptions provided in section 1802 (b) which apply only to the stamp tax imposed under that section (as to which see § 113.35), the following are examples of transactions not subject to the tax:

(a) The transfer of stock pursuant to a sale, where the requisite stamps have been affixed to the memorandum of sale.

(b) The surrender of certificates in exchange for other certificates representing the same stock issued to the same person. (See also § 113.25 (c).)

(c) The surrender of stock to the issuing corporation for extinguishment. (See § 113.33 (h).)

(d) Change in the registration of stock for the sole purpose of recording a change in the name of a stockholder, such as from the maiden name to the married name of a stockholder, or a change in the name of a corporation which is a stockholder.

(e) Transfers which take effect wholly by operation of law, including changes in registration to record such transfers. Transfers of this character are those which the law itself will effect without any act of the parties. The following are examples:

(1) The transfer of stock from a decedent to the administrator or executor of the estate.

(2) The transfer of stock held in joint tenancy to the survivor or survivors upon death of a joint tenant.

(3) The transfer of stock from a deceased or resigned trustee to a substituted trustee.

(4) The transfer of stock from a bankrupt to his duly appointed trustee in bankruptcy.

(f) The transfer of stock to or by ambassadors, ministers, and duly accredited diplomatic representatives of foreign governments, the members of their families living with them; and members of their households, including attaches, secretaries, clerks, and servants, provided such members of their households are not citizens of the United States.

(g) The transfer of stock to or by an insolvent bank, where such transfers are within the provisions of section 3798.

(h) In a consolidation of corporations, the surrender of stock of any of the consolidating corporations in exchange for stock of the new or consolidated corporation. (But see § 113.24 (g).)

(i) In a merger of corporations the surrender of stock of both the merging and continuing corporations in exchange for stock of the continuing corporation. (But see § 113.24 (h).)

(j) Deliveries of stock to or by a clearing house for the sole purpose of clearing or adjusting accounts of its members.

(k) Transfer of stock pursuant to a call, since a "call" is an agreement to sell stock and taxable as such. However, the person making such nontaxable transfer shall furnish and attach to the certificate a statement in substantially the following form:

It is hereby certified that the transfer of -------- shares of the within stock to ---------- has been made pursuant to a "call," and that requisite Federal docu-

mentary stamps for the transaction are affixed to such "call," which is in the possession of the undersigned.

§ 113.35 *Specific exemptions provided in section 1802 (b)—(a) Stock deposited as collateral security.* The tax does not apply to an agreement evidencing a deposit of certificates of stock as collateral security for money loaned thereon, which certificates are not actually sold, nor upon the delivery or transfer for such purpose of certificates so deposited. The exemption applies also to transfers of stock to a nominee of the lender and from such nominee back to the lender, if the stock is at all times held as collateral security for the loan; and to the return of the stock to the borrower by the lender or his nominee upon payment of the loan. The exemption does not apply, however, to deposits of stock as collateral security made otherwise than in connection with a money loan.

The person making an exempt transfer under this subsection shall furnish and attach to the certificate a statement in substantially the following form:

It is hereby certified that the transfer of the attached certificates for ---------- to (Number of shares and description of stock) ---------- is made in connection with (Name of transferee) a deposit of stock as collateral security for money loaned thereon, or the return of stock so deposited.

(Signature)

(b) *Return of stock loaned.* The tax does not apply to the return of stock loaned; but the person returning such stock shall furnish and attach to the certificate a statement of the relevant facts. (But see § 113.33 (b).)

(c) *Transfer from customer to broker.* The mere delivery of a certificate of stock by a customer to his broker solely for the purpose of enabling such broker to sell the stock for the customer, where the broker has no ownership or interest therein, is exempt from stamp tax and does not require an exemption certificate. If, in the same circumstances, the stock is transferred to the name of the broker, or to the name of the broker's registered nominee, the transfer is also exempt from tax, provided the broker, at the time of such transfer, furnishes and attaches to the certificate a statement in substantially the following form:

It is hereby certified that ---------- of the shares represented by this stock certificate are transferred by the owner to the undersigned or registered nominee thereof solely for the purpose of sale.

(Signature of broker)

For provisions relating to the registration of nominees, see § 113.153.

A transfer to the name of a selling agent other than a broker, as, for example, a bank, whether the sale be made by the agent direct or through a broker for the agent's account, is subject to tax, since the exemption applies only to deliveries and transfers to brokers. (But see paragraph (f) of this section.) However, liability is not incurred by the mere delivery of a certificate of stock to an agent who obtains no legal title or other interest in the stock.

(d) *Transfer from broker to customer.* The mere delivery of a certificate of stock by a purchasing broker to his customer, if tax was paid upon the sale of the stock to such broker who has no ownership or interest therein, is not subject to stamp tax and does not require an exemption certificate.

If the stock is transferred to the purchasing broker or his nominee who holds the stock for the same purpose as if held by the broker, and tax on such transfer is paid, transfer may thereafter be made to the name of the purchaser without payment of tax. If the tax was paid upon transfer to the purchasing broker, transfer may be made to the name of his nominee and from such nominee to the name of the purchaser, without payment of tax. However, no exemption under this paragraph will apply unless the broker at the time of the exempt transfer attaches to the stock certificate a statement substantially in whichever of the following forms is applicable:

(1) (In the case of transfer by a broker or his registered nominee)—

It is hereby certified that the transfer of ---------- of the shares represented by this stock certificate to the name indicated is made solely to complete the purchase made by the undersigned for a customer.

(Signature of broker)

(2) (In the case of transfer by a broker to his registered nominee)—

It is hereby certified that the transfer of ---------- of the shares represented by this stock certificate, purchased for a customer, is made to the registered nominee of the undersigned to be held by him only for the same purpose as if held by the undersigned.

(Signature of broker)

For provisions relating to the registration of nominees, see § 113.153.

Delivery to, or transfer to the name of, the customer may not be made tax-free in any case in which the stock was transferred from the seller to the broker or his registered nominee without tax payment, since the law requires that tax shall be paid on the transfer or transfers between the actual seller and actual buyer.

A transfer from the name of a purchasing agent other than a broker, as, for example, a bank, whether the purchase be made direct or through a broker for the agent's account, is subject to tax, since the exemption applies only to deliveries and transfers from brokers. (But see paragraph (f) of this section.) However, liability is not incurred by the mere delivery of a certificate of stock by an agent having no title or interest in the stock, or by a broker for the account of such agent.

(e) *Transfers between fiduciaries and their nominees.* The tax does not apply to deliveries or transfers of stock from a fiduciary to a nominee of such fiduciary, or from one nominee of such fiduciary to another, if the stock continues to be held by such nominee for the same purpose for which it would be held if retained by such fiduciary, or from the nominee to such fiduciary. The person making an exempt transfer under this paragraph shall, at the time of such transfer, furnish and attach to the certificate a statement setting forth the relevant facts.

(f) *Transfers to or by a custodian.* The tax does not apply to the delivery or transfer of stock from the owner thereof to a custodian, if under a written agreement between the owner and the custodian, the stock so delivered or transferred is to be held or disposed of by such custodian for, and subject at all times to the instructions of, the owner; or to the delivery or transfer of stock from such custodian to such owner.

The tax also does not apply to the delivery or transfer from such custodian to a registered nominee of such custodian, or from the owner direct to such registered nominee, or from one such nominee to another such nominee, if the stock continues to be held by the nominee for the same purpose for which it would be held if retained by such custodian; or from such nominee to such custodian or the owner. No exemption is granted unless the nominee is registered in the manner provided in § 113.153.

The tax further does not apply to the delivery or transfer of stock from a custodian of the owner to another custodian of the owner, or from the registered nominee of the first custodian to the second custodian or the registered nominee of the latter, if the transfer would have been exempt under the first or second paragraphs of this subsection if made by the owner direct to the second custodian or the registered nominee of the latter.

The exemption specified in this paragraph shall not be granted in any case unless the delivery or transfer is accompanied by a statement, signed by the custodian, in substantially the following form:

It is hereby certified that the transfer of the attached shares is exempt from the transfer tax under the provisions of section 1802 (b) of the Internal Revenue Code and that evidence in proof of the exemption is maintained by us and is available for inspection by internal revenue officers.

(Signature of Custodian)

The custodian contemplated by this subsection is a mere custodian and does not include a trustee. A mere custodian is a person to whom there are delivered or transferred shares or certificates of stock to be held or disposed of by the custodian for, and subject at all times to the instructions of, the owner and not otherwise.

(g) *Transfers of worthless securities by executors, etc.* The tax does not apply to deliveries or transfers of stock by an executor or administrator to a legatee, heir, or distributee, if it is shown to the satisfaction of the Commissioner that the value of the stock so delivered or transferred is not greater than the amount of the tax that would otherwise be imposed on such delivery or transfer.*

§ 113.36 *Warrants—(a) To subscribe for stock.* Transfers of warrants entitling the holder to subscribe for stock are taxable as transfers of rights to subscribe. Where the stock has a par value, the transfer of a warrant is taxable at the rate of 5 cents for each $100 or fraction thereof of the total par value of the shares to which the holder may subscribe; and where the stock is without par value, the transfer is taxable at the rate of 5 cents for each share which may be subscribed for. The issue of a warrant entitling the holder to subscribe for stock is not subject to tax, but the issue of stock upon exercise of the warrant is subject to the tax imposed by section 1802 (a). (See § 113.24 (f).)

(b) *To purchase issued stock.* Warrants entitling the holder to purchase stock are taxable upon issuance as agreements to sell stock. The rate of tax applicable to the issue of such warrants is the rate that applies to agreements to sell the kind of stock to which the warrant relates. Thus, when the stock to be purchased under the warrant has a par value and the purchase price is less than $20 per share, the tax is 5 cents for each $100 or fraction thereof of the total par value of the stock which the holder is entitled to purchase, and if the purchase price is $20 or more per share, the tax is 6 cents for each $100 or fraction thereof of the total par value. If the stock has no par value, the tax is 5 cents for each share which the holder is entitled to purchase, unless the purchase price is $20 or more per share, in which event the tax is 6 cents for each share instead of 5 cents.

Transfers of warrants entitling the holder to purchase issued stock are not subject to stamp tax since the statute does not impose a tax upon transfers of agreements to sell stock. If the transfer tax is paid upon the issuance of a warrant as an agreement to sell stock, the subsequent transfer of the stock pursuant to the exercise of the warrant does not incur an additional transfer tax. However, the person making such exempt transfer of stock shall furnish and attach to the certificate a statement in substantially the following form:

It is hereby certified that the transfer of the attached certificates for ---------- (Numbers of shares and description of stock) to ---------- is made pursuant to the (Name of transferee) exercise of a warrant which is in possession of the undersigned, and that requisite stamps due upon issuance of such warrant have been affixed thereto.

•

§ 113.37 *Memoranda of sales, etc.* Every person who makes an agreement to sell stock, or who, by sale or otherwise, transfers title to stock by delivery of certificates assigned in blank, including a person who lends stock, shall, as a part of such transaction promptly make and deliver to the buyer, transferee, or borrower, a bill or memorandum of such agreement to sell, sale, transfer, or loan, duly signed by the seller, or transferor, or lender, or his agent, to which the requisite stamps shall be affixed and canceled. Such bill or memorandum shall show the date of the transaction, the names of the parties thereto, the name and number of shares of stock, the tax paid on the transaction, and, where a sale is involved, the sale price. (See § 113.41 (b) relative to rules applicable to clearing houses.) *

§ 113.38 *Records of sales and transfers of stock—(a) Brokers, dealers, etc.* All persons who are wholly or partly engaged in the business of buying, selling, or transferring stock, either at public or private sale, whether or not they are members of an exchange, including persons engaged in transactions known as "matched," or "on-order," or "pass-outs," or "give-ups," or settled directly between the seller and buyer, or cleared or adjusted through a clearing house or otherwise, or engaged in accepting and procuring the transmission of orders for purchase or sale of shares of stock, shall keep a record as to each transaction showing:

(1) Date of transaction.
(2) Name of customer for whom sold or loaned, or for whom bought or borrowed.
(3) Name of party to whom sold or loaned or from whom bought or borrowed.
(4) Name of correspondent broker, if any.
(5) Number of shares involved.
(6) Name and description of stock.
(7) Par value of stock; if no par value, so indicate.
(8) Aggregate face value of each certificate.
(9) Selling price of stock, per share.
(10) Amount of tax paid.

(b) *Correspondent brokers.* Persons engaged in accepting and procuring the transmission of orders for the purchase or sale of stock to be executed at a brokerage office or at an exchange, board of trade, or similar place, shall keep a record as to each transaction showing:

(1) Date of acceptance and transmission of order.
(2) Name of person from whom accepted.
(3) Name and address of person to whom transmitted.
(4) Name and description of stock.
(5) Par value of stock; if no par value, so indicate.
(6) Number of shares.
(7) Whether purchase or sale.
(8) Selling price of stock, per share.
(9) Date of execution of order.

(c) *Floor brokers, etc.* Brokers known as strictly "floor brokers," or "two-dollar men," or "room traders," in lieu of the record prescribed in paragraph (a) of this section, whether their transactions are settled directly between seller and buyer or by "matched," "on-order," "pass-out," or "scratch sale," or "give-up," or any other kind of sale or purchase, or are cleared through a clearing house or otherwise, shall keep a record as to each transaction showing:

(1) Date of transaction.
(2) Name of seller.
(3) Name of purchaser.
(4) Name and description of stock.
(5) Number of shares.
(6) Par value of stock; if no par value, so indicate.
(7) Aggregate face value of each certificate.
(8) Selling price of stock, per share.
(9) Whether the transaction is "matched," "on-order," "pass-out," "scratch sale," or "give-up."
(10) Name of person to whom "given-up."

(d) *General.* Persons keeping records as prescribed in this section may incorporate therein additional information for their own use, which should be entered, however, so as not to interfere with the recording of the information required by this section. These records must be kept in permanent form, and must be available for ready inspection by internal-revenue officers. (See § 113.151.) *

§ 113.39 *Returns by brokers, dealers, etc.* All persons who are wholly or partly engaged in the business of buying, selling, or transferring stock, whether the sales, purchases, or transfers are made, cleared, settled, or adjusted through a clearing house, or otherwise, shall on or before the 15th day of each month and at any other time designated by the Commissioner render under oath a true return on Form 838, revised September 1939, for the preceding month or for any other period designated by the Commissioner. The return shall be made to the collector of internal revenue for the district in which such person or persons are located, and shall contain the following information:

(a) The month for which the return is made.
(b) The name and address of the person making the return.
(c) The value of stamps on hand on the 1st day of the month.
(d) The value of stamps purchased during the month.
(e) The value of stamps used during the month.
(f) The value of stamps on hand at the end of the month.

The return shall be filed for every month even though no transaction occurred in a particular month.*

§ 113.40 *Stamps to be used.* Documentary stamps with the words "Stock transfer" overprinted thereon, known as stock transfer stamps, shall be used in

connection with all sales or transfers of stock that are made at exchanges or similar places.

Ordinary documentary stamps shall be used in connection with all sales or transfers of stock that are not made at exchanges or similar places.

For provisions relating to cancellation of stamps, see § 113.133.*

§ 113.41 *Where stamps shall be affixed*—(a) *General rules.* In cases of agreements to sell stock, and transfers of title to stock, including loans, by delivery of certificates assigned in blank, the stamps shall be affixed to the memoranda of such transactions as required by § 113.37.

In all cases where the change of ownership of the stock is by transfer or delivery under special indorsement, i. e., by insertion of the name of the transferee in the endorsement or power of attorney on the back of the certificate, the stamps shall be affixed to the certificate, whether or not the change of ownership results from a sale.

In all cases where the evidence of transfer is shown only by the books of the corporation or other organization, the stamps shall be affixed to such books.

In no event shall any corporation or transfer agent transfer any shares or certificates of stock unless stamps for the transfer tax due have been properly affixed and canceled as required by these regulations.

(b) *Rules applicable to clearing houses.* If any person who negotiates sales or transfers of stock on a stock exchange shall appoint in writing the clearing house for the exchange as his agent for the purposes hereinafter specified, and on each business day shall furnish to such clearing house a written report, statement, or sheet making a full disclosure of all such transactions, both clearable and nonclearable, of the preceding business day in stocks that are listed or permitted to be dealt in by such member on such exchange, and also showing in which transactions, if any, stocks were loaned or borrowed or returned, then in that event such clearing house may affix to such report, statement, or sheet, and cancel, the stamps required for each transaction. The affixing and canceling of such stamps by the clearing house shall be held to be the act of the person making the sale, or agreement to sell, or memorandum of sale, or delivery, or transfer, as the case may be. If the person filing the report, statement, or sheet and the clearing house so elects, such person may affix and cancel the stamps before delivering such report, statement, or sheet to the clearing house; but such clearing house shall not accept the stamped report, statement, or sheet unless all stamps required to be affixed are attached thereto and properly canceled.

The reports, statements, or sheets submitted to the clearing house shall in respect of each transaction show the date thereof, the names of the parties to the transaction, the amount and description of the stock, or other things traded in. The information with respect to more than one transaction may be entered upon one report, statement, or sheet. No settlement of differences or other dealings between members shall be permitted that will interfere with full disclosure of each transaction.

The report, statement, or sheet submitted to the clearing house does not relieve the seller from making and delivering to the buyer the bill or memorandum required by § 113.37. However, where the stamps are affixed to the report, statement, or sheet submitted to the clearing house, under either of the methods permitted by this subsection, the bill or memorandum shall, in lieu of stamps, bear an endorsement substantially in the following form:

It is hereby certified that requisite Federal stamps on the transfer of _____ shares of this certificate have been affixed to clearing-house sheet dated _____ filed with the _____ Stock Exchange Clearing House.

_____
(Member _____ Stock Exchange)

Wherever any clearing house carries upon its sheets or records information or reports of transactions showing the transfer by one of its members of an account of a customer without change of ownership of the securities of the customer, there shall be kept by the members involved in the transaction a record showing the particulars of such transaction.*

Subpart E—Issues of Bonds, Debentures, Certificates of Indebtedness, and Other Corporate Securities

SEC. 1801 (AS AMENDED BY SECTION 1 OF THE REVENUE ACT OF 1939; SECTION 209 OF THE REVENUE ACT OF 1940; AND SECTION 521 (a) (3) (SEE ALSO SECTION 521 (b)) OF THE REVENUE ACT OF 1941). CORPORATE SECURITIES.

On all bonds, debentures, or certificates of indebtedness issued by any corporation, and all instruments, however termed, issued by any corporation with interest coupons, or in registered form known generally as corporate securities, on each $100 of face value or fraction thereof, 11 cents: *Provided*, That every renewal of the foregoing shall be taxed as a new issue: *Provided further*, That when a bond conditioned for the repayment or payment of money is given in a penal sum greater than the debt secured, the tax shall be based upon the amount secured. The tax under this section shall not apply to any instrument under the terms of which the obligee is required to make payment therefor in installments and is not permitted to make in any year a payment of more than 20 per centum of the cash amount to which entitled upon maturity of the instrument.

§ 113.50 *Scope of tax.* Section 1801 imposes a tax upon the issue by any corporation of bonds, debentures, certificates of indebtedness, and all instruments, however termed, with interest coupons or in registered form and known generally as corporate securities. Every renewal of the above described instruments is taxable as a new issue.*

§ 113.51 *Definition of bond.* As used hereinafter in this subpart, the term "bond" includes any of the instruments mentioned in section 1801 unless from the context it is clear that a different meaning is intended.*

§ 113.52 *Issuance.* A bond is not issued within the meaning of the law unless and until it is delivered.*

§ 113.53 *Rate and computation of tax.* The rate of tax is 11 cents on each $100 or fraction thereof of the face value of each bond; except that, where a bond conditioned for the repayment or payment of money is given in a penal sum greater than the debt secured, the tax is based upon the amount secured. Subject to the above-stated exception, the tax is measured strictly by face value of the bond.

A separate computation of tax must be made with respect to each bond regardless of the number of bonds which may be issued in a single transaction. For example, the tax on the issuance of a bond having a face value of $1,000 is $1.10. The tax on the issuance of two bonds having a face value of $50 each is 22 cents, i. e., 11 cents on each bond, whether the bonds are issued to the same person or to different persons.*

§ 113.54 *Renewals.* Every renewal of a corporate bond is subject to tax as a new issue. The time when the original bond was issued is immaterial; so also is the time when the bond is renewed, whether before or after the original date of maturity. Tax liability is not dependent upon use of any particular form of instrument to effect the renewal. The renewal may, for example, be evidenced by a notation on the original bond, by a collateral agreement, or by an extension agreement.*

§ 113.55 *Issues subject to tax.* Ordinarily, a corporate instrument styled a bond, debenture, or certificate of indebtedness is subject to the tax. However, the taxability of an instrument is not determined by the name alone but depends upon all the circumstances, such as the name, form, and terms of the instrument, etc. Hence, an instrument, however designated, having all the essential characteristics of a bond, debenture, or certificate of indebtedness is taxable as such. Similarly, an instrument issued with interest coupons, or with provision for registration, and coming within the class known generally as corporate securities will be held subject to the tax regardless of the name by which it may be called.

The following are examples of corporate instruments taxable upon issue:

(a) A bond accompanying a real estate mortgage.

(b) A bond of indebtedness delivered to a bank or trust company as security for the payment of an obligation.

(c) Bonds executed outside the United States by a foreign corporation, certified by a trustee in the United States and delivered in the United States.

(d) Interim certificates or temporary bonds issued in lieu of definitive bonds. However, no additional tax is due on the

issuance of the corresponding permanent or definitive bonds, but each of such permanent or definitive bonds must bear notation of the fact that requisite stamps were duly attached to the interim certificates or temporary bonds.

(e) Equipment trust certificates.

(f) Certificates of indebtedness issued by a receiver for a corporation.

(g) Scrip-dividend certificates.*

§ 113.56 *Issues not subject to tax.* In addition to the various issues specifically exempt under section 1808, as to which see Subpart J, the following are examples of instruments not taxable upon issue:

(a) An instrument issued by an individual.

(b) An instrument merely representing the assignment of an interest in a bond. (But see § 113.60.)

(c) Bonds issued in exchange for outstanding bonds of different denominations but of the same kind, the same total face amount, and the same maturity date.

(d) Permanent or definitive bonds issued in exchange for interim certificates or temporary bonds representing the same obligation. (But see § 113.55 (d).)

(e) An instrument under the terms of which the *obligee* is required to make payment therefor in installments and is not permitted in any year to make a payment of more than 20 per cent of the cash amount which the obligee is entitled to receive upon maturity of the instrument.

(f) A certificate of deposit issued by a bank, whether or not negotiable, and whether payable on demand or at some specified time; and a certificate of deposit issued by an organization operating under the Morris plan.

(g) Indemnity, fidelity, and surety bonds.

(h) A business property investment certificate wherein it is certified that the holder thereof is the owner of an interest in certain specified property, legal title to which has previously been conveyed to a trustee, and whereby the issuing corporation agrees to manage the property and distribute the proceeds. However, such instrument is subject to the issue tax imposed by section 1802 (a). (See § 113.24 (j).)

(i) A bond issued by a trust company on behalf of the estate of a decedent for which it is acting as executor or administrator, provided the bond is issued solely on the credit of the estate.

(j) The issue of a warrant granting the right to purchase bonds, irrespective of whether the bonds are unissued or have been issued. (But see § 113.66.)*

§ 113.57 *Where stamps shall be affixed.* The requisite revenue stamps must be affixed either to the bonds or to the indenture under which the bonds are issued. For this purpose ordinary documentary stamps shall be used. If the stamps are affixed to the indenture, the bonds must bear a legend showing that the proper revenue stamps have been affixed to the indenture and duly canceled. If the indenture provides for the issue of bonds over a period of years, the requisite stamps may be affixed at the time of each issue. For provisions relative to cancellation of stamps, see § 113.133.*

Subpart F—Sales and Transfers of Bonds, Debentures, Certificates of Indebtedness, and Other Corporate Securities

SEC. 3481 (AS AMENDED BY SECTION 1 OF THE REVENUE ACT OF 1939; SECTION 209 OF THE REVENUE ACT OF 1940; AND SECTIONS 504 AND 521 (a) (23) (SEE ALSO SECTION 521 (b)) OF THE REVENUE ACT OF 1941). TRANSFER OF BONDS.

(a) *Imposition of tax.*—On all sales, or agreements to sell, or memoranda of sales or deliveries of, or transfers of legal title to any of the instruments mentioned or described in section 1801 and of a kind the issue of which is taxable thereunder, whether made by any assignment in blank or by any delivery, or by any paper or agreement or memorandum or other evidence of transfer or sale (whether entitling the holder in any manner to the benefit of such instrument or not), on each $100 of face value or fraction thereof, 5 cents: *Provided*, That it is not intended by this chapter to impose a tax upon an agreement evidencing a deposit of instruments as collateral security for money loaned thereon, which instruments are not actually sold, nor upon the delivery or transfer for such purpose of instruments so deposited: *Provided further*, That the tax shall not be imposed on deliveries or transfers of bonds in connection with a reorganization (as defined in section 112 of the Revenue Act of 1932, 47 Stat. 196) if any of the gain or loss from the exchange or distribution involved in the delivery or transfer is not recognized under the income tax law applicable to the year in which the delivery or transfer is made: *Provided further*, That the tax shall not be imposed upon deliveries or transfers to a broker for sale, nor upon deliveries or transfers by a broker to a customer for whom and upon whose order he has purchased same, but such deliveries or transfers shall be accompanied by a certificate setting forth the facts: *Provided further*, That the tax shall not be imposed upon deliveries or transfers from a fiduciary to a nominee of such fiduciary, or from one nominee of such fiduciary to another, if such instruments continue to be held by such nominee for the same purpose for which they would be held if retained by such fiduciary, or from the nominee to such fiduciary, but such deliveries or transfers shall be accompanied by a certificate setting forth the facts: *Provided further*, That where the change of ownership is by transfer of the instrument the stamp shall be placed upon the instrument; and in cases of an agreement to sell or where the transfer is by delivery of the instrument assigned in blank there shall be made and delivered by the seller to the buyer a bill or memorandum of such sale, to which the stamp shall be affixed; and every bill or memorandum of sale or agreement to sell before mentioned shall show the date thereof, the name of the seller, the amount of the sale, and the matter or thing to which it refers. Any person liable to pay the tax as herein provided, or anyone who acts in the matter as agent or broker for such person, who makes any such sale, or who in pursuance of any such sale delivers any certificate or evidence of the sale of any such instrument, or bill or memorandum thereof, as herein required, without having the proper stamps affixed thereto, with intent to evade the foregoing provisions, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not exceeding $1,000, or be imprisoned not more than six months, or both.

The tax shall not be imposed upon deliveries or transfers made after June 30, 1938, of instruments—

(1) From the owner to a custodian if under a written agreement between the parties the instruments are to be held or disposed of by such custodian for, and subject at all times to the instructions of, the owner; or from such custodian to such owner;

(2) From such custodian to a registered nominee of such custodian, or from one such nominee to another such nominee, if in either case the instruments continue to be held by such nominee for the same purpose for which they would be held if retained by such custodian; or from such nominee to such custodian.

No exemption shall be granted under this paragraph unless the deliveries or transfers are accompanied by a certificate setting forth such facts as the Commissioner, with the approval of the Secretary, may by regulation prescribe as necessary for the evidencing of the right to such exemption. No delivery or transfer to a nominee shall be exempt under this paragraph unless such nominee, in accordance with regulations prescribed by the Commissioner, with the approval of the Secretary, is registered with the Commissioner.

Any person who, with intent to evade the tax provided in this subdivision, falsely makes a certificate accompanying any delivery or transfer shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not more than $1,000, or imprisoned not more than six months, or both.

§ 113.60 *Scope of tax.* Section 3481 imposes a tax upon sales of, agreements to sell, and memoranda of sales of, bonds; on deliveries of bonds with intent to pass title; and on transfers of legal title to bonds, and instruments assigning interests in bonds. The tax applies to the specified dealings or transactions in bonds, whether effected by any assignment in blank, or by any delivery, or by any paper or agreement or memorandum or other evidence of sale or transfer, and without regard to whether the holder or transferee of the bond is entitled to any beneficial interest therein. The tax accrues at the time of making the sale or agreement to sell or memorandum of sale, or delivery of, or transfer of the legal title to, the bonds, regardless of the time or manner of the delivery of the bonds or agreement or memorandum of sale.*

§ 113.61 *Definitions.* As used in this subpart, the term "bond" includes any of the instruments subject upon issuance to tax under section 1801, unless from the context it is clear that a different meaning is intended.

As used hereinafter in this subpart the term "sale" or "transfer" includes any of the transactions or dealings in bonds which are subject to the tax imposed by section 3481.*

§ 113.62 *Rate and computation of tax.* Where by sale or otherwise, bonds of the same issue of a single corporation are transferred by a single transferor to a single transferee, the tax is 5 cents on each $100 of face value or fraction thereof, of the aggregate face value of all the bonds. Where there are two or more transferors or two or more transferees, or where in a single transaction transfer is made of bonds of two or more corporations or of two or more classes issued

by a single corporation, a separate tax computation must be made with respect to each transferor and each transferee, and with respect to the bonds of each corporation and of the bonds of each class issued by a single corporation.

Example (1). M, owning 25 class A bonds of the X Corporation and 25 class B bonds of the same corporation, and 50 class A bonds of the Y Corporation, transfers all the bonds to N. In this situation there are three taxable transfers, and a separate tax computation must be made with respect to the aggregate face value of the bonds involved in each.

Example (2). M, owning 100 class A bonds of the X Corporation, sells 50 bonds to N and 50 bonds to O. In this situation, there are two sales of 50 bonds each, and the tax is measured by the aggregate face value of the bonds sold to each purchaser.

Example (3). A husband and wife, each owning $50,000 face amount of class A bonds of the X Corporation, simultaneously give their bonds to their son. In this situation, there are two gifts, and a separate computation must be made with respect to the aggregate face value of the bonds included in each gift.

The separate tax computation required will result in a difference in the amount of tax only where the face values of the bonds transferred are not $100 or multiples thereof.*

§ 113.63 *Sales and transfers subject to tax.* The tax on bond transfers imposed by section 3481 is similar in scope to the tax on stock transfers imposed by section 1802 (b). Accordingly, the various examples set forth in § 113.33 of sales and transfers of stock subject to the stock transfer tax apply with some exceptions to sales and transfers of bonds.

The examples stated in paragraph (j) of § 113.33 do not apply to the bond transfer tax since transfers of rights to receive and rights to subscribe for bonds are not subject to the tax imposed by section 3481. The example stated in paragraph (b) of that section relating to loans including intraoffice borrowings applies to bond transactions, and in addition thereto the return of bonds loaned is also subject to the tax imposed under section 3481.*

§ 113.64 *Sales and transfers not subject to tax.* The various examples set forth in § 113.34 of sales and transfers of stock not subject to the stock transfer tax also illustrate, in so far as applicable to bond transactions, sales and transfers of bonds not subject to the bond transfer tax. The nontaxable transactions so illustrated are in addition to those specifically exempted by section 3481 (as to which see § 113.65), and those within the general exemptions conferred by section 1808 (as to which see Subpart J).*

§ 113.65 *Specific exemptions provided in section 3481.* Section 3481 provides a number of specific exemptions from tax which, with some exceptions, correspond to the exemptions from the stock transfer tax provided in section 1802 (b). Accordingly, the rules stated in § 113.35 with respect to the stock transfer tax exemptions also apply with respect to the corresponding bond transfer tax exemptions. The exempt transactions and the paragraphs of § 113.35 setting forth the rules applicable thereto are as follows:

Bonds deposited as collateral security, paragraph (a).
Transfers from customer to broker, paragraph (c).
Transfers from broker to customer, paragraph (d).
Transfers between fiduciaries and their nominees, paragraph (e).
Transfers to or by a custodian, paragraph (f).

The return of bonds loaned is not exempt from the bond transfer tax. Hence, subsection (b) of § 113.35 does not apply to bond transactions.

Section 3481 includes one exemption for which no corresponding exemption is made with respect to the stock transfer tax, namely, the bond transfer tax does not apply to deliveries or transfers of bonds in connection with a reorganization if (a) the reorganization is within the definition of section 112 (i) (1) of the Revenue Act of 1932 set forth below and (b) gain or loss from the exchange or distribution involved in the delivery or transfer is not recognized under the income tax law applicable to the year in which the delivery or transfer is made. The term "reorganization" is defined in section 112 (i) (1) of the Revenue Act of 1932 as follows:

The term "reorganization" means (A) a merger or consolidation (including the acquisition by one corporation of at least a majority of the voting stock and at least a majority of the total number of shares of all other classes of stock of another corporation, or substantially all the properties of another corporation), or (B) a transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor or its stockholders or both are in control of the corporation to which the assets are transferred, or (C) a recapitalization, or (D) a mere change in identity, form, or place of organization, however effected.

Claim for this exemption will not be allowed unless, upon application, the Commissioner rules that the reorganization is within section 112 (i) (1) of the Revenue Act of 1932 and that gain or loss from the exchange or distribution involved in the delivery or transfer is not recognized under the income tax law applicable to the year in which the delivery or transfer is made.*

§ 113.66 *Warrants*—(a) *To subscribe for bonds.* Warrants entitling the holder to subscribe for unissued bonds are not subject to tax under section 3481.

(b) *To purchase issued bonds.* Warrants entitling the holder to purchase bonds are subject to tax under section 3481, upon issuance, as agreements to sell bonds. Subsequent transfers of such warrants are not subject to the transfer tax since the statute does not impose a tax upon transfers of agreements to sell bonds. If the transfer tax is paid upon issuance of a warrant, the subsequent transfer of the bonds pursuant to the exercise of such warrant is not subject to transfer tax. However, the person transferring the bonds shall furnish and attach thereto a statement substantially as follows:

It is hereby certified that the transfer of the attached bonds, _____ to
(Description and face value of bonds)
_____ is made pursuant to
(Name of transferee)
the exercise of a warrant which is in possession of the undersigned, and that requisite stamps due upon issuance of such warrant have been affixed thereto.

_____
(Signature)

§ 113.67 *Memoranda of sales, etc.* Every person who makes an agreement to sell bonds, or who, pursuant to sale or otherwise, transfers title to bonds by delivery, including a person who lends bonds or returns bonds which have been borrowed, shall, as a part of the transaction, promptly make and deliver to the buyer, transferee, borrower or lender, a bill or memorandum of such agreement to sell, transfer, loan, or return, duly signed by the seller, or transferor, or lender or borrower, or his agent, to which the requisite stamps shall be affixed and canceled. Such bill or memorandum shall show the date of the transaction, the names of the parties thereto, the name and number of the bonds, and the tax paid on the transaction. No more than one stamped bill or memorandum shall be required in respect of any single transaction. (See § 113.71 (b) relative to rules applicable to clearing houses.)*

§ 113.68 *Records of sales and transfers of bonds.* The provisions of § 113.38 relative to records of sales and transfers of stock are also applicable to sales and transfers of bonds, except that the records of sales of bonds need not show the sales prices, since selling price is immaterial for purposes of the bond transfer tax.*

§ 113.69 *Returns by brokers, dealers, etc.* The provisions of § 113.39 relative to returns by brokers and dealers in stock are also applicable to brokers and dealers in bonds.*

§ 113.70 *Stamps to be used.* Ordinary documentary stamps shall be used in connection with all sales and transfers of bonds. For provisions relating to cancellation of stamps, see § 113.133.*

§ 113.71 *Where stamps shall be affixed*—(a) *General rules.* Where pursuant to the provisions of § 113.67, a bill or memorandum is prepared, the stamps shall be affixed thereto.

Where bonds are transferred by special endorsement, i. e., endorsement specifying the name of the transferee, the stamps shall be affixed to the bonds.

In no event shall any corporation, registrar, or transfer agent transfer any bond unless requisite documentary stamps have been affixed and canceled as required by these regulations.

(b) *Rules applicable to clearing houses.* The rules stated in paragraph (b) of § 113.41 relating to stock transactions are also applicable to bond transactions.*

Subpart G—Conveyances of Realty Sold

SEC. 3482 (AS AMENDED BY SECTION 1 OF THE REVENUE ACT OF 1939; SECTION 209 OF THE REVENUE ACT OF 1940; AND SECTIONS 505 AND 521 (a) (24) (SEE ALSO SECTION 521 (b)) OF THE REVENUE ACT OF 1941). CONVEYANCES.

Deed, instrument, or writing (unless deposited in escrow before April 1, 1932), whereby any lands, tenements, or other realty sold shall be granted, assigned, transferred, or otherwise conveyed to, or vested in, the purchaser or purchasers, or any other person or persons, by his, her, or their direction, when the consideration or value of the interest or property conveyed, exclusive of the value of any lien or encumbrance remaining thereon at the time of sale, exceeds $100 and does not exceed $500, 55 cents; and for each additional $500 or fractional part thereof, 55 cents. This section shall not apply to any instrument or writing given to secure a debt.

§ 113.80 *Scope of tax.* Section 3482 imposes a tax upon deeds, instruments, or other writings (unless deposited in escrow before April 1, 1932), whereby realty sold is granted, assigned, transferred, conveyed to, or vested in, the purchaser or, at his direction, in any other person, when the consideration for, or value of, the interest or property conveyed, exclusive of the value of any lien or encumbrance remaining thereon at the time of sale, exceeds $100. (See § 113.82.)

The tax is limited to conveyances of realty sold and does not apply to other conveyances. (See § 113.81 (b).) The tax accrues at the time the deed or other instrument of conveyance is delivered, irrespective of the time when the sale is made.

Deeds deposited in escrow become subject to the tax upon delivery to the grantee, unless deposited in escrow before April 1, 1932.

A conveyance of realty subject to an equity of redemption is taxable when made, not when the time for redemption expires.

The statute expressly exempts from the tax any instrument or writing, such as a mortgage, given to secure a debt.*

§ 113.81 *Definitions.* As used hereinafter in this subpart—

(a) The term "deed" includes any instrument or writing whereby realty is assigned, transferred, conveyed to, or vested in, the purchaser or, at his direction, in any other person.

(b) The term "sold" imports transfer of title for a valuable consideration which may involve money or anything of value.*

§ 113.82 *Rate and computation of tax.* The rate of tax is 55 cents on each $500 or fractional part thereof of the net consideration paid for, or the net value of, the realty conveyed, that is, the gross consideration or gross value less, in either case, the amount of all liens or encumbrances on the realty existing before the sale and not removed thereby.

The tax is based upon the net consideration where it is definite in amount, or may be definitely determined.

The tax is based upon net value where the amount of the consideration is indefinite, or is left open to be fixed by future contingencies.

In determining the amount of the net consideration for, or net value of, the realty conveyed, only the amount of the liens and encumbrances on the property existing before the sale and not removed thereby may be deducted. Thus, for example, taxes or assessments which are liens on the property before the sale and are not paid at the time of sale are deductible. No deduction shall be made on account of any lien or encumbrance placed upon the property in connection with the sale, or by reason of deferred payments of the purchase price whether represented by notes or otherwise.*

§ 113.83 *Conveyances subject to tax.* The following are examples where the tax applies:

(a) A conveyance of realty in exchange for other property; also the conveyance of the other property if it is realty.

(b) A conveyance of realty in consideration of life maintenance. The tax is computed on the net value of the realty conveyed.

(c) A conveyance by a defaulting mortgagor to the mortgagee in consideration of the cancellation of the mortgage debt. The tax is computed on the amount of the mortgage debt plus unpaid accrued interest.

(d) Deeds given by masters in chancery, sheriffs, clerks of court, etc., for realty sold under foreclosure or execution. The tax is computed on the amount bid for the property plus the costs if paid by the purchaser, whether the purchaser is the mortgagee or judgment creditor, or any other person.

(e) Conveyances to or by building and loan associations. However, the tax does not apply to a conveyance of realty to a building and loan association for the purpose of securing a loan thereon, nor to the reconveyance of the realty to its owner as part of the loan transaction.

(f) A conveyance of realty to a corporation in exchange for shares of its capital stock.

(g) A conveyance of realty by a corporation in liquidation or in dissolution to its shareholders subject to the debts of the corporation; however, if there are no corporate debts and the conveyance is made solely for the cancellation and retirement of the capital stock, the tax does not apply.

(h) Deeds to standing timber and to mines.

(i) In jurisdictions where common-law dower still exists, an instrument conveying the estate acquired by a widow upon assignment of dower. However, an instrument purporting to convey the inchoate right of dower of a wife, or the consummate right of dower of a widow prior to assignment of dower, is not subject to the tax. Where by statute dower has been abolished and in lieu thereof a different interest in the husband's real property conferred upon the wife, the taxability of an instrument purporting to convey such interest prior to its assignment must be determined by the nature of the wife's interest as fixed by the statutes and decisions of the jurisdiction in which the real estate is located.

(j) A conveyance of real estate sold to or by the United States of America.*

§ 113.84 *Conveyances not subject to tax.* In addition to the various exemptions prescribed in section 1808 and the Bankruptcy Act as amended (as to which see Subpart J), the following are examples where the tax does not apply:

(a) The conveyance of realty to secure a debt also the reconveyance of such realty upon payment of the debt.

(b) Conveyances of realty without consideration and otherwise than in connection with a sale, including a deed conveying realty as a bona fide gift, although the deed may recite a consideration for the transfer, such as "natural love and affection and $1," "desire to promote public welfare and $1," or "$1 and other valuable consideration"; a gift of realty by a husband to his wife accomplished through the conveyance of the property for an ostensible consideration to a "straw man" who immediately reconveys the property to the wife; and a deed to or by a trustee not pursuant to a sale.

(c) A deed to confirm title already vested in the grantee, such as a quitclaim deed to correct a flaw in title.

(d) A deed given by an executor in accordance with the terms of the will; however, if, by reason of a consideration passing between devisees, one of them takes a greater share in the realty than that to which he is entitled under the will, the deed given by the executor to convey such greater share is subject to a tax computed upon the amount of such consideration.

(e) A deed from an agent to his principal conveying real estate purchased for and with funds of the principal.

(f) An option for the purchase of real property or a contract for the sale of real property, if the contract does not vest legal title.

(g) Partition deeds, unless, for consideration, some of the parties take shares greater in value than their undivided interests, in which event a tax attaches to each deed conveying such greater share computed upon the consideration for the excess.

(h) Deeds to burial sites which do not convey title to land, but only a right to sepulture, to erect monuments, etc.

(i) Ordinary leases of real property for a definite term of years.

(j) A deed executed by a debtor conveying property to a trustee for the benefit of his creditors; however, when the trustee conveys such property to a creditor or sells it to any other person, the deed executed by him is taxable.

(k) Conveyance to a receiver of realty included in the receivership assets, and reconveyance of such realty upon termination of the receivership.

(l) A deed conveying real estate situated in a foreign country.*

§ 113.85 *Where stamps shall be affixed.* Requisite stamps must be affixed to the deed, instrument, or other writing by which realty is conveyed. Ordinary documentary stamps shall be used for this purpose. For provisions relative to cancellation of stamps see § 113.133.*

Subpart H—Passage Tickets

SEC. 1806 (AS AMENDED BY SECTION 521 (a) (7) AND (b) OF THE REVENUE ACT OF 1941). PASSAGE TICKETS.

Passage ticket, one way or round trip, for each passenger, sold or issued in the United States for passage by any vessel to a port or place not in the United States, Canada, Mexico, Cuba, or Puerto Rico, if costing not exceeding $30, $1.10; costing more than $30 and not exceeding $60, $3.30; costing more than $60, $5.50. This section shall not apply to passage tickets costing $10 or less.

[SEC. 554. TRANSPORTATION OF PERSONS, ETC. (REVENUE ACT OF 1941.)]

(b) Chapter 30 of the Internal Revenue Code is amended by inserting after section 3468 the following new subchapter:

"SUBCHAPTER C—TRANSPORTATION OF PERSONS

"SEC. 3469. TAX ON TRANSPORTATION OF PERSONS, ETC.

"(a) *Transportation.* There shall be imposed upon the amount paid within the United States, on or after October 10, 1941, for the transportation, on or after such effective date, of persons by rail, motor vehicle, water, or air, within or without the United States, a tax equal to 5 per centum of the amount so paid. * * *

* * * * *

(c) *Stamp tax on passage tickets not to apply.* No tax shall be imposed under Chapter 11 of the Internal Revenue Code on a ticket sold or issued for passage the amount paid for which is taxable under section 3469 of the Internal Revenue Code.

* * * * *

§ 113.90 *Scope of tax.* Section 3469 imposes upon the amount paid within the United States on or after October 10, 1941, for the transportation of persons by rail, motor vehicle, *water*, or air within or without the United States a tax equal to 5 per centum of the amount so paid. The effect of section 554 (c) of the Revenue Act of 1941 is that on and after October 10, 1941, no tax is imposed under section 1806 on a ticket sold or issued for passage the amount paid for which is taxable under section 3469. Section 1806 is therefore, on and after the date mentioned, of only limited application. It does, however, impose a tax upon passage tickets costing more than $10 for each passenger, paid for without and issued in the United States for passage, whether one way or round trip, by any vessel to a port or place NOT in the United States, Canada, Mexico, Cuba, or Puerto Rico. For the purposes of the tax, the term "United States" includes only the States, the Territories of Alaska and Hawaii, and the District of Columbia (see section 3797 (a) (9)); and the term "Canada" does not include Newfoundland, since Newfoundland is not a part of the Dominion of Canada.

The tax applies generally to the specified passage tickets regardless of the person to whom issued, the purpose for which the voyage is made, the ownership of the vessel, and whether the vessel is operated privately or by any government. (But see § 113.95.)

A ticket entitling the holder to passage by any vessel to a taxable port or place is subject to the tax, regardless of whether such port or place is named on the ticket and without regard to the form of the ticket or the textual declarations thereon.

The tax accrues at the time of issue of the ticket in the United States. Thus, a ticket issued in the United States upon an exchange order purchased without the United States is taxable.

The tax does not apply to the issuance of tickets for passage by aircraft.*

§ 113.91 *Rates and computation of tax.* The rates of tax on passage tickets are as follows:

$1.10 for each passenger where the ticket costs more than $10 but not more than $30 per passenger.

$3.30 for each passenger where the ticket costs more than $30 but not more than $60 per passenger.

$5.50 for each passenger where the ticket costs more than $60 per passenger.

The tax is determined by the cost of the ticket per passenger. Accordingly, a ticket for two or more persons shall be considered as a ticket for each person, and the tax shall be determined on the basis of the portion of the cost properly allocable to each person. Thus, passage tickets costing more than $10 but issued for two or more persons are not subject to tax if the cost to each person is $10 or less. Where a number of tickets, each for one person, are issued or sold in bulk for a lump sum, the tax with respect to each ticket shall be determined on the basis of the cost properly allocable thereto.

While tickets costing $10 or less are exempt from the tax regardless of the passage covered thereby, a round trip ticket for one person costing more than $10 is taxable even though a one way ticket to or from the same place would cost $10 or less.

Where, by reason of inclusion of any port or place in a voyage, a ticket is taxable, the tax is based upon the full cost of the ticket, without adjustment or apportionment because of inclusion in the voyage of some other port or place, a ticket to which would not be taxable.*

§ 113.92 *Passages where tickets are taxable.* The tax applies to tickets sold without and issued in the United States for passage by any vessel to a port or place NOT in the United States, Canada, Mexico, Cuba, or Puerto Rico.

The starting point of the passage, whether a foreign or domestic port, or whether or not a ticket for passage thereto would be taxable, is immaterial. Nor does tax liability depend upon termination of the voyage at a taxable port or place. If a ticket for a voyage ending at a given place would be taxable, a ticket for a voyage which includes such place is taxable no matter where the voyage begins or ends.

For example, a ticket entitling the holder to passage, whether one way or round trip, from New York to Havana, Cuba, by way of Nassau, Bahamas, is subject to tax since the voyage includes passage to a nonexempt port (Nassau). Such ticket is taxable whether or not the passenger stops over at Nassau.*

§ 113.93 *Passages where tickets are not taxable.* Passage tickets to a port or place IN the United States, Canada, Mexico, Cuba, or Puerto Rico are not taxable.

Where a ticket is issued for a one way trip, the tax does not apply if the passage is to an exempt port or place without any intervening stop-over at a nonexempt port or place.

In the case of a round trip ticket for passage from and to a nontaxable port or place, the tax does not apply if no taxable port or place is included in the course of the passage.*

§ 113.94 *Cancellation of passage.* Liability for the tax is not incurred where a reservation for passage is canceled so that the ticket is not used for any part of the passage. However, if a taxable ticket is used for any part of the passage, the tax may not be refunded even though the passenger for any reason does not complete the passage, or visit any taxable port or place. For example, the tax upon a ticket entitling the holder to passage from New York to Miami and from that point to various taxable ports in the West Indies is not affected by cancellation of the passage to points beyond Miami.*

§ 113.95 *Passage tickets issued to certain foreign representatives.* Passage tickets are not taxable when issued to ambassadors, ministers, and duly accredited diplomatic representatives of foreign governments, the members of their families living with them; and members of their households, including attaches, secretaries, clerks, and servants, provided such members of their households are not citizens of the United States.*

§ 113.96 *Affixing stamps.* Ordinary documentary stamps shall be used in payment of the tax upon passage tickets and may be affixed to the passenger manifest, provided such manifest sets forth the name of the vessel, the date of sailing, the number, value, and class of, and the tax due on, each passage ticket, and the total amount of the tax at the foot of the manifest.

Payment of the tax may be evidenced by the affixing of one or more stamps of large denomination in an amount equal to the total tax shown at the foot of the manifest. Where the stamps are affixed to the passenger manifest, a notation shall be made on each passage ticket to the effect that the necessary documentary stamps have been so affixed and properly canceled. The stamped manifests shall be retained in the main office of the company at the port of sailing for

not less than four years, and shall be accessible for inspection by authorized internal revenue officers.

For provisions relating to cancellation of stamps see § 113.133.*

Subpart I—Foreign Insurance Policies

SEC. 1804 (AS AMENDED BY SECTION 521 (a) (6) AND (b) OF THE REVENUE ACT OF 1941). INSURANCE POLICIES.

On each policy of insurance, or certificate, binder, covering note, memorandum, cablegram, letter, or other instrument by whatever name called whereby insurance is made or renewed upon property within the United States (including rents and profits) against peril by sea or on inland waters or in transit on land (including transshipments and storage at termini or way points) or by fire, lightning, tornado, windstorm, bombardment, invasion, insurrection or riot, issued to or for or in the name of a domestic corporation or partnership or an individual resident of the United States by any foreign corporation or partnership or any individual not a resident of the United States, when such policy or other instrument is not signed or countersigned by an officer or agent of the insurer in a State, Territory, or District of the United States within which such insurer is authorized to do business, a tax of 4 cents on each dollar, or fractional part thereof of the premium charged: *Provided*, That policies of reinsurance shall be exempt from the tax imposed by this section.

[SEC. 1821. NONPAYMENT OR EVASION OF TAX.]

(b) *In particular.*

* * * * *

(3) *Insurance policies.* Any person to or for whom or in whose name any insurance policy or other instrument referred to in section 1804 is issued, or any solicitor or broker acting for or on behalf of such person in the procurement of any such policy or other instrument, shall affix the proper stamps to such policy or other instrument, * * *

§ 113.100 *Scope of tax.* Section 1804 imposes a tax upon each policy of insurance, or certificate, binder, covering note, memorandum, cablegram, letter, or other instrument by whatever name called, issued—

(a) by any foreign corporation or partnership or any individual not a resident of the United States, and not signed or countersigned by an officer or agent of the insurer in a State, Territory, or District of the United States within which such insurer is authorized to do business;

(b) to or for or in the name of a domestic corporation or partnership or an individual resident of the United States;

whereby insurance is made or renewed—

(c) upon property within the United States, including rents and profits;

(d) against peril by sea, or on inland waters, or in transit on land (including transshipments and storage at termini or way points), or by fire, lightning, tornado, windstorm, bombardment, invasion, insurrection, or riot.

An insurance policy issued for a domestic corporation or partnership, or an individual resident of the United States, is subject to the tax without regard to the identity, or the nationality or residence, of the person to or in whose name the policy is issued. A policy issued to or in the name of a domestic corporation or partnership, or individual resident of the United States, is subject to the tax without regard to the identity or the nationality or residence of the person for whom the policy is issued.

The application of the tax is limited to insurance policies upon property within the United States, including rents and profits. However, there are no limitations with respect to the form of the property; the tax applies to property of all kinds whether real or personal, and whether tangible or intangible. (As to movable property, see § 113.102.)

The application of the tax is further limited to insurance against the particular risks specified in the statute. But it is not necessary that the policy cover all such risks; the policy is subject to the tax if it provides insurance against any one of the specified risks. A policy otherwise taxable is not exempt because it may also provide insurance against a risk not named in the statute.

Policies of reinsurance are expressly exempted by the statute from the tax.*

§ 113.101 *Definitions.* When used in this subpart—

(a) The terms "policy of insurance" and "other instrument" include a certificate, binder, covering note, memorandum, cablegram, letter, or any instrument by whatever name called, whereby insurance is made or renewed.

(b) The term "insurance" includes every manner of providing indemnity with respect to property within the United States (including rents and profits) against risks from peril by sea, or on inland waters, or in transit on land (including transshipments and storage at termini or way points), or by fire, lightning, tornado, windstorm, bombardment, invasion, insurrection, or riot.

(c) The term "premium" means the agreed price for assuming and carrying the risk, including any additional assessment or charge which may be assessed or charged under the contract, whether payable in one sum or in installments.*

§ 113.102 *Movable property.* Movable property, such as ships, vessels, barges, rolling stock of railroads, and other similar movable property, shall be held to be property within the United States if the principal place of business of the corporation or partnership owning and controlling the same is located within the United States, or, in the case of an individual, if he resides in the United States, unless such property is permanently located without the United States for purposes of ordinary use. The nation of registry of a vessel is immaterial.*

§ 113.103 *Exports and imports*—(a) *Exports.* A policy of insurance upon property exported from the United States is not subject to the tax if the insurance does not become effective prior to the time that the property is in the actual course of exportation.

Where a policy is issued to cover both export and nonexport property, the tax will be computed upon the full amount of the premium charged, unless the policy clearly indicates the property for export and the premium charged for the insurance thereon.

(b) *Imports.* A policy of insurance covering property shipped from a foreign country to a port in the United States, which terminates upon unloading, is not taxable where the coverage within the United States constitutes only a trifling portion of the total coverage. If the coverage within the United States constitutes more than a trifling portion of the total coverage, the policy is taxable and the tax is measured by the total premium charged.*

§ 113.104 *Rate and computation of tax.* The rate of tax is 4 cents on each dollar, or fractional part thereof, of the premium charged. For example, the tax is 44 cents upon a premium charge of $10.10.

The tax is measured strictly by the amount of the premium charged. (But see § 113.103.) The time and method of payment of the premium are immaterial; the tax liability attaches, if the insurance contract becomes effective, even though the premium is never paid.*

§ 113.105 *Affixing stamps.* Ordinary documentary stamps shall be used in payment of the tax. Requisite stamps must be affixed to the first instrument whereby the insurance is made or renewed, i. e., by which the relationship of insurer and insured is created or evidenced, whether it be a letter of acceptance, cablegram, or other instrument by whatever name called. Any policy of insurance or other instrument which is subsequent to or which confirms a contract of insurance that is created or evidenced by any prior instrument by which insurance was originally made or renewed, shall bear a notation designating such prior instrument (hereinafter referred to as the original instrument) and showing that the requisite stamps have been affixed thereto and canceled.

In the case of so-called "open policies" or "open cargo covers," where the amount of the premium is not definitely determined at the time of issuance, the stamps may be affixed to the receipts for monthly or other payments if proper notation be made upon such receipts identifying the original instruments to which they apply.

In the case of a binder or other instrument whereby insurance is made or renewed, issued without agreement as to the premium to be charged, stamps must be affixed when the amount of the premium is determined.

Any person to or for whom or in whose name any policy of insurance or other instrument is issued, or any solicitor or broker acting for or on behalf of such person in the procurement of any such policy or other instrument, must affix the requisite stamps to such policy or other instrument.

For provisions relative to cancellation of stamps see § 113.133.*

§ 113.106 *Subsequent instruments that must be stamped.* In case a subsequent instrument provides for the payment of a premium greater than that provided for in the original instrument,

the subsequent instrument must have affixed thereto stamps equal to the tax imposed upon the additional premium charged and must bear a notation of the stamps affixed to the original instrument. (See § 113.105.)*

§ 113.107 *Insured to retain policy for at least four years.* The person having control or possession of a policy of insurance or other instrument to which documentary stamps must be affixed shall retain such instrument for at least four years from the date of issuance thereof to enable internal revenue officers to ascertain whether requisite stamps have been affixed and canceled.*

§ 113.108 *Instruments without stamps or notation of stamping.* Failure to affix and cancel stamps or to make the notation required by §§ 113.105 and 113.106 will be held to raise a presumption of intent to evade payment of tax.*

§ 113.109 *Returns.* No monthly return or monthly statement showing a list of policies or other instruments subject to the tax imposed by section 1804 is required from any person to or for whom or in whose name such policy or other instrument is issued, or from the solicitor or broker acting directly or indirectly for or on behalf of such person, but each person, solicitor, or broker accepting, placing, or soliciting such policy or other instrument shall keep a record of each policy or other instrument subject to the tax imposed by section 1804 by which he has directly or indirectly made, placed, solicited, or assisted in the making or renewal of such insurance, or for which he has paid or received compensation, and shall be prepared to furnish full information to the Commissioner at any time upon demand.*

§ 113.110 *Refunds.* Where an instrument on which tax has been paid is canceled or modified before the insurance becomes effective so that no tax is due or a lesser amount of tax is due than was paid, the value of the stamps used in excess of the amount of tax properly due will be redeemed upon a proper claim timely presented to the collector. As to refunds and redemptions generally, see §§ 113.158 to 113.161.*

Subpart J—Exemptions

SEC. 1808. EXEMPTIONS.

There shall not be taxed under this chapter—

(a) *Government and state obligations.* Any bond, note, or other instrument, issued by the United States, or by any foreign Government, or by any State, Territory, or the District of Columbia, or local subdivision thereof, or municipal or other corporation exercising the taxing power; or

(b) *Bonds of indemnity.* Any bond of indemnity required to be filed by any person to secure payment of any pension, allowance, allotment, relief, or insurance by the United States, or to secure a duplicate for, or the payment of, any bond, note, certificate of indebtedness, war-savings certificate, warrant or check, issued by the United States; or

(c) *Stocks and bonds of domestic building and loan associations and mutual ditch or irrigation companies.* Stocks and bonds issued by domestic building and loan associations substantially all the business of which is confined to making loans to members, or by mutual ditch or irrigation companies; or

(d) *Stocks and bonds of farmers', fruit growers', or cooperative associations.* Stocks and bonds and other certificates of indebtedness issued by any farmers' or fruit growers' or like associations organized and operated on a cooperative basis for the purposes, and subject to the conditions, prescribed in paragraph (12) of section 101.

(e) *Reorganization of railroads engaged in interstate commerce.* The provisions of sections 1801, 1802, and 1821 (b) of this chapter and sections 3481 and 3482 of chapter 31 shall not apply to the issuance, transfers, or exchanges of securities or filing of conveyances to make effective any plan of reorganization confirmed under the provisions of section 77 of the National Bankruptcy Act, as amended by section 1 of the Act of March 3, 1933, c. 204, 47 Stat. 1474 (U.S.C., Title 11, § 205).

(f) *Corporate reorganizations.* The provisions of sections 1801, 1802, and 1821 (b) of this chapter and the provisions of sections 3481 and 3482 of chapter 31 shall not apply to the issuance, transfers, or exchange of securities or making or delivery of conveyances to make effective any plan of reorganization confirmed under section 77B of the National Bankruptcy Act, as amended by the Act of June 7, 1934, c. 424, 48 Stat. 919 (U.S.C., Title 11, § 207).

BANKRUPTCY ACT

RAILROAD ADJUSTMENTS

SECTION 735, ACT OF JULY 1, 1898, 30 STAT. 544, ADDED BY ACT OF JULY 28, 1939, 53 STAT. 1140 (11 U.S.C., SUP., 1235).

The provisions of sections 1801, 1802, 3481, and 3482 of the Internal Revenue Code and any amendments thereto, unless specifically providing to the contrary shall not apply to the issuance, transfer, or exchange of securities or the making or delivery of conveyances to make effective any plan of adjustment confirmed under the provisions of this chapter. * * *

CORPORATE REORGANIZATIONS

SECTION 267, ACT OF JULY 1, 1898, 30 STAT. 544, ADDED BY ACT OF JUNE 22, 1938, 52 STAT. 903 (11 U.S.C., SUP., 867).

The issuance, transfer, or exchange of securities, or the making or delivery of instruments of transfer under any plan confirmed under this chapter, shall be exempt from any stamp taxes now or hereafter imposed under the laws of the United States or of any State.

§ 113.120. *Government and state obligations.* Section 1808 (a) exempts from stamp tax any bond, note, or other instrument having the characteristics of a bond or note, issued by the United States, or by any foreign government, or by any State, Territory, or the District of Columbia, or local subdivision thereof, or municipal or other corporation exercising the taxing power. The exemption applies to the stamp tax on issues of bonds, etc., imposed by section 1801, and the stamp tax on sales and transfers of bonds, etc., imposed by section 3481.*

§ 113.121 *Stocks and bonds of domestic building and loan associations and mutual ditch or irrigation companies.* Section 1808 (c) exempts from the taxes imposed by sections 1801, 1802, and 3481, stocks and bonds issued (a) by domestic building and loan associations substantially all the business of which is confined to making loans to members, and (b) by mutual ditch or irrigation companies.*

§ 113.122 *Stocks, bonds, and certificates of indebtedness of farmers', fruit growers', or cooperative associations.* Section 1808 (d) exempts from the taxes imposed by sections 1801, 1802, and 3481, stocks, bonds, and other certificates of indebtedness issued by any farmers' or fruit growers' or like associations organized and operated on a cooperative basis for the purposes, and subject to the conditions, prescribed in section 101 (12).*

§ 113.123 *Reorganization of railroads engaged in interstate commerce; railroad adjustments.* Section 1808 (e) exempts from the taxes imposed by sections 1801, 1802, 3481, and 3482, the issuance, transfers, or exchanges of securities or filing of conveyances to make effective any plan of reorganization confirmed under the provisions of section 77 of the Bankruptcy Act (Act of July 1, 1898, 30 Stat., 544), as amended by section 1 of the Act of March 3, 1933, 47 Stat., 1474 (11 U.S.C., 205). Section 735 of the Bankruptcy Act, as added by the Act of July 28, 1939, 53 Stat., 1140 (11 U.S.C., Sup., 1235), likewise exempts from such taxes the issuance, transfer, or exchange of securities or the making or delivery of conveyances to make effective any plan of adjustment confirmed under the provisions of Chapter XV of the Bankruptcy Act as added by the Act of July 28, 1939.*

§ 113.124 *Corporate reorganizations.* Section 1808 (f), and section 267 of the Bankruptcy Act as added by the Act of June 22, 1938, 52 Stat., 903 (11 U.S.C., Sup., 667), exempt from stamp tax the issuance, transfer, or exchange of securities, and the delivery of deeds of conveyance, (a) to make effective any plan of reorganization confirmed under section 77B of the Bankruptcy Act, as amended by the Act of June 7, 1934, 48 Stat., 919 (11 U.S.C., 207), or (b) under any plan confirmed under Chapter X of the Bankruptcy Act as amended.*

Subpart K—Stamps

SEC. 1809. PAYMENT OF TAX.

(b) *Method of payment.*

(1) *Stamps.* The Commissioner shall cause to be prepared and distributed for the payment of the taxes prescribed in this chapter suitable stamps denoting the tax on the documents, articles, or things to which the same may be affixed.

* * * * *

SEC. 1815. AFFIXING.

The Commissioner shall prescribe such method for the affixing of the stamps prescribed in section 1809 (b) (1) in substitution for, or in addition to the method provided in this chapter, as he may deem expedient.

SEC. 1816. CANCELLATION.

(a) *General rule.* Whenever an adhesive stamp is used for denoting any tax imposed by this chapter, except as hereinafter provided, the person using or affixing the same shall write or stamp or cause to be written or stamped thereupon the initials of his or its name and the date upon which the same is attached or used, so that the same may not again be used: *Provided*, That the Commissioner may prescribe such other method for the cancellation of such stamps as he may deem expedient.

* * * * *

SEC. 3300. ESTABLISHMENT AND ALTERATION.

(a) *Authorization.* The Commissioner, with the approval of the Secretary, may establish and, from time to time, alter or change the form, style, character, material, and device of any stamp, mark, or label used under any provision of the laws relating to internal revenue.

* * * * *

SEC. 3301. ATTACHMENT AND CANCELLATION.

(a) *General authority to prescribe methods and instruments.* The stamps referred to in the preceding section shall be attached, protected, removed, canceled, obliterated, and destroyed, in such manner and by such instruments or other means as the Commissioner, with the approval of the Secretary, may prescribe; and he is authorized and empowered to make, with the approval of the Secretary, all needful regulations relating thereto.

* * * * *

SEC. 3302. EXPENSE.

The stamps or device or instrument or means of removal or obliteration referred to in sections 3300 and 3301 shall entail no additional expense upon the persons required to affix or use the same.

SEC. 3303. CANCELLATION OF STAMPS BY PERFORATION.

In lieu of or in addition to other requirements of law in that respect, all stamps used for denoting internal revenue taxes may, in the discretion of the Commissioner, be canceled by perforations to be made in such manner and form as the Commissioner may, by regulation, prescribe.

§ 113.130 *Denominations of documentary stamps.* Documentary stamps are issued in the following denominations:

Ordinary documentary stamps: 1 cent, 2 cents, 3 cents, 4 cents, 5 cents, 8 cents, 10 cents, 20 cents, 25 cents, 40 cents, 50 cents, 80 cents, $1, $2, $3, $4, $5, $10, $20, $30, $50, $60, $100, $500, $1,000.

Stock transfer stamps: 1 cent, 2 cents, 4 cents, 5 cents, 10 cents, 20 cents, 25 cents, 40 cents, 50 cents, 80 cents, $1, $2, $3, $4, $5, $10, $20, $30, $50, $60, $100, $500, $1,000.*

§ 113.131 *Documentary stamps only to be used.* Documentary stamps only shall be used in payment of documentary stamp taxes.

Documentary stamps issued under the Acts of October 22, 1914, October 3, 1917, February 24, 1919, June 2, 1924, and February 26, 1926, may be used in payment of documentary stamp taxes imposed by the Internal Revenue Code.

Ordinary postage stamps cannot be used in payment of documentary stamp taxes.*

§ 113.132 *Use of stamps.* Wherever feasible a stamp tax shall be paid by the use of a single stamp. If a stamp of a denomination equal to the tax is not readily available, the smallest practicable number of stamps shall be used.

A stamp affixed to an instrument and canceled cannot lawfully be removed therefrom and affixed to another instrument requiring a stamp. (See § 113.134.)*

§ 113.133 *Cancellation of stamps.* A person using or affixing a stamp shall cancel it and so deface it as to render it unfit for reuse, by marking it with his initials and the day, month, and year when the affixing occurs. Such marking shall be made by writing or stamping in ink or by perforating with a machine or punch. In addition, unless a stamp of the value of 50 cents or more is canceled by perforation, three parallel incisions shall be made lengthwise through the stamp with some sharp instrument after the stamp has been affixed. However, the stamp shall not be so defaced as to prevent ready determination of its denomination and genuineness.

For requirements as to affixing stamps in payment of the tax on—

Issues of capital stock, see § 113.26.

Sales and transfers of capital stock, see § 113.41.

Issues of bonds, etc., see § 113.57.

Sales and transfers of bonds, etc., see § 113.71.

Deeds of conveyance, see § 113.85.

Passage tickets, see § 113.96.

Foreign insurance policies, see §§ 113.105 and 113.106.*

§ 113.134 *Penalties.* For penalties that apply to the failure to cancel stamps as required by the law and regulations, and to frauds relating generally to stamps, see sections 1822 and 1823, appearing in Subpart L under the subheading "Penalties."*

DISTRIBUTION AND SALE OF STAMPS

SEC. 1817. SUPPLY.

(a) *Post office.* The Commissioner shall furnish to the Postmaster General without prepayment a suitable quantity of adhesive stamps to be distributed to and kept on sale by the various postmasters in the United States in all post offices of the first and second classes and such post offices of the third and fourth classes as are located in county seats. The Postmaster General may require each such postmaster to give additional or increased bond as postmaster for the value of the stamps so furnished, and each such postmaster shall deposit the receipts from the sale of such stamps to the credit of and render accounts to the Postmaster General at such times and in such form as he may by regulations prescribe. The Postmaster General shall at least once monthly transfer all collections from this source to the Treasury as internal-revenue collections.

(b) *Designated depositary of the United States.* Each collector shall furnish, without prepayment, to any designated depositary of the United States, located in the district of such collector, a suitable quantity of adhesive stamps to be kept on sale by such designated depositary.

(c) *State agents.* Each collector shall furnish, without prepayment, to any person who is (1) located in the district of such collector, (2) duly appointed and acting as agent of any State for the sale of stock transfer stamps of such State, and (3) designated by the Commissioner for the purpose, a suitable quantity of such adhesive stamps as are required by section 1802, to be kept on sale by such person.

SEC. 1818. METHODS OF SAFEGUARDING.

(a) *Bond.* In cases coming within the provisions of subsections (b) and (c) of section 1817 the collector may require a bond, with sufficient sureties, in a sum to be fixed by the Commissioner, conditioned for the faithful return, whenever so required, of all quantities or amounts undisposed of, and for the payment monthly of all quantities or amounts sold or not remaining on hand.

(b) *Regulations.* The Secretary may from time to time make such regulations as he may find necessary to insure the same-keeping or prevent the illegal use of all the adhesive stamps referred to in section 1817 (b) and (c).

§ 113.140 *Where stamps may be purchased.* Documentary stamps may be purchased from—

(a) Collectors, and duly authorized deputy collectors;

(b) Postmasters in all post offices of the first and second classes and such post offices of the third and fourth classes as are located in county seats; and

(c) Depositaries of the United States designated under subsection (b) of section 1817.*

§ 113.141 *Requisitions.* Requisitions for the purchase of ordinary documentary stamps shall be made on Form 427, revised 1933; and for the purchase of stock transfer stamps on Form 743, revised 1933. Copies of these forms may be procured from any collector.*

§ 113.142 *Records and statements of depositaries.* A designated United States depositary shall make sales only upon receipt of requisitions prescribed by § 113.141. The depositary shall keep a record of sales, and on or before the 15th day of each month shall deliver to the collector of internal revenue the requisitions for all stamps purchased during the preceding calendar month, and a statement setting forth the denominations, number of each denomination, and total face value of all stamps (a) on hand at the beginning of the month, (b) sold during the month, and (c) on hand at the end of the month; and pay over to the collector of internal revenue all money received from sales of stamps during the month, taking his receipt therefor.

Any such depositary who uniformly purchases such stamps for cash shall not be required to keep such record or make such statement but shall resell the stamps purchased only upon receipt of requisitions prescribed by § 113.141 and shall file on or before the 15th day of each month the requisitions for the preceding month.*

§ 113.143 *Requisitions to be retained by the collector.* The collector of internal revenue shall keep the requisitions for stamps sold by him and those sold by designated United States depositaries separate and apart from requisitions for stamps of other kinds and shall retain them for four years.*

§ 113.144 *Restrictions on the sale or purchase of stock transfer stamps.* No person other than one authorized by law for such purpose shall sell or expose for sale, give away, traffic in, trade, barter, lend, borrow, or exchange any stock transfer stamps.

No person shall buy, receive, or have in his possession, or under his control, any stock transfer stamps, unless such stamps have been purchased on proper requisition from an official authorized by law to sell such stamps.*

Subpart L—Miscellaneous Provisions

Administrative Provisions

SEC. 1835. RECORDS, STATEMENTS, AND RETURNS.

Every person liable to any tax imposed by this chapter or for the collection thereof, shall keep such records, render under oath such statements, make such returns, and comply with such rules and regulations as the Commissioner, with the approval of the Secretary, may from time to time prescribe.

SEC. 1837. OTHER LAWS APPLICABLE.

All administrative, special, or stamp provisions of law, including the law relating to the assessment of taxes, so far as applicable, shall be extended to and made a part of this chapter.

SEC. 3603. NOTICE REQUIRING RECORDS, STATEMENTS, AND SPECIAL RETURNS.

Whenever in the judgment of the Commissioner necessary he may require any person, by notice served upon him, to make a return, render under oath such statements, or keep such records as the Commissioner deems sufficient to show whether or not such person is liable to tax.

SEC. 3614. EXAMINATION OF BOOKS AND WITNESSES.

(a) *To determine liability of the taxpayer.* The Commissioner, for the purpose of ascertaining the correctness of any return or for the purpose of making a return where none has been made, is authorized, by any officer or employee of the Bureau of Internal Revenue, including the field service, designated by him for that purpose, to examine any books, papers, records, or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or of any officer or employee of such person, or the attendance of any other person having knowledge in the premises, and may take his testimony with reference to the matter required by law to be included in such return, with power to administer oaths to such person or persons.

* * * * *

SEC. 3631. RESTRICTIONS ON EXAMINATION OF TAXPAYERS.

No taxpayer shall be subjected to unnecessary examinations or investigations, and only one inspection of a taxpayer's books of account shall be made for each taxable year unless the taxpayer requests otherwise or unless the Commissioner, after investigation, notifies the taxpayer in writing that an additional inspection is necessary.

SEC. 3632. AUTHORITY TO ADMINISTER OATHS, TAKE TESTIMONY, AND CERTIFY.

(a) *Internal revenue personnel.*

(1) *Persons in charge of administration of internal revenue laws generally.* Every collector, deputy collector, internal revenue agent, and internal revenue officer assigned to duty under an internal revenue agent, is authorized to administer oaths and to take evidence touching any part of the administration of the internal revenue laws with which he is charged, or where such oaths and evidence are authorized by law or regulation authorized by law to be taken.

* * * * *

(b) *Others.* Any oath or affirmation required or authorized by any internal revenue law or by any regulations made under authority thereof may be administered by any person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered, or by any consular officer of the United States. This subsection shall not be construed as an exclusive enumeration of the persons who may administer such oaths or affirmations.

SEC. 3790. PROHIBITION OF ADMINISTRATIVE REVIEW OF COMMISSIONER'S DECISIONS.

In the absence of fraud or mistake in mathematical calculation, the findings of facts in and the decision of the Commissioner upon (or in case the Secretary is authorized to approve the same, then after such approval) the merits of any claim presented under or authorized by the internal revenue laws shall not, except as provided in chapter 5, be subject to review by any other administrative or accounting officer, employee, or agent of the United States.

§ 113.150 *Records and returns.* The following records shall be maintained and preserved for at least four years from the time of the related transaction:

All instruments, memoranda, books, or other documents to which documentary stamps have been affixed and canceled in payment of stamp taxes;

All certificates of exemption executed in lieu of the payment of stamp taxes; and

All other records required by these regulations.

The foregoing records shall be retained at the place of business, or at some other location convenient for inspection by authorized internal revenue officers.

For particular requirements relative to the records to be maintained or returns to be filed in case of the stamp tax on—

Sales and transfers of capital stock, etc., see §§ 113.38, 113.39, and 113.41 (b);

Sales and transfers of bonds, etc., see §§ 113.68, 113.69, and 113.71 (b);

Passage tickets, see § 113.96;

Foreign insurance policies, see § 113.109.*

§113.151 *Inspection of records.* Any officer designated by the Commissioner shall have authority to examine the books, papers, and records kept pursuant to these regulations, and may require the production of any books, records, papers, or statements of account necessary to determine any liability for stamp tax or the observance of the provisions of these regulations.*

Registration Requirements

§ 113.152 *Registration of brokers, exchanges, etc.* Every person engaged, in whole or in part, in any of the following businesses or activities shall file a statement for registration with the collector of internal revenue for *each* district in which such business or activity is conducted:

(a) Negotiating, making, or recording sales or transfers of stock, bonds, rights, or warrants;

(b) Conducting or transacting a stock or bond brokerage business;

(c) Accepting or procuring the transmission of orders for the purchase or sale or transfer of stock, bonds, rights, or warrants to be executed at a stock or bond brokerage office or an exchange or similar place;

(d) Transferring stock, bonds, rights, or warrants, other than their own;

(e) Conducting an exchange or clearing house, or clearing association, for the clearing adjusting, and settling of transaction made on exchanges or similar places. In case an exchange has a department connected therewith engaged in clearing, adjusting, and settling transactions made thereon, a statement shall be made setting forth the names and addresses of the superintendent and secretary of the clearing house department or committee.

The statement shall be under oath on Form 741 procurable from collectors of internal revenue, and shall set forth specifically the character of the business, the name under which it is operated, and the exact location. A concern having branches or agencies shall file a statement in the district in which its principal office is located, showing the address of each branch office or agency and the name of the manager or agent thereof. A separate statement shall also be filed in each of the other districts in which branches or agencies are maintained. The data shown in a statement covering a branch or agency shall relate to such branch or agency rather than to the principal office. The statement shall show the name and residence address of each member or representative holding membership in an exchange and the name of the exchange. If a license has been procured under the laws of any State or any provision of Federal law, the date of the license and the place of issuance shall be shown.

In the case of a partnership the statement shall be verified under oath by one of the partners and shall show the full name and residence address of each member engaged in the business.

In the case of a corporation or association, including an exchange or clearing house, the statement shall be verified under oath by the chief officer or secretary and shall show the names and residence addresses of such officers. In the case of a corporation the statement shall show the date and place of incorporation. In the case of an exchange or clearing house, the name and residence address of the superintendent shall be shown. A list of the members and their residence addresses and a copy of the constitution, charter, or agreement of association and of the by-laws, rules, and regulations shall be filed with the statement. A copy of each amendment shall be filed as adopted.

If after a statement has been filed there is an addition to the membership, an additional statement shall be filed showing the name and residence address of the additional member.

In case a person registered as herein indicated shall suspend or close his business, or move it to another district, he shall notify the collector to that effect, showing the date of suspension, closing, or removal, and shall return the certificate of registration to the collector. (See § 113.154.)*

§ 113.153 *Registration of nominees.* Any person conducting a stock brokerage business, who has registered with the collector as provided in § 113.152, may appoint some person to act as nominee in holding stock on his behalf.

Any person acting in the capacity of a custodian within contemplation of the exemptions provided in sections 1802 (b) and 3481 (a) may appoint some person to act as nominee in holding stocks or bonds on his behalf.

The name of the person appointed as nominee of a broker or a custodian shall be registered with the collector for the district in which the principal office of the broker or the custodian is located. Substitution of a nominee may be effected by likewise registering the name of the successor nominee.

No special form is prescribed for use in registering a nominee.*

§ 113.154 *Record of registration kept by collector and issue of certificate of registration.* Every collector shall preserve each registration statement filed with him in accordance with these regulations.

Upon registration of a person engaged in any of the businesses specified in § 113.152, the collector shall issue to such person a certificate of registration signed by the collector and setting forth the date of issue, the name of the person conducting the business, and the nature of the business for which the certificate is issued. Such certificate shall be kept at the place of business located within the district of the collector by whom the certificate is issued.

Upon registration of any person as a nominee of a broker or custodian, the collector shall issue to the broker or custodian a certificate of registration signed by the collector and setting forth the date of issue, the name of the person registered as nominee, and the name of the broker or custodian on whose behalf the nominee is registered. Such certificate shall be kept at the principal place of business of the broker or custodian to whom the certificate is issued.

In either case, the certificate of registration must be held available for inspection by internal revenue officers.*

ASSESSMENT

[SEC. 1809. PAYMENT OF TAX.]

(b) *Method of Payment.*

* * * * *

(2) *Assessment.* All internal revenue laws relating to the assessment and collection of taxes shall be extended to and made a part of this chapter, so far as applicable, for the purpose of collecting stamp taxes omitted through mistake or fraud from any instrument, document, paper, writing, parcel, package, or article named herein.

* * * * *

SEC. 3640. ASSESSMENT AUTHORITY.

The Commissioner is authorized and required to make the inquiries, determinations, and assessments of all taxes and penalties imposed by this title, or accruing under any former internal revenue law, where such taxes have not been duly paid by stamp at the time and in the manner provided by law.

SEC. 3312 (AS AMENDED BY SECTION 508 (a) OF THE SECOND REVENUE ACT OF 1940). PERIOD OF LIMITATION UPON ASSESSMENT AND COLLECTION.

Except in the case of income, war-profits, excess-profits, estate, and gift taxes—

(a) *General rule.* All internal revenue taxes shall (except as provided in subsections (b), (c), and (d)) be assessed within four years after such taxes became due, and no proceeding in court without assessment for the collection of such taxes shall be begun after the expiration of five years after such taxes became due.

* * * * *

(c) *Willful attempt to evade tax.* In case of a willful attempt in any manner to defeat or evade tax, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time.

(d) *Collection after assessment.* Where the assessment of any tax imposed by this title has been made within the statutory period of limitation properly applicable thereto, such tax may be collected by distraint or by a proceeding in court, but only if begun—

(1) Within six years after the assessment of the tax, or

(2) Prior to the expiration of any period for collection agreed upon in writing by the Commissioner and the taxpayer.

SEC. 3655. NOTICE AND DEMAND FOR TAX.

(a) *Delivery.* Where it is not otherwise provided, the collector shall in person or by deputy, within ten days after receiving any list of taxes from the Commissioner, give notice to each person liable to pay any taxes stated therein, to be left at his dwelling or usual place of business, or to be sent by mail, stating the amount of such taxes and demanding payment thereof.

(b) *Addition to tax for nonpayment.* If such person does not pay the taxes, within ten days after the service or the sending by mail of such notice, it shall be the duty of the collector or his deputy to collect the said taxes with a penalty of 5 per centum additional upon the amount of taxes, and interest at the rate of 6 per centum per annum from the date of such notice to the date of payment; except that in the case of income, estate or gift taxes, such penalties shall not apply and the interest for nonpayment of tax shall be such as is specifically provided by law with respect to such taxes.

* * * * *

SEC. 3659. RECEIPTS FOR TAXES.

(a) *In general.* Every collector and deputy collector shall give receipts for all sums collected by him, excepting only when the same are in payment for stamps sold and delivered; but no collector or deputy collector shall issue a receipt in lieu of a stamp representing a tax.

* * * * *

SEC. 3690. AUTHORITY TO DISTRAIN.

If any person liable to pay any taxes neglects or refuses to pay the same within ten days after notice and demand, it shall be lawful for the collector or his deputy to collect the said taxes, with such interest and other additional amounts as are required by law, by distraint and sale, in the manner provided in this subchapter, of the goods, chattels, or effects, including stocks, securities, bank accounts, and evidences of debt, of the person delinquent as aforesaid.

§ 113.155 *Assessment of stamp tax.* Where instruments subject to stamp tax are no longer in existence or cannot possibly be stamped or where a taxpayer, after being advised of his liability, refuses to affix stamps, the tax will be reported for assessment. When an assessment is paid a receipt on Form 1 will be issued. Where stamps are purchased and affixed to the instrument no receipt on Form 1 will be issued.*

§ 113.156 *Interest and penalty accruing upon nonpayment of assessment.* Where assessment is made, and payment is not made within 10 days after the issuance of the first notice and demand (Form 17), there will accrue, under section 3655, a 5 percent penalty and interest at the rate of 6 percent per annum computed upon the entire assessment from the date of issuance of Form 17 until date of payment. Where assessment is settled by partial payments, interest is computed at the above-stated rate from the date of the first 10-day notice through the date of first payment and on the balance from the next succeeding day to the date of the next payment until the assessment is paid in full.

If a claim for abatement is filed with the collector within 10 days after the date of the issuance of the first notice and demand, the 5 percent penalty does not attach. If the assessment is not paid within 10 days after receipt of notice of rejection of the claim, the 5 percent penalty applies. The filing of the claim does not stay the running of interest, which continues for the full period that intervenes between the date of the first notice and demand and the date of payment.*

JEOPARDY ASSESSMENT

SEC. 3660. JEOPARDY ASSESSMENT.

(a) If the Commissioner believes that the collection of any tax (other than income tax, estate tax, and gift tax) under any provision of the internal-revenue laws will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax (together with all interest and penalties the assessment of which is provided for by law). Such tax, penalties, and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the collector for the payment thereof. Upon failure or refusal to pay such tax, penalty, and interest, collection thereof by distraint shall be lawful without regard to the period prescribed in section 3690.

(b) The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of the amount collection of which is stayed, at the time at which, but for this section, such amount would be due.

§ 113.157 *Jeopardy assessment.* Whenever in the opinion of the collector it becomes necessary to protect the interests of the Government by effecting immediate collection of tax, the matter shall be promptly reported to the Commissioner by telegram or letter showing the reasons therefor. The communication must state the full name and address of the person involved, the kind and amount of tax due, and the period involved, so that the Commissioner can immediately make appropriate assessment. The amount of such assessment then becomes immediately due and payable, and the collector shall, without delay, issue a notice and demand for payment thereof.

The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount with respect to which the stay is desired, and with such sureties as the collector deems necessary, conditioned upon the payment of the amount, collection of which is stayed, at the time at which such amount would normally be due.

Upon refusal to pay, or failure to pay or give bond, the collector shall proceed immediately to effect collection, by distraint, without regard to the 10-day period after notice and demand prescribed in section 3690.*

REDEMPTION OF STAMPS

SEC. 3304. REDEMPTION OF STAMPS.

(a) *Authorization.* The Commissioner, subject to regulations prescribed by the Secretary, may, upon receipt of satisfactory evidence of the facts, make allowance for or redeem such of the stamps, issued under authority of law, to denote the payment of any internal revenue tax, as may have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the owner may have no use, or which through mistake may have been improperly or unnecessarily used, or where the rates or duties represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected.

(b) *Method and conditions of allowance.* Such allowance or redemption may be made, either by giving other stamps in lieu of the stamps so allowed for or redeemed, or by refunding the amount or value to the owner thereof, deducting therefrom, in case of repayment, the percentage, if any, allowed to the purchaser thereof; but no allowance or redemption shall be made in any case until the stamps so spoiled or rendered useless shall have been returned to the Commissioner, or until satisfactory proof has been made showing the reason why the same can not be returned; or, if so required by the said Commissioner, when the person presenting the same cannot satisfactorily trace the history of said stamps from their issuance to the presentation of his claim as aforesaid.

(c) *Time for filing claims.* No claim for the redemption of or allowance for stamps shall be allowed unless presented within four years after the purchase of such stamps from the Government.

(d) *Finality of Commissioner's decisions.* The finding of facts in and the decision of the Commissioner upon the merits of any claim presented under or authorized by this section shall, in the absence of fraud or mistake in mathematical calculation, be final and not subject to revision by any accounting officer.

• • • • • •

§ 113.158 *Redemption of stamps.* Where documentary stamps are rendered useless by gumming or sticking together in transit or otherwise without fault of the purchaser, they may be exchanged by a collector for other stamps of the same quantity and denomination.

Documentary stamps which have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the owner may have no use, or which through mistake have been improperly or unnecessarily used, or have been used in excess of the amount of tax actually due, may be redeemed upon proper claim filed with the collector.*

§ 113.159 *Claims for redemption.* All claims for the redemption of or allowance for stamps must be on Form 843, and must be filed with the collector within four years after the purchase of the stamps from the Government. The stamps must be submitted with the claim, or if it is impracticable to remove the stamps from the instruments to which they are attached, they must be presented to a deputy collector or other internal revenue representative, who shall write on the face of the stamps the words "claim for refund filed," and attach to the claim a statement showing that such endorsement has been made. In any case where the actual date of purchase of the stamps from the Government can not be given, it must be definitely shown in the claim whether they were so purchased within four years prior to the date of filing of the claim.*

ABATEMENTS AND REFUNDS

SEC. 3770 (AS AMENDED BY SECTION 508 (b) OF THE SECOND REVENUE ACT OF 1940). AUTHORITY TO MAKE ABATEMENTS, • • • AND REFUNDS.

(a) *To taxpayers.*

(1) *Assessments and collections generally.* Except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, the Commissioner, subject to regulations prescribed by the Secretary, is authorized to remit, refund, and pay back all taxes erroneously or illegally assessed or collected, all penalties collected without authority, and all taxes that appear to be unjustly assessed or excessive in amount, or in any manner wrongfully collected.

(2) *Assessments and collections after limitation period.* Any tax (or any interest, penalty, additional amount, or addition to such tax) assessed or paid after the expiration of the period of limitation properly applicable thereto shall be considered an overpayment and shall be credited or refunded to the taxpayer if claim therefor is filed within the period of limitation for filing such claim.

(3) *Date of allowance.* Where the Commissioner has signed a schedule of overassessments in respect of any internal revenue tax imposed by this title, the Revenue Act of 1932, or any prior revenue Act, the date on which he first signed such schedule (if after May 26, 1928) shall be considered as the date of allowance of refund or credit in respect of such tax.

• • • • • •

SEC. 3313. PERIOD OF LIMITATION UPON REFUNDS AND CREDITS.

All claims for the refunding or crediting of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty alleged to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected must, except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, be presented to the Commissioner within four years next after the payment of such tax, penalty, or sum. The amount of the refund (in the case of taxes other than income, war-profits, excess-profits, estate, and gift taxes) shall not exceed the portion of the tax, penalty, or sum paid during the four years immediately preceding the filing of the claim, or if no claim was filed, then during the four years immediately preceding the allowance of the refund.

SEC. 3772. SUITS FOR REFUND.

(a) *Limitations.*

(1) *Claim.* No suit or proceeding shall be maintained in any court for the recovery of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty claimed to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected until a claim for refund or credit has been duly filed with the Commissioner, according to the provisions of law in that regard, and the regulations of the Secretary established in pursuance thereof.

(2) *Time.* No such suit or proceeding shall be begun before the expiration of six months from the date of filing such claim unless the Commissioner renders a decision thereon within that time, nor after the expiration of two years from the date of mailing by registered mail by the Commissioner to the taxpayer of a notice of the disallowance of the part of the claim to which such suit or proceeding relates.

(3) *Reconsideration after mailing of notice.* Any consideration, reconsideration, or action by the Commissioner with respect to such claim following the mailing of a notice by registered mail of disallowance shall not operate to extend the period within which suit may be begun. This paragraph shall not operate (A) to bar a suit or proceeding in respect of a claim reopened prior to June 22, 1936, if such suit or proceeding was not barred under the law in effect prior to that date, or (B) to prevent the suspension of the statute of limitations for filing suit under section 3774 (b) (2).

(b) *Protest or duress.* Such suit or proceeding may be maintained, whether or not such tax, penalty, or sum has been paid under protest or duress.

• • • • • •

§ 113.160 *Claims for abatement or refund.* Where a stamp tax is not paid by stamp but the amount thereof is assessed as required by § 113.155, the person against whom the assessment is made may file a claim in abatement thereof, or a claim for refund for any part of the assessment that has been paid. In either case, the claim must be made on Form 843, filed with the collector in whose district the amount claimed was assessed or paid, and supported by a statement of the grounds and evidence on which the claim is based.

A claim for refund of stamp tax paid pursuant to an assessment must be made within four years next after payment of the tax.*

INTEREST ON OVERPAYMENTS OF TAX

SEC. 3771. INTEREST ON OVERPAYMENTS.

(a) *Rate.* Interest shall be allowed and paid upon any overpayment in respect of any internal revenue tax at the rate of 6 per centum per annum.

(b) *Period.* Such interest shall be allowed and paid as follows:

• • • • • •

(2) *Refunds.* In the case of a refund, from the date of the overpayment to a date preceding the date of the refund check by not more than thirty days, such date to be determined by the Commissioner, whether or not such refund check is accepted by the taxpayer after tender of such check to the taxpayer. The acceptance of such check shall be without prejudice to any right of the taxpayer to claim any additional overpayment and interest thereon.

• • • • • •

§ 113.161 *Interest on overpayments.* Interest on overpayments of stamp taxes is allowable in accordance with the provisions of section 3771, irrespective of whether the tax was paid by stamp or through assessment. However, interest is allowable upon amounts paid in redemption of stamps only where the stamps were used in payment of a tax, and in such cases only from the date the stamps were affixed and canceled.*

PENALTIES

SEC. 1820. UNDERPAYMENT OF TAX.

Whoever—

(a) *Instruments.* Makes, signs, issues, or accepts, or causes to be made, signed, issued, or accepted, any instrument, document, or paper of any kind or description whatsoever without the full amount of tax thereon being duly paid • • • is guilty of a misdemeanor and upon conviction thereof shall pay a fine of not more than $100 for each offense.

SEC. 1821. NONPAYMENT OR EVASION OF TAX.

(a) *In general.* (1) Any person required under this chapter to pay any tax, or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information, for the purposes of the computation, assessment, or collection of any tax imposed by this chapter, who willfully fails to pay such tax, make such return, keep such records, or supply such information, at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than one year, or both, together with the costs of prosecution.

(2) Any person required under this chapter to collect, account for and pay over any tax imposed by this chapter, who willfully fails to collect or truthfully account for and pay over such tax, and any person who willfully attempts in any manner to evade or defeat any tax imposed by this chapter or the payment thereof, shall, in addition to other penalties provided by law, be guilty of a felony and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(3) Any person who willfully fails to pay, collect, or truthfully account for and pay over, any tax imposed by this chapter, or willfully attempts in any manner to evade or defeat any such tax or the payment thereof, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax evaded, or not paid, collected or accounted for and paid over, to be assessed and collected in the same manner as taxes are assessed and collected. No penalty shall be assessed under this paragraph for any offense for which a penalty may be assessed under authority of section 3612.

(4) The term "person" as used in this subsection includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

(b) *In particular*—(1) *Capital stock sales or transfers.* Any person liable to pay the tax as provided in subsection (b) of section 1802, or anyone who acts in the matter as agent or broker for such person, who makes any such sale, or who in pursuance of any such sale delivers any certificate or evidence of the sale of any stock, share, interest, or right, or bill or memorandum thereof, as required in that subsection, without having the proper stamps affixed thereto, with intent to evade the provisions of such subsection, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not exceeding $1,000, or be imprisoned not more than six months, or both.

(2) Any person who, with intent to evade the tax provided in subsection (b) of section 1802, falsely makes a certificate accompanying any delivery or transfer shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not more than $1,000, or imprisoned not more than six months, or both.

(3) *Insurance policies.* Any person to or for whom or in whose name any insurance policy or other instrument referred to in section 1804 is issued, or any solicitor or broker acting for or on behalf of such person in the procurement of any such policy or other instrument, shall affix the proper stamps to such policy or other instrument, and for failure to affix such stamps with intent to evade the tax shall, in addition to other penalties provided therefor, pay a fine of double the amount of the tax.

• • • • • •

SEC. 1822. USE OF UNCANCELED STAMPS.

Whoever makes use of any adhesive stamp to denote any tax imposed by this chapter without canceling or obliterating such stamp as prescribed in section 1816, is guilty of a misdemeanor and upon conviction thereof shall pay a fine of not more than $100 for each offense.

SEC. 1823. FRAUDS RELATING TO STAMPS.

Whoever—

(a) *Mutilation or removal.* Fraudulently cuts, tears, or removes from any vellum, parchment, paper, instrument, writing, package, or article, upon which any tax is imposed by this chapter, any adhesive stamp or the impression of any stamp, die, plate, or other article provided, made, or used in pursuance of this chapter;

(b) *Use of mutilated, insufficient, and counterfeit stamps.* Fraudulently uses, joins, fixes, or places to, with, or upon any vellum, parchment, paper, instrument, writing, package, or article, upon which any tax is imposed by this chapter, (1) any adhesive stamp, or the impression of any stamp, die, plate, or other article, which has been cut, torn, or removed from any other vellum, parchment, paper, instrument, writing, package, or article, upon which any tax is imposed by this chapter; or (2) any adhesive stamp or the impression of any stamp, die, plate, or other article of insufficient value; or (3) any forged or counterfeited stamp, or the impression of any forged or counterfeited stamp, die, plate, or other article;

(c) *Reuse of stamps.*

(1) *Preparation for reuse.* Willfully removes, or alters the cancellation or defacing marks of, or otherwise prepares, any adhesive stamp, with intent to use, or cause the same to be used, after it has already been used;

(2) *Trafficking.* Knowingly or willfully buys, sells, offers for sale, or gives away, any such washed or restored stamp to any person for use, or knowingly uses the same; or

(3) *Possession.* Knowingly and without lawful excuse (the burden of proof of such excuse being on the accused) has in possession any washed, restored, or altered stamp, which has been removed from any vellum, parchment, paper, instrument, writing, package, or article;

shall, upon conviction, be punished by a fine of not more than $1,000, or by imprisonment for not more than five years, or both, and any such reused, canceled, or counterfeit stamp and the vellum, parchment, document, paper, package, or article upon which it is placed or impressed shall be forfeited to the United States.

SEC. 3793. PENALTIES AND FORFEITURES.

• • • • • •

(b) *Fraudulent returns, affidavits, and claims.*

(1) *Assistance in preparation or presentation.* Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under, the internal revenue laws, of a false or fraudulent return, affidavit, claim, or document, shall (whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document) be guilty of a felony, and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(2) *Person defined.* The term "person" as used in this subsection includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

AUTHORITY FOR REGULATIONS

SEC. 3791. RULES AND REGULATIONS.

(a) *Authorization.*

(1) *In general.* Except as provided in section 1928 (a), Cotton Futures, section 2599, Marihuana, section 2559, Narcotics, section 3176, Liquor, and section 1805, Silver, the Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this title.

(2) *In case of change in law.* The Commissioner may make all such regulations, not otherwise provided for, as may have become necessary by reason of any alteration of law in relation to internal revenue.

(b) *Retroactivity of regulations or rulings.* The Secretary, or the Commissioner with the approval of the Secretary, may prescribe the extent, if any, to which any ruling, regulation, or Treasury Decision, relating to the internal revenue laws, shall be applied without retroactive effect.

§ 113.162 *Promulgation of regulations.* In pursuance of the provisions of the law, the foregoing regulations are hereby prescribed, and Regulations 71, approved July 16, 1932, as amended (Part 113, Title 26, Code of Federal Regulations), as made applicable to the Internal Revenue Code (53 Stat., Part 1) by Treasury Decision 4885, approved February 11, 1939, are hereby superseded.*

[Docket No. A-1094]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8

An original petition, as amended, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 328.11 (*Alphabetical list of code members*) is amended by adding thereto supplement R-II, § 328.21 (*Alphabetical list of code members*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No price classifications and no minimum prices are established herein for the coals of the Sizemore Mine of Frank Sizemore because the Division has received no code acceptance from this producer.

Freight Origin Group 250 has been assigned to the coals of the Fleming and McReynolds Mine (Mine Index No. 2240) of Alfred Fleming and Z. B. McReynolds in place of Freight Origin Groups 50 and 30, as requested in the original petition, because it appears more advisable to create a new Freight Origin Group than to assign two Freight Origin Groups to one mine.

Norton, Virginia, has been assigned as the shipping point for the coals of Graham Bros. Mine (Mine Index No. 2690), of G. H. Patrick (M. C. A. D. Coal Company), instead of Esserville, Virginia, as requested by the original petition, because the Division is advised by the original petitioner that this former shipping point is desired, and the code acceptance of this member indicates Norton, Virginia, as the shipping point for this mine. The Freight Origin Group has been changed accordingly from 200, as listed in the original petition, to Freight Origin Group No. 205.

Barbourville, Kentucky, has been assigned as the shipping point for the coals of the Indian Mine (Mine Index No. 3717) of the Brush Creek Fuel Company (J. R. Ketcham) in place of Wilton, Kentucky, as requested in the original petition, because the Division is advised that no proper shipping facilities exist at Wilton, Kentucky, and the code acceptance of this member indicates Barbourville, Kentucky, as the shipping point for this mine.

No price classification and no minimum prices are established herein for the coals of the Hodge Mine (Mine Index No. 3603) of Osborn Mining Co. (Clifford J. Osborn) for rail shipment because the records of the Division indicate that prices were previously established for this mine for rail shipment in Docket A-795 under the name of Mine No. 2 of C. J. Osborn.

The Division is advised by the original

petitioner that the name of the Red Jacket No. 2 Mine (Mine Index No. 797) of J. L. McIntyre has been changed to Macks No. 2 Mine. Price classifications and minimum prices have been established accordingly for this mine under the name Macks No. 2 Mine.

The Division is advised by the owner that the name of the New Deal Mine (Mine Index No. 3712) of George M. Simpson, (New Deal Coal Co.) has been changed to Simpson Coal Co. Mine of George M. Simpson (Simpson Coal Co.). Price classifications and minimum prices have been established accordingly for this mine under the name Simpson Coal Co. Mine.

The original petition seeks price classification "E" in Size Group 4 for the coals of Mine Index No. 2457 of R. W. Johnson. This price classification is sought for the reason that the coals of this mine are represented to be analogous and comparable to the coals of the Premier Mine (Mine Index No. 377) of Consumers Mining Corporation, for which price classification "E" in Size Group 4 had been established temporarily in an Order in Docket A–355 dated February 20, 1941. Subsequent to the filing of the original petition in this docket, a final Order in Docket A–355 was issued on October 16, 1941 establishing permanent price classification "D" in Size Group 4 for the coals of the Premier Mine (Mine Index No. 377) of Consumers Mining Corporation.

Consequently, on the basis of the petitioner's representation that the coals of both aforementioned mines are analogous and comparable, price classification "D" in Size Group 4 for the Coals of Mine Index No. 2457 of R. W. Johnson is established herein in place of price classification "E" which was sought in the original petition.

Dated: November 5, 1941.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER OF CONSOLIDATION AND ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS PRODUCED BY CERTAIN MINES IN DISTRICT NO. 9 FOR TRUCK SHIPMENT AND IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS PRODUCED BY CERTAIN MINES IN DISTRICT NO. 9 FOR RAIL SHIPMENT

Original petitions having been duly filed with this Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9; and

It appearing to the Director that the above-entitled matters raise similar and related issues; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with this Division in the above-entitled matters: and

The Director deeming his action necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters be, and the same hereby are, consolidated.

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith § 329.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 329.24 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matters, and applications to stay, terminate, or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless the Director shall otherwise order.

No prices are established herein for the coals of the Embry Mine (Mine Index No. 747) of Purtle Embry, successor to Vernon Embry for Truck Shipment because Price Classifications and Effective Minimum Prices for Truck Shipment have been established previously for this mine in Docket No. A-349.

No prices are established herein for the coals of the Bracher Mine (Claude Embry) Mine Index No. 487 of Embry and Bracher successors to W. H. Bracher because Price Classifications and Effective Minimum Prices for Truck Shipment have been established previously for the coals of this mine in Supplement No. 2 to the Schedule of Effective Minimum Prices for District No. 9 for Truck Shipment.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING RELIEF IN THE MATTER OF THE PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 10 REQUESTING A PRELIMINARY AND PERMANENT ORDER FOR CHANGE OF DISTRICT NO. 11 PRICES FOR SHIPMENT INTO MARKET AREAS 49 AND 67

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 10. The petition requests revision of the effective minimum prices for the coals of District No. 11 for shipment into Market Areas 49 and 67. Petitions to intervene were filed by District Boards 11 and 12. The Consumers' Counsel Division filed a notice of appearance.

Pursuant to an Order of the Director, and after due notice to all interested persons, a hearing in this matter was held before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C.

The Examiner, on September 9, 1941, submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations, recommending that the relief requested herein be granted. He found that the relationship between the coals of Districts Nos. 10 and 11 in Market Areas 49 and 67 was out of line with that existing elsewhere, and that in order to preserve the existing fair competitive opportunities between the coals of these two districts in these market areas, it was necessary that the minimum prices of these coals f. o. b. the mine be changed so that the coals from these two districts deliver in these market areas in the same relationship as they do in Market Areas 29 and 41.

An opportunity was afforded to all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner and supporting briefs. No exceptions or supporting briefs have been filed.

The undersigned has determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That § 331.9 (*Adjustments in f. o. b. mine prices*) and § 331.8 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 11 for All Shipments Except Truck should be amended as follows:

(a) Establish Market Area No. 49 in Price Table No. 5 (subject to price instructions and exceptions and to adjustments in f. o. b. mine prices as shown in § 331.9 (*Adjustments in f. o. b. mine prices*) in the annexed supplement R-I) in § 331.8 (*General prices*) in the said schedule.

(b) Establish Market Area No. 67 in Price Table No. 6 (subject to price instructions and exceptions and to adjustments in f. o. b. mine prices as shown in the § 331.9 (*Adjustments in f. o. b. mine prices*) in the annexed supplement R-II) in § 331.8 (*General prices*) in the said schedule.

It is further ordered, That the prayers for relief contained in the petition herein be, and they hereby are granted to the extent set forth above, and in all other respects denied.

Dated: October 22, 1941.

Part 331—Minimum Price Schedule, District No. 11

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 11, FOR TRUCK SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 11, for truck shipments; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming his action necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 331.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: October 31, 1941.

[Docket No. A–513]

Part 334—Minimum Price Schedule, District No. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF KEENER MINING COMPANY, A PRODUCER IN DISTRICT NO. 14, FOR THE ASSIGNMENT OF MINIMUM PRICES

This is a matter instituted upon an original petition filed on December 21, 1940 with the Bituminous Coal Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by the Keener Mining Company, a code member producer in District 14. Petition requests the establishment of effective minimum prices for the coals of its Keener No. 3 mine (Mine Index No. 213) when shipped by rail or truck to all market areas.

On January 31, 1941, 6 F.R. 924, an Order of the Director granted temporary relief and conditionally provided for final relief, and consolidated these proceedings with those in Dockets Nos. A–409 and A–512.

District Board 14 filed a petition of intervention seeking to terminate the temporary relief granted as to the coals produced at Mine Index No. 213.[1]

On June 27, 1941, an Order of the Director was issued severing Docket No. A–513 from Dockets Nos. A–409 and A–512. Pursuant to said Order, a hearing was held in this matter on July 30, 1941 and August 1, 1941 before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were entered by the petitioner and District Board 14.

The preparation and filing of a report by the examiner was waived, and the matter was thereupon submitted to the undersigned.

The Keener Mining Company, a corporation, operates Keener Mine No. 3 (Mine Index No. 213) near Bokoshe, Oklahoma. The coals of the Keener Mine No. 3 are mined by the slope system and are then shipped over the Fort Smith and Van Buren Railroad. Although no truck shipments have as yet been made, coals can be trucked over a nearby state highway. Operation of the mine was begun about November 1940, and since then about 2,365 tons of coal have been produced, chiefly for use as railroad fuel.

Uncontroverted evidence was introduced by Frank Gunther, a representative of District Board 14, that the effective minimum prices requested in the amended petition reflect the relative market value of the Keener Mine No. 3 coals and will afford them a reasonable opportunity to compete on a fair basis with comparable coals.

Accordingly, the undersigned finds and concludes that the establishment of such effective minimum prices as set forth in supplements "R" and "T" effectuate the purpose of section 4 II (a) and 4 II (b) of the Act, and that the prices as set forth comply with all the standards thereof.

Now, therefore, it is ordered, That commencing forthwith § 334.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: October 30, 1941.

[SEAL] H. A. Gray,
Director.

[1] At the hearing and by an amendment to the original petition filed on August 9, 1941, petitioner changed the requested effective minimum prices as to certain sizes. Thereupon, District Board 14 withdrew its petition of intervention and supported the petition, as amended.

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals produced at certain mines in District No. 15; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 335.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 5, 1941.

[SEAL] H. A. GRAY, *Director*.

PART 342—MINIMUM PRICE SCHEDULE, DISTRICT NO. 22

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 22 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 22

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 22; and

The Director finding that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The Director deeming that this action is necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 342.4 (*Code member price index*) is amended by adding thereto supplement T–I, and § 342.21 (*General prices*) is amended by adding thereto supplement T–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted, may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 7, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[Amendment No. 113]

AMENDING THE REGULATIONS WITH RELATION TO THE EMPLOYMENT OF OFFICE ASSISTANTS FOR LOCAL BOARDS.

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, I hereby amend, effective February 1, 1942, the Selective Service Regulations, Volume Five, Section XL,[1] by deleting Paragraph 517 thereof and substituting therefor the following:

517. *Office assistants, local boards: Employment of.* (a) Local board employees must be employed under civil service laws and civil service rules and regulations. They are not, however, subject to the provisions of the Classification Act of 1923, which provides for the classification grades and pay scale for certain civilian positions. They are neither given classification grades nor is their compensation fixed or governed by the provisions of that Act. Each local board shall by a majority vote determine the individuals to be employed, and the chairman of the local board shall act as the appointing officer. Each local board may by a majority vote designate one of its employees as the clerk of the local board.

(b) The number of persons employed by each local board on a full-time, temporary, part-time, or intermittent basis and the rates of compensation to be paid shall be fixed by the State Director of Selective Service in accordance with instructions given and limitations imposed by the Director of Selective Service. Before fixing the rates of compensation to be paid to employees of a local board, the State Director of Selective Service should determine the rates being paid in the same community for the same or similar services, and the rates of compensation fixed by him should not exceed that amount.

(c) Each local board may employ, in the manner provided by the civil service laws and civil service rules and regulations (see Section XLIV, Volume Five, Selective Service Regulations), the number of persons authorized by the State Director of Selective Service at rates of compensation not exceeding those fixed by the State Director of Selective Service. All persons employed by the local board must be citizens of the United States, loyal, of good character and habits, and have good records in previous employments. They must be able to meet the physical standards required by the United States Civil Service Commission for their respective positions. All clerical employees of every local board must possess the following minimum qualifications: Training equivalent to that represented by graduation from high school, at least 1 year's successful experience in clerical work, ability to type accurately, ability to handle the records and paper work involved in classification, and mental alertness.

(d) Before any compensation is paid to any local board employee or before any local board employee's rate of compensation is changed, a report must be executed, in quintuplicate, by the local board on Report of Employment, Separation, or Status Change for Local Board Employee (Form 250) and shall be distributed as follows: The original and all four copies shall be forwarded to the State Director of Selective Service, who, if he approves the employment or change of status, will endorse his approval on the original and each of the four copies, forward the original and one copy to the manager of the appropriate civil service district, two copies to the local board, and retain one copy in his files; the local board shall attach one copy to the next pay roll affected and retain one copy in its files; the manager of the civil service district will forward the original to the Director of Selective Service.

(e) When the local board finds that the employment of any clerk or other employee of the local board unnecessary or the rate of compensation excessive, it shall be the duty of the local board to discontinue such employment or to reduce such compensation.

(f) When the State Director of Selective Service or the Director of Selective Service finds the employment of any clerk or other employee of a local board unnecessary or the rate of compensation excessive, it shall be his duty to order the discontinuance of such employment or the reduction of such compensation.

(g) The State Director of Selective Service or the Director of Selective Service, when he deems it to be in the best interest of the Selective Service System, may authorize the joint employment of an individual by two or more local boards.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

[Amendment No. 1, Price Schedule No. 33]

PART 1307—RAW MATERIALS FOR COTTON TEXTILES

PRICE SCHEDULE FOR CARDED COTTON YARN

Price Schedule No. 33 is hereby amended in the following respects:

A. Section 1307.53, *Evasion,*[1] is amended to read as follows:

§ 1307.53 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of carded cotton yarn, alone, or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) No price agreed upon in any contract shall be changed by amendment of such contract, by substitution therefor of a new contract, or otherwise (whether or not such change is made pursuant to the terms of the original contract) if the change so effected results in an agreed price in excess of the maximum price applicable under § 1607.60 hereof, in accordance with the date the original contract was made, to the original contract or to deliveries pursuant thereto.[2]

B. Section 1307.60 (b) (3)[3] is amended to read as follows:

§ 1307.60 *Appendix A, maximum prices for carded cotton yarns.*

* * * * * *

(b) * * *

(3) *Delivery or transfer.*[4] By the cotton spot price of the business day immediately preceding that on which the sale or contract of sale is made, regardless of any change in the cotton spot price subsequent thereto, except that, when the sale or contract of sale was made on or before July 20, 1941, the applicable maximum price shall be determined on the basis of a cotton spot price of 15.99 cents per pound.

* * * * * *

C. That portion of this amendment designated as A shall become effective November 27, 1941.

That portion of this amendment designated as B shall be effective as of October 6, 1941.

(Executive Orders Nos. 8734, 8875, 6 F.R., 1917, 4483)

Issued this 26th day of November 1941.

[Amendment No. 1, Price Schedule No. 35]

PART 1316—COTTON TEXTILES

PRICE SCHEDULE FOR CARDED GREY AND COLORED-YARN COTTON GOODS

Price Schedule No. 35[1] is hereby amended in the following respects:

A. Section 1316.53, *Evasion,* is amended to read as follows:

§ 1316.53 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of cotton goods, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) No price agreed upon in any contract shall be changed by amendment of such contract, by substitution therefor of a new contract, or otherwise (whether or not such change is made pursuant to the terms of the original contract) if the change so effected results in an agreed price in excess of the maximum price applicable under § 1316.61 hereof, in accordance with the date the original contract was made, to the original contract or to deliveries pursuant thereto.[2]

B. Section 1316.55, *Details Required in Contract of Sale and Invoice,* is amended by striking the word "off-loom" wherever it appears.

C. The three unnumbered paragraphs of § 1316.61 under the caption, *Arrangement of the Appendix,* are amended to read as follows:

§ 1316.61 *Appendix A, maximum prices for cotton goods.*

Paragraph (a) contains, in summary form, the maximum prices, as established prior to October 21, 1941, and certain premiums allowable for the types of cotton goods theretofore subject to Price Schedule No. 11, but on and after that date subject to this Schedule. The maximum prices set forth in paragraph (a) are applicable to such types of goods only when they are delivered pursuant to a sale or contract of sale entered into prior to the above-mentioned date; otherwise such goods are subject to the prices appearing in paragraph (b).

Paragraph (b) contains maximum prices for all cotton goods subject to this Schedule. As qualified by paragraph (c), these maximum prices are applicable to all transactions except those subject to paragraph (a).

Paragraph (c) sets forth the conditions under which, in addition to the otherwise applicable maximum prices as found in paragraphs (a) and (b), premiums may be paid for (1) cotton goods made to special physical requirements established by the buyer, (2) cotton goods of demonstrably superior quality, and (3) window-shade cloth.

* * * * * *

D. Paragraph (a) of § 1316.61 is amended by adding thereto, following the second unnumbered paragraph thereof, the following:

In addition to the maximum prices set forth in the table immediately below, the following premiums may be charged:

[1] 6 F.R. 5335.

[2] Paragraph (b) is effective on and after November 27, 1941.

[3] 6 F.R. 5092.

[4] This method of determining the maximum price shall be used in connection with deliveries and transfers pursuant to sales or contracts of sale made before, as well as on or after, the applicable ceiling date.

[2] Paragraph (b) is effective on and after November 27, 1941.

(1) The premiums allowable under § 1316.61 (c) below.	
(2) For narrow print cloths:	*Cents per lb.*
Of widths:	
32¼" to 28½", inclusive	2
28¼" to 26", inclusive	3
25¾" to 24", inclusive	4
23¾" to 21", inclusive	5
(3) For print cloths with total thread count per square inch of 72 to 99, both inclusive	1½
(4) For high-count Class C sheetings:	
130 to 139, inclusive, total threads per square inch	1
140 to 159, inclusive, total threads per square inch	2½
160 and more total threads per square inch	4

Nothing herein contained shall authorize any of the above premiums to be charged in connection with any deliveries made before October 21, 1941.

E. Paragraph (b) (1) (iii) of § 1316.61 is amended to read as follows:

(iii) *Delivery or transfer.*[2] By the spot cotton price of the business day immediately preceding that on which the sale or contract of sale is made, regardless of any change in the spot cotton price subsequent thereto, except that, where the sale or contract of sale was made on or before July 20, 1941, the applicable maximum price shall be determined on the basis of a spot cotton price of 15.99 cents per pound.

F. Tables III and III–A of paragraph (b) (4) of § 1316.61 are amended by substituting for the word "Osnaburg," under the heading "Type and Class of Cloth," the words "Part-waste Osnaburgs," and by striking from Table III–A the third column, entitled "Thread Count (total threads per square inch—all numbers inclusive)."

G. Footnote 1 to Table V of paragraph (b) (4) of § 1316.61 is amended to read as follows:

[1] The maximum prices set forth herein are for fabrics 36 or more inches in width. The maximum price for a fabric of any lesser width shall be that price which stands in the same relation to the applicable price set forth herein (i. e., for the same cloth of 36-inch width) as does its width to 36 inches.

Maximum prices for cloths of weights other than those listed herein (for the same type of cloth) shall be determined, in proportion to weight, from the maximum price for the cloth of that type and of the nearest weight.

H. Paragraph (c) (1) of § 1316.61 is amended to read as follows:

(1) In addition to the maximum prices set forth in paragraphs (a) and (b) a premium may be demanded, charged, paid or accepted for cotton goods (other than window-shade cloth) made pursuant to specifications furnished by the buyer establishing special physical requirements which cannot be met by the same goods of commercial quality: *Provided*, That, except in accordance with permission granted under § 1316.61 (c) (3):

(i) The premium shall not exceed the highest differential in price charged (in cents over the then prevailing market price of the same goods of commercial quality) by the seller for goods of the same specifications during the 12 months immediately prior to June, 1941, or, if no such goods have been sold by the seller during that period, 5 percent of the otherwise applicable maximum price;

(ii) No premium shall be charged hereunder, unless the specifications to which the goods are made were issued by the buyer prior to July 21, 1941.

I. Paragraph (c) (3) of § 1316.61 is amended to read as follows:

(3) Application may be made by any buyer, or, where goods have been sold but not delivered prior to the applicable ceiling date, by any seller, to the Office of Price Administration for permission to pay or accept, in addition to the maximum prices appearing in paragraphs (a) or (b), a premium for (i) cotton goods made to such buyer's specifications issued on or after July 21, 1941; (ii) specification goods of a kind not manufactured by a seller during the 12 months immediately prior to June 1941, and for which the buyer considers it fair to pay such seller a premium of more than 5 per cent over the otherwise applicable maximum price; (iii) specification goods of a kind manufactured and sold by a seller during the 12 months immediately prior to June 1941 under such circumstances that the highest differential in price charged (in cents over the then prevailing market price of the same goods of commercial quality) by such seller during said 12-month period does not represent a fair and equitable return for the additional manufacturing cost entailed in meeting the specifications for such goods; (iv) cotton goods of a quality demonstrably superior to that of the same goods of staple commercial grade; or (v) window-shade cloth. Such application shall state in detail (i) the specifications, if any, to which the goods are made; (ii) the use to which the goods are to be put; (iii) the reasons, if any, why goods of staple commercial quality would not be satisfactory for such use; and (iv) the person or persons, if any, from whom the goods were purchased and the premiums, if any, paid (in cents over the prevailing market prices of the same goods of commercial quality) for such goods during the 3 years preceding the application. Upon receipt of any such application the Office of Price Administration will permit any person affected by such application to file a written statement setting forth facts pertinent to the issue of whether permission to pay a premium should be granted, and if so, in what amount; and will conduct such further investigation as it deems necessary and proper. No permission will be granted hereunder unless it is shown that it is essential to the buyer's business to obtain goods of the type for which he seeks to pay a premium and that the seller is entitled to receive a premium for such goods, and unless the Administrator finds that production of such goods would not be inconsistent with the interests of national defense. Permission granted to any buyer or to any seller hereunder will constitute authority for the other to accept or pay, as the case may be, the premium approved therein. In granting any permission hereunder the Office of Price Administration will require appropriate reports to be filed by the buyer and seller.

J. Those portions of this amendment designated as B, C, D, E, F, G, H, and I shall be effective as of October 21, 1941.

That portion of this amendment designated as A shall become effective November 27, 1941.

[2] Except as provided in paragraph (a), this method of determining the maximum price shall be used in connection with deliveries and transfers pursuant to sales or contracts of sale made before, as well as on or after, the applicable ceiling date.

[3] Sales under "open-price" contracts, pursuant to which the price is to be determined as of a date subsequent to that on which the contract is entered into, are permissible hereunder, provided that the contract (1) specifies the quantity of goods to be delivered and (2) fixes the exact date upon which the price is to be settled. In connection with such contracts the date on which the price is settled shall be regarded, for purposes of paragraph (b), as the day on which the sale or contract of sale is made.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A–1079]

PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 10 FOR RAIL SHIPMENT

MEMORANDUM OPINION AND ORDER GRANTING IN PART TEMPORARY RELIEF

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was filed with this Division in the above-entitled docket by District Board 10, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for certain coals produced in District 10 for rail shipment. These coals are produced at a number of mines heretofore classified and priced only for truck shipment. The petition sets forth that these mines will, if relief is granted, load their coals for rail shipment from facilities at Marion, Illinois, maintained by the McLaren Fuel Company in conjunction with a preparation plant which it is erecting at that point; and that coals of these mines with a top size of 2" or less will be prepared at this plant.

The original petition did not contain sufficient facts to warrant the granting of either temporary or permanent relief without a hearing, and the matter was consequently set down for hearing on November 24, 1941, by a Notice of and Order for hearing dated October 20, 1941. Subsequently, District Board 10 filed a motion for immediate temporary relief, setting forth certain additional facts. It is now alleged that screenings currently stored on the ground of the mines for which relief is prayed are deteriorating due to weather conditions, and are commencing to heat, and that unless temporary relief is granted the mines will be unable to find an outlet for these coals.

No petitions of intervention have been filed in this matter.

It now appears that there is an urgent need for temporary relief in advance of a hearing, and that the granting of such relief will not unduly prejudice the interests of other parties.

Now, therefore, it is ordered, That a reasonable showing of necessity having been made, temporary relief in the above-entitled matter is hereby granted as follows: Commencing forthwith the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck is supplemented temporarily by including the price classifications and minimum prices set forth in the Schedule marked "Temporary supplement R", annexed hereto and hereby made a part hereof.

Notice is hereby given that applications to stay, modify or terminate the temporary relief granted in this Order may be

filed in accordance with the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

The temporary relief herein granted is not to be construed as in any way constituting a ruling, or expression of the Director's opinion, concerning the propriety of any arrangements which may be undertaken in connection with the preparation or marketing of the coals in question. Rail shipments made pursuant to the relief herein granted must, of course, be reported in accordance with the requirements of the Marketing Rules and Regulations and outstanding orders of the Division.

Nothing herein shall be taken as an expression of the views of the Director concerning the final disposition of this proceeding.

Dated: November 4, 1941.

PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

[Docket No. A-1057, Part II]

PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE MIXING OF THE COALS OF MINE INDEX NOS. 890 AND 891, FOR THE ESTABLISHMENT OF AN ADDITIONAL RAIL LOADING POINT FOR THE COALS OF MINE INDEX NO. 1471 AND FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 2812, 885, 774 AND 894 IN DISTRICT NO. 1 FOR ALL SHIPMENTS EXCEPT TRUCK

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1057 PART II FROM DOCKET NO. A-1057, GRANTING, IN PART, TEMPORARY RELIEF IN DOCKET NO. A-1057 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1057 PART II

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was filed with this Division in Docket No. A-1057, requesting the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

As indicated in an Order issued in Docket No. A-1057, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner, except with respect to the establishment of price classifications and minimum prices for the mixing of the coals of Mine Index Nos. 890 and 891, the establishment of an additional rail loading point for the coals of Mine Index No. 1471 and the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 2812, 885, 774 and 894, for all shipments except truck.

While it appears that a reasonable showing of necessity has been made for the granting of temporary relief in the form of price classifications and minimum prices for the coals of Mine Index Nos. 2812, 885, 774 and 894, for all shipments except truck, as prayed for by the petitioner, the Director is of the opinion that the original petitioner has not set forth sufficient facts to warrant the establishment of price classifications and minimum prices, without a hearing, for the mixing of the coals of Mine Index Nos. 890 and 891, or for the establishment of an additional rail loading point for the coals of Mine Index No. 1471, for all shipments except truck.

Now, therefore, it is ordered, That the portion of Docket No. A-1057 relating to the establishment of price classifications and minimum prices for the mixing of the coals of Mine Index Nos. 890 and 891, for the establishment of an additional rail loading point for the coals of Mine Index No. 1471, and for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 2812, 885, 774, and 894, in District No. 1, for all shipments except truck.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1, for All Shipments Except Truck, is supplemented to include the price classifications and minimum prices set forth in the temporary supplement annexed hereto and hereby made a part hereof.

Notice is hereby given that applications to stay, terminate or modify the temporary relief granted herein may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: October 20, 1941.

[SEAL] H. A. GRAY, *Director.*

relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 12, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the mixing of the coals of Mine Index Nos. 890 and 891, for the establishment of an additional rail loading point for the coals of Mine Index No. 1471, and for the establishment of price classifications and minimum prices for the coals of Mine Index Nos. 2812, 885, 774 and 894, for all shipments except truck, bc. and it hereby is, severed from the remainder of Docket No. A-1057 and designated as Docket No. A-1057 Part II.

It is further ordered, That a hearing in Docket No. A-1057 Part II under the applicable provisions of said Act and the rules of the Division be held on November 17, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, setting forth the facts on the basis of which the

[Docket No. B-129]

IN THE MATTER OF R. B. MORPHEW, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 24, 1941, pursuant to the provisions of sections 4 II(j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 29, 1941, by Bituminous Coal Producers Board for District 13, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 16, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Tutwiler Hotel, Birmingham, Alabama.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, R. B. Morphew, of Natural Bridge, Alabama, whose code membership became effective as of September 27, 1939, operator of the Oak Leaf Mine, Mine Index No. 139, located in Subdistrict 2 of District No. 13, Winston County, Alabama, during the month of July 1941, sold to J. O. Springer, trading as the Sheffield Coal Company, Sheffield, Alabama, substantial quantities of mine run and steam (1½ x 0") bituminous coal produced at said mine at $2.25 per net ton f. o. b. the mine for said mine run coal and $1.25 per net ton f. o. b. said mine for said steam coal. The run of mine coal referred to hereinabove was classified as Size Group No. 13 as set forth in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipment and priced at $2.90 per net ton f. o. b. the mine; and the 1½" x 0 steam coal referred to hereinabove was classified as Size Group No. 23 as set forth in the said Schedule and priced at $2.20 per net ton f. o. b. the mine, therefore, the above transactions constituted sales of bituminous coal below the minimum price established therefor in violation of section 4 Part II (e) of the Act and Part II (e) of the Code.

[Docket No. B-64]

IN THE MATTER OF LEFT FORK FUEL COMPANY, INCORPORATED, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 2, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 7, 1941, by Bituminous Coal Producers Board for District 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Daniel Boone Hotel, Charleston, West Virginia.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant whose address is East Lynn, West Virginia, of the Bituminous Coal Code or Rules and Regulations thereunder as follows: section 4 II (c) of the Act and Part II (e) of the Code by selling and delivering during May and June, 1941, to the Ann Arbor Railroad Company, Norman B. Petcairn and Frank C. Nicodemus, Jr., Receivers, for use as railway locomotive fuel, approximately 450 tons of Size Group 7 or 5" x 2" egg coal produced by the defendant at the defendant's mine located in Wayne County, West Virginia and designated as Mine Index No. 2431, at a price of $1.85 per net ton f. o. b. said mine, the effective minimum price established for this grade of coal at the time of sale being $2.30 per net ton f. o. b. said mine.

IN THE MATTER OF BEN SHELTON, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 16, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 24, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Daniel Boone Hotel, Charleston, West Virginia;

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to Sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: By selling on or about November 13, 1940, to County of Nicholas, West Virginia, approximately 4 tons of High Volatile Mine Run Coal, Size Group 6, produced at defendant's mine, Mine Index No. 1462, District No. 8, at a price of $2.20 per net ton delivered to the County Court House, Summersville, West Virginia, whereas the applicable minimum price established for such coal is $2.20 per net ton f. o. b. the mine as contained in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, plus an amount at least equal, as nearly as practicable, to the actual transportation charge of approximately 15 cents per net ton incurred by the defendant in transporting such coal from said mine to the County Court House, Summersville, West Virginia.

[Docket No. B-22]

IN THE MATTER OF NINA C. ENGLER, AN INDIVIDUAL, DOING BUSINESS AS ENGLER COAL AND COKE COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 2774, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") to determine:

(a) Whether or not Nina C. Engler, an individual doing business as Engler Coal and Coke Company, a registered distributor, Registration No. 2774, whose address is 503 Omaha Loan Building, 15th and Dodge Street, Omaha, Nebraska, has violated any of the provisions of the Act, the Marketing Rules and Regulations, the Rules and Regulations for Registration of Distributors and the Distributor's Agreement (the "Agreement"), executed on December 16, 1940, by respondent, pursuant to the Order of the Division dated June 19, 1940, in General Docket No. 12; and

(b) Whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. Respondent, acting in the capacity of subsales agent, pursuant to a subsales agency agreement filed with the Division December 11, 1940, with Ed Sweeney (doing business as Tripple "C" Coal Company), code member principal, operating the Sweeney Mine, Mine Index No. 188, located in La Flore County, Oklahoma, in District No. 14, during the period from January 2, 1941, to January 21, 1941, both dates inclusive, sold on behalf of said code member approximately 44.20 net tons of 2½" lump coal produced at the aforesaid mine, to the Crescent Coal Company, Omaha, Nebraska, approximately 43.70 net tons of 2½" lump coal produced at the aforesaid mine, to the American Coal Company, Omaha, Nebraska, and approximately 43.75 net tons of coal produced at the aforesaid mine to the Aksarben Coal Company, Omaha, Nebraska. Respondent accepted and retained commissions on the above transactions in addition to the 9 per cent commission stipulated in said agreement as follows: 15 cents per net ton on the coal sold to the Crescent Coal Company, and 10 cents per net ton on the coal sold to the American Coal Company and the Aksarben Coal Company. The excessive commissions were paid to respondent by said code member, although a certified copy of an agreement modifying the stipulated commission in said sales agency agreement was not filed with the Division as required by Rule 4 (B) of section II of the Marketing Rules and Regulations, and the excessive commissions were, therefore, paid in violation of Rule 9 (a) of section II of the Marketing Rules and Regulations. Respondent, in accepting and retaining said excessive commissions, participated in a violation of Rule 9 (a) of section II of the Marketing Rules and Regulations, and thereby violated paragraph (e) of the agreement referred to in paragraph 1 (a) hereof.

It is therefore ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the reg-

istration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on January 14, 1942, at 10 a. m. at the County Court Room, Omaha, Nebraska.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or by adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the charges and to have consented to the entry of an appropriate order on the basis of the facts.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: November 22, 1941.

[Docket No. B-56]

IN THE MATTER OF JOHN B. RAVIZZA, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 6, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 19, 1941, by Bituminous Coal Producers' Board for District No. 19, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 23, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Rawlins, Wyoming.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, John B. Ravizza, of 437 State Street, Rawlins, Wyoming, during the period October 3, 1940, to January 28, 1941, sold approximately 266 tons of slack coal, Size Groups 15 and 16 produced at his Pine Bed Mine (Mine Index No. 181) located in Carbon County, Wyoming, District No. 19, to the Wyoming State Penitentiary at Rawlins, Wyoming, at a price of $1.25 per ton f. o. b. the mine for truck delivery whereas the effective minimum price for said coal was $1.50 per ton f. o. b. the mine less one cent per ton as set forth in the Schedule of Effective Minimum Prices for District No. 19 for Truck Shipments, and Price Instruction and Exception No. 12 as contained in said Schedule.

Dated: November 22, 1941.

[Docket No. B-79]

IN THE MATTER OF WHITELEY & BUCKALEW, INC., REGISTERED DISTRIBUTOR, REGISTRATION NO. 9675, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary, in the proper administration of the Bituminous Coal Act of 1937, (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine

(a) whether or not Whiteley & Buckalew, Inc., Registered Distributor, Registration No. 9675, whose address is 19 Rector Street, New York, New York, the respondent in the above-entitled matter, has violated any provisions of the Act, the Code, any orders or regulations of the Division, including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, and the Distributor's Agreement (the "Agreement") executed July 25, 1940, by the respondent, pursuant to Order of the Bituminous Coal Division, dated June 19, 1940, in General Docket No. 12; and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

and for said purposes gives notice that the Division has information to the effect that

2. Respondent, Whiteley & Buckalew, Inc., is a corporation incorporated in the State of New York in the year 1936.

3. Respondent, acting in the capacity of sub-sales agent, pursuant to an agreement dated October 2, 1940, and modified on April 2, 1941, with the Pursglove Coal Mining Company, code member principal, operating The Pursglove No. 2 and Pursglove No. 15 Mines, Mine Index Nos. 120, and 119-121 respectively, located in Monongalia County, West Virginia, in District No. 3, during the period from October 9, 1940, to August 12, 1941, both dates inclusive, sold in behalf of said code member, 53 cars or approximately 2,510.99 net tons of various sizes of coal produced at the aforesaid mines. Respondent accepted and retained commissions in the aggregate amount of $593.30 on said transactions, which amount was $228.45 in excess of $364.85, the aggregate amount of the commissions to which respondent was entitled on said transactions as stipulated in the sales agency agreement. Respondent in accepting and retaining said excessive commissions participated in transactions in violation of Rule 9 (a) of section II of the Marketing Rules and Regulations and thereby violated paragraph (e) of the Agreement referred to in paragraph 1 (a) hereof.

4. Respondent acting in the capacity of sales agent, pursuant to an agreement dated September 30, 1940, with Reitz Coal Company, code member principal, operating the Reitz No. 2, Reitz No. 4, Reitz No. 5 and Reitz No. 8 Mines, Mine Index Nos. 420, 423, 424 and 425, respectively, located in Somerset County, Pennsylvania, in District No. 1, during the period from October 30, 1940, to August 8, 1941, both dates inclusive, sold in behalf of said code member 32 cars or approximately 1639.95 net tons of various sizes of coal produced at the aforesaid mines. Respondent accepted and retained commissions in the aggregate amount of $489.45 on said transactions, which amount was $229.14 in excess of $260.31, the aggregate amount of the commissions to which Respondent was entitled on said transactions as stipulated in the sales agency agreement. Respondent in accepting and retaining said excessive commissions, participated in transactions in violation of Rule 9 (a) of section II of the Marketing Rules and Regulations, and thereby violated paragraph (e) of the Agreement referred to in paragraph 1 (a) hereof.

5. Respondent acting in the capacity of sales agent, pursuant to an agreement dated October 1, 1940, with Canyon Coal & Coke Company, code member principal, operating the Canyon Coal & Coke Co. Mine, Mine Index No. 32, located in Monongalia County, West Virginia, in District No. 3, during the period from January 6, 1941, to January 20, 1941, both dates inclusive, sold in behalf of said code member 3 cars or approximately 141.05 net tons of 1¼" x ⅝" pea coal, Size Group No. 5, produced at the aforesaid mine. Respondent accepted and retained commissions in the aggregate amount of $35.26 on said transactions, which amount was $7.05 in excess of $28.21, the aggregate amount of the commissions to which Respondent was entitled on said transactions as stipulated in the sales agency agreement between Respondent and said code member. Respondent in accepting and retaining said excessive commissions participated in transactions in violation of Rule 9 (a) of section II of the Marketing Rules and Regulations and thereby violated paragraph (e) of the Agreement referred to in paragraph 1 (a) hereof.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on January 13, 1942, at 10 a. m. in a hearing room of the Bituminous Coal Division at Room D, Washington Hotel, Washington, D. C.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: November 22, 1941.

IN THE MATTER OF AUSTIN GAP COAL CO., ALSO KNOWN AS AUSTIN GAP COAL CO., INC., CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 3, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 8, 1941, by Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 28, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Abingdon, Virginia.

It is further ordered, That Travis Williams or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an

appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, whose address is Dante, Virginia, sold coal produced at its Austin Gap Mine, Mine Index No. 2671, located near Dante, Russell County, Virginia, in Subdistrict 6 of District No. 8, as follows:

(a) on or about January 21, 1941, to Paul Warren, Bristol, Virginia, approximately 5 tons of lump over 2'' coal, Size Group 1, at an f. o. b. mine price of $2.15 per net ton for which the effective minimum f. o. b. mine price was $2.65 per net ton as shown in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

(b) on or about January 21, 1941, to Morris Freezer & Company, Wytheville, Virginia, approximately 6 tons of stoker coal, Size Group 5, at an f. o. b. mine price of $1.55 per net ton for which the effective minimum f. o. b. mine price was $2.15 per net ton.

IN THE MATTER OF A. E. WHITTINGTON, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 18, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 24, 1941, by Bituminous Coal Producers Board No. 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Daniel Boone Hotel, Charleston, W. Va.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.-123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, That answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, That the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, whose address is R. F. D. #5, Charleston, West Virginia, sold and delivered by truck on various dates between April 1, 1941, and May 1, 1941, to the Belle Alkali Company, Belle, West Virginia, coal produced at his Whittington Mine, (Mine Index No. 1428), located in Kanawha County, West Virginia, Subdistrict 4 of District No. 8, as follows:

(a) approximately 30 tons of High Volatile Size Group 6 or Straight Mine Run coal at a delivered price of $2.20 per net ton, whereas the effective minimum price for such coal for truck shipment was $2.20 per net ton f. o. b. the Whittington Mine plus at least the actual cost of transportation, being approximately twenty (20) cents per net ton, thereof to the Belle Alkali Company, Belle, West Virginia, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipment and Price Instruction 5 thereto as amended in Supplement No. 1 of said Schedule.

(b) approximately 6 tons of High Volatile Size Group 7 or 2'' and under slack coal at a delivered price of $1.65 per net ton, whereas the effective minimum price for such coal for truck shipment was $1.65 per net ton f. o. b. the Whittington Mine plus at least the actual cost of transportation, being approximately twenty (20) cents per net ton, thereof to the Belle Alkali Company, Belle, West Virginia, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipment and Price Instruction 5 thereto as amended in Supplement No. 1 of said Schedule.

Dated: November 22, 1941.

[Docket No. B-122]

IN THE MATTER OF BARNEY SANDERS, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 24, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 24, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 21, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Daniel Boone Hotel, Charleston, West Virginia.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, whose address is East Lynn, West Virginia, sold, delivered, and offered to sell on various dates between October 1, 1940, and December 1, 1940, to the Owens Illinois Glass Company of Huntington, West Virginia, approximately 640 tons of High Volatile Size Group 5 or nut 2'' and Under coal produced by the defendant in District 8 from the defendant's mine designated as Mine Index No. 2430 located in Wayne County, West Virginia, such sales, deliveries and offers to sell being at a price of $1.45 per net ton f. o. b. the said mine, all contrary to the provisions of the Bituminous Coal Act of 1937 establishing a minimum price for each such sale, delivery, and offer to sell of $1.85 per net ton f. o. b. the mine.

IN THE MATTER OF J. T. DANIELS, A CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated September 17, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on September 24, 1941, by Bituminous Coal Producers Board for District No. 8, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 19, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Federal Building, Cattlettsburg, Kentucky.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) that defendant, J. T. Daniels, whose address is Jettie, Kentucky, on or about July 17, July 18, and July 21, 1941, sold and delivered to Shelby Steam Coal Company, Shelbiana, Kentucky, approximately 18 tons of high volatile mine run coal produced at his Daniels Mine, Mine Index No. 646, located in Pike County, Kentucky in District No. 8, at a price of $2.00 per net ton f. o. b. railroad cars at Shelbiana, Kentucky, whereas the effective minimum price established for such coal was, and is, $2.10 per net ton f. o. b. the mine as contained in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, and the defendant failed to add to the applicable minimum f. o. b. mine price, an amount, equal as nearly as practicable to the actual transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation), from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser, as contained in Price Instruction No. 5 of supplement No. 1 to the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, the actual transportation charges from the defendant's mine to said railroad cars being approximately 15 cents per ton.

(b) The transactions set forth above in paragraph (a) are in violation of section 4 II (e) and (g) of the Act and Part II (e) and (g) of the Code.

Dated: Nov. 22, 1941.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–189]

IN THE MATTER OF STONEWALL ELECTRIC COMPANY, SHERIDAN COUNTY ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

Notice is hereby given that a supplemental declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Stonewall Electric Company, a subsidiary of Federal Light & Traction Company, a registered holding company; and

Notice is further given that any interested person may, not later than December 6, 1941, at 1:00 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said supplemental declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The Commission, under date of November 19, 1940, issued an order herein permitting the declarations to become effective and granting the applications of Stonewall Electric Company and Sheridan County Electric Company regarding the issue and sale by Stonewall Electric Company to the United States of America acting through the Rural Electrification Administration of promissory notes in the principal amount of $74,000, the proceeds to be used for the construction of rural electric transmission, distribution and service facilities in the counties of Johnson and Sheridan, Wyoming, and the execution of a lease and option purchase agreement by Stonewall Electric Company to Sheridan County Electric Company in respect of the said electric facilities to be constructed by Stonewall.

The subject supplemental declaration and/or application is filed as an amendment herein and contemplates the issuance by Stonewall Electric Company to the Rural Electrification Administration of an additional note in the amount of $4,700, the proceeds to be used by the company in completing the construction of said electric facilities.

By the Commission.

THE UNITED LIGHT AND POWER COMPANY, APPLICANT

NOTICE OF FILING OF RESPONDENTS' APPLICATION NO. 5 AND ORDER RECONVENING HEARING FOR PURPOSE OF CONSIDERING SAID APPLICATION NO. 5

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

The Commission having previously, by order entered in these proceedings on March 20, 1941, ordered among other things the dissolution of The United Light and Power Company; and the Commission having also by order entered in these proceedings on August 5, 1941, ordered among other things the disposition of the properties and assets of LaPorte Gas and Electric Company from its holding company system, and said order having provided that the respondents should make application to the Commission for the entry of such further orders as were necessary or appropriate for that purpose, and the Commission having reserved jurisdiction to enter such further orders as might be necessary or appropriate with respect to other matters in this proceeding;

Notice is hereby given that The United Light and Power Company (hereinafter referred to as Power), The United Light and Railways Company (Railways), Continental Gas & Electric Corporation (Continental), LaPorte Gas and Electric Company (LaPorte), Muscatine, Davenport and Clinton Bus Company (Interurban Bus Company), Iowa-Illinois Gas and Electric Company (Iowa-Illinois), United Power Manufacturing Company

(UPM), Cedar Rapids Gas Company (Cedar Rapids), Fort Dodge Gas and Electric Company (Fort Dodge), Iowa City Light and Power Company (Iowa City), Ottumwa Gas Company (Ottumwa), Moline-Rock Island Manufacturing Company (MRI), Peoples Light Company (Peoples Light), Peoples Power Company (Peoples Power), Tri-City Railway Company of Illinois (Tri-City Railway of Illinois), and Tri-City Railway Company of Iowa (Tri-City Railway of Iowa),[1] have filed on November 24, 1941, an application designated as "Application No. 5" pursuant to Sections 6, 7, 9, 10, 11, 12 (c), (d) and (f) of the Act and Rules U-42, U-43, U-44, U-45, U-46, Instruction 8C, and any other applicable sections of the Act or Rules thereunder, with respect to various proposed transactions hereinafter summarized as follows:

In effect the plan provides for the acquisition by a new operating company, to be known as the Iowa-Illinois Gas and Electric Company, of the physical assets of the directly owned operating subsidiaries (except LaPorte) of Power and of UPM., a subsidiary of Railways. This new company will be owned by Railways; it will assume the first lien consolidated mortgage bonds of Power and will become substituted as the mortgagor in place of Power. To finance this acquisition, Railways will acquire all the common stock from Iowa-Illinois. As a result of these transactions, Power will receive sufficient cash to retire, at prices not in excess of the principal amount plus accrued interest, all of its debentures. Upon consummation of all the transactions more particularly hereinafter set forth, Power will have as its remaining assets the common stock of Railways and some cash and will have outstanding only its preferred, Class A, and Class B common stocks.

The detailed transactions are more particularly summarized and set forth as follows:

(1) The sale by LaPorte of all its property and assets to non-affiliated interests; the liquidation of LaPorte; the deposit by Power with the Corporate Trustee under the First Lien and Consolidated Mortgage of all cash received on such liquidation; the application of a portion of the cash so deposited to the purchase or redemption of $1,256,600 principal amount of First Lien and Consolidated Mortgage Bonds, 5½% Series of 1924; and the release of the balance of the cash so deposited against the certification of unfunded additions to the properties of the First Lien Companies.

(2) The release of all outstanding securities of Mason City and Clear Lake Railroad Company from the lien of the First Lien and Consolidated Mortgage.

[1] Cedar Rapids, Fort Dodge, Iowa City, Ottumwa, MRI, Peoples Light, Peoples Power, Tri-City Railway of Illinois and Tri-City Railway of Iowa are sometimes collectively referred to herein as the "First Lien Companies". The First Lien Companies are wholly-owned subsidiaries of Power.

(3) The transfer by Tri-City Railway of Iowa of its interurban bus line interconnecting Muscatine, Davenport, and Clinton, Iowa; and the acquisition thereof by Interurban Bus Company and the issuance by that Company to Railways of 207 shares of Common Stock for $20,700.

(4) The transfer by Power to Railways, as a contribution to its paid-in surplus, of all the presently-outstanding Common Stock ($5,000) of Iowa-Illinois.

(5) The issuance by Iowa-Illinois to Railways of 80,000 shares of its Common Stock for $13,375,000, of which $8,000,000 will constitute capital and $5,375,000 paid-in surplus.

(6) The acquisition by Iowa-Illinois from Railways of all the then-outstanding securities and indebtedness of UPM owned by Railways and the issuance by Iowa-Illinois to Railways of 53,250 additional shares of Common Stock.

(7) The acquisition by Iowa-Illinois from Power of all outstanding securities and indebtedness of the First Lien Companies owned by Power at the time of such acquisition and the payment to Power of $13,375,000 and the assumption by Iowa-Illinois of $16,000,000 principal amount of First Lien and Consolidated Mortgage Bonds, consisting of $10,578,000 principal amount of 6% Bonds (noncallable until 1947) and $5,422,000 principal amount of 5½% Bonds.

(8) The liquidation of UPM and the First Lien Companies, involving the acquisition of the business, property, and assets and the assumption of the liabilities and contractual obligations of those companies by Iowa-Illinois.

(9) The execution by Iowa-Illinois of an Indenture supplemental to the First Lien and Consolidated Mortgage to evidence assumption of the mortgage by Iowa-Illinois; to specifically subject to the direct lien of the mortgage the physical properties acquired by Iowa-Illinois; to provide for a new series of bonds; to conform the mortgage to the Trust Indenture Act; and to otherwise modify and modernize the mortgage.

(10) The sale by Iowa-Illinois to the public or institutional investors of $6,000,000 principal amount of a new series of bonds to be issued under the First Lien and Consolidated Mortgage, as amended, to be known as First Mortgage Bonds, 3¼% Series due 1971, and the redemption of the $5,422,000 of 5½% First Lien and Consolidated Mortgage Bonds to be assumed by Iowa-Illinois.

(11) The transfer by Power to Railways as a contribution to the paid-in surplus of Railways of $479,000 principal amount of Debentures and $298,800 par amount of Prior Preferred Stock of Railways, $607,500 principal amount of Debentures and $184,800 par amount of Preferred Stock of Continental, all the outstanding Common Stock of The United Light and Power Service Company and certain miscellaneous investments owned by Power.

(12) The purchase by Continental from Railways for $573,069 of the $607,500 principal amount of Continental Debentures to be contributed by Power to Railways.

(13) The purchase by Power of all or any part of its outstanding Debentures at prices not in excess of the principal amount thereof plus accrued interest.

(14) The contribution by Power to Railways of cash remaining in the treasury of Power after the discharge of the liabilities of Power.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearings herein be reconvened for the purpose of considering said Application No. 5;

It is ordered, That the hearing in this proceeding shall be reconvened at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on such date by the Hearing Room Clerk in Room 1102, at 10:00 A. M. on the 16th day of December, 1941. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by our Rules of Practice, Rule XVIII, on or before December 12, 1941. At said reconvened hearing on that day the issues will be limited to a consideration of the matters presented by said Application No. 5 with respect to all of the various transactions previously summarized above.

All interested persons are referred to said Application No. 5 which is on file in the office of said Commission for a full statement of the transactions therein proposed.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matters. The officer so designated to preside at such hearing is hereby authorized to assert all powers granted to the Commission under section 18 (c) of the Act and to the trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application, particular attention will be directed at said hearing to the following matters and questions.

(1) Whether the consideration, including all fees, commissions and other remuneration, to whomsoever paid for the acquisition of securities or utility assets is not unreasonable or does not bear a fair relation to the sums invested in or the earning capacity of the utility assets to be acquired or the utility assets underlying the securities to be acquired;

(2) Whether such transfers or acquisitions of securities will unduly complicate the capital structure of the holding company system or will be detrimental to the public interest or the interest of investors or consumers or the proper functioning of such holding company system;

(3) Whether the electric properties to be acquired and proposed to be merged into Iowa-Illinois constitute an integrated electric system or systems;

(4) Whether the gas properties to be acquired and proposed to be merged into Iowa-Illinois constitute an integrated gas system or systems;

(5) Whether the transportation properties to be acquired from Tri-City Railway of Illinois and Tri-City Railway of Iowa are reasonably incidental or necessary or appropriate to the operation of Iowa-Illinois, and not detrimental to the utility properties to be operated by Iowa-Illinois; and similarly whether the securities of Interurban Bus Company can be properly acquired by Railways Company;

(6) Whether the accounting entries proposed to be recorded are appropriate and in accordance with sound accounting practice, particularly with respect to the amount to be recorded as representing the property or plant account and depreciation reserve of Iowa-Illinois.

(7) Whether the depreciation practice or policy of Iowa-Illinois is proper and whether the provisions for depreciation are appropriate;

(8) Whether the proposed security structure of Iowa-Illinois meets the standards of the applicable sections of the Act;

(9) Whether the terms and conditions with respect to the redemption of Power's debentures are consistent with and meet the applicable standards of the Act;

(10) Whether the terms of the Supplemental Indenture contain adequate provisions to protect the interests of investors and to meet the requirements of the Trust Indenture Act;

(11) Whether the proposed transactions as outlined in Application No. 5 meet the standards of the section 11 (b) (1) and section 11 (b) (2) proceedings instituted by the Commission;

(12) In the event the Commission finds the proposed transactions appropriate, what terms and conditions, if any, seem necessary and desirable to be imposed upon such transactions;

(13) Whether any particular aspect of the remaining transactions enumerated in Application No. 5 are not in compliance with the applicable provisions of said Act or necessary and consistent with the requirements of the orders of March 20, 1941 and August 5, 1941;

(14) Whether the fees proposed to be paid for any or all services to be performed in connection with any of such transactions are or are not reasonable.

Notice of such hearing is hereby given to such declarants or applicants and to any other person whose participation in such proceeding may be in the public interest and for the protection of investors and consumers.

Notice is further given that Iowa-Illinois Gas and Electric Company, a subsidiary of The United Light and Power Company, and Interurban Bus Company, have requested that they be made parties to this proceeding to the extent necessary to entitle them to join in this application and to secure authority of the Commission in this proceeding to consummate the aforedescribed transactions in which they have an interest.

By the Commission.

IN THE MATTER OF NEW ENGLAND GAS AND ELECTRIC ASSOCIATION, RESPONDENT

NOTICE OF AND ORDER INSTITUTING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of September, A. D. 1941.

The Commission having examined the corporate structure of New England Gas and Electric Association, a registered holding company, and of the holding company system thereof, the relationships among the companies in said holding company system, the character of the interests thereof and the properties owned or controlled thereby; and the Commission having examined the Report of its Public Utilities Division, dated September 15, 1941, filed herewith and by this reference thereto made a part of this order; and it tentatively appearing to the Commission that:

1. The facts and statements contained in said Report of the Public Utilities Division are true and accurate.

2. The corporate structure of the holding company system of New England Gas and Electric Association is unduly and unnecessarily complicated.

3. More specifically, the corporate structure of New England Gas and Electric Association unduly and unnecessarily complicates the corporate structure of the holding company system of New England Gas and Electric Association.

4. Voting power is unfairly and inequitably distributed among security holders of the holding company system of New England Gas and Electric Association.

5. More specifically, the corporate structure of New England Gas and Electric Association, and the continued existence of that Association in its present form, results in an unfair and inequitable distribution of voting power among the security holders of the holding company system of New England Gas and Electric Association.

6. Section 11 (b) (2) of said Act provides as follows:

(b) It shall be the duty of the Commission, as soon as practicable after January 1, 1938:

(2) To require by order, after notice and opportunity for hearing, that each registered holding company, and each subsidiary company thereof, shall take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in the holding-company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of such holding-company system.

It therefore appearing to the Commission, on the basis of its examination as aforesaid, that proceedings should be instituted under section 11 (b) (2) of said Act with respect to the holding company system of New England Gas and Electric Association, to determine whether the facts are as stated in said Report of the Public Utilities Division, dated September 15, 1941, to determine whether and what action is necessary and whether and what steps are required to be taken by New England Gas and Electric Association to simplify its corporate structure and to cause voting power to be fairly and equitably distributed among the security holders of its holding-company system; and to determine such other matters as are incident to the foregoing or as may be necessary or appropriate under the provisions of section 11 (b) (2) with respect to said holding company system.

Wherefore, it is ordered, That New England Gas and Electric Association is hereby made Respondent in these proceedings, and said Respondent shall file with the Secretary of the Commission on or before the 22nd day of October, 1941, its answer admitting or denying the facts set forth in said Report of the Public Utilities Division dated September 15, 1941, and admitting, denying or otherwise explaining its position with respect to the allegations heretofore made in paragraphs 1 to 6 of this order. Such answer may also include a statement by the Respondent of its views as to what action, if any, should be taken to simplify its corporate structure, to bring about a fair and equitable distribution of voting power among security holders of its holding company system and to take such other action as may be necessary or appropriate under the provisions of section 11 (b) (2) with respect to said holding company system.

It is further ordered, That a hearing be held on the 29th day of October, 1941, at 10:00 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on such date by the hearing room clerk in Room 1102 of said building, for the purpose of determining what action, if any, is necessary and should be required to be taken by the Respondent for the purpose of bringing about the simplification of the corporate structure of New England Gas and Electric Association and of its hold-

ing company system and a redistribution of voting power among the security holders thereof, and otherwise to meet the requirements of Section 11 (b) (2) of the Public Utility Holding Company Act of 1935 with respect to the holding company system of New England Gas and Electric Association. At the outset of said hearing consideration will be given to such issues, if any, as may arise from the statements of fact contained in the said Report of the Public Utilities Division dated September 15, 1941, in the allegations in paragraphs 1 to 6 hereof, in Respondent's answer hereinbefore provided for and in any other papers filed herein by interested persons. To the extent that any facts set forth in said Report are not controverted in Respondent's answer, and are not controverted by any other interested person, such facts shall be deemed to be admitted for the purposes of this proceeding.

It is further ordered that James G. Ewell, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice; and

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order, together with a copy of said Report of the Public Utilities Division dated September 15, 1941, by registered mail to New England Gas and Electric Association, respondent, not less than 20 days prior to the date hereinbefore fixed within which respondent may file its answer; and that notice of the entry of this order and of said hearing is hereby given to all subsidiaries of New England Gas and Electric Association, to all security holders of New England Gas and Electric Association and of its subsidiaries, to all consumers of said companies, to all States, municipalities and political subdivisions of States within which are located any of the utility assets of the holding company system of New England Gas and Electric Association, or under the laws of which any of the companies in said holding company system are incorporated, to all State commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over New England Gas and Electric Association of any subsidiaries thereof, or over any of the businesses, affairs or operations of any of them, and to all other persons, such notice to be given by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this order in the FEDERAL REGISTER not later than 20 days prior to the date hereinbefore fixed within which respondent may file its answer; and

It is further ordered, That any person proposing to intervene in these proceedings shall file with the Secretary of the Commission, on or before the 22nd day of October, 1941, his application therefor as provided by Rule XVII of the Rules of Practice; and

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary to the orderly and economical disposition of the issues involved.

By the Commission.

IN THE MATTER OF NEW ENGLAND GAS AND ELECTRIC ASSOCIATION, RESPONDENT

NOTICE OF AND ORDER FOR POSTPONEMENT AND EXTENSION OF DATE FOR INTERVENTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 25th day of November, A. D. 1941.

The Commission on September 30, 1941 having issued its order instituting proceedings under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 against New England Gas and Electric Association, respondents, and such order having directed that the said respondents file an answer on or before the 22d day of October 1941, to the allegations made in the said order of September 30, 1941, and that publication of said order be had in the FEDERAL REGISTER not later than 20 days prior to the date fixed for respondent to file its answer, and that a hearing be held on such matter on the 29th day of October 1941 at 10:00 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C.; and the Commission by its order of October 22, 1941 having postponed said hearing to November 24, 1941; and

New England Gas and Electric Association, having filed its answer as required by said order of September 30, 1941, and having notified its security holders by letter, dated October 9, 1941, of the institution of proceedings under section 11 (b) (2) of said Act; and

The said order of September 30, 1941 having been served by registered mail upon New England Gas and Electric Association and notice of such order having been given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, but not having been published in the FEDERAL REGISTER within the time required by the order of September 30, 1941; and

It appearing to the Commission that because of such failure to publish the said order, it is appropriate that further time be given to persons proposing to intervene, that the date of said hearing be postponed, and that publication of said order of September 30, 1941 and of this order be had in the FEDERAL REGISTER not later than 20 days prior to the date of the postponed hearing.

Wherefore, it is ordered, That the date of scheduled hearing on such matters be and is hereby postponed to December 17, 1941 at the same time and place and before the same Trial Examiner heretofore designated and that the time within which any person may intervene in these proceedings be and is hereby extended to December 15, 1941.

It is further ordered, That the Secretary of the Commission shall serve notice of the postponed hearing aforesaid by mailing a copy of this order by registered mail to New England Gas and Electric Association, respondent, not less than 20 days prior to the date of the postponed hearing; and that notice of the entry of the said order of September 30, 1941 and of this order and of said postponed hearing is hereby given to all subsidiaries of New England Gas and Electric Association, to all security holders of New England Gas and Electric Association and of its subsidiaries, to all consumers of such companies, to all States, municipalities and political subdivisions of States within which are located any of the utility assets of the holding company system of New England Gas and Electric Association, or under the laws of which any of the companies in said holding company system are incorporated, to all State Commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over New England Gas and Electric Association or any subsidiaries thereof, or over any of the businesses, affairs or operations of any of them, and to all other persons, such notice to be given by publication of the said order of September 30, 1941 and of this order in the FEDERAL REGISTER not later than 20 days prior to the date hereinbefore fixed for the postponed hearing.

By the Commission.

IN THE MATTER OF PUBLIC SERVICE COMPANY OF INDIANA, INC.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its

office in the City of Washington, D. C., on the 25th day of November, A. D. 1941.

A declaration or application (or both) pursuant to the Public Utility Holding Company Act of 1935 having been duly filed with this Commission by the above-named party, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise, as provided by Rule U-23 under said Act, and said declaration or application being concerned with the following:

Public Service Company of Indiana, Inc., a subsidiary of Hugh M. Morris, Trustee of the Estate of Midland United Company, a registered holding company, proposes (1) to invite publicly proposals for the purchase or underwriting pursuant to Rule U-50 of $42,000,000 Principal Amount of its First Mortgage Bonds, Series D, 3⅜%, due December 1, 1971, and (2) either (a) to sell $10,000,000 aggregate Principal Amount of its Serial Debentures due December 1, 1942–December 1, 1950, and bearing not more than 3% interest, or (b) to borrow $10,000,000 and to issue to the lender or lenders thereof its notes in said amount maturing serially from December 1, 1942 to December 1, 1950, with interest at not more than 3%.

Public Service Company of Indiana, Inc., states that the proceeds of the sale of the above securities will be used (1) to call for redemption the now outstanding $38,000,000 aggregate Principal Amount of its First Mortgage Bonds, Series A, 4%, due September 1, 1959, (2) to pay and retire $8,800,000 Principal Amount of the Serial Debentures, 3⅞%, due March 1, 1942—September 1, 1949, (3) to pay and retire $400,000 aggregate Principal Amount of Northern Indiana Power Company's Serial Notes, 3%, assumed by Public Service Company of Indiana, Inc., (4) to pay $396,923.05 aggregate Principal Amount of Central Indiana, Inc., (4) to pay $396,923.05 ag- Notes, 2.73%, which were issued to United States of America as evidence of loans and which have been assumed by Public Service Company of Indiana, Inc., and (5) to aid the Company in carrying out a proposed major construction program.

Public Service Company of Indiana, Inc., requests that this Commission, in view of the heavy capital expenditures with which the Company is faced in order to carry out the proposed major construction program, abrogate and set aside a condition imposed by the Commission in connection with the issuance and sale by Public Service Company of Indiana, a predecessor company of Public Service Company of Indiana, Inc., of its Series B Bonds (File No. 70–258), which, in effect, provides that in addition to the sinking fund provisions of its outstanding long-term debt it, or its successors, should retire by 1958 $3,859,500 additional amount of its long-term debt; and

It appearing to the Commission that it is appropriate in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application and that said declaration shall not become effective or said application be granted except pursuant to the further order of the Commission:

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on December 3, 1941 at 10:00 in the forenoon of that day at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why said declaration shall become effective;

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by the Commission for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (e) of said Act, and to a trial examiner under the Commission's Rules of Practice;

Notice of such hearings is hereby given to declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before December 1, 1941;

It is further ordered, That, without limiting the scope of issues presented by said declaration or application, particular attention will be directed at said hearing to the following matters and questions:

1. Whether the proposed issue and sale of the aforesaid securities is solely for the purpose of financing the business of Public Service Company of Indiana, Inc. and has been approved by the Public Service Commission of Indiana.

2. What terms and conditions, if any, should be imposed by the Commission in the public interest and for the interests of investors and consumers.

3. Whether the request of Public Service Company of Indiana, Inc. that the Commission abrogate and set aside the aforementioned condition relating to long-term debt retirement should be granted.

By the Commission.

IN THE MATTER OF PHILADELPHIA ELECTRIC COMPANY

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 25th day of November, A. D. 1941.

Philadelphia Electric Company, a subsidiary of The United Gas Improvement Company, a registered holding company, having filed an application and amendments thereto pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) thereof and Rule U-50 thereunder, regarding the issue and sale of $20,000,000 principal amount of First and Refunding Mortgage Bonds, 2¾% Series due 1971, the proceeds to be applied toward the retirement of a like principal amount of 1½% promissory notes payable to banks and maturing December 3, 1941, Philadelphia Electric Company to publicly invite proposals for the purchase of the bonds in accordance with Rule U-50; and

The Commission having on November 5, 1941, granted such application pursuant to section 6 (b) subject to the condition, among others, that applicant report to the Commission the result of the competitive bidding as required by Rule U-50 (c) and comply with such supplemental order as the Commission may enter in view of the facts disclosed thereby, jurisdiction having been reserved for this purpose; and

Philadelphia Electric Company having made such report to the Commission in the form of a further amendment to the application herein, setting forth the action taken to comply with Rule U-50 (b) and specifying the proposals which have been received for the purchase of said bonds pursuant to the invitation for competitive bids and setting forth that Philadelphia Electric Company has accepted a bid from a group of nine underwriters headed by Mellon Securities Corporation of 103.4544% plus accrued interest from December 1, 1941, to the date of delivery, for said bonds, which are to be resold to the public at 104.176%, representing a spread to the underwriters of 0.7216%; and

The Commission having examined the record and finding no basis for imposing any terms and conditions with respect to the issue and sale of said bonds at such price and with such spread;

It is ordered, That said application, as amended, be and it is hereby granted in regard to the price to the issuer, spread, and distribution thereof applicable to such bonds, subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

IN THE MATTER OF NORTHERN INDIANA PUBLIC SERVICE COMPANY; GARY ELECTRIC AND GAS COMPANY; GARY HEAT, LIGHT & WATER COMPANY; CLARENCE A. SOUTHERLAND AND JAY SAMUEL HARTT, TRUSTEES OF THE ESTATE OF MIDLAND UTILITIES COMPANY.

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of November, A. D. 1941.

Northern Indiana Public Service Company ("Northern") having filed: (1) An application pursuant to the third sentence of section 6 (b) of the Public Utility Holding Company Act of 1935 for the exemption from the provisions of section 6 (a) of the Act for the issue and sale of $5,000,000 principal amount of its 2.75% 10-year serial notes and either 278,025 or 370,700 shares of its no par common stock for the purpose of acquiring from Gary Electric and Gas Company ("Gary Electric") the common stock of Gary Heat, Light & Water Company ("Gary Heat"); (2) applications pursuant to sections 9 (a) and 10 of the Act for approval of the acquisition from Gary Electric of all the outstanding no par common voting stock of Gary Heat, and also for the acquisition, in the proposed dissolution of Gary Heat, of the water properties of Gary Heat, as a liquidating dividend; and (3) a declaration pursuant to sections 6 (a) (2) and 7 of the Act with respect to reducing the capital represented by the common no par stock of Northern in such amount as may be necessary to absorb any property adjustment account resulting from the acquisition of the properties of Gary Heat.

Gary Heat having filed: (1) A declaration pursuant to sections 12 (c) and 12 (f) of the Act and Rules U-43 and U-46, with respect to the transfer to Northern, as a liquidating dividend, by Gary Heat of its electric, gas, and water utility properties, and other assets; and

Gary Electric having filed: (1) An application pursuant to sections 9 (a) and 10 of the Act for the approval of its acquisition of the Northern common stock referred to above as part payment for the stock of Gary Heat; (2) a declaration pursuant to sections 12 (d) and 12 (f) of the Act with respect to the sale by Gary Electric to Northern of the outstanding common no par voting stock of Gary; (3) a declaration pursuant to section 12 (c) of the Act and Rule U-42 adopted thereunder with respect to the acquisition by Gary Electric of its outstanding no par common voting stock as a step in liquidation; (4) a declaration pursuant to sections 12 (c), 12 (d), and 12 (f) of the Act and Rules U-43, U-44, and U-46 adopted thereunder with respect to the distribution in liquidation of the common stock of Northern received in part payment for the stock of Gary Heat to the stockholders of Gary Electric, including Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company ("Utilities"); and (5) a declaration pursuant to sections 6 (a) (2) and 7 of the Act with respect to reducing its capital from $5,000,000 to $2,000,000; and

Utilities having filed: (1) An application pursuant to sections 9 (a) and 10 of the Act for approval of the acquisition of no par voting stock of Northern, as a liquidating dividend, upon the liquidation of Gary Electric; (2) a declaration pursuant to section 12 (d) of the Act and Rule U-43 with respect to the (indirect) sale to Northern by Gary Electric of the no par voting stock of Gary Heat; (3) a declaration pursuant to sections 12 (d) and 12 (f) of the Act and Rules U-43 and U-44 with respect to the sale (indirect) of utility securities and utility assets by Northern, Gary Electric, and/or Gary Heat;

A public hearing having been held after appropriate notice, the Commission having considered the record in this matter, and having made and filed its findings and opinion herein;

It is ordered, That with the exception of the declarations and application mentioned in our conditions numbered 1 and 2 below, the said applications, as amended, be and the same hereby are granted, and the said declarations, as amended, be and the same hereby are permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24, and to the following further conditions:

1. That the Commission reserve jurisdiction as to Gary Electric's declaration: (1) Pursuant to 12 (c) of the Act and Rule U-42 adopted thereunder with respect to the acquisition of its common stock as a step in the liquidation; (2) pursuant to sections 12 (c), 12 (d), and 12 (f) of the Act and Rules U-43, U-44, and U-46 with respect to the distribution in liquidation of the common stock of Northern, received in part payment of the Gary Heat common stock, to Gary Electric's stockholders, including Utilities; and (3) pursuant to sections 6 (a) (2) and (7) of the Act with respect to reducing its capital from $5,000,000 to $2,000,000.

2. That the Commission reserve jurisdiction as to Utilities' application pursuant to sections 9 (a) and 10 of the Act with respect to the acquisition by Utilities of common stock of Northern as a liquidating dividend on the dissolution of Gary Electric.

3. That Gary Electric will within 60 days of the date of this order notify Northern as to how it will exercise its option to obtain the balance, $756,000, of the purchase price of the Gary Heat common stock either in cash, or in Northern common stock at $8.1575 per share, or partly in cash and partly in Northern common stock.

4. That Northern will record the utility plant of Gary Heat on its books at the estimated original cost of $8,783,174 (as adjusted to the date of acquisition), and that Northern will record the reserve for depreciation on its books for the Gary Heat utilities plant at the same figure as it is stated on the books of Gary Heat at the date of acquisition.

5. That the stated value of Northern's common stock shall be reduced by not more than $2,268,000; that there shall be charged against the capital surplus so created an equivalent amount of the property acquisition adjustment resulting from the transactions proposed; and that the balance of such property acquisition adjustment shall be charged against earned surplus forthwith.

6. That the surplus of Northern, as of the date of the order and as adjusted as provided in the preceding paragraph numbered 5, shall be restricted against any payment of dividends on Northern's common stock.

7. That in lieu of the condition (e) contained in our order of December 13, 1939, in Northern Indiana Public Service Company (File No. 32-167, Holding Company Act Release No. 1836), the following condition is imposed: That except as the Commission may by order or orders from time to time otherwise provide, Northern Indiana Public Service Company (and any successor or successors thereto) shall charge against income as a provision for depreciation, for the calendar year 1940, at least $1,700,000; for the calendar year 1941, at least $1,700,000; plus an additional two and one-half percent (2½%) of the book value of net additions to depreciable property made during the year 1940; and for each calendar year beginning with the year 1942 and continuing so long as any of the First Mortgage Bonds, Series A, 3¾% due August 1, 1969, are outstanding, at least $1,900,000 per annum and an additional two and one-half percent (2½%) of the book value of net additions to depreciable property made after January 1, 1940, and up to the close of the preceding calendar year, including the addition to plant represented by the acquisition of the Gary Heat property.

By the Commission.

cers or directors, its members individually and as such members, or any group of such respondents, their agents, representatives, and employees, either with or without the cooperation of others not parties hereto, do forthwith cease and desist from following a common course of action pursuant to or in connection with any mutual understanding, agreement, combination, or conspiracy, for the purpose and with the effect, directly or indirectly, of establishing or seeking to establish respondents, or any of them, as a preferred class of buyers, or of inducing, coercing, or restraining manufacturers or their agents in the determination of their sales and pricing policies or the selection of their customers, or otherwise hindering, restraining, or lessening competition in the sale and distribution of dry goods, notions, or other merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act:

(1) By preparing, maintaining, and circulating any list of buyers considered or recognized by respondents as "wholesalers," or any similar list of preferred buyers;

(2) By preparing, maintaining, and circulating any list of manufacturers or their agents classified or rated in a manner which designates those whose sales policies are considered satisfactory to respondents and those whose sales policies are less satisfactory or not satisfactory to respondents:

(3) By ceasing or threatening to cease to deal, or dealing or threatening to deal less extensively than otherwise, with any manufacturer or his agents on the ground or for the reason that such manufacturer sells to buyers not considered or recognized by respondents as "wholesalers," or sells to retailers, or does not grant a more favorable price to respondents and others considered or recognized by them as "wholesalers" than to other buyers;

(4) By advocating and urging said common course of action outlined in paragraph (3) hereof in publications or letters, at meetings of respondents or groups or committees of respondents, or in any other manner;

(5) By making threats, express or implied, to any manufacturer or his agents for the purpose or with the effect of inducing, persuading, constraining, or coercing such manufacturer or his agents to refuse to sell, cease selling, or charge a higher price, to any buyer or prospective buyer.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That for the reasons set out in Paragraph One of the findings as to the facts in this proceeding the complaint herein be, and it is, hereby dismissed as to respondents W. W. 58.10 Discretional exercise of authority in passport matters.
58.11 Definition of the term "continental United States".

§ 58.1 *Limitations upon travel prior to January 15, 1942.* No citizen of the United States or person who owes allegiance to the United States shall, prior to 6 o'clock in the forenoon of January 15, 1942, be required to bear a valid passport in order to depart from or enter into the continental United States, the Canal Zone, the Commonwealth of the Philippines, and all territories, continental or insular, subject to the jurisdiction of the United States, except that, effective immediately, no such person shall depart from or attempt to depart from any such territory for any foreign country or territory in the Eastern Hemisphere, or any foreign country or territory in the Western Hemisphere under the jurisdiction of Great Britain in which the United States maintains defense bases or in which such bases are being constructed by or under contract with the Government of the United States, unless he bears a valid passport for such travel issued by or under authority of the Secretary of State or is otherwise authorized by the Secretary of State to depart from any territory subject to the jurisdiction of the United States for any foreign territory mentioned in this section.*

*§ 58.1 to 58.11, inclusive, issued under authority contained in sec. 1 of Proclamation 2523, November 14, 1941, 6 F.R. 5821, and the act of Congress approved May 22, 1918, 40 Stat. 569, as amended by the act approved June 21, 1941, Public Law 114, 77th Cong., 55 Stat. 252.

§ 58.2 *Limitations upon travel after January 15, 1942.* After 6 o'clock in the forenoon of January 15, 1942, no citizen of the United States or person who owes allegiance to the United States shall depart from or enter into or attempt to depart from or enter into the continental United States, the Canal Zone, the Commonwealth of the Philippines, and all territories, continental or insular, subject to the jurisdiction of the United States, unless he bears a valid passport which has been issued by or under authority of the Secretary of State and which, in the case of a person entering or attempting to enter any such territory, has been verified by an American diplomatic or consular officer either in the foreign country from which he started his journey, or in the foreign country in which he was last present if such country is not the one from which he started his journey, or unless he comes within one of the exceptions prescribed in §§ 58.3–58.4. No fee shall be collected by a diplomatic or consular officer of the United States for or in connection with such verification.*

§ 58.3 *Exceptions to regulations in §§ 58.1–58.2.* No valid passport shall be required of a citizen of the United States or a person who owes allegiance to the United States:

(a) When travelling between the continental United States and the Territory of Hawaii, Puerto Rico, and the Virgin Islands, or between any such places; or

(b) When travelling between points in the continental United States and points in Canada: *Provided*, That this exception shall not be applicable to any such person when travelling to or arriving from a place outside the continental United States via Canada for which a valid passport is required under these rules and regulations; or

(c) When travelling between points in the continental United States and points in Mexico: *Provided*, That this exception shall not be applicable to any such person when travelling to or arriving from a place outside the continental United States via Mexico for which a valid passport is required under these rules and regulations; or

(d) When travelling between the continental United States or Puerto Rico or the Virgin Islands and islands adjacent to Canada or the United States or the islands of the West Indies, including the Bahamas, except any such island as is subject to the jurisdiction of a non-American country other than Great Britain and any such island subject to the

jurisdiction of Great Britain in which the United States maintains a defense base or in which such a base is being constructed by or under contract with the Government of the United States: *Provided*, That this exception shall not be applicable to any such person going from the continental United States or Puerto Rico or the Virgin Islands to any foreign territory other than Canada or Mexico via any of the islands mentioned in this section or returning to the United States or Puerto Rico or the Virgin Islands via any such islands from foreign territory other than Canada or Mexico; or

(e) When departing from or entering into the United States as an officer or member of the enlisted personnel of the United States Army or the United States Navy on a vessel operated by the United States Army or the United States Navy; or

(f) When travelling as a member of the armed forces of the United States or a civil employee of the War or Navy Departments between the continental United States, the Canal Zone, the Commonwealth of the Philippines, and all territories, continental or insular, subject to the jurisdiction of the United States, and any foreign country or territory for which a valid passport is required under these rules and regulations: *Provided*, That he is in possession of a document of identification issued for such purposes by the War or Navy Departments.

(g) When specifically authorized by the Secretary of State, through the appropriate official channels, to depart from or enter into the continental United States, the Canal Zone, the Commonwealth of the Philippines, and all territories, continental or insular, subject to the jurisdiction of the United States.*

§ 58.4 *Seamen.* (a) Seamen who are citizens of the United States or who, although not citizens, are nationals owing allegiance to the United States are included within the provisions of these rules and regulations, except that a seaman when travelling as such is exempted from the necessity of complying with that portion of § 58.2 of these rules and regulations which relates to the verification of a passport by an American diplomatic or consular officer before entering or attempting to enter any territory of the United States mentioned in that section for which a valid pasport is required.

(b) Prior to 6 o'clock in the forenoon of February 15, 1942, no seaman shall be required to bear a passport in order to enter any territory of the United States mentioned in § 58.2 of these rules and regulations.

(c) The term "seaman" shall, for the purpose of these rules and regulations, include, in addition to the persons ordinarily described by that term, all owners, masters, officers, and members of crews and other persons employed or engaged on vessels in any capacity.*

§ 58.5 *Persons considered as bearing passports.* Every citizen of the United States, or person who owes allegiance to the United States, who is included in a valid passport issued by or under authority of the Secretary of State shall for the purpose of these rules and regulations be considered as bearing a separate valid passport if such passport is presented to the appropriate official at the time he departs from or enters into or attempts to depart from or enter into any territory of the United States mentioned in § 58.2 of these rules and regulations.*

§ 58.6 *Restrictions upon travel on vessels of belligerent states.* Nothing in these rules and regulations shall be construed to authorize the travel of a citizen of the United States, or a person who owes allegiance to the United States, on any vessel of any state named in any proclamation issued by the President under authority of § 1 (a) of the joint resolution of Congress approved November 4, 1939, on or over the North Atlantic Ocean north of 35° north latitude and east of 66° west longitude, or on or over other waters adjacent to Europe, or over the continent of Europe or adjacent islands, unless, when required under the authority of such joint resolution, he first obtains the specific authorization for such travel from the Department of State or an American diplomatic or consular officer abroad.*

§ 58.7 *Prevention of departure or entry prejudicial to the interests of the United States.* Nothing in these rules and regulations shall be construed as prohibiting the Secretary of State or his representative from preventing temporarily the departure from or entry into the United States, including the Canal Zone, the Commonwealth of the Philippines, and all territories, continental or insular, subject to the jurisdiction of the United States, of a citizen of the United States or a person who owes allegiance to the United States if the Secretary of State or his representative considers such departure or entry prejudicial to the interests of the United States, notwithstanding the fact that such person may bear a valid passport or be destined for or arriving from a place outside any such territory of the United States for which a valid passport is not required under these rules and regulations.*

§ 58.8 *Attempt of a citizen or national to enter without a valid passport.* If any person who alleges that he is a citizen of the United States or a person who owes allegiance to the United States attempts to enter any territory of the United States contrary to the provisions of these rules and regulations, the appropriate officer of the United States at the port at which the attempt is made to enter such territory, if satisfied that such person is a citizen of the United States or a person who owes allegiance to the United States, shall detain such person and immediately report the facts in the case to the Secretary of State and await his instructions.*

§ 58.9 *Optional use of a valid passport.* Nothing in these rules and regulations shall be construed to prevent the use of a valid passport by any citizen of the United States, or a person who owes allegiance to the United States, in a case in which a passport is not required by these rules and regulations.*

§ 58.10 *Discretional exercise of authority in passport matters.* Nothing in these rules and regulations shall be construed to prevent the Secretary of State from exercising the discretion resting in him to refuse to issue a passport, to restrict its use to certain countries, to withdraw or cancel a passport already issued, or to withdraw a passport for the purpose of restricting its validity or use in certain countries.*

§ 58.11 *Definition of the term "continental United States."* The term "continental United States", as used in these rules and regulations, includes the territory of the several states of the United States and Alaska.*

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 7, 1941.

[Docket No. A–936]

PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 4 FOR THE REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES AND FOR THE ESTABLISHMENT OF ADDITIONAL PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

This proceeding was instituted upon a petition filed with the Bituminous Coal Division on June 24, 1941, by District Board 4, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests the revision of the effective price classifications and the minimum prices for the coals of certain code member producers in District 4 and for the establishment of additional price classifications and minimum prices for the coals of certain other code member producers in District 4.

Pursuant to Order of the Director dated August 19, 1941, and after due notice to all interested persons, a hearing in this matter was held on September 15, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at Washington, D. C. D. I. Angelo, a code member in District 4 and operator of Mine Index No. 2558, intervened at the hearing. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. The original petitioner and D. I. Angelo appeared. The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned, who has considered the record in this matter.

The petition of the District Board herein requests changes in certain price classifications and minimum prices established for the coals of certain code members in District 4, as follows: With respect to truck shipments the petition requests that certain code members in District 4 be granted a reduction of 15 cents per ton in Size Groups 1, 2, 3, 4, and 5; that the minimum prices of one mine be increased by 15 cents per ton in Size Groups 1, 2, 3, 4, and 5; and that one mine be granted a reduction of 10 cents per ton in Size Groups 7 and 8. With respect to rail shipments, certain mines seek a change in classification from "K" to "O" in Size Groups 1 and 2 and from "O" to "Q" in Size Groups 7, 8, 9, 10, and 12. The petition further requests that the Ennis Coal Co., operating Mine Index No. 2669, be given a different shipping point which results in a change of Freight Origin Group Number from #11 to #51.

A petition of intervention was filed under date of September 10, 1941, by D. I. Angelo, whose mine, Mine Index No. 2558, is located in Brookfield Township, Noble County, Ohio. This intervenor, by his petition, has requested a reduction of 35 cents per ton on his rail-shipped coal destined for Cleveland and Columbus, Ohio.

It appears from the uncontroverted testimony given by F. H. Bohecker, secretary and treasurer of District Board 4, that the classifications and minimum prices for the various coals designated should be changed pursuant to the schedules hereto attached.

It appears from the uncontroverted testimony of the witness for the petitioner that the presently effective minimum prices established for the mines involved are erroneous and do not conform with the effective prices for other analogous and comparable coals in District No. 4. It is shown that the erroneous original classifications were the result of misinformation, mechanical error, or general inadvertence. It further ap-

cents per net ton for shipment into all market areas) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof, and that the clas-

trict 4; (2) that such amendment of the price schedule for District 4 is necessary in order to effectuate the purposes of section 4 II (a) and section 4 II (b) of the Act and to comply in all respects with the standards thereof; and (3) that

"Q" in Size Groups 7, 8, 9, and 12, and the establishment of classification "Q" in Size Group 10 will be ordered, in accordance with the prayer contained in the petition.

The evidence shows that the classifi-

pears from the record that the petitioner now has available correct factual data which substantiates each specific request for reclassification. The record further indicates that the existing minimum prices are harmful to the various code members affected and will so continue

pears from the record that the petitioner now has available correct factual data which substantiates each specific request for reclassification. The record further indicates that the existing minimum prices are harmful to the various code members affected and will so continue unless the requested relief be granted.

In support of his request for a 35 cents per ton reduction for the coals of his mine, D. I. Angelo stated that the quality of his coal was extremely poor and that he had been able to sell only small tonnage since the establishment of effective minimum prices. The record shows that the intervenor operates in the No. 9 seam in Subdistrict 2. The record fails to demonstrate that his coal is inferior to other coals in the same seam. In the absence of such or related proof, the relief requested by the intervenor cannot be granted. However, a reduction in the classification of his coals from "O" to "Q" in Size Groups 7, 8, 9, and 12, and the establishment of classification "Q" in Size Group 10 will be ordered, in accordance with the prayer contained in the petition.

The evidence shows that the classifications and minimum prices requested by the petitioner will, if adopted, reflect the true values of the coals to which they apply and will preserve fair competitive opportunities for the producers thereof as well as other local producers competing with them.

Upon the basis of the evidence, I find and conclude: (1) that the classifications, minimum prices, subdistrict, seam, and freight origin group designations shown in the schedules hereto attached for the coals specified therein, are proper and should be established; that said classifications and minimum prices are in proper relation to those established for analogous and comparable coals in District 4; (2) that such amendment of the price schedule for District 4 is necessary in order to effectuate the purposes of section 4 II (a) and section 4 II (b) of the Act and to comply in all respects with the standards thereof; and (3) that the request of the intervenor, D. I. Angelo, for a change in classification is improper and should not be established.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 324.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 324.2 (*Seasonal discounts*) is amended by adding thereto Supplement R–II, § 324.9 (*Recapitulation of price classifications*) is amended by adding thereto Supplement R–III, § 324.11 (*Special prices*—(a) *Railroad fuel prices for all movements exclusive of lake cargo railroad fuel*) is amended by adding thereto Supplement R–IV, and § 324.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof, and that the classifications, minimum prices, subdistrict, seam, and freight origin group designations thus established shall supersede and be in lieu of the classifications, minimum prices, subdistrict, seam, and freight origin group designations presently shown for the mines in question in the Schedules of Effective Minimum Prices for District No. 4 for All Shipments Except Truck and for Truck Shipments.

It is further ordered, That the petition of the intervenor be and it hereby is denied.

Dated: October 31, 1941.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS PRODUCED AT MINE INDEX NO. 122 IN DISTRICT NO. 14

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by District Board 14, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests that temporary and permanent relief be granted by revising the price classifications and minimum prices of the coals produced at the No. 1 Mine (Mine Index No. 122) of R. A. Young and Son Coal Company, a code member in District 14.

A petition of intervention, joining in the request of District Board 14, was filed by R. A. Young and Son Coal Company, and joint petitions of intervention in opposition to the request were filed by the Gillie Coal Company and the Premium Smokeless Coal Company and by the Sans Bois Coal Company and the Keener Mining Company, all code members in District 14.

Pursuant to the request for temporary relief, and after due notice to all interested persons, an informal conference was held in Washington, D. C., in accordance with § 301.106 of the Rules and Regulations Governing Practice and Procedure in proceedings instituted pursuant to section 4 II (d) of the Act, at which the R. A. Young and Son Coal Company and all the intervenors appeared. On January 28, 1941, the Director issued a Memorandum Opinion and Order, granting temporary relief.

Pursuant to an Order of the Director and after due notice to all interested persons, a hearing in this matter was held on July 30 and 31, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 14, R. A. Young and Son Coal Company, and all the above-named intervenors appeared. At the conclusion of the hearing all parties waived the preparation and filing of a report by the Examiner and the record in the proceeding was thereupon submitted to the undersigned.

At the hearing, District Board 14 amended its petition and requested that price classifications and minimum prices be established for the Young No. 1 Mine ten cents per ton higher than those established for Size Groups 4, 6, 7, 8, and 9 and by the temporary relief order of January 28, 1941, but five cents per ton lower than the originally established classifications and minimum prices.

Evidence adduced at the hearing disCompany No. 1 Mine is located in Sebastian County, Arkansas, and ships all its closes that the R. A. Young and Son Coal production of coals by rail into midwestern markets, including Kansas City, Topeka, Omaha, and the Twin Cities. It also appears that the coals of the R. A. Young and Son Coal Company are similar to those of three other producers in District 14: the Great Western Coal Company, the Hetherington Bros. Coal Company, and the Buck Creek Coal Mining Company. The coals of these producers are shipped into the same market areas and are in direct competition with the coals of the R. A. Young and Son Coal Company.

The R. A. Young and Son Coal Company has found itself in a position where it has not been able to sell its coals in the quantities that it could normally expect to be able to as judged by its capacity and the sales made by competing producers. Horace Young, vice president

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS PRODUCED AT MINE INDEX NOS. 48 AND 126 IN DISTRICT NO. 14

This proceeding was instituted upon petition filed with the Bituminous Coal Division by District Board 14, pursuant to secton 4 II (d) of the Bituminous Coal Act of 1937.

The petition requests reclassification of coals of the Buck Creek Coal Mining Company, a code member operating the Buck Creek Mine (Mine Index No. 126) in Production Group 6 of District 14, and Hetherington Bros. Coal Company, a code member operating the Hether Mine (Mine Index No. 48) in Production Group 6 of District 14, as follows:

	Size group				
	4	6	7	8	9
Buck Creek:					
Present classification	E	F	F	F	F
Proposed classification	I	J	J	J	J
Hetherington:					
Present classification	E	F	F	F	F
Proposed classification	J	K	K	K	L

Petitions of intervention were filed by Hetherington and Buck Creek and by Sans Bois Coal Company and Keener Mining Company, code member producers in District 14.

In accordance with a request for temporary relief and after notice to all interested parties, an informal conference was held in Washington, D. C., in accordance with § 301.106 of the Rules and Regulations Governing Practice and Procedure in proceedings instituted pursuant to section 4 II (d) of the Act, and, by an Order of January 28, 1941, temporary relief was granted.

On March 11, 1941, District Board 14 filed a motion praying that the Order of January 28, 1941, 6 F.R. 691, granting temporary relief, be amended as concerns Buck Creek.

Pursuant to an Order and after notice to all interested parties, a hearing in this matter was held before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard.

Appearances were entered for the petitioner and all intervenors.

At the hearing a motion was made by the petitioner to amend its petition requesting the following price classifications and minimum prices for coals of both Buck Creek and Hetherington:

	Size groups												
	4	6	7	8	9	10	11	13	14	15	16	17	18
For rail shipments	I	J	J	J	J	G	F	D	B	B	B	A	L

For truck shipments	415	415	415	415	390	370	355	200	135	115	105	185	335

The motion was granted without objection.

At the conclusion of the hearing, the preparation and filing of a report by the Examiner was waived, and the record of the proceeding was thereupon submitted to the undersigned.

Maurice Bedwell, president of the Bedwell Coal Company, lessor of the Buck Creek lands, testified that the Buck Creek and Hether are adjoining mines. Each operation is a slope mine, two or three years old and consists of slopes from 1,200 to 1,500 feet in depth, in the Upper Hartshorne seam, Production Group 6, adjoining the Midland Valley Railroad, in Le Flore County, Oklahoma. The Buck Creek and Hether coals compete with each other and also with the coals of R. A. Young & Son Coal Company and Great Western Coal Company in the same market areas. The quality of the coals of Buck Creek and Hetherington at present is as good as at any time since prices were first established for District 14 coals.

It was the opinion of the witness that the effective minimum price established for Buck Creek and Hether Size Group 4 coals was incorrect, and that, considering the physical characteristics of the coals, their market acceptability and competitive opportunities, the classifications and prices as proposed in the amended petition for coals of both the Buck Creek and Hether Mines are fair and reasonable, and would preserve just and equitable classifications and prices among producers within the district, provided that the coals of Great Western and R. A. Young & Son Coal Company were given the same classifications and prices, as these latter coals are comparable to and competitive with coals of Buck Creek and Hetherington.

John Hetherington, president of Buck Creek and a partner in Hetherington, testified that Hetherington and Buck Creek each produced approximately 28,000 tons of coal in 1940 prior to October 1 but that after that date Hetherington was forced to close down completely, and Buck Creek worked but 40 days thereafter, during which time it sold approximately 500 tons of railroad fuel.

The sole reason assigned for this poor record was that neither producer was able to obtain the effective minimum price for its Size Group 4 coal, which represents approximately 25 per cent of its total production.

Both mines reopened in July 1941, when their season began, and are presently producing coal. The witness Hetherington corroborated the witness Bedwell to the effect that the closing of Buck Creek and Hetherington resulted from the classification of their Size Group 4 coal and that the classification and prices proposed by the petitioner for Buck Creek and Hether coals are appropriate and fair, provided that the coals of the R. A. Young & Son Coal Company and the Great Western Coal Company are similarly classified and priced.

There was no opposition to the relief requested.

Upon the basis of the uncontroverted evidence, I find and conclude that the price classifications and minimum prices for the coals of the Buck Creek and Hether Mines proposed by the petitioner should be established as set forth in Supplements R and T annexed hereto and made a part hereof and that the establishment of said price classifications and minimum prices is required in order to effectuate the policies of section 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That § 334.5 (*Alphabetical list of code members*) and § 334.24 (*General prices for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 14 for All Shipments Except Truck and the Schedule of Effective Minimum Prices for District No. 14 for Truck Shipments be, and they hereby are, amended as follows:

1. The present effective price classifications and minimum prices for the coals produced by the Buck Creek Mine (Mine Index No. 126) of Buck Creek Coal Mining Company in Production Group 6 and the Hether Mine (Mine Index No. 48) of Hetherington Bros. Coal Company in Production Group 6 be, and they hereby are deleted.

2. Beginning forthwith, the price classifications and minimum prices as set forth in supplement R, § 334.5 (*Alphabetical list of code members*), and supplement T, § 334.24 (*General prices for shipment into all market areas*), annexed hereto and made a part hereof, shall be, and they hereby are, established as the effective price classifications and minimum prices for the coals produced at the Buck Creek Mine (Mine Index No. 126) of Buck Creek Coal Mining Company in Production Group 6 and the Hether Mine (Mine Index No. 48) of Hetherington Bros. Coal Company in Production Group 6.

It is further ordered, That in all other respects the prayers for relief contained in the several petitions filed herein be, and they hereby are, denied.

Dated: November 7, 1941.

Director.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 14 FOR REVISION OF EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR COALS PRODUCED AT CERTAIN MINES IN PRODUCTION GROUP NO. 3 IN DISTRICT NO. 14

This is a proceeding instituted upon a petition as amended, filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 14, seeking reclassifications and corresponding price changes for the coals produced at certain mines, operating by the "Solid Shot Method," in Production Group 3 of District 14.

Pursuant to an Order of the Director, a hearing was held in this matter on July 30, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room of the Division, Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. An appearance was entered by District Board 14. By agreement of all parties, the preparation and filing of the Examiner's Report was waived and the record was thereupon submitted to the undersigned.

Findings of Fact

The petition, as amended, requested that a group of seven mines in Production Group 3 of District 14 be given revised classifications in accordance with those classifications therein proposed.

The uncontroverted evidence shows that there are approximately twelve mines in Production Group 3 of District 14 operating by the "Solid Shot Method," as contra-distinguished from the "Machine Cut Method" of mining. The coals of all the Solid Shot Mines in Production Group 3, except the seven mines here involved are presently classified "C" in Size Group 3, "B" in Size Group 14, and "N" in Size Group 18, for rail shipment for all uses except railroad locomotive fuel; and are presently priced in Size Group 3 at $3.85, Size Group 14 at $1.35, and Size Group 18 at $3.25 per net ton f. o. b. the mine for truck shipment.

The evidence shows that all of the Solid Shot Operators in Production Group 3 have the same kind and quality of coal which is marketed under the same conditions. The lack of uniformity presently existing in the prices and classifications of the coals results in unequal competitive opportunities in favor of the seven producers who have lower classifications and prices. The relief requested, if granted, would price the coals of all such producers in Production Group 3 at the same level and thereby result in just and equitable prices for all such producers and preserve their existing fair competitive opportunities.[1]

The evidence shows that the King Walker Mine (Mine Index No. 190), of W. M. Hampton is presently classified and priced in Size Group 4 for both rail and truck shipments and is not classified and priced in Size Group 3; that the King Walker Mine does not produce Size Group 4 but does produce Size Group 3; and, that the Size Group 4 classification and prices should be deleted.

There was no opposition expressed at the hearing.

For the foregoing reasons, and based upon the foregoing Findings of Fact, I conclude that:

(1) The Schedules of Effective Minimum Prices for District 14 For All Shipments Except Truck and for Truck Shipments should be revised to effectuate the respective changes from the present classifications to the requested classifications, with corresponding changes in the effective minimum f. o. b. mine prices for rail shipments for all uses except railroad locomotive fuel, as set forth in Supplements "R" and "T" attached hereto and made a part hereof.

(2) Such changes are necessary to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and to comply with the standards thereof.

Now, therefore, it is ordered, That commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto supplement "R," and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto supplement "T," which supplements are hereinafter set forth and hereby made a part hereof.

Dated: November 6, 1941.

[SEAL] H. A. GRAY, *Director.*

[1] Though originally requesting rail prices for seven mines, at the hearing counsel for petition requested that the petition be regarded as not requesting rail prices for Midget Coal Mine (Luther Gabbard). Therefore, rail prices for only six mines are herein granted.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS AND FOR THE ESTABLISHMENT OF ADDITIONAL PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN OTHER COALS PRODUCED IN SUBDISTRICT 5 OF DISTRICT NO. 14

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by District Board No. 14, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests the revision of the effective classifications and minimum prices heretofore established for the coals produced at the Watson Excelsior Coal Company's mine (Mine Index No. 2) and the establishment of additional price classifications and minimum prices, for both truck and rail shipment, for coal produced at the mines of the Boyd-Sicard Coal Co. (Mine Index No. 14); Excelsior Thin Vein Coal Co. (Mine Index No. 34); Harper-Thornton Coal Co. (Mine Index No. 195); Peerless Coal Company (Mine Index No. 176); and Watson Excelsior Coal Co. (Mine Index No. 2), all code members in Subdistrict 5 of District No. 14.

Pursuant to the Order of the Director, a hearing in this matter was held on July 30 and August 1, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof, in Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Harper-Thornton Coal Company, Excelsior Thin Vein Coal Company, and Peerless Coal Company appeared.[1]

[1] Prior to the hearing, a "Protest and Motion for Transfer and Consolidation" was filed by Harper-Thornton Coal Company, and a "Protest and Answer" was filed by Excelsior Thin Vein Coal Company. These, however, were withdrawn by each of said producers prior to the conclusion of the hearing. District Board 14 (petitioner) likewise withdrew its petition insofar as the same pertains to Harper-Thornton Coal Co.

mining operations. The additional classifications and prices now requested are for coal produced at a lower level in the mine, and this coal is comparable with the coal of the competing mines and, therefore, should have the same price.

The uncontroverted evidence adduced at the hearing shows that the classifications and minimum prices for the various coals designated in the annexed Schedules should be established as set forth therein; that said prices are just and equitable, and are in no way prejudicial or preferential as between districts. The evidence further establishes that the said classifications and minimum prices requested by the petitioner, will, if adopted, reflect the true values of the coals to which they apply; will preserve fair competitive opportunities for the producers thereof, as well as other local producers competing with them; are necessary in order to effectuate and comply with the purposes of section 4 II (a) and section 4 II (b) of the Act and in all respects with the standards thereof, and are without opposition.

Now, therefore, it is ordered, That commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Dated: Nov. 7, 1941.

[SEAL] H. A. GRAY, *Director.*

At the conclusion of the hearing, the Examiner's report was waived and the matter was thereupon submitted to the undersigned for determination.

The evidence established that the mines of all the code member producers here involved are located in close proximity to one another, and all produce comparable coal from the so-called Excelsior Seam.

The differential represented by the prices heretofore established and revision of which is herein requested, was granted for the reason that the coal at that time was softer than the coal produced by competing code members of District No. 14, and of inferior character and market acceptability, due to greater friability and degradation characteristics. That situation has since changed. The coal has now reached a lower mining depth, has a harder structure, and therefore its character and market acceptability is equal to that of the coal produced by competing producers operating in the same seam in the District, and for which higher prices have heretofore been established. Therefore, I find that the existing differential is no longer justified and should be abolished.

In support of the request for the establishment of additional price classifications and minimum prices of certain coals produced by the Watson Excelsior Coal Company, it was shown that such action is necessary in order to develop the mine of this code member. Only three classifications and minimum prices have heretofore been established for this code member's mine, pending deeper

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1008—ELECTRIC POWER

Supplemental Order No. 1[1] *to Limitation Order L–16 To Curtail the Consumption of Electric Power in the Southeastern Area*

To: Duke Power Company, Carolina Power & Light Company, South Carolina Electric & Gas Company, Tidewater Power Company, Lexington Water Power Company, Virginia Electric & Power Company, Appalachian Electric Power Company.

Whereas pursuant to the requirements of paragraph (e) of Limitation Order No. L–16 of the above named Utilities have worked out certain engineering arrangements for the operation of their reservoirs, generating plants, substations, transmission lines and other facilities and for interchanging electric power so as to make available maximum power capacity and achieve maximum output and to relieve shortages in the southeastern area, and

Whereas in order to make the aforesaid arrangements effective to relieve shortages in the southeastern area, it is necessary to specify the particular deliveries which shall be made from the power pool created by such arrangements;

Now, therefore, pursuant to paragraph (e) of limitation order No. L–16 *it is ordered*, That:

§ 1008.2 *Supplemental order No. 1 to general limitation order L–16.* The said Utilities shall:

(a) Deliver through the Carolina Power & Light Company over the so-called Waterville-Arlington tie-line with the Tennessee Valley Authority an average of 9,100,000 kilowatt hours per week.

(b) Deliver through the Duke Power Company over the so-called Tallulah Falls tie-line with the Georgia Power Company an average of 8,000,000 kilowatt hours per week.

(c) Deliver through the South Carolina Electric & Gas Company over the so-called Saluda-Stevens Creek tie-line with the Georgia Power Company an average of 5,000,000 kilowatt hours per week.

(d) Deliver such amounts of power through the South Carolina Electric & Gas Company to the South Carolina Power Company as may be needed (the amount to be determined by the parties, or in the absence of such determination, then to be determined under the provisions of paragraph (e) of Limitation Order No. L–16) by the latter company to supplement its existing supply in order to maintain capacity operation at the Pittsburgh Metallurgical Company plant near Charleston, South Carolina. The said term "existing supply" shall include the power delivered by South Carolina Electric & Gas Company to South Carolina Power Company under the existing firm power contract between those companies.

(e) Deliver through the connections of the Duke Power Company and of the Carolina Power and Light Company with the Carolina Aluminum Company such amounts of power as may be needed (estimated at 12,000,000 kilowatt hours per week) to supplement Carolina Aluminum Company's existing supply in order to maintain capacity operation at the Baden plant of the Aluminum Company of America.

This supplemental Order shall take effect at 12:01 A. M. November 7, 1941 and unless sooner terminated shall terminate on the expiration date of Limitation Order No. L–16.

Issued this 6th day of November 1941.

PART 1008—ELECTRIC POWER

Supplemental Order No. 2[1] *to Limitation Order L–16 To Curtail the Consumption of Electric Power in the Southeastern Area*

§ 1008.3 *Supplemental order No. 2 to general limitation order L–16.* The percentages specified in Exhibit B annexed to Limitation Order L–16 are hereby modified as follows for the Utilities listed below:

1. Utility	*2. Percentage*
Alabama Power Company	100
Georgia Power Company	100
Gulf Power Company	100
Mississippi Power Company	100
South Carolina Power Company	100
Tennessee Valley Authority	100
Alabama Water Service Company	100
Birmingham Electric Company	100
Aluminum Company of America (Tennessee System)	100
Carolina Aluminum Company (Western Division)	100
Crisp County Power Commission	100
Riviera Utilities	100
Nantahala Power and Light Company	100
All other Utilities which purchase power from any of the above named Utilities	100

The foregoing percentages are to be used in determining a Consumer's Weekly Quota of electric power as defined in paragraph (a) (5) of Limitation Order L–16. Any Consumer who purchases or otherwise acquires electric power from any of the Utilities listed in Column 1 shall be entitled to use during the week commencing November 17, 1941 and in any succeeding week not more than seven times the average daily consumption of such Consumer during his Base Billing Month, multiplied by the percentage opposite the name of the Utility which supplies such Consumer.

Issued this 12th day of November 1941.

PART 1012—DOMESTIC VACUUM CLEANERS

Limitation Order L–18 to Restrict the Production of Domestic Vacuum Cleaners

Whereas, the demands of national defense have created a shortage of various scarce materials including iron and steel used in the manufacture of domestic vacuum cleaners; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of domestic vacuum cleaners is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 1012.1 *General limitation order L–18*—(a) *Definitions.* For the purposes of this Order:

(1) "Domestic Vacuum Cleaners" means any vacuum cleaner for household use.

(2) "Factory Sales" means sales of Domestic Vacuum Cleaners from factory or branches to distributors, dealers or consumers.

(3) "Class 'A' Manufacturers" means those manufacturers of Domestic Vacuum Cleaners the monthly average of whose Factory Sales for the twelve months ending June 30, 1941, including both domestic sales and exports, was 5,200 such units or more.

(4) "Class 'B' Manufacturers" means those manufacturers of Domestic Vacuum Cleaners the monthly average of whose Factory Sales for the twelve months ending June 30, 1941, including both domestic sales and exports was less than 5,200 such units.

(b) *General restriction.* During the three months period from October 1, 1941, to December 31, 1941, inclusive:

(1) No Class "A" Manufacturer shall produce more Domestic Vacuum Cleaners than the greater of the following two limits:

(i) 15,600 of such Vacuum Cleaners, or

(ii) Three times 90% of the monthly average of his Factory Sales of such Vacuum Cleaners for the twelve months ending June 30, 1941.

(2) No Class "B" Manufacturer shall produce more Domestic Vacuum Cleaners than three times 100% of the monthly average of his Factory Sales of such Vacuum Cleaners for the twelve months ending June 30, 1941.

(c) *Avoidance of excessive inventories.* Manufacturers of Domestic Vacuum Cleaners shall not accumulate inventories of raw materials, semi-processed materials, finished parts, or assembled vacuum cleaners in quantities in excess of minimum practicable working inventories.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each Manufacturer to whom this Order applies shall file with the Electrical Appliances and Consumers' Durable Goods Branch of the Division of Civilian Supply of the Office of Production Management reports on Forms PD–170 (monthly), PD–171 (quarterly), and such other reports or questionnaires as said Office shall from time to time specify. Form PD–170 shall be filed on or before the fifteenth day of each month commencing December 15, 1941, and shall cover the preceding month (except in the case of the first report which shall cover the months of October and November).

(g) *Provision for companies under common ownership.* For the purposes of this Order, a manufacturer's classification into Class "A" or "B", shall depend upon the monthly average of Factory Sales by that manufacturer, including in the total of such sales all Factory Sales made by subsidiaries, affiliates, or by other companies or enterprises under common ownership or control.

(h) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of recommendation for prosecution under section 35A of the Criminal Code (18 U. S. C. 80).

(i) *Effective date.* This Order shall take effect upon the date of the issuance thereof and shall continue in effect until revoked by the Director of Priorities subject to such amendments or supplements thereto as may be issued from time to time by the Director of Priorities.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1312—LUMBER AND LUMBER PRODUCTS

PRICE SCHEDULE NO. 44—DOUGLAS FIR DOORS

A large proportion of the doors manufactured in this country are made of Douglas fir lumber and plywood. Fir doors, including entrance, interior, storm and screen house doors, garage doors and cupboard doors, constitute a substantial portion of building construction costs. The vastly expanded building activity accompanying the defense program has greatly augmented the demand for fir doors. The industry has responded by increasing production, but supply has noticeably lagged behind demand. As a consequence, fir door prices have risen sharply. These price increases have markedly outstripped advances in production costs. Expanded volume of output has enabled the industry to realize economies in overhead costs, but these reductions have not been reflected in prices for fir doors. Issuance of a price schedule is therefore necessary to protect consumers, the industry, and the national economy.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1312.151 *Maximum prices for Douglas fir doors.* On and after December 10, 1941, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer of Douglas fir doors shall sell, offer to sell, deliver, or transfer, for domestic or export use and no person shall buy, offer to buy, or accept delivery of any Douglas fir doors from a manufacturer at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1312.159.*

*§§ 1312.151 to 1312.159, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1312.152 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid, or offered.*

§ 1312.153 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of Douglas fir doors, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge, or by a tying agreement or other trade understanding, or by making terms and conditions of sale more onerous to the purchaser than those available or in effect on December 10, 1941, or by any other means.*

§ 1312.154 *Records and reports.* Every manufacturer who sells and every person who purchases from a manufacturer Douglas fir doors of a value of more than $1,000.00 per month after December 10, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of (a) each such purchase or sale showing the date thereof, the name and address of the buyer or seller, the price paid or received, and the quantity of each kind or grade purchased or sold, and (b) the quantity of Douglas fir doors (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1312.155 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof, and (b) that the powers of Government, both State and Federal, are fully exerted in order to protect the public interest and interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the

cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of Douglas fir doors, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1312.156 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1312.157 *Definition.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity.

(b) "Manufacturer" means a person operating a factory or plant which produces Douglas fir doors. The term includes, without restricting the generality of the foregoing, any manufacturer's representative, factory commission salesman, or other manufacturer's agent.

(c) "Douglas fir doors" means doors of the types listed in Appendix A made from Douglas fir lumber.

(d) "Deliver" means to make physical transfer of doors to a purchaser, or to a carrier, not owned or controlled by the seller, for carriage to a purchaser, to whom the doors have been sold.*

§ 1312.158 *Effective date of the schedule.* This Schedule (§§ 1312.151 to 1312.159, inclusive) shall become effective December 10, 1941.*

§ 1312.159 *Appendix A — Maximum prices[1] for Douglas fir doors.* (a) The maximum prices f. o. b. factory shall be determined by applying the following discounts to the list prices set forth in paragraph (b).

Basic Discount	72 per cent.

RULE 2. List Extras are additions to be made to foregoing Basic Lists. Where a given percentage is to be added to create a new list figure for a door, such list figure is to be made to end in 5 or 0, whichever is nearer.

RULE 3. *Larger sizes than listed.*

(a) Doors wider than listed, use widest list of same height and add for each additional four inches in width or part thereof, to List Price, 10%.

(b) Doors longer than listed, use longest list of same width and add for each additional six inches or part thereof, to List Price, 10%.

RULE 4. *Thick doors over 1¾".*

(a) Up to 2" thick, add to List Price of 1¾", same size, 100%

(b) For each ¼", or fraction, over 2" thick, add to List Price an additional 50%.

PART 1347—PAPER AND PAPER PRODUCTS

AMENDMENT NO. 3 OF PRICE SCHEDULE NO. 32—PAPERBOARD SOLD EAST OF THE ROCKY MOUNTAINS

Price Schedule No. 32[1] is hereby amended by adding thereto the following section:

§ 1347.64 *Imports.* Where paperboard of any type covered by Appendices A and B, §§ 1347.61 and 1347.62 hereof, is imported from a foreign country by a consumer, and duty must be paid on such import, such consumer may pay this duty although this payment results in a total cost to such consumer for paperboard which exceeds the maximum prices established in Appendices A and B, §§ 1347.61 and 1347.62 hereof. The total amount paid by the consumer for such imported paperboard shall in no event exceed the prices established in Appendices A and B, §§ 1347.61 and 1347.62 hereof, plus the actual amount of the import duty paid, and such import duty must be shown as a separate item in the records required to be kept in accordance with § 1347.54 hereof.

This Amendment (§ 1347.64) shall become effective November 25, 1941. (Executive Order No. 8734, 8875, 6 F.R. 1917, 4483)

Issued this 25th day of November 1941.

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 3—STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

BROADCASTS BY CANDIDATES FOR PUBLIC OFFICE

The Commission on November 26, 1941, effective immediately deleted present § 3.422 and substituted therefore the following:

§ 3.422 *Definitions.* A "legally qualified candidate" means any person who has publicly announced that he is a candidate for nomination by a convention of a political party or for nomination or election in a primary, special, or general election, municipal, county, state or national, and who meets the qualifications prescribed by the applicable laws to hold the office for which he is a candidate, so that he may be voted for by the electorate directly or by means of delegates or electors, and who (a) has qualified for a place on the ballot or (b) is eligible under the applicable law to be voted for by sticker, by writing in his name on the ballot, or other method, and (1) has been duly nominated by a political party which is commonly known and regarded as such, or (2) makes a substantial showing that he is a *bona fide* candidate for nomination or office, as the case may be. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: AIR CRUISERS, INC., CLIFTON, NEW JERSEY

Contract for: Oxygen Cylinders and Data.

Amount: $1,047,592.50.

Place: Matériel Division Air Corps, U. S. Army, Wright Field, Dayton, Ohio.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the Procurement Authorities as listed herein, the available balances of which are sufficient to cover cost of same:

AC 34 P 12–30 A 0705–12
AC 28 P 82–30 A 0705–12

This contract,[1] entered into this 13th day of October 1941.

Scope of this contract. The contractor shall furnish and deliver to the Government oxygen cylinders and data for the consideration stated one million forty seven thousand five hundred ninety two dollars and fifty cents ($1,047,592.50) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

Changes. Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

Delays—Damages. If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

Payments. The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

Termination when contractor not in default. If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government, so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940, and section 9, Act of June 30, 1941.

IN THE MATTER OF JAMES R. FOLEY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 14, 1941, by Bituminous Coal Producers Board, District 8, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 15, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Court Room, City Hall, Middlesboro, Kentucky.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings

Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, James R. Foley, Barbourville, Knox County, Kentucky, sold and offered for sale coal produced at his mine (Mine Index No. 3487), located near Barbourville in Kent County, Kentucky, to one General Cooper, Woodbine, Kentucky, acting as agent for A. B. Ferris and Ray Ferrell of Gray, Kentucky, (a) on or about July 1, 1941, approximately 366.55 tons of 2" and under nut and slack coal at approximately 10 cents per net ton f. o. b. said mine, whereas said coal was classified as Size Group 7 as shown in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, and priced at $1.55 per net ton f. o. b. said mine, and (b) on or about April 20, 1941, approximately 12 tons of 2" and under nut and slack coal at 60 cents per net ton f. o. b. said mine, whereas said coal was classified as Size Group 7 and priced at $1.55 per net ton f. o. b. said mine as shown in the Schedule referred to in (a) hereof. The aforesaid transactions were in violation of section 4 II (e) of the Bituminous Coal Act of 1937 and Part II (e) of the Bituminous Coal Code promulgated thereunder and the applicable minimum prices contained in the Schedule referred to in (a) hereof.

Dated: November 22, 1941.

It is ordered, That a hearing in respect to the subject matter of such complaint be held on January 15, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Court Room, City Hall, Middlesboro, Kentucky.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That defendant, W. H. Green, doing business as Straight Creek Jellico Coal Company, whose address is Barbourville, Ky., sold and delivered for rail shipment during the period March 27, 1941, through May 6, 1941, to various purchasers, coal produced at his W. H. Green Mine, Mine Index No. 2599, located in Knox County, Kentucky, in District 8, at prices f. o. b. railroad cars at the Barbourville Siding of the Louisville & Nashville Railroad Company, whereas minimum prices for rail shipment, temporary or final, had not been established by the Division, all of which was in violation of the Order of the Director dated October 9, 1940, in General Docket No. 19, as follows:

PETITION OF DISTRICT BOARD NO. 4 FOR THE REVISION OF THE EFFECTIVE MINIMUM PRICES FOR CERTAIN COALS IN SIZE GROUPS 3, 4 AND 5 PRODUCED AT MINES IN SUBDISTRICTS 1 TO 4, INCLUSIVE, OF DISTRICT NO. 4, FOR RAILROAD FUEL USE

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 20, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 7, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 4 for the revision of the effective minimum prices for certain coals in Size Groups 3, 4 and 5 produced at mines in Subdistricts 1 to 4, inclusive, of District No. 4, for shipment for railroad fuel use by permitting the shipment thereof at the effective minimum prices for coals in Size Group 6 produced at such mines; and, more particularly, for the deletion on pages 31 and 32 of Price Schedule No. 1 for District No. 4 For All Shipments Except Truck of the footnote reading as follows:

4" x 1¼" egg coal, which as shipped shall contain not less than 35% of the screenings not exceeding 1¼", may be applied at the mine run price applicable to all mines.

and for the insertion, in lieu thereof on pages 31 and 32, and on page 33 of the said Schedule of a footnote reading substantially as follows:

Double screened coal shipped from Subdistricts 1, 2, 3 and 4, where the bottom size is either ⅜", ¾", 1¼", 1½" or 2", may be applied at the mine run price applicable to all mines in said subdistricts, provided that said double screened coals shall be modified so as to contain not less than the following percentages of screenings of the bottom size, to-wit: ⅜"—20%; ¾"—28%; 1¼"—35%; 1½"—40%; 2"—50%.

IN THE MATTER OF MATTHEW PHILLIPS, DEFENDANT

ORDER POSTPONING AND CHANGING PLACE OF HEARING

The above-entitled matter having been scheduled for hearing at 10 o'clock in the forenoon of December 1, 1941, at a hearing room of the Bituminous Coal Division in the County Court House, Zanesville, Ohio; and

Matthew Phillips, New Cumberland, West Virginia, and Elsie Grant, New Cumberland, West Virginia, heretofore having been duly served with subpoenae requiring each of them to testify and give evidence in the above-entitled matter and to produce and bring with each of them certain books and records; and

The defendant having filed a motion dated November 17, 1941, to postpone the hearing from December 1, 1941, to any time subsequent to November 27, 1941, and before December 5, 1941, and that the above cause be reset for hearing at Steubenville, Ohio; and

The Acting Director deeming it advisable to postpone said hearing to December 4, 1941, and to change the place of hearing from Zanesville, Ohio, to Wheeling, West Virginia;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be and the same hereby is postponed from 10 o'clock in the forenoon of December 1, 1941, to 10 o'clock in the forenoon of December 4, 1941, before the officers heretofore designated to preside at the hearing; and

It is further ordered, That the place of hearing be and the same hereby is changed from the County Court House, Zanesville, Ohio, to the Circuit Court Room, Wheeling, West Virginia; and

It is further ordered, That Matthew Phillips, New Cumberland, West Virginia, and Elsie Grant, New Cumberland, West Virginia, appear before the designated officers in the latter-named place of hearing at 10 o'clock in the forenoon of December 4, 1941, as theretofore directed in said subpoenae; and

It is further ordered, That the aforesaid motion is granted as hereinabove set forth, and is in all other respects denied; and

It is further ordered, That the Notice of and Order for Hearing dated September 2, 1941, shall, in all other respects, remain in full force and effect.

[Docket No. A-47]

PETITION OF DISTRICT BOARD 6 FOR THE ESTABLISHMENT OF CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES NOT HERETOFORE CLASSIFIED AND PRICED AND FOR RECLASSIFICATION AND PRICE CHANGES FOR THE COALS OF CERTAIN MINES HERETOFORE CLASSIFIED AND PRICED, PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

MEMORANDUM OPINION AND ORDER REOPENING HEARING FOR LIMITED PURPOSE

This proceeding was instituted upon an original petition filed by District Board 6 requesting, *inter alia*, the establishment of price classifications and minimum prices for the coals of the Cross Creek Mine (Mine Index No. 114) of the Cross Creek Coal Company and the Rainbow No. 2 Mine (Mine Index No. 28) of the Penowa Coal Company. A hearing was held on October 21, 1940, and reopened on December 16, 1940. The Examiner submitted his Proposed Findings of Fact, Conclusions of Law, and Recommendations on September 6, 1941, and District Board 6 subsequently filed a Motion to Reopen the Proceeding.

In his Report, the Examiner found, *inter alia*, that the Rainbow No. 2 Mine is in District 2 and that "The record is peculiarly devoid of evidence relating to market history and relationships."

District Board 6 has filed a Motion to Reopen the Proceeding, in support of which it alleges that the Rainbow Mine is now in District 6 as a result of stripping operations subsequent to the final hearing. It further alleges that considerable data regarding the market history of Cross Creek and Rainbow coals has become available since the hearing. The motion refers in very general terms to "errors" and "inadequacies" in the record which it requests permission to correct at the reopened hearing. Foster-Bixler Fuel Company, sales agent for two of the producers involved, requested permission to join in the motion to reopen. As it is not a party to this proceeding, its motion will not be entertained. The motion to reopen is opposed by District Board 2.

The location of the Rainbow Mine and the data relating to market history of the coals of the Cross Creek and Rainbow Mines appear to be relevant to the issues herein. As it appears from the motion that the evidence to be adduced was not available prior to the hearing on December 16, 1940, the hearing should be reopened for the purpose of adducing additional evidence concerning the Cross Creek and the Rainbow Mines. However, the parties should not be permitted to introduce evidence available but not adduced at the previous hearings or cumulative evidence on issues fully developed therein.

Now, therefore, it is ordered, That the hearing in the above matter be reopened for the purpose of taking additional evidence not available at the prior hearing herein and not cumulative of evidence already adduced, with reference to the Cross Creek Mine (Mine Index No. 114) of the Cross Creek Coal Company and the Rainbow No. 2 Mine (Mine Index No. 28) of the Penowa Coal Company.

It is further ordered, That such hearing be held on December 18, 1941, at 10 o'clock in the forenoon of that day, before Examiner Charles O. Fowler, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That the Examiner shall submit supplemental findings of fact and conclusions of law and the recommendation of an appropriate order in the premises upon the basis of the entire record in this proceeding.

Dated: November 26, 1941.

Acting Director.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6216]

IN RE APPLICATION OF WESTCHESTER BROADCASTING CORP. (WFAS)

NOTICE OF HEARING

Application dated June 10, 1941, for modification of license; class of service, broadcast; class of station, broadcast; location, White Plains, N. Y.; operating assignment specified: Frequency, 1,230 kc.; power, 250 w.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with application of Paul Forman Godley (New), Docket No. 6217, for the following reasons:

1. To determine the type and character of the program service which Station WFAS would render operating as proposed.

2. To determine the extent of the interference which would result from the simultaneous operation of Station WFAS, as proposed and the station proposed for Newark, New Jersey by Paul Forman Godley in Docket No. 6217, as well as the areas and populations affected thereby and the broadcast services available to these areas and populations.

3. To determine the areas and populations which would receive primary service from Station WFAS operating as proposed and the broadcast services available to these areas and populations.

4. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

5. To determine whether public interest, convenience, and necessity would be served through the granting of this application and the application of Paul Forman Godley, Docket No. 6217, or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

NOTICE OF HEARING

Application dated July 2, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Newark, N. J.; operating assignment specified: Frequency, 1,230 kc., power, 250 w., hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing, to be consolidated with application of Westchester Broadcasting Corporation (WFAS), Docket No. 6216, for the following reasons:

1. To determine applicant's qualifications to construct and operate the proposed station.

2. To determine the type and character of the proposed program service.

3. To determine the extent of any interference which would result from simultaneous operation of the proposed station and Stations WFAS (operating as at present) and WBRB.

4. To determine the areas and populations which may be expected to lose primary service from Stations WFAS (operating as at present) and WBRB as a result of the operation of the proposed station and what other service is available to these areas and populations.

5. To determine the areas and populations which would receive primary service from the proposed station and what other broadcast service is available to these areas and populations.

6. To determine whether the proposed station would provide a minimum field intensity of 25 to 50 mv/m to the business districts of Newark, New Jersey. (Section 4 of the Standards of Good Engineering Practice.)

7. To determine the extent of the interference which would result from the simultaneous operation of the proposed station and Station WFAS as proposed in docket No. 6216, as well as the areas and populations affected thereby and the broadcast services available to these areas and populations.

8. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

9. To determine whether public interest, convenience and necessity would be served through the granting of this application and the application of Westchester Broadcasting Corporation, Docket No. 6216, or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. SECURITIES AND EXCHANGE COMMISSION.

[File No. 31-415]

IN THE MATTER OF CENTRAL HUDSON GAS & ELECTRIC CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

An application pursuant to the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named party;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on December 17, 1941, at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before December 10, 1941.

The matter concerned herewith is in regard to the application of Central Hudson Gas & Electric Corporation, a New York Corporation, for an order pursuant to section 2 (a) (8) of the Act, declaring it not to be a subsidiary of The United Corporation; The United Corporation owns 23.18% of the voting securities of the Niagara Hudson Power Corporation, which in turn owns 29.72% of the voting securities of Central Hudson Gas & Electric Corporation.

By the Commission.

IN THE MATTERS OF CENTRAL NEW YORK POWER CORPORATION AND NIAGARA HUDSON POWER CORPORATION

ORDER GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

The above-named persons having filed applications pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 10 thereof, regarding the following transactions:

Central New York Power Corporation, a subsidiary of Niagara Hudson Power Corporation, in turn a subsidiary of The United Corporation, a registered holding company, proposes to issue and sell, and Niagara Hudson Power Corporation proposes to acquire, 65,662 additional shares of the common stock without par value (stated value $25 per share) at a price of $25 per share, to realize proceeds of $1,641,550. Of said proceeds, $900,000 is to be used as additional working capital, and the balance of $741,550 is to be applied in partial reimbursement of the treasury for the cost of reacquiring shares of its preferred stock, which amount will then be applied toward the payment of a like amount of open account advances owed to Niagara Hudson Power Corporation;

Said applications having been filed on August 17, 1940, and August 22, 1940, and amendments thereto having been filed, the last of said amendments having been filed on November 12, 1941, and notice of said filings having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for hearing with respect to said applications within the period specified in said notices, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application under section 6 (b) of said Act that the requirements of section 6 (b) have been satisfied, and with respect to said application under section 10 of said Act that no adverse findings are necessary under section 10 (b) and 10 (c) (1), and that the transaction involved has the tendency required by section 10 (c) (2) of said Act;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid applications be and hereby are granted forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

EXECUTIVE ORDER

ESTABLISHING AN AIRSPACE RESERVATION OVER A PORTION OF THE DISTRICT OF COLUMBIA

By virtue of and pursuant to the authority vested in me by section 4 of the Air Commerce Act of 1926 (44 Stat. 570), the airspace above the following-described portion of the District of Columbia is hereby reserved and set apart for national defense and other governmental purposes, and for public-safety purposes, as an airspace reservation within which no person shall navigate a civil aircraft except by special permission of the Administrator of Civil Aeronautics:

All that area within the City of Washington, D. C., lying within the following-described boundary:

Beginning at the eastern end of the Arlington Memorial Bridge (Lat. 38°53'19" N.; Long. 77°3'9" W.) (also identifiable as a point adjacent to the Lincoln Memorial Monument); thence north along the eastern bank of the Georgetown Channel of the Potomac River to the eastern end of the Key Bridge (Lat. 38°54'14" N.; Long. 77°04'15" W.);
thence a distance of approximately 0.3 miles on a true bearing of 307° to Georgetown University (Lat. 38°54'25" N.; Long. 77°04'28" W.) (identifiable by the Astronomical Observatory situated within the University Grounds);
thence a distance of approximately 1.7 miles on a true bearing of 6° to the National Cathedral (Lat. 38°55'52" N.; Long. 77°04'17" W.) (identifiable by the spires);
thence a distance of approximately 3.4 miles on a true bearing of 78° to the Scott Building of the Soldiers' Home (Lat. 38°56'31" N.; Long. 77°00'41" W.) (identifiable by the clock cupola above the roof of such building);
thence a distance of approximately 3.1 miles on a bearing of 175° true to the center of the Union Station (Lat. 38°53'49" N.; Long. 77°00'23" W.) (identifiable by the south southwest terminal of the railroad tracks);
thence a distance of 0.4 miles on a true bearing of 120° to the center of Stanton Square (Lat. 38°53'36" N.; Long. 77°00'00" W.) (identifiable as the conjunction of Massachusetts Avenue, Maryland Avenue, and 4th, 5th, and 6th Streets Northeast, with such Square);
thence a distance of approximately 0.5 of a mile on a true bearing of 180° to the center of Seward Square (Lat. 38°53'10" N.; Long. 77°00'00" W.) (identifiable as the conjunction of Pennsylvania Avenue, North Carolina Avenue, and 4th, 5th, and 6th Streets Southeast, with such Square);
thence a distance of approximately 0.4 of a mile on a true bearing of approximately 242° to the intersection of the centerlines of New Jersey Avenue, North Carolina Avenue, and E Street Southeast (Lat. 38°53'00" N.; Long. 77°00'24" W.) (identifiable as a point adjacent to the smokestack of the Capitol power house);
thence a distance of approximately 1.4 miles on a true bearing of approximately 268° to the center of the railroad bridge over the channel of water connecting the Tidal Basin and the Washington Channel (Lat. 38°52'58" N.; Long. 77°01'57" W.); and
thence a distance of approximately 1.1 miles on a true bearing of approximately 291° to the point of beginning.

Any person navigating an aircraft within this airspace reservation in violation of the provisions of this Order will be subject to the penalties prescribed in the Civil Aeronautics Act of 1938 (52 Stat. 973), as amended.

This Order supersedes Executive Order No. 8378[1] of March 18, 1940, establishing an airspace reservation over a portion of the District of Columbia.

PART 405—RECONDITIONING SECTION

RECONDITIONING WHERE PRIOR APPROVAL NOT OBTAINED

Section 405.05 is amended to read as follows:

§ 405.05 *Disbursement in exceptional cases.* The General Manager may authorize an advance for the account of borrowers, vendees and transferees, for reconditioning which has been partially or fully performed by a home owner not in conformance with established regulations, provided that such advance is determined to be in the best interests of the Corporation in order to protect its security or to facilitate the collection of indebtedness owing to the Corporation or to permit the orderly liquidation of the assets of the Corporation; and may incur and approve the amount and payment of fees and expenses in connection with such advances, except legal fees and expenses, which shall be incurred, approved and paid as provided in Part 406 of this Title. The authority herein granted may be exercised also by the Regional Manager under procedure and limitations prescribed by the General Manager with the approval of the General Counsel.

(Effective date November 14, 1941)

(Secs. 4 (a), 4 (k) of Home Owners' Loan Act of 1933, 48 Stat. 129, 132 as amended by section 13 of the Act of April 27, 1934, 48 Stat. 647; 12 U.S.C. 1463 (a), (k))

PART 405—RECONDITIONING SECTION

RECONDITIONING WHERE PRIOR APPROVAL NOT OBTAINED

Sections 405.05-1, 405.05-2 and 405.05-3 are added, reading as follows:

§ 405.05-1 *General provisions.* Where a home owner requests the Corporation to make an advance for reconditioning which he has partially or fully completed without having complied with the regulations, and without obtaining prior approval of the reconditioning, he shall file an application as in the case where the request was made in advance; and the regulations of the Corporation with respect to reconditioning advances shall apply and be followed insofar as applicable.

§ 405.05-2 *Regional Manager's authority.* The Regional Manager may authorize an advance not to exceed $500, exclusive of inspection fees, legal fees and expenses and other incidental expenses, for reconditioning which has been partially or fully performed by a home owner not in conformance with established regulations, if he determines that such reconditioning and advance therefor is in the best interest of the Corporation in order to protect its security or to facilitate the collection of the indebtedness owing to the Corporation; provided the Regional Reconditioning Supervisor certifies in writing that the reconditioning has been performed in a satisfactory manner or will be performed under the supervision of the Reconditioning Section, and that in his judgment the actual or estimated cost thereof is reasonable.

§ 405.05-3 *Cases to be referred to home office.* Any advance for reconditioning which has been partially or fully performed by a home owner not in conformance with established regulations shall be forwarded, with the recommendation of the Regional Manager and recommendation or opinion of the Regional Counsel, to the General Manager for review and decision where (a) the amount to be advanced exceeds $500, exclusive of inspection fees, legal fees, and expenses and other incidental expenses, and where (b) the advance for reconditioning is designed wholly or in part to promote the orderly liquidation of the assets of the Corporation regardless of the amount of the advance. Each such case shall be submitted to the Chief, Reconditioning Section, and the Deputy General Manager in Charge of Loan Service for their review and recommendation, and to the Legal Department for legal advice.

(Effective November 24, 1941)

(Above procedure promulgated by the General Manager and General Counsel pursuant to authority vested in them by the Federal Home Loan Bank Board acting pursuant to secs. 4 (a) and 4 (k) of Home Owners' Loan Act of 1933, 48 Stat. 129, 132, as amended by sections 1 and 13 of the Act of April 27, 1934, 48 Stat. 643 and 647; 12 U.S.C. 1463 (a), (k).)

PART 614—MINIMUM WAGE RATE IN THE MISCELLANEOUS APPAREL INDUSTRY

WAGE ORDER IN THE MATTER OF THE RECOMMENDATION OF INDUSTRY COMMITTEE NO. 31 FOR A MINIMUM WAGE RATE IN THE MISCELLANEOUS APPAREL INDUSTRY

Whereas, on July 8, 1941, pursuant to section 5 (b) of the Fair Labor Standards Act of 1938, herein referred to as the Act, the Administrator of the Wage and Hour Division of the United States Department of Labor, by Administrative Order No. 116, appointed Industry Committee No. 31 for the Miscellaneous Apparel Industry, herein called the Committee, and directed the Committee to recommend a minimum wage rate for the Miscellaneous Apparel Industry in accordance with section 8 of the Act; and

Whereas, the Committee included six disinterested persons representing the public, a like number of persons representing employers in the Miscellaneous Apparel Industry, and a like number of persons representing employees in the Industry, and each group was appointed with due regard to the geographical regions in which the Miscellaneous Apparel Industry is carried on; and

Whereas, on August 28, 1941, the Committee, after investigating economic and competitive conditions in the Industry, filed with the Administrator a report containing its recommendation for a 40-cent minimum hourly wage rate in the Miscellaneous Apparel Industry; and

Whereas, after notice duly published in the FEDERAL REGISTER on October 11, 1941, Major Robert N. Campbell, the Presiding Officer designated by the Administrator, held a public hearing upon the Committee's recommendation at Washington, D. C., on October 27, 1941, at which all interested persons were given an opportunity to be heard; and

Whereas, a complete record of the proceeding before the Presiding Officer has been transmitted to the Administrator; and

Whereas, by notice given at the hearing, all persons who appeared at the hearing were given leave to file briefs on or before November 24, 1941; and

Whereas, no request for oral argument having been received, oral argument on the Committee's recommendation was dispensed with in this proceeding; and

Whereas, the Administrator, upon reviewing all the evidence adduced in this proceeding and giving consideration to the provisions of the Act with special reference to Sections 5 and 8, has concluded that the Committee's recommendation for the Miscellaneous Apparel Industry as defined by Administrative Order No. 116, is made in accordance with law, is supported by the evidence adduced at the hearing, and taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of the Act; and

Whereas, the Administrator has set forth his decision in an opinion entitled "Findings and Opinion of the Administrator in the Matter of the Recommendation of Industry Committee No. 31 for a Minimum Wage Rate in the Miscellaneous Apparel Industry," dated this day, a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington, D. C.;

Now, therefore, it is ordered, That:

Sec.
614.1 Approval of recommendation of Industry Committee No. 31.
614.2 Wage rate.
614.3 Posting of notices.
614.4 Definition of the miscellaneous apparel industry.
614.5 Scope of the definition.
614.6 Effective date.

§ 614.1 *Approval of recommendation of Industry Committee No. 31.* The Committee's recommendation is hereby approved.*

*§§ 614.1 to 614.6, inclusive, issued under the authority contained in sec. 8, 52 Stat. 1064; 29 U.S.C., Sup. IV, 208.

§ 614.2 *Wage rate.* Wages at a rate of not less than 40 cents per hour shall be paid under section 6 of the Act by every employer to each of his employees in the Miscellaneous Apparel Industry who is engaged in commerce or in the production of goods for commerce.*

§ 614.3 *Posting of notices.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the Miscellaneous Apparel Industry shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this Order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor.*

§ 614.4 *Definition of the miscellaneous apparel industry.* The manufacture of men's and boys' neckties, scarfs and mufflers from any woven materials or from purchased knitted materials; the manufacture of robes from any woven materials or from purchased knitted materials, including without limitation men's, women's and children's bath, lounging and beach robes and dressing gowns; the manufacture of garters, suspenders, arm bands, other elastic woven products, and similar products (except orthopedic and athletic products) from webbing, leather, or other material; the manufacturing process of covering buttons and buckles with cloth, leather or similar materials; the manufacture and processing for use on apparel, of arti-

ficial flowers, buds, foliage, fruits, plants, and feathers, or parts thereof from any material; and the preservation and processing, for use on apparel, of natural flowers and feathers.*

§ 614.5 *Scope of the definition.* The definition of the miscellaneous apparel industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however,* That such clerical, maintenance, shipping and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.*

§ 614.6 *Effective date.* This Wage Order shall become effective December 15, 1941.*

Signed at Washington, D. C., this 28th day of November 1941.

[Contract No. W 535 ac-21222; 5603]

SUMMARY OF CONTRACT FOR SUPPLIES

CONTRACTOR: BENDIX AVIATION CORPORATION, PIONEER INSTRUMENT DIVISION, BENDIX, NEW JERSEY

Contract for: Airspeed Indicators and Data.

Amount: $1,210,320.00.

Place: Matériel Division, Air Corps, U. S. Army, Wright Field, Dayton, Ohio.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following Procurement Authorities, the available balances of which are sufficient to cover cost of same:

AC 299 P 111-30 A 0021-13
AC 34 P 12-30 A 0705-12
AC 28 P 82-30 A 0705-12

This contract,[1] entered into this 18th day of September 1941.

ARTICLE 1. *Scope of this contract.* The contractor shall furnish and deliver * * * Airspeed Indicators and data for the consideration stated one million two hundred ten thousand three hundred twenty dollars ($1,210,320.00) in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof.

ART. 2. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications, except Federal Specifications. Changes as to shipment and packing of all supplies may also be made as above provided.

ART. 5. *Delays—Damages.* If the contractor refuses or fails to make deliveries of the materials or supplies within the time specified in Article 1, or any extension thereof, the Government may by written notice terminate the right of the contractor to proceed with deliveries or such part or parts thereof as to which there has been delay.

ART. 8. *Payments.* The contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

ART. 22. *Termination when contractor not in default.* If, in the opinion of the contracting officer upon the approval of the Secretary of War, the best interests of the Government so require, this contract may be terminated by the Government, even though the contractor be not in default, by a notice in writing relative thereto from the contracting officer to the contractor.

This contract authorized under the provisions of section 1 (a) Act of July 2, 1940, and section 9, Act of June 30, 1941.

FRANK W. BULLOCK,
Lt. Col., Signal Corps,
Assistant to the Director of Purchases and Contracts.

SUMMARY OF COST-PLUS-A-FIXED-FEE SUPPLY CONTRACT

CONTRACTOR: NASH-KELVINATOR CORPORATION, DETROIT, MICHIGAN

Contract for: * * * Airplane Propeller Assemblies and Spare Parts.

Estimated cost: $18,399,885.00.

Fixed-fee: $1,103,993.10.

The supplies and services to be obtained by this instrument are authorized by, and for the purpose set forth in, and are chargeable to the following Procurement Authorities, the available balances of which are sufficient to cover the cost of the same:

AC 32 P 12-30 A 0705-2
AC 18 P 82-30 A 0705-2

This contract,[1] entered into this 11th day of October 1941.

ARTICLE 1. *Statement of work.* The Contractor shall, within the time specified in Article 4 hereof, manufacture, furnish and deliver to the Government the following articles:

* * * Propeller Assemblies.
Spare Parts for the above propellers * * *.

ART. 2. *Estimated costs.*

Quantity	*Estimated cost*
* * * Propeller assemblies	$15,999,900.00
Spare parts for the above propeller assemblies	2,399,985.00
Total estimated cost	18,399,885.00

ART. 3. *Consideration.* The Government will pay the Contractor upon satisfactory delivery of all items specified in the contract, subject to reimbursement for costs and payments on account of the fixed fee as outlined in Article 6 hereof, the cost of the work to be performed under this contract plus a fixed fee of One Million One Hundred Three Thousand Nine Hundred Ninety-Three Dollars and Ten Cents ($1,103,993.10).

ART. 5. *Changes.* The Contracting Officer may, at any time, by a written order, make changes in or addition to the drawings, instructions, and specifications.

ART. 6. *Payments*—(a) *Reimbursement for cost.* The Government will currently reimburse the Contractor for such expenditures made in accordance with Article 3, as may be approved or ratified by the Contracting Officer, and upon certification to and verification by the Contracting Officer of the original signed payrolls for labor, the original paid invoices for materials or other original papers. Generally, reimbursement will be made weekly, but may be made at more frequent intervals if the conditions so warrant.

(b) *Payment of the fixed fee.* Ninety percentum (90%) of the fixed fee set forth in paragraph (a) of Article 3 hereof shall be paid as it accrues. Upon completion of the work and its final acceptance, any unpaid balance of the fee, including the additions thereto, if any, to which the Contractor may be entitled shall be paid to the Contractor.

(c) *Advances.* The Government, as requested by the Contractor from time to time, shall make advance payments to the Contractor, without payment of interest thereon by the Contractor, of such sums as may be requested by the Contractor and approved by the Contracting Officer, the aggregate of which shall not exceed thirty per centum (30%) of the estimated cost of the work under this contract. Such advances shall be made upon such terms and conditions and with such security as the Secretary of War may prescribe.

ART. 9. *Termination of contract by Government.* The Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

First, in the event the Contractor shall at any time refuse, neglect or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained.

Second, in the event conditions arise which make it advisable or necessary in the interest of the Government to cease work under this contract.

ART. 20. *Fire insurance.* The Contractor agrees, unless and until otherwise directed in writing by the Contracting Officer, to insure against fire all property in its possession upon which an advance payment or a payment in reimbursement for costs is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other advance payments or payments in reimbursement of costs, if any, theretofore made thereon, and further agrees to keep such property so insured until the same is delivered to the Government.

ART. 21. *Title to property.* The title to all work under this contract, completed or in the course of manufacture or assembly at the Contractor's plant, shall be in the Government. Upon deliveries at the Contractor's plant, or at an approved storage site, title to all purchased materials, parts, assemblies, subassemblies, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed hereunder, shall vest in the Government.

ART. 35. *Changes to fixed price contract.* In the making of this contract, it is contemplated that when the Contractor is of the opinion that it has had sufficient experience in the manufacture of the articles herein contracted for to estimate the cost thereof with reasonable accuracy it will commence negotiations with the Government in an effort to arrive at a mutually satisfactory agreement providing for definite fixed prices to be paid by the Government to the Contractor for the articles called for hereunder, in lieu of the cost plus a fixed fee herein provided for. Such agreement shall be in form mutually satisfactory to the parties hereto and shall provide that the fixed prices agreed upon shall apply to all articles theretofore and thereafter furnished to the Government hereunder.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940, section 9, Act of June 30, 1941 and section 2 (a) Act of June 28, 1940.

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division"), finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine

(a) whether or not the respondents in the above-entitled matter, Material Service Corporation, a corporation, Registered Distributor, Registration No. 6031, whose address is 33 North LaSalle Street, Chicago, Illinois, and Consumers Company of Illinois, a corporation, Registered Distributor, Registration No. 1811, whose address is 111 West Washington Street, Chicago, Illinois, have violated any provisions of the Act, the Code, any orders or regulations of the Division including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, and the Agreement ("Agreement") dated April 8, 1940, executed by respondent, Material Service Corporation, and the Agreement ("Agreement") dated June 9, 1939, executed by respondent, Consumers Company of Illinois, both Agreements executed pursuant to Order of the National Bituminous Coal Commission (the "Commission") dated March 24, 1939, in Docket No. 12, which was adopted as an Order of the Division on July 1, 1939; and

(b) whether or not the registration of said distributors should be revoked or suspended, or other appropriate penalties be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. The respondent, Material Service Corporation, ("Material") is a corporation organized and existing under and by virtue of the laws of the State of Illinois, with its principal place of business located at 33 North LaSalle Street, Chicago, Illinois, and was at the time of the occurrence of the transactions hereinafter described, and is now, engaged in part under the powers granted to it by its corporate charter, in the business of buying, selling and distributing bituminous coal.

3. On April 22, 1940, pursuant to the Order of the National Bituminous Coal Commission ("Commission"), dated March 24, 1939, entered in General Docket No. 12, and adopted as an Order of the Division on July 1, 1939, said Material filed with the Division its application dated April 8, 1940, for registration as a distributor. Said application was accompanied by said respondent's Agreement ("Agreement"), executed April 8, 1940, and was approved by the Division on April 24, 1940, and Certificate No. 6031 was issued to said respondent authorizing it to act as a registered Distributor, and said respondent has been acting, ever since said last mentioned date, and is now acting, as a registered distributor.

4. The respondent, Consumers Company of Illinois ("Consumers") is a corporation organized and existing under and by virtue of the laws of the State of Delaware, with its principal place of business at Chicago, Illinois, and was at the time of the occurrence of the transactions hereinafter described, and is now, engaged in part under the powers granted to it by its corporate charter in the business of buying, selling and distributing bituminous coal.

5. On April 27, 1940, pursuant to the Order of the National Bituminous Coal Commission ("Commission"), dated March 24, 1939, entered in General Docket No. 12, and adopted as an Order of the Division on July 1, 1939, said Consumers filed with the Division its application dated June 9, 1939, for registration as a distributor. Said application was accompanied by said respondent's Agreement ("Agreement") dated June 9, 1939, and was approved by the Division on April 29, 1940, and Certificate No. 1811 was issued to said respondent authorizing it to act as a registered distributor, and said respondent has been acting ever since said last mentioned date, and is now acting, as a registered distributor.

6. Under date of May 25, 1933, the Union Coal Company, a corporation, of Peru, Illinois, code member in District No. 10, directly and without the intervention of any sales agent or agents, entered into a written agreement with the Alpha Portland Cement Company for the sale by said Code Member to said Cement Company of large quantities of coal produced by said Code Member, and ever since said May 25, 1933, said Code Member has sold and delivered large quantities of coal to said Cement Company under the terms of said written agreement. Prior to October 1, 1940 the respondents herein induced said Code Member to pay to them jointly, and said respondents have subsequent to October 1, 1940 accepted from said Code Member sales commissions of ten cents per ton on large quantities of coal so sold and delivered by said Code Member to said Cement Company in pursuance of said agreement of May 25, 1933. No contracts of agency between said Code Member and respondents or either of them have ever been filed with the Statistical Bureau for District No. 10, or with the Division, and the compensation received by said respondents and each of them is obviously disproportionate to the ordinary value of the services rendered by them and each of them to said Code Member, and the employment of said respondents and each of them by said Code Member was made with the primary intention and purpose of securing preferment with the Alpha Portland Cement Company as purchaser of said coal.

7. The acceptance by respondents of such sale commissions under the circumstances referred to in Paragraph 6 hereof constituted violations of the following:

(a) Rule 9 of section II of the Marketing Rules and Regulations and therefore paragraph (e) of the Agreement;

(b) Section 4 II (i) 13 of the Act, Rule 13 of section XIII of the Marketing Rules and Regulations, and, therefore, paragraphs (c) and (e) of the Agreement.

It is therefore ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributors should be revoked or suspended, or other appropriate penalties be imposed, be held on January 19, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Custom Court House, Room 709, U. S. Custom Building, 610 South Canal Street, Chicago, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondents, and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answers to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondents; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted the said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: November 22, 1941.

[Docket Nos. A–1144; A–1144, Part II]

PETITIONS OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 8; AND FOR THE ESTABLISHMENT OF AN ADDITIONAL RAIL LOADING POINT FOR THE COALS OF THE DARBY MINE (MINE INDEX NO. 891) OF ROBERT JAMISON, A PRODUCER IN DISTRICT NO. 8

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A–1144 PART II FROM DOCKET NO. A–1144 AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A–1144 PART II

The original petition in the above-entitled matter filed with this Division on November 1, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 8. The original petition also prays for the establishment of an additional rail loading point for the coals of the Darby Mine (Mine Index No. 891) of Robert Jamison.

As indicated in a separate order in Docket No. A–1144, reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except with respect to the establishment of the additional rail loading point sought for the coals of Mine Index No. 891. The Acting Director is of the opinion that the original petitioner has not set forth sufficient facts to warrant the establishment of an additional rail loading point for the coals of this mine.

Now, therefore, it is ordered, That the portion of Docket No. A–1144 relating to the coals of the Darby Mine (Mine Index No. 891) of Robert Jamison, be and the same hereby is, severed from the remainder of Docket No. A–1144 and designated as Docket No. A–1144 Part II.

It is further ordered, That a hearing in Docket No. A–1144 Part II under the applicable provisions of said Act and the rules of the Division be held on January 7, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division 734 Fifteenth Street NW. Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Acting Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before January 2, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 8 for the establishment of an additional rail loading point, at Cumberland, Kentucky, for the coals of the Darby Mine (Mine Index No. 891) of Robert Jamison.

Dated: November 27, 1941.

NOTICE OF HEARING WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER REGULATING THE HANDLING OF FRESH PEACHES GROWN IN THE STATE OF GEORGIA

Notice is hereby given of a hearing to be held in the Hotel Dempsey, Macon, Georgia, at 9:00 a. m., e. s. t., December 16, 1941, relative to a proposed marketing agreement and a proposed order regulating such handling of fresh peaches grown in the State of Georgia as is in the current of, or as directly burdens, obstructs, or affects, commerce between the State of Georgia and any point outside thereof.

This notice is given pursuant to the provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, and of the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture.

This public hearing is for the purpose of receiving evidence (a) as to the general economic conditions which may necessitate regulation in order to effectuate the declared policy of the act and (b) as to the specific provisions which a marketing agreement and order should contain.

The proposed marketing agreement and the proposed order provide, in similar terms, a plan for the regulation of the aforesaid handling of peaches, and include, among other matters relating to such regulation, provisions for: (1) the establishment of the Industry Committee consisting of 8 producer members; (2) the establishment of the Distributors'

Advisory Committee consisting of 7 handler members; (3) the levying of assessments to cover expenses of the committees incident to the administration of such program; (4) prohibiting the handling of peaches which do not meet the maturity requirements set forth in the U. S. Standards for Peaches, issued by the United States Department of Agriculture, effective April 22, 1933, or as such standards may be modified, revised, or new standards promulgated; (5) the regulation of shipments by grades or sizes, or combinations thereof; (6) inspection of shipments by an authorized representative of the Federal-State Inspection Service; and (7) reports by handlers to the Industry Committee.

Copies of the proposed marketing agreement and order may be obtained from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 0310 South Building, Washington, D. C., or may be there inspected.

CERTIFICATION TO THE EMPLOYMENT SECURITY COMMISSION OF THE STATE OF NEW MEXICO PURSUANT TO SECTION 1602 OF THE INTERNAL REVENUE CODE

The Employment Security Commission of the State of New Mexico having duly submitted to the Social Security Board, pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, as amended, the New Mexico Employment Security Law; and

The Social Security Board having considered the provisions of said law to determine whether or not reduced rates of contributions are allowable thereunder under conditions fulfilling the requirements of section 1602 of the Internal Revenue Code;

The Board hereby finds that:

(1) Said law provides for a pooled fund as defined in section 1602 (c) (2) of the Internal Revenue Code; and

(2) Reduced rates of contributions under said law to such pooled fund are allowable only in accordance with the provisions of section 1602 (a) (1) of the Internal Revenue Code.

Pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, the Board hereby directs that the foregoing findings be certified to the Employment Security Commission of the State of New Mexico.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-409]

IN THE MATTER OF IOWA PUBLIC SERVICE COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27th day of November, A. D. 1941.

A declaration or application (or both) having been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named person, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER and otherwise as provided by Rule U-23 of said Act; and

The said declaration or application concerning the following:

Iowa Public Service Company, a subsidiary of Sioux City Gas and Electric Company, which is a registered holding company, proposes to purchase (1) substantially all of the assets, including the gas plant and gas distribution system located at Independence, Iowa, of Independence Gas Company, a subsidiary of Great Lakes Utilities Company, which is a registered holding company, for $55,000 cash, and (2) substantially all of the assets, including the natural gas distribution system located at LeMars, Iowa, of LeMars Gas Company, also a subsidiary of Great Lakes Utilities Company, for $70,000 cash. In addition to the cash consideration, the vendee also proposes to assume all the outstanding liabilities of the vendors (other than those owed to affiliates of the vendors).

Iowa Public Service Company proposes to pay Polk-Peterson Corporation and Carleton D. Beh Company $2,500 for their right, title and interest in and to a contract to purchase said assets.

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that a hearing be held with respect to said declaration or application (or both) and that said declaration shall not become effective or said application be granted except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on December 15, 1941, at 10:00 A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such declaration shall become effective.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application or declaration particular attention will be directed at said hearing to the following matters and questions:

1. Whether the consideration to be paid by Iowa Public Service Company is reasonable and bears a fair relation to the sums invested in and the earning capacity of the utility assets to be acquired.

2. Whether the $2,500 which Iowa Public Service Company proposes to pay Polk-Peterson Corporation and Carleton D. Beh Company for an assignment of their right, title and interest in and to a contract to purchase the LeMars and Independence properties is reasonable.

3. Whether said acquisitions will serve the public interest by tending towards the economical and efficient development of an integrated public utility system.

4. Whether said acquisitions will be detrimental to the public interest or the interests of investors or consumers.

By the Commission.

[File No. 59-35]

IN THE MATTER OF NEW YORK WATER SERVICE CORPORATION AND FEDERAL WATER AND GAS CORPORATION, RESPONDENTS

NOTICE OF AND ORDER INSTITUTING PROCEEDINGS AND SETTING DATE FOR HEARING AND ORDER TO SHOW CAUSE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 27th day of November, A. D. 1941.

The Commission having data in its official files relating to New York Water Service Corporation and Federal Water and Gas Corporation (formerly known as Federal Water Service Corporation) which, if true, tends to show:

1. New York Water Service Corporation is a corporation organized under the laws of the State of New York. The issued and outstanding common stock of New York Water Service Corporation is owned entirely by Federal Water and Gas Corporation, a registered holding company under the Public Utility Holding Company Act of 1935. No other securities or obligations of New York Water are owned by Federal.

New York water owns and operates water distribution systems serving certain communities in New York and also sells water at wholesale to certain municipalities and water districts. It has three subsidiary companies, Rochester & Lake Ontario Water Service Corporation, Western New York Water Company and South Bay Consolidated Water Company, Inc., all of which are organized under the laws of New York and operate water distribution systems and sell water at wholesale within the State of New York.

3. The capitalization, including surplus, of New York Water as of December 31, 1940, as shown by its books, was as follows:

	Amount
Funded debt:	
First mortgage 5% bonds, due 1951	[1] $13,773,000
Secured serial promissory notes, 4%, due 1941-1944	450,000
Sag Harbor Water Company first mortgage 6% bonds due 1943 (assumed)	20,500
	14,243,500
Preferred stock:	
6% cumulative, $100 par value per share, issued and outstanding 46,532 shares	4,653,200
Common stock and surplus:	
Common stock, $100 par value per share, issued and outstanding 26,015 shares	2,601,500
Capital surplus	1,874,284
Earned surplus	1,162,437
	5,638,221
Total	24,534,921

[1] Exclusive of $167,000 principal amount reacquired and $1,000,000 nominally issued and pledged as collateral to Secured Serial Promissory Notes.

4. Arrearages on the 6% preferred stock of New York Water at December 31, 1940, aggregated $2,594,159 or $55.75 per share.

5. At December 31, 1940, the value per books of the utility plant of New York Water, less depreciation reserve, was $20,444,797.

6. Substantially all of the properties owned and operated by New York Water were originally acquired by it from affiliates. The cost of such properties to New York Water exceeded the cost thereof to affiliates by more than $850,000.

7. The greater part of the utility plant accounts of New York Water are stated on the basis of appraised reproduction cost new as determined by Public Works Engineering Corporation, affiliated engineers, at various dates from 1926 to 1930 plus subsequent additions at cost, less retirements. The recorded values of net property, based on such appraisals,

exceeded the cost of such properties to New York Water by more than $3,990,000.

8. If the minimum amounts of upward revaluations referred to in paragraphs 6 and 7 were deducted from the property accounts of New York Water and the dividend arrearages as at December 31, 1940 were added to the stated value of its preferred stock, the common stock would have no equity in the assets as recorded on the books and the preferred stock would have a book value of $5.451,-421, as shown by the following table:

	Adjustments			
	Per books	Dividend arrearages	Upward revaluations	As adjusted
Funded debt	$14,243,500			$14,243,500
Preferred stock	4,633,200	$2,594,159	($1,795,938)	5,451,421
Common stock	5,638,221	(2,594,159)	(3,044,062)	
Net assets	24,534,921		(4,840,000)	19,694,921

9. The revenues and income of New York Water derived from its operation of water properties during each of the years 1936 to 1940, inclusive, are shown in the following table:

Year	Operating revenues	Operating income
1936	$2,419,863	$977,054
1937	2,431,107	997,164
1938	2,428,224	976,727
1939	2,499,451	979,716
1940	2,459,684	948,531

10. For the years 1936 to 1940 New York Water has deducted substantially greater provisions for depreciation in its Federal income tax returns than were provided on its books during such years.

11. The investments of New York Water in its subsidiary companies at December 31, 1940, were carried on its books as follows:

Subsidiaries	Shares or principal amount			Carrying value on the books of New York
	Outstanding	Owned by New York		
		Amount	*Percent*	
Rochester & Lake Ontario:				
Water Service Corporation:				
Common stock	2,000 shs.	2,000 shs.	100.00	$1,368,440

				1,171,684
Total carrying value (exclusive of open accounts)				4,609,839
Less—Reserve provided for investment in common and preferred stock of Western New York Water Company and South Bay Consolidated Water Company, Inc.				2,000,000
Net carrying value (exclusive of open accounts)				[2] 2,609,839

[1] The preferred stock of Western is non-cumulative. It is entitled to receive $5 per share before any dividends are paid on the common and to participate share for share with the common until it receives $8 per share.
[2] New York Water also had open accounts receivable at December 31, 1940 from Rochester & Lake Ontario Water Service Corporation in the amount of $212,000, which is non-interest-bearing, and South Bay Consolidated Water Company, Inc., in the amount of $510,000, bearing interest at 6%.

12. During the years 1937 to 1940, inclusive, no dividends have ben paid on the preferred or common stocks of any of New York Water's subsidiaries and New York Water has received no income from its investment in its subsidiaries other than interest on the bonds of Rochester and on the open account due it from South Bay as shown below:

	Rochester	South Bay	Combined
1937	$36,750	$28,203	$64,953
1938	36,750	30,105	66,855
1939	36,750	29,826	66,576
1940	36,750	30,607	67,357

13. During the year ended December 31, 1940, the fixed charges of South Bay, including interest paid to New York Water, exceeded by $42,173 the gross income of South Bay for that period. The preferred stock dividend requirements of South Bay amounted to $62,664 for the year ended December 31, 1940, and at that date arrearages on such stock amounted to $556,143, or $53.25 per share. Dividends have not been paid on the preferred stock since February, 1932, and no dividends have been paid on the common stock since 1930.

14. During the year ended December 31, 1940, the gross income of Rochester was $190,523 and its net income was $97,106. No dividends have been paid on the common stock of Rochester & Lake Ontario Water Service Company since December 1931.

15. During the year ended December 31, 1940, Western's gross income per books was $345,529 and its net income per books after fixed charges was $85,-998. The latter amount was sufficient to meet the minimum preferred dividend requirement of $51,533 and leave a balance of $34,465 to be divided between common stock and the preferred stock. No dividends on the preferred stock of Western have been paid since 1935 and no dividends have ever been paid on the common stock.

16. The gross income derived by New York Water from its operations and investments and net income as shown by its books for each of the years 1936 to 1940, inclusive, were:

Year	Gross Income	Net income
1936	$1,048,505	$309,891
1937	1,042,094	287,525
1938	1,048,666	280,122
1939	1,046,110	268,886
1940	1,015,920	237,206

17. Unamortized debt discount and expense of New York Water, aggregating $1,215,521, was charged to capital surplus in 1929 and 1930. Said charges resulted in the elimination of subsequent charges to income aggregating, to December 31, 1940, approximately $646,000. For the years 1936 to 1940 such charges to income would have amounted to $53,209 per year, and, for the year 1940, $52,900.

18. If the net income of New York Water were adjusted to reflect amortization of debt discount and expense, the following net income would have been received by New York Water for the years 1936 to 1940:

Year:	*Adjusted Net income*
1936	$256,685
1937	234,617
1939	226,913
1939	215,677
1940	204,306

19. The adjusted net income as shown in paragraph 18 was not sufficient in any of the years mentioned to pay New York Water's annual preferred dividend requirements, which are $279,192, and left no income available for the common stock of New York Water.

20. Normally the entire voting control of New York Water is vested in the common stock, each share of which has one vote. As a result of dividend arrearages, the preferred stockholders of New York Water have presently equal voting rights share for share with the common stockholders. At December 31, 1940, Federal, as owner of the common stock of New York Water, had 35.86% of the voting rights and the preferred stockholders had 64.14% of the voting rights.

It appearing to the Commission in the light of the foregoing that it is appropriate and in the public interest and in the interest of investors and consumers to institute proceedings against New York Water Service Corporation and Federal Water and Gas Corporation under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 in order to determine whether certain orders should be entered pursuant to the provisions of said section:

It is hereby ordered, That New York Water Service Corporation and Federal Water and Gas Corporation, file with the Secretary of the Commission on or before December 8, 1941 answers to the allegations of paragraphs (1) to (20), inclusive, hereof in the form prescribed by Rule U-25.

It is further ordered, That, pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935, a hearing shall be held on such matters at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., at 10:00 o'clock in the forenoon of December 16, 1941 to determine:

(1) Whether the allegations set forth in paragraphs (1) to (20), inclusive, are true and accurate.

(2) Whether, for the purpose of fairly and equitably distributing voting power among security holders of New York Water Service Corporation pursuant to the provisions of section 11 (b) (2) of the Public Utility Holding Company Act of 1935, it is necessary or appropriate to require that said corporation shall revise and simplify its capital structure.

(3) What further action may be required by New York Water Service Corporation to effect complete compliance with section 11 (b) (2) of the Public Utility Holding Company Act of 1935.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Public Utility Holding Company Act of 1935 and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That notice of said hearing is hereby given to New York Water Service Corporation, Federal Water & Gas Corporation, Rochester & Lake Ontario Water Service Corporation, Western New York Water Company, South Bay Consolidated Water Company, Inc., to their respective security holders, and to all consumers of New York Water Service Corporation and its subsidiaries, all States, municipalities and political subdivisions of States within which are located any of the physical assets of said companies, or under the laws of which any of said companies are incorporated, all State Commissions, State Securities Commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over New York Water Service Corporation or over any of said companies or over any of the businesses, affairs, or operations of any of them; that the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to New York Water Service Corporation and Federal Water & Gas Corporation, Rochester & Lake Ontario Water Service Corporation, Western New York Water Company, South Bay Consolidated Water Company, Inc., not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; and

It is further ordered, That any person proposing to intervene in these proceedings shall file with the Secretary of the Commission on or before the 9th day of December 1941, his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.

IN THE MATTER OF CAPE & VINEYARD ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party or parties; and

Notice is further given that any interested person may, not later than December 15, 1941 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Cape & Vineyard Electric Company, a subsidiary of New England Gas and Electric Association, a registered holding company, proposes to borrow against notes payable to the First National Bank of Boston, the aggregate sum not exceeding $300,000 in such amounts and at such times as funds are required to pay for necessary extensions, additions and betterments to its plant and property. All notes will be dated as issued but in any event prior to March 31, 1942, to mature not later than September 30, 1943, and will bear interest at a rate not to exceed three per cent per annum. The issue and sale of the proposed notes has been authorized by the Department of Public Utilities of Massachusetts by order dated November 19, 1941.

By the Commission.

IN THE MATTER OF THE NORTH AMERICAN COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than December 2, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or any request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The Declarant, The North American Company, a registered holding company, proposes to pay on December 30, 1941 a dividend to its holders of Common Stock of record on December 9, 1941. Such dividend will be payable in the Capital Stock of The Detroit Edison Company, owned by Declarant, at the rate of one share of Capital Stock of The Detroit Edison Company on each 50 shares of Common Stock of the Declarant outstanding. No dividend will be issued for fractions of shares of stock of The Detroit Edison Company, but, in lieu thereof, cash will be paid at the rate of 39¢ for each 1/50th of a share of stock of The Detroit Edison Company. The Declarant estimates that to pay the above mentioned dividend it will have to distribute not more than 155,000 shares of the 913,146 shares of Capital Stock of The Detroit Edison Company owned by it; that the amount of cash to be distributed in lieu of fractional shares of such Capital Stock will not exceed $415,000; and that the payment of this dividend will result in a charge to earned surplus of approximately $4,100,000.

The Declarant requests the issuance of the Commission's order on or before December 3, 1941.

By the Commission.

IN THE MATTER OF THE UNITED LIGHT AND POWER COMPANY, THE UNITED LIGHT AND RAILWAYS COMPANY, AMERICAN LIGHT & TRACTION COMPANY, CONTINENTAL GAS & ELECTRIC CORPORATION, UNITED AMERICAN COMPANY, AND IOWA-NEBRASKA LIGHT AND POWER COMPANY, RESPONDENTS; THE UNITED LIGHT AND POWER COMPANY AND ITS SUBSIDIARY COMPANIES; RESPONDENTS; AND THE UNITED LIGHT AND POWER COMPANY, APPLICANT

NOTICE OF FILING OF RESPONDENTS' APPLICATION NO. 6 PROVIDING FOR THE LIQUIDATION AND DISSOLUTION OF THE UNITED LIGHT AND POWER INDUSTRIALS, INC.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1941.

The Commission having previously, by order entered in these proceedings on March 20, 1941, ordered among other things the liquidation and dissolution of The United Light and Power Company, and said order having provided that the respondents should make application to the Commission for the entry of such further orders as were necessary or appropriate for that purpose, and the Commission having reserved jurisdiction to enter such further orders as might be necessary or appropriate with respect to other matters in this proceeding;

Notice is hereby given that The United Light and Power Company (hereinafter referred to as Power), The United Light and Railways Company (Railways), and The United Light and Power Industrials, Inc. (Industrials), have filed on November 26, 1941, an application designated as "Application No. 6" pursuant to sections 9 (a), 10, 11 (b) (1), 11 (b) (2), 11 (e), 12 (c) and (f) of the Public Utility Holding Company Act and Rules U-42, U-43 and U-46 thereunder, Instruction 8C of the Uniform System of Accounts for Public Utility Holding Companies or any other applicable section of the Act or rules thereunder with respect to various proposed transactions, which will accomplish the dissolution of Industrials, a wholly-owned subsidiary of Railways. Industrials is a non-utility holding company which owns as its principal assets, securities in Mason City Brick and Tile Company and Northwestern States Portland Cement Company, which are companies engaged in the cement and ceramic business located near Mason City, Iowa. The several proposed transactions are summarized and described as follows:

1. The transfer by Industrials to Railways and the acquisition from Industrials by Railways of all the assets of Industrials, to wit: all the 14,500 outstanding shares of common stock, without par value, stated value $50 per share, of Mason City Brick and Tile Company; the promissory note of Mason City Brick and Tile Company in the principal amount of $250,000, due January 1, 1940, and bearing interest at the rate of 5½% per annum; 8,000 shares (approximately 4%) of the common stock, without par value, of Northwestern States Portland Cement Company; and all other assets, if any, owned by Industrials at the time of the transfer of said stocks and note to Railways;

2. The surrender by Railways to Industrials and the acquisition by Industrials of all the outstanding capital stock of Industrials (10 shares without par value, stated value of $100 per share) and the cancellation by Railways of the open account indebtedness, in the amount of $1,383,281.42 plus accrued interest thereon amounting to $228,129.86, owed to it by Industrials;

3. Thereafter Industrials will be dissolved in accordance with the laws of the State of Delaware.

Respondents and applicants represent that the purpose of the proposed transactions is to facilitate compliance with the Commission's order entered March 20, 1941, and also to further the program of corporate simplification of Power's holding-company system.

Notice is further given that The United Light and Railways Company, The United Light and Power Company, and The United Light and Power Industrials, Inc., have requested that an order be entered granting said application within fifteen days after the filing hereof and that said application be permitted to become effective pursuant to the procedure prescribed by Rule U-23; and that Industrials has further requested that it be made a party to said proceedings to the extent necessary to entitle it to join in this application and to secure authority of the Commission in this proceeding to consummate the proposed transactions.

Notice is further given that any interested person may, not later than December 13, 1941, at 1:15 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said application, which is on file in the office of the Commission, for a statement of the transactions therein proposed.

By the Commission.

IN THE MATTER OF DENIS J. DRISCOLL AND WILLARD L. THORP, TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, DEBTOR; RESPONDENTS

ORDER EXTENDING TIME TO ANSWER OR REQUEST INTERVENTION AND POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 17th day of October, A. D. 1941.

The Commission having on September 4, 1941, issued Notice of and Order for Hearing, pursuant to Section 11 (b) (1) of the Public Utility Holding Company Act of 1935, in the above-entitled matter; said order having required that respondents file their answer herein on or before October 17, 1941, and having set the date for the hearing herein on October 28, 1941; and said order having further provided that any person proposing to intervene in said proceedings file his request or application therefor on or before October 17, 1941; and

Respondents having requested an extension of time within which to file their answer until November 3, 1941, and having requested a corresponding postponement of the date of the hearing herein; and the Commission being of the opinion that said request may appropriately be granted and that the time within which persons should file requests for intervention should be correspondingly extended;

It is ordered, (1) That the time within which respondents may answer, and within which persons may file requests to intervene in these proceedings be and is hereby extended to November 3, 1941; and (2) that the date of the hearing in this matter be and is hereby postponed to November 13, 1941 at 10:00 o'clock A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on said day by the hearing room clerk in Room 1102, before the officer of the Commission previously designated herein; and

It is further ordered, That the Secretary of this Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondents, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

IN THE MATTER OF NEW SUTHERLAND DIVIDE MINING COMPANY COMMON CAPITAL STOCK, 10¢ PAR VALUE, ASSESSABLE

ORDER DISMISSING PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

The Commission having, under date of September 29, 1941, ordered that a hearing be held pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, as amended, at 10:00 A. M. on October 21, 1941, at the Commission's Regional Office, 625 Market Street, San Francisco, California, to determine whether New Sutherland Divide Mining Company had failed to comply with section 13 of the Securities Exchange Act of 1934, as amended, and the Rules, Regulations, Form 10-K and the Instructions thereto, promulgated by the Commission thereunder, in that no certified financial statements had been filed for the fiscal year ended December 31, 1940, as required by Item 8 of Form 10-K, and whether registration of the Common Capital Stock, 10¢ Par Value, Assessable, of said New Sutherland Divide Mining Company on the San Francisco Mining Exchange should be suspended for a period not exceeding twelve months or be withdrawn, and having subsequently by its order of October 16, 1941, postponed such hearing to December 1, 1941; and

New Sutherland Divide Mining Company, having prior to the date of the postponed hearing, filed certified financial statements for the fiscal year ended December 31, 1940, as required by Item 8 of Form 10-K;

It is ordered, That the hearing scheduled for December 1, 1941 be cancelled and that the proceedings heretofore instituted against New Sutherland Divide Mining Company pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, as amended, be and the same hereby are dismissed.

By direction of the Commission.

IN THE MATTER OF DENIS J. DRISCOLL AND WILLARD L. THORP, TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, DEBTOR

ORDER DENYING INTERVENTION BUT PERMITTING LIMITED PARTICIPATION IN HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 27th day of November A. D. 1941.

The Commission having previously issued its Notice of and Order for Hearing herein pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935; and

Utilities Employees Securities Company, a Delaware corporation, having filed an application to intervene in these proceedings, representing that it is the holder of securities of Associated Gas and Electric Corporation in the principal amount as of September 30, 1941, of $29,843,025 and, in addition, as of the same date, securities of Associated Gas and Electric Company in the principal amount of $6,202,330, that it further has holdings in various associate companies of Associated Gas and Electric Corporation, and that specific reference has been made to it in the Notice of and Order for Hearing in these proceedings; and

Utilities Employees Securities Company having further requested oral argument in the event the Commission required further proof of the necessity and advisability of permitting it to intervene; and

The Commission having considered said application and the affidavit in support thereof and not deeming it necessary or appropriate to hold oral argument, in view of the order being entered herein;

It is ordered, That said application for leave to intervene be and the same is hereby denied, without prejudice, however, to the right of said Utilities Employees Securities Company to renew its application for leave to intervene and to be made a party to the proceedings, at some future date;

It is further ordered, That the said Utilities Employees Securities Company shall be entitled to participate in said proceedings to the extent of cross-examining witnesses, introducing evidence, filing of briefs, and the making of oral argument.

IN THE MATTER OF UNITED PUBLIC UTILITIES CORPORATION AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

NOTICE OF AND ORDER GRANTING REQUEST EXTENDING TIME FOR ANSWER AND POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1931.

The Commission having on October 31, 1941 issued its Notice of and Order for hearing instituting proceedings under section 11 (b) (1) of the Public Utility Holding Company Act of 1935 in the above-entitled matter; and such order having directed that the said respondents file their answer on or before November 30, 1941, and that publication of such order be made in the FEDERAL REGISTER not later than 30 days prior to the date fixed for respondents to file their answers, and that a hearing be held on such matter on the 22nd day of December 1941 at 10:00 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C.; and

Respondents having requested an additional 30 days in which to file their answer to said notice of and order for hearing and having also requested that the hearing date be postponed for 30 days; and

The said order of October 31, 1941 having been served by registered mail upon United Public Utilities Corporation and its subsidiary companies, and notice of such order having been given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, but not having been published in the FEDERAL REGISTER within the time required by the order of October 30, 1941; and

It appearing to the Commission that because of such failure to publish the said order it is appropriate that further time be given to persons proposing to intervene, that the date of said hearing be postponed, and that publication of said order of October 31, 1941 and of this order be had in the FEDERAL REGISTER not later than 20 days prior to the date of the postponed hearing;

Wherefore it is ordered, That the respondents herein be and are hereby granted an additional 30 days' time in which to file their answers;

It is further ordered, That the date of the scheduled hearing on such matters be and it is hereby postponed to January 22, 1942 at the same time and place and before the same trial examiner heretofore designated, and that the time within which any person may intervene in these proceedings be and it is hereby extended to January 12, 1942.

It is further ordered, That the Secretary of the Commission shall serve notice of the postponed hearing aforesaid by mailing a copy of this order by registered mail to United Public Utilities Corporation and each of its subsidiary companies, respondents, not less than 20 days prior to the date of the postponed hearing; and that notice of the entry of the said order of October 31, 1941 and of this order and of said postponed hearing is hereby given to all security holders of United Public Utilities Corporation and of its subsidiaries, to all consumers of such companies, to all States, municipalities and political subdivisions of States within which are located any of the utility assets of the holding company system of United Public Utilities Corporation, or under the laws of which any of the companies in said holding company system are incorporated, to all State Commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over United Public Utilities Corporation or any subsidiaries thereof, or over any of the businesses, affairs or operations of any of them, and to all other persons, such notice to be given by publication of the said order of October 31, 1941 and of this order in the FEDERAL REGISTER not later than 20 days prior to the date hereinbefore fixed for the postponed hearing.

IN THE MATTER OF UNITED PUBLIC UTILITIES CORPORATION AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

NOTICE OF AND ORDER FOR HEARING

I

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 31st day of October, A. D. 1941.

The Commission having examined, pursuant to sections 11 (a), 18 (a) and 18 (b) of the Public Utility Holding Company Act of 1935, the corporate structure of United Public Utilities Corporation, a registered holding company, and its subsidiary companies, the relationship among the companies of said holding company system, the character of the interests thereof and the properties owned or controlled thereby, and it appearing to the Commission from such examination that there are reasonable grounds for believing that:

1. United Public Utilities Corporation directly and wholly (with one exception)[1] owns and controls 19 subsidiaries, 13 of which are public-utility companies within the meaning of the Act, engaged in either the electric or gas business and other businesses such as water distribution and steam heating; and the remainder of which are engaged in the manufacture and distribution of ice, cold storage, coal mining, and production of natural gas. The operations of the subsidiary companies are conducted within eight states of the United States (as will be seen from a map which appears as Exhibit 1 attached hereto); the utility operations being primarily in Indiana, Ohio, North Dakota, and South Dakota. The consolidated assets of the holding company system on a per books basis, as of December 31, 1940, were $22,601,784.

2. The names of the subsidiary companies embraced in the holding company system of United Public Utilities Corporation and the states in which such subsidiary companies are incorporated are as shown in the table which follows:

Name of Company	*State of organization*
United Public Utilities Corporation (holding company).	New Jersey.
Alabama United Ice Company.	Delaware.

[1] There is pending a joint application by each of these companies and the United Public Utilities Corporation for a proposed merger of the six electric companies and the one gas company located in Ohio (File 70-124). Hearings have been held upon this application. No findings or order have as yet been issued.

(A) Also steam heating service.
(B) Also water service.

4. The subsidiary companies of United Public Utilities Corporation which are not public utility companies within the meaning of the Act, the states in which the operations of such companies are conducted, the nature of the businesses of such subsidiary companies, and their respective gross property accounts as of December 31, 1940, are as follows:

Name of company	State in which business operations are conducted	Kind of business	Gross property per books
Knife River Coal Mining Company	North Dakota	Coal Mining	$656,707

5. For the year ended December 31, 1940 the consolidated operating revenues of the United Public Utilities Corporation and its subsidiary companies were as follows:

Operating Revenues:	
Electric	$2,602,538
Gas	1,009,089
Ice and Cold Storage	561,549
Coal Mining	250,775
Steam Heating	114,541
Water and Miscellaneous	32,888
Total Operating Revenues	4,571,380

6. For the twelve months ended December 31, 1940 the balance of consolidated income before deductions for interest on funded and other debt amounted to $911,564.

II

And the Commission being tentatively of the opinion on the basis of allegations hereinbefore set forth that:

7. The properties operated by the companies listed in Paragraph 3 of this notice and order constitute more than a single integrated public utility system as defined by Section 2 (a) (29) of the Act.

8. The properties operated by the companies listed in Paragraph 3 of this notice and order constitute more than a single integrated public utility system and systems additional thereto, control of which may be retained by United Public Utilities Corporation under Section 11 (b) (1) of the Act.

9. The major assets of the holding company system are located in Ohio and Indiana and in North Dakota and South Dakota; the principal or "single" integrated public utility system, if any, of said holding company system is located either in the Ohio-Indiana operating areas or in the North Dakota and South Dakota area.

10. Under the terms of Section 11 (b) (1) and especially Clause (B) thereof, United Public Utilities Corporation cannot retain any interest in public utilities located in Arkansas.

11. Under the terms of Section 11 (b) (1) and especially Clause (B) thereof, United Public Utilities Corporation cannot, if its principal or single integrated utility system is located in Ohio and Indiana, retain any interest in public utilities operating in North Dakota and South Dakota.

12. Under the terms of Section 11 (b) (1) and especially Clause (B) thereof, United Public Utilities Corporation cannot, if its principal or single integrated system is located in North Dakota and South Dakota, retain any interest in public utilities operating in Ohio and Indiana.

13. The businesses conducted by all the subsidiary companies named in Paragraph 4 above, except the business of the Knife River Coal Mining Company, are not reasonably incidental or economically necessary or appropriate to the operations of any of the electric or gas utility systems operated by the companies named in Paragraph 3 above, which are located in Ohio, Indiana, North Dakota and South Dakota; the business of the Knife River Coal Mining Company may be reasonably incidental or economically necessary or appropriate to the operations of the Dakota Public Service Company, which fact is subject to further proof at the hearing of this matter.

14. Action should be taken, pursuant to the provisions of Section 11 (b) (1) by United Public Utilities Corporation to dispose of its interest in the subsidiary companies which are referred to in Paragraphs 10 to 13, inclusive, if such interest is found not to be retainable.

III

And it, therefore, tentatively appearing to the Commission, on the basis of the allegations hereinbefore set forth, that the holding company system of United Public Utilities Corporations is not confined in its operations to those of a single integrated public utility system within the meaning of the Act, or to those of a single integrated public utility system, together with such additional integrated public utility systems as meet the requirements of Section 11 (b) (1) and such other businesses as can be retained under the standards of Section 11 (b) (1), and that proceedings should be instituted under Section 11 (b) (1) with respect to the United Public Utilities Corporation holding company system;

Wherefore it is ordered, That the United Public Utilities Corporation and each of its subsidiary companies hereinbefore named, all of which are hereby made respondents herein, shall file with the Secretary of this Commission on or before November 30, 1941, joint or several answers admitting, denying, or otherwise explaining their respective positions as to each of the allegations set forth in Paragraphs 1 to 6 hereof, inclusive, and likewise with respect to the tentative conclusions of the Commission as set forth in Paragraphs 7 to 14, inclusive. Such answer may include a statement of the claim of the respondents or any of them as to (a) the action, if any, which is necessary and should be required to be taken (including the divestment of control, securities or other assets), to limit the operations of the holding company system to a single integrated public utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public utility system; (b) the extent to which the respondent, United Public Utilities Corporation, which is a registered holding company, should be permitted to continue to control one or more addi-

tional integrated public utility systems, as may meet the requirements of Clauses (A), (B) and (C) of section 11 (b) (1) of the Act; and (c) the extent to which any of said respondents should be permitted to retain any property or any interest in any business (other than the business of a public utility company as such) as provided by section 11 (b) (1) of the Act.

It is further ordered, Pursuant to section 11 (b) (1) of the Act that a hearing be held on the 22nd day of December, 1941 at 10:00 A. M. (or on such later date as the Commission may prior thereto fix by supplementary notice) at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue Northwest, Washington, D. C., in such room as may be designated on said day by the hearing room clerk in Room 1102, at which hearing the respondents and any other interested persons shall be given an opportunity to be heard with respect to the matters hereinbefore and hereinafter set forth, and with respect to any issues raised in and matters presented by respondents' answer, and at which hearing the respondents shall show cause why an order or orders should not be entered, pursuant to section 11 (b) (1) of said Act, requiring the divestment of properties, securities and other assets for the purpose of limiting the operations of respondents' holding company system so as to conform with the standards of section 11 (b) (1) of said Act, and for the purpose of determining what steps and what action are necessary for that purpose.

It is further ordered, That:

(1) At the outset of said hearing, respondents shall show cause why an order should not be entered immediately requiring the divestment by any of the respondents herein of all or part of any interests in any of the companies operating in States other than Ohio, Indiana, North Dakota and South Dakota, which companies are more fully set forth by States in Paragraphs 3 and 4 hereof;

(2) Thereafter there will be considered what evidence shall be adduced, what findings should be made, what action by respondents should be required, and what order or orders should be entered by the Commission, either pursuant to the statements made in respondents' answers or otherwise, in order to limit the operations of the holding company system of the respondents to the properties located in the States of Ohio, Indiana, North Dakota and South Dakota which may be retained under the applicable standards of section 11 (b) (1) of the Act including specifically a determination as to which of such integrated public utility systems, if any, is to be considered the "single integrated public utility system" retainable under Section 11 (b) (1) of said Act, and the extent, if any, to which additional integrated public utility systems and other businesses may upon a proper showing be retained under common control with any such single integrated public utility system under the applicable standards of Section 11 (b) (1) of the Act.

(3) Consideration will also be given, and the respondents and other interested persons shall have an opportunity to be heard, with respect to the time and manner for disposition of any other issues which may be presented in these proceedings, particularly with respect to the appropriate procedure for expediting the determination of the issues herein.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice;

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to the United Public Utilities Corporation and to each of its subsidiaries, such mailing to be not less than 30 days prior to the date hereinbefore fixed for the filing of answers; and that notice is hereby given of said hearing to all other persons, including the security holders of United Public Utilities Corporation and of its subsidiaries, all States, municipalities and political subdivisions of States within which are located any utility assets of the respondents or of any company hereinbefore mentioned by name in this order, all State Commissions, State securities commissions, and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over any of said respondents, or over any of the businesses, affairs or operations of any of them, and that such notice shall be given further by general release of the Commission, distributed to the press and mailed to the mailing list of the Commission for releases issued under the Public Utility Holding Company Act of 1935. Further notice shall be given to all persons by publication in the FEDERAL REGISTER, not later than thirty days prior to the date hereinbefore fixed for the filing of answers of a notice, as follows:

NOTICE OF HEARING UNDER SECTION 11 (B) (1) OF THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935 WITH RESPECT TO THE HOLDING COMPANY SYSTEM OF UNITED PUBLIC UTILITIES CORPORATION

Notice is hereby given that the Securities and Exchange Commission adopted an order on the 31st day of October, 1941, directing that a hearing pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 be held with respect to United Public Utilities Corporation and its subsidiary companies at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue, Northwest, Washington, D. C., at 10:00 A. M., on the 22nd day of December 1941.

Said order makes respondents in said proceedings United Public Utilities Corporation and each of its subsidiary companies; and, after describing the holding company system of said respondents expresses certain tentative conclusions with respect thereto, among which are tentative conclusions that the said holding company system is not confined in its operations to those of a single integrated public utility system, together with such additional systems and other businesses as can be retained under the applicable standards of section 11 (b) (1) of said Act.

Said order provides that respondents shall file an answer to the allegations set forth in said notice and order on or before the 30th day of November, 1941, for the purposes and in the manner more fully set out in the order.

On the basis of the tentative conclusions set forth in said notice of and order for hearing, said order provides that a hearing be held at the time and place hereinbefore stated, at which hearing the respondents and any other interested persons shall be given an opportunity to be heard with respect to the matters therein set forth, and with respect to any issues raised in and matters presented by respondents' answer, and at which hearing the respondents are directed to show cause why an order or orders should not be entered, pursuant to section 11 (b) (1) of said Act, requiring the divestment of properties, securities and other assets for the purpose of limiting the operations of respondents' holding company system as required by the standards of section 11 (b) (1) of said Act, and for the purpose of determining what steps and what action is necessary for that purpose.

Said order further provides that:

(1) At the outset of said hearing, respondents shall show cause why an order should not be entered immediately requiring the divestment by any of the respondents herein of all or part of any interests in any of the companies operating in States *other than* Ohio, Indiana, North Dakota and South Dakota, which companies are more fully set forth by states in Paragraphs 3 and 4 of said order;

(2) Thereafter there will be considered what evidence shall be adduced, what findings should be made, and what order or orders should be entered by the Commission, either pursuant to the statements made in respondents' answer or otherwise, in order to limit the operations of the holding company system of the respondents to the properties located in the States of Ohio, Indiana, North Dakota and South Dakota which may be retained under the applicable standards of section 11 (b) (1) of the Act, including specifically a determination as to which of such integrated public utility systems, if any, is to be considered the "single integrated public utility system" retainable under section 11 (b) (1) of said Act, and the extent, if any, to which additional integrated public utility systems and other businesses may upon a proper showing be retained under common control with any such single integrated public utility system under the applicable standards of section 11 (b) (1) of the Act.

(3) Consideration will also be given and the respondents and other interested persons shall have an opportunity to be heard, with respect to the time and manner for disposition of any other issues which may be presented in these proceedings, particularly with respect to the appropriate procedure for expediting the determination of the issues herein.

Reference is made to said notice of and order for hearing for a more complete statement of the various matters therein set forth, and a copy of said notice of and order for hearing is on file and open to public inspection at the office of the Securities and Exchange Commission in Washington, D. C., and a copy of said notice of and order for hearing may be had upon written request to the Secretary of said Commission, and said notice of and order for hearing is hereby made a part of this notice as if completely set forth herein.

Notice of said hearing is hereby given to the respondent and each of its subsidiaries which are specifically named in the order, and to all other persons including security holders of United Public Utilities Corporation and its subsidiaries, all States, municipalities, and political subdivisions of States within which are located any utility assets owned or operated by any of the subsidiaries of said respondents and which are named in the order, and all State commissions, State securities commissions and all agencies, authorities or instrumentalities of one or more states, municipalities or other political subdivisions having jurisdiction over any of the respondents or over any of the businesses, affairs or operations of any of the subsidiary or affiliated companies of respondent.

Said order further provides that any person proposing to intervene in said proceedings shall file with the Secretary of the Securities and Exchange Commission on or before the 30th day of November 1941, his request or application therefor as provided by Rule XVII of the Rules of Practice of the said Securities and Exchange Commission, and any such request or application may state the position of such proposed intervener with respect to the allegations and tentative conclusions set forth in the order. The order provides that nothing therein is to be deemed to require any interested person to intervene as a prerequisite to being heard on matters affecting his interests.

By order of the Securities and Exchange Commission this 31st day of October 1941.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

It is further ordered, That any person proposing to intervene in these proceedings shall file with the Secretary of this Commission, on or before the date hereinbefore fixed within which respondent may file its answer, an appropriate request or application for intervention as provided by Rule XVII of the Commission's Rules of Practice. Any such petition may state the position of such proposed intervener with respect to the allegations and tentative conclusions hereinbefore set forth and with respect to what action such proposed intervener believes should be taken by any of the respondents to comply with section 11 (b) (1) of the Act. Nothing herein contained shall be deemed to require any interested person to intervene as a prerequisite to being heard as to matters affecting his interests.

It is further ordered, That jurisdiction be and is hereby reserved to broaden the issues in this proceeding for the purpose of dealing with other problems presented under section 11 (b) (1) or under other provisions of the Act concerning the holding company system of the respondents, and jurisdiction is also reserved to make other persons respondents in these proceedings or in any proceedings the scope of which is enlarged as aforesaid, pursuant to such further notice as the Commission may deem appropriate.

By the Commission.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

The President

BILL OF RIGHTS DAY

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS a Joint Resolution of the Congress, approved August 21, 1941, authorizes and requests the President of the United States "to issue a proclamation designating December 15, 1941 as Bill of Rights Day, calling upon officials of the Government to display the flag of the United States on all Government buildings on that day, and inviting the people of the United States to observe the day with appropriate ceremonies and prayer":

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate December 15, 1941 as Bill of Rights Day. And I call upon the officials of the Government, and upon the people of the United States, to observe the day by displaying the flag of the United States on public buildings and by meeting together for such prayers and such ceremonies as may seem to them appropriate.

The first ten amendments, the great American charter of personal liberty and human dignity, became a part of the Constitution of the United States on the 15th day of December 1791.

It is fitting that the anniversary of its adoption should be remembered by the nation which, for one hundred and fifty years, has enjoyed the immeasurable privileges which that charter guaranteed: the privileges of freedom of religion, freedom of speech, freedom of the press, freedom of assembly and the free right to petition the government for redress of grievances.

It is especially fitting that this anniversary should be remembered and observed by those institutions of a democratic people which owe their very existence to the guarantees of the Bill of Rights: the free schools, the free churches, the labor unions, the religious and educational and civic organizations of all kinds which, without the guarantee of the Bill of Rights, could never have existed; which sicken and disappear whenever, in any country, these rights are curtailed or withdrawn.

The 15th day of December, 1941, is therefore set apart as a day of mobilization for freedom and for human rights, a day of remembrance of the democratic and peaceful action by which these rights were gained, a day of reassessment of their present meaning and their living worth.

Those who have long enjoyed such privileges as we enjoy forget in time that men have died to win them. They come in time to take these rights for granted and to assume their protection is assured. We, however, who have seen these privileges lost in other continents and other countries can now appreciate their meaning to those people who enjoyed them once and now no longer can. We understand in some measure what their loss can mean. And by that realization we have come to a clearer conception of their worth to us, and to a stronger and more unalterable determination that here in our land they shall not be lost or weakened or curtailed.

It is to give public expression and outward form to that understanding and that determination that we are about to commemorate the adoption of the Bill of Rights and rededicate its principles and its practice.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-seventh day of November in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

EXECUTIVE ORDER

REVOKING EXECUTIVE ORDER NO. 8458 OF JUNE 27, 1940, AS AMENDED BY EXECUTIVE ORDER NO. 8532 OF SEPTEMBER 4, 1940, AND AUTHORIZING PERSONS APPOINTED FROM THE EMERGENCY REPLACEMENT LIST ESTABLISHED PURSUANT TO SUCH ORDERS TO ACQUIRE A CLASSIFIED CIVIL SERVICE STATUS

By virtue of the authority vested in me by the Civil Service Act (22 Stat. 403), by section 1753 of the Revised Statutes (U.S.C., title 5, sec. 631), and as President of the United States, it is hereby ordered as follows:

1. Except as concerns temporary employees of the decennial census force who were appointed through civil service examinations, Executive Order No. 8458[1] of June 27, 1940, as amended by Executive Order No. 8532[2] of September 4, 1940, providing for the establishment of a replacement list (known as the Emergency Replacement List) of employees who do not possess a competitive civil service status, is hereby revoked, effective December 31, 1941.

2. All persons who have been or may be duly appointed from the said Emergency Replacement List to positions in the competitive classified civil service subsequent to June 30, 1941, who enter on duty not later than December 31, 1942, and who by such date have completed a continuous Federal service of not less than six months within the calendar years 1941 and 1942, may acquire a classified civil service status in accordance with the applicable provisions of the act of November 26, 1940 (54 Stat. 1211), and Executive Order No. 8743[3] of April 23, 1941.

3. Each appointment in the classified departmental service in the District of Columbia under the provisions of this Executive Order shall be charged to the regular apportionment of appointments among the States and territories and the District of Columbia.

EXECUTIVE ORDER

ESTABLISHING LOS ANGELES-LONG BEACH HARBOR NAVAL DEFENSIVE SEA AREA

CALIFORNIA

By virtue of and pursuant to the authority vested in me by the provisions of section 44 of the Criminal Code, as amended (U.S.C., title 18, sec. 96), the following-described area is hereby established for purposes of national defense as a defensive sea area, to be known as the "Los Angeles-Long Beach Harbor Naval Defensive Sea Area":

All United States territorial waters of Los Angeles-Long Beach Harbor and its approaches and tributaries from the contour line of extreme high water on the shores of these waters, as shown on the latest U.S.C. and G.S. charts, to the following seaward limits:

A line running along bearing 160° true from Whites Point, California, in approximate Latitude 33° 42' 51" North, Longitude 118° 19' West, to the seaward limit of United States territorial waters;

A line running along bearing 210° true from a point on the shore of Huntington Beach, California, in Latitude 33° 39' 47" North, Longitude 118° 00' 41" West, to the seaward limit of United States territorial waters; and

A line running along the seaward limit of United States territorial waters between the above-described bearing lines.

A vessel not proceeding under United States naval or other United States authorized supervision shall not enter or navigate the waters of the Los Angeles-Long Beach Harbor Naval Defensive Sea Area except during daylight, when good visibility conditions prevail, and then only after specific permission has been obtained. Advance arrangements for entry into or navigation through or within the Los Angeles-Long Beach Harbor Naval Defensive Sea Area must be made, preferably by application to a United States Naval District Headquarters in advance of sailing, or by radio or visual communication on approaching the seaward limits of the area. If radio telegraphy is used, the call "NQO" shall be made on a frequency of 500 Kcs and permission to enter the port requested. The name of the vessel, purpose of entry, and name of the master must be given in the request. If visual communications are used, the procedure shall be essentially the same.

A vessel entering or navigating the waters of the Los Angeles-Long Beach Harbor Naval Defensive Sea Area does so at its own risk.

Even though permission has been obtained, it is incumbent upon a vessel entering the Los Angeles-Long Beach Harbor Naval Defensive Sea Area to obey any further instructions received from the United States Navy or other United States authority.

A vessel may expect supervision of its movements within the Los Angeles-Long Beach Harbor Naval Defensive Sea Area, either through surface craft or aircraft. Such controlling surface craft and aircraft shall be identified by a prominent display of the Union Jack.

The loading or unloading by vessels of oil fuel or other inflammable or explosive materials shall be under the control of the local naval authority, who shall require such loading or unloading to be accomplished in such manner and at such times as will safeguard the other activities within the Los Angeles-Long Beach Harbor Naval Defensive Sea Area essential to the national defense.

These regulations are subject to amplification by the local United States naval authority as necessary to meet local circumstances and conditions.

When a United States Maritime Control Area is established adjacent to or abutting upon the Los Angeles-Long Beach Harbor Naval Defensive Sea Area, it shall be assumed that permission to enter, and other instructions issued by proper authority, shall apply to any one continuous passage through or within both areas.

Any master of a vessel or other person within the Los Angeles-Long Beach Harbor Naval Defensive Sea Area who shall disregard these regulations, or shall fail to obey an order of United States naval authority to stop or heave-to, or shall perform any act threatening the efficiency of mines or other defenses or the safety of navigation, or shall take any action inimical to the interest of the United States, may be detained therein by force of arms and renders himself liable to attack by the armed forces of the United States, and liable to prosecution as provided for in section 44 of the Criminal Code, as amended (U.S.C., title 18, sec. 96).

All United States Government authorities shall place at the disposal of the naval authorities their facilities for aiding in the enforcement of these regulations. The Governor of the State of California, the local municipal officials, and the local civilian defense agencies are called upon to render the local naval authorities all possible assistance in the enforcement of these regulations.

The Secretary of the Navy shall be charged with the publication and enforcement of these regulations.

This order supersedes Executive Order No. 8403[1] of May 7, 1940, entitled "Establishing Los Angeles-Long Beach Harbor Naval Defensive Sea Area—California".

In the Matter of Alfred W. Wilson, Individually and Trading as A. W. Wilson Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all of the material allegations of fact set forth in said complaint and states that he waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Alfred W. Wilson, individually and trading as A. W. Wilson Company, or trading under any other name, his representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of coin-operated vending machines and candies in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or indirectly:

(1) That respondent grants to any purchaser an exclusive territory for the operation of vending machines purchased from him;

(2) That locations for said vending machines have been obtained, or will be obtained, by respondent prior to delivery of said vending machines to the purchaser, unless said locations actually are obtained;

(3) That said vending machines will be installed at designated locations by respondent's salesmen or agents, unless respondent or his agents actually effect such installation;

(4) That the amount purchasers of vending machines will be required to pay for locations for such machines is less than is the fact;

(5) That said vending machines will be delivered within a specified time, when such is not the fact;

(6) That any candy to be dispensed by vending machines purchased from respondent will be furnished free;

(7) That respondent's business is nation-wide, or that it is greater in scope or size than is the fact;

(8) That each vending machine usually and customarily provides a net profit of not less than $30 per week, or provides a net profit of any other amount in excess of the average, usual, and customary sum or amount actually earned under normal conditions in due course of business;

(9) That respondent will, under any stated conditions, repurchase vending machines sold by him unless he does actually repurchase such machines in accordance with the representations made.

It is further ordered, That respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF SEGAL OPTICAL COMPANY

§ 3.69 (b) *Misrepresenting oneself and goods—Goods—Source or origin—Place—Imported product or parts as domestic:* § 3.71 (b) *Neglecting, unfairly or deceptively, to make material disclosure—Imported product or parts as domestic.* In connection with offer, etc., in commerce, of reading glasses and sun glasses, (1) offering for sale or selling, separately or as a part of completed reading or sun glasses, lenses or glasses which are imported from any foreign country without affirmatively disclosing thereon or in immediate connection therewith such foreign origin; and (2) representing in any manner that lenses or glasses of foreign manufacture, whether or not they are mounted in frames, are of domestic manufacture; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Segal Optical Company, Docket 4181, November 26, 1941]

In the Matter of Lucian V. Segal, an Individual Trading as Segal Optical Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner, briefs in support of the complaint and in opposition thereto, and oral arguments of counsel, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That respondent Lucian V. Segal, an individual trading as Segal Optical Company, or trading under any other name, his agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of reading glasses and sun glasses, or other similar products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Offering for sale or selling, separately or as a part of completed reading or sun glasses, lenses or glasses which are imported from any foreign country without affirmatively disclosing thereon or an immediate connection therewith such foreign origin;

(2) Representing in any manner that lenses or glasses of foreign manufacture, whether or not they are mounted in frames, are of domestic manufacture.

It is further ordered, That respondent shall, within sixty (60) days after the service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

§ 210.8a *Form of initial cost statement for projects constructed under license, costing less than $500,000.* The Federal Power Commission, acting pursuant to authority conferred by the Federal Power Act, particularly sections 4 (b) and 309 thereof, and finding such action necessary and appropriate for carrying out the purposes of said Act:

(a) Hereby adopts the accompanying form[1] of initial statement showing actual legitimate original cost, designated as FPC Form No. 45–S (small projects), for use by each Licensee of a constructed project in preparing and filing an initial statement, under oath, showing the claimed actual legitimate original cost of the project, where such claimed cost is less than $500,000, pursuant to section 4.1 of the "Rules of Practice and Regulations with Approved Forms, Effective June 1, 1938" (under the Federal Power Act), as heretofore prescribed by Order No. 50, adopted April 19, 1938, in lieu of FPC Form No. 45 heretofore prescribed by Order No. 48, adopted January 25, 1938, said FPC Form No. 45–S (small projects) comprising instructions, Section I—Claimed Cost Statement—embracing Schedules numbered 1 to 4, inclusive; Section II—Descriptive and Supporting Data—embracing Schedules 5 to 14, inclusive, and Affidavit;

(b) Hereby orders that each Licensee constructing a project or projects pursuant to license issued therefor, (where the claimed cost is less than $500,000) shall file with the Commission, unless otherwise ordered, within one year after the original project is ready for service, an initial statement, under oath, on the form aforesaid, in the manner and number of copies prescribed by § 4.1—Initial Cost Statement—of the Rules of Practice and Regulations, Effective June 1, 1938 (under the Federal Power Act); and

(c) Hereby prescribes that this order shall become effective on December 15, 1941; and the Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER. (Secs. 4 (b), 309, 49 Stat. 812, 858; 15 U.S.C., Sup., 79d (b), 16 U.S.C., Sup., 825h)

By the Commission.

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER C—MISCELLANEOUS EXCISE TAXES

[T. D. 5100]

PART 184—PRODUCTION OF BRANDY

Regulations 5 (1940) Amended

By virtue of and pursuant to sections 2825 and 3176 of the Internal Revenue Code, Regulations 5,[1] "Production of Brandy", (1940), is hereby amended by inserting a new section in Articles IX and XXXII, designated § 184.44a and § 184.399a, respectively, and amending §§ 184.138 (a) (4), 184.383, 184.398, 184.400, 184.403, and 184.405, to read as follows:

ARTICLE IX—EQUIPMENT

* * * * *

§ 184.44a *Unfinished spirits tanks.* Whenever a fruit distillery established or operated under these regulations is to be operated alternately as such and as an industrial alcohol plant or as a registered distillery in accordance with Article XVI, and the fruit distiller desires

to retain unfinished spirits where the change in type of plant is to be temporary only, he must provide for the purpose one or more tanks, each of which must be constructed and equipped in accordance with the provisions of § 184.42 and have painted thereon the words "Unfinished Spirits Tank," followed by its serial number and capacity in wine gallons. The tanks must be so arranged that the unfinished spirits to be collected therein will pass from the still into the tank through continuous and securely closed, fixed pipes and vessels. The pipe lines connecting the tanks with stills or other apparatus must be constructed in accordance with § 184.52. Valves must be provided in the pipe lines and so arranged as to control completely the flow of unfinished spirits both into and out of each tank. The construction of the valves must be such that they can be secured with Government locks. (Secs. 2823, 2829, 3176, I.R.C.)

ARTICLE XVI—REQUIREMENTS GOVERNING ALTERNATE OPERATIONS AS INDUSTRIAL ALCOHOL PLANT OR REGISTERED DISTILLERY

• • • • •

§ 184.138 *Where no bonded warehouse on premises*—(a) *Suspension.*

• • • • •

(4) *Materials, heads and tails, and unfinished spirits.* If distilling materials are transferred to the successor or if heads and tails or unfinished spirits are to be retained on the premises pending the resumption of operations as a fruit distillery, comply with the requirements of Article XXXII.

• • • • •

ARTICLE XXIV—SUSPENSION AND RESUMPTION OF OPERATIONS

• • • • •

§ 184.383 *Date of suspension.* The distiller will fix in the notice the time when all distilling material on the distillery premises will be distilled and all spirits in the distillery run into the receiving tanks, except unfinished spirits or distillates containing one-half of 1 percent or more of aldehydes or 1 percent or more of fusel oil which are to be retained on the premises during a temporary change in the type of distillery, as provided in Article XXXII. Where no storekeeper-gauger is assigned to the distillery the distiller will forward the notice to the district supervisor in sufficient time to reach him at least 48 hours before the date the distiller intends to suspend operations, in order that the district supervisor may detail an officer to lock the furnace door of each still or the control valve in the pipe line conveying steam or fuel to each still, as the case may be, at the time operations are suspended. (Secs. 2825, 2850, 3176, I. R. C.)

• • • • •

ARTICLE XXXII—ALTERNATE OPERATION AS INDUSTRIAL ALCOHOL PLANT OR REGISTERED DISTILLERY

• • • • •

§ 184.398 *Completion of operation required.* When a fruit distillery is to be operated as an industrial alcohol plant or as a registered distillery, the business of producing brandy, except as hereinafter provided, must be completely finished by the person or persons first carrying on the business, and the distillery duly suspended before it can be operated as an industrial alcohol plant or a registered distillery. Except as provided in §§ 184.399 and 184.399a, all unfinished spirits, including singlings and low wines, and distillates containing one-half of 1 percent or more of aldehydes or 1 percent or more of fusel oil collected in accordance with the provisions of Article XXI, must be redistilled and run into receiving tanks, drawn off, gauged, and removed by the outgoing distiller. Except as provided in §§ 184.399 and 184.399a, all such unfinished spirits or distillates must be disposed of before the distillery can be operated as an industrial alcohol plant or registered distillery. (Secs. 2825, 2850, 3176, I. R. C.)

§ 184.399a *Retention of unfinished spirits.* Where the change in type of plant is to be temporary only, the outgoing distiller may retain unfinished spirits under Government lock in unfinished spirits tanks, provided in accordance with § 184.44a in the fruit distillery, until the plant is again operated by him as a fruit distillery under these regulations: *Provided*, That such distiller furnishes a duly executed consent of surety, Form 1533, in triplicate, continuing liability on the fruit distiller's bond, Form 30½, for the tax on such unfinished spirits retained on the premises, notwithstanding the change in the type of plant. (Secs. 2825, 3176, I. R. C.)

§ 184.400 *Transfer of materials, etc.* The outgoing distiller may transfer to his successor materials on hand, including those in process, at the time the change in type of plant takes place, but no spirits may be so transferred, except the residue of spirits in the stills which it is not practicable to completely boil out: *Provided*, That materials not usable and residue of spirits in stills not producible under the law at the succeeding type of plant may not be transferred to the successor. Where such materials and residue of spirits are not transferable, all materials in process must be distilled, all basic materials must be removed from the premises, and the stills and other vessels must be completely cleared of spirits, and such spirits, if other than unfinished spirits or distillates intended for retention in accordance with the provisions of §§ 184.399 and 184.399a, removed from the distillery in accordance with law before the change in type of plant becomes effective. When it is again desired to resume operations as a distiller under these regulations, the business of producing alcohol or whiskey, rum, et cetera, as the case may be, must be similarly finished and the industrial alcohol plant or registered distillery suspended in accordance with governing regulations. (Secs. 2825, 3176, I. R. C.)

§ 184.403 *Completion of records.* The outgoing distiller will complete his record, Form 15, as to the removal of basic materials from the premises, or the transfer of basic materials and materials in process to the successor, as the case may be, and as to production and removal from the distillery of all brandy produced by him. If distillates collected in accordance with Article XXI are retained on the premises under lock in tanks or in the brandy deposit room, as provided in § 184.399, or unfinished spirits are retained on the premises in locked tanks, as provided in § 184.399a, a notation will be made on Form 15 showing that such unfinished spirits or distillates are temporarily retained on the premises pending resumption of operations as a fruit distillery. The distiller will continue to file monthly reports on Form 15 during the period such unfinished spirits or distillates are retained on the distillery premises. Where the plant is operated as a fruit distillery in two or more periods during the same month by the same proprietor, the operations of such proprietor will be recorded on the same Form 15, but appropriate notations will be made on the separating lines to show the dates the distillery was operated as a registered distillery or an industrial alcohol plant and the names under which it was so operated. (Secs. 2825, 2841 (a), 3176, I. R. C.)

§ 184.405 *Disposition of spirits.* Where a change in the type of plant takes place, the storekeeper-gauger assigned or detailed to the distillery will see that all distillates collected in accordance with Article XXI are disposed of, and that all other unfinished spirits, except the residue of spirits in stills where the same is to be transferred to the successor as provided in § 184.400, are distilled and run into receiving tanks, drawn off, gauged, and removed by the outgoing distiller in the name under which they were produced, unless retained in the distillery in accordance with §§ 184.399 and 184.399a, respectively, before the plant is operated as another type of distillery. Upon disposition or retention in the distillery of such unfinished spirits or distillates, and transfer of all other spirits to the receiving tanks, the distillery may be operated as another type of plant, but all spirits transferred to the receiving tanks must be branded and removed in accordance with law by the outgoing distiller in the name under which they were produced, before any spirits are deposited in the receiving tanks or withdrawn from the distillery by the successor. (Secs. 2825, 3176, I. R. C.)

• • • • •

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

• • • • •

(c) *Effective date.* This section shall take effect on October 1, 1941.

SEC. 558. EFFECTIVE DATE OF PART V. (Revenue Act of 1941, Title V.)

This part shall take effect on October 1, 1941.

PAR. 4. Section 316.2 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.2 *Effective period.* Taxes on the manufacturer's sale of tires and inner tubes; automobile truck chassis and bodies, other automobile chassis and bodies and motorcycles, and parts and accessories therefor; radio components; household type mechanical refrigerators and components therefor; and firearms, shells and cartridges became effective under Title IV of the Revenue Act of 1932, on June 21, 1932. The tax on the vendor's sale of electrical energy became effective under section 6 of the Act of June 16, 1933, (Public No. 73–73d Congress), amending section 616 of the Revenue Act of 1932, on September 1, 1933. The tax on the manufacturer's sale of tractors of the kind chiefly used for highway transportation in combination with a trailer or semitrailer became effective under Title IV of the Revenue Act of 1938, on July 1, 1938. The applicable provisions of the Revenue Act of 1932, as amended, were superseded as of March 1, 1939, by provisions of the Internal Revenue Code. The Code provisions were amended by subsequent acts, including the Revenue Act of 1941.

The change in the basis of the tax on automobile bus chassis, bus bodies, bus trailer and semitrailer chassis and bodies therefor; the tax on the manufacturer's sales of chassis and bodies for trailers and semitrailers suitable for use in connection with passenger automobiles and motorcycles; the taxes on the manufacturer's sale of complete radio receiving sets; phonographs, phonograph records; musical instruments; mechanical refrigerators (other than household type refrigerators, and components therefor) including commercial refrigerators, coolers, etc.; refrigerating apparatus; air-conditioners, and components therefor; and the new manufacturers' excise taxes on sales of sporting goods; luggage; electric, gas, and oil appliances; photographic apparatus; electric signs; business and store machines; rubber articles; washing machines; optical equipment; and electric light bulbs and tubes, became effective under Title V of the Revenue Act of 1941, on October 1, 1941.

Section 521 (b) of the Revenue Act of 1941 is applicable to firearms, shells, and cartridges, and to electrical energy; section 536 is applicable to tires and inner tubes; section 550 (a) is applicable to the automobile, truck, bus, and parts tax, to radios, phonographs, records, and musical instruments, and to refrigerators, refrigerating apparatus, and air-conditioners; and section 3406 (c) added by section 551, and section 558 are applicable to sporting goods, luggage, electric, gas, and oil appliances, photographic apparatus, electric signs, business and store machines, rubber articles, washing machines, optical equipment, and electric light bulbs and tubes. Section 501 is applicable to all of the taxes covered by these regulations.

The final result is that under Title V of the Revenue Act of 1941 all of the manufacturers tax rates which have been in effect since July 1, 1940, and the increased rates and new taxes imposed under Title V are applicable for an indefinite period beginning October 1, 1941.

PAR. 5. There is inserted immediately preceding § 316.3 (*Liability for tax*) the following:

SEC. 553. ADMINISTRATIVE CHANGES IN MANUFACTURERS' EXCISE TAX TITLE OF CODE. (Revenue Act of 1941, Title V, Part V.)

* * * * *

(b) *Existing contracts.* Chapter 29 of the Internal Revenue Code is amended by adding at the end thereof the following new section:

SEC. 3453. EXISTING CONTRACTS.

(a) *Tax payable by vendee.* If (1) any person has, prior to the effective date of Part V of Title V of the Revenue Act of 1941, made a bona fide contract for the sale on or after such date, of any article with respect to the sale of which a tax is imposed by that Act or an existing rate of tax is increased by that Act, and (2) such contract does not permit the adding to the amount to be paid under such contract of the whole of such tax or increased rate of tax, then (unless the contract prohibits such addition) the vendee shall, in lieu of the vendor, pay so much of the tax as is not so permitted to be added to the contract price.

(b) *Tax paid to vendor.* Taxes payable by the vendee shall be paid to the vendor at the time the sale is consummated, and shall be collected and paid to the United States by the vendor in the same manner as provided in section 3467. In case of failure or refusal by the vendee to pay such taxes to the vendor, the vendor shall report the facts to the Commissioner who shall cause collection of such taxes to be made from the vendee.

* * * * *

PAR. 6. Section 316.3 is amended by adding thereto the following new paragraphs:

§ 316.3 *Liability for tax.*

* * * * *

The amendment of section 3400 by section 553 (a) of the Revenue Act of 1941 clarifies existing language. The term "lease" includes any renewal or extension of a lease or any subsequent lease of an article.

The purpose of section 3453, added by section 553 (b) of the Revenue Act of 1941, is to shift under certain conditions the liability for a tax, or for an increase in existing rate of tax, imposed by the Revenue Act of 1941, from the manufacturer to the vendee. The conditions under which such liability is shifted are as follows: First, there must be a bona fide contract made by the manufacturer prior to October 1, 1941, for the sale on or after such date of an article with respect to which a manufacturers' excise tax is imposed, or the rate of an existing manufacturers' excise tax is increased, by the Revenue Act of 1941; second, the contract does not provide for the addition of such tax or increase in tax to the amount payable thereunder; and third, the contract does not expressly or by implication prohibit such addition to the contract price. Where these conditions are present, the vendee becomes liable for the tax or additional tax imposed by the Revenue Act of 1941. In all other cases, the liability remains upon the manufacturer and the full amount of the tax is payable by him.

A contract which provides that the tax shall be paid by the vendor, or otherwise negatives any addition to the contract price, is regarded as prohibiting an addition of the tax to such price.

A vendee who is required to pay the tax shall make payment thereof to the vendor at the time the sale is consummated, and the tax shall be returned and paid to the collector by the vendor. (See § 316.200.) In case of failure or refusal by the vendee to pay the tax to the vendor, the vendor shall report the facts to the Commissioner, for direct collection of the tax from the vendee.

PAR. 7. There is inserted immediately preceding § 316.8 the following:

SEC. 549. INSTALLMENT, ETC., PAYMENTS. (Revenue Act of 1941, Title V, Part IV.)

Section 3441 (c) of the Internal Revenue Code is amended to read as follows:

(c) (1) In the case of (A) a lease, (B) a contract for the sale of an article wherein it is provided that the price shall be paid by installments and title to the article sold does not pass until a future date notwithstanding partial payment by installments, or (C) a conditional sale, there shall be paid upon each payment with respect to the article that portion of the total tax which is proportionate to the portion of the total amount to be paid represented by such payment.

(2) In the application of paragraph (1) to the articles with respect to which the rate of tax is increased by the Revenue Act of 1941 or by the Revenue Act of 1940, where the lease, contract of sale, or conditional sale, and delivery thereunder—

(A) was made before July 1, 1940, the total tax referred to in paragraph (1) shall be the tax at the rate in force on June 30, 1940, and not at any greater rate; or

(B) was made after June 30, 1940, and before October 1, 1941, the total tax referred to in paragraph (1) shall be the tax at the rate in force on September 30, 1941, and not at any greater rate.

(3) Despite the provisions of paragraph (1), no tax shall be imposed with respect to any article not taxable under the law in existence on the day before the date of the enactment of the Revenue Act of 1941, if with respect to such article the lease, contract for sale, or conditional sale, and delivery thereunder, was made before October 1, 1941.

PAR. 8. Section 316.9 as amended by Treasury Decision 4998 is further amended by substituting the following new paragraphs for the second paragraph thereof:

§ 316.9 *Basis of tax on leases, installment sales, and conditional sales.*

* * * * *

Where articles are leased by the manufacturer, or sold under an installment-payment contract with title reserved, or under a conditional-sale contract with payments to be made in installments, a proportionate part of the total tax shall be paid upon each payment made with respect to the article. The tax must be returned and paid to the collector during the month following that in which such payment is made.

In the case of articles with respect to which the rate of tax is increased by the Revenue Act of 1940 or by the Revenue Act of 1941—

(a) the tax is payable at the rate in force on June 30, 1940, upon all payments where the lease, contract for sale, or conditional sale, and the delivery thereunder were made before July 1, 1940;

(b) the tax is payable at the rate in force on September 30, 1941, upon all payments where the lease, contract for sale, or conditional sale, and the delivery thereunder were made after June 30, 1940, and before October 1, 1941.

In the case of articles not subject to tax on September 30, 1941, no tax is payable upon payments made on and after October 1, 1941, where the lease, contract for sale, or conditional sale, and the delivery thereunder were made before October 1, 1941.

PAR. 9. Immediately preceding the subtitle "Articles Manufactured or Produced by Indians" appearing at the end of § 316.29, there is inserted the following:

EXEMPTION OF ARTICLES TAXABLE AS JEWELRY

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

* * * * *

(b) *Exemption if article taxable as jewelry.* No tax shall be imposed under this section on any article taxable under section 2400 (relating to jewelry tax).

* * * * *

§ 316.29a *Exemption of articles taxable as jewelry.* The manufacturers' excise taxes imposed by section 3406 of the Internal Revenue Code, as added by section 551 of the Revenue Act of 1941, do not apply with respect to any article the sale of which at retail is subject to the tax (relating to jewelry) imposed by section 2400 of the Code, as added by section 552 of the Revenue Act of 1941.

PAR. 10. There is inserted immediately preceding § 316.30 (*Scope of tax*) the following:

SEC. 535. TIRES AND TUBES. (Revenue Act of 1941, Title V, Part III.)

(a) *Rate on tires.* Section 3400 (1) of the Internal Revenue Code is amended by striking out "2¼ cents" and inserting in lieu thereof "5 cents".

(b) *Rate on tubes.* Section 3400 (2) of the Internal Revenue Code is amended by striking out "4 cents" and inserting in lieu thereof "9 cents".

* * * * *

PAR. 11. The first paragraph of § 316.32 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.32 *Rate and computation of tax.* The tax is payable by the manufacturer at the following rates: (a) tires, 5 cents a pound on total weight (exclusive of metal rims or rim bases); and (b) inner tubes (for tires), 9 cents a pound on total weight.

* * * * *

PAR. 12. There is inserted immediately preceding § 316.40 (*Scope of tax*), the following:

SEC. 552. NEW RETAILERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

* * * * *

(b) *Termination of manufacturers' tax on toilet preparations.* The tax imposed by sec-

tion 3401 of the Internal Revenue Code shall not apply to articles sold on or after October 1, 1941.

PAR. 13. Sections 316.40, 316.41, as amended by Treasury Decision 4998, and §§ 316.43 and 316.44 are eliminated and the following section is substituted in their place:

§ 316.40 *Termination of tax.* The tax imposed by section 3401 as amended upon sales of toilet preparations by the manufacturer does not apply to sales made on and after October 1, 1941.

See Regulations 51 relative to the tax on sales of toilet preparations by retailers imposed by section 2402 as added to the Code by section 552 of the Revenue Act of 1941, effective as of October 1, 1941.

PAR. 14. There is inserted immediately preceding § 316.50, the following:

SEC. 544. AUTOMOBILE, TRUCK, BUS, AND PARTS TAX. (Revenue Act of 1941, Title V, Part IV.)

(a) *Increase of rate and classification of busses.* Section 3403 (a) and (b) of the Internal Revenue Code are amended to read as follows:

(a) Automobile truck chassis, automobile truck bodies, automobile bus chassis, automobile bus bodies, truck and bus trailer and semitrailer chassis, truck and bus trailer and semitrailer bodies, tractors of the kind chiefly used for highway transportation in combination with a trailer or semitrailer (including in each of the above cases parts or accessories therefor sold on or in connection therewith or with the sale thereof), 5 per centum. A sale of an automobile truck, bus, or truck or bus trailer or semitrailer, shall, for the purposes of this subsection, be considered to be a sale of the chassis and of the body.

(b) Other automobile chassis and bodies, chassis and bodies for trailers or semitrailers suitable for use in connection with passenger automobiles, and motorcycles (including in each case parts or accessories therefor sold on or in connection therewith or with the sale thereof), except tractors, 7 per centum. A sale of an automobile, trailer, or semitrailer shall, for the purposes of this subsection, be considered to be a sale of the chassis and of the body.

* * * * *

PAR. 15. The first paragraph of § 316.50 is amended to read as follows:

§ 316.50 *Scope of tax.* The tax is imposed on the sale by the manufacturer of (1) automobile truck chassis and bodies, (2) other automobile chassis and bodies, (3) tractors, and (4) motorcycles.

* * * * *

PAR. 16. The first sentence of the last paragraph of § 316.50 is amended to read as follows:

* * * * *

Any parts or accessories for automobile truck chassis and bodies, other automobile chassis and bodies, tractors, and motorcycles, sold on or in connection therewith, or with the sale thereof, are taxable at the rate applicable to the sale price of the complete articles. * * *

PAR. 17. A new section is inserted at the end of § 316.50 as follows:

§ 316.50a *Definitions.* As used in this subpart, unless from the context it is clear that a different meaning is intended—

(a) The term "automobile truck" shall include automobile trucks, automobile busses, and truck and bus trailers and semitrailers.

(b) The term "other automobile" shall mean all automobiles other than automobile trucks, and shall include trailers and semitrailers suitable for use in connection with passenger automobiles.

(c) The term "tractor" shall mean the kind of tractors chiefly used for highway transportation in combination with a trailer or semitrailer.

(d) The term "motorcycle" shall mean all types of motorcycles and shall include side cars as parts of motorcycles.

PAR. 18. Section 316.51 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.51 *Rate of tax.* The tax is payable by the manufacturer at the rate of 5 percent of the sale price of automobile truck chassis, bodies, or tractors, and at the rate of 7 percent of the sale price of other automobile chassis or bodies or motorcycles as determined under §§ 316.8 to 316.15, inclusive.

PAR. 19. The first and second sentences of § 316.52 as amended by Treasury Decision 4998, are further amended to read as follows:

§ 316.52 *Combination of chassis and bodies taxable at different rates.* If the manufacturer of a truck body installs it on an "other automobile chassis" manufactured by him, he must record and bill the sale of the body and chassis separately, and pay tax on the sale price at the rates of 5 percent and 7 percent, respectively. In case a passenger body is installed by the manufacturer thereof on an automobile truck chassis manufactured by him, the transaction must be handled in a similar manner, and tax paid on the body and chassis at the rates of 7 percent and 5 percent, respectively. * * *

PAR. 20. There is inserted immediately preceding § 316.54 the following:

SEC. 544. AUTOMOBILE, TRUCK, BUS, AND PARTS TAX. (Revenue Act of 1941, Title V, Part IV.)

* * * * *

(c) *Credits on account of tire and tube tax.* Section 3403 (e) of the Internal Revenue Code is amended to read as follows:

(e) If tires or inner tubes on which tax has been imposed under this chapter are sold on or in connection with, or with the sale of, a chassis, body, or motorcycle, there shall (under regulations prescribed by the Commissioner, with the approval of the Secretary) be credited against the tax under this section an amount equal to, in the case of an article taxable under subsection (a), 5 per centum, and in the case of an article taxable under subsection (b), 7 per centum—

(1) of the purchase price (less, in the case of tires, the part of such price attributable to the metal rim or rim base) if such tires or inner tubes were taxable under section 3400 (relating to tax on tires and inner tubes); or

(2) if such tires or inner tubes were taxable under section 3444 (relating to use by manufacturer, producer, or importer) then of the price (less, in the case of tires, the part of such price attributable to the metal rim or rim base) at which such or similar tires or inner tubes are sold, in the ordinary course of trade, by manufacturers, producers, or importers thereof, as determined by the Commissioner. In lieu of the rates of credit of 5 per centum and 7 per centum above provided, the rates, respectively, for the following periods, shall be as follows:

(A) With respect to the period after June 30, 1940, and before the effective date of the increase in tax on automobiles made by the Revenue Act of 1941, 2½ per centum and 3½ per centum; and

(B) With respect to the period before July 1, 1940, 2 per centum and 3 per centum.

SEC. 553. ADMINISTRATIVE CHANGES IN MANUFACTURERS' EXCISE TAX TITLE OF CODE. (Revenue Act of 1941, Title V, Part V.)

* * * * *

(d) *Credits, and tax free sales of automobile radios.* * * * Section 3403 (e) of the Internal Revenue Code, as amended by this Act, is further amended by striking out "tires and inner tubes" where the phrase appears the first time and inserting "tires, inner tubes, or automobile radios"; paragraph (1) of subsection (e) of such section is amended by inserting before the semicolon "or, in the case of automobile radios, if such radios were taxable under section 3404"; paragraph (2) of subsection (e) of such section is amended by striking out "tires or inner tubes" wherever such phrase appears and inserting "tires, inner tubes, or automobile radios".

PAR. 21. Section 316.54 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.54 *Credit for taxes on tires, inner tubes, or automobile radios:* Under the specific provisions of the Code, tires, inner tubes, and automobile radios may not be purchased tax free for use as material in the manufacture of, or as a component part of, other taxable articles manufactured by the purchaser.

Where a manufacturer sells tax-paid tires, inner tubes, and automobile radios on, or in connection with, or with the sale of automobile trucks, other automobiles, taxable tractors, or motorcycles, he may take credit against the tax due on his sale in an amount determined by applying to the purchase price of the tires, inner tubes, automobile radios, the percentage rate of tax applicable to such automobile trucks, other automobiles, taxable tractors, or motorcycles, but the part of the purchase price of tires attributable to any metal rims or rim bases shall be excluded. For example, if the sale price of an automobile is $1,000, the tax payable thereon $70.00, and the cost to the automobile manufacturer of the tires, inner tubes or automobile radios, sold on or in connection therewith is $40.00, the manufacturer will be permitted to take a credit against the tax payable on the selling price of the automobile in an amount equal to 7 per cent of $40.00, or $2.80.

In the event that the manufacturer of an automobile also manufactures or imports tires and inner tubes, and sells the automobile and the tires and tubes in a single transaction, he will be liable for tax on the sale price of the automobile (including the tires and tubes) at the rate of 7 percent, and he will also be liable for tax on the tires and tubes at the rates of 5 cents and 9 cents per pound, respectively. He will, however, be permitted to take a credit against the

tax on the automobile on the same basis as if he had purchased the tires and tubes so sold. The same rule applies in the case of motorcycles and, except for the difference in the rate of tax, in the case of automobile truck chassis and taxable tractors.

Sales of automobile trucks, taxable tractors, other automobiles and motorcycles, originally equipped with tax-paid tires, inner tubes, or automobile radios, to an exempt governmental agency for its exclusive use are not properly to be regarded resales of tires and inner tubes, as such, so as to entitle the manufacturer of such tires and inner tubes to a credit or refund of the amount of tax paid by him thereon.

PAR. 22. There is inserted immediately preceding § 316.55 the following:

SEC. 544. AUTOMOBILE, TRUCK, BUS, AND PARTS TAX. (Revenue Act of 1941, Title V, Part IV.)

* * * * *

(b) *Increase in rate on parts and exclusion of radios from automobile tax.* The first sentence of section 3403 (c) of the Internal Revenue Code is amended to read as follows: "Parts or accessories (other than tires and inner tubes and other than radios) for any of the articles enumerated in subsection (a) or (b), 5 per centum."

* * * * *

PAR. 23. Section 316.55 is amended by adding the following sentence at the end of the first paragraph:

§ 316.55 *Definition of parts or accessories.* * * * However, such term does not include tires, inner tubes, and automobile radios, since these articles are expressly excluded by the statute from the tax on parts or accessories. With respect to fare registers and fare boxes for use on busses and automobiles, see § 316.140.

* * * * *

PAR. 24. Section 316.56 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.56 *Rate of tax.* The tax is payable by the manufacturer at the rate of 5 per cent of the sale price as determined under §§ 316.8 to 316.15, inclusive.

PAR. 25. There is inserted immediately after the citation of section 3403 (f) the following:

SEC. 544. AUTOMOBILE, TRUCK, BUS, AND PARTS TAX. (Revenue Act of 1941, Title V, Part IV.)

* * * * *

(d) *Credits on termination of tax.* Section 3403 (f) of the Internal Revenue Code (relating to credits and refunds on termination of automobile tax) is repealed.

PAR. 26. There is inserted immediately preceding § 316.60 the following:

SEC. 545. RADIOS, PHONOGRAPHS, RECORDS, AND MUSICAL INSTRUMENTS. (Revenue Act of 1941, Title V, Part IV.)

Section 3404 of the Internal Revenue Code is amended to read as follows:

SEC. 3404. TAX ON RADIO RECEIVING SETS, PHONOGRAPHS, PHONOGRAPH RECORDS, AND MUSICAL INSTRUMENTS.

There shall be imposed upon the following articles (including in each case, except in the case of musical instruments, parts or accessories therefor sold on or in connection with the sale thereof) sold by the manufacturer, producer, or importer a tax equivalent to 10 per centum of the price for which sold:

(a) Radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, and phonographs.

(b) Chassis, cabinets, tubes, reproducing units, power packs, antennae of the "built-in" type, and phonograph mechanisms, which are suitable for use on or in connection with, or as component parts of, any of the articles enumerated in subsection (a), whether or not primarily adapted for such use.

(c) Phonograph records.

(d) Musical instruments.

PAR. 27. Section 316.60 as amended by Treasury Decision 4998 and §§ 316.61 and 316.62, as amended by Treasury Decision 4998, are eliminated and the following new sections are inserted in lieu thereof:

§ 316.60 *Scope of tax.* The tax attaches to the sale by the manufacturer of (1) radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, and phonographs; (2) chassis, cabinets, tubes, reproducing units, power packs, antennae of the "built-in" type, and phonograph mechanisms, which are suitable for use on or in connection with, or as component parts of, radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, and phonographs, regardless of whether such components are primarily adapted for such use; (3) phonograph records; and (4) musical instruments. Parts and accessories for such articles (except musical instruments) are subject to the tax when sold on or in connection with the sale thereof.

Automobile radio receiving sets may not be sold tax free to manufacturers of automobiles under the provisions of either section 3442 or section 3403 (c), as amended.

Automatic devices for playing or repeating records, phonograph pick-ups, home recording apparatus, and similar devices are subject to the tax if sold on or in connection with or with the sale of radio receiving sets, combination radio and phonograph sets, or phonographs.

§ 316.61 *Radios, phonographs, etc., components.* The term "chassis" includes radio receiving apparatus of all types.

The term "cabinets" includes containers suitable for housing radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, and phonographs.

The term "tubes" includes vacuum tubes of all types suitable for use in connection with or as part of radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, or phonographs.

The term "reproducing unts" includes all apparatus for the amplification or reproduction of sound which are suitable for use in connection with or as parts of radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, or phonographs.

The term "power packs" includes all devices which are suitable for use on or in connection with or as part of radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, or phonographs, which convert electric current of ordinary commercial or domestic voltages into electric current of voltages suitable for operating such articles.

The term "antennae of the 'built-in' type" includes all types of aerials of the kind completely contained in a radio receiving set, automobile radio receiving set, or combination radio and phonograph set.

The term "phonograph mechanisms" includes devices which are suitable for use in combination radio and phonograph sets, or phonographs for the purpose of playing records.

The articles defined in this section are subject to the tax regardless of whether such articles are primarily adapted for use in connection with radio receiving sets, automobile radio receiving sets, combination radio and phonograph sets, or phonographs.

§ 316.62 *Phonograph records.* The term "phonograph records" means all disks, cylinders, or other articles, regardless of the material from which they are made, and upon which are recorded or may be recorded human speech or other sounds for reproduction by means of a phonograph or combination radio and phonograph.

§ 316.63 *Musical instruments.* The term "musical instruments" includes pianos and organs of all types, trombones, saxophones, violins, drums, xylophones, chimes, cymbals, etc., and all string, wind, reed, or percussion instruments used in producing music, or in reproducing it, except radios and phonographs, for which see § 316.61.

§ 316.64 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

PAR. 28. There is inserted immediately preceding § 316.70 the following:

SEC. 546. MECHANICAL REFRIGERATORS. (Revenue Act of 1941, Title V, Part IV.)

Section 3405 of the Internal Revenue Code is amended to read as follows:

SEC. 3405. TAX ON REFRIGERATORS, REFRIGERATING APPARATUS, AND AIR-CONDITIONERS.

There shall be imposed on the following articles (including in each case parts or accessories therefor sold on or in connection with the sale thereof) sold by the manufacturer, producer, or importer a tax equivalent to 10 per centum of the price for which so sold:

(a) *Refrigerators, etc.* Refrigerators, beverage coolers, ice cream cabinets, water coolers, food and beverage display cases, food and beverage storage cabinets, ice making machines, and milk cooler cabinets, each such article having, or being primarily designed for use with, a mechanical refrigerating unit operated by electricity, gas, kerosene, or gasoline.

(b) *Refrigerating apparatus.* Compressors, condensers, evaporators, expansion units, absorbers, and controls, for, or suitable for use as part of, or with, a refrigerating plant, refrigerating system, refrigerating equipment or unit, or any of the articles enumerated in subsection (a).

(c) *Air-conditioners.* Self-contained air-conditioning units.

(d) *Components.* Cabinets, compressors, condensers, fans, blowers, heating coils, cooling coils, filters, humidifiers, and controls, for, or suitable for use as part of, or with, any of the articles enumerated in subsection (c).

PAR. 29. Sections 316.70, 316.71, 316.72 and 316.73 as amended by Treasury Decision 4998, are eliminated and the following new sections inserted in lieu thereof:

§ 316.70 *Refrigerators, etc.* Subsection (a) of section 3405, as amended by section 546 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of refrigerators, beverage coolers, ice cream cabinets, water coolers, food and beverage display cases, food and beverage storage cabinets, ice making machines, and milk cooler cabinets, each such article having, or being primarily designed for use with, a mechanical refrigerating unit operated by electricity, gas, kerosene, or gasoline, and including in each case parts or accessories therefor sold on or in connection with the sale of the article.

The tax applies to all the above-enumerated articles without regard to their size, whether single or multiple cabinet installation, or whether designed for household, commercial, or industrial use.

The tax applies to all the above-enumerated articles, if primarily designed for use with a mechanical refrigerating unit operated by electricity, gas, kerosene, or gasoline; it is not necessary that such a mechanical refrigerating unit be sold on or in connection with the sale of the article.

A manufacturer of an article taxable under section 3405 (a), as amended, may purchase tax free for use as a component in the manufacture of such article any of the refrigerating apparatus specified in section 3405 (b), as amended. (See § 316.71.) However, if any of the refrigerating apparatus specified in section 3405 (b), as amended, is purchased tax paid and used as a component in the manufacture of an article taxable under section 3405 (a), as amended, the manufacturer of such article may be allowed a credit to the extent of the tax paid on the refrigerating apparatus so used as a component. (See § 316.204.)

The tax does not apply to refrigerator cabinets which are primarily designed for use without a mechanical refrigerating unit.

§ 316.71 *Refrigerating apparatus.* Subsection (b) of section 3405, as amended by section 546 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of compressors, condensers, evaporators, expansion units, absorbers, and controls, for, or suitable for use as part of, or with, a refrigerating plant, refrigerating system, refrigerating equipment or unit, or any of the articles enumerated in section 3405 (a), as amended, and including in each case parts or accessories therefor sold on or in connection with the sale of the specified refrigerating apparatus.

§ 316.72 *Air-conditioners, and components.* Subsections (c) and (d) of section 3405, as added by section 546 of the Revenue Act of 1941, impose taxes on sales by the manufacturer of self-contained air-conditioning units, as well as separate sales of cabinets, compressors, condensers, fans, blowers, heating coils, cooling coils, filters, humidifiers, and controls for, or suitable for use as part of, or with, self-contained air-conditioning units, and including in each case parts or accessories therefor sold on or in connection with the sale of the specified articles.

§ 316.73 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

PAR. 30. There is inserted immediately preceding § 316.80 (*Scope of tax*), the following:

SEC. 521. DEFENSE EXCISE TAX RATES MADE PERMANENT WHICH ARE NOT INCREASED BY THIS ACT. (Revenue Act of 1941, Title V, Part II.)

(a) The following sections of the Internal Revenue Code are amended as follows:

* * * * *

(18) *Firearms, etc.* Section 3407 is amended by striking out "10 per centum" and inserting in lieu thereof "11 per centum".

* * * * *

PAR. 31. The second paragraph of § 316.81 is amended to read as follows:

§ 316.81 *Exempt sales.*

* * * * *

Sales of pistols and revolvers are specifically exempt from the tax imposed under section 3407 of the Code, as amended, but are subject to the tax imposed under section 2700 (a), as amended, and (b) of the Code, which remains in effect. (See Regulations 47, revised October 1928, as amended by T. D. 5083, approved October 3, 1941, relating to excise taxes on sales by the manufacturer of pistols and revolvers.)

* * * * *

PAR. 32. Section 316.82 as amended by Treasury Decision 4998, is further amended to read as follows:

§ 316.82 *Rate of tax.* The tax is payable by the manufacturer at the rate of 11 percent of the sale price as determined under §§ 316.8 to 316.15, inclusive.

PAR. 33. "Subpart J—Miscellaneous Provisions" is amended to read "Subpart U—Miscellaneous Provisions", and the sections now appearing under "Administrative Provisions" are renumbered as follows: § 316.90 to § 316.200; § 316.91 to § 316.201; § 316.92 to § 316.202; § 316.93 to § 316.203; § 316.94 to § 316.204; § 316.95 to § 316.205; and § 316.96 to § 316.206.

PAR. 34. There are inserted immediately after § 316.82 new Subparts J to T, inclusive, as follows:

SUBPART J—SPORTING GOODS

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

(1) *Sporting goods.* Badminton nets; badminton rackets (measuring 22 inches over-all or more in length); badminton racket frames (measuring 22 inches over-all or more in length); badminton racket string; badminton shuttlecocks, badminton standards; baseballs; baseball bats (measuring 26 inches or more in length); baseball body protectors and shin guards; baseball gloves and mitts; baseball masks; basketballs; billiard and pool tables (measuring 45 inches over-all or more in length); billiard and pool balls and cues for such tables; bowling balls and pins; boxing gloves, masks, head guards, and ear guards; clay pigeons; cricket balls; cricket bats; croquet balls and mallets; curling stones; deck tennis rings, nets, and posts; fencing equipment; fishing rods, creels, reels, and artificial lures, baits, and flies; footballs; football harness; football helmets; golf bags (measuring 26 inches or more in length); golf balls; golf clubs (measuring 30 inches or more in length); gymnasium equipment and apparatus; hockey balls; hockey pucks; hockey sticks (measuring 30 inches or more in length); indoor baseballs; indoor baseball bats (measuring 26 inches or more in length); indoor baseball gloves and mitts; lacrosse balls; lacrosse sticks; mass balls; polo balls; polo mallets; push balls; skates; skis; ski poles; snow shoes; snow toboggans and sleds; soccer balls; softball balls; softball bats (measuring 26 inches or more in length); softball gloves and mitts; squash balls; squash rackets (measuring 22 inches over-all or more in length); squash racket frames (measuring 22 inches over-all or more in length); squash racket string; tennis balls; table tennis tables, balls, nets, and paddles; tennis nets; tennis rackets (measuring 22 inches over-all or more in length); tennis racket frames (measuring 22 inches over-all or more in length); tennis racket string; track hurdles; traps for throwing clay pigeons; vaulting poles, cross bars, and standards; volley balls, nets, and standards; water polo balls and goals; and wrestling head harness; 10 per centum.

* * * * *

§ 316.90 *Scope of tax.* Subsection (a) (1) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of the specified articles, equipment, and apparatus, including in each case parts or accessories therefor sold on or in connection therewith, or with the sale thereof.

The term "fencing equipment" includes foils, sabres, blades, dueling swords, masks, guards, plastrons, and all other equipment used in the sport of fencing.

The term "gymnasium equipment and apparatus" includes all equipment or apparatus of the type used in connection with any variety of indoor exercise for developing or exhibiting the strength, activity, or control of the body. The following is descriptive but not all inclusive of the type of equipment or apparatus intended to be included in the abovementioned term: indian clubs, dumbbells, exercising rings, stall bars, gymnasium ladders, parallel bars, vaulting horses, horizontal bars, striking or punching bags, pulley weights, rowing machines, etc.

The tax does not attach (unless otherwise indicated in subsection 3406 (a) (1)) to articles which, in view of their size, quality, or the substance of their material, are not capable of being used in the playing of any game, athletic event, sport, or as gymnasium equipment.

§ 316.91 *Rate of tax.* The tax is payable by the manufacture at the rate of 10

per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART K—LUGGAGE

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * * *

(2) *Luggage.* Trunks, valises, traveling bags, suitcases, hat boxes for use by travelers, fitted toilet cases (not including contents), and other traveler's luggage, and leather and imitation leather brief cases, 10 per centum.

* * * * * *

§ 316.100 *Scope of tax.* Subsection (a) (2) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of trunks, valises, traveling bags, suitcases, hat boxes for use by travelers, fitted toilet cases (not including contents), other traveler's luggage, and leather and imitation leather brief cases, including in each case (except contents of fitted toilet cases) parts or accessories therefor sold on or in connection therewith, or with the sale thereof.

The term "trunks" includes all receptacles which are commonly or commercially designated as trunks, and which are designed for the purpose of carrying or conveying the effects of a traveler.

The terms "valises", "traveling bags" and "suitcases", include all receptacles which are commonly or commercially designated as valises, traveling bags and suitcases and which are designed to be used for the purpose of carrying or conveying by hand the effects of a traveler.

The term "other traveler's luggage" includes all other receptacles commonly or commercially designated as luggage and which are designed for the purpose of carrying or conveying by hand or otherwise the effects of a traveler.

The term "hat boxes for use by travelers" includes all receptacles commonly or commercially designated as hat boxes and which are designed for the purpose of conveying or carrying hats by hand or otherwise in traveling.

The term "leather or imitation leather brief cases" includes all receptacles commonly or commercially designated as brief cases which are made of any leather or imitations thereof, and which are designed for the purpose of carrying or conveying documents, etc., of any size or shape.

The term "fitted toilet cases" includes all receptacles of any form whatsoever designed or fitted to contain toilet articles or other effects of a traveler, or both, exclusive of the toilet article contents thereof.

Articles commonly or commercially designated as salesmen's trunks, valises, utility bags, etc., designed for the purpose of carrying or conveying samples of any kind are subject to the tax even though not specifically used to carry or convey the usual effects of a traveler.

§ 316.101 *Application of the tax.* In the case of articles taxable under section 3406 (a) (2), which contain fixtures such as hangers, trays, drawers, etc., the tax attaches to the price for which the entire assembly is sold.

Fittings such as bottles, phials, jars, combs, brushes, mirrors, etc., contained in fitted toilet cases, are not taxable when sold as a part thereof and the sale price of such fittings may be excluded in determining the sale price of the taxable fitted toilet case, provided the sale price of such fittings is separately invoiced by the manufacturer or that such sale price can be established by adequate records to the satisfaction of the Commissioner.

If an article taxable under section 3406 (a) (2) is sold at retail by the manufacturer, and such article contains fittings that are subject to the retailers' excise tax imposed by section 2400 (relating to jewelry etc.) or section 2402 (relating to toilet preparations), the manufacturer, in addition to the manufacturers' excise tax, incurs liability for the retailers' excise tax with respect to the sale which must be returned and paid as required by Regulations 51 (1941 Edition). However, where the fittings are subject to the tax imposed by section 2400, the sale thereof by the manufacturer, whether at wholesale or retail, does not subject him to a liability under section 3406 (a) (2). (See § 316.29a.)

§ 316.102 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 percent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART L—ELECTRIC, GAS, AND OIL APPLIANCES

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * * *

(3) *Electric, gas, and oil appliances.* Electric direct motor-driven fans and air circulators; electric, gas, or oil water heaters; electric flat irons; electric air heaters (not including furnaces); electric immersion heaters; electric heating pads and blankets; electric, gas, or oil appliances of the type used for cooking, warming, or keeping warm food or beverages for consumption on the premises; electric mixers, whippers, and juicers; and household type electric vacuum cleaners; 10 per centum.

* * * * * *

§ 316.110 *Scope of tax.* Subsection (a) (3) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of electric direct motor-driven fans and air circulators, electric, gas, or oil water heaters, electric flat irons, electric air heaters (not including furnaces), electric immersion heaters, electric heating pads and blankets, electric, gas, or oil appliances of the type used for cooking, warming, or keeping warm food or beverages for consumption on the premises, electric mixers, whippers, and juicers, household type electric vacuum cleaners, and combinations of two or more of such appliances, including in each case parts and accessories therefor sold on or in connection therewith, or with the sale thereof.

The term "electric direct motor-driven fans and air circulators" includes appliances of the type primarily designed and adapted to be operated as independent units. It includes so-called "exhaust" fans but does not include so-called "blowers". With respect to fans and blowers for, or suitable for use as part of, or with, self-contained air-conditioning units see § 316.72.

The phrase "electric, gas, or oil appliances of the type used for cooking, warming, or keeping warm food or beverages for consumption on the premises" includes any type of appliance operated by, or for which the heat is generated by, electricity, gas, or oil, which is used, commercially or domestically, to cook, warm, or keep warm food or beverages for consumption on the premises. The following are descriptive but not all inclusive of the types of article subject to tax under this classification: coffee makers, ranges, roasters, toasters, waffle irons, griddles, hot plates, casseroles, steam tables, etc.

§ 316.111 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART M—PHOTOGRAPHIC APPARATUS

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * * *

(4) *Photographic apparatus.* Cameras and lenses; unexposed photographic films (including motion picture films but not including X-ray film), photographic plates and sensitized paper; photographic apparatus and equipment; and any apparatus or equipment designed especially for use in the taking of photographs or motion pictures or in the developing, printing, or enlarging of photographs or motion picture films: 10 per centum.

* * * * * *

SEC. 553. ADMINISTRATIVE CHANGES IN MANUFACTURERS' EXCISE TAX TITLE OF CODE. (Revenue Act of 1941, Title V, Part V.)

* * * * * *

(c) *Unexposed Motion Picture Films.* Section 3443 (a) (3) (A) of the Internal Revenue Code (relating to credits or refunds of tax to manufacturer) is amended by inserting at the end thereof the following new clause:

(v) in the case of unexposed motion picture films, used or resold for use in making of news reel motion picture films.

* * * * * *

§ 316.120 *Scope of tax.* Subsection (a) (4) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of cameras, lenses for cameras, all unexposed still or motion picture films (except X-ray films), photographic plates, photographic sensitized paper, photographic apparatus, photographic equipment, and any apparatus or equipment designed especially for use in the taking of photographs or motion pictures, or in the developing, printing, or enlarging of photographs or motion picture films, including in each case parts or accessories therefor sold on or in connection therewith, or with the sale thereof.

The term "cameras" includes the entire assembly, regardless of weight, which is used for or capable of use in the taking of still or motion pictures.

The term "lenses" includes the glass and also the frame or cell in which such glass is mounted. Where a lens is sold in combination with a barrel, shutter, diffusing device, etc., the tax attaches to the total amount paid for the assembly.

The term "unexposed photographic films" includes all films for use in any type of still or motion picture camera whether in rolls, reels, or packs, but does not include X-ray films.

The term "photographic plates" includes any plate used in any type camera in the taking of a picture.

The term "sensitized paper" includes any type of paper, regardless of size, used in producing prints or enlargements from any type of photographic negative.

The term "photographic apparatus and equipment" includes any article used on or in connection with a camera or lens in the taking of a still or motion picture. The following are descriptive but not all inclusive of such articles: range finders, view finders, lens extension tubes, filters, diffusers, tripods, focusing finders, etc.

The phrase "any apparatus or equipment designed especially for use in the taking of photographs or motion pictures or in the developing, printing, or enlarging of photographs or motion pictures" includes the following articles which are descriptive but not all inclusive: exposure meters, enlargers, lenses and other attachments for enlargers, tanks or pans designed for developing films, printing frames, photoflood lamps and reflectors, flash bulbs, etc.

§ 316.121 *Unexposed motion picture films used in making news reel motion picture films.* Under the provisions of the Code, where unexposed motion picture films are used or are resold for use in the making of "news reel motion picture films" the manufacturer of such unexposed motion picture films is entitled to a refund or credit of the tax paid on the sale of such unexposed films.

The term "making of news reel motion picture films" means the production of news reel motion pictures covering current news events for immediate release for public exhibition.

The tax attaches to the manufacturer's sale of all unexposed motion picture films even though it is known at the time of the sale that such unexposed films will be used or resold for use in the making of news reel motion picture films.

In order to establish the right to a credit or refund of the tax paid on the sale of unexposed motion picture films used or resold for use in the making of news reel motion picture films, it is necessary that, (1) the manufacturer have definite knowledge that the film in question was used for such purposes, and (2) he obtain from the purchaser and retain in his possession a properly executed certificate in the form prescribed by this section.

Where the certificate is obtained prior to the time the manufacturer is required to file a return covering taxes due for the month in which the sale was made, he must include the tax on such sale in his return for that month, in the item "Total tax due", but he may deduct an amount equivalent to the tax applicable to such sale and pay the net tax resulting, making appropriate explanation on a rider attached to the return. If the certificate is not so obtained, the manufacturer must include the tax on such sale in his return for the month in which the sale was made, and when the certificate is obtained later he may file a claim for refund on Form 843, or take a credit upon any subsequent return, but such action must be taken within the 4-year period of limitation prescribed by section 3313.

For regulations relating to the claiming of credits or refunds, see § 316.204.

The following is a form of exemption certificate which will be acceptable for the purpose of this section and must be adhered to in substance:

CREDIT OR REFUND CERTIFICATE

(For use by purchasers of unexposed motion picture films for use in the making of news reel motion pictures.)

_____, 19____

The undersigned hereby certifies that the unexposed motion picture films covered by this certificate were used in the making of news reel motion picture films.

The undersigned understands that fraudulent use of this certificate to secure a credit or refund may subject him (1) to a penalty equivalent to the amount of tax due on the sale of the unexposed motion picture film, and (2) to a fine of not more than $10,000, or imprisonment of not more than five years, or both, together with costs of prosecution.

_____
(Name)

_____
(Address)

If it is impracticable to furnish a separate certificate for each order or contract, a certificate covering all orders between given dates (such period not to exceed a month) will be acceptable. Such certificate and proper records of invoices, orders, etc., relative to tax-free use shall be retained as provided in § 316.202. If, upon inspection, it is discovered that a manufacturer's records with respect to any use claimed to be tax free do not contain a proper certificate, as outlined above, with supporting invoices and such other evidence as may be necessary to establish the exempt character of the use, the tax shall be payable by the manufacturer on such sale.

The unexposed motion picture films covered by the certificate must be fully identified as to the nature of its use, the quantity used, the date of sale, and the amount of tax paid thereon.

§ 316.122 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART N—ELECTRIC SIGNS

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * * *

(5) *Electric signs.* Neon-tube signs, electric signs, and electric advertising devices, 10 per centum.

* * * * * *

§ 316.130 *Scope of tax.* Subsection (a) (5) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of neon-tube signs, electric signs, and electric advertising devices, including in each case parts or accessories therefor sold on or in connection therewith, or with the sale thereof.

§ 316.131 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART O—BUSINESS AND STORE MACHINES

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * * *

(6) *Business and store machines.* Adding machines, addressing machines, autographic registers, bank proof machines, billing machines, bookkeeping machines, calculating machines, card punching machines, cash registers, change making machines, check writing machines, check signing machines, check canceling machines, check perforating ma-

chines, check cutting machines, check dating machines, other check protector machine devices, computing machines, coin counters, dictographs, dictating machine record shaving machines, dictating machines, duplicating machines, embossing machines, envelope opening machines, erasing machines, folding machines, fanfold machines, fare registers, fare boxes, listing machines, line-a-time and similar machines, mailing machines, multigraph machines, multigraph typesetting machines; multigraph type justifying machines, numbering machines, portable paper fastening machines, pay roll machines, pencil sharpeners, postal permit mailing machines, punch card machines, sorting machines, stencil cutting machines, shorthand writing machines, sealing machines, tabulating machines, ticket counting machines, ticket issuing machines, typewriters, transcribing machines, time recording devices, and combinations of any of the foregoing, 10 per centum.

* * * * *

§ 316.140 *Scope of tax.* Subsection (a) (6) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on sales by the manufacturer of all business and store machines of the types enumerated in such subsection, and to sales by the manufacturer of any combination of two or more of such machines, including parts and accessories sold on or in connection therewith, or with the sale thereof.

Where any taxable business or store machine is leased (including any renewal or any extension of a lease or any subsequent lease of such article) by the manufacturer, such lease shall, for the purpose of this section, be considered as the sale thereof. For computation of tax on leases or rentals see § 316.9.

Fare registers and fare boxes for use in streetcars, busses, and other vehicles are taxable as business machines under section 3406 (a) (6) and not as automobile accessories under section 3403 (c), as amended.

§ 316.141 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART P—RUBBER ARTICLES

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * *

(7) *Rubber articles.* Articles of which rubber is the component material of chief weight, 10 per centum. The tax imposed under this paragraph shall not be applicable to footwear, articles designed especially for hospital or surgical use, or articles taxable under any other provision of this chapter.

* * * * *

§ 316.150 *Scope of tax.* Subsections (a) (7) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of any article of which rubber is the component material of chief weight, except articles of footwear such as shoes, rubbers, boots, heels, soles, etc.; articles especially designed for hospital or surgical use; and articles taxable under any other section of Chapter 29 of the Code, as amended.

The component material of chief weight of any article, for the purposes of this section, is that component material which is not exceeded in weight by any other single component.

The following list is descriptive but not all inclusive of the type of articles subject to tax if rubber is the component material of chief weight: raincoats, hose, flooring, mats and matting, thread, cement, gloves, stationers' bands, erasers, camelback, bathing caps and belts and belting, tape, sponge, fabric, tubing, packing, washers, valves, battery jars, mouth pieces for pipes, cigar and cigarette holders, stoppers of all types, etc.

Where rubber is a component material of an article and exemption with respect to the sale of such article is claimed on the ground that rubber is not the component material of chief weight, the manufacturer must maintain adequate records or have in his possession proper evidence to establish to the satisfaction of the Commissioner that the rubber is not the component material of chief weight. In the absence of such records or evidence, the tax must be paid with respect to the sale of such article.

§ 316.151 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART Q—COMMERCIAL WASHING MACHINES

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * *

(8) *Washing machines.*—Washing machines of the kind used in commercial laundries, 10 per centum. No tax shall be imposed under this paragraph on washing machines of the household type.

* * * * *

§ 316.160 *Scope of tax.* Subsection (a) (8) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of washing machines of the type designed and intended to be used in commercial laundries, including parts and accessories for such machines sold on or in connection therewith or with the sale thereof.

Under the express provisions of the Code, as amended, no tax attaches with respect to sales of washing machines of the type designed and intended solely for use in the home.

§ 316.161 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART R—OPTICAL EQUIPMENT

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * *

(9) *Optical equipment.* Refractometers; spectrometers; spectroscopes; colorimeters; polariscopes; optical measuring instruments; telescopic sights; projection lenses and prisms; optical machinery; miscroscopes; telescopes; photo-micro and micro-projection apparatus; fire control optical instruments; and searchlight mirrors and reflectors; 10 per centum.

* * * * *

§ 316.170 *Scope of tax.* Subsection (a) (9) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of (a) refractometers, spectrometers, spectroscopes, colorimeters, polariscopes, optical measuring instruments, telescopic sights, projection lenses, projection prisms, optical machinery, microscopes, telescopes, photo-micro and micro-projection apparatus, fire control optical instruments, searchlight mirrors and reflectors, (b) combinations of two or more of such articles; and (c) parts or accessories of such articles sold on or in connection therewith, or with the sale thereof.

§ 316.171 *Rate of tax.* The tax is payable by the manufacturer at the rate of 10 percent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART S—ELECTRIC LIGHT BULBS AND TUBES

SEC. 551. NEW MANUFACTURERS' EXCISE TAXES. (Revenue Act of 1941, Title V, Part V.)

Subchapter A of Chapter 29 of the Internal Revenue Code is amended by inserting after section 3405 the following new section:

SEC. 3406. EXCISE TAXES IMPOSED BY THE REVENUE ACT OF 1941.

(a) *Imposition.* There shall be imposed on the following articles, sold by the manufacturer, producer, or importer, a tax equivalent to the rate, on the price for which sold, set forth in the following paragraphs (including in each case parts or accessories of such articles sold on or in connection therewith, or with the sale thereof):

* * * * *

(10) Electric light bulbs and tubes.—Electric light bulbs and tubes, not including articles taxable under any other provision of this subchapter, 5 per centum.

* * * * *

§ 316.180 *Scope of tax.* Subsection (a) (10) of section 3406, as added by section 551 of the Revenue Act of 1941, imposes a tax on the sale by the manufacturer of electric light bulbs and tubes.

An electric light bulb or tube is any device designed for the diffusion of artificial light for illuminative or decorative purposes through the use of electricity.

§ 316.181 *Rate of tax.* The tax is payable by the manufacturer at the rate of 5 per cent of the sale price as determined by §§ 316.8 to 316.15, inclusive.

SUBPART T—ELECTRICAL ENERGY

SEC. 3411 (AS AMENDED BY SECTION 521 (a) (19) OF THE REVENUE ACT OF 1941). TAX ON ELECTRICAL ENERGY FOR DOMESTIC OR COMMERCIAL CONSUMPTION.

(a) There shall be imposed upon electrical energy sold for domestic or commercial consumption and not for resale a tax equivalent to 3½ per centum of the price for which so sold, to be paid by the vendor under such rules and regulations as the Commissioner, with the approval of the Secretary, shall prescribe. The sale of electrical energy to an owner or lessee of a building, who purchases such electrical energy for resale to the tenants therein, shall for the purposes of this section be considered as a sale for consumption and not for resale, but the resale to the tenant shall not be considered a sale for consumption.

* * * * *

§ 316.190 *Scope of tax.* The tax imposed by section 3411 (a) of the Internal Revenue Code, as amended, applies, except as provided hereinafter, to all electrical energy sold for domestic or commercial consumption and not for resale.

The term "electrical energy sold for domestic or commercial consumption" does not include (1) electrical energy sold for industrial consumption, e. g., for use in manufacturing, mining, refining, shipbuilding, building construction, irrigation, etc., or (2) that sold for other uses which likewise can not be classed as domestic or commercial, such as the electrical energy used by electric and gas companies, waterworks, telegraph, telephone, and radio communication companies, railroads, other similar common carriers, educational institutions not operated for private profit, churches, and charitable institutions in their operations as such. However, electrical energy is subject to tax if sold for consumption in commercial phases of industrial or other businesses, such as in office buildings, sales and display rooms, retail stores, etc., or in domestic phases, such as in dormitories or living quarters maintained by educational institutions, churches, charitable institutions, or others.

Where electrical energy is sold to a consumer for two or more purposes, through separate meters, the specific use for which the energy is sold through each meter, i. e., whether for domestic or commercial consumption, or for other use, shall determine its taxable status. Where the consumer has all the electrical energy consumed at a given location furnished through one meter, the predominant character of the business carried on at such location shall determine the classification of consumption for the purposes of this tax.

The tax attaches to electrical energy sold for domestic or commercial consumption, irrespective of whether any of the energy sold is actually used or the charges therefor actually collected. The tax is due on all such sales whether the charge therefor is billed as a minimum charge, a flat charge, a service charge, or otherwise.

Where a discount is allowable from the gross charge for electrical energy if payment therefor is made by the consumer within a prescribed period, or where an additional amount is added for failure to make payment within a prescribed period, the tax shall be based on the amount due.

§ 316.191 *Sales for resale.* The tax does not apply to sales of electrical energy for resale, except where the electrical energy is sold to an owner or lessee of a building for resale to the tenants therein. The statute provides that sales of electrical energy to an owner or lessee of a building for resale to the tenants therein shall be considered a sale for consumption; accordingly, the sales to such owner or lessee are subject to the tax. However, in such case the resale of the electrical energy by the owner or lessee of the building to the tenants is not taxable. In determining the tax payable with respect to the electrical energy sold to an owner or lessee of a building for resale to tenants therein, such portion of the electrical energy as can be shown to have been resold to the tenants for other than domestic or commercial consumption may be excluded.

Every person who purchases electrical energy for resale (except resale by the owner or lessee of a building to the tenants therein) must register with the collector for the district in which is located the principal place of business of such person (or, if he has no principal place of business in the United States, with the collector at Baltimore, Md.). The application for registry must show the name and place, or places, of business of the applicant. The collector will issue registration numbers in a separate series, beginning with number 1, for his district. Electrical energy so furnished for resale shall be exempt from tax only when the vendee furnishes to the vendor a certificate showing the vendee's registration number and that the electrical energy is to be resold by him.

Where electrical energy is sold to a person registered under the provisions of the preceding paragraph, a portion of which is for domestic or commercial consumption by the vendee and a portion of which is for resale, the certificate furnished by such vendee must show the amount of such electrical energy purchased for domestic or commercial consumption by him, and the amount purchased by him for resale. The vendor must pay tax on the portion of such electrical energy sold to the vendee for domestic or commercial consumption by such vendee. Such vendee must in turn pay tax on the portion of such electrical energy resold by him for domestic or commercial consumption. The tax in each case is based on the price for which the electrical energy is sold to the consumer thereof.

§ 316.192 *Rate of tax.* The tax is payable by the vendor at the rate of 3½ per cent of the sale price.

ELECTRICAL ENERGY EXEMPTIONS

SEC. 3411. TAX ON ELECTRICAL ENERGY FOR DOMESTIC OR COMMERCIAL CONSUMPTION.

* * * * * *

(c) No tax shall be imposed under this section upon electrical energy sold to the United States or to any State or Territory, or political subdivision thereof, or the District of Columbia. None of the provisions of this section shall apply to publicly owned electric and power plants, or to electric and power plants or systems owned and operated by cooperative or nonprofit corporations engaged in rural electrification. The right to exemption under this subsection shall be evidenced in such manner as the Commissioner, with the approval of the Secretary, may, by regulation, prescribe.

§ 316.193 *Exemptions.* Electrical energy sold to the United States or to any State or Territory, or political subdivision thereof, or the District of Columbia, is exempt from the tax.

Sales of electrical energy by electric and power plants owned by the United States, or any State or Territory, or political subdivision thereof, or the District of Columbia, are exempt from the tax.

Sales of electrical energy by electric and power plants or systems owned and operated by cooperative or nonprofit corporations engaged in rural electrification are exempt from the tax.

In every case, the exemption specified in this section must be established by an official ruling. Where not so established, any corporation claiming the right to such exemption must submit for ruling by the Commissioner, (a) a copy of its charter, (b) a copy of its by-laws, and (c) adequate and sufficiently detailed evidence of the area served by its operations.

SEC. 3411. TAX ON ELECTRICAL ENERGY FOR DOMESTIC OF COMMERCIAL CONSUMPTION.

* * * * * *

(b) The provisions of sections 3441, 3444, and 3447 shall not be applicable with respect to the tax imposed by this section.

* * * * * *

§ 316.194 *Inapplicable administrative provisions.* The provisions of sections 3441, 3444, and 3447 of the Internal Revenue Code relating to sale price, use by manufacturers, and contracts prior to May 1, 1932, respectively, do not apply to the tax imposed on sales of electrical energy.

PAR. 35. The first sentence of paragraph 3 of renumbered § 316.200 is amended to read as follows:

§ 316.200 *Returns.*

* * * * * *

Returns covering taxes collected from vendees under section 3447 (b), or section 3453, as added by section 553 (b) of the Revenue Act of 1941, should be made as prescribed above on Form 728. * * *

PAR. 36. The last sentence of renumbered § 316.201 is amended by changing "§ 316.95" in last sentence to "§ 316.205".

PAR. 37. There is inserted immediately preceding renumbered § 316.204, the following:

SEC. 553. ADMINISTRATIVE CHANGES IN MANUFACTURERS' EXCISE TAX TITLE OF CODE. (Revenue Act of 1941, Title V, Part V.)

* * * * *

(c) *Unexposed Motion Picture Films.* Section 3443 (a) (3) (A) of the Internal Revenue Code (relating to credits or refunds of tax to manufacturer) is amended by inserting at the end thereof the following new clause:

(v) in the case of unexposed motion picture films, used or resold for use in the making of news reel motion picture films.

(d) *Credits, and Tax Free Sales of Automobile Radios.* Section 3442, section 3443 (a) (1), and section 3444 (a) (1) and (2) of the Internal Revenue Code (relating to tax in case of sale of tires to manufacturers of automobiles, etc., and credit on sale) are amended by striking out "tires or inner tubes" wherever appearing therein and inserting "tires, inner tubes, or automobile radios taxable under section 3404"; and by striking out "tire or inner tube" wherever appearing therein and inserting "tire, inner tube, or automobile radio taxable under section 3404". Section 3403 (e) of the Internal Revenue Code, as amended by this Act, is further amended by striking out "tires and inner tubes" where the phrase appears the first time and inserting "tires, inner tubes, or automobile radios"; paragraph (1) of subsection (e) of such section is amended by inserting before the semicolon "or, in the case of automobile radios, if such radios were taxable under section 3404"; paragraph (2) of subsection (e) of such section is amended by striking out "tires or inner tubes" wherever such phrase appears and inserting "tires, inner tubes, or automobile radios."

PAR. 38. Paragraph 1 of renumbered § 316.204 is amended by substituting "(other than a tire, inner tube, or automobile radio taxable under section 3404)" for "(other than a tire or inner tube)".

PAR. 39. The amendments made by this Treasury Decision shall be applicable only with respect to the period beginning with October 1, 1941. (This Treasury Decision is issued under the authority contained in sections 501, 521, 535, 536, 544, 545, 546, 549, 550, 551, 552 (b), 553, and 558 of the Revenue Act of 1941 (Public Law 250, 77th Congress), and section 3791 of the Internal Revenue Code (53 Stat. 467; 26 U.S.C., Sup. V, 3791).)

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved: November 28, 1941.

PART 301—RULES OF PRACTICE AND PROCEDURE

RULES AND REGULATIONS GOVERNING APPLICATIONS BASED UPON ADMISSIONS FOR THE DISPOSITION WITHOUT FORMAL HEARINGS OF COMPLIANCE PROCEEDINGS INSTITUTED PURSUANT TO SECTIONS 4 II (j) AND 5 (b) OF THE ACT, AND § 317.5 OF THE RULES AND REGULATIONS FOR THE REGISTRATION OF DISTRIBUTORS

Pursuant to the provisions of the Bituminous Coal Act of 1937, as amended, (the "Act") and sections 2 (a), 4 II (h), (j) and 5 (b) thereof, and § 317.5 of the Rules and Regulations for the Registration of Distributors, the following rules and regulations are hereby established pertaining to the procedure in respect to the filing of applications based upon admissions for the disposition without formal hearings of compliance proceedings instituted pursuant to sections 4 II (j) and 5 (b) of the Act and § 317.5 of the Rules and Regulations for the Registration of Distributors.

§ 301.132 *Applications based upon admissions for disposition of compliance proceedings without formal hearings*—(a) *Who may make such applications.* Any code member or any registered distributor against whom a compliance proceeding is pending under section 4 II (j) or 5 (b) of the Act or § 317.5 of the Rules and Regulations for the Registration of Distributors, may file a verified application based upon admissions therein contained for disposition of such proceeding without formal hearing.

(b) *Time and place of filing.* Applications made pursuant to the provisions of this Section must be verified and filed with the Division at its Washington Office not later than fifteen (15) days after receipt by the defendant or respondent of the complaint, if the proceeding is initiated by complaint, or the order, if the proceeding is initiated by an order. The verified original and five (5) conformed copies of each application must be filed at the Washington Office. In addition, conformed copies of the application must be mailed, at the time of such filing, to the complainant, and to the Statistical Bureau of the Division and the District Board for the District in which the mines of the Code member defendant are located or in which the principal place of business of the registered distributor is located, unless such place of business is not located within the boundaries of any district.

As to all pending compliance proceedings, the Director may provide for the filing of such applications within such time as he may deem appropriate.

(c) *Form of application and requirements as to the contents thereof*—(1) *Applications by code members.* Applications made by code members pursuant to this section, (i) shall set forth the identity of the code member and of any affiliates thereof engaged in the production, marketing or transportation of coal or the financing of any thereof, and a brief description of the mining operations conducted by the code member and any such affiliates; (ii) shall state by reference to the complaint, the violations admitted by the code member; (iii) shall state in respect to the admitted violations, the day or days on which the violations occurred, the quantity of coal sold or otherwise disposed of in violation of the Code or regulations thereunder, the sizes of coal sold, the sales price of the coal sold indicating whether said sales price was f. o. b. the mine, f. o. b. destination or f. o. b. some specified intermediate point, the transportation costs if the sales price was f. o. b. destination or f. o. b. some specified intermediate point, and the effective minimum price f. o. b. the mine for such coal; (iv) shall describe the act, the commission or omission of which constitutes a violation, if such an act has no relation to a specific sale or to specific tonnage; (v) shall contain a statement that to the best of the applicant's belief and knowledge, the code member has not committed any other violations of the Act, the Code, or regulations thereunder, or if the applicant is unable to so state, the application must set forth in detail the additional violations committed by the code member, and whether or not the code member agrees to the incorporation of such additional charges of violation in the complaint and Notice of and Order for Hearing by way of amendment or supplement thereto; (vi) shall contain a consent of the code member to the entry by the Director of an order cancelling and revoking his (its) code membership, or of an order directing the code member to cease and desist from violations of the Code and regulations thereunder, or to an order revoking his (its) code membership and also enjoining and restraining the code member from violations of the Code and regulations made thereunder upon any restoration of his (its) code membership; (vii) shall state the amount of tax which may be imposed upon the basis of the admitted violations as to which the code member consents to the entry of an order of revocation and an agreement by the code member to pay the same within a specified period after being served with an order revoking his (its) code membership as a condition to restoration of such membership; (viii) may state whether the application is made without prejudice to any position that may be taken by the code member on the formal hearing in the proceeding in the event that the application is not granted; (ix) shall contain an agreement on the part of the code member to execute any and all papers or instruments necessary to dispose of the proceeding in the event that the application is granted; and (x) may contain a statement of any extenuating circumstances.

(2) *Application by registered distributors.* Applications made by registered distributors pursuant to this section, (i) shall set forth the identity of the registered distributor and of any affiliates thereof; (ii) shall state by reference to the Notice of and Order for Hearing or other instrument by which the proceeding was instituted, the violations admitted by the registered distributor; (iii) shall state whether the registered distributor purchased the coal involved for resale or was otherwise acting as distributor or whether the registered distributor was acting as sales agent in the transactions involved; (iv) shall state in respect to the admitted violations, the day or days on which the violations occurred, the quantity of coal sold or otherwise disposed of as registered distributor, as a sales agent or otherwise, in violation of the Code or regulations thereunder, the provisions of the Code, the Marketing Rules and Regulations, and the Rules and Regulations for the Registration of Distributors admitted to have been violated, the sizes of coal sold, the sales price of the coal sold indicating whether said sales price was f. o. b. the mine, f. o. b. destination or f. o. b. some specified intermediate point, the price paid by the registered distributor for such coal and to whom paid, the name or names of the producers of such coal, and the name or names of the mines at which the same was produced, the effective minimum price f. o. b. the mine for such coal and any other admitted facts upon which the violations are based, and whether or not such coal was purchased and resold in not less than cargo or railroad carload lots, whether or not such coal was physically handled by the registered distributor or in any manner handled through a retail yard or facilities of the distributor or of any affiliate of the distributor; (v) shall describe completely the act, the commission or omission of which constitutes a violation, if such an act has no relation to a specific sale or to specific tonnage; (vi) the discounts or commissions received by the registered distributor in respect to the coal involved in the admitted violations; (vii) shall contain a statement that to the best of the applicant's knowledge and belief the registered distributor has not committed any other violations of the Act or regulations thereunder, or if the applicant is unable to so state, the application must set forth in detail the additional violations committed by the registered distributor, and whether or not the registered distributor agrees to the incorporation of such additional charges of violation in the complaint or Notice of and Order for Hearing by way of amendment or supplement thereto; (viii) shall contain a consent by the registered distributor to the entry by the Director of an order revoking or suspending his (its) registration for a specified period; (ix) shall contain an agreement by the registered distributor in respect to the restoration to code members or others, of amounts unlawfully accepted by the registered distributor as discounts or sales commissions on the transactions involved in the admitted violations; (x) may state whether the application is made without prejudice to any position that may be taken by the registered distributor on the formal hearing in the proceeding in the event that the application is not granted; (xi) shall contain an agreement on the part of the registered distributor to execute any and all papers and instruments necessary to the disposition of the proceeding in the event that the application is granted; and (xii) may contain a statement of any extenuating circumstances.

(d) *Notice of filing of applications.* The Director may provide that notice of the pendency of applications, filed pursuant to this section, be published in the FEDERAL REGISTER and may in such notice invite interested parties to file recommendations, or requests for informal conferences in respect to such applications, within such period as may be provided.

(e) *Informal conferences.* Any party to the proceeding or any other interested party may apply to the Director within such period as the Director may provide, for permission to be heard at an informal conference upon any application filed pursuant to this section. The Director may also without application having been filed therefor provide for an informal conference on any application filed pursuant to this section. Such informal conferences shall be held at such times and places as the Director, in his discretion, may determine. In the event that the Director determines that such conference be held, the matter will be set for presentation to the Director or to such employee or employees of the Division as the Director may designate to advise him in such matters. The Division will maintain in the Records Section a schedule of such conferences which shall be open for public inspection. The Division will also notify the code member or registered distributor, Office of Bituminous Coal Consumers' Counsel, the district board and the statistical bureau for the district in which the code member or registered distributor is located, and the complainant, if other than the district board, of the date and place of such conference. Notification of such conference will be given by the Division by telegram to all parties to the proceeding and to the district board if it is not a party thereto. Such conference shall be informal in character and may be attended by interested persons, subject, however, to such restrictions with respect to the conduct of the conference as the Director or the employee of the Division in charge shall deem advisable.

(f) *Notice of determination by the Director.* Notice of the determination of the Director on applications filed pursuant to this Section shall be published in the FEDERAL REGISTER, except the Director may, prior to publication of the pendency of applications filed pursuant to this Section, deny any application filed pursuant to this Section, by telegraph or such other communication as he may deem appropriate, and such denial need not be published. (Sec. 2 (a), 50 Stat. 72; 15 U.S.C. Sup., 829 (a))

Dated: November 7, 1941.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 949—CHROMIUM

General Preference Order No. M-18-a to Conserve the Supply and Direct the Distribution of Chromium

Whereas, it is found that the increasing national defense requirements, including the need for adequate reserves occasioned by the uncertainty of future shipments from abroad, of chromium (as hereinafter defined) have created a shortage in the supply of chromium for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to supplement by further measures the action heretofore taken to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered that:

§ 949.2 *General preference order M-18-a*—(a) *Definitions.* For the purposes of this order:

(1) "Chromium" means and includes:

(i) Chromium ores or concentrates;

(ii) The element chromium in pure form, ferrochromium, chrom-x, chrome briquettes, and other combinations of the element chromium with other elements in semi-manufactured or manufactured form, commercially suitable for use in the manufacture of steel or for other metallurgical purposes;

(iii) All chemical combinations having chromium as an essential and recognizable component;

(iv) Those products containing chromium known commercially as refractories or refractory materials;

(v) All scrap or secondary material containing chromium as defined in (i), (ii), and (iii) above.

(2) "Producer" means any person who mines or otherwise produces natural materials containing recoverable quantities of chromium.

(3) "Processor" means any person who uses ores or concentrates for the manufacture of, or converts them into chromium chemicals, chromium refractories or metallurgical forms of chromium.

(4) "Dealer" means any person who procures chromium either by importing or from domestic sources for sale without change in form, whether or not such person receives title to or physical delivery of the material, and includes selling agents, warehousemen, and brokers.

(b) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(c) *Assignment of preference rating.* Deliveries of chromium under all defense orders (as defined in Regulation No. 1) to which a preference rating of A-10 or higher has not been assigned are hereby assigned a preference rating of A-10.

(d) *Limitation on use of ore in chromium chemicals.* Unless otherwise ordered by the Director of Priorities, the aggregate chromium oxide content of ore which may be used by any processor in the manufacture of chromium chemicals during any calendar month shall be limited to 1/12 of the aggregate weight of such oxide content used in the manufacture of the total quantity of chromium chemicals delivered by such processor during the period from July 1, 1940 through June 30, 1941.

(e) *Allocations.* Hereafter the Director of Priorities will from time to time specifically direct the manner and quantities in which deliveries of chromium in any form, for particular uses or to particular persons shall be made or withheld. Such directions will be made primarily to insure the satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director of Priorities may also take into consideration the possible dislocation of labor, and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements. In making any deliveries of chromium with respect to which no specific directions have been issued by the Director of Priorities, each producer, processor and dealer must give preference to defense orders as required by the provisions of Priorities Regulation No. 1, and must be governed by any preference ratings assigned to particular contracts or purchase orders.

(f) *Application for chromium.* Unless otherwise ordered by the Director of Priorities, no processor or dealer shall make delivery of chromium and no person shall accept such delivery unless, not later than the 25th day of the month next preceding the month in which delivery is to be made, or at such other time as the Office of Production Management may determine, the person seeking such delivery shall have filed with the processor or dealer an application in the form prescribed by the Chromium Branch of the Office of Production Management, and shall have filed at the same time with the Office of Production Management a copy of such application. If the chromium for which application is made is in any of the forms specified in paragraph (a) (1) (ii) above the person seeking delivery shall also file with the Office of Production Management, together with the copy of such application, a report on Form PD-53a or such other form as may be from time to time prescribed by the Office of Production Management. The Director of Priorities may in his discretion from time to time issue specific directions exempting particular customers or classes of customers from the provisions of this paragraph (f) on the basis of the limited character of their requirements for chromium.

(g) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of chromium, or of any other material subject to allocation, or he may be subjected to any other or further action which the Director may deem appropriate.

(h) *General preference order M-18 revoked.* General Preference Order M-18, issued by the Director of Priorities July 7, 1941, as amended August 22, 1941, is hereby revoked.

(i) *Effective dates.* This order shall take effect immediately upon its issuance, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 30th day of April, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, as amended September 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 3875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session; as amended by Public 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 29th day of November, 1941.

PART 950—CUTTING TOOLS

Amendment and Extension No. 1 of Supplementary Order No. E-2-a[1] to Direct the Use and Distribution of Cutting Tools

It is hereby ordered that:

(a) Paragraph (a) (1) of § 950.2 (*Supplementary Order No. E-2-a*) is hereby amended by changing the words "and machine broaches" to read as follows: "metal cutting shear knives, metal cutting circular saws, and machine broaches."

(b) Section 950.2, as amended by paragraph (a) hereof, shall continue in effect until the 28th day of February, 1942 unless sooner revoked by the Director of Priorities.

This Order shall take effect immediately. (P. D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 954—MATERIAL FOR THE PRODUCTION OF CUTTING TOOLS SPECIFIED HEREIN

Amendment No. 1 and Extension No. 1 of Preference Rating Order No. P-18-a[2]

It is hereby ordered that:

(a) Paragraph (a) (2) of § 954.2 (*Preference Rating Order No. P-18-a*) is hereby amended by changing the words "and machine broaches" to read as follows: "metal cutting shear knives, metal cutting circular saws, and machine broaches."

(b) Section 954.2, as amended by paragraph (a) hereof, shall continue in effect until the 28th day of February, 1942, unless sooner revoked by the Director of Priorities.

This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O. P. M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th

PART 961—CALCIUM-SILICON

General Preference Order M-20-a[1] *To Conserve the Supply and Direct the Distribution of Calcium-Silicon*

Whereas, the national defense requirements have created a shortage of Calcium-Silicon, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to extend and supplement by further measures the action heretofore taken to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered that:

§ 961.2 *General preference order M-20-a*—(a) *Definition.* For the purposes of this order:

(1) "Calcium-Silicon" means that commercial product made in an electric furnace and used in the treatment and refining of certain steels, containing calcium and silicon in approximately the following proportions:

Calcium from 28% to 35%
Silicon from 60% to 65%

(b) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(c) *Assignment of preference rating.* Deliveries of calcium-silicon under all defense orders (as defined in Regulation No. 1) to which a preference rating of A-10 or higher has not been assigned are hereby assigned a preference rating of A-10.

(d) *Restrictions on deliveries*—(1) *Allocations.* Hereafter no person shall make or accept any delivery of calcium-silicon unless specifically authorized by the Director of Priorities. The Director will from time to time allocate the supply of calcium-silicon, and specifically direct the quantities and manner in which deliveries thereof to particular persons or for particular uses shall be made or withheld. Such directions will be made primarily to insure the satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director of Priorities may also take into consideration the possible dislocation of labor, and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(2) *Reports.* Unless otherwise ordered by the Director of Priorities, no person shall be entitled to receive an allocation of calcium-silicon unless, not later than the 25th day of the month next preceding the month in which such person desires delivery to be made, he shall have filed in duplicate (one copy with the supplier with whom his purchase order has been placed, and one copy with the Office of Production Management) a certified report on Form PD-72 or such other form as may be from time to time prescribed by the Office of Production Management, setting forth the information specified on such form.

(e) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, direction or regulation issued by the Director of Priorities, may be prohibited by the Director from making or receiving further deliveries of calcium-silicon, or of any other material subject to allocation, or he may be subjected to any other or further action as the Director may deem appropriate.

(f) *Revocation of general preference order M-20.* General Preference Order M-20, issued by the Director of Priorities July 29, 1941, is hereby revoked.

(g) *Effective dates.* This order shall take effect immediately upon its issuance, and unless sooner terminated by direction of the Director of Priorities, shall expire on the 31st day of May, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, as amended September 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941; 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session; as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 29th day of November 1941.

DONALD M. NELSON,
Director of Priorities.

PART 962—STEEL

Amendment to General Preference Order No. M-21[1]

(a) Paragraph (b) (13) (i) of § 962.1 (*General preference order No. M-21*) is hereby amended to read as follows:

§ 962.1 *General preference order M-21.*

* * * * *

(b) *Directions as to deliveries.*

* * * * *

(13) *Special instructions.* * * *

No Producer of Steel shall make, and no Person shall accept from a Producer, delivery of Steel unless and until a statement on Form PD-73 or in such other form as may from time to time be prescribed by the Director of Priorities has been filed as follows:

(*a*) Except as hereinafter provided, each purchaser shall file Form PD-73 with the Producer at the time of filing his purchase order or contract.

(*b*) On orders placed prior to September 1, 1941, with deliveries to be made after September 1, 1941, Form PD-73 shall be filed with the Producer on or before October 15, 1941.

(*c*) On all export sales as defined in Group E of Form PD-73 (except sales to purchasers in the Dominion of Canada), Form PD-73 may be filed by the accredited agent, or export division of the Producer in the United States.

(*d*) When Steel is shipped by a Producer direct to the customer of a Warehouse, Form PD-73 is to be filed with the Producer by the customer and not by the Warehouse.

(*e*) When the purchaser is the War Department or Navy Department, or a Warehouse, the purchaser may report on a single Form PD-73 all orders in a single group classification placed during a single month. In such case each Form PD-73 must be filed with the Producer on or before the fifth day of the following month.

* * * * *

(b) This amendment shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875; Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 1st day of December 1941.

PART 962—STEEL

General Allocation Order No. 1—Plates

Whereas the National Defense requirements have created a shortage of steel plates for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States further to conserve the supply and direct the distribution of such products.

Now therefore it is hereby ordered, That:

§ 962.4 *General allocation order 1*—(a) *Definitions.* For the purposes of this Supplement "plates" means flat carbon or alloy steel products (other than slabs)

Over 6 inches wide and ¼ inch or more thick, or

Over 6 inches wide and weighing 10.2 pounds or more per square foot, or

Over 48 inches wide and ⅛ inch or more thick, or

Over 48 inches wide and weighing 7.65 pounds or more per square foot.

(b) *Allocation program adopted.* Pursuant to the provisions of paragraph (b) (13) (ii) of § 962.1 (*General preference order M-21*) it is hereby provided that plates shall, from and after December 1, 1941, be subject to complete allocation. Thereafter, no plates shall be produced, delivered, or accepted except in accordance with this Supplement, and no person shall use plates produced, delivered or accepted in violation thereof.

(c) *Reports and shipments*—(1) *Customer's reports.* Plate customers of a Producer shall file such forms as may be from time to time prescribed by the Director of Priorities.

(2) *Producers' reports and shipments.* On or before the fifteenth day of each month each Producer shall file with the Iron and Steel Branch, Office of Production Management, in such form as may from time to time be prescribed by the Director of Priorities, a schedule of proposed production and shipments of plates during the following month, as well as a statement of orders for plates for delivery during such month not scheduled for delivery by the Producer. The Director of Priorities shall thereafter send to such Producer an allocation Order, which may make such changes in the proposed shipments as shall seem appropriate to the Director of Priorities. After December 1, 1941, no plates shall be produced or shipped by a Producer except in accordance with such schedule as modified.

(3) *Supplementary reports and shipments by producers.* Any plates produced during any month by a Producer in excess of the amount allocated by the Director of Priorities in accordance with paragraph (c) (2) hereof, shall be disposed of by the Producer in accordance with such orders as may be given from time to time by the Director of Priorities. As to any such plates the Director may require the Producer to furnish such supplementary schedules and other information as may be deemed necessary.

(d) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 29th day of November 1941.

waste rags, waste paper and other fibers), saturated and/or coated with asphalt or tar, are widely used as a building material. In the defense program, these products have been extensively employed in the construction industry. The recent increased use of asphalt roofing products stemming from the defense program and the accompanying expanded economic activity has so increased demand for such products that shipments for the first eight months of 1941 exceeded 26,000,000 squares. As a consequence, inflationary pressure has been exerted upon these products resulting in several successive price increases during the past four months totaling fifteen to sixteen per cent while total unit costs for most items have actually declined during the same period. Earnings have therefore steadily increased. While the present Schedule reduces prices below current levels it still provides a very substantial margin of profit.

The Schedule utilizes the shipping point, freight equalization, and allowance systems presently in effect in this industry, including the customary practice of free deliveries in free shipping zones. Such acceptance and incorporation of these systems into this Schedule, merely as a vehicle for determining prices, should not be regarded as approval thereof, nor should this reservation be regarded as disapproval.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1346.51 *Maximum prices for asphalt or tarred roofing products sold by manufacturers.* On and after December 12, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no manufacturer shall sell, offer to sell, deliver or transfer, asphalt or tarred roofing products, and no person shall buy, offer to buy, or accept delivery of such products from a manufacturer, at prices higher than the maximum prices established in Appendices A (Eastern area) and B (Pacific Coast area) hereof, incorporated herein as §§ 1346.59 and 1346.60: *Provided*, That this Schedule shall in no event apply to "applied sales" as defined in § 1346.57 (i).*

*§§ 1346.51 to 1346.60, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1346.52 *Less than maximum prices.* Lower prices than those established in Appendices A and B may be charged, demanded, paid, or offered.*

§ 1346.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of asphalt or tarred roofing products, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discounts, premium, or other privilege, or by tying-agreement or other trade understanding, or by making terms and conditions of sale more onerous to the purchaser than those available or in effect on the effective date of this Schedule, or by any other means.*

§ 1346.54 *Records and reports.* On and after December 12, 1941, every manufacturer who sells, delivers or transfers asphalt or tarred roofing products of a total value in excess of $1,000.00 per month, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale, delivery or transfer, showing the date thereof, the name and address of the buyer, the price paid or received, and the quantity (in squares) of each grade, type, shape, size, kind and color of asphalt or tarred roofing products sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1346.55 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of an evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and interests of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of asphalt or tarred roofing products, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1346.56 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1346.57 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Asphalt or tarred roofing products" means roofing shingles and siding materials having a felt base (composed of waste rags, waste paper or other fibers), saturated and/or coated with asphalt or coal tar pitch, whether with or without mineral surface, of any grade, type, shape, size, kind or color, and without restricting the above, also includes slaters felt, and asphalt or coal tar pitch saturated and/or coated laminated fiber or felt sheets or boards not exceeding one-quarter inch in thickness;

(c) "Manufacturer" means a person operating a mill or plant producing asphalt or tarred roofing products, as well as any sales subsidiary or affiliate, any commission salesman, manufacturer's representative or other manufacturer's agent;

(d) "Carload" means a quantity or combination of one or more grades, types and sizes of asphalt or tarred roofing products, taking the same freight rate, the aggregate weight of which totals at least the lowest applicable minimum carload weight as required in the established tariffs of rail carriers;

(e) "Less than carload" means a quantity or combination of one or more grades, types and sizes of asphalt or tarred roofing products, taking the same freight rate, the aggregate weight of which is less than that referred to in (d) above;

(f) "Ten-ton truck shipment" means a quantity or combination of one or more grades, types and sizes of asphalt or tarred roofing products, taking the same freight rate, the aggregate weight of which totals at least the highest applicable minimum truckload weight as required in the established tariffs of the motor carriers;

(g) "Less than ten-ton truck shipment" means a quantity or combination of one or more grades, types and sizes of asphalt or tarred roofing products, taking the same freight rate, the aggregate weight of which is less than that referred to in (f) above;

(h) "Square" means a quanity of asphalt or tarred roofing products sufficient to cover 100 square feet of surface when applied in the customary trade manner;

(i) "Applied sale" means a transaction whereby the manufacturer furnishes materials and in addition performs the service of applying the materials to the building itself, in consideration of the total price paid by the purchaser;

(j) "Deliver" means to make physical transfer to the purchaser, or to a carrier not owned or controlled by the seller, for carriage to the purchaser, to whom the goods have been sold.*

§ 1346.58 *Effective date of the schedule.* This Schedule (§§ 1346.51 to 1346.60, inclusive) shall become effective December 12, 1941.*

§ 1346.59 *Appendix A — Maximum prices for asphalt and tarred roofing products for eastern area*—(a) *Application.* The provisions of Appendix A apply to all sales of asphalt or tarred roofing products in which the point of destination is within the continental United States east of and including the states of Montana, Wyoming, Colorado and New Mexico.

(b) *Types of shipments and prices applicable thereto.* (1) Carload (as defined in § 1346.57 (d)) via rail and/or water: Carload prices on all items.

(2) Less than carload (as defined in § 1346.57 (e)) via rail and/or water: Less than carload price on all items.

(3) Ten-ton truck shipment (as defined in § 1346.57 (f)): Carload price on all items.

(4) Less than ten-ton truck shipment (as defined in § 1346.57 (g)): Less than carload price on all items.

(c) *Transportation charges and freight equalization.* Although the maximum prices established herein are set f. o. b. shipping points, the purchaser shall bear only the transportation charges expressly provided for below, and all other transportation costs shall be absorbed by the manufacturer.

(1) Shipments to destinations within any of the shipping points or free shipping point zones listed in § 1346.59 (f) and (g), respectively:

No charges for transportation may be added to the maximum prices set forth in this Schedule on such shipments.

(2) Shipments to destinations not within any of the shipping points or free shipping point zones listed in § 1346.59 (f) and (g), respectively:

On all such shipments the transportation charge shall be shown as a separate item in the purchaser's invoice. Such transportation charge shall be computed by applying to the weight of the shipment as determined from the manufacturers' published price lists the rail rate from that shipping point herein contained from which the lowest rail rate to actual destination on an identical shipment is applicable. However, in addition to any other allowance which may be required or made, an allowance shall be made to the purchaser (by credit or refund) as indicated below:

(i) Carload shipments or ten-ton truck shipments:

(*a*) Where shipment is made via rail or truck:

Full allowance of the transportation charge [1] shall be made to the purchaser, unless such charge [1] shall exceed nine cents per hundred pounds, in which case the manufacturer may limit such allowance to nine cents per hundred pounds.

(*b*) Where shipment is wholly or partially by water:

In lieu of the allowance set forth in (*a*) above, the allowance to the purchaser shall be the established switching, wharfage and handling charges at the points of loading on vessels and unloading from vessels.

(ii) Stop-over charges:

Where 20,000 lbs. or more of asphalt or tarred roofing products are unloaded an allowance shall be made to the purchaser equal to actual stop-over charges at such point of unloading.

(d) *Maximum prices for standard asphalt or tarred roofing products, f. o. b. shipping points:*

TITLE 34—NAVY

CHAPTER I—DEPARTMENT OF THE NAVY

REGULATIONS GOVERNING AMERICAN SAMOA AND GUAM NAVAL DEFENSIVE SEA AREAS AND NAVAL AIRSPACE RESERVATIONS

Whereas, by Executive Order Number 8683 dated February 14, 1941, as amended April 2, 1941, the President established certain naval defensive sea areas around and naval airspace reservations over the Islands of Rose, Tutuila and Guam in the Pacific Ocean covering the territorial waters between the extreme high-water marks and the three mile marine boundaries surrounding said islands to be known, respectively, as "Rose Island Naval Defensive Sea Area", "Rose Island Naval Airspace Reservation," "Tutuila Island Naval Defensive Sea Area," "Tutuila Island Naval Airspace Reservation," "Guam Island Naval Defensive Sea Area," and "Guam Island Naval Airspace Reservation;" and

Whereas, said order also prohibited and penalized persons, other than those on public vessels of the United States, from entering or vessels or other craft, other than public vessels of the United States, or aircraft, other than public aircraft of the United States, from navigating or being navigated into or over or through said naval and airspace reservations unless authorized by the Secretary of the Navy and conferred upon the latter, with cooperation of the local law enforcement officers of the United States, power of enforcement thereof and power to prescribe rules and regulations neces-

sary to carry out the provisions of said order; and

Whereas, pursuant to said executive order, on the 15th day of September 1941, the Secretary of the Navy approved the Rules and Regulations hereinafter mentioned and designated the Commandants of the U. S. Naval Stations, Tutuila and Guam to act for him in the matter of promulgating the same.

Whereupon, the following rules and regulations as to American Samoa, effective October 1, 1941, and as to Guam, effective October 24, 1941, were promulgated.

PART 15—REGULATIONS FOR AMERICAN SAMOA NAVAL DEFENSIVE SEA AREAS AND NAVAL AIRSPACE RESERVATIONS

Sec.

15.1 Rose Island Naval Defensive Sea Area and Naval Airspace Reservations closed to foreign vessels and aircraft.
15.2 Tutuila Island Naval Defensive Sea Area and Naval Airspace Reservations closed to foreign vessels and aircraft.
15.3 Conduct of foreign vessels after entry.
15.4 Regulations not applicable to small boats owned and manned by native residents.
15.5 Tutuila Island Naval Airspace Reservation closed to foreign aircraft.
15.6 Tutuila and Rose Island Naval Defensive Sea Areas and Naval Airspace Reservations defined.
15.7 Penalty for violations.

American Samoa—Rose Island

§ 15.1 *Rose Island Naval Defensive Sea Area and Naval Airspace Reservations closed to foreign vessels and aircraft.* No person, vessel or aircraft other than persons in public vessels of the United States, and public aircraft of the United States, will be permitted to enter the Rose Island Naval Defensive Sea Area or the Rose Island Naval Airspace Reservation unless specifically authorized so to do by the Secretary of the Navy or the Commandant in each case. Should any vessel or aircraft be so authorized it shall enter Pago Pago Harbor prior to such entry and shall receive and carry out any specific instructions concerning the entry as may be issued by the Commandant.*

*§§ 15.1 to 15.7, inclusive, issued under authority contained in E.O. 8683, as amended, 6 F.R. 1015, 1791.

American Samoa—Tutuila Island

§ 15.2 *Tutuila Island Naval Defensive Sea Area and Naval Airspace Reservations closed to foreign vessels and aircraft.* No vessel or other craft, other than public vessels of the United States, shall enter the Tutuila Island Naval Defensive Sea Area unless specifically authorized so to do by the Secretary of the Navy or the Commandant. Vessels or other craft engaged in inter-island commerce which takes them to Tutuila at frequent intervals and the vessels of the Matson Navigation Company that make scheduled calls at Pago Pago Harbor, Tutuila, may apply for and receive, if the Commandant approves, permits to enter the Tutuila Island Naval Defensive Sea Area for the purpose of entering Pago Pago Harbor, valid until revoked. All other vessels or craft must obtain permission to enter the Tutuila Island Naval Defensive Sea Area covering each visit to Pago Pago Harbor. Local agents for such vessels or craft may obtain such permission for entry prior to arrival of the vessel. Where no local agent is available, vessels or craft shall obtain permission by letter or despatch prior to arrival, or remain outside the Tutuila Island Naval Defensive Sea Area until boarded by a representative of the Commandant and by him granted authority upon the direction of the Commandant to enter.*

§ 15.3 *Conduct of foreign vessels after entry.* Entry into the Tutuila Island Naval Defensive Sea Area, once a permit to enter or authority to enter is received, shall be governed by the following instructions:

(a) Entry into the Tutuila Island Naval Defensive Sea Area by other than public vessels of the United States shall not be made between the hours of sunset and sunrise. Vessels or craft approaching Pago Pago Harbor at night must remain outside the said area until after sunrise.

(b) Entry into the Tutuila Island Naval Defensive Sea Area between the hours of sunrise and sunset shall be made only on the South, East and West sides of the Island and vessels shall proceed after such entry toward Pago Pago Harbor.

(c) Vessels or other craft shall not leave Pago Pago Harbor between the hours of sunset and sunrise unless specifically authorized by the Commandant in each case and if so authorized they shall clear the Tutuila Island Naval Defensive Sea Area by the most direct route.

(d) Vessels or other craft shall show their colors while in the Tutuila Island Naval Defensive Sea Area.*

§ 15.4 *Regulations not applicable to small boats owned and manned by native residents.* Long boats, bonita boats and paopaos belonging to, and manned by, native residents of American Samoa are specifically excluded from the operation of this order.*

§ 15.5 *Tutuila Island Naval Airspace Reservation closed to foreign aircraft.* Aircraft, other than public aircraft of the United States shall not enter the Tutuila Island Naval Airspace Reservation unless specifically authorized so to do by the Commandant. If so authorized for the purpose of landing at Pago Pago Harbor they shall, prior to assuming a position for landing, enter the Naval Airspace Reservation from the southward on the bearing of the entrance range to Pago Pago Harbor at an altitude of not more than two thousand feet to permit identification and then may proceed to land. Any authorized entries into the Tutuila Island Naval Airspace Reservation shall be made only between the hours of 8:00 a. m. and sunset.*

§ 15.6 *Tutuila and Rose Island Naval Defensive Sea Areas and Naval Airspace Reservations defined.* Tutuila and Rose Island Naval Defensive Sea Areas are the territorial waters between the extreme high-water marks and the three-mile marine boundaries surrounding the islands of Tutuila and Rose. Tutuila and Rose Island Naval Airspace Reservations are the airspaces over the said territorial waters and Islands. (/s/ L. Wild, Captain, U. S. Navy, Commandant.)*

§ 15.7 *Penalty for violations.* Now, be it enacted that any violation of the above quoted Executive Orders issued by the President of the United States or any violation of the Regulations issued by the Commandant, Naval Station, Tutuila, shall constitute a violation of the law of American Samoa and any person convicted of any such violation shall be punished by imprisonment for not more than five years, or by a fine of not more than $5,000, or both. Sec.

16.1 Naval Defensive Sea Area closed between sunset and sunrise.
16.2 Persons authorized by Secretary of War and Civil Aeronautics Authority may navigate aircraft in Naval Airspace Reservation.
16.3 Laws and regulations must be obeyed.
16.4 Governor shall take steps to apprehend vessels, aircraft or persons violating Executive Order.
16.5 Governor shall formulate additional rules and regulations and instructions.
16.6 Governor of Guam designated representative of Secretary of Navy in enforcement of executive order, rules and regulations.

Guam

§ 16.1 *Naval defensive sea area closed between sunset and sunrise.* Passage of any vessel into or out of the Guam Island Naval Defensive Sea Area between the hours of sunset and sunrise is prohibited, except when specifically permitted by the Governor of Guam.*

*§§ 16.1 to 16.6, inclusive, issued under authority contained in E.O. 8683, as amended, 6 F.R. 1015, 1791.

§ 16.2 *Persons authorized by Secretary of War and Civil Aeronautics Authority may navigate aircraft in naval airspace reservation.* The Secretary of the Navy hereby authorizes any person to whom authority has been granted by the Civil Aeronautics Authority or by the Secretary of War to navigate any aircraft to, via, or over the Island of Guam, to navigate such aircraft in the Guam Island Naval Airspace Reservation in accordance with the terms of such authority.*

§ 16.3 *Laws and regulations must be obeyed.* All persons, vessels, and aircraft entering the Guam Island Naval Defensive Sea Area or the Guam Island Naval Airspace Reservation, whether or not in violation of the above-cited Executive Order, shall strictly obey the laws of Guam, and shall be governed by such regulations and restrictions upon their conduct and movements as may be established by the Governor of Guam, whether by general regulation or by special instructions in any case.*

§ 16.4 *Governor shall take steps to apprehend vessels, aircraft, or persons violating executive order.* The Governor of Guam shall take all practical measures to apprehend vessels, aircraft and persons violating the provisions of the above-cited Executive Order, and shall hold each such violator in custody pending receipt of instructions from the Secretary of the Navy.*

§ 16.5 *Governor shall formulate additional rules and regulations and instructions.* The Governor of Guam shall establish and maintain such further rules and regulations, and shall issue such special instructions in each case, as he may deem necessary for carrying out the provisions of the above-cited Executive Order.*

§ 16.6 *Governor of Guam designated representative of Secretary of Navy in enforcement of executive order, rules and regulations.* In all matters pertaining to the local administration of the Guam Island Naval Defensive Sea Area and the Guam Island Naval Airspace Reservation, the Governor of Guam is hereby designated as the representative of the Secretary of the Navy, with full authority to enforce the provisions of the above-cited Executive Order and all regulations issued pursuant thereto. (/s/G. J. McMillan, July 8, 1941—Modified and approved by the Secretary of the Navy, September 15, 1941; Published by the Commandant, U. S. Naval Station, Guam, 24 October 1941).*

3. *Eligibility.* (a) Candidates who are eligible to apply for appointment as warrant officer (junior grade) are commissioned officers of the Army of the United States, (except those commissioned in the Regular Army), and former officers of the Regular Army whose separation from active service was under honorable conditions; enlisted men of the Army of the United States and former enlisted men of the Regular Army who were discharged under honorable conditions and who are between the ages of 21 and 45 years at date of appointment, and who have at least 1 year's active service.

(b) All applicants must be citizens of the United States, not less than 20 years and 9 months of age and not more than 44 years and 9 months of age on the date of final examination, and physically qualified.

4. *Applications.* Applications for appointment as warrant officer will be submitted to the applicant's unit or detachment commander not later than December 15, 1941. The application will be submitted on W.D., A.G.O. Form No. 61 [1] (Application for Appointment as Warrant Officer) or a legible facsimile thereof, and will be accompanied by a duly executed W.D., A.G.O. Form No. 63 [1] (Report of Physical Examination). Applicants who are not in active service of the Army of the United States at the time of application will submit their applications to the nearest Army post commander. Unit and detachment commanders will forward such applications through military channels so as to reach post commanders not later than December 23, 1941. Where applicants do not meet the physical standards prescribed for appointment as commissioned officers in the Regular Army, the applications will not be forwarded. Likewise, an application disapproved by the unit or detachment commander and the regimental or next higher commander will not be forwarded. Where an enlisted applicant has received a score of less than 110 on the Army general classification test, his application will be returned disapproved.

5. *Examinations*—(a) *Preliminary.* A preliminary examination, beginning January 5, 1942, and completed not later than January 17, will be conducted at each post by a board of officers who will examine the applications and reports of physical examination, interview the applicants, and determine whether or not they possess the moral character, general fitness, and educational and technical qualifications necessary to justify their further consideration.

(b) *Final.* A final written examination will be conducted by post commanders on March 17–18, 1942, under special instructions to be issued by the War Department. This examination in general will consist of two parts: First, a general educational examination taken by all applicants; and second, a technical examination to determine the applicant's specialist qualifications. The general educational examination is considered to require graduation from a credited high school or the equivalent thereof. Certain technical examinations are considered to require 2 years of college, business or trade school, or the equivalent thereof in order to obtain the qualified mark. These examinations will be scored by the corps area and department commanders under instructions to be issued by the War Department.

6. *Appointment.* Successful applicants will be reported by corps area and department commanders to the War Department. From a consolidated list of all such reports, the War Department will arrange a single list in order of military grade, length of service, and age. Appointments will be tendered to successful applicants in such numbers as may be required to fill existing vacancies. An additional number of successful applicants will be carried on an eligible list for appointment until the next succeeding examination for appointment is held, but in no case longer than 1 year. Original permanent appointments as warrant officer (junior grade) will be limited to 600 in number. Approximately 6,000 temporary appointments will be tendered to the remaining successful candidates.

7. *Departmental jurisdiction.* (a) In addition to the regularly designated departmental commanders, the commanding general, Alaska Defense Command, will function as a department commander for the purpose of this examination.

(b) Bases and other commands outside the continental United States are attached to the nearest corps area or department.

8. *Miscellaneous.* (a) Full details will be found in AR 610–10 (new) now in process of publication, and to be distributed as soon as available.

(b) In paragraph 3, "Instructions" on page 4 of W. D., A. G. O. Form No. 61,[1] add: Report of physical examination on W. D., A. G. O. Form No. 63 [1] will accompany each application. In paragraph 6, change October 1, 1941, to read September 13, 1941. (Act of Aug. 21, 1941, Public Law 230, 77th Congress) [Cir. 237, W. D., Nov. 17, 1941, as amended by Cir. 240, W. D., Nov. 19, 1941]

[Contract No. W 535 ac-21080; 5551]

SUMMARY OF COST-PLUS-A-FIXED-FEE SUPPLY CONTRACT

CONTRACTOR: REPUBLIC AVIATION CORPORATION

Contract for: * * * Airplanes, Spare Parts and Data.
Estimated cost: $60,758,525.00.
Fixed-Fee: $3,645,511.50.

The supplies and services to be obtained by this instrument are authorized by, and for the purpose set forth in, and are chargeable to the following Procurement Authorities the available balances of which are sufficient to cover the cost of the same:

AC 32 P 12–30 A 0705–2
AC 16 P 02–30 A 0705–2

This contract,[1] entered into this 24th day of September, 1941.

ARTICLE 1. *Statement of work.* The Contractor shall, within the time specified in Article 4 hereof, manufacture, furnish and deliver to the Government the following articles: * * * Airplanes, Spare Parts for the airplanes called for and Data.

[1] Approved by the Under Secretary of War, October 14, 1941.

ART. 2. *Estimated costs.*

Quantity	*Estimated Cost*
* * * airplanes	$55,228,750.00
Spart Parts and Data	5,529,775.00
Total estimated cost	60,758,525.00

ART. 3. *Consideration.* The Government will pay the Contractor upon satisfactory delivery of all items specified in this contract, subject to reimbursement for cost, as outlined in Article Six (6) hereof, the cost, plus a fixed fee of three million six hundred forty-five thousand five hundred eleven dollars fifty cents ($3,645,511.50).

ART. 5. *Changes.* The Contracting Officer may, at any time, by a written order and without notice to the sureties, make changes in or additions to the drawings and specifications, issue additional instructions, require additional work, or direct the omission of work covered by the contract.

ART. 6. *Payments.* (a) *Reimbursement for cost.* The Government will currently reimburse the Contractor for such expenditures made in accordance with Article 3 hereof as may be approved or ratified by the Contracting Officer, and upon certification to and verification by the Contracting Officer of the original signed payrolls for labor, the original paid invoices for materials or other original papers.

(b) *Payment of the fixed fee.* Ninety percent (90%) of the fixed fee set forth in paragraph (a) of Article 3 hereof, shall be paid as it accrues. Upon completion of the work and its final acceptance, any unpaid balance of the fee, to which the Contractor may be entitled, shall be paid to the Contractor.

(c) *Advance payments.* Advance payments may be made from time to time for the supplies called for, when the Secretary of War deems such action necessary in the interest of the national defense; *Provided, however,* That the total amount of money so advanced shall not exceed 30 per centum (30%) of the estimated cost of the articles called for hereunder, and that such advances, if made, shall be upon such terms and conditions and with such adequate security as the Secretary of War shall prescribe.

ART. 9. *Termination of contract by Government.* Should the Contractor at any time refuse, neglect, or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the Government that work be discontinued under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor.

ART. 22. *Title to property.* The title to all work under this contract, completed or in the course of manufacture or assembly at the Contractor's plant, shall be in the Government. Upon deliveries at the Contractor's plant, or at

an approved storage site, title to all purchased materials, parts, assemblies, subassemblies, tools, machinery, equipment and supplies, for which the Contractor shall be entitled to be reimbursed hereunder shall vest in the Government.

ART. 30. *Fire insurance.* The Contractor agrees unless and until otherwise directed in writing by the Contracting Officer to insure against fire all property in its possession upon which an advance payment or a payment in reimbursement for cost is about to be made, such insurance to be in a sum at least equal to the amount of such payment plus all other advance payment or payments in reimbursements for cost, if any, theretofore made thereon, and further agrees to keep such property so insured until the same is delivered to the Government.

ART. 40. *Change to fixed price contract.* After the Contractor has manufactured * * * airplanes hereunder, or at such other time as the parties may mutually agree upon, the Contractor, on the basis of experience or other bases for negotiation of prices, will endeavor to reach an agreement with the Government upon definite prices to be paid by the Government to the Contractor for the articles called for hereunder, in lieu of the Cost-Plus-A-Fixed-Fee herein provided for, subject to such changes in the terms and conditions as are adaptable and appropriate to a fixed price contract. Any such agreement shall be in writing and shall provide that the fixed prices agreed upon shall apply to all articles theretofore and thereafter furnished to the Government hereunder.

This contract authorized under the provisions of section 1 (a), Act of July 2, 1940, section 2 (a), Act of June 28, 1940 and section 9, Act of June 30, 1941.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1033]

PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS IN SIZE GROUP 9 PRODUCED AT CERTAIN MINES IN PRODUCTION GROUP NO. 1 OF DISTRICT NO. 14

ORDER CONTINUING HEARING UNTIL DECEMBER 4, 1941

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was duly filed with this Division by the above-named party, requesting revision of the effective price classifications and minimum prices for the coals in Size Group 9, produced at certain mines in Production Group 1 of District No. 14.

On October 8, 1941 the Ozark Coal Company, a code member producer in District No. 14, filed a petition of intervention in this matter praying that no temporary order of any kind or nature be entered herein, and that upon final hearing the prayer of the original petitioner be denied.

By Order of the Director dated September 20, 1941, a hearing in this matter was scheduled to be held on October 15, 1941 at Washington, D. C. However, on October 13, 1941 the original petitioner filed a motion for postponement requesting that the hearing in this matter be postponed to the week beginning November 10, 1941. By Order dated October 14, 1941, this motion was granted.

District Board No. 14, the original petitioner, on November 13, 1941, filed a motion requesting an additional postponement to a date not later than December 4, 1941. In view of the fact that the motion for postponement was not filed with the Division until the day of the hearing, consideration could not be given to it at that time, and the hearing convened as scheduled at 10 o'clock in the forenoon of November 13, 1941 before Examiner Floyd McGown. No appearances were entered by any parties to the proceeding, and the hearing was accordingly continued pending further order of the Director.

It appears that a reasonable showing of necessity for the requested postponement has been made.

Now, therefore, it is ordered, That the hearing in this matter be, and the same hereby is, continued until 10 o'clock in the forenoon of December 4, 1941.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person who has not heretofore filed a petition of intervention and desires to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before November 29, 1941.

Dated: November 28, 1941.

[Docket No. B-115]

IN THE MATTER OF E. H. WASSON, REGISTERED DISTRIBUTOR, REGISTRATION NO. 9455, RESPONDENT

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary, in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine

(a) whether or not E. H. Wasson, Registered Distributor, Registration No. 9455, whose address is Winchester, Indiana, the respondent in the above-entitled matter, has violated any provisions of the Act, the Code, any Orders or regulations of the Division including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors and the Distributor's Agreement (the "Agreement") dated May 12, 1939, executed by the respondent, pursuant to Order of the National Bituminous Coal Commission, dated March 24, 1939 in General Docket No. 12, which was adopted as an Order of the Bituminous Coal Division on July 1, 1939; and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. Respondent, during the period from October 1, 1940 to July 31, 1941, both dates inclusive, purchased in carload lot quantities from various code members approximately 234 cars containing approximately 17,023.90 net tons of various sizes of coal which respondent resold to Goodrich Brothers Company, Winchester, Indiana, and its affiliated companies, Gilman Grain Company, Gilman, Indiana; Ridgeville Grain Company, Ridgeville, Indiana; Snow Hill Grain Company, Snow Hill, Indiana; Rosston Grain Company, Rosston, Indiana; F. J. Zimmerman Company, Collett, Indiana; Chesterfield Grain Company, Chesterfield, Indiana; Hinshaw Grain Company, Summitville, Indiana; Linwood Grain Company, Linwood, Indiana; Boone Grain Company, Boone, Indiana; Roseburg Grain Company, Roseburg, Indiana; and Joliet ville Grain Company, Joliet ville, Indiana. Respondent accepted and retained discounts from the effective minimum prices on said transactions, although said coal was not purchased by respondent for bona fide resale, and although at the time of said transactions respondent was financially or otherwise controlled by said Goodrich Brothers Company and its affiliated companies, and although respondent acted, in fact or in effect, as an agency or instrumentality of the Goodrich Brothers Company and its affiliated companies in the purchase of said coal, thereby violating sections 4 II (h) and 4 II (l) (12) of the Act, Part II (h) and Part II (l) (12) of the Code, Rule 12 of section XIII of the Marketing Rules and Regulations, § 304.19 (c) of the Rules and Regulations for the Registration of Distributors, and paragraphs (c) (d) (e) and (h) of the Agreement.

3. Respondent accepted and retained discounts from the effective minimum prices on the transactions referred to in paragraph 2 hereof, although respondent rendered no service of value to the code member vendors; and when, except for the incidence of section 4 II (h) of the Act, Goodrich Brothers Company and its affiliated companies, described in paragraph 2 hereof, would have purchased said coal direct from a code member or code members, thereby violating section 4 II (h) of the Act, Part II (h) of the Code, and paragraph (g) of the Agreement.

4. Respondent failed to set out in her application for registration as a distributor, executed May 12, 1939 pursuant to Order of the National Bituminous Coal Commission, dated March 24, 1939, the nature of her affiliation with Goodrich Brothers Company and its affiliated companies described in paragraph (2) hereof, as required by § 304.11 (c) (6) of the Rules and Regulations for the Registration of Distributors and paragraph (f) of the Agreement.

It is, therefore, ordered, That a hearing pursuant to Section 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on January 9, 1942 at 10 a. m. in a hearing room of the Bituminous Coal Division at the Council Chambers, Muncie City Hall, Muncie, Indiana.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division designated by the Director thereof for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondent, and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondent; and that any respondent failing to file an answer within such period, unless the Director or the presiding officer shall otherwise order, shall be deemed to have admitted said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: November 22, 1941.

[Docket No. 1873-FD]

IN THE MATTER OF THE APPLICATION OF THE JUNCTION CITY CLAY COMPANY FOR A DETERMINATION OF THE STATUS OF THE COAL PRODUCED AT ITS JUNCTION CITY MINE IN PERRY COUNTY, OHIO, PURSUANT TO THE SECOND PARAGRAPH OF SECTION 4-A OF THE BITUMINOUS COAL ACT OF 1937

NOTICE OF AND ORDER FOR HEARING

An application for a determination of the status of the coal produced at the Junction City Mine in Perry County, Ohio, having been filed on October 4, 1941, by the above-named applicant, pursuant to the second paragraph of section 4-A of the Bituminous Coal Act of 1937.

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on January 12, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Charles O. Fowler or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at the hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of a appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said applicant and to all other parties herein and to all persons and entities having an interest in these proceedings and eligible to become a party herein. Any person or entity eligible under Section VII (l) of the Rules of Practice and Procedure before the National Bituminous Coal Commission may file a petition for intervention not later than fifteen (15) days after the date of the issuance of this Notice of and Order for Hearing.

Notice is hereby given that:

(1) Within fifteen (15) days from the date of the issuance of this Notice of and Order for Hearing, the applicant or other interested party shall file with the Division a concise statement in writing of the facts expected to be proved at the hearing. Other interested parties shall also file a written intervention in compliance with Rule VIII of the aforesaid Rules of Practice and Procedure. The statement of facts shall be considered as a pleading and not as evidence of the facts therein stated. The affirmative evidence adduced by the parties at the hearing shall be limited to the said statement of facts;

(2) If no written statement of the facts expected to be proved at the hearing is filed by the applicant within the fifteen-day period, in the absence of extenuating circumstances, the application shall be deemed to have been withdrawn on the expiration of said period in accordance with the provisions of section VII (g) of the aforesaid Rules of Practice and Procedure;

(3) If the applicant does not appear and offer evidence in support of his statement of facts, in the absence of extenuating circumstances, the application shall be deemed to have been withdrawn in accordance with the provisions of section VII (g) of the aforesaid Rules of Practice and Procedure;

(4) The burden of proof in this proceeding shall be on the applicant.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the application of the Junction City Clay Company under the second paragraph of section 4-A of the Act for a determination of the status of the coal produced at its Junction City Mine in Perry County, Ohio, alleging that the said coal is exempt from section 4 of the Act because it is consumed by applicant, the producer thereof, or transported by applicant to itself for consumption by it within the meaning of section 4 II (1) of the Act.

NOTICE OF EXECUTIVE COMMITTEE MEETING OF THE BOARD OF SUPERVISING INSPECTORS

Pursuant to the authority conferred by Section 4405, R. S., I hereby call a meeting of an Executive Committee of the Board of Supervising Inspectors of the Bureau of Marine Inspection and Navigation, consisting of R. S. Field, Director; George Fried, Supervising Inspector of the Second District, New York; and Robert E. Coombs, Supervising Inspector of the Fifth District, Cincinnati; to take place in the office of the Director, Bureau of Marine Inspection and Navigation, Department of Commerce, Washington, D. C., commencing at 9:00 a. m., December 4, 1941, for the purpose of considering amendments to the regulations with respect to lifesaving appliances and equipment on vessels entering dangerous areas; amendments to the General Rules and Regulations for Tank Vessels; approval of miscellaneous items of equipment for use on board vessels; and such other business as may come before the meeting.

A public hearing on proposed amendments to the General Rules and Regulations for Tank Vessels will begin at 1:30 p. m. December 4, 1941. These proposals are not in the nature of new regulations making additional requirements on such tank vessels, but are principally for the purpose of making provisions of the Tank Vessel Regulations in accordance with the corresponding provisions already in effect in the other classes of the General Rules and Regulations. A copy of the proposed amendments to the Regulations for Tank Vessels is attached hereto.[1]

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and part 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective December 1, 1941.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates

are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

IN THE MATTER OF LEE S. BUCKINGHAM, WILLIAM J. HUDSON, THOMAS KEOGH AND STANLEY STANGER, PROPOSED BONDHOLDERS' PROTECTIVE COMMITTEE FOR FIRST LIEN AND GENERAL MORTGAGE BONDS OF WASHINGTON GAS AND ELECTRIC COMPANY

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1941.

A declaration and an amendment thereto having been filed with this Commission by the above-named parties pursuant to Rule U-62 promulgated under the Public Utility Holding Company Act of 1935; and said declaration as amended stating:

1. That declarants propose to act as a Bondholders' Protective Committee (herein sometimes referred to as the "Committee") for the First Lien and General Mortgage Bonds of Washington Gas and Electric Company, a registered holding company, a debtor in proceedings now pending before the United States District Court for the Southern District of New York pursuant to Chapter X of the Bankruptcy Act. Said declarants propose to solicit authorizations to represent such bondholders in proceedings under Chapter X of the Bankruptcy Act or in proceedings before this Commission; and

2. That Lee S. Buckingham and Stanley Stanger are acting as members of the Committee at the request of Strauss Bros., New York, N. Y.; and That Thomas Keogh is acting as a member of the Committee at the request of Colonial Trust Company of New York, N. Y. and of Stryker & Brown of New York, N. Y. and that William J. Hudson is acting as a member of the Committee at the request of C. T. Williams & Co., Inc. of Baltimore, Maryland; and

3. That said Strauss Bros., Stryker & Brown and C. T. Williams & Co., Inc. are security dealers which are engaging in buying and selling and rendering investment advice with respect to the securities of Washington Gas and Electric Company; and that said security dealers intend to continue to trade and deal in and render investment advice with respect to such securities after the formation of the proposed Committee and the solicitation of authorizations and during the pendency of the proceedings under Chapter X of the Bankruptcy Act and before this Commission; and

4. That Scribner & Miller, a firm of attorneys of New York, New York, are proposed as counsel for such Committee, and the Commission having information tending to show that said firm of attorneys has represented Strauss Bros. in connection with the affairs of Washington Gas and Electric Company and in other matters; and

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said declaration, as amended, and that said declaration as amended shall not become effective except pursuant to further order of the Commission;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the Rules of the Commission promulgated thereunder be held on December 10, 1941 at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Building, 1778 Pennsylvania Avenue, N. W., Washington, D. C. At such time the hearing room clerk in Room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by the Commission for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act, and to a trial examiner under the Commission's Rules of Practice;

It is further ordered, That without limiting the scope of issues presented by said declaration, particular attention will be directed at said hearing to the following matters and questions:

1. The identity of the persons proposing to effect the solicitation of authorizations from the holders of the First Lien and General Mortgage Bonds of Washington Gas and Electric Company;

2. Whether any person or persons connected with the members of the proposed Committee, or otherwise within the purview of subdivision (g) of Rule U-62, intend to buy or sell (as principal, agent, trustee or otherwise) or render any investment advice with respect to the securities of Washington Gas and Electric Company, or of any subsidiary thereof or of any associate company which may be affected by the reorganization.

3. Whether Strauss Bros., Stryker & Brown, C. T. Williams & Co., Inc. and/or Scribner & Miller are connected with the persons proposing to effect such solicitation or any member of the proposed Committee, or otherwise come within the class of persons described in subdivision (g) of Rule U-62.

4. Whether the solicitation material which the Committee proposes to send to the holders of the First Lien and General

Mortgage Bonds makes full and fair disclosure of the material facts and otherwise is not detrimental to the public interest or the interest of investors or consumers.

It is further ordered, That notice with respect to the filing of the aforementioned declaration and of the order of and notice for hearing be given by the publication of this notice and order in the FEDERAL REGISTER. Any interested person desiring to be heard or to intervene in such proceeding shall file a notice with the Commission to such effect not later than December 9, 1941 stating the reasons for such request and the nature of his interest. Any such request should be addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C.

IN THE MATTER OF THE HAMPTON WATER-WORKS COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 1st day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party or parties; and

Notice is further given that any interested person may, not later than December 17, 1941 at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transaction therein proposed, which is summarized below:

The proposed transaction by The Hampton Water-Works Company, a subsidiary of Northeastern Water and Electric Corporation, a registered holding company, contemplates a modification of such Company's First Mortgage Bonds, Series A, 4¼%, due January 1, 1964, and amendment of the Indenture securing said Bonds so that the interest accruing on said Bonds from and after January 1, 1942, shall be at the rate of 3¼% per annum instead of 4¼% per annum as at present, and the premium on the principal amount of the Bonds payable on redemption thereof (otherwise than a redemption arising through the acquisition of all or substantially all of the property of the Company by a municipal corporation or other governmental subdivision or any governmental body; the terms and conditions with respect thereto remaining as stated in the Indenture) shall be increased, as indicated, in the following table:

If redemption date occur within period	*Present Percent*	*Proposed Percent*
January 2, 1942–January 1, 1944	5	7
January 2, 1944–January 1, 1949	4	6
January 2, 1949–January 1, 1954	3	5
January 2, 1954–January 1, 1959	2	3
January 2, 1959–January 1, 1962	1	2
January 2, 1962–January 1, 1963	½	½
January 2, 1963–December 31, 1963	¼	¼

The proposed transaction further contemplates amending the Indenture so as to permit the Company to use as a basis for depreciation such amount as might be allowed by any regulatory authority for rate making purposes. The declaration or application states that such modification and amendment will become effective when the holder of the outstanding Bonds has assented thereto and filed its written assent and authorization with the Trustee under the Indenture authorizing the Trustee to execute a Supplemental Indenture modifying and amending the Bonds and the Indenture as above described, and the Company and the Trustee have executed said Supplemental Indenture, and the bondholder has surrendered its Bonds for stamping with an appropriate notation reflecting the said modification and amendment.

By the Commission.

IN THE MATTER OF SOUTHEASTERN INDUSTRIAL LOAN COMPANY

STOP ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of November, A. D. 1941.

A proceeding having been instituted by the Commission pursuant to section 8 (d) of the Securities Act of 1933, on the registration statement of Southeastern Industrial Loan Company, a Delaware corporation, after confirmed telegraphic notice to the registrant that it appeared that said registration statement included untrue statements of material facts and omitted to state material facts required to be stated and omitted to state material facts necessary to make the statements therein not misleading; and

The Commission having duly considered the matter, and finding that said registration statement includes untrue statements of material facts and omits to state material facts required to be stated therein and material facts necessary to make the statements therein not misleading, all as more fully set forth in the Findings and Opinion of the Commission this day issued; and

The Commission now being fully advised in the premises;

It is ordered, Pursuant to section 8 (d) of the Securities Act of 1933, that the effectiveness of the registration statement filed by Southeastern Industrial Loan Company, a Delaware corporation, be and the same hereby is suspended.

IN THE MATTER OF DENIS J. DRISCOLL AND WILLARD L. THORP, AS TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORPORATION, RESPONDENTS

ORDER POSTPONING DATE OF HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 29th day of November, A. D. 1941.

The Commission having, on September 4, 1941, issued its Notice of and Order for Hearing, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, in the above-entitled matter; said order having required that respondents file their answer herein on or before October 17, 1941, and having set the date for the hearing herein on October 28, 1941; and said order having further provided that any person proposing to intervene in said proceedings file his request or application therefor on or before October 17, 1941;

The Commission having by orders entered on October 17, November 3, and November 22, 1941, postponed the date of said hearing; and

Respondents having requested that said date of hearing be further postponed from December 2, 1941, to December 16, 1941, and the Commission being of the opinion that said request may appropriately be granted;

It is ordered, That the date of the hearing in this matter be and is hereby postponed to December 16, 1941, at 10 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., in such room as may be designated on said day by the hearing-room clerk in room 1102, before the officer of the Commission previously designated herein; and

It is further ordered, That the Secretary of this Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to the respondents and to said Stanley Clarke, as Trustee of Associated Gas and Electric Company, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

CHAPTER II—COMMODITY CREDIT CORPORATION

[1941 C. C. C. Soybean Form 1]

PART 226—1941 SOYBEAN LOANS

INSTRUCTIONS

These instructions are issued pursuant to the provisions of Title III—section 302 (a) of the Agricultural Adjustment Act of 1938, as amended.

Commodity Credit Corporation has authorized the making of loans in accordance with these instructions upon the security of soybeans stored on farms and in approved warehouses.

Sec.

226.1 Definitions.
226.2 Forms.
226.3 Areas in which loans will be made.
226.4 Amount of loans.
226.5 Maturity and interest rate.
226.6 Determination of quantity of soybeans.

226.15 Purchase of loans.
226.16 Offices of Commodity Credit Corporation.
226.17 Release of collateral.

§ 226.1 *Definitions.* For the purpose of these instructions and the notes and chattel mortgages related thereto, the terms shall be construed, respectively, to mean:

(a) *Eligible producer.* Any person partnership, association, or corporation, producing soybeans as landlord, landowner, or tenant, upon whose farm the 1941 total soil-depleting acreage does not exceed the total soil-depleting acreage allotment established for the farm under the 1941 Agricultural Conservation Program.

(b) *Eligible soybeans.* Soybeans of any class, grading No. 4 or better, which were produced in 1941, the beneficial interest to which is and always has been in the eligible producer, will be eligible for a loan; except that soybeans grading weevily, or which are musty, sour, heating, or have any commercially objectionable foreign odor, or which contain in excess of 15 percent moisture if stored on the farm, or in excess of 18 percent moisture if stored in approved warehouses, shall not be eligible for a loan.

(c) *Eligible storage.* Eligible storage shall include approved warehouses and farm storage meeting the following respective requirements:

(1) Warehouses which have met the requirements of Commodity Credit Corporation, and have executed a Uniform Grain Storage Agreement (C.C.C. Form H) including soybeans in the definition of eligible grain.

(2) Farm storage shall consist of farm bins and granaries which are of such substantial and firm construction as to afford safe storage of the soybeans and permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather, as determined by State and county agricultural conservation committees.

(d) *Lending agency.* Any bank, cooperative marketing association, or other corporation, partnership, or person, which has a Contract to Purchase with Commodity Credit Corporation.

(e) *Eligible paper.* Eligible paper shall consist of notes of producers, secured by chattel mortgages or warehouse receipts representing soybeans in existence and undamaged. Such notes must be dated on or subsequent to October 1, 1941, and prior to January 31, 1942, and must be executed in accordance with these instructions, with State documentary revenue stamps affixed thereto, where required by law. A note executed by an administrator, executor, or trustee, will be acceptable only where valid in law.*

(d) Warehouse receipts complying with the provisions of section 226.9 hereof which are issued by approved warehouses.*

§ 226.3 *Areas in which loans will be made.* Loans shall be made on eligible soybeans when stored in

(a) Warehouses approved by Commodity Credit Corporation or

(b) In farm bins or granaries approved by the county agricultural conservation committee.*

§ 226.4 *Amount of loans.* Loan values on soybeans shall be based on the numerical grade, in accordance with the following schedule:

Soybeans stored on farms:

	Per bushel
No. 1 Soybeans	$1.05
No. 2 Soybeans	1.05
No. 3 Soybeans	1.03
No. 4 Soybeans	1.01

Soybeans stored in warehouses:

	Per bushel
No. 1 Soybeans	$0.98
No. 2 Soybeans	.98
No. 3 Soybeans	.96
No. 4 Soybeans	.94

*

§ 226.5 *Maturity and interest rate.* Notes secured by farm-stored soybeans and warehouse receipts shall mature on demand, but in any event not later than June 30, 1942. All loans will bear interest at the rate of 3 percent per annum. Notes evidencing loans must be dated on or before January 31, 1942.*

§ 226.6 *Determination of quantity of soybeans.* Loans shall be made at values expressed in cents per bushel, a bushel being determined to be 56 pounds when determined by weight or 1.25 cubic feet of soybeans testing 56 pounds per bushel when determined by measurement. In determining the quantity of soybeans in farm storage by measurement, fractional pounds of the bushel testweight for soybeans testing less than 56 pounds will be disregarded, and the quantity determined by measurement shall be adjusted by the following respective percentages:

	Percent
For soybeans testing 56 pounds or over	100
For soybeans testing 55 pounds or over, but less than 56 pounds	98
For soybeans testing 54 pounds or over, but less than 55 pounds	96
For soybeans testing 53 pounds or over, but less than 54 pounds	93
For soybeans testing 52 pounds or over, but less than 53 pounds	93
For soybeans testing 51 pounds or over, but less than 52 pounds	91
For soybeans testing 50 pounds or over, but less than 51 pounds	89

*

§ 226.7 *Farm storage.* Soybeans stored on the farm shall have been stored in the granary at least thirty (30) days prior to its inspection for measurement, sampling, and sealing. In accordance with regulations issued by the Secretary of Agriculture, the State and county agricultural conservation committees will inspect and approve storage facilities and will arrange for measuring, sampling, grading, and sealing the soybean collateral in approved structures. Chattel mortgages covering farm-stored soybeans must be executed and filed in accordance with the applicable State law. Producers should obtain information and assistance from the county agricultural conservation committees in regard to the execution and filing of such chattel mortgages. Where the borrower is a tenant and the soybean collateral is stored on the farm, the expiration date of the lease must be given in section 1 (d) of the chattel mortgage. If the expiration date of the lease is prior to August 31, 1942, the landlord must execute the Consent for Storage, section 5 of the chattel mortgage. The consent agreement must also be signed by any other party or parties entitled to possession prior to August 31, 1942. Each producer must designate in section 1 (b) of the chattel mortgage a shipping point reasonably convenient for the delivery of the soybeans as determined by the county committee. Notes and mortgages which provide a shipping point other than the shipping point customarily used by producers in the locality in which the soybeans are stored will not be accepted. A separate note and chattel mortgage must be submitted for soybeans stored on each quarter section of land.*

§ 226.8 *Chattel mortgages.* All documents must be carefully examined as to compliance with State requirements.*

§ 226.9 *Public warehouses.* Commodity Credit Corporation will accept only negotiable, insured, warehouse receipts covering soybeans pledged as collateral to notes on the converted 1941 C.C.C. Wheat Form B issued by any approved warehouse. Warehousemen desiring approval should communicate with the regional office of Commodity Credit Corporation serving the area. A list of approved warehouses may be obtained from the State or county agricultural conservation office in the area. All soybeans pledged as security to a particular note must be stored in the same warehouse.*

§ 226.10 *Warehouse receipts.* Warehouse receipts must be dated on or prior to the date of the related note and must be properly assigned by an endorsement in blank, so as to vest title in the holder, or must be issued to bearer, and must be issued by approved warehouses. Unless the warehouse receipts are stamped or printed "insured" or "fully insured" there must be attached or included in the certificate of the warehouseman a statement that the soybeans are insured for not less than the market value, against the hazards of fire, lightning, inherent explosion, windstorm, cyclone and tornado. Commodity Credit Corporation will not accept warehouse receipts indicating any lien for charges prior to unloading in or delivery to the warehouse issuing such receipts. Lien for storage charges will be recognized by Commodity Credit Corporation only from August 1, 1941, or the date of the warehouse receipt, whichever is later. Such receipts must set out in their written or printed terms the gross weight or bushels, the class and grade, the percentage of sound soybeans, testweight, and all other facts and statements required to be stated in the written or printed terms of a negotiable warehouse receipt under the provisions of section 2 of the Uniform Warehouse Receipts Act, or must be accompanied by the certificate of the warehouseman identified to such warehouse receipt setting out such information, and shall be based on the delivery of the soybeans to an approved warehouse.*

§ 226.11 *Liens.* The soybean collateral must be free and clear of all liens except in favor of the lienholders listed in the space provided therefor in the chattel mortgage or note and loan agreement. The names of the holders of all existing liens on pledged or mortgaged soybeans, such as landlord, laborers, threshers, or mortgagees, must be listed in the space provided therefor in the mortgage or loan agreement. The waiver and consent to pledge or mortgage of the soybeans and the payment of the proceeds of the loan, and the proceeds of the sale of the soybeans solely to the producer, as contained in the mortgage or loan agreement, must be signed personally by all lienholders listed or by their duly authorized agents; or, if corporations, by an officer thereof customarily authorized to execute such instruments. (In lieu of signing the section of the chattel mortgage or loan agreement entitled "List of Lienholders and Their Waivers and Consent to Mortgage" lienholders may sign C.C.C. Form AB, which must completely identify the related note.) The producer may direct on the note that the proceeds of the loan be made payable to him and/or any other person or concern. Producers should read carefully all real estate or other mortgages previously given by them in order to determine whether the soybeans offered as collateral are covered thereby. Any fraudulent representation of fact made in the execution of the note and loan agreement or mortgage and related forms shall render the producer personally liable for the amount of the loan, plus interest and charges, and subject to the provisions of the United States Criminal Code.*

§ 226.12 *Insurance*—(a) *Soybeans stored on farms.* The producer must obtain primary insurance on soybeans stored on the farm for not less than the amount of the loan, plus accrued interest to maturity, which insurance shall not expire earlier than August 31, 1942. Such insurance must be evidenced by a certificate in a form approved by Commodity Credit Corporation and must be issued by a company or association licensed to do business in the State in which the soybeans are stored. The insurance coverage may be obtained through the customary channels and the form of certificate required shall be furnished by the agent writing same.

(b) *Soybeans stored in approved warehouses.* The warehouseman is required to provide insurance against the perils of fire, lightning, inherent explosion and windstorm, cyclone, and tornado, for the full market value of the soybeans.

(c) Commodity Credit Corporation has a blanket insurance policy which protects it and lending agencies against errors and omissions in the primary insurance coverage, and certain other risks not covered by the primary insurance. This insurance covers all loans and the cost of the insurance will be paid from the service fees collected from producers.*

§ 226.13 *County agricultural conservation committee.* Forms will be obtained from county agricultural conservation committees or from the office of Commodity Credit Corporation. The approval of each note should not bear a date prior to the date of the note or loan agreement, and must be signed in each instance by a member of the county agricultural conservation committee of the county in which the soybeans were produced, for warehouse-stored soybeans, and the county in which the soybeans are stored, for farm-stored soybeans. The State and county committees will determine or cause to be determined the quantity and grade of the soybean collateral and the amount of the loan. All loan documents will be completed and approved by the county committee, which will retain all documents except the producer's note and warehouse receipt. In order to reimburse itself for its expense in connection with the loan program the county agricultural conservation association will collect a service fee for each loan.*

§ 226.14 *Source of loans.* Loans may be obtained through banks and other lending agencies, as defined in section 226.1 hereof, or direct from the Commodity Credit Corporation. Notes made payable to the Corporation must be delivered to the office of the Corporation at Chicago, Illinois, on or before January 31, 1942, or postmarked on or before such date.*

§ 226.15 *Purchase of loans.* Commodity Credit Corporation will purchase, without recourse, eligible paper, as defined above, only from lending agencies which have executed and delivered to the regional office of Commodity Credit Corporation, Contract to Purchase, 1940 C.C.C. Form E, obtainable only from the Corporation.

Paper held by lending agencies must be tendered to the Commodity Credit Corporation office at least ten (10) days prior to maturity. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the outstanding face amount of such notes, plus accrued interest from the date of disbursement by the lending agency to the date of payment of the purchase price at the rate of 1½ percent per annum. Under the terms of the Contract to Purchase, lending agencies are required to report weekly on 1940 C.C.C. Form F all repayments or collections on producers' notes held by them and to remit with such report to the office of Commodity Credit Corporation, as shown below, an amount equivalent to 1½ percent per annum on the principal amount collected from the date of the note to the date of repayment.*

§ 226.16 *Offices of Commodity Credit Corporation.* The regional office of Commodity Credit Corporation, 208 South La Salle Street, Chicago, Illinois, will handle all soybean loans for the Corporation. All direct loans should be forwarded to such office for disbursement. Lending agencies desiring to submit soybean notes to Commodity Credit Corporation for purchase should forward the notes to the Chicago office.*

§ 226.17 *Release of collateral.* The producer may obtain the return of his note at any time prior to maturity, upon the payment of the principal amount due thereon, plus accrued interest and charges. Loan papers may be forwarded to a local bank for collection or the producer may ascertain the amount due and remit directly to the office of Commodity Credit Corporation. Partial releases of collateral will be made as follows:

(a) In the case of farm-stored soybeans, the producer must identify to the representative or lending agency the seal number of the bin containing the collateral to be released. Such release will be made upon payment of the amount loaned on the particular quantity of soybeans to be released, plus interest.

(b) In the case of elevator-stored soybeans, producers desiring to obtain partial release should notify the representative or lending agency, describing the soybeans to be released by warehouse receipt numbers. Each partial release must cover all the soybeans under one warehouse receipt. The warehouse receipt representing such soybeans will be released upon payment of the amount loaned, plus interest on such amount and any charges applicable thereto.*

Dated October 18, 1941.

TITLE 7—AGRICULTURE

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

[020-1]

PART 920—MILK IN LA PORTE COUNTY, INDIANA, MARKETING AREA

Grover B. Hill, Acting Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246), issued, effective September 1, 1941, Order No. 20, as amended,[1] regulating the handling of milk in the La Porte County, Indiana, marketing area.

Paul H. Appleby, Acting Secretary of Agriculture, tentatively approved, on July 23, 1941, a marketing agreement, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area.

There being reason to believe that amendments to said tentatively approved marketing agreement, as amended, and to said order, as amended, would tend to effectuate the declared policy of said act, notice was given, on the 4th day of September 1941, of a public hearing which was held in La Porte, Indiana, on the 16th day of September 1941, on a proposal to amend said marketing agreement, as amended, and said order, as amended, at which time and place all interested parties were afforded an opportunity to be heard on the proposal to amend said marketing agreement, as amended, and said order, as amended.

After such hearing, handlers of more than fifty percent of the volume of milk covered by such order, as amended, which is marketed within the La Porte County, Indiana, marketing area, refused or failed to sign a tentatively approved marketing agreement, as amended, regulating the handling of milk in such marketing area, in the same manner as said order, as hereby amended.

The provisions of section 8c (9) of said act have been complied with.

It is hereby found (§ 920.0) upon the evidence introduced at the above-mentioned hearing, said findings being in addition to the findings made upon the evidence introduced at the original hearing on said order and at hearings on amendments to said order, and in addition to the other findings made prior to or at the time of the original issuance of said order and of amendments to said order (which findings are hereby ratified and affirmed, save only as such findings are in conflict with the findings hereinafter set forth):

(a) That the handling of milk which is produced outside of the State of Indiana and sold in the marketing area is in the current of interstate commerce, and that the handling of milk produced within the State of Indiana which is intermingled with the milk produced outside of the State of Indiana burdens, obstructs, and affects interstate commerce;

(b) That the prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to section 2 and section 8e of said act (50 Stat. 246; 7 U.S.C. 602, 608e) are not reasonable in view of the available supplies of feeds, the prices of feeds, and other economic conditions which affect the supply of and demand for such milk, and that the minimum prices set forth in this amendment to said order, as amended, are such prices as will reflect such factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(c) That the order regulates the handling of milk in the same manner as the tentatively approved marketing agreement, as amended, upon which hearings have been held; and

(d) That the issuance of this amendment No. 1 to the order, as amended, and all of the terms and conditions of such order, as so amended, will tend to effectuate the declared policy of the act.

It is hereby ordered that the order, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area, shall be, and it is hereby amended, as follows:

1. Delete § 920.4 and substitute therefor the following:

§ 920.4 *Minimum prices*—(a) *Class prices.* Each handler shall pay producers, at the time and in the manner set forth in § 920.8, for the 3.8 percent butterfat content equivalent of milk received at the handler's plant, not less than the following prices:

(1) *Class I milk.* The price per hundredweight for Class I milk shall be the price for Class III milk determined by the market administrator pursuant to subparagraph (3) of this paragraph, plus 50 cents: *Provided,* That with respect to Class I milk disposed of by such handler (i) to persons or families receiving relief from recognized relief agencies, or (ii) under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be such Class I price less 30 cents.

(2) *Class II milk.* The price per hundredweight for Class II milk shall be the price for Class III milk determined by the market administrator pursuant to subparagraph (3) of this paragraph, plus 20 cents.

(3) *Class III milk.* The price per hundredweight for Class III milk shall be the price resulting from the following computation by the market administrator: determine the arithmetic average of the basic, or field, prices per hundredweight ascertained to have been paid for milk of 3.8 percent butterfat content received during the delivery period at the following plants:

Concern	*Location of plant*
Goshen Milk Condensing Co.	Goshen, Ind.
Litchfield Creamery Co	Warsaw, Ind.
Gordon Baking Company	Nappanee, Ind.
Niles Creamery Company	Niles, Mich.

Provided, That if any of such plants fails to report to the market administrator the basic, or field, price paid for milk received during the delivery period, the price per hundredweight for Class III milk shall be the price resulting from the following computation by the market administrator: determine the arithmetic average of the basic, or field, prices, as reported to the United States Department of Agriculture, paid during the delivery period to farmers at the following places or evaporated milk plants where milk is received for evaporating purposes:

Location of evaporated milk plants and places	
Mt. Pleasant, Mich.	Berlin, Wis.
Sparta, Mich.	Richland Center, Wis.
Hudson, Mich.	Oconomowoc, Wis.
Wayland, Mich.	Jefferson, Wis.
Coopersville, Mich.	New Glarus, Wis.
Greenville, Wis.	Belleville, Wis.
Black Creek, Wis.	New London, Wis.
Orfordville, Wis.	Manitowoc, Wis.
Chilton, Wis.	West Bend, Wis.

(4) *Class IV milk.* The price per hundredweight resulting from the following computation by the market administrator: multiply by 3.8 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, and add 30 percent thereof.

2. Delete § 920.8 (a) (1) and substitute therefor the following:

§ 920.8 *Payments for milk*—(a) *Time and method of payment.* (1) On or before the 15th day after the end of each delivery period, other than the delivery periods of June, July, August, and September, each handler shall make payment, subject to the butterfat differential set forth in paragraph (c) of this section, to producers from whom such milk was received, as follows:

* * * * * *

3. Delete § 920.8 (a) (2) and substitute therefor the following:

(2) On or before the 15th day after the end of each June, July, August, and September delivery period, each handler shall make payment, subject to the butterfat differential set forth in paragraph (c) of this section, to producers from whom such milk was received, as follows:

PART 932—MILK IN THE FORT WAYNE, INDIANA, MARKETING AREA

Claude R. Wickard, Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246), issued, effective August 8, 1941, Order No. 32, as amended,[1] regulating the handling of milk in the Fort Wayne, Indiana, marketing area.

Paul H. Appleby, Acting Secretary of Agriculture, tentatively approved, on July 14, 1941, a marketing agreement, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area.

There being reason to believe that amendments to said tentatively approved marketing agreement, as amended, and to said order, as amended, would tend to effectuate the declared policy of said act, notice was given, on August 26, 1941, of a public hearing which was held in Fort Wayne, Indiana, on September 15, 1941, on a proposal to amend said marketing agreement, as amended, and said order, as amended, at which time and place all interested parties were afforded an opportunity to be heard on the proposal to amend said marketing agreement, as amended, and said order, as amended.

After such hearing, handlers of more than fifty (50) percent of the volume of milk covered by said order, as amended, which is marketed within the Fort Wayne, Indiana, marketing area, refused or failed to sign a tentatively approved marketing agreement, as amended, regulating the handling of milk in such marketing area, in the same manner as said order, as hereby amended.

The provisions of section 8c (9) of said act have been complied with.

It is hereby found (§ 932.0), upon the evidence introduced at the above-mentioned hearing, said findings being in addition to the findings made upon the evidence introduced at the original hearings on said order and at hearings on amendments to said order, and in addition to the other findings made prior to or at the time of the original issuance of said order and of amendments to said order (which findings are hereby ratified and affirmed, save only as such findings are in conflict with the findings hereinafter set forth):

(a) That the prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to section 2 and section 8 (e) of said act (50 Stat. 246; 7 U.S.C. 602, 608e) are not reasonable in view of the available supplies of feeds, the prices of feeds, and other economic conditions which affect the supply of and demand for such milk, and that the minimum prices set forth in this amendment to said order, as amended, are such prices as will reflect such factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(b) That the order regulates the handling of milk in the same manner as the tentatively approved marketing agreement, as amended, upon which hearings have been held; and

(c) That the issuance of this amendment No. 1 to the order, as amended, and all of the terms and conditions of such order, as so amended, will tend to effectuate the declared policy of the act.

It is hereby ordered that the order, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area shall be and it is hereby amended as follows:

1. Delete § 932.4 and substitute therefor the following:

§ 932.4 *Minimum prices*—(a) *Class prices.* Each handler shall pay producers, in the manner set forth in § 932.8, for the 4 percent butterfat content equivalent of milk received at such handler's plant, not less than the following prices:

(1) *Class I milk.* The price per hundredweight for Class I milk shall be the price for Class III milk, determined by the market administrator pursuant to subparagraph (3) of this paragraph, plus 65 cents: *Provided,* That with respect to Class I milk disposed of by such handler under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be such Class I price less 46 cents.

(2) *Class II milk.* The price per hundredweight for Class II milk shall be the price for Class III milk determined by the market administrator pursuant to subparagraph (3) of this paragraph, plus 30 cents.

(3) *Class III milk.* Except as set forth in subparagraph (4) of this paragraph, the price per hundredweight for Class III milk shall be the price resulting from the following computation by the market administrator: determine the average of the prices per hundredweight ascertained to have been paid for milk of 4 percent butterfat content received during the delivery period at the following plants, and subtract 3 cents:

Concern	*Location of plant*
Defiance Milk Products Co.	Defiance, Ohio.
Van Camp Milk Co	Garrett, Ind.
Van Camp Milk Co	Angola, Ind.
Kraft-Phenix Cheese Corporation.	Kendallville, Ind.

Provided, That if the price so determined is less than the price per hundredweight computed by the market administrator in accordance with the following formula, such formula price shall be the price for Class III milk for the delivery period: multiply by 4 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, and add 30 percent thereof.

(4) In the case of Class III milk disposed of by such handler as butter, but not to exceed 10 percent of the 4 percent butterfat content equivalent of such handler's Class I and Class II milk, the

price per hundredweight shall be that resulting from the following computation by the market administrator: multiply by 4 the average butter price computed pursuant to the proviso in subparagraph (3) of this paragraph, and add 30 percent thereof.

2. Delete § 932.9 and substitute therefor the following:

§ 932.9 *Marketing services*—(a) *Marketing service deductions.* Except as set forth in paragraph (b) of this section, each handler, in making payments to producers pursuant to § 932.8 (b) (1), shall make a deduction of 3 cents per hundredweight of milk, or such lesser deduction as the market administrator shall determine to be sufficient, subject to review by the Secretary, with respect to the following:

(1) All milk received from producers at a plant not operated by a cooperative association qualified under paragraph (b) of this section; and

(2) All milk received at a plant operated by a cooperative association qualified under paragraph (b) of this section from producers who are not members of such cooperative association.

Such deductions shall be paid by the handler to the market administrator on or before the 15th day after the end of each delivery period. Such moneys shall be expended by the market administrator for verification of weights, samples, and tests of milk received from such producers and in providing for market information to such producers. The market administrator may contract with any qualified association of producers to act as his agent to furnish any or all of such services to such producers.

(b) *Marketing service deduction with respect to members of, or producers marketing through, a cooperative association.* In the case of each producer (1) who is a member of, or who has given written authorization for the rendering of marketing services and the taking of deductions therefor to, a cooperative association qualified under the provisions of the act of Congress of February 18, 1922, known as the Capper-Volstead Act, (2) whose milk is received at a plant not operated by such association, and (3) for whom the Secretary determines that such association is performing the services described in paragraph (a) of this section, each handler shall deduct, in lieu of the deductions specified under paragraph (a) of this section, from the payments made pursuant to § 932.8 (b) (1), the amount per hundredweight of milk authorized by such producer and shall pay over, on or before the 15th day after the end of such delivery period, such deduction to the cooperative association entitled to receive it under this paragraph. H. A. Wallace, Secretary of Agriculture of the United States of America, issued, effective June 1, 1940, Order No. 47,[1] regulating the handling of milk in the Fall River, Massachusetts, marketing area.

There being reason to believe that the issuance of an amendment to said order, would tend to effectuate the declared policy of the act, notice was given of a hearing which was held on October 28, 1940, reopened after due notice on May 19, 1941, and again reopened after due notice on September 3, 1941,[2] all sessions of the hearing being held in Westport, Massachusetts, at which times and place all interested parties were afforded an opportunity to be heard upon certain proposals to amend the order.

The requirements of section 8c (9) of said act have been complied with.

§ 947.0 *Findings.* It is found upon the evidence introduced at the last abovementioned public hearings, such findings being in addition to the findings made upon the evidence introduced at the hearings on the order, and being in addition to the other findings made prior to or at the time of the orginal issuance of the order (which findings are hereby ratified and affirmed save only as such findings are in conflict with the findings hereinafter set forth):

(a) That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to Secs. 2 and 8c, 50 Stat. 246; 7 U.S.C. 602, 603c, are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk and that the minimum prices set forth in this amendment to said order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above the levels which are declared in the act to be the policy of Congress to establish;

(b) That the order, as amended, regulates the handling of milk in the same manner as a marketing agreement, as amended, upon which a hearing has been held; and

(c) That the issuance of the order, as amended, and all of its terms and conditions, tends to effectuate the declared policy of the act.*

*§§ 947.0 to 947.12, inclusive, issued under the authority contained in 48 Stat. 31, 670, 675 (1933); 49 Stat. 750 (1935); 50 Stat. 246 (1937); 7 U.S.C. and Sup., 601 et seq.

It is hereby ordered, That such handling of milk in the Fall River, Massachusetts, marketing area as is in the current of interstate commerce or as directly burdens, obstructs, or affects interstate commerce shall, from the effective date hereof, be in compliance with the following terms and conditions:

§ 947.1 *Definitions*—(a) *Terms.* As used herein, the following terms shall have the following meanings:

(1) The term "act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937.

(2) The term "Secretary" means the Secretary of Agriculture of the United States.

(3) The term "Fall River, Massachusetts, marketing area," hereinafter called the "marketing area," means (a) the city of Fall River and the town of Somerset, both in the Commonwealth of Massachusetts, and (b) the town of Tiverton in the State of Rhode Island.

(4) The term "person" means any individual, partnership, corporation, association, or any other business unit.

(5) The term "producer" means any person who produces milk which is delivered to a receiving plant from which milk is shipped to, or sold in, the marketing area during any delivery period.

(6) The term "cooperative association" means any cooperative association of producers which the Secretary determines (a) to have its entire activities under the control of its members, and (b) to have and to be exercising full authority in the sale of milk of its members.

(7) The term "handler" means any person irrespective of whether such person is also a producer or a cooperative association who, on his own behalf or on behalf of others, purchases or receives milk from producers, associations of producers, or other handlers, all, or a portion, of which milk is disposed of as milk or cream in the marketing area; and who, on his own behalf or on behalf of others, engages in such handling of milk as is in the current of interstate commerce or which directly burdens, obstructs, or affects interstate commerce in milk and its products. This definition shall be deemed to include a cooperative association with respect to the milk delivered by a handler to another handler or a nonhandler for the account of such association and the milk of any producer which it causes to be delivered to the plant of a handler or causes to be delivered to a plant from which no milk is disposed of in the marketing area, for the account of such association of producers, and for which such association of producers collects payment.

(8) The term "producer-handler" means a producer who is also a handler and receives no milk from other producers: *Provided,* That the maintenance, care, and management of the dairy animals and other resources necessary to produce his milk shall be the personal enterprise of and at the personal risk of such producer, and the processing, packaging, and distribution of the milk shall be the personal enterprise of and shall be at the personal risk of such producer in his capacity as a handler.

(9) The term "market administrator" means the person designated pursuant to § 947.2 as the agency for the administration hereof.

(10) The term "delivery period" means the current marketing period from the effective date hereof to and including the last day of that month. Subsequent to that month "delivery period" means the current marketing period from the first to and including the last day of each month.

(11) The term "hundredweight" means one hundred pounds of milk or its volume equivalent, considering 85 pounds of milk and 86 pounds of skimmed milk per 40-quart can, and 2.15 pounds of milk per quart.

(12) The term "receiving plant" means any milk plant currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from producers' farms, and for washing and sterilizing the milk cans in which milk is received, and at which are currently maintained weigh sheets or other records of producers' deliveries.*

§ 947.2 *Market administrator*—(a) *Designation.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

(b) *Powers.* The market administrator shall have power to:

(1) Administer the terms and provisions hereof.

(2) Receive, investigate, and report to the Secretary complaints of violations of the terms and provisions hereof.

(3) Recommend to the Secretary amendments hereto.

(c) *Duties.* The market administrator, in addition to the duties hereinafter described, shall:

(1) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary.

(2) Pay, out of the funds provided by § 947.11, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office.

(3) Keep such books and records as will clearly reflect the transactions provided for herein, and surrender the same to his successor or to such other person as the Secretary may designate.

(4) Unless otherwise directed by the Secretary, publicly disclose, within 30 days after such nonperformance becomes known to the market administrator, the name of any person who, within 6 days after the date on which he is required to perform such acts has not (a) made reports pursuant to § 947.5 or (b) made payments pursuant to § 947.9; and shall at any time thereafter so disclose any such name if authorized by the Secretary so to do.

(5) Promptly verify the information contained in the reports submitted by the handlers.*

§ 947.3 *Classification of milk*—(a) *Sales and use classification.* Milk purchased or received by each handler shall be classified subject to the provisions of paragraphs (b), (c), and (d) of this section, as follows:

(1) All milk the utilization of which is not established as Class II milk shall be Class I milk.

(2) Class II milk shall be all milk the utilization of which is established (i) as being sold, distributed, or disposed of other than as or in milk which contains one-half of 1 percent or more, but less than 16 percent of butterfat, and other than as chocolate or flavored whole or skim milk; and, (ii) as actual plant shrinkage applicable to Class II milk, to be determined by prorating the total plant shrinkage between Class I and Class II milk in proportion to the volume of milk otherwise classified in each class: *Provided,* That the quantity of shrinkage which is classified as Class II milk shall not exceed 2 percent of the milk classified pursuant to (i) of this subparagraph.

(b) *Interhandler and nonhandler sales.* Whole milk or skim milk disposed of by a handler to another handler or to a person who distributes milk or manufactures milk products shall be classified, subject to verification by the market administrator, as Class I milk: *Provided,* That if such milk, except for milk disposed of by a handler to a producer-handler, is reported as having been utilized as Class II milk by the person who received it or by the disposing handler, such milk shall be classified accordingly.

(c) *Disposition of milk to other markets.* (1) Milk received by a handler at one of his plants not subject to the provisions hereof from persons reported by him as under contract to have their milk received and paid for as part of his supply for the marketing area shall be considered (a) as Class II milk if received at a plant of that handler, the handling of milk in which plant is subject to any Federal order regulating the handling of milk in either the Greater Boston, Massachusetts, or the Providence, Rhode Island, marketing areas; except that for any delivery period during which the volume of such milk received at a plant specified herein exceeds the total volume which was actually disposed of from that plant as Class II milk, the quantity of such transferred milk in excess of the quantity of milk disposed of as Class II milk shall be considered as Class I milk, and (b) as Class I milk if received at a plant of that handler other than plants specified in (a) of this subparagraph.

(2) Milk or skimmed milk disposed of by a handler to any plant not subject to the provisions hereof shall be classified (a) as Class II milk if received at a plant, the handling of milk in which plant is subject to any Federal order regulating the handling of milk in either the Greater Boston, Massachusetts, marketing area, or the Providence, Rhode Island, marketing area, and (b) as Class I milk, not to exceed the total quantity of Class I milk or skimmed milk at such plant, if received at a plant other than plants specified in (a) of this subparagraph.

(d) *Computation of milk in each class in plants serving more than one market.* Of the milk received at plants, the handling of which is subject to § 947.6 (c), the quantity of a handler's milk in each class received from producers for the Fall River marketing area shall be computed, subject to § 947.6, as follows:

(1) Determine the quantity of milk received from producers and/or associations of producers listed for the marketing area.

(2) Determine the quantity of Class I milk from producers and/or associations of producers listed for the marketing area as follows:

(i) Determine the quantity of such milk that is disposed of as Class I milk in each of the other marketing areas for which milk is received pursuant to § 947.6 (c) (including all milk disposed of from delivery routes that are partly in such marketing area, unless such routes are partly in the Fall River marketing area), or the total quantity of milk received from producers and/or associations of producers maintained pursuant to § 947.6 (c) for such marketing area, whichever is smaller.

(ii) From the handler's Class I milk received from producers and/or associations of producers that is disposed of from such plant subtract the sum of the determinations pursuant to (i) of this subparagraph.

(3) Determine the quantity of Class II milk from producers and/or associations of producers listed for the marketing

area as follows: subtract from the quantity of milk determined pursuant to (i) of this paragraph the quantity of milk determined pursuant to (ii) of subparagraph (2) of this paragraph.*

§ 947.4 *Minimum prices*—(a) *Class I price.* Each handler shall pay producers or associations of producers for their milk, in the manner set forth in § 947.9, not less than $3.88 per hundredweight for milk containing 3.7 percent butterfat, for delivery periods prior to April 1, 1942, and thereafter $3.42 per hundredweight except that for milk purchased by the city of Fall River for relief clients and charity hospitals and for milk disposed of under a program approved by the Secretary for the sale or disposition of milk to low-income consumers, including persons on relief, the price shall be 53 cents per hundredweight less than the respective prices set forth in this paragraph.

(b) *Class II price.* Each handler shall pay producers or associations of producers for their milk in the manner set forth in § 947.9, not less than that price per hundredweight, for milk containing 3.7 percent butterfat, calculated for each delivery period by the market administrator, as follows: divide by 33.48 the weighted average price per 40-quart can of 40 percent bottling quality cream in the Boston market, as reported by the United States Department of Agriculture for the delivery period during which such milk is delivered, or the last such price reported for a delivery period if no such price is reported for the delivery period during which such milk is delivered, multiply the result by 3.7 and subtract 15 cents: *Provided*, That any plus amount for skim value shall be added which results from the average of the two following computations: (a) compute the average of all hot-roller process dry skim milk quotations, "other brands, human consumption, barrels, carlots," and for "other brands, animal feed, carlots, bags, or barrels" (using midpoint of any range as one quotation), published during such delivery period in *The Producers' Price-Current*, subtract 4¼ cents, multiply by 7; and (b) compute the average of all quotations (using midpoint of any range as one quotation), published during the delivery period in the *Oil, Paint, and Drug Reporter* for domestic 20–30 mesh casein in bags in carlots at New York, subtract 6.6 cents and multiply by 2.2: *Provided further*, That if either computation results in a minus amount, the other shall be used in lieu of the average.

(c) *Butterfat differential.* If any producer has delivered to any handler during any delivery period milk having an average butterfat content other than 3.7 percent, such handler shall, in making the payments to such producer prescribed by paragraph (a) of § 947.9, add for each one-tenth of 1 percent of average butterfat content above 3.7 percent, or deduct for each one-tenth of 1 percent of average butterfat content below 3.7 percent, an amount per hundredweight which shall be calculated by the market administrator as follows: divide by 33.48 the weighted average price per 40-quart can of 40 percent bottling quality cream in the Boston market as reported by the United States Department of Agriculture for the period between the 16th day of the preceding month and the 15th day inclusive of the delivery period during which such milk is delivered or the last such price reported for a delivery period if no such price is reported for the period between the 16th day of the preceding month and 15th day inclusive of the delivery period during which such milk is delivered, subtract 1½ cents and divide the result by 10.

(d) *Sales outside of the marketing area.* (1) Each handler shall pay producers or associations of producers for Class I milk disposed of outside of the marketing area, except as provided in subparagraph (2) of this paragraph, as follows:

(i) For milk disposed of in milk marketing areas numbers 16A and 16B as defined by official orders of the Milk Control Board of the Commonwealth of Massachusetts in effect on May 1, 1941, the price applicable to such areas pursuant to the terms of the order regulating the handling of milk in the Greater Boston, Massachusetts, marketing area (Order No. 4) issued by the Secretary on February 7, 1936, effective February 9, 1936, as amended, or of any order superseding or amending such order.

(ii) For milk disposed of in areas outside of the marketing area other than those specified pursuant to (i) of this subparagraph the applicable prices for Class I milk shall be those set forth in paragraph (a) of this section: *Provided, however*, That if the market administrator ascertains that the prevailing price for milk of equivalent use being paid by distributors of milk in the area in which the milk is sold is lower, than the price ascertained to be the prevailing price shall be paid.

(2) In the case of a handler who disposes of milk in more than one marketing area from the same plant and maintains a separate list of producers and/or associations of producers for each area pursuant to § 947.6 (c), the Class I and Class II prices and the butterfat differential pursuant to the terms hereof to be paid producers for milk, other than that computed pursuant to § 947.3 (d) (2) and § 947.3 (d) (3), shall be the prices that the handler reports to the administrator that he will pay for such milk.*

§ 947.5 *Reports of handlers*—(a) *Periodic reports.* On or before the 7th day after the end of each delivery period each handler shall, with respect to milk and cream which, during such delivery period, was received from producers, received from handlers, received from such handlers' own production, or received from other sources, report to the market administrator in the form and detail prescribed by the market administrator as follows:

(1) The receipts at each plant from producers who are not handlers;

(2) The receipts at each plant from any other handler, including any handler who is also a producer;

(3) The receipts from such handler's own production;

(4) The receipts pursuant to § 947.6 (d);

(5) The receipts from all other sources; and

(6) The respective quantities of milk which were sold, distributed, or disposed of, including sales or deliveries to other handlers, for the several purposes and classifications as set forth in § 947.3.

(b) *Reports as to producers.* Each handler shall report to the market administrator:

(1) Within 10 days after the market administrator's request with respect to any producer for whom such information is not in the files of the market administrator, and with respect to a period or periods of time designated by the market administrator, (a) the name, post office address, and farm location, (b) the total pounds of milk delivered, (c) the average butterfat test of milk delivered, and (d) the number of days on which deliveries were made;

(2) At such time after the 18th day after the end of each delivery period as the market administrator may require, each handler shall within 10 days submit to the market administrator his producer records for such delivery period, which shall show for each producer: (a) the total delivery of milk with the average butterfat test thereof, (b) the net amount of the payment to each producer and association of producers, made pursuant to § 947.9, and (c) the deductions and charges made by the handler;

(3) On or before the 18th day after the end of the first delivery period following the effective date hereof, each handler shall report to the market administrator a schedule of the transportation rates which were charged and paid for the transportation of milk from the farm of each producer to such handler's receiving plant and such information with respect to distances involved as the market administrator may require;

(4) On or before the 18th day after any changes are made in the schedule filed in accordance with subparagraph (3) of this paragraph, a copy of the revised schedule with the effective dates of such changes as may appear in the revised schedule; and

(5) On or before the 7th day after the end of each delivery period each handler shall report to the market administrator the names of any persons whose milk he is reporting pursuant to § 947.3 (c) and §947.6 (d) and include a certification that these persons have contracts as specified therein.

(c) *Verification of reports.* Each handler shall make available to the market administrator or his agent (1) those records which are necessary for the verification of the information contained in reports submitted by such handler pursuant to this section and (2) those facilities necessary for the weighing, measuring, and sampling of milk and the testing of the butterfat content of milk or any product therefrom, and for determining the utilization of milk made by the handlers.*

§ 947.6 *Application of provisions*—(a) *Milk received from producers by handlers who are also producers.* In the case of a handler who is also a producer and who receives milk from producers, the market administrator shall, before making computations set forth in § 947.7, (a) exclude the milk received by him in each class from other handlers, and (b) exclude pro rata from his remaining Class I and Class II milk the quantity of milk received from his own farm production; except that the quantity thus excluded from the handler's Class II milk shall not exceed 10 percent of the total quantity of milk received from his own production.

(b) *Milk received from producer-handlers.* Milk received by a handler from a producer-handler shall be considered as being received from a producer.

(c) *Milk handled in plants serving more than one market.* (1) Except as provided in subparagraph (2) of this paragraph, in the case of a handler who disposes of milk in the marketing area from delivery routes from which no milk is distributed in the Fall River marketing area, and who maintains and submits to the market administrator a separate list of producers and/or associations of producers for each marketing area the provisions hereof shall apply subject to the exceptions provided in § 947.3 (d), § 947.4 (d), § 947.7 (a) and (b), and § 947.9 (g).

(2) This paragraph shall not apply to the handling of milk regulated pursuant to paragraph (d) of this section.

(d) *Milk for other markets.* (1) Except as provided in subparagraph (2) of this paragraph, milk received from producers who are reported by a handler as under contract to have their milk paid for as part of that handler's supply for a market other than the marketing area and milk received from the handler's plant at which all or part of his supply for such other market is received shall be reported under a separate category and the provisions of § 947.9 and § 947.10 shall not apply, except that such handler shall make payments as specified in § 947.9 (i).

(2) This paragraph shall not apply to the handling of milk of producers listed and maintained for marketing areas other than the Fall River marketing area pursuant to paragraph (c) of this section.

(e) *Handlers not distributing milk in the marketing area.* A handler who does not distribute or dispose of milk directly in the marketing area shall, with respect to the quantity of milk disposed of to other handlers, make payments as provided in § 947.9 (h) and § 947.11.

(f) *Milk handled by producer-handlers.* (1) The provisions hereof, except as set forth in § 947.5, shall not apply to the handling of milk of handlers who are also producer-handlers pursuant to § 947.1 (a) (6), as verified by the market administrator in the manner provided in subparagraph (2) of this paragraph.

(2) Handlers shall furnish to the market administrator for his verification, subject to review by the Secretary, evidence of their qualifications as producer-handlers pursuant to § 947.1 (a) (6), as of the effective date of the provisions hereof, and they shall furnish evidence of subsequent changes made in the manner of producing or distributing their milk that affects their qualification as producer-handlers; such verification by the market administrator shall be made within 15 days of the date of receipt of the evidence, and shall be effective retroactively to the effective date of the provisions hereof in cases verified within 45 days of such effective date and shall be effective retroactively to the first day of the delivery period during which verification is made in subsequent cases.

(g) *Exemptions.* The provisions hereof shall not apply, except as particularly specified, in the following cases:

(1) Except as provided in § 947.3 and § 947.5, to the handling of milk received at any handler's receiving plant which is subject to the provisions of the order regulating the handling of milk in the Greater Boston, Massachusetts, marketing area (Order No. 4), issued by the Secretary on February 7, 1936, effective February 9, 1936, as amended, or of any order superseding or amending such order unless such handler disposes of less than 10 percent of his total receipts as Class I milk in the Greater Boston marketing area.

(2) Except as provided in § 947.3 and § 947.5, to the handling of milk received at any handler's receiving plant from which a quantity of milk is disposed of in the marketing area as defined by the order regulating the handling of milk in the Providence, Rhode Island, marketing area, in excess of the quantity of milk disposed of in the marketing area (Fall River).

(3) Except as provided in paragraphs (d) and (e) of this section and § 947.5, to the handling of milk received at a handler's plant from which no milk is disposed of or distributed directly in the marketing area.*

§ 947.7 *Determination of uniform prices to producers*—(a) *Computation of value of milk in each class.* (1) For each delivery period the market administrator shall, except as provided in subparagraph (2) of this paragraph, compute, subject to provisions of § 947.6, the value of milk sold, used, distributed, and/or disposed of by each handler, which was not received from other handlers or pursuant to § 947.6 (d), by (a) multiplying the quantity of such milk in each class by the prices applicable pursuant to paragraphs (a), (b), and (d) of § 947.4, (b) adding together the resulting value in each class, and (c) subtracting any amounts required to be paid under the order regulating the handling of milk in the Greater Boston marketing area, with respect to the handling of any milk pursuant to § 947.6 (g) (1).

(2) In the case of a handler who disposes of milk in more than one marketing area, subject to § 947.6 (c), compute, subject to the provisions of § 947.6, the value of milk disposed of which was received from producers and/or associations of producers listed for the marketing area, by (a) multiplying the quantities of milk computed pursuant to § 947.3 (d) (2) and (3) by the prices applicable pursuant to paragraphs (a), (b), and (d) of § 947.4, and (b) adding together the resulting value of each class.

(3) For the purpose of this section: (i) milk received pursuant to § 947.6 (d) from producers who are reported as having contracts applying to the Greater Boston, Massachusetts, marketing area, or in bulk from plants at which all or part of the handler's Boston supply is received, shall be considered to (a) have first been the handler's Class I milk disposed of in milk marketing areas Nos. 16A and 16B as defined by official orders of the Milk Control Board of the Commonwealth of Massachusetts, in effect on May 1, 1941, and (b) then the handler's Class I milk disposed of in the marketing area;

(ii) Milk received pursuant to § 947.6 (d), completely processed and packaged for distribution to consumers, from a plant which is subject to the order regulating the handling of milk in the Greater Boston marketing area, shall be considered to have been part of the handler's Class I milk disposed of in the marketing area; and

(iii) Milk received pursuant to § 947.6 (d) other than that specified in (i) and (ii) of this subparagraph shall be considered to (a) have been first the handler's Class II milk, (b) then any of the handler's Class I milk disposed of in the milk marketing areas Nos. 16A and 16B, as defined by official orders of the Milk Control Board of the Commonwealth of Massachusetts, in effect on May 1, 1941, that remains after the allocation pursuant to subdivision (a) of (i) of this subparagraph, and (c) then the handler's Class I milk disposed of in the marketing area that remains after the allocations pursuant to (a) (3) (i) (b) and (a) (3) (ii) of this section.

(b) *Computation and announcement of uniform prices.* The market administrator shall compute and announce the uniform price per hundredweight of milk received during each delivery period in the following manner:

(1) For each delivery period combine into one total the respective values of

milk, pursuant to paragraph (a) of this section, for each handler who made the reports required by § 947.5 (a), for milk received during such delivery period.

(2) Add the total amount of the payments required of handlers pursuant to § 947.9 (h) and (i).

(3) Subtract the amount to be paid to producers pursuant to § 947.9 (a) (2) (ii) and (iii).

(4) Add the cash balance, if any, in his hands from payments made by handlers, during the delivery period next preceding but one, to meet the obligations arising out § 947.9 (d).

(5) Divide by the total quantity of milk which is not in excess of the delivered bases of producers and which is included in these computations.

(6) Subtract not less than 4 cents nor more than 5 cents per hundredweight for the purpose of retaining a cash balance in connection with the payments set forth in § 947.9 (d).

(7) On or before the 11th day after the end of such delivery period, mail to all handlers and publicly announce: (a) such of these computations as do not disclose information confidential pursuant to the act, (b) the blended price per hundredweight which is the result of these computations, (c) the Class II price, the butterfat differential, and (d) the name of the handler, the Class I price, the Class II price, and the blended prices of any milk paid for pursuant to § 947.9 (g).*

§ 947.8 *Base ratings*—(a) *Determination of base.* (1) For each delivery period subsequent to December 31, 1940, the base of each producer shall be a quantity of milk calculated in the following manner: multiply the applicable figure computed pursuant to subparagraph (2), (3), or (4) of this paragraph, by the number of days on which milk was received from such producer during such delivery period.

(2) Effective January 1, 1941, the daily base of each producer shall be determined by the market administrator from reports filed by handlers pursuant to § 947.5 (b) (1) or from the best information available, in the following manner; except that for producers who on November 30, 1940, are being paid for their deliveries of milk pursuant to § 947.9 (a) (1) (ii), average daily bases shall be determined pursuant to subparagraph (4) of this paragraph:

(i) Determine for each producer the average daily deliveries of milk to a handler as a producer, or a new producer, for the period from the effective date hereof, or the date on which such deliveries begin, to and including November 30, 1940;

(ii) Add together in one sum all the daily average amounts computed according to subdivision (i) of this subparagraph;

(iii) Determine from reports filed by handlers pursuant to § 947.5 (a) (6) the average daily utilization of Class I milk of handlers except that of the receipts of their own production for handlers who are also producers, for the period from the effective date hereof, to and including November 30, 1940, and add to such daily average an amount equal to 15 percent thereof;

(iv) Divide the amount determined pursuant to subdivision (iii) of this subparagraph by the sum determined pursuant to subdivision (ii) of this subparagraph; and

(v) Multiply the daily average amount for each producer determined in subdivision (i) of this subparagraph by the percentage figure computed pursuant to subdivision (iv) of this subparagraph. This result shall be known as the producer's daily base.

(3) In case reports show total deliveries of milk of producers with daily bases for any two consecutive delivery periods to be less than 110 percent of Class I milk of handlers who have reported pursuant to § 947.5 (a) (6) during such delivery periods, the market administrator shall add, pro rata, to each producer's daily base an amount determined as follows:

(i) Determine the total utilization of Class I milk of handlers who have reported pursuant to § 947.5 (a) (6) for such delivery periods and add thereto an amount not to exceed 15 percent thereof;

(ii) Determine from reports received pursuant to § 947.5 (b) (1) the total deliveries for such delivery periods of producers with daily bases;

(iii) Subtract the sum determined pursuant to subdivision (ii) of this subparagraph from the amount determined pursuant to subdivision (i) of this subparagraph; and

(iv) Divide the amount determined pursuant to subdivision (iii) of this subparagraph by the total number of days of the delivery periods involved.

(4) In the event of allotment of a daily base to a producer who did not regularly sell milk for a period of 30 days prior to the effective date hereof to a handler or to persons within the marketing area, or to a producer who for other reasons does not have a base, the market administrator shall determine the daily average deliveries of milk by such producer for the first 2 full calendar months immediately following the first regular delivery of such producer, or, in the case of a producer previously holding a base, the first 2 full calendar months immediately following the first regular delivery following the date of termination of such base. Such daily average deliveries of milk shall be multiplied by the percentage that total reported base deliveries were to reported total deliveries of milk to the market by all daily base-holding producers during such 2 calendar months.

(b) *Base rules.* (1) In the event a producer delivers an average quantity of milk less than 85 percent of his daily base for each of the 2 consecutive calendar months, July and August of any year, such producer shall be reallotted a base equal to his daily average deliveries of milk of his own production for the 2 consecutive months involved.

(2) Any producer who ceases to deliver milk to a handler, the handling of whose milk is subject to the terms hereof, for a period of more than 45 consecutive days, shall forfeit his base. In the event that he thereafter commences to deliver milk to a handler, he shall receive a base computed in the manner provided in paragraph (a) (4) of this section.

(3) In case a producer delivers milk not produced by him as being milk of his own production, his base shall terminate at the beginning of the delivery period during which such milk was delivered and such producer shall be reallotted a base in the manner provided in paragraph (a) (4) of this section.

(4) Any producer, upon giving notice to the market administrator, may relinquish his base at the beginning of the delivery period following that during which notice is given. In the event the producer thereafter requests the market administrator to allot him a base, he shall be allotted a base in the manner provided in paragraph (a) (4) of this section.

(5) Daily bases shall not be transferable except to a person who will produce milk on the same farm, subject to the market administrator's verification and notification thereof, used by the producer from whom the base is transferred, and the producer who thus transfers his base shall forfeit his daily base and may be reallotted a new daily base pursuant only to paragraph (a) (4) of this section.

(6) In the case of a producer who has distributed for at least 3 months the milk he produces and who disposes of all or a part of his delivery routes to a handler, the market administrator shall determine a figure representing 115 percent of the average daily Class I milk produced and disposed of during the previous 3 months on the delivery routes of such producer, which such producer and such handler jointly report as involved in the transaction, subject to verification by the market administrator. If he has distributed his milk for less than 3 months and disposes of his delivery routes the daily base shall be allotted pursuant to paragraph (a) (4) of this section.

(7) A landlord who rents on shares shall be entitled to the entire base to the exclusion of the tenant, if the landlord owns the entire herd. Likewise, the tenant who rents on shares shall be entitled to the entire base to the exclusion of the landlord, if the tenant owns the entire herd. If the cattle are jointly owned by tenant and landlord, the base shall be divided between the joint owners according to the ownership of the cattle, if and when such joint owners terminate the tenant and landlord relationship.*

§ 947.9 *Payments for milk*—(a) *Time and method of payment*—(1) *Advance payments.* On or before the 1st day after the end of each delivery period, each handler shall make payment to producers for the approximate value of milk received during the first 15 days of such delivery period.

(2) *Final payment.* On or before the 17th day after the end of each delivery period, except as provided in paragraph (g) of this section, each handler shall make payment for the total value of milk received from producers or associations of producers during the preceding delivery period, computed pursuant to § 947.7 (a), subject to the differential set forth in paragraph (c) of § 947.4 and paragraph (f) of this section as follows:

(i) To producers, at not less than the blended price per hundredweight, computed pursuant to § 947.7 (b), for that quantity of milk received from each producer not in excess of his base determined pursuant to § 947.8.

(ii) To producers, at not less than the Class II price, for that quantity of milk received from each producer in excess of his base determined pursuant to § 947.8.

(iii) To any producer who did not regularly sell milk for a period of 30 days prior to the effective date hereof to a handler or to persons within the marketing area, or any producer who for other reasons does not have a base at the Class II price, for all the milk delivered by such producer during the period beginning with the first regular delivery of such producer and continuing until the end of 2 full calendar months following the first day of the next succeeding calendar month.

(iv) To an association of producers for milk which is caused to be delivered to a handler from producers by such association, and for which such association collects payment, a total amount equal to not less than the sum of the individual payments otherwise payable to such producers pursuant to subdivisions (i), (ii), and (iii) of this subparagraph.

(b) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as "the producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to paragraphs (c) and (e) and out of which he shall make all payments to handlers pursuant to paragraphs (d) and (e) of this section.

(c) *Payment to the producer-settlement fund.* On or before the 13th day after the end of each delivery period each handler shall pay to the market administrator the amount by which the total value of the milk purchased or received by him from producers during the delivery period is greater than the total amount of payments made pursuant to paragraph (a).

(d) *Payments out of the producer-settlement fund.* On or before the 15th day after the end of each delivery period, the market administrator shall pay to each handler for payment to producers the amount, if any, by which the total value of such milk purchased or received from producers by such handler is less than the total amount of payments made pursuant to paragraph (a) of this section. If at such time the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 15th day after the end of each delivery period, has not received the balance of the payment due him from the market administrator shall be deemed to be in violation of paragraph (a) of this section if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

(e) *Correction of errors in payments to producers.* Errors in making any of the payments required in this section shall be corrected not later than the date for making payments next following the determination of such errors.

(f) *Other differentials.* In making payments to producers or associations of producers prescribed in paragraph (a) of this section handlers may make deductions as follows:

(1) With respect to milk delivered by producers in containers supplied by the handler for the transportation of milk from their farms to the handler's receiving plant, an allowance of $0.0075 per hundredweight as rental for such containers.

(g) *Payments to producers listed for other marketing areas.* (1) Handlers subject to and in compliance with § 947.6 (c) shall pay for the milk received from producers and/or associations of producers listed for each marketing area other than the Fall River marketing area a value equal to not less than the total quantity of such milk multiplied by a blended price determined by (a) multiplying the quantity of milk, from producers and/or associations of producers listed for each area, disposed of in each class by the prices applicable pursuant to § 947.4 (d), (b) adding together the resulting value of each class, and (c) dividing the sum of the values of each class by the quantity of milk included in the computations.

(2) For the purpose of this paragraph, the determination for each marketing area required pursuant to § 947.3 (d) (2) (i) shall be the quantity of Class I milk, and the remaining milk from producers listed for that marketing area shall be the quantity of Class II milk, applicable to the milk of producers listed for such marketing area.

(h) *Payments by handlers not distributing milk in the marketing area.* Handlers subject to § 947.6 (e) shall pay producers through the market administrator the value, if any, determined by multiplying the quantity of milk disposed of by such handlers to other handlers by the difference between the Class II price and the price applicable to the class in which such milk was disposed.

(i) *Payments for milk handled for other markets.* On or before the 13th day after the end of each delivery period, handlers who receive milk pursuant to § 947.6 (d) shall pay to producers through the market administrator, on the quantity of such milk subject to §947.7 (a) (3) (iii) the value, if any, determined by multiplying the quantities of such milk in each class by the prices applicable pursuant to § 947.4 and subtracting the value of such milk at the Class II price.*

§ 947.10 *Marketing services*—(a) *Marketing service deductions.* In making payments to producers pursuant to § 947.9 each handler shall, with respect to all milk delivered by each producer during each delivery period, except as set forth in paragraph (b) of this section, deduct 4 cents per hundredweight, or such lesser amounts as the market administrator shall determine to be sufficient, and shall, on or before the end of such delivery period, pay such deductions to the market administrator. Such moneys shall be expended by the market administrator only in providing for market information to, and for verification of weights, samples, and tests of milk delivered by, such producers. The market administrator may contract with an association or associations of producers for the furnishing of the whole or any part of such services to, or with respect to the milk delivered by, such producers.

(b) *Marketing service deductions with respect to members of a producers' cooperative association.* In the case of producers for whom a cooperative association, which the Secretary determines to be qualified under the provisions of the act of Congress of February 18, 1922, known as the "Capper-Volstead Act," is actually performing the services set forth in paragraph (a) of this section, each handler shall make such deductions from payment made pursuant to § 947.9, as may be authorized by such producers, and pay over on or before the end of each delivery period such deduction to the associations rendering such service of which such producers are members.

§ 947.11 *Expense of administration*—(a) *Payments by handlers.* As his prorata share of the expense of administration hereof, each handler, except as set forth in § 947.6 (f) and (g), shall, on or before the 13th day after the end of each delivery period, pay to the market administrator five cents per hundredweight or such lesser amount as the market administrator shall determine to be sufficient with respect to all milk produced and delivered by producers including milk received pursuant to § 947.6 (d), but not including milk of producers for marketing areas other than Fall River reported pursuant to § 947.6 (c), and by such handler if he is also a producer during such delivery periods; except that such handler, which is an association of producers, shall pay such prorata share of expense of administration on such milk which it causes to be delivered by member producers to a handler's plant

for the marketing area and for which milk such association of producers collects payment.

(b) *Suits by the market administrator.* The market administrator may maintain a suit in his own name against any handler for the collection of such handler's prorata share of expense set forth in this section.*

§ 947.12 *Effective time, suspension, and termination of order*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended, or terminated, pursuant to paragraph (b) of this section.

(b) *Termination of order.* The Secretary may terminate this order whenever he finds that this order obstructs or does not tend to effectuate the declared policy of the act.

This order shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder, the final accrual or ascertainment of which requires further acts by any handlers, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided,* That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

The market administrator, or such other person as the Secretary may designate, (a) shall continue in such capacity until discharged by the Secretary, (b) from time to time account for all receipts and disbursements and deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct, and (c) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.*

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, and that the notice herewith given is reasonable under the circumstances.

Issued at Washington, D. C., this 2d day of December, 1941, to become effective on and after the 3d day of December, 1941. Witness my hand and the official seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF QUEEN CHEMICAL COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondent's medicinal preparation known as Shrader's Queen Brand Capsules and as Queen Brand Capsules, or any other substantially similar preparation, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparation, which advertisements represent, directly or by implication, that said preparation is a safe, harmless, and effective treatment for delayed, suppressed, irregular, painful, or scanty menstruation, or other derangements of the menstrual function; or which advertisements fail to reveal that the use of said preparation may cause gastro-intestinal disturbances, pelvic congestion, and excessive uterine hemorrhages, and in cases of pregnancy may cause infection of the pelvic organs and blood poisoning; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Queen Chemical Company, Docket 4570, November 26, 1941]

In the Matter of Charles Shrader, Individually and Trading Under the Name Queen Chemical Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of November, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and respondent's answer thereto, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Charles Shrader, individually and trading under the name Queen Chemical Company, or trading under any other name or names, his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his medicinal preparation known as Shrader's Queen Brand Capsules and as Queen Brand Capsules, or of any other medicinal preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisements represent, directly or by implication, that said preparation is a safe, harmless, and effective treatment for delayed, suppressed, irregular, painful, or scanty menstruation, or other derangements of the menstrual function; or which advertisement fails to reveal that the use of said preparation may cause gastro intestinal disturbances, pelvic congestion, and excessive urine hemorrhages, and in cases of pregnancy may cause infection of the pelvic organs and blood poisoning;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof, or which advertisement fails to reveal the dangerous consequences which may result from the use of said preparation, as required in paragraph 1 hereof.

It is further ordered, That the respondent shall, within ten (10) days after service upon him of this order, file with the Commission an interim report in writing stating whether he intends to comply with this order, and, if so, the manner and form in which he intends to comply, and that within sixty (60) days after the service upon him of this order, respondent shall file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

Order Postponing Effective Date of Requirement of the Ingredient Riboflavin

The Acting Federal Security Administrator, by an order dated May 26, 1941, to become effective January 1, 1942, which was published in the FEDERAL REGISTER for May 27, 1941, made public his action promulgating regulations fixing and establishing definitions and standards of identity for the enriched foods named in the caption hereof (21 CFR 15.010, 15.030, 15.060, and 15.140, 6 F. R. 2574–2582).

[1] This document affects the tabulation in 19CFR 4.13.

Each of said regulations requires that the food for which a definition of a standard of identity is established thereby contain, among other ingredients, in each pound thereof not less than 1.2 milligrams of riboflavin.

It appears that the supply of riboflavin, in forms suitable for addition to such foods, is not sufficient to permit the production of the foods on a scale that would meet current demands, but that such supply will be available by July 1, 1942.

It is ordered, Therefore that the effective date of the requirements of said order that each pound of enriched flour, enriched bromated flour, enriched self-rising flour, and enriched farina contain not less than 1.2 milligrams of riboflavin be postponed to July 1, 1942. PART 125—LABEL STATEMENTS CONCERNING DIETARY PROPERTIES OF FOOD PURPORTING TO BE OR REPRESENTED FOR SPECIAL DIETARY USES

CORRECTION OF ORDER

An order promulgating regulations prescribing label statements concerning dietary properties of food purporting to be or represented for special dietary uses having been issued in the above-entitled matter on November 18, 1941, 6 F.R. 5921; and

It appearing that paragraph (a) of § 125.06, *Label statements relating to certain food used in control of body weight or in dietary management with respect to disease* of the said regulations appears therein as follows:

(a) the percent by weight of protein; fat, and available carbohydrates in such food; and

whereas the said paragraph should have appeared therein as follows:

(a) the percent by weight of protein, fat, and available carbohydrates in such food; and

Now, therefore it is ordered, That the said paragraph of the said section of the said regulations promulgated in the above-entitled matter be and it hereby is corrected to read as follows:

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1097]

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

No relief is granted herein to Gaston Coal Company, Gaston No. 2 Mine, Mine Index No. 255, R. H. Hayes (Hayes Coal Co.), Mead Poca. No. 3 Mine, Mine Index No. 265, and I. R. Thompson, Amick Mine, Mine Index No. 508, Code Members in District No. 7, for All Shipments Except Truck, as these mines are affected by unique considerations set forth in an Order designating that portion of Docket No. A-1097 which relates to it as Docket No. A-1097 Part II and granting temporary relief.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: November 14, 1941.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS OF CERTAIN MINES IN BELL COUNTY, KENTUCKY, SOUTHERN APPALACHIAN SUBDISTRICT, IN DISTRICT 8, FOR SHIPMENT BY TRUCK

This is a matter instituted upon an original petition filed on August 13, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. Petitioner requests and proposes a revision of the seam designations and applicable effective minimum prices for coals produced for shipment by truck at certain mines in Bell County, Kentucky, Southern Appalachian Subdistrict, in District 8.

Pursuant to Order of the Director, a hearing in this matter was held on September 29, 1941, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 8 appeared.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

Uncontroverted evidence was introduced by John F. Daniel, a representative of District Board 8, that investigation conducted since the hearings in General Docket No. 15 had revealed that certain revisions, as listed in the instant petition were necessary in order to preserve the existing fair competitive opportunities of certain mines in Bell County, Kentucky, in the Southern Appalachian Subdistrict of District 8.

Based upon a consideration of the record, the undersigned finds and concludes that the revision of such seam designations and applicable effective minimum prices as set forth in supplement T annexed hereto is necessary in order to effectuate the purpose of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth therein comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be and the same hereby is amended in accordance with supplement T, annexed hereto and made a part thereof.

Dated: November 14, 1941.

Director.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND GRANTING RELIEF IN THE MATTER OF THE PETITION OF THE LUMAGHI COAL COMPANY FOR ESTABLISHMENT OF A MOISTURE ALLOWANCE ON TRUCK SHIPMENTS FROM MINE INDEX NO. 23 (CANTINE MINE NO. 2), DISTRICT NO. 10, IN SIZE GROUPS 17–25

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by the Lumaghi Coal Company, a code member in District No. 10. The petition requests that the price schedule for coal produced at Petitioner's Cantine Mine No. 2 (Mine Index No. 23), District No. 10, be amended to permit the granting of moisture allowances on washed coals shipped by truck similar to the moisture allowances now permitted on washed coals shipped by rail.

Pursuant to § 301.106 (d) of the Rules and Regulations Governing Practice and Procedure In Proceedings Instituted Pursuant to section 4 II (d) of the Act, an informal conference on the question of temporary relief was held on November 15, 1940. Appearances at this conference were entered on behalf of the Petitioner; the Consolidated Coal Company, a code member in District No. 10, which had filed an intervening petition in support of the relief requested in the original petition; Mt. Olive and Staunton Coal Company, District No. 10, which neither supported nor opposed the proposed relief; the Consumers' Counsel Division, which supported the relief prayed for in the original petition; and the Midwest Radiant Corporation, Truax-Traer Coal Company, United Electric Coal Companies, Southwestern Illinois Coal Corporation and Pyramid Coal Company, all of which opposed the relief proposed in the original petition.[1]

Pursuant to an Order dated December 16, 1940, in which the Director denied a request for temporary relief, a hearing in this matter was held on January 17, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present and to participate fully in the proceeding.

The Examiner, on October 10, 1941, submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations, recommending that the relief requested herein be granted. He found that the Petitioner's request for relief was based upon the fact that when coal is shipped shortly after washing, it retains extraneous moisture varying in amount from one-half percent to 12 percent, depending upon the size of the coal and the type of washing equipment. Since, as provided in the railroad tariffs, the producer is permitted to make a correction for the weight in order to take account of this extraneous moisture when invoicing coal shipped by rail, it was the opinion of the Examiner that similar permission should be granted to coals shipped by truck. The Examiner therefore concluded that where provision for moisture allowance is made in a railroad tariff, the identical allowance should be made for shipments by truck, so long as the conditions imposed by the tariffs for rail shipment are adhered to when shipment is made by truck. Likewise, he further found that similar moisture allowances should be granted, upon adequate proof, to mines that had no rail facilities but have washing equipment and shipping methods similar to mines that are granted moisture allowances by railroad tariffs.

While the Examiner found no evidence of any direct loss of business by the petitioner because of his inability to grant moisture allowances on truck shipments, the relief recommended was justified on several other grounds. The Lumaghi Coal Company deals primarily with dealers, and as the Examiner indicates, the dealers are in a position to pass on their losses to the consuming public. Nevertheless, it was found that the dealers complained both to the Lumaghi Coal Company and to the Consolidated Coal Company about the excessive water in their coal. On the ground that the Act specifically requires that "minimum prices shall have due regard to the interests of the consuming public," the Examiner found that unless this relief were granted, the consumer purchasing truck-shipped coal would be at a disadvantage in relation to the consumer who purchased rail-shipped coal. He also found that the granting of permission to give a moisture allowance for shipments by truck reestablishes the proper differential between rail and truck shipments of coal. Further, the producers who are able to de-water and ship their coal in a drier state were found to possess definite competitive opportunities over producers without de-watering facilities or without the privilege of granting moisture allowances for washed coal.

Petitioner has made an adequate showing of the need for relief. To preserve the fair competitive opportunities of the producers and the interests of the consuming public, it is necessary that the requested relief be extended to producers of washed coal shipped by truck.

An opportunity was afforded to all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner and supporting briefs. No exceptions or supporting briefs have been filed.

The undersigned has determined that the Proposed Findings of Fact and the Proposed Conclusions of Law of the Examiner in this matter should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, it is ordered, That the said Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That, commencing fifteen (15) days from the date of this order, § 330.21 (*Price instructions and exceptions*—(b) *Price exceptions*) in the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments should be amended by the addition of the following Price Exceptions:

There may be granted on shipments of washed coals in Size Groups 17–25 the same moisture allowances as are permitted for shipments of comparable coals by rail under an effective railroad tariff, and all supplements thereto and reissues thereof, when all conditions necessary for granting such allowances for rail shipments are fulfilled: *Provided, however,* That this exception shall apply only to those code members who have filed with the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C., a certification joined in by the district board as to their complete method of operation, preparation and classification of the type of washing equipment used; *And, Provided, further,* That the Division reserve the right to revoke the application of this Price Exception to any code member if it is shown that a certification filed pursuant to this exception by the code member was inaccurate or misleading.

It is further ordered, That the prayers for relief contained in the petition herein be, and they hereby are, granted to the extent set forth above, and in all other respects denied.

Dated: November 28, 1941.

Acting Director.

[Docket No. A-1043, Pt. II]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER CANCELLING HEARING AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE BLUE RIDGE COAL CO. MINE (MINE INDEX NO. 517) FOR ALL SHIPMENTS EXCEPT TRUCK, AND FOR TRUCK SHIPMENTS, TO ALL MARKET AREAS

An original petition pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 was duly filed on September 2, 1941 by the above-named party, requesting the establishment, *inter alia*, of temporary and permanent price classifications and minimum prices for the coals of the Blue Ridge Coal Co. Mine (Mine Index No. 517).

On October 1, 1941 the Blue Ridge Coal Company filed a petition of intervention alleging that the minimum prices proposed by District Board No. 14 for the coals of Mine Index No. 517 would not afford such coals fair and equal competitive marketing opportunities, and requesting the establishment of the price classifications and minimum prices set forth in the petition of intervention.

By Order of the Director dated October 28, 1941, 6 F.R. 5542, the price classifications and minimum prices proposed by District Board No. 14 were temporarily established for the coals of the Blue Ridge Coal Co. Mine. This order further severed that portion of Docket No. A-1043, relating to the coals of the Blue Ridge Coal Co. Mine, from the remainder of the petition therein, designated such portion as Docket No. A-1043, Part II, and scheduled a hearing therein at Washington, D. C. on November 14, 1941.

On November 13, 1941 the Blue Ridge Coal Company filed a motion for leave to dismiss its petition of intervention. However, due to the fact that the hearing in this matter was scheduled to convene on the succeeding day no action was taken in regard to this motion prior to the hearing.

The hearing in this matter convened as scheduled on November 14, 1941 at Washington, D. C., before Examiner Floyd McGown. No appearances were entered by any parties to the proceeding, and the hearing was thereupon continued until December 9, 1941.

It appears that this matter was set for hearing upon the basis of the allegations contained in the petition of intervention filed by the Blue Ridge Coal Company and that in view of the motion of the Blue Ridge Coal Company for dismissal of its petition of intervention, there is no opposition to the permanent establishment of the price classifications and minimum prices temporarily in effect for the coals of Mine Index No. 517.

Now, therefore, it is ordered, That the motion of the Blue Ridge Coal Company for dismissal of its petition of intervention be, and the same hereby is, granted.

It is further ordered, That the hearing in this matter, now scheduled for December 9, 1941, be and the same hereby is cancelled.

It is further ordered, That the temporary relief granted in the Order dated October 28, 1941, which amends § 334.5 (*Alphabetical list of code members*) and § 334.24 (*General prices for shipment into all market areas*) in the Schedule of Effective Minimum Prices for All Shipments Except Truck and For Truck Shipments by including the coals of the Blue Ridge Coal Company Mine (Mine Index No. 517) shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 29, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

[Dockets Nos. A-137, Pt. II and A-737]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES HERETOFORE ESTABLISHED FOR CERTAIN COALS OF GREAT WESTERN COAL COMPANY, MINE INDEX NO. 44, IN DISTRICT NO. 14, AND IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES HERETOFORE ESTABLISHED FOR CERTAIN COALS OF GREAT WESTERN COAL COMPANY, MINE INDEX NO. 44, IN DISTRICT NO. 14

These proceedings were instituted upon petitions filed with the Bituminous Coal Division by District Board 14, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. In Docket No. A-137, the petition requests revision of the price classifications and minimum prices for the coals of certain code-member producers in District 14, including those of the Great Western Coal Company, a code-member producer in Production Group 5, operating the Great Western Mine (Mine Index No. 44). In Docket No. A-737, the petition requests the change of the price classification for the coals in Size Group 8 produced at the Great Western Mine from K to J for rail shipments.

At a hearing in Docket No. A-137 and Dockets Nos. A-208 and A-251, consolidated therewith, on motion of District Board 14 that portion of the petition in Docket No. A-137 relating to Great Western was continued until a later date, subject to the further order of the Director.

Temporary relief was granted in Docket No. A-137, on January 28, 1941, 6 F.R. 691, *inter alia*, by changing the price classifications of the coals of the Great Western Mine in Size Group 4 from H to I, and in Size Groups 6 and 7 from K to J.

A petition for intervention in Dockets Nos. A-137 and A-208, filed by Great Western, as amended, requested that it be allowed such relief as has been granted to the Buck Creek Coal Mining Company and the R. A. Young & Son Coal Company, code members in District 14, in Dockets Nos. A-137, A-405, A-409, and A-421, namely, that the price classifications of Great Western coals be changed in Size Group 4 to J, in Size Groups 6, 7, and 8 to K, and in Size Groups 9 to L, and that it be granted any other relief allowed to the aforesaid other two code members.

A petition for intervention in Docket No. A-737, filed by Great Western, requested consolidation of that docket with that portion of Docket No. A-137 relating to Great Western. Accordingly, on June 27, 1941, that portion of Docket No. A-137 relating to the coals produced at the Great Western Mine was severed from the remainder of Dockets Nos. A-137, A-208, and A-251, was designated Docket No. A-137, Part II, and was consolidated with Docket No. A-737.

Pursuant to Orders of the Director, a hearing in this matter was held on July 30 and 31, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof at Fort Smith, Arkansas. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. The petitioner, the Great Western Coal Company, Buck Creek Coal Mining Company, and Hetherington Bros. Coal Company, a code-member producer in District 14, appeared.

At the hearing, the petition in Docket No. A-137, Part II, was amended with respect to the revision of the price classifications and minimum prices sought for the coals of the Great Western Mine.

Following the hearing, the parties waived the preparation and filing of a report by the Examiner, and the record was thereupon submitted to the undersigned.

The relief here sought by the petitioner is a revision of the price classifications and minimum prices heretofore established for the coals of Great Western, for shipments other than truck and for truck shipments, by lowering the effective minimum prices[1] for the coals in Size Groups 4 and 9 five cents per ton, and by raising such prices in Size Groups 6, 7, and 8 ten cents per ton, and in Size Group 10 twenty cents per ton. This would result in a minimum price of $4.15 in Size Groups 4, 6, 7 and 8 for truck shipments and for rail shipments to all market areas except Market Area 40. These price classifications are already in effect under the temporary relief granted in Dockets Nos. A-137, A-208 and A-251, with respect to Size Groups 4, 6 and 7. In Size Group 8, the requested classification in Docket A-137, Part II, is the same as that requested in Docket No. A-737. No changes in price classifications and minimum prices for coals in Size Groups 11 to 18, inclusive, are proposed.

[1] Established in General Docket No. 15.

It was found in the Memorandum Opinion and Order entered on January 28, 1941, granting temporary relief that coals of the Great Western Mine in Size Groups 4, 6, and 7 should be temporarily priced identically because the preparation facilities of this mine have been improved since the Director's Order in General Docket No. 15 was issued. Under effective minimum prices established in that docket, Size Group 4 is priced 15 cents higher than Size Groups 6, 7, and 8. The Memorandum Opinion stated that it was represented that, in District 14, owing to consumer acceptance, generally the prices are the same in these four size groups, that the existing differential was proposed by District Board 14 in General Docket No. 15 after protest by Great Western against the original proposal of that Board to price identically the coals in these four size groups. The Memorandum Opinion further stated that it was represented that the protest was based on the inferiority of the preparation facilities then in use in the Great Western Mine. The Memorandum Opinion found that the accomplishment of identical pricings for coals in these four size groups should be attained by decreasing the prices of coals in Size Group 4 and increasing the prices of coals in Size Groups 6 and 7, in order to conform such prices to those for the analytically similar coals of the Woodson Mine of Paul Rees in Production Group 6, and more nearly to approach the past price differential between Great Western and Excelsior "A" grade coals. In the Memorandum Opinion the fact that 75 percent of the total shipments of Great Western coals were made to Market Area 40 from July 1 to November 30, 1940, was also taken into consideration. The effective minimum prices of Great Western coals for shipments into Market Area 40 are 35 cents less than for such coals for shipments into other market areas.

The petition in Docket No. A-737 alleges that Great Western is accorded an unfair advantage over other code members having the same prices in Size Groups 4 to 8, inclusive, because of the differential between the prices of coals in Size Groups 4 and 8 which have comparable trade acceptance.

From the evidence adduced at the hearing, it appears that experience under actual working conditions subsequent to October 1, 1940, has convinced District Board 14, after careful consideration of the various factors involved, that the price classifications and minimum prices proposed by it for the Great Western Mine in General Docket No. 15 should be changed as herein proposed. The evidence shows that the coals of Great Western are practically identical from a marketing standpoint with those of the Buck Creek and Hether Mines in Production Group 6 and the Young No. 1 Mine in Production Group 5, and that the coals of all four of these mines should be on an equality in price. All four mines are in the Upper Hartshorne Vein. Their coals move in competition with each other.

There are no other District 14 mines with the same prices as those herein proposed. Coals of Mine Index No. 44 are presently produced only in Size Groups 4 and 6 to 9, inclusive. The prices in effect for the Buck Creek, Hether, and Young No. 1 Mines under the Temporary Order of the Director, issued on January 28, 1941, are lower for the coals in Size Groups 4 and 6 to 9, inclusive, than those herein proposed. However, the price classifications and minimum prices of the Great Western Mine in these size groups should not be lowered to those in effect for the Buck Creek, Hether, and Young No. 1 Mines, in the light of the uncontroverted evidence that the changes requested herein are just and proper in view of the physical characteristics and market acceptability of the Great Western coals. Moreover, the attorney for District Board 14 stated in the record that the attitude of District Board 14 is that the same recommendations for permanent relief should be made regarding the price classifications and minimum prices for the Buck Creek, Hether, and Young No. 1 Mines as are made herein for the Great Western Mine, and that similar evidence would be submitted as to all four of these mines, in the respective hearings on the question of permanent relief. The District Board attorney further stated that the other three producers have agreed to offer no opposition to the Board's proposals. The attorney for Great Western stated in the record that, in view of such an agreement, his client has no objection to the granting of the relief requested by the petitioner.

In the opinion of a witness for the petitioner, the price classifications and minimum prices herein proposed would not operate prejudicially as to any other mines, would not cause any substantial dislocation or change of tonnage, and would preserve the fair competitive opportunities of the Buck Creek, Great Western, Hether, and Young No. 1 Mines. Were the prices for the coals produced by those mines not properly related, however, the realization of Great Western, lowered in 1940, might be even further decreased.

Upon the basis of the uncontroverted evidence, I find and conclude that the price classifications and minimum prices for the coals of the Great Western Mine of the Great Western Coal Company should be revised in Size Groups 4 and 6 to 10, inclusive, to conform to those requested in the amended petition in Docket No. A-137, Part II, for those size groups and that such revisions are required in order to effectuate the policies of sections 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That § 334.5 (*Alphabetical list of code members*) and § 334.24 (*General prices for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 14 for All Shipments Except Truck and the Schedule of Effective Minimum Prices for District No. 14 for Truck Shipments be, and they hereby are, amended as follows:

1. The present effective price classifications and minimum prices for the coals produced by the Great Western Mine (Mine Index No. 44) of Great Western Coal Company in Production Group 5 in Size Groups 4 and 6 to 10, inclusive, be, and they hereby are, deleted.

2. Beginning forthwith, the price classifications and minimum prices as set forth in supplement R, § 334.5 (*Alphabetical list of code members*), and supplement T, § 334.24 (*General prices for shipment into all market areas*), annexed hereto and made a part hereof, shall be, and they hereby are, established as the effective price classifications and minimum prices for coals produced at the Great Western Mine (Mine Index No. 44) of Great Western Coal Company in Production Group 5.

It is further ordered, That in all other respects the prayers for relief contained in the several petitions filed herein be, and they hereby are, denied.

Dated: November 7, 1941.

[Docket No. A-409]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT AND REVISION OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by District Board 14, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests the establishment of price classifications and minimum prices for the coals of certain code-member producers in District No. 14.

In accordance with an Order of the Director and after notice to all interested persons, a hearing in this matter was held on July 30, August 2, and August 6, 1941, before D. C. McCurtain, a duly designated Examiner of the Bituminous Coal Division, at a hearing room of the Division in Fort Smith, Arkansas, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District No. 14 and the Keener Mining Company appeared.[1] The preparation and filing of a report by the Examiner were waived and the matter thereupon was submitted to the undersigned.

The petition of District Board 14 requests the revision and establishment of price classifications and minimum prices for the coals, both truck and rail shipments, of the Looper Coal Company (Mine Index No. 68) and, for truck shipments only, of the Bokoshe Coal Company (Mine Index No. 41-9010; Filed, December 1, 1941; 11:13 a. m.) and rail shipments, as follows: "F" or $3.35 in Size Group No. 3, "B" or $1.35 in Size Group No. 14, and "Q" or $2.70 in Size Group No. 18.

It appears from the uncontroverted testimony of the witnesses for the petitioner that the requested classifications and minimum prices conform with the effective prices heretofore established for comparable coals in District No. 14.[2] It is shown that the requested minimum prices are just and equitable and are in no way prejudicial or preferential as between districts. The evidence further

[1] The Keener Mining Company withdrew their petition of intervention at the hearing.

[2] Mines located in District 14, Sub-district 5, producing coal similar to the Looper Mine are as follows: Bussey (Mine Index No. 304), Sam Brown (Mine Index No. 302), Farley and Darfron (Mine Index No. 307), William Jones, (Mine Index No. 311), John Turner Coal Co. (Mine Index No. 312). Other mines similar to the Bokoshe Mine are the Banner Coal Company (Mine Index No. 4), and the Premium Coal Co. (Mine Index No. 86) located in District 14, Sub-district 7.

indicates that the classifications and minimum prices requested by the petitioner will, if adopted, reflect the true values of the coals to which they apply and will preserve fair competitive opportunities for the producers thereof, as well as other local producers competing with them.

It further appears from the record that the minimum prices for the James N. Ford Coal Company, Mine No. 1 (Mine Index 210), established pursuant to the Order of the Director dated January 31, 1941, should be deleted from the Schedule of Effective Minimum Prices for District No. 14 for Truck Shipments, since minimum prices were formerly established for this mine when it was classified as the John Henry Mine (Mine Index 102). The testimony submitted clearly shows that the establishment of minimum prices by the Director in this docket for Mine Index No. 210 was in error. Since Mine Index No. 102 is now owned by James N. Ford Coal Company, the Schedule should so indicate but the prices heretofore established for the coals of that mine shall remain as the effective prices.

The requested classifications and minimum prices are fair and reasonable at the present time are fair and reasonable and are based on the quality and character of the coal, its market acceptability, and will, if approved, maintain fair competitive opportunities.

Upon the basis of the evidence, I find and conclude:

(1) That the classifications and minimum prices shown in the Supplements hereto attached for the coals specified therein, are proper and should be established; that said classifications and minimum prices are in proper relation to those established for analogous and comparable coals in District No. 14; (2) that the minimum prices for the James N. Ford Coal Company, Mine No. 1 (Mine Index 210), established pursuant to the Order of the Director dated January 31, 1941, should be deleted from the Schedules of Effective Minimum Prices for District No. 14 for Truck Shipments; (3) that such amendment of the price schedule for District No. 14 is necessary in order to effectuate the purposes of section 4 II (a) and section 4 II (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That, commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That, the minimum prices and mine index number for the James N. Ford Coal Company, Mine No. 1, (Mine Index No. 210) heretofore established in Docket A-409 by an Order of the Director dated January 31, 1941 be and they hereby are deleted from the Schedules of Effective Minimum Prices for District No. 14 for Truck Shipments.

Dated: November 10, 1941.

Director.

[Docket No. A-928, Part II]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS OF THE KISTLER MINE (MINE INDEX NO. 203) IN SIZE GROUPS 4 AND 18, AND FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE BIG VEIN COAL COMPANY (MINE INDEX NO. 520) IN SIZE GROUPS 6, 7, 8 AND 10

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was filed in Docket No. A-928 on June 20, 1941, by District Board 14, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District 14.

An Order in Docket No. A-928, issued July 28, 1941, 6 F.R. 3944, by the Acting Director, granted temporary relief and conditionally provided for final relief in accordance with the price classifications and minimum prices set forth in Supplement R and Supplement T annexed thereto and made a part thereof. No relief was granted in this Order for the coals of the Kistler Mine (Mine Index No. 203) in Size Groups 4, 14, and 18, nor for the coals of the Big Vein Coal Company (Mine Index No. 520) in Size Groups 6, 7, 8, and 10.

On the same day, 6 F.R. 3814, the Acting Director issued a Memorandum Opinion and Order Granting Temporary Relief, Severing Docket No. A-928, Part II from Docket No. A-928, and Notice of and Order for Hearing in Docket No. A-928, Part II in which, for the reasons stated therein, temporary relief was granted as follows: Price classifications "O" and "G" were established in Size Groups 6 and 10, respectively, for the coals of the Big Vein Coal Company Mine (Mine Index No. 520) for all shipments except truck and minimum prices of 375 and 370 cents per net ton in Size Groups 6 and 10, respectively, were established for such coals for truck shipments. It was further ordered that the portion of Docket No. A-923 relating to the coals of Kistler Mine (Mine Index No. 203) in Size Groups 4 and 18,[1] and the coals of Big Vein Coal Company Mine (Mine Index No. 520) in Size Groups 6, 7, 8, and 10, be severed from the remainder of Docket No. A-928 and designated as Docket No. A-928, Part II, and that a hearing in this matter be held on August 6, 1941, at a hearing room of the Division in Fort Smith, Arkansas.

A hearing was held in Docket No. A-928, Part II before D. C. McCurtain, a duly designated Examiner of the Division, at the time and place above mentioned, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard.

The preparation and filing of a report by the Examiner was waived.

At the hearing, counsel for District Board 14 stated that the Board had discovered certain errors and omissions in its original petition in Docket No. A-923, in regard to its recommendations as to the coals of the Kistler Mine, and asked leave to file a written amendment to its petition so as to request a classification of "K" instead of "M" in Size Groups 7 and 8, and classifications of "D" in Size Group 13 and "A" in Size Group 17 for shipment by rail. Petitioner's request was granted and testimony admitted in this hearing as to the amendments sought to be made in Docket No. A-928. On August 14, 1941, a written amendment in Docket No. A-928, Part II was filed with the Division.

It is true that all of the amendments sought in respect to the coals of the Kistler Mine, except those for Size Groups 4 and 18, were not covered in the Order setting a hearing on Docket No. A-928, Part II. However, since leave to amend was granted by the Examiner and the introduction of evidence at the hearing in support thereof was allowed, without objection being made, and it appears from the record that no one will be injured thereby, I will not rule that the departure from orthodox procedural requirements here disclosed is sufficient to bar the granting of relief in this case. Nevertheless, the petitioner is cautioned to prepare and prosecute any proceeding it may have before the Division in the future with more care.

The petitioner's written amendment in respect to the Kistler Mine, requests price classification of "L" in Size Group 9 for rail shipments and a minimum price of 380 cents for Size Group 9 for truck shipments. Neither of these are included in the original petition, and no reference thereto appears in the transcript of the hearing. There is no evidence in the record to support the necessity, in Size Group 9, for either the price classification "L" or the minimum price of 380 cents, therefore the requests as to these will not be allowed.

The evidence shows that due to a change from Solid Shot to Machine Cut operation at the Kistler Mine, the existing price classification "D" under Size Group 3 for rail shipments and minimum price of 370 cents under Size Group 3 for truck shipments, should be withdrawn.

The petitioner introduced evidence at the hearing to the effect that the prices proposed by it for the coals produced at the Kistler Mine (Mine Index No. 203) and the Big Vein Coal Company Mine (Mine Index No. 520) were fair and reasonable, based on the quality and character of the coal, its market acceptability, and with due regard to preserving fair competitive opportunities as between producers and would not be prejudicial as against any other district. There was no evidence to the contrary.

Based upon the foregoing facts and for the reasons stated, relief will be granted as to all the proposed price classifications and minimum prices except price classification "L" in Size Group 9 for rail shipments and the minimum price of 380 cents for Size Group 9 for truck shipments for the Kistler Mine.

Now, therefore, it is ordered, That commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 334.6 (*General prices*) is amended by adding thereto Supplement R–II, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That price classification "D" under Size Group 3 for rail shipments, and the minimum price of 370 cents for Size Group 3 for truck shipments, for the coals of the Kistler Mine (Mine Index No. 203), be and they are hereby withdrawn from the Schedule of Effective Minimum Prices for District No. 14 for All Shipments Except Truck and for Truck Shipments.

It is further ordered, That in all other respects the relief requested herein be and it hereby is denied.

Dated: November 7, 1941.

[SEAL] H. A. GRAY,
Director.

[1] The petition proposed the same price classification and minimum prices for Size Group 14 coals as those already established for coals in that Size Group.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1306—IRON AND STEEL

PRICE SCHEDULE NO. 46—RELAYING RAIL

Relaying rails are used extensively in armament plants, as well as in the essential industrial and mining establishments provided for in the Defense Program. The prices of relaying rails have increased sharply since the beginning of 1941. In many instances, the price of relaying rail has been as high or higher than that of new rail. After a thorough investigation by the Office of Price Administration and numerous conferences with all branches of the relaying rail industry, I find that the maximum prices prescribed herein constitute a fair and equitable limitation on prices for relaying rail and are necessary to assure an adequate and even flow of relaying rail into defense channels.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1306.251 *Maximum prices for relaying rail.* On and after December 2, 1941, regardless of sale or purchase, or other commitment, except as provided in § 1306.254 hereof, no person shall sell, offer to sell, deliver or transfer relaying rail, and no person shall buy, offer to buy, or accept delivery of relaying rail, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1306.260.*

*§§ 1306.251 to 1306.260, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8675, 6 F.R. 1917, 4483.

§ 1306.252 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1306.253 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of relaying rail, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1306.254 *Permission to carry out contracts entered into prior to November 1, 1941.* Any person who, prior to November 1, 1941, has entered into a contract of sale or other firm commitment calling for the delivery of or transfer after that date, of relaying rail, at prices higher than the maximum prices established by this Schedule, may make application to the Office of Price Administration on Form 146:1 provided for that purpose, for permission to carry out such contract or commitment at the contract price. Such permission will be granted only when necessary to protect the applicant against loss in the disposition of (a) inventory acquired prior to November 1, 1941, at prices higher than the established maximum prices and held by the applicant on that date, and (b) acquired by the applicant pursuant to permission granted by the Office of Price Administration to such applicant and his vendor under this Section. Such application shall be filed with the Office of Price Administration on or before December 22, 1941.*

[1] 6 F.R. 3647.

§ 1306.255 *Records and reports.* (a) Every person making purchases or sales of relaying rails after 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (1) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the shipping point price paid or received, and the quantity of each kind or grade purchased or sold, and (2) the quantity of relaying rail (i) on hand, and (ii) on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.

(b) *Purchases of relaying rail in excess of 100 gross tons.* Every person other than the ultimate consumer, making a purchase of used rail, in quantities in excess of 100 gross tons, which includes relaying rail covered by paragraph (b) of § 1306.260 below, not later than ten days following the purchase shall file with the Office of Price Administration either (1) a certificate from an established, independent inspection bureau, or (2) an affidavit by such person, stating the estimated division of such rail among relaying, rerolling, and scrap rails, as well as such further documents as may be required by the Office of Price Administration: *Provided,* That the rails so purchased shall be subject to any inspection and classification as to quality which may be made by the Office of Price Administration.

(c) *Sales of relaying rail of 25 gross tons or more.* Every seller making a sale to a consumer of relaying rails in quantities of 25 tons or more, shall file with the Office of Price Administration, within 10 days after such sale, either (1) a certificate from an established, independent inspection bureau certifying that such rails are of relaying quality, or (2) an affidavit from the consumer stating that such rails are to be used for relaying purposes, the quantity, source, shipping point and delivered price of the shipment.*

§ 1306.256 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule, and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of relaying rail, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1306.257 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by a person complying with this Schedule and all other schedules issued by the Office of Price Administration.*

§ 1306.258 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Shipping point" means on board the means of transportation to the buyer, whether truck, freight car, barge, or ship.*

§ 1306.259 *Effective date of the schedule.* This Schedule shall become effective December 2, 1941.*

§ 1306.260 *Appendix A—Maximum prices for relaying rail.*—(a) *Maximum prices for relaying rail originating from Class I railroads.* The maximum price of relaying rail, weighing 35 lbs. or more per yard, originating from Class I railroads and Class I switching or terminal companies, except when such rail is sold in track, shall be $28.00 per gross ton f. o. b. any station on the selling railroad at the option of the buyer: *Provided,* That when such rail is purchased by dealers or jobbers, such dealers or jobbers may sell, except as provided in paragraph (c) below, such rail at a maximum price of $30.00 per gross ton f. o. b. shipping point.

(b) *Maximum price for other relaying rail.* The maximum price, f. o. b. shipping point, for relaying rail weighing 35 lbs. or more per yard, other than rail covered by paragraph (a) above and paragraph (c) below, shall be $30.00 per gross ton minus the lowest railroad freight charge for transporting such rail from the shipping point to the basing point nearest freightwise to the shipping point: *Provided,* That the shipping point price need in no case be less than $22.00 per gross ton.

[1] 5 F.R. 4322.

The equipment, supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following Procurement Authorities, the available balances of which are sufficient to cover the cost of the same:

ORD 7675 P99 A 0141-02
ORD 7676 P99 A 0141-02
ORD 6795 P99 A 1005-02

This supplemental contract,[2] entered into this 7th day of November 1941.

There is now in force between the parties hereto a certain contract, identified by the Government as "Contract No. W-ORD-458" which provides for the building, equipping and operating of a nitrocellulose smokeless powder plant by the Contractor for the Government at Charlestown, Indiana, said contract bearing date of July 17, 1940, and being hereinafter sometimes referred to as the "Original Contract".

Said Original Contract has been supplemented and amended by supplemental contracts dated October 9, 1940, December 28, 1940, and January 28, 1941, identified as Contracts W-ORD-458, Supplements 1, 2, and 3, respectively.

The Government by letter dated June 25, 1941 exercised the options reserved in paragraphs (b) and (c) of Article II of the Original Contract as amended by Supplement No. 2.

The Government now desires to change the initial quantities in order to incorporate the increases in quantities resulting from the exercise of such options.

B. It is estimated that the increase in the cost of the design and construction work covered by Article I of the Original Contract, as amended, on account of the additional work provided for in this fourth supplemental contract, will be two million fifty-one thousand dollars ($2,051,000.00). Paragraph (b), Article I is, therefore, changed to read:

It is estimated that the total cost of the construction work aforesaid will be approximately seventy-five million four hundred twenty-one thousand dollars ($75,421,000.00) (not including the cost of acquiring land, nor the cost of equipment furnished by the Government, nor the Contractor's compensation).

K. Except as herein provided, the terms and conditions of the Original Contract, as amended, shall continue in full force and effect and shall apply with equal force to the work added by this supplemental contract.

This contract is authorized by the following laws: Act of July 2, 1940 (Public No. 703, 76th Cong.) and the Act of June 30, 1941 (Public No. 139, 77th Cong.)

FRANK W. BULLOCK,

SUMMARY OF CHANGE ORDERS TO EMERGENCY PLANT FACILITIES CONTRACT

CONTRACTOR: FORD MOTOR COMPANY, DEARBORN, MICHIGAN

Change No. 1[1] to Contract No. W 535 ac-17072.[2] Dated: December 23, 1940.

Subject: Additional Items and Increased Costs of Facilities Provided in Emergency Plant Facilities Contract.

Affecting: Contract No. W 535 ac-17072.

The United States of America, hereinafter called the Government and Ford Motor Company, hereinafter called the Contractor, have executed Contract W 535 ac-17072, with reference to the acquisition, construction and installation by the Contractor of certain emergency plant facilities.

Paragraph 2 of Article I of the contract provides substantially that the Contractor may at any time make changes in or additions to the drawings and specifications, and the machinery and equipment to be acquired.

The Government has found it necessary to increase the aggregate amount provided in the contract by the sum of $1,954,219.00 (one million, nine hundred fifty-four thousand, two hundred nineteen dollars), which sum is composed of the various items of increase and the additional necessary items not heretofore included and for the various purposes as set forth in Supplemental Appendix A hereto. The additional interest allowable, in respect to the above increase, under Article I, section 5 of the said contract is $3,250.00 (three thousand, two hundred fifty dollars). The aforesaid costs are deemed by the Contracting Officer under the aforesaid contract No. W 535 ac-17072 to be reasonable and necessary for the performance of said contract.

It is agreed that said contract be amended in the following respects:

1. That the Contractor hereby agrees to use its best efforts to acquire, construct and install said emergency plant facilities included in Appendix A to the original contract and Supplemental Appendix A hereto for a sum not to exceed the estimated cost of the emergency plant facilities set forth in Article I, section 1 of said original contract as increased by the additional estimated costs set forth in Supplemental Appendix A hereto, which is made a part hereof, all in accordance with the plans and specifications set forth in the original contract with Appendix A thereto and this Change Order with Supplemental Appendix A hereto.

2. That the total costs of the emergency plant facilities of the complete addition to an existing plant described in Schedules I-A to IV-A, inclusive, of Appendix A as estimated in Article I, section 1 of the contract be changed to read $8,573,884.00 (eight million, five hundred seventy-three thousand, eight hundred eighty-four dollars); that the total costs of the emergency plant facilities of the complete addition to an existing plant described in Schedules I-C to IV-C, inclusive, of Appendix A as estimated in Article I, section 1 of the contract be changed to read $325,435.00 (three hundred twenty-five thousand, four hundred thirty-five dollars); that the total costs of the emergency plant facilities of the complete addition to an existing Plant described in Schedules I-D to IV-D, inclusive of Appendix A as estimated in Article I, section 1 of the contract be changed to read $773,850.00 (seven hundred seventy-three thousand, eight hundred fifty dollars); and that the maximum costs of the emergency plant facilities, including all four complete additions to an existing plant described in Schedules I-A to IV-A, inclusive, I-B to IV-B, inclusive, I-C to IV-C, inclusive, and I-D to IV-D, inclusive, of Appendix A, and stated in Article II, section 1 of the contract be changed to read $23,666,339.43 (twenty-three million, six hundred sixty-six thousand, three hundred thirty-nine and 43/100 dollars).

Procurement Authorities:

AC 78 P 1-2030 A 0141.116-02
AC 78 P 1-3052 A 0141-02
AC 78 P 1-3100 A 0141-02
AC 78 P 1-3211 A 0141-02

Except as hereby amended, all the terms and conditions of the contract affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this Change Order.

Change Order No. 2

Change No. 2[3] to Contract No. W 535 ac-17072.[2]

Dated: December 23, 1940.

Subject: Additional Items in Emergency Plant Facilities Contract.

Affecting: Contract No. W 535 ac-17072.

The United States of America, hereinafter called the Government, and Ford Motor Company, a corporation organized and existing under the laws of the State of Delaware, hereinafter called the Contractor, have executed Contract No. W 535 ac-17072, and Change Order, Serial No. 4632, being Change No. 1 to said Contract, with reference to the acquisition, construction and installation by the Contractor of certain emergency plant facilities.

Paragraph 2 of Article I of the contract provides substantially that the Contractor may at any time make changes in or additions to the drawings and specifications, and the machinery and equipment to be acquired.

The Government has found it necessary to increase the aggregate amount provided for in the contract, as amended by Change Order No. 1 thereto, by the sum of $4,081,546.87 (four million, eighty-one thousand, five hundred forty-six and 87/100 dollars), which sum is composed of the costs of the various items and for the various purposes as set forth in Appendix B hereto. The additional interest allowable, in respect to the above increase, under Article I, section 5 of the said contract is $40,815.00 (forty thousand, eight hundred fifteen dollars). The aforesaid costs are deemed by the Contracting Officer under the aforesaid contract No. W 535 ac-17072 to be reasonable and necessary for the performance of said contract.

The emergency plant facilities provided in said original contract, as amended by said Change Order No. 1 thereto, will be completed several months prior to the time the emergency plant facilities provided herein will be completed and, therefore, the Government and the Contractor are both desirous of considering the emergency plant facilities provided herein as a separate emergency facility and of including herein suitable provisions so that the contractor may file Final Cost Certificate A covering those emergency plant facilities provided in said original contract, as amended by Change Order No. 1 thereto, at the time of the completion of said facilities and the Government may start its payments on Government reimbursement for plant costs at that time, and that the Contractor may file Final Cost Certificate B covering those emergency plant facilities provided herein at the completion of said emergency plant facilities and the Government may start its payments on Government reimbursement for the plant costs for those facilities at that time.

In consideration of the premises and the mutual agreements herein contained and to provide for the further expediting of the emergency plant facilities and the efficient operation and production thereof, it is agreed that said contract be amended in the following respects:

1. That the Contractor hereby agrees to use its best efforts, to acquire, construct and install said emergency plant facilities included in Appendix A to the original contract, Supplemental Appendix A to Change Order No. 1 thereto and Appendix B hereto by a sum not to exceed the estimated cost of the emergency facilities set forth in Article I, section 1 of the said original contract as amended by Change Order No. 1 thereto and as increased by the additional estimated costs set forth in Appendix B hereto which is made a part hereof, all in accordance with the plans and specifications set forth in the original contract with Appendix A thereto, Change Order No. 1 with Supplemental Appendix A thereto and this Change Order with Appendix B hereto.

2. That the Contractor shall have the right, upon the terms and conditions of section 4 of Article I and consistent with all other provisions of said original contract, to file a Final Cost Certificate A covering those emergency plant facilities provided in said original contract, as amended by Change Order No. 1 thereto, at the time of the completion of said emergency plant facilities in order that the Government may start its payments on Government reimbursement for plant costs for those facilities, and the Contractor shall file its Final Cost Certificate B covering those emergency plant facilities provided herein at the time of the completion of said emergency plant facilities.

3. That in addition to the total cost of the emergency plant facilities of the four complete additions to an existing plant as set forth in Article I, section I, of the contract, as amended by Change Order No. 1 thereto, there is hereby added the sum of $4,081,546.87 (four million, eighty-one thousand, five hundred forty-six and 87/100 dollars) for an increase in one of the complete additions to an existing plant, described as Aircraft Engine Manufacturing Plant including Test Houses in Schedules I-A to IV-A, inclusive, of Appendix A to said contract, as amended, as set forth in Appendix B hereto, and the maximum cost as stated in Article II, section I of the contract, as amended by Change Order No. 1 thereto, is hereby changed to read $27,747,886.30 (twenty-seven million, seven hundred forty-seven thousand eight hundred eighty-six and 30/100 dollars).

IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 7

[Docket No. A-1097; Part II]

IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 7 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF GASTON COAL COMPANY, GASTON NO. 2 MINE, MINE INDEX NO. 255, R. H. HAYES (HAYES COAL CO.) MEAD POCA. NO. 3 MINE, MINE INDEX NO. 265, AND I. R. THOMPSON, AMICK MINE, MINE INDEX NO. 508, CODE MEMBERS IN DISTRICT NO. 7 FOR ALL SHIPMENTS EXCEPT TRUCK

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1097 PART II FROM DOCKET NO. A-1097, ORDER GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1097 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1097 PART II

The original petition in the above-entitled matter, which was filed pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 7.

As the Director found in an Order issued in Docket No. A-1097, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except as to the establishment of permanent price classifications and minimum prices for the coals of Gaston Coal Company, Gaston No. 2 Mine, Mine Index No. 255, R. H. Hayes (Hayes Coal Co.), Mead Poca. No. 3 Mine, Mine Index No. 265, and I. R. Thompson, Amick Mine, Mine Index No. 508, Code Members in District No. 7, for All Shipments Except Truck. While it appears that temporary relief should be granted for the coals of the said mines, for All Shipments Except Truck, the Director is of the opinion that the original petitioner did not set forth sufficient facts to warrant the establishment of permanent price classifications and minimum prices without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1097 relating to the coals of Gaston Coal Company, Gaston No. 2 Mine, Mine Index No. 255, R. H. Hayes (Hayes Coal Co.), Mead Poca. No. 3 Mine, Mine Index No. 265, and I. R. Thompson, Amick Mine, Mine Index No. 508, Code Members in District No. 7, for All Shipments Except Truck, be and the same hereby is, severed from the remainder of Docket No. A-1097 and designated as Docket No. A-1097, Part II.

It is further ordered, That a hearing in Docket No. A-1097 Part II under the applicable provisions of said Act and the rules of the Division be held on December 9, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 4, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 7 for the establishment of price classifications and minimum prices for the coals of Gaston Coal Company, Gaston No. 2 Mine, Mine Index No. 255, R. H. Hayes (Hayes Coal Co.), Mead Poca. No. 3 Mine, Mine Index No. 265, and I. R. Thompson, Amick Mine, Mine Index No. 508, Code Members in District No. 7 for All Shipments Except Truck.

It is further ordered, That, pending final disposition of Docket No. A-1097 Part II, temporary relief is granted as

...y relief granted herein may be ...uant to the Rules and Regula... ...erning Practice and Procedure ...e Bituminous Coal Division in ...gs Instituted Pursuant to sec... ...tion 4 II (d) of the Bituminous Coal Act of 1937.

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1101 PART II FROM DOCKET NO. A-1101, ORDER GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1101 PART II AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1101 PART II

The original petition in the above-entitled matter, which was filed with this Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 1.

As the Director found in an Order issued in Docket No. A-1101, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner except as to the establishment of permanent price classifications and minimum prices for the coals of the Helmick Mine, Mine Index No. 927, and Johnson No. 1 Mine, Mine Index No. 932, and for the mixing of the coals of Beaver Nos. 1, 2, and 3 Mines, Mine Index Nos. 666, 3170, and 3171, respectively, and for the mixing of the coals of Milliron and Milliron No. 2 Mines, Mine Index Nos. 655 and 3176, respectively, for all shipments except truck. With respect to the establishment of permanent price classifications and minimum prices, the Director is of the opinion that a hearing should be held in view of the circumstances involved.

The petition proposes that two shipping points be established for the Helmick Mine, Mine Index No. 927, and for the Johnson No. 1 Mine, Mine Index No. 932 for all shipments except truck. While it appears that an adequate showing of necessity has been made that temporary relief be granted establishing temporary price classifications and minimum prices for the coals of the above-named mines for all shipments except truck from one shipping point, it does not appear that the original petitioner has set forth sufficient facts to warrant the establishment of additional shipping points for the coals of these mines for all shipments except truck, without a hearing. The shipping points hereinafter specifically established for the coals of these mines are those which appear to be the nearer to such mines and appropriate, therefore, for the granting of temporary relief.

The petition also proposes the establishment of price classifications and minimum prices for the mixing of the coals of the above-named mines from one shipping point, it does not appear that the original petitioner has set forth sufficient facts to warrant the establishment of price classifications and minimum prices for the mixing of the coals of Beaver Nos. 1, 2, and 3 Mines, Mine Index Nos. 666, 3170, and 3171, respectively, and of the coals of Milliron and Milliron No. 2 Mines, Mine Index Nos. 655 and 3176, respectively. The Director is of the opinion that the original petitioner has not set forth sufficient facts to warrant the establishment of price classifications and minimum prices for the mixing of the coals of the above-mentioned mines without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1101 relating to the coals of the Helmick Mine, Mine Index No. 927, and the Johnson No. 1 Mine, Mine Index No. 932, and to the mixing of the coals of the Beaver Nos. 1, 2, and 3 Mines, Mine Index Nos. 666, 3170, and 3171, respectively, and to the mixing of the coals of the Milliron and Milliron No. 2 Mines, Mine Index Nos. 655 and 3176, respectively, be, and the same hereby is, severed from the remainder of Docket No. A-1101 and designated as Docket No. A-1101 Part II.

It is further ordered, That a hearing in Docket No. A-1101 Part II under the applicable provisions of said Act and the rules of the Division be held on December 10, 1941, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the Director proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before December 4, 1941.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervenors or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the coals of the Helmick Mine, Mine Index No. 927, and Johnson No. 1 Mine, Mine Index No. 932, and for the mixing of the coals of Beaver Nos. 1, 2, and 3 Mines, Mine Index Nos. 666, 3170, and 3171, respectively, and for the mixing of the coals of Milliron and Milliron No. 2 Mines, Mine Index Nos. 655 and 3176, respectively, for all shipments except truck.

It is further ordered, That, pending final disposition of Docket No. A-1101 Part II, temporary relief is granted as follows: Commencing forthwith, Price Schedule No. 1 for District No. 1, for All Shipments Except Truck, is supplemented to include the price classifications and minimum prices set forth in the schedule marked Temporary Supplement R, annexed hereto and hereby made a part hereof.

Notice is hereby given that all applications to stay, terminate or modify the temporary relief granted herein may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: November 12, 1941.

PETITIONS OF L. F. GORDLEY, DISTRICT BOARD 6, AND DISTRICT BOARD 11

ORDER AMENDING ORDER TO SHOW CAUSE WHY PETITIONS SHOULD NOT BE DISMISSED

An Order having been issued in the above-entitled matter, dated November 5, 1941, requiring petitioners to show cause at a hearing on December 3, 1941, why their petitions should not be dismissed; such order having erroneously denominated Mine Index No. 119 of L. F. Gordley as the Pike View Mine, and it appearing that the correct name of Mine Index No. 119 is Franceville Mine;

Now, therefore, it is ordered, That the Order to Show Cause herein, dated November 5, 1941, be amended by substituting therein "Franceville Mine" for "Pike View Mine" in reference to Mine Index No. 119 of L. F. Gordley.

[Docket No. A-947]

PETITION OF THE BIG BEND COLLIERIES, INC., ET AL., FOR THE ESTABLISHMENT OF EFFECTIVE MINIMUM PRICES FOR SUBSTANDARD COALS PRODUCED FROM THE BRAZIL BLOCK VEIN, IN DISTRICT NO. 11

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon a petition filed with the Bituminous Coal Division by the Big Bend Collieries, Inc., the Maumee Collieries Co., the Birch Creek Coal Company, the Mariah Hill Super Block Coal Company, Ray Morgan (F. C. Morgan Coal Company), the Dixon Block Company, Inc., and the G. & F. Corporation, code member producers in District 11, pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act of 1937. The petition requests the establishment of effective minimum prices for all code member producers in Price Groups Nos. 15, 16, and 17 for substandard coals mined from the Brazil Block vein in District 11.

Petitions of intervention were filed by District Boards 9 and 10.

Pursuant to Order of the Director and after due notice to all interested persons, a hearing in this matter was held on September 18, 1941, before Charles O. Fowler, a duly designated Examiner of the Division, at Washington, D. C. All interested persons were afforded an opportunity to be present and participate fully in the hearing. Appearances were entered on behalf of the original petitioners and District Board 10. At the conclusion of the hearing, the parties waived the preparation and filing of a report by the Examiner and the record in the proceeding was thereupon submitted to the undersigned.

On September 30, 1941, the petitioners filed a motion requesting immediate temporary relief pending final determination of the matter by the Director. On October 8, 1941, District Board 10 filed an opposition to the motion for immediate temporary relief. On October 16 the petitioners filed a reply to the opposition of District Board 10. On October 18 District Board 10 filed an answer to the reply.

The petitioners request that minimum prices as set forth below for Brazil Block coal of substandard quality, i. e., coal which is soft and shelly, or soft, shelly, and stained, be established and that the relief sought be extended to all code members in Price Groups Nos. 15, 16, and 17 in District 11 producing from the Brazil Block vein. The requested prices are intended to apply only to coals shipped by rail.

District Board 10 opposes the granting of the request for immediate temporary relief, unless the granting of such relief carries with it the requirement that the determination of the substandard classi-

fication of Brazil Block coal be under the supervision of District Board 11.

The uncontradicted testimony of Hugh B. Lee, vice-president and general manager of the Maumee Collieries Company, reveals that substandard or inferior coal is fairly prevalent throughout the Brazil Block vein. The evidence further discloses that in the production of Brazil Block vein coals, producers frequently encounter coal which is substandard or inferior in quality. This coal was said to be coal which is soft or shelly. While there was some indication that stain also renders coals substandard, the petitioners indicated that no relief is sought by them with reference to coals which are stained only. The production of substandard coal presents to all producers a serious marketing problem, since this substandard coal is not acceptable in lieu of standard Brazil Block coal, yet carries the same effective minimum prices.

In the past it was the practice of producers of Brazil Block substandard coals to sell such coals at prices below those obtained for standard Brazil Block coals. Since the establishment of effective minimum prices, however, District 11 code members have been required to dispose of this inferior coal by shipping it as standard coal, and after delivery, making adjustments of price, as provided in Rule 1 of section X of the Marketing Rules and Regulations.[1] The record shows that this practice of making adjustments after the coal has reached its destination has worked to the detriment of the producers by reducing the producers' bargaining power in regard to allowances, which frequently results in forcing producers to make greater allowances than they would have had to make could the coals have originally been sold as substandard, and by creating an undesirable relationship with purchasers which tends to jeopardize future business relations.

The uncontroverted evidence shows that the average allowances heretofore made from the effective minimum prices by code members under Rule 1 of Section X of the Marketing Rules and Regulations amount to 51 cents per ton on Size Groups 1 and 2, 35 cents per ton on Size Groups 4 to 6, inclusive, and 44 cents per ton on Size Group 7. The proposed minimum prices for the substandard Brazil Block coals are 50 cents and 25 cents per ton, respectively, below the effective minimum prices for Brazil Block coals in Size Groups 1 to 3 and 4 to 7.

Harry A. Brattin, general manager of Brazil Block Fuels, Inc., a provisionally approved marketing agency, testified that the mines of all the producer-members are constantly checked for the production of substandard coal and that Brazil Block coals are classified upon the basis of three principal factors: preparation, condition, and color. He testified that on the basis of a rigid inspection by him, coals that are determined to be not of normal size, of good firm structure, and of black color are determined to be substandard and are so classified. A copy of each inspection report is sent to District Board 11.

District Board 10 claims that the coals for which minimum prices are herein proposed are shipped in active competition with coals of code members in District 10. However, while the record shows that the coals of District 10 and substandard Brazil Block coals are sold in the same market areas, it does not show that they are competing coals in terms of price valuation or consumer demand.

From an examination of the record herein, it appears that further delay in granting relief herein, pending final disposition of the petition, might jeopardize the interests of the producers of Brazil Block vein coals and that the interests of other producers will not be impaired by the granting of temporary relief herein, particularly if it is surrounded by proper and adequate safeguards. Therefore, it seems desirable to grant temporary relief until more detailed consideration can be given the complex issues here involved.

The relief herein granted reducing the effective minimum prices of substandard coals is based upon a classification of such coals made at the mine. The allowances for substandard coals permitted to be made by Rule 1, section X of the Marketing Rules and Regulations upon claims therefor being made by buyers after the coals have left the mine should therefore be inapplicable to coals sold at the reduced prices herein provided. Else producers whose coals were determined at the mine to be substandard could sell them at the reduced prices herein provided and could subsequently grant further substandard allowances upon receiving buyers' complaints. Such a practice would obviously be totally deceptive of a sound minimum price structure.

Now, therefore, it is ordered, That the motion for temporary relief filed herein on September 30, 1941, be, and it hereby is granted, and that pending final determination of the petition herein, the Schedule of Effective Minimum Prices for District No. 11 for All Shipments Except Truck be, and it hereby is, amended by adding to the price exceptions contained on page 3 of said Schedule, a new price exception to read as follows:

"The effective minimum prices established for Brazil Block vein coals produced at mines in Price Groups Nos. 15, 16, and 17, may be reduced by not more than the following amounts, where such coals are substandard, that is, soft or shelly:

Size Group Nos.[1]	*Maximum reduction*
1 and 2	50 cents per ton,
3	30 cents per ton,
4 to 7, inclusive	25 cents per ton,

Provided, however, That (1) the determination of the substandard classification of said coals shall be under the direct supervision of District Board 11, (2) the classification of the coals shall be made by a representative of District Board 11 at the mine, (3) said representative shall issue a certificate or notice of substandard classification which certificate or notice shall be filed with the Field Office of the Division for District 11, and (4) District Board 11 shall approve and certify all orders, acknowledgments, and invoices involving substandard coals. Certificates or notices filed with the Field Office pursuant to this Order shall contain an indication to that effect; *And provided further,* That coals sold as substandard pursuant to this Order shall not be subject to the allowances for substandard coals permitted by Rule 1, section X of the Marketing Rules and Regulations."

Nothing herein contained shall be construed as a ruling or expression of the opinion of the undersigned concerning the final disposition of this proceeding.

Dated: November 29, 1941.

[Docket No. B-12]

IN THE MATTER OF E. H. FANNIN, CODE MEMBER, DEFENDANT

ORDER TERMINATING CODE MEMBERSHIP AND DETERMINING THE AMOUNT OF TAX REQUIRED TO BE PAID AS A CONDITION FOR REINSTATEMENT

A complaint dated September 3, 1941, in the above-entitled matter, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") having been duly filed by Bituminous Coal Producers Board for District No. 8, complainant, with the Bituminous Coal Division (the "Division") alleging that the defendant, whose address is R. F. D. No. 1, Rush, Kentucky, wilfully violated the provisions of the Bituminous Coal Code (the "Code") or rules and regulations thereunder, and the complaint herein having been duly served upon the defendant on October 13, 1941; and

The defendant, by stipulation dated October 15, 1941, the original of which is on file with the Division, having admitted the truth of the allegations of the complaint, and having consented to the making and entry of this Order revoking the defendant's membership in the Code; and

The defendant by said stipulation dated October 15, 1941, having further agreed and consented that immediately upon the entry of the order herein above referred to, he will pay to the United States Government the amount of tax, namely $18.29 agreed by him to be the amount required to be paid by sections 5 (b) and (c) of the Act on the coal hereinafter referred to, sold during the period commencing March 27, 1941, and ending April 7, 1941, as a condition to his reinstatement to membership in the Code, and the Bituminous Coal Producers Board for District No. 8, complainant herein, having recommended to the Division that it accept the agreements made herein by the defendant and enter an order in accordance therewith;

Now, therefore, pursuant to the authority vested in the Division by section 4 II (j) of the Act authorizing it to adjust complaints of violations to compose the differences of the parties thereto;

1. *It is hereby found,* That on June 20, 1937, the defendant filed with the National Bituminous Coal Commission (the "Commission") his Acceptance of the Code, dated June 19, 1937, and that said acceptance was approved by the Commission on June 29, 1937, to take effect as of June 20, 1937; that defendant has been since the last mentioned date and is now a code member in District No. 8, operating the Fannin Mine, Mine Index No. 1041, located in Carter County, Kentucky.

2. *It is hereby further found,* That the defendant wilfully violated the provisions of the Act, the Code, and the effective minimum prices established thereunder during the period commencing March 27, 1941, and ending April 7, 1941, by selling, offering for sale, and delivering to Ray Rife, approximately 10.275 net tons of high volatile run of mine coal, and approximately 10.75 net tons of high volatile 2" lump coal, produced by the defendant at his Fannin Mine, Mine Index No. 1041, located in Carter County, Kentucky, in District No. 8, at $1.70 per net ton and $2.10 per net ton, respectively, f. o. b. said mine, whereas this coal is classified as Size Groups 6 and 2 respectively, and is priced at $2.00 per net ton and $2.45 per net ton, respectively, f. o. b. the mine, in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

3. *It is hereby further found,* That the amount of tax imposed by sections 5 (b) and (c) of the Act and required to be paid by the defendant as a condition to his reinstatement in the Code on the tonnage referred to in paragraph two (2) hereof, is $18.29 which amount is 39 per cent of the effective minimum price of $46.89 for said coal wilfully sold by the defendant to Ray Rife during the period commencing March 27, 1941 and ending April 7, 1941, in violation of the Code and the corresponding provisions of the Act and effective minimum prices as aforesaid.

Now, therefore, based upon the above findings and upon the agreements of the defendant consenting to the entry of an order herein cancelling and revoking his membership in the Code by reason of said violations, and also based upon the agreement of the defendant that he will immediately pay to the United States Government the amount of the tax, namely $18.29 herein found to be the amount required to be paid by the defendant pursuant to section 5 (c) of the Act as a condition to its reinstatement to membership in the Code,

It is ordered, That the membership of the above-named defendant in the Code be, and the same is, hereby cancelled and revoked.

It is further ordered, That said cancellation and revocation of the defendant's code membership shall become effective ten (10) days after date of service of this order upon the defendant.

It is further ordered, That in the event that the defendant shall fail within ten (10) days after service of this Order upon the defendant, to pay to the United States Government the sum of $18.29 herein found to be the amount of the tax imposed by section 5 (b) and (c) of the Act and required to be paid by the defendant as a condition to his reinstatement to membership in the Code, this matter may be reopened and such action taken and orders entered herein as to the Division may seem just and proper under the circumstances, and jurisdiction of this matter is hereby expressly reserved for such purposes.

Dated: December 1, 1941.

IN THE MATTER OF NATIONAL COAL COMPANY, INC., DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint dated May 10, 1941, having been filed herein by the Bituminous Coal Producers Board for District No. 12, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), alleging wilful violation by the National Coal Company, Inc., Oskaloosa, Iowa, of the Bituminous Coal Code and rules and regulations thereunder; and

The Director having made Findings of Fact, Conclusions of Law and Opinion and entered on Order based thereon revoking the code membership of the National Coal Company, Inc., dated November 17, 1941, respectively, after a hearing held in the above-entitled matter on September 8, 1941, at Oskaloosa, Iowa, pursuant to an Order of the Director, dated August 5, 1941; and

Said National Coal Company, Inc., having filed with the Division, as provided in section 5 (c) of the Act, its application, dated November 26, 1941, for reinstatement of code membership to become effective from and after the payment of the tax provided in said Order of November 17, 1941; and

It appearing from said application that the National Coal Company, Inc., on November 25, 1941, paid to the Collector of Internal Revenue at Des Moines, Iowa, the sum of four thousand three hundred ninety-three dollars and thirty-nine cents ($4,393.39), as provided in said Order of November 17, 1941, as a condition precedent to reinstatement of its code membership.

It is, therefore, ordered, That said application of National Coal Company, Inc., dated November 26, 1941, for reinstatement of its code membership be granted and that the code membership of National Coal Company, Inc., be and it hereby is restored as of November 25, 1941.

[P. & S. Docket No. 1433]

IN RE THE BELT RAILROAD AND STOCK YARDS COMPANY, RESPONDENT

ORDER OF INQUIRY AND NOTICE OF HEARING

This proceeding is instituted pursuant to the provisions of Title III of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. and Sup. V, §§ 181-231), and the following allegations are made:

1. The respondent is engaged in the business of conducting and operating a stockyard at Indianapolis, in the State of Indiana, which stockyard has been ascertained by the Secretary of Agriculture to be a "stockyard" within the definition thereof as used in the act, and which has been posted by the Secretary of Agriculture under the act.

2. In accordance with the requirements of the act, the respondent has heretofore filed and put into effect schedules of rates and charges for its services.

3. Upon information in the possession of the Department of Agriculture, there is reason to believe that the schedules now in effect contain rates and charges which are unreasonable and otherwise unlawful.

It is concluded that a proceeding should be instituted under the provisions of title III of the act for the purpose of determining the reasonableness and lawfulness of all rates and charges of the respondent and of any rule, regulation, or practice affecting said charges, and whether any stockyard service is rendered by the respondent without making a lawful charge therefor.

Therefore, by direction of the Secretary of Agriculture, It is ordered, That a hearing covering the matters and things alleged herein shall be held before an examiner, at a time and place of which the respondent shall have at least ten days' notice. At such hearing, the respondent, and all other interested persons, shall have a right to appear and present such evidence with respect to the matters and things alleged as may be relevant and material.

It is further ordered, That any and all interested persons, who may wish to appear and present evidence relevant to the issues in this proceeding, shall give notice thereof by filing a statement to that effect with the Hearing Clerk, Office of the Solicitor, Department of Agriculture, Washington, D. C., within twenty days from the date of the publication of this order.

It is further ordered, That a copy hereof shall be served upon the respondent by registered mail.

It is further ordered, That this order shall be published in the FEDERAL REGISTER.

DETERMINATION PURSUANT TO SECTION 608c (9) AND (17), TITLE 7, U.S.C., WITH RESPECT TO THE ISSUANCE OF AMENDMENT NO. 1 TO ORDER NO. 20, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE LA PORTE COUNTY, INDIANA, MARKETING AREA [1]

Grover B. Hill, Acting Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, issued, effective September 1, 1941, Order No. 20, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area.

Paul H. Appleby, Acting Secretary of Agriculture, tentatively approved, on July 23, 1941, a marketing agreement, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area would tend to effectuate the declared policy of said act, notice was given, on September 4, 1941, of a public hearing which was held in La Porte, Indiana, on September 16, 1941, on certain proposals to amend such marketing agreement, as amended, and such order, as amended, and at such time and place all interested parties were afforded an opportunity to be heard on the proposals to amend such marketing agreement, as amended, and such order, as amended.

After such hearing and after the tentative approval on October 31, 1941, of amendments to the marketing agreement, as amended, regulating the handling of milk in the La Porte County, Indiana, marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the La Porte County, Indiana, marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

It is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, that:

1. The refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. The issuance of Amendment No. 1 to Order No. 20, as amended, is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the La Porte County, Indiana, marketing area; and

3. The issuance of Amendment No. 1 to Order No. 20, as amended, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of July 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

Done at Washington, D. C., this 27th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

DETERMINATION PURSUANT TO SECTION 608c (9) AND (17), TITLE 7, U.S.C., WITH RESPECT TO THE ISSUANCE OF AMENDMENT NO. 1 TO ORDER NO. 32, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE FORT WAYNE, INDIANA, MARKETING AREA [1]

Claude R. Wickard, Secretary of Agriculture of the United States of America, pursuant to the powers conferred upon the Secretary by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, issued, effective August 8, 1941, Order No. 32, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area.

Paul H. Appleby, Acting Secretary of Agriculture, tentatively approved, on July 14, 1941, a marketing agreement, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area.

There being reason to believe that the execution of amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area would tend to effectuate the declared policy of said act, notice was given, on August 26, 1941, of a public hearing which was held in Fort Wayne, Indiana, on September 15, 1941, on certain proposals to amend such marketing agreement, as amended, and such order, as amended, and at such time and place all interested parties were afforded an opportunity to be heard on the proposals to amend such marketing agreement, as amended, and such order, as amended.

After such hearing and after the tentative approval on October 28, 1941, of amendments to the marketing agreement, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area, handlers of more than fifty (50) percent of the volume of milk covered by this order, as amended, which is marketed within the Fort Wayne, Indiana, marketing area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk.

It is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, that:

1. The refusal or failure of said handlers to sign said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act;

2. The issuance of Amendment No. 1 to Order No. 32, as amended, is the only practical means pursuant to such policy of advancing the interests of the producers of milk which is produced for sale in the Fort Wayne, Indiana, marketing area; and

3. The issuance of Amendment No. 1 to Order No. 32, as amended, is approved or favored by over two-thirds of the producers who participated in a referendum conducted by the Secretary and who, during the month of July 1941, said month having been determined by the Secretary to be a representative period, were engaged in the production of milk for sale in said area.

DETERMINATION, APPROVED BY THE PRESIDENT OF THE UNITED STATES, WITH RESPECT TO THE ISSUANCE OF AN ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE FALL RIVER, MASSACHUSETTS, MARKETING AREA [1]

The Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary"), acting pursuant to Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (hereinafter referred to as the "act"), issued, effective June 1, 1940, an order regulating the handling of milk in the Fall River, Massachusetts, marketing area.

The Secretary tentatively approved, on April 25, 1940, a marketing agreement regulating the handling of milk in the Fall River, Massachusetts, marketing area.

The Secretary, having reason to believe that the execution of an amendment to said order would tend to effectuate the declared policy of the act, with respect to the handling of milk in the Fall River, Massachusetts, marketing area, conducted a public hearing in Westport, Massachusetts, on October 28, 1940, pursuant to notice duly given to all interested parties, on said proposed amendments to the tentatively approved marketing agreement and the said order; and at the aforesaid hearing all interested parties in attendance were afforded due opportunity to be heard concerning said proposed amendments. The aforesaid hearing, held in Westport, Massachusetts, on October 28, 1940, was reopened, pursuant to notice duly given, and said reopened hearing was held in Westport, Massachusetts, on May 19, 1941, and September 3, 1941; and at the reopened hearings on May 19, 1941, and September 3, 1941, respectively, all interested parties in attendance were afforded due opportunity to be heard concerning the aforesaid proposed amendments.

The marketing agreement, as amended, drafted pursuant to the aforesaid hearings on October 28, 1940, May 19, 1941, and September 3, 1941, was tentatively approved by the Secretary on October 16, 1941. Subsequent to the tentative approval of the marketing agreement, as amended, handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the commodity covered by the proposed order, as amended) of more than 50 percent of the volume of milk covered by the proposed order, as amended, refused or failed to sign such tentatively approved marketing agreement, as amended.

[1] See Title 7, Agriculture, Chapter IX, Surplus Marketing Administration, *supra*.

Now, therefore, pursuant to the provisions of the act, it is hereby determined that:

(1) The refusal or failure of the said handlers to sign the aforesaid tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy of the act with respect to the commodity covered by the proposed order, as amended;

(2) The issuance of the proposed order, as amended, which regulates the handling of milk in the same manner as the tentatively approved marketing agreement, as amended, and is applicable only to persons in the respective classes of industrial or commercial activity specified in the said tentatively approved marketing agreement, as amended, is the only practical means, pursuant to the act, of advancing the interests of the producers of milk which is produced for sale in the Fall River, Massachusetts, marketing area; and

(3) The issuance of the proposed order, as amended, is approved or favored by over two-thirds of the producers who participated in the referendum conducted by the Secretary, and who, during the month of June 1941 (the said month having been determined by the Secretary to be a representative period), were engaged in the production of milk for sale in the Fall River, Massachusetts, marketing area.

Issued at Washington, D. C., on this 25th day of November 1941. Witness my hand and the seal of the Department of Agriculture.

IN THE MATTER OF ASSOCIATED ELECTRIC COMPANY AND CENTRAL U. S. UTILITIES COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 2nd day of December, A. D. 1941.

Notice is hereby given that an application and declarations have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Associated Electric Company, a registered holding company, and by Central U. S. Utilities Company, also a registered holding company and direct subsidiary of Associated Electric Company;

Notice is further given that any interested person may, not later than December 19, 1941 at 4:45 P. M. E. S. T. request the Commission in writing that a hearing be held on this matter stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such application and declarations as filed or as amended may be granted and may become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (c) and Rule 100 thereof. Any such request should be addressed: Secretary of the Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said application and declarations which are on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Associated Electric Company, a Delaware corporation, a registered holding company, and a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, proposes to acquire by merger all of the assets of Central U. S. Utilities Company, also a registered holding company and direct subsidiary of Associated Electric Company. In consideration for these assets of Central U. S. Utilities Company, which consist primarily of common stocks of operating public utilities (there being twenty-seven such companies involved, the securities of which, including $14,684,569 carrying value of bonds and notes, aggregate $77,312,955 carrying value) and $34,054,-182 accounts receivable, Associated Electric Company proposes to surrender to Central U. S. Utilities Company for cancellation all of the outstanding common stock of Central U. S. Utilities Company, which is presently owned by Associated Electric Company, and further, Associated Electric Company proposes to assume the present public securities of Central U. S. Utilities Company which as at September 30, 1941 amounted to $350,000 in the form of a nine-months' promissory note payable December 1, 1941 and bearing interest at the rate of 2½%.

The filings contain a request that the Commission take whatever action thereon is necessary by December 29, 1941 in order to allow Associated Electric Company to file a certificate of ownership of all assets of Central U. S. Utilities Company with the Secretary of State of the State of Delaware not later than December 31, 1941.

The applicant-declarants have designated sections 9 (a) (1), 10, 12 (d) and Rules U-42 and U-43 as applicable to the proposed transactions.

IN THE MATTER OF NORTHERN STATES POWER COMPANY. (MINNESOTA) AND MIDLAND PUBLIC SERVICE COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 29th day of November, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named parties; and

Notice is further given that any interested person may, not later than December 11, 1941, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or any request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Midland Public Service Company and Northern States Power Company (Wisconsin) are both public utility subsidiary companies of Northern States Power Company (Minnesota), a registered holding public-utility company. Midland Public Service Company which is wholly owned proposes to sell all of the properties, real, personal, and mixed, of every kind and description, owned or held for use by it to Northern States Power Company (Wisconsin) for a consideration of $205,244.98 of which $198,365 will be in cash.

As and when the disposition of the Midland Public Service Company's property has been consummated, Northern States Power Company (Minnesota) proposes to surrender to Midland Public Service Company for cancellation all of the issued and outstanding capital stock of Midland Public Service Company, and to cancel the open account indebtedness owing by Midland Public Service Company to Northern States Power Company (Minnesota) for all of the cash and other net assets, if any, of Midland Public Service Company which, thereupon, will be dissolved forthwith in accordance with the laws of the state of Wisconsin.

The joint application states that no underwriters' fees or commissions will be paid, and that it is estimated that the expenses in connection with this application will not exceed the sum of $500

as to Midland Public Service Company and $500 as to Northern States Power Company (Minnesota).

IN THE MATTERS OF COLUMBIA GAS & ELECTRIC CORPORATION AND COLUMBIA OIL & GASOLINE CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE IN PART AND RESERVING JURISDICTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 1st day of December, A. D. 1941.

The above-named parties having filed their several declarations pursuant to the Public Utility Holding Company Act of 1935, particularly sections 9, 10, 12 (c) and 12 (f) and Rules U-42 and U-43, regarding the following transactions:

Columbia Gas & Electric Corporation, a registered holding company and subsidiary of The United Corporation, also a registered holding company, proposes to dispose of, and Columbia Oil & Gasoline Corporation, a subsidiary of Columbia Gas & Electric Corporation, proposes to acquire $300,000 face amount of the subsidiary's debentures held by the parent, for $312,000 in cash plus accrued interest, such amount being the redemption price specified in the indenture securing such debentures; the debentures so acquired to be tendered to the Trustee under the indenture in lieu of the semi-annual cash sinking fund required under the provisions of said indenture.

Notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declarations within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The above-named parties having stated in their declarations that there may be problems in connection with the payment of the $12,000 premium in addition to the face amount of $300,000 for the said debentures which would be time-consuming and which are present in another pending proceeding (File No. 59-33) concerning the payment of a more substantial principal amount of debentures than is here involved; and having, therefore, suggested that an order be entered permitting the sale by Columbia Gas & Electric Corporation to Columbia Oil & Gasoline Corporation of $300,000 principal amount of debentures for immediate payment of $300,000 plus accrued interest in cash, the Commission reserving jurisdiction over the payment of the additional amount of $12,000 for consideration and determination at a later date; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit such declarations to become effective to the extent suggested by the parties and that the date thereof should be advanced;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declarations be and hereby are permitted to become effective to the extent that they contemplate the sale by Columbia Gas & Electric Corporation and the corresponding purchase by Columbia Oil & Gasoline Corporation of $300,000 face amount of the latter's debentures for $300,000 in cash plus accrued interest; jurisdiction being hereby expressly reserved to pass upon the problems with respect to the payment of the $12,000 premium payable by Columbia Oil & Gasoline Corporation to Columbia Gas & Electric Corporation under the terms of the indenture securing the said debentures, either on motion of the Commission or at the request of Columbia Gas & Electric Corporation.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

IN THE MATTER OF UNION ELECTRIC COMPANY OF MISSOURI AND UNION ELECTRIC COMPANY OF ILLINOIS

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its offices in the City of Washington, D. C., on the 1st day of December, A. D. 1941.

Union Electric Company of Missouri, a registered holding company, and Union Electric Company of Illinois, its subsidiary, having filed a joint application and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 10 and Rule U-44 promulgated thereunder regarding: The proposal of Union Electric Company of Missouri (a) to acquire for cash from time to time during the period ending June 30, 1942, 150,000 shares of additional common stock having an aggregate par value of $3,000,000 of its subsidiary, Union Electric Company of Illinois; and (b) to pledge under its First Mortgage and Deed of Trust the 150,000 shares of the common stock of its said subsidiary, so to be acquired by it; and the proposal of Union Electric Company of Illinois to issue and sell to Union Electric Company of Missouri for cash from time to time during the period ending June 30, 1942, 150,000 shares of its common stock having an aggregate par value of $3,000,000 and to use the proceeds therefrom to finance its construction program.

Said application having been filed on November 7, 1941, and an amendment having been filed on December 1, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act; and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named applicants having requested that said application as amended be granted on or before December 1, 1941; and

The Commission finding with respect to the said application under section 6 (b) of said Act that the requirements of section 6 (b) have been satisfied, and with respect to said application under section 10 of said Act that no adverse findings are necessary under section 10 (b) and 10 (c) (1), and that the transaction has the tendency required by section 10 (c) (2) of said Act; that the date of its order with respect to said application, as amended, should be advanced;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid application, as amended, be, and the same is, hereby granted.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

IN THE MATTER OF ASSOCIATED ELECTRIC COMPANY

ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 1st day of December, A. D. 1941.

The Commission having heretofore issued its Notice of and Order for Hearing pursuant to section 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-12C-2 promulgated thereunder, which order directed Associated Electric Company to show cause why this Commission should not enter its order, preventing the declaration of dividends on the capital stock of such company; public hearings having been held thereon at which the Commission and Respondent were represented by counsel; no representative of Federal, State or municipal

governments or political subdivision thereof or any individual having requested to be heard or otherwise participate in the proceedings;

Upon the completion of the Commission's case the respondent having requested and received a postponement during which to examine the evidence and related matters and prepare cross-examination; it now being represented that such an examination will be impossible of completion for a considerable period of time; counsel for respondent having executed a certain Consent of Respondent to Order, dated November 24, 1941, on behalf of respondent, which has been placed in the record in these proceedings, and which consents to the entry by the Commission of an order as hereinafter provided, subject to the provision that said Consent does not constitute a waiver, default, or admission of allegations heretofore made in these proceedings, or a waiver of any constitutional or legal rights of said respondent, as more fully provided in said Consent;

It appears to the Commission that the entry of an order containing the provisions hereinafter set forth is appropriate to protect the financial integrity of Associated Electric Company, and is otherwise in accordance with the provisions of the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof;

It is therefore ordered, That Associated Electric Company shall not declare or pay any dividends upon its capital stock unless the consent and approval of the Commission is first obtained;

It is further ordered, That the issuance of this order shall be without prejudice to the right of Associated Electric Company to request at any future time a modification or a vacation of this order, and shall be without prejudice to the institution by the Commission at any time of any further proceedings pursuant to the Public Utility Holding Company Act of 1935.

By the Commission.

IN THE MATTER OF PHILADELPHIA ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 2d day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party or parties; and

Notice is further given that any interested person may, not later than December 10, 1941 at 4:30 P. M., E. S. T., or 1:00 P. M., E. S. T., if such date be a Saturday, request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Philadelphia Electric Company, a Pennsylvania corporation and a subsidiary of The United Gas Improvement Company, a registered holding company, proposes to issue, as of February 1, 1942, not exceeding 280,058 shares of preferred stock (cumulative, par value $100 per share) the dividend rate to be supplied by amendment. It is proposed to offer said preferred stock in exchange, share for share, to the holders of the presently outstanding 280,058 shares of $5 Dividend Cumulative Preferred stock without par value. It is further proposed to redeem, on February 1, 1942, such shares of said outstanding $5 Dividend Preferred Stock as are not exchanged pursuant to said exchange offer, at the redemption price of $100 per share. It is stated that funds for such redemption will be provided from the treasury of the company, or from bank loans. The offer of exchange will be conditioned upon requisite stockholders' action authorizing the new preferred stock, at a special meeting to be held on January 31, 1942, and necessary approvals of regulatory bodies being in effect.

The period from December 18, 1941 to December 30, 1941 is proposed to be provided for exchanges. The plan of exchange provides for Interim Receipts to be issued to Stockholders who accept the exchange offer, said Interim Receipts to be exchangeable on or as soon after February 2, 1942 as new preferred stock certificates are ready for delivery. It is stated that the Interim Receipts will provide that if the new preferred stock is not authorized the holders of the Interim Receipts shall be entitled to $110 per share, represented thereby, plus an amount in lieu of dividends from November 1, 1941.

Incidental to the issue of the new preferred stock, there will be certain changes in voting and other rights of the common stockholders.

In connection with said application or declaration, Philadelphia Electric Company has applied for exemption of the proposed transactions from the Commission's competitive bidding rule.

The application or declaration designates sections 6 (b) and 12 (c) of the Act and Rule U-42 thereunder as applicable to the proposed transaction.

By the Commission.

IN THE MATTER OF SOUTHWESTERN DEVELOPMENT COMPANY

SUPPLEMENTAL NOTICE REGARDING FILING OF AMENDMENT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 1st day of December, A. D. 1941.

Notice is hereby given that an amendment to a pending application or declaration (or both) has been filed with the Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than December 6, 1941, at 4:30 P. M., E. S. T., or 1:00 P. M., E. S. T., if such date be a Saturday, request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Southwestern Development Company, a registered holding company and subsidiary of The Mission Oil Company, also a registered holding company, by an

amendment to its pending application (notification of filing of which was given on the 16th day of July, 1941, Holding Company Act Release No. 2888), now proposes, among other things: to have extended the maturity date of $5,721,000 principal amount of First Mortgage Bonds and $857,000 principal amount of 6% Debentures of Natural Gas Pipeline Company of America, pledged to secure applicant's indebtedness under a Loan Agreement with Guaranty Trust Company of New York; in event of default under indenture as supplemented to permit subordination of existing bonds to a new Series B First Mortgage Bonds in the amount of $17,500,000, to be issued by Natural Gas Pipeline Company of America under a supplemental indenture; to reduce Southwestern Development Company's indebtedness to Guaranty Trust Company by $856,000, which represents the proceeds to be received from the retirement by Natural Gas Pipeline Company of America of $6,000,000 of its presently outstanding indebtedness, all of which is owned by applicant and five other corporations.

Applicant has designated Sections 7 and 10 of the Act as applicable to the proposed transactions.

By the Commission.

FEDERAL REGISTER

VOLUME 6 NUMBER 235

Washington, Thursday, December 4, 1941

The President

EXECUTIVE ORDER

EXTENDING THE CLASSIFICATION ACT OF 1923, AS AMENDED, TO CERTAIN POSITIONS IN THE WAR DEPARTMENT AND IN THE NAVY DEPARTMENT AND ESTABLISHING A SALARY DIFFERENTIAL THEREFOR

WHEREAS upon consideration of reports and recommendations of the Civil Service Commission, I find and declare (1) that an extension of the provisions of the Classification Act of 1923, as amended, to the hereinafter-described positions in the War and Navy Departments, outside the States of the United States and the District of Columbia, is necessary to the more efficient operation of the Government, and (2) that the rates of the compensation schedules of the Classification Act of 1923, as amended, are inadequate to permit effective and immediate recruiting of qualified citizens for such positions, which is necessary in the interests of the national-defense program:

NOW, THEREFORE, by virtue of the authority vested in me by sections 3 (a) and 3 (c), Title II of the act of November 26, 1940, 54 Stat. 1212, it is ordered as follows:

1. The provisions of the Classification Act of 1923, as amended, are hereby extended to positions in the War Department and in the Navy Department for which citizens of the United States are recruited, which are made necessary by national-defense projects, which fall into classes of employment to which the Classification Act of 1923, as amended, is applicable, and which are located in the following-named geographic areas:

Alaska	Jamaica
British Guiana	Bermuda
Trinidad	The Bahamas
Antigua	Newfoundland
St. Lucia	

2. A salary differential is hereby established for the aforesaid positions as follows: To the rates of pay applicable to such positions as specified in the Classification Act of 1923, as amended, there shall be added twenty-five *per centum* of the minimum rate of the grade to which each such position is allocated. The differential herein authorized shall not apply after June 30, 1943.

3. This order supersedes Executive Order No. 8657 of February 3, 1941,[1] entitled "Extending the Classification Act of 1923, as amended, to Certain Positions in the Navy Department and Establishing a Salary Differential Therefor".

[Docket No. A-1101]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

NOTICES

Department of the Interior:
Bituminous Coal Division:
Carr Coal Co., petition dismissed 6250
District Board 7, relief granted 6248

(Continued on next page)

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 321.7 *(Alphabetical list of code members)* is amended by adding thereto Supplement R, and by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein as to the coals of the Helmick Mine, Mine Index No. 927, and the Johnson No. 1 Mine, Mine Index No. 932, for all shipments except truck, and for the mixing of the coals of Beaver No. 1 Mine, Mine Index No. 666, Beaver No. 2 Mine, Mine Index No. 3170, Beaver No. 3 Mine, Mine Index No. 3171, and for the mixing of the coals of Milliron Mine, Mine Index No. 655, and Milliron No. 2 Mine, Mine Index No. 3176, for all shipments except truck, as these mines are affected by unique considerations set forth in an Order designating that portion of Docket No. A–1101 which relates to them as Docket No. A–1101 Part II and granting temporary relief.

No relief is granted herein as to the coals of the Watts Mine, Mine Index No. 1304, as it appears that minimum prices were established for the coals of this mine under the name of Susie No. 3 Mine, Mine Index No. 1304, in Price Schedule No. 1 for District No. 1, For Truck Shipments by an Order in Docket No. A–451, For All Shipments Except Truck, and by an Order in Docket No. A–516, For All Shipments Except Truck and For Truck Shipments.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Director shall otherwise order.

Dated: November 12, 1941.
